- 2. This Statement, which is the responsibility of the Company's Management and approved by the Company's Board of Directors, has been prepared in accordance with the recognition and measurement principles laid down in the Indian Accounting Standards 34 "Interim Financial Reporting" ("IndAS 34"), prescribed under section 133 of the Companies Act, 2013 (the 1 Act') read with relevant rules issued thereunder and other accounting principles generally accepted in India. We conducted our review of the Statement in accordance with the Standard on Review Engagements (SRE) 2410, "Review of Interim Financial Information performed by the Independent Auditor of the Entity" issued by the Institute of Chartered Accountants of India (ICAI). 5. We draw attention to the following matters forming part of the notes to the Statement:

### i. Note No. 5 - Property, Plant and Equipment:

In respect of immovable properties other than land, i.e. building and other structures situated at its Trombay and Thal units, the Company has self-constructed properties on the land owned by the Company, evidenced by partial property cards/title deeds of land.

### ii. Note No. 6 - Gas pooling applicable to Fertilizer (Urea) sector:

The Company has continued to recognize a receivable (Rs NIL for the quarter ended December 2024) and Rs. 80.57 crore cumulatively untill December 2024, has been shown as receivable from the Department of Fertilizers on account of pooled price differential raised by GAIL India Limited on account of substitution of EPMC and Spot gas used for Urea operations with cheaper market priced gas.

Further, Company has disputed the demand of Rs 52.78 crore raised by GAIL towards pool price differential as against receivable of Rs 70.85 crore for FY 22-23 which has been arrived at on account of non-recognition of EPMC gas/Spot gas in Urea by FICC by substituting with cheaper RLNG gas sourced for non-urea operations. The overall impact of the same works out to about Rs 123.63 crore. Based on Company's representation DoF has directed GAIL to keep the demand under abeyance and the said matter is under examination by DoF.

### iii. Note No.4 - Price adversity on Imported Phosphatic and Potassic (P&K) fertilizers:

Directives have been given to Fertilizer CPSE's by Department of Fertilizers (DOF) vide letter No F.21-01/2023-FM dated 21<sup>st</sup> September, 2023 and to the Company vide letter No. F.21-01/2023-FM dated 8<sup>th</sup> February, 2024 to ensure availability of Phosphatic and Potassic (P&K) fertilizers in Rabi 2023-24 and undertake such procurement on priority with the assurance that the price adversity if any on such procurements beyond applicable NBS Subsidy rates will be addressed by DOF to protect at No profit No loss basis. Further, DOF vide File Number 21-01/2023-FM-Part(1) dated 29<sup>th</sup> May 2024 have also allowed consideration of price adversity beyond applicable NBS rates to ensure No Profit No Loss for unsold inventory and sales yet to be acknowledged in POS by farmers as on 30<sup>th</sup> September, 2023.The Company has submitted its claim in respect of the above which is under process by DoF for actual sales effected.Accordingly during the nine months ended the Company has recognized such differential based on its estimates amounting to Rs 175.24 crore (NIL for the current quarter) towards the same.

Further, additional imports of DAP were also undertaken as per the directives of DOF with assurance vide letter no.21-01/2023-FM dated 12<sup>th</sup> June 2024 and letter no.21-2/2022-FM(PT) dated 20<sup>th</sup> August 2024 that the relevant issues will be suitably addressed. Subsequently, DoF vide letter no.23011/124/2024-P& K dated 23<sup>rd</sup> September 2024 announced an additional one-time package of Rs 3500 PMT on DAP over and above the subsidy under NBS scheme for the period 1<sup>st</sup> April 2024 to 31<sup>st</sup> December 2024.Further, DoF vide letter no.23011/127/2024-P& K dated 1<sup>st</sup> October 2024 also notified that advantage/disadvantage on upward/downward trend in the CFR prices of shipments of

Page 2 of 3

DAP and other P & K fertilizers which arrive w.e.f 1<sup>st</sup> September 2024 to 31<sup>st</sup> March 2025 will be addressed vis-a-vis the benchmark rates considered under NBS.Accordingly during the nine months ended the Company has recognized such differential (i.e over and above the benchmark price) based on its estimates amounting to Rs 116.77 crore (Rs 116.77 crore for the current quarter) on DAP imports undertaken during 1<sup>st</sup> September 2024 to 31<sup>st</sup> December 2024.

Our opinion is not modified in respect of these matter.

5 Property Plant and Equipment: - Title deeds of Immovable properties

In respect of immovable properties other than land, i.e. building and other structures situated at its Trombay and Thal units Company has self-constructed properties on the land owned by the Company as evidenced by property cards/title deeds of land.

Company had come into existence in 1978 as a result of Government of India reorganising Fertilizer Corporation of India Ltd. and National Fertilizers Ltd. Consequent to the same, major portion of immovable assets at its Trombay unit became vested with the Company. In case of Thal unit, such properties on the Company's land were erected over the years following land acquisition effected around 1978. Thus records pertaining to self-constructed properties are not readily available since they date back to more than 40 years.

Based on legal opinion obtained from legal and regulatory experts on land matters and also has other documentary evidence in that regard, Company is of the view that it has clear title to the same. Company has also initiated the process of obtaining appropriate evidence of the approvals/permissions taken for construction of the self-constructed properties from the respective regulatory authorities.

6 The matter relating to differential claimed by GAIL on account of non-recognition of EPMC gas for the period 2021-22 in the gas pool account and the Spot gas sourced as per DOF directives during 2022-23 and the substitution of the same with cheaper market price gas specifically contracted by the Company for non-urea operations has been represented to DOF and is yet to be settled.

The Company is of the view that EPMC gas / Spot gas is specifically meant for urea operations and thus needs to be subsumed in arriving at the final pool price and the same should be considered in the subsidy of urea, since the cost of gas is a pass through.

As the non-recognition of such EPMC Gas / Spot gas sourced as per DoF's directives for Urea Operations is not in accordance with the principles of gas pooling mechanism, the Company has continued to recognize such differential i.e. (EPMC / Spot gas price – Cheaper market gas price) amounting to ₹ 80.57 crore cumulatively till December 2024 (NIL for the guarter and nine months ended December 2024) which has been shown as receivable from DoF.

- Further, Company has disputed the demand of ₹ 52.78 crore raised by GAIL towards pool price differential as against receivable of ₹ 70.85 crore for FY 22-23 which has been arrived at on account of non-recognition of EPMC gas/Spot gas in Urea by FICC by substituting with cheaper RLNG gas sourced for non-urea operations. The overall impact of the same works out to about ₹ 123.63 crore. Based on Company's representation DoF has directed GAIL to keep the demand under abeyance and the said matter is under examination by DoF.
- 7 Company has commenced the commercial production of the New AN Melt Plant with capacity of 425 MTPD and Nano Urea Plant with capacity of 75 KL per day at its Trombay Unit w.e.f 04th February 2025.

### ii. Note No. 7 - Gas pooling applicable to Fertilizer (Urea) sector:

The Company has continued to recognize a receivable (Rs NIL for the quarter ended December 2024) and Rs. 80.57 crore cumulatively untill December 2024, has been shown as receivable from the Department of Fertilizers on account of pooled price differential raised by GAIL India Limited on account of substitution of EPMC and Spot gas used for Urea operations with cheaper market priced gas.

Further, Company has disputed the demand of Rs 52.78 crore raised by GAIL towards pool price differential as against receivable of Rs 70.85 crore for FY 22-23 which has been arrived at on account of non-recognition of EPMC gas/Spot gas in Urea by FICC by substituting with cheaper RLNG gas sourced for non-urea operations. The overall impact of the same works out to about Rs 123.63 crore. Based on Company's representation DoF has directed GAIL to keep the demand under abeyance and the said matter is under examination by DoF.

### iii. Note No. 5- Price adversity on Imported Phosphatic and Potassic (P&K) fertilizers:

Further, DOF vide File Number 21-01/2023-FM-Part(1) dated 29<sup>th</sup> May 2024 have also allowed consideration of price adversity beyond applicable NBS rates to ensure No Profit No Loss for unsold inventory and sales yet to be acknowledged in POS by farmers as on 30<sup>th</sup> September, 2023.The Company has submitted its claim in respect of the above which is under process by DoF for actual sales effected.Accordingly during the nine months ended the Company has recognized such differential based on its estimates amounting to Rs 175.24 crore (NIL for the current quarter) towards the same.

Further, additional imports of DAP were also undertaken as per the directives of DOF with assurance vide letter no.21-01/2023-FM dated 12th June 2024 and letter no.21-2/2022-FM(PT) dated 20<sup>th</sup> August 2024 that the relevant issues will be suitably addressed. Subsequently, DoF vide letter no.23011/124/2024-P& K dated 23<sup>rd</sup> September 2024 announced an additional one-time package of Rs 3500 PMT on DAP over and above the subsidy under NBS scheme for the period 1<sup>st</sup> April 2024 to 31<sup>st</sup> December 2024.Further, DoF vide letter no.23011/127/2024-P& K dated 1<sup>st</sup> October 2024 also notified that advantage/disadvantage on upward/downward trend in the CFR prices of shipments of DAP and other P & K fertilizers which arrive w.e.f 1<sup>st</sup> September 2024 to 31<sup>st</sup> March 2025 will be addressed vis-a-vis the benchmark rates considered under NBS. 5 Directives have been given to Fertilizer CPSE's by Department of Fertilizers (DOF) vide letter No F.21-01/2023-FM dated 21st September, 2023 and to the Company vide letter No. F.21-01/2023-FM dated 08th February, 2024 to ensure availability of Phosphatic and Potassic (P&K) fertilizers in Rabi 2023-24 and undertake such procurement on priority with the assurance that the price adversity if any on such procurements beyond applicable NBS Subsidy rates will be addressed by DOF to protect at No profit No loss basis.Further, DOF vide File Number 21-01/2023-FM-Part(1) dated 29th May 2024 have also allowed consideration of price adversity beyond applicable NBS rates to ensure No Profit No Loss for unsold inventory and sales yet to be acknowledged in POS by farmers as on 30th September, 2023.The Company has submitted its claim in respect of the above which is under process by DoF for actual sales effected.Accordingly during the nine months ended the Company has recognized such differential based on its estimates amounting to ₹ 175.24 crore ( ₹ NIL for the current quarter) towards the same.

6 Property Plant and Equipment: - Title deeds of Immovable properties

In respect of immovable properties other than land, i.e. building and other structures situated at its Trombay and Thal units Company has self-constructed properties on the land owned by the Company as evidenced by property cards/title deeds of land.

Company had come into existence in 1978 as a result of Government of India reorganising Fertilizer Corporation of India Ltd. and National Fertilizers Ltd. Consequent to the same, major portion of immovable assets at its Trombay unit became vested with the Company. In case of Thal unit, such properties on the Company's land were erected over the years following land acquisition effected around 1978. Thus records pertaining to self-constructed properties are not readily available since they date back to more than 40 years.

Based on legal opinion obtained from legal and regulatory experts on land matters and also has other documentary evidence in that regard, Company is of the view that it has clear title to the same. Company has also initiated the process of obtaining appropriate evidence of the approvals/permissions taken for construction of the self-constructed properties from the respective regulatory authorities.

7 The matter relating to differential claimed by GAIL on account of non-recognition of EPMC gas for the period 2021-22 in the gas pool account and the Spot gas sourced as per DOF directives during 2022-23 and the substitution of the same with cheaper market price gas specifically contracted by the Company for non-urea operations has been represented to DOF and is yet to be settled.

The Company is of the view that EPMC gas / Spot gas is specifically meant for urea operations and thus needs to be subsumed in arriving at the final pool price and the same should be considered in the subsidy of urea, since the cost of gas is a pass through.

As the non-recognition of such EPMC Gas / Spot gas sourced as per DoF's directives for Urea Operations is not in accordance with the principles of gas pooling mechanism, the Company has continued to recognize such differential i.e. (EPMC / Spot gas price – Cheaper market gas price) amounting to ₹ 80.57 crore cumulatively till December 2024 (NIL for the quarter and nine months ended December 2024) which has been shown as receivable from DoF.

Further, Company has disputed the demand of ₹ 52.78 crore raised by GAIL towards pool price differential as against receivable of ₹ 70.85 crore for FY 22-23 which has been arrived at on account of non-recognition of EPMC gas in Urea by FICC by substituting with cheaper RLNG gas sourced for non-urea operations. The overall impact of the same works out to about ₹ 123.63 crore. Based on Company's representation DoF has directed GAIL to keep the demand under abeyance and the said matter is under examination by DoF.

8 Company has commenced the commercial production of the New AN Melt Plant with capacity of 425 MTPD and Nano Urea Plant with capacity of 75 KL per day at its Trombay Unit w.e.f 04th February 2025.
