Govt planning to extend UDAN scheme by 10 yrs

FE BUREAU
New Delhi, August 22

CIVIL AVIATION MINISTER K Ram-mohan Naidu said on Thursday that the government is considering a proposal to extend the regional connectivity scheme UDAN by 10 years. Speaking at an industry event here, he said, "The scheme was envisioned for 10 years. It is probably going to end in two more years, so we want to extend it for another 10 years."

K Ram-mohan Naidu

"We also want to bring in improvements wherever necessary... We are going to launch RCS 2.0. It is still under discussion, but we are strongly for

it," he said. At the same event, civil aviation secretary Vumlungmang Vualnam said UDAN "has been a path-breaking scheme that has provided connectivity to different corners of our country." "Over 500 routes have been taken up..." he said. According to the secretary, some of these have become thriving commercial routes now.

On Thursday, the ministry launched guidelines for seaplane operations under the UDAN scheme. The guidelines have been designed to not only integrate seaplane operations into India's aviation landscape for transportation but also create jobs and foster economic empowerment.

Focus on four sectors to double India-Africa trade

FE BUREAU
New Delhi, August 22

TRADE IN PHARMACEUTICALS, automobiles, agriculture and logistics will be key to doubling trade between India and Africa to \$200 billion in the next seven years, commerce secretary Sunil Barthwal said on Thursday.

Barthwal said that the African Continental Free Trade Area (AfCFTA) has identified these four sectors as priority areas which have the potential for collaboration between the two sides. The potential lies in the areas of investment, trade, technology and capacity building, the commerce secretary said at the CII India Africa Business Conclave here.

The AfCFTA is the world's largest free trade area bringing together 55 countries of the African Union and eight Regional Economic Communities to create a single market for the continent. The trade agreement became operational in 2021 but trade under it is yet to take off in a big way.

In agriculture, Barthwal said that both sides can increase trade and cooperation in areas like processed foods and seed technology.

He added that India's pharmaceuticals exports to Africa stood at \$3.8 billion in 2023 and opportunities are there to increase the trade in the sector and provide affordable medicines and healthcare to the African people.

Africa is a key player and supplier of critical minerals as these are fundamental for green energy transition.

Delegates at the 19th CII India Africa Business Conclave in New Delhi on Thursday. The three-day meet aims to serve as an instrument for Africa's growth and the role of India-Africa partnership in regional and global value chains integration

The secretary said that India can share its expertise and best practices in the logistics sector. He also said that there is a huge scope to expand the import basket from Africa.

India can implement tailor-made capacity building programmes in Africa, Barthwal said, adding both sides need to work together in the World Trade Organisation also.

Speaking at the conclave, Dammu Ravi, secretary (economic relations), the ministry of external affairs, said that the duty-free tariff preference (DFTP) scheme was not utilised fully by Africa and there is a need to look into those issues. The DFTP scheme for least developed countries is under

review for expansion, which could further bolster trade volumes. Ravi suggested the Indian businesses to consider setting up industries in Africa as huge manufacturing opportunities are there in the continent. He said that by locating in Africa these companies can get access to developed markets which provide preferential access to countries on the continent.

He also called for increasing the flow of information from the African side with regard to their laws, incentives, schemes and land lease policies as Indian firms may not be aware about those. This information flow will help in strengthening economic ties between the two sides, he added.

Major reservoirs at 72% of capacity

ABOVE NORMAL RAINFALL since the beginning of July has boosted water levels in the country's 50 major reservoirs for eight consecutive weeks, reports **Sandip Das**. For a third week in a row water levels in these dams stood above the previous year's levels. On Thursday, the water levels were up 14% on year, compared with 11% a week ago. The reservoir levels are now 12% above the last ten-year average.

According to the weekly bulletin of the Central Water Commission (CWC), the reservoir capacity is filled up to 72% currently, as against 69% a week ago.

In its last lap, UPA II had proposed lateral entry

JAY MAZOOMDAR
New Delhi, August 22

FOR ALL THE protestations by the Congress over the lateral entry ad issued by the NDA government, and now withdrawn, one fact went unnoticed: acting on a recommendation of the sixth Central Pay Commission (CPC), the Manmohan Singh PMO, in January 2011, had proposed to open up to 10% of posts at the Joint Secretary level.

To that effect, a note by the Department of Personnel and Training (DoPT) said that the lateral entrants "would be selected by

UPSC based on their CVs and an interview/limited competitive test."

The sixth Pay Commission had recommended the identification of some posts requiring technical or specialised knowledge not "encadred" in any of government services to be filled with suitable candidates on contract.

More than two years later, in June 2013, records show, the Pay Commission's recommendation was examined by DoPT, the Department of Expenditure, and the Union Public Service Commission (UPSC). The UPSC agreed "to make selection according to its mandate."

The selection methodology, DoPT records show, would be "worked out as and when the complete proposal... was made available to them." Subsequently, a concept note on the lateral entry proposal was circulated and various ministries and departments were asked to identify posts requiring specialised knowledge.

The 2013 concept note was recirculated in June 2014 but, according to official records, "very few" responses were received and the proposal didn't take off.

Cut to NDA, official records

show that a PMO meeting on April 28, 2017, discussed the lateral entry scheme. The initial decision was to keep it outside the UPSC's ambit and conduct the lateral recruitment process — from finalising the advertisement to recommending candidates to the Appointments Committee of the Cabinet (ACC) — under two selection committees made of Secretaries and external experts.

A selection committee, headed by the Cabinet Secretary, was supposed to pick the Joint Secretaries for lateral entry; the panel for Deputy Secretaries/Directors was

to be headed by the senior most of three secretaries in charge of Home, Department of Personnel and Training (DoPT) and Finance.

However, on May 11, 2018, a DoPT official flagged that the UPSC (Exemption from Consultation) Regulation would have to be amended if these posts were to be filled through this route.

The file note explained that the posts of JS, Director and Deputy Secretary are filled under the Central Staffing Scheme with officers of All India Services and Central Group 'A' service on deputation.

India top oil buyer from Russia in July, pips China

NIDHI VERMA
New Delhi, August 22

INDIA OVERTOOK CHINA as the world's biggest importer of Russian oil in July as Chinese refiners bought less because of lower profit margins from producing fuels, a comparison of import data showed.

Russian crude made up a record 44% of India's overall imports last month, rising to a record 2.07 million barrels per day (bpd), 4.2% higher than in June and 12% more than a year ago, data on Indian shipments from trade and industry sources showed.

That surpassed China's July oil imports from Russia of 1.76 million bpd via pipelines and shipments, based on Chinese customs data.

Indian refiners have been gorging on Russian oil sold at discounts after Western nations imposed sanctions against Moscow and curtailed their energy purchases in response to Russia's invasion of Ukraine. "India's requirement for Russian oil is going to go up as long as there are no further tightening of sanctions," an Indian refining source said. India's trade with Russia has increased since Russia began its war against Ukraine in February 2022 mainly because of oil and fertiliser imports, a move helping to keep a lid on global prices and controlling inflation.

India's rising purchases are changing the flow of Russian ESPO Blend crude from traditional Chinese buyers to South Asia. ESPO imports to India jumped in July to 188,000 bpd as larger Suezmax vessels were used, according to the data. —REUTERS
