FINANCIAL EXPRESS

■ TARGET: NET-ZERO ENTITY BY 2050

Hindustan Zinc to invest \$1 billion in next 5 years

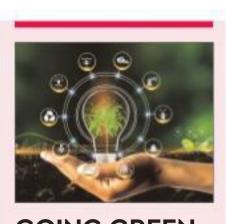

FE BUREAU New Delhi, July 15

HINDUSTAN ZINC WILL invest \$1 billion in next five years to make its mining operations environment-friendly.

As part of the plan, the company, with the aim of becoming a net-zero entity by 2050, has already initiated the process of converting all its mining equipment into battery-operated electric vehicles (EVs) in a phased manner.

HZL is a subsidiary of Vedanta Limited, which owns a 64.9% stake in the company, while the government holds a 29.5% stake. HZL currently holds around 80% share in India's primary zinc market.

In its latest annual report, HZL said it has recently signed an initial pact with global manufacturers like Normet and Epiroc to introduce batterypowered service equipment, front-line fleet and utility vehicles in underground mining.

GOING GREEN

■ Converting mining equipment into battery-operated EVs in a phased manner

■ Initial pacts with global manufacturers to introduce batterypowered equipment in underground mining

Moving in the direction to close its thermal power plants with the plan to switch completely from fossil fuel to green grid electricity in a phased manner, the company will be "enter-

ing into a long-term captive renewable power development plan with a capacity of 200 MW". HZL intends to reduce its dependence on thermal power by scaling up renewable energy to cover 50% of the energy need in next three years. It has 273.5 MW wind power generation capacity now. "We have initiated biomass utilisation in our captive power plants as substitute to coal and used 16,192 MT during the year (FY22)," it said.

Stating that the company is on track to jack up its mined metal production capacity to 1.5 million tonne per annum (mtpa) from 1.2 mtpa now, HZL is also looking at expanding its footprint in the production of zinc alloys and has set up a subsidiary Hindustan Zinc Alloys that will put up a 30,000 tonne per annum unit. "This will pave the way for production of valueadded zinc alloy products and enable us to deliver international quality in the domestic market,"it said.

Flier cap: Heathrow turbulence hitting London-bound flights

PRESS TRUST OF INDIA New Delhi, July 15

VIRGIN ATLANTIC CAN-**CELLED** its Delhi-London flight on Thursday and other carriers could also pull out India-London flights from their summer schedule following Heathrow airport's decision to limit the number of passengers to one lakh a day. The limits on passenger

numbers imposed by Heathrow airport to cope with a staff crunch are being imposed from July 12 to September 11. There are 102 direct flights a week between India and Heathrow airport — British Airways (41), Virgin Atlantic (21), Air India (33) and Vistara (seven). Heathrow airport in London is one of the busiest airports in the world.

"Due to mandatory flight capacity restrictions being implemented by Heathrow Airport on all airlines on Thursday 14 July, we've regrettably had to cancel one of our London Heathrow-New York (JFK) return services, operating as flight numbers VS45 and VS4

■ Air India likely to cancel or reschedule some of its India-Heathrow flights; Vistara says not affected yet

■ British Airways says it'll Delhi-London flight; other now need to take a small carriers could also pull out number of additional India-London flights flights out of its schedule

and our morning departure to Delhi, flight VS302," Virgin Atlantic said in a statement.

It added that it is contacting affected customers and will rebook them on an alternative flight on the same day wherever possible with the option to rebook on a later date or request a refund.

In a statement to *PTI*, British Airways said, "This is incredibly disappointing new, coming at a time when we've already taken responsible action to reduce our summer schedule to slim our programme further." As a result of Heathrow's request, the airline said it will now need to take a small number of additional flights out of its schedule and the carrier will be contacting customers to apologise, advise them of their customer rights and offer options, including rebooking or refund.

cancel or reschedule some of its India-Heathrow flights to adhere to the passenger number limits, according to the aviation industry source. Vistara operates a daily Delhi-Heathrow flight and it has not been affected as yet, said a senior executive of the airline. Air India and Vistara did not respond to PTI's request for a statement on the matter.

Engine snag: IndiGo Delhi-Vadodara flight diverted to Jaipur

FE BUREAU New Delhi, July 14

AN INDIGO FLIGHT en route to Vadodara from Delhi was diverted to Jaipur on Thursday as a precautionary measure following vibrations in engines. The Directorate General of Civil Aviation (DGCA) has started a probe into the incident.

DGCA officials said the pilots decided to divert the flight on observing vibrations in the engines for a second. The flight was being operated with an Airbus A 320 aircraft. "Indi Goflight 6E-859, operating between Delhi and Vadodara, was diverted to Jaipur on July 14, 2022. Air India is also expected to There was a caution message indicated to the pilot en route," the airline said in a statement.

> "As a precaution, the pilot diverted the aircraft to Jaipur for further checks. The passengers were accommodated on an alternate aircraft for their onward journey," it said. A large section of IndiGo's aircraft maintenance techni-

cians recently went on mass sick leave to protest low salaries. The airline had said it is in dia logue with its employees and is addressing some of the issues related to their remuneration.

The carrier hiked the salaries of its pilots by 8% earlier this month, in addition to an earlier 8% hike in April, and reinstated their overtime allowance to the pre-pandemic level. IndiGo, which operates nearly 1,600 domestic and international flights daily, had cut pilots salaries by 28% in 2020 following Covid-led restrictions.

On July 2, as many as 55% of IndiGo's domestic flights were delayed as a significant number of cabin crew members went on sick leave.
