Rama Steel Tubes Limited a step ahead with Strategic Collaboration with Onix Renewable Ltd. for Green and Renewable Energy

New Delhi: 4th September, 2024, Rama Steel Tubes Limited (RSTL) is pleased to announce a strategic collaboration with Onix Renewable Ltd. This partnership will focus on leveraging the expertise of RAMA Steel Tubes Ltd to provide steel structures along with single-axis trackers, and will also focus on dual-axis trackers to be expanded in the future essential for solar projects undertaken by Onix Renewable Ltd.

RSTL has expanded its expertise and developed specialised steel structures and tracker tubes which will serve as the backbone for Greenfield Solar Projects. We are proud to announce our entry into the Green Energy segment and are determined to deliver products that ensure the highest standards of reliability, durability, and performance, which are critical to the long-term success of solar greenfield projects.

Mr. Richi Bansal, WTD & CEO looked forward to contributing to the enhanced structural integrity and performance of your projects. The positive impact on our EBITA and the establishment of RSTL's position in the renewable energy sector further highlight the benefits of this collaboration.

The reliability and lifespan of these solar projects are heavily dependent on the quality and durability of the steel structures which play a critical role in ensuring the long-term success and efficiency of such projects.

The prospects of this Strategic Collaboration with Onix Renewable Ltd to deliver top-quality solar energy solutions. Together, we will pave the way for a brighter and more sustainable future.
