Vodafone Idea (Vi) on Wednesday reported a net loss of ₹6,609.3 crore in the third quarter of the current financial year (Q3FY25), which was 5.3 per cent lower than the ₹6,985.9 crore loss seen in the corresponding quarter of FY24. On a sequential basis, however, the firm's net loss was 7.8 per cent lower than the ₹7,175.9 crore loss in Q2FY25.

The commercial launch of 5G services in Mumbai is planned for March this year, and Delhi, Bangalore, Chandigarh, and Patna for April, the company has said.

Q3FY25 was the third consecutive quarter where the financially beleaguered telco managed to cut its headline loss figures. Lower financing costs helped the company, shrinking to ₹5,939 crore in Q3, down 8.8 per cent from ₹6,518 crore in the same quarter of FY24. Meanwhile, the telco's revenue from operations rose by 4.16 per cent in the latest quarter, coming in at ₹11,117 crore, up from ₹10,673 crore in Q3FY24.

The average blended revenue per user (Arpu), a key performance metric for telecom firms, rose to ₹173 in Q3, up from ₹166 in the preceding quarter. However, the company clarified the Arpu figure is ex-M2M.

The company's 4G subscriber base rose to 126 million in Q3, up by a marginal 0.1 million from the 125.9 million in Q2. This was due to a fast addition of 10,400 sites in

the 1800 MHz and 2100 MHz bands, primarily to increase network capacity. Vi's 4G users had shrunk by 0.8 million in Q2, after recording 11 straight quarters of 4G subscriber additions.

"We are on track to achieve our 4G population coverage target of 1.1 billion by March 2025, and plan to further increase it to 1.2 billion, or 90 per cent of population," the company said.

"We are driving investments, and the velocity of capex deployment is set to accelerate in the coming quarters. Concurrently, the phased rollout of 5G services is underway, targeting key geographies," Vi's chief executive officer (CEO) Akshaya Moondra said.

# Maaza steps into billion-dollar club

AKSHARA SRIVASTAVA

# Peak XV's Anand, Lakhani quit firm

Two managing partners at Peak XV, Shailesh Lakhani and Abheek Anand, have quit the venture capital company.

Lakhani and Anand have been with the firm for 17 and 12 years, respectively. Both the partners had made considerable investments for the firm over the years.

Some of the notable investments made by Lakhani include beauty brand Minimalist, which was acquired by HUL for \$350 million. He also represented travel firm Ixigo, and Truecaller, which went public. Other investments include Zetwerk, CoinSwitch, Porter, Healthkart and others.

"As my time at Peak XV/Sequoia India reaches 17.5 years, I've decided it's the right moment to step back from the firm. It has been an incredible journey — one that began in August 2007, when India's startup ecosystem was in its infancy, to today, where it stands as one of the most

vibrant in the world," said Lakhani in a post on X (formerly Twitter). Anand brought companies like payments firm Sunrate, travel tech firm Slice, Openborder, AI firm Coppier, Cuemath, and other firms into the fold of Peak XV.

"It has been an incredible journey — filled with deep learning, meaningful relationships, and the privilege of working alongside inspiring founders, LPs, and colleagues," said Anand in a post on LinkedIn.

Both said they would like to take a break, but did not mention what the next step would be.

Anand wrote: "Before I was an investor, I was a founder. Now, I'm excited to return to building — at the intersection of these worlds."

The announcement comes as the VC firm, earlier known as Sequoia India, also cut its fund size in the country.

# India drove overall growth for Germany's Hansgrohe in 2024

A year after its India business posted strong growth, Hansgrohe, the German sanitary fittings manufacturer known for luxury bathroom and kitchen products, is expecting a double-digit growth on a year-on-year (Y-o-Y) basis in India, through Hansgrohe India in the coming years.

"India was actually a major growth driver for us last year," Hans Juergen Kalmbach, chief executive officer and chairman, executive board, Hansgrohe Group told *Business Standard*.

Currently, the company operates in India through two brands, Axor and Hansgrohe. Through the Axor brand, it sells faucets, showers, sanitary ware, basins, bathtubs, and accessories majorly for luxury homes, five-star hotels, yachts or high-end buildings.

"Europe is still our number one market with more than 50 per cent of our business. But, the Asia Pacific region is the second biggest region for us," said Kalmbach.
