MANAGEMENT DISCUSSION AND ANALYSIS REPORT

Management Discussion and Analysis Report as required under regulation 34 read with Schedule V of the SEBI (Listing Obligation and Disclosure Requirements) Regulations, 2015, is as under:

GENERAL OVERVIEW ON INDIA'S HEALTHCARE SERVICE LANDSCAPE

Historically, people in developing countries have had lower access to health services than those in developed countries. Like most developing The Indian healthcare sector has become a major contributor to India's growth and employment, covering diverse segments like hospitals, medical devices, clinical trials, telemedicine, medical tourism, health insurance and medical equipment. The sector is expanding rapidly, driven by enhanced coverage, services and growing investments by both public and private players. India's healthcare system is primarily managed at two levels: the central government and state governments. The central government sets policies and provides funding, while state governments handle implementation and administration. India's healthcare service landscape is characterized by a mix of public and private providers, significant regional disparities, and ongoing efforts to address both communicable and non-communicable diseases. The system is evolving with advancements in technology and policy reforms aimed at improving access, quality, and equity in healthcare. Furthermore, the industry's expansion continues to be fueled by the rising need for healthcare services due to increasing life expectancy, increasing prevalence of chronic diseases and changing lifestyles of Indian population. As a result, the healthcare sector has emerged as a significant contributor in generating job opportunities and adding to the country's GDP.

SEGMENT WISE/COMPANY WISE PERFORMANCE

Dhanvantri Jeevan Rekha Limited is a hospital with advance and high-class patient care in Meerut, having a humble beginning around 31 years ago in 1993 at 1- Saket, Meerut. The Hospital has now grown to become a major healthcare provider to all walks of life in Meerut and the surrounding region. The Company is engaged mainly in providing Medical & Health-care Services to the public at large.

OUTLOOK AND COMPANY OVERVIEW

Healthcare is expected to remain a major contributor to the economy in the coming years as various policies, innovations and investments are anticipated to shape the industry's future impacting economic growth. The increasing focus on digital health solutions, telemedicine and other technological advancements in the healthcare industry has opened new avenues for growth and innovation. The government plans to increase the budget allocation for public health spending to 2.5% by 2025, which will be beneficial given the huge demand for tertiary care and specialty hospitals. Dhanvantri Hospital is one of the first comprehensive, multi-specialty setup in Western-Up with latest State-of-the-Art equipment for both diagnostic and therapeutic services under one roof. The hospital is striving for excellence in personalized care. We provide efficient, patient-oriented services in a friendly and clean environment at moderate rates.

OPPORTUNITIES

The Private Sector is the major contributor in the healthcare spending in India, unlike most other countries where Public Sector dominates. Key highlights: 1. The government's plan to increase healthcare spending to 2.5% of GDP by 2025, which is expected to lead to the development of new healthcare facilities and expansion of existing ones 2. The Indian government is expected to increase partnerships with private healthcare providers to improve access to healthcare services, particularly in rural and underserved areas 3. Greater adoption of digital health solutions such as electronic health records (EHRs), mobile health apps, and remote patient monitoring systems. 4. An increasing demand for home healthcare services driven by an aging population and rising burden of chronic diseases. India's home healthcare market is expected to grow at a CAGR of 19.2% to reach at \$21.3 Billion by 2027. 5 India aims at becoming self-reliant in the manufacturing of medical devices. In FY 2019-20, the total medical equipment/ device market in India was sized at around \$11 Billion. By 2025, the industry is expected to grow fivefold to \$49.5 Billion. This will give a boost to the hospital in term of cost, medical equipment becoming more affordable for the company.

THREATS

Rising Costs: There is a decrease in the percentage of healthcare spending paid out of pocket by individuals, from 62.6% in FY 2015 to 47.1% in FY 2020 (Source: Ministry of Health) Input costs in healthcare are rising. Minimum wage revisions are underway in several categories of manpower; real estate continues to inflate; and import cost of equipment and consumables are high consequent to increase in INR / USD rate. Increased competition has also meant that compensation expectations for skilled manpower will go up.

Human Resources: The primary objective of any human resource management is to ensure the availability of competent and willing workforce to the organization as well as to meet the needs, aspirations, values and dignity of individuals/employees and having due concern for the socio-economic problems of the community and the country. The total number of employees stood at 98 as on March 31, 2024.

Regulatory interventions: The intrinsic value of a service is more than just the cost of inputs. Any attempt to regulate the prices of healthcare inputs without providing for the comprehensive costs of providing quality services, will compromise the quality of care.

RISKS & CONCERNS

Lower Healthcare Spend: India healthcare spend is 3% of GDP vs 19% in case of US. This works out to be US\$ 57 per person annually on health care vs US\$ 11,702 in case of US.

Increasing burden of Non-Communicable Diseases: Non-communicable diseases (NCDs) encompass a vast group of diseases such as cardiovascular diseases, cancer, diabetes and chronic respiratory diseases. NCDs contribute to around 38 Million (68%) of all the deaths globally and to about 5.9 Million (60%) of all deaths in India. The majority of NCD deaths occur in low and middle-income countries such as India, which is undergoing an epidemiological health transition owing to rapid urbanization, which in turn has led to an overall economic rise, but with certain associated flip sides.

Opinion

We have audited the accompanying standalone financial statements of **DHANVANTRI JEEVAN REKHA LIMITED** (the "Company"), which comprise the Balance Sheet as at March 31, 2024, the Statement of Profit and Loss (including Other Comprehensive Income), the Statement of Changes in Equity and the Statement of Cash Flows for the year ended on that date and a summary of significant accounting policies and other explanatory information (hereinafter referred to as the "standalone financial statements").

In our opinion and to the best of our information and according to the explanations given to us, the aforesaid standalone financial statements give the information required by the Companies Act, 2013 (the "Act") in the manner so required and give a true and fair view in conformity with the Indian Accounting Standards prescribed under section 133 of the Act read with the Companies (Indian Accounting Standards) Rules, 2015, as amended, ("Ind AS") and other accounting principles generally accepted in India, of the state of affairs of the Company as at March 31, 2024 and its profit, total comprehensive income, changes in equity and its cash flows for the year ended on that date.

Basis for Opinion

We conducted our audit of the standalone financial statements in accordance with the Standards on Auditing ("SA"s) specified under section 143(10) of the Act. Our responsibilities under those Standards are further described in the Auditor's Responsibilities for the Audit of the Standalone Financial Statements section of our report. We are independent of the Company in accordance with the Code of Ethics issued by the Institute of Chartered Accountants of India ("ICAI") together with the ethical requirements that are relevant to our audit of the standalone financial statements under the provisions of the Act and the Rules made thereunder, and we have fulfilled our other ethical responsibilities in accordance with these requirements and the ICAI's Code of Ethics. We believe that the audit evidence obtained by us is sufficient and appropriate to provide a basis for our audit opinion on the standalone financial statements.

Key Audit Matters

Key audit matters are those matters that, in our professional judgment, were of most significance in our audit of the standalone financial statements of the current period. These matters were addressed in the context of our audit of the standalone financial statements as a whole, and in forming our opinion thereon, and we do not provide a separate opinion on these matters.

We have determined that there are no key audit matters to be communicated in our report.

Information Other than the Financial Statements and Auditor's Report Thereon

The Company's Board of Directors is responsible for the other information. The other information comprises the information included in the Management Discussion and Analysis, Board's Report including Annexures to Board's Report, Business Responsibility Report, Corporate Governance and Shareholder's Information, but does not include the consolidated financial statements, standalone financial statements and our auditor's report thereon. The Annual Report is expected to be made available to us after the date of this auditor's report

Our opinion on the standalone financial statements does not cover the other information and we do not express any form of assurance conclusion thereon.

In connection with our audit of the standalone financial statements, our responsibility is to read the other information and, in doing so, consider whether the other information is materially inconsistent with the standalone financial statements or our knowledge obtained during the course of our audit or otherwise appears to be materially misstated.

If, based on the work we have performed, we conclude that there is a material misstatement of this other information, we are required to report that fact. We have nothing to report in this regard.

Management's Responsibilities for the Standalone Financial Statements

The Company's Board of Directors is responsible for the matters stated in section 134(5) of the Act with respect to the preparation of these standalone financial statements that give a true and fair view of the financial position, financial performance, including other comprehensive income, changes in equity and cash flows of the Company in accordance with the Ind AS and other accounting principles generally accepted in India. This responsibility also includes maintenance of adequate accounting records in accordance with the provisions of the Act for safeguarding the assets of the Company and for preventing and detecting frauds and other irregularities; selection and application of appropriate accounting policies; making judgments and estimates that are reasonable and prudent; and design, implementation and maintenance of adequate internal financial controls, that were operating effectively for ensuring the accuracy and completeness of the accounting records, relevant to the preparation and presentation of the standalone financial statements that give a true and fair view and are free from material misstatement, whether due to fraud or error.

In preparing the standalone financial statements, management is responsible for assessing the Company's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless management either intends to liquidate the Company or to cease operations, or has no realistic alternative but to do so.

The Board of Directors is also responsible for overseeing the Company's financial reporting process.

Auditor's Responsibilities for the Audit of the Standalone Financial Statements

Our objectives are to obtain reasonable assurance about whether the standalone financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with SAs will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these standalone financial statements.

As part of an audit in accordance with SAs, we exercise professional judgment and maintain professional scepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the standalone financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
- Obtain an understanding of internal financial control relevant to the audit in order to design audit procedures that are appropriate in the circumstances. Under section 143(3)(i) of the Act, we are also responsible for expressing our opinion on whether the Company has adequate internal financial controls system in place and the operating effectiveness of such controls.
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by the management.
- Conclude on the appropriateness of management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Company's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the standalone financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Company to cease to continue as a going concern.
- Evaluate the overall presentation, structure and content of the standalone financial statements, including the disclosures, and whether the standalone financial statements represent the underlying transactions and events in a manner that achieves fair presentation.

Materiality is the magnitude of misstatements in the standalone financial statements that, individually or in aggregate, makes it probable that the economic decisions of a reasonably knowledgeable user of the standalone financial statements may be influenced. We consider quantitative materiality and qualitative factors in (i) planning the scope of our audit work and in evaluating the results of our work; and (ii) to evaluate the effect of any identified misstatements in the standalone financial statements.

We communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

We also provide those charged with governance with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, related safeguards.

From the matters communicated with those charged with governance, we determine those matters that were of most significance in the audit of the standalone financial statements of the current period and are therefore the key audit matters. We describe these matters in our auditor's report unless law or regulation precludes public disclosure about the matter or when, in extremely rare circumstances, we determine that a matter should not be communicated in our report because the adverse consequences of doing so would reasonably be expected to outweigh the public interest benefits of such communication.

Report on the Internal Financial Controls Over Financial Reporting under Clause (i) of sub-section 3 of Section 143 of the Companies Act, 2013 (the "Act")

We have audited the internal financial controls over financial reporting of **DHANVANTRI JEEVAN REKHA LIMITED** (the "Company") as of March 31, 2024 in conjunction with our audit of the standalone Ind AS financial statements of the Company for the year ended on that date.

Management's Responsibility for Internal Financial Controls

The Management of the Company is responsible for establishing and maintaining internal financial controls based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting issued by the Institute of Chartered Accountants of India (the "ICAI"). These responsibilities include the design, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring the orderly and efficient conduct of its business, including adherence to company's policies, the safeguarding of its assets, the prevention and detection of frauds and errors, the accuracy and completeness of the accounting records, and the timely preparation of reliable financial information, as required under the Act.

Auditor's Responsibility

Our responsibility is to express an opinion on the Company's internal financial controls over financial reporting of the Company based on our audit. We conducted our audit in accordance with the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting (the "Guidance Note") issued by the ICAI and the Standards on Auditing prescribed under Section 143(10) of the Companies Act, 2013, to the extent applicable to an audit of internal financial controls. Those Standards and the Guidance Note require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether adequate internal financial controls over financial reporting was established and maintained and if such controls operated effectively in all material respects.

Our audit involves performing procedures to obtain audit evidence about the adequacy of the internal financial controls system over financial reporting and their operating effectiveness. Our audit of internal financial controls over financial reporting included obtaining an understanding of internal financial controls over financial reporting, assessing the risk that a material weakness exists, and testing and evaluating the design and operating effectiveness of internal control based on the assessed risk. The procedures selected depend on the auditor's judgement, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error.

We believe that the audit evidence we have obtained, is sufficient and appropriate to provide a basis for our audit opinion on the Company's internal financial controls system over financial reporting.

Meaning of Internal Financial Controls over Financial Reporting

A company's internal financial control over financial reporting is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of financial statements for external purposes in accordance with generally accepted accounting principles. A company's internal financial control over financial reporting includes those policies and procedures that

(1) pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the company; (2) provide reasonable assurance that transactions are recorded as necessary to permit preparation of financial statements in accordance with generally accepted accounting principles, and that receipts and expenditures of the company are being made only in accordance with authorizations of management and directors of the company; and (3) provide reasonable assurance regarding prevention or timely detection of unauthorized acquisition, use, or disposition of the company's assets that could have a material effect on the financial statements.

Inherent Limitations of Internal Financial Controls over Financial Reporting

Because of the inherent limitations of internal financial controls over financial reporting, including the possibility of collusion or improper management override of controls, material misstatements due to error or fraud may occur and not be detected. Also, projections of any evaluation of the internal financial controls over financial reporting to future periods are subject to the risk that the internal financial control over financial reporting may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

Opinion

In our opinion, to the best of our information and according to the explanations given to us, the Company has, in all material respects, an adequate internal financial controls system over financial reporting and such internal financial controls over financial reporting were operating effectively as at March 31, 2024, based on the criteria for internal financial control over financial reporting established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting issued by the ICAI.
