From the Bard to Manto, Nuh woman killed for resisting rape bid NSD theatre fest kicks off

NEW DELH: Frustrated by the Hindi translations of William Shakespeare's works available to him, playwright Amitosh Nagpal picked up his pen and infused colloquial Hindi, some Bhojpuri and even gibberish into Twelfin Night. This was 13 years ago, and the result was years ago, and the result was director Atul Kumar's Piya Behplayed to packed houses in every city it ever travelled to— Delhi, Mumbai, Bengaluru, Pune, Ahmedabad, even London, where it was staged at the Globe Theatre – for II years. "I couldn't relate to the transla-tions, so I did my own," said

tions, so I did my own," said Nagpal.
On February 9, he returns to Delhi with Middle Class Dream of a Summer's Night, an adaptation of Shakespeare's A Midsummer Night's Dream, as a part of the National School of Drama's annual thearre festival. Bharat Rang Mahotsav (BRM), "This one is in our very specific ways of speaking English – Telugu-English, Assamese English. The play

mostly explores the chaos in the lives of the middle-class. This is the first time it's being staged in Delhi," said Nagpal. A constant in Delhi's cultural calendar. BRM begins on Wednesday and goes on till February 16. In its 25th year, BRM will stage over 65 plays in Hindi, English, Assamese, Ben-gali, Nepali, Odia, Punjabi, Marathi, Malayalam, Chhattis-

garhi, Russian and Italian across NSD, LTG Auditorium, Kamani Auditorium, and the Shri Ram Centre. The festival was inaugurated on Tuesday. The highlight of the festival is Agra Bazar, iconic playwright Habib Tanvir's musical masterpiece – based on the life of Nazeer Akbarabadi, an Urdu poet – which was first staged in poet - which was first staged in 1954. Bhopal-based theatre

group, Naya Theatre, which was founded by Tanvir in the 1950s, is presenting the play on February 13.

Apart from this, there is also Neelam Mansingh Chaudhary's adaptation of five stories by Sadat Hasan Manto, called Tamasha — in Malayalam — on February 14. "When 1 spoke to Abhilash Pillai, director of the School of Drama and Fine Arts. Thrissur, I realised that a lot of people in Kerala are not familiar with Manto's work... I do not speak Malayalam, and the artistes I have worked with do not speak much Hindi. This was a challenging task but not impossible. The theme of the play is 'loss' — loss of innocence, loss of a loved one."

From Mumbai, there is Nadira Babbar's Farida, and Badal Sirca's Ek Madhur Prem Kahani Urf Pugla Ghoda: a nonverbal play from Prague, Images of Love; and NSD Repertory Co.'s staging of Hindi writer Mohan Rakesh's Adhe Adhure. NSD officials said that this is the first time that the festival will be held outside the country too, with satellite chapeters in Nepal and Srl Lanka.

"He (Tahir) is himself a candidate. In this case, his (Balyan's) wife is a candidate." Prasad submitted. However, the court remarked, "One day, he can align things for his wife." A city court earlier denied his bail, citing evidence of his ties to an "crime syndicate." Last week, Dehi Police opposed his bail, citing risks of witness influence and absconding.

GURUGRAM: A 25-year-old woman was shot dead in a vil-lage in Nuh, Haryana after sil-resisted a rape attempt, police officers aware of the case said. Investigators said the incident took place in the early hours of

Actis nears Stride deal amid renewable boom

Actis signed a \$325 million deal to buy Macquarie's green energy platform

eneral Atlantic-owned Actis LLP has signed a sales and purchase agreement (SPA) to buy Macquarie Group Ltd's green energy platform Stride Climate Investments for an enterprise value of around \$325 million, said two people aware of the development.

Bank of America Corp. (BofA) is running the sale process for the deal with an equity value of around \$163 million. It is

expected to be completed by February.

Mint reported on 28 December 2023 that Actis is one of the firms interested in the Stride platform, which has more than 415 megawatts (MW) of renewable assets in India. The other interested buyers were Gentari Sdn, a subsidiary of Malaysia's state-run Petronas and Sekura Energy Ltd, backed by Edelweiss Infrastructure Yield Plus Fund, according to the report.

Moneycontrol reported on 19 October that Actis is edging ahead of other suitors and emerging as a frontrunner to acquire Stride. "The SPA has been inked, with the Stride's sale process expected to be com-pleted by February-end," said one of the

two people on the condition of anonymity. This comes as Macquarie is bringing back its Green Investment Group (GIG) platform—Vibrant Energy—for sale and has appointed Standard Chartered to run the process. Earlier, it mandated JPMor gan to sell Vibrant Energy for an equity value of around \$250 million but the plan

was dropped over a valuation mismatch. "The market has slightly improved. No large renewable energy platform is availa-ble for sale following the O2 Power deal in December. In addition, when the Vibrant Energy transaction was launched, operational capacity was around 400MW. This

has now gone up to around 900MW, tak-ing away the early-stage risk and resulting

in a better-expected premium," said the first person. The transaction is expected to be launched by March-April, he added. Vibrant Energy has 1.5-gigawatt (GW) portfolio in the commercial and industrial (C&I) sector. India's C&I segment has attracted strong investor interest driven. attracted strong investor interest, driven by the nation's projected green energy trajectory, as well as rules allowing large power users to source energy from the open market than from the costlier grid. Given India's ever-increasing demand

for power, the green energy space has wit-nessed tremendous interest. India has a

According to analysts, the green energy

trajectory will continue to grow. "India Ratings and Research (Ind-Ra) expects all-India energy requirement to grow 5-5.5% vear-on-vear in 2024-25, with incremen tal capacity additions of 30-35GW led by renewables," it said in a 21 January report "Renewable capacity addition is expected to gain further traction in view of a strong pipeline (mostly solar) and contribute

35%-40% to the generation mix by 2030." "Ind-Ra expects 25-28GW of renewable energy capacity addition this fiscal year (9MFY25: 18.8GW), largely solar. Further,

Ind-Ra expects the share of renewable energy sources to reach 55%-60% of the total capacity installed by 2029-30 (FY24: 43%; FY23: 41%) and contribute 35%-40% to the total generation (FY24: 21%; FY23: 23%). Land acquisition,

connectivity and adequate evacuation or transmission infrastructure are critical for capacity additions," it said.

India plans to add 50GW green energy capacity annually to reach 500GW of renewable capacity by 2030. "A defining characteristic of solar additions in 2024 was the substantial 25% share of non-utili-ties, surpassing historical precedents Rooftop solar installations surged by 4.6GW, reflecting a remarkable 53% year-on-year growth, while off-grid solar wit-nessed a 197% expansion," wrote SBI Capi-

Pharma major Cipla Ltd on Tuesday announced highest-ever quarterly revenue and Ebitda margin, as robust sales in India, Europe and emerging markets out weighed weakness in its US business. Cipla expects to end the ongoing fiscal year exceed ing its margin guidance, man-aging director and global CEO Umang Vohra said.

The Mumbai-based drug-maker beat estimates for reve nue and profit for the December quarter. Ebitda stands for earnings before interest, taxes, depreciation and amortization

and a measure of profitability. The firm reported an Ebitda margin of 28.1% in the quarter ended December, up from 26.3% a year ago, which Vohra said was on the back of a sea

and profit estimates in Q3 MINT

onally-strong quarter, with

higher respiratory drug sales.
"Margin improves every time we sell more respiratory products, which was the case in quarter three...this margin percentage is not a sustainable margin percentage for Cipla Quarter four typically is always a weak margin percentage for us because there is reverse sea

for the fiscal year, and Vohra said it would surpass it. "It sur prised on margins as the busi ness mix was better, other and R&D spend was slightly lower during the quarter," said JM Financial Institutional Securities pharma research analyst Amey Chalke. "How-ever, we expect the manage-ment to provide more clarity on US launches in particular for next two years which could drive growth in the business."

Cipla, which is facing delays in key drug launches in the US due to regulatory actions at its Goa facility, received a 'Volun-tary Action Initiated' (VAI) sta-tus from the US Food and Drug Administration last quarter. For an extended version of the story go to livemint.com
