9 NOTE ON TAXATION:

9.1 The basis of charge of Indian income-tax depends upon the residential status of the taxpayer during a tax year. The Indian tax year runs from April 1 until March 31. A person who is an Indian tax resident is liable to income-tax in India on his worldwide income, subject to certain tax exemptions, which are provided under the Income Tax Act, 1961. A person who is treated as a non-resident for Indian income-tax purposes is generally subject to tax in India only on such person's India sourced income (i.e. income which accrues or arises or deemed to accrue or arise in India) or income received or deemed to be received by such persons in India. In case of shares of a company, the source of income from shares would depend on the 'Situs' of such shares. 'Situs' of the shares is generally where a company is 'incorporated'. Accordingly, since the Target Company is incorporated in India, the Target Company's shares should be deemed to be 'situated' in India and any gains arising to a non-resident on transfer of such shares should be taxable in India under the Income Tax Act, 1961 ("**IT Act**").

9.2 Gains arising from the transfer of shares may be treated either as 'capital gains' or as 'business income' for income-tax purposes, depending upon whether such shares were held as a capital asset or business asset (i.e. stock-in-trade). The IT Act also provides for different income-tax regimes/ rates applicable to the gains arising from the tendering of Equity Shares under the Open Offer, based on the period of holding, residential status, classification of the shareholder and nature of the income earned, etc. Any applicable surcharge and education cess would be in addition to such applicable tax rates.

9.3 Based on the provisions of the IT Act, the shareholders would be required to file an annual income-tax return, as may be applicable to different category of persons, with the Indian income tax authorities, reporting their income for the relevant year. The summary of income-tax implications on tendering of Equity Shares on the recognized stock exchange and chargeable to Securities Transaction Tax (STT) is set out below.

9.4 Taxability of capital gain in the hands of the Equity Shareholders:

- The Finance Act, 2018, vide Section 112A, has imposed an income tax on long-term capital gains at the rate of 10% (Ten percent only) on transfer of equity shares that are listed on a recognized stock exchange, which have been held for more than 1 (one) year and have been subject to STT upon both acquisition and sale (subject to certain transactions, to which the provisions of applicability of payment of STT upon acquisition Rs. 1,00,000/- (Indian Rupees One Lakh only) (without any indexation and foreign exchange fluctuation benefits). It may also be noted that any capital gains arising up to January 31, 2018, are grandfathered under this provision. The cost of acquisition for the long-term capital asset acquired on or before January 31, 2018, will be the actual cost. However, if the actual cost is less than the fair market value of such asset (lower of consideration on transfer) as on January 31, 2018, the fair market value will be deemed to be the cost of acquisition.
- As per section 111A of the IT Act, short-term capital gains arising from transfer of listed shares on which STT is paid would be subject to tax at the rate of 15% (Fifteen percent only) for Equity Shareholders (except certain specific categories).
- Any applicable surcharge and education cess would be in addition to above applicable rates.
- In case of resident Public Shareholders, in absence of any specific provision under the IT Act, the Acquirers and the PACs shall not deduct tax on the consideration payable to resident Public Shareholders pursuant to the Offer.
