The Board recommends Resolution No. 1 set out in the Notice for approval of the members as a Special Resolution.

Item No. 2, 3 and 4

The Company had introduced 'HCL Technologies Limited - Restricted Stock Unit Plan 2021' ('RSU Plan 2021') with an objective of aligning the incentives of the management more closely with the interest of the members, to enable the Company to attract good leadership talent, to align the compensation packages of leadership team more in line with our peers, and to help retain people for longer period.

The RSU Plan 2021 was approved by the members on November 28, 2021, through Postal Ballot. In terms of the said Plan, a maximum of 1,11,00,000 (One crore eleven lakhs) RSUs were to be offered and granted, which on exercise would entitle not more than 1,11,00,000 (One crore eleven lakhs) equity shares of Rs. 2/- each of the Company (approximately 0.41% of the paid-up equity share capital as on March 31, 2021). There has been no equity dilution for the members of the Company as the RSU Plan 2021 was designed to be implemented by way of secondary acquisitions of equity shares of the Company through a Trust mechanism.

It has been observed that the implementation of the RSU Plan 2021 has helped the Company to incentivize key talent to drive long term objectives of the Company, ensuring that employee payoff match the long gestation period of certain key initiatives, driving ownership behavior and collaboration amongst employees.

Considering the success of the RSU Plan 2021, the Company desires to continue with its approach of providing the RSUs to its employees as part of its LTI Plan and the RSUs that would be granted shall be vested subject to the tenure and/or performance conditions. However, the Nomination and Remuneration Committee ('NRC') may also grant performance/tenure based RSUs, on merit basis to select individuals, outside the LTI Plan. Further, the Company has an on-going Reward & Recognition program for key individuals which is currently in the form of a cash award. It is also proposed to include RSUs as full / partial replacement of the Reward & Recognition program.

As the Company has utilized 1,04,25,618 RSUs (which are approx. 94% of total RSUs available) under the existing RSU Plan 2021, it is proposed to implement a new RSU Plan viz. 'HCL Technologies Limited - Restricted Stock Unit Plan 2024' ('RSU Plan 2024').

The RSU Plan 2024 would not be equity dilutive as this Plan would also be implemented through a Trust mechanism via HCL Technologies Stock Options Trust (hereinafter referred to as 'HCL Trust'). No fresh shares shall be issued by the Company either to HCL Trust or to the Eligible Employees. It is proposed that a maximum of 84,60,000 RSUs may be offered and granted under the RSU Plan 2024, which on exercise would entitle not more than 84,60,000 equity shares of ₹ 2/- each of the Company (approximately 0.31% of the paid-up equity share capital as on March 31, 2024), which may be adjusted for any corporate action(s) in terms of the RSU Plan 2024.

While the RSUs (both tenure based and performance based) would be granted at face value there would not be any additional cost on account of granting of these RSUs as the Company is only converting the cash component of the LTI Plan in the form of RSUs by applying the closing market price of the Company's share on the date immediately prior to the date of grant of RSUs. Any increase in the price of the Company's shares would be a gain for the employees but there would be no extra cost for the Company, as the Company would be booking the cost in its books as per the closing market price of the Company's share on the date immediately prior to the date of grant of RSUs, in accordance with applicable accounting standards. The funding for these shares would be out of the LTI cost that are part of the Company's budget, and these would have otherwise been paid in case the Company had continued with 100% cash based LTI Plan.

After the RSUs have been granted to the Eligible Employees, HCL Trust would acquire such number of equity shares of the Company, as it may require to discharge its obligations under the RSU Plan 2024 and would transfer the same to the Eligible Employees on exercise of the vested RSUs by the Eligible Employees.

The estimated distribution of these RSUs for various categories of employees are stated in the table below. The exact number of employees and the number of RSUs for these categories could vary, however, the total number of RSUs to be granted would remain strictly within the overall limit as stated in the above resolutions.

Employee Category	No. of Employees	No. of RSUs (in lacs)
Executive Leadership & Corporate Officers	84	63.70
Senior Leadership	225	9.80
Mid Management	1,306	11.10
	Total	84.60

The aggregate number of RSUs that the Board, on recommendations of the NRC, may decide to grant to the CEO & MD shall be subject to the members' approval that may be taken at the time of his re-appointment in future years.

For the LTI and the performance based RSUs for the Corporate Officers, the NRC/Board decides the parameters on a case-to-case basis. The broad performance parameters are selected from the following, as applicable for the role.

- a) Relative Shareholders' Return compared to the Company's peer group.
- b) Relative Total Revenue Growth compared to the Company's peer group.
- c) Relative Net Profit Growth compared to the Company's peer group.
- d) Revenue Growth/Net Profit Targets of the Business Unit.
- e) Any other financial/operational parameters as the NRC may deem appropriate.

The Board of Directors of the Company at its meeting held on April 26, 2024, based on the recommendations of the NRC has approved the RSU Plan 2024, the key terms of which are given hereunder. The RSU Plan 2024 approved by the Board is subject to the approval of the members and such other regulatory approvals, that may be required.

In terms of the provisions of the Securities and Exchange Board of India (Share based Employee Benefits and Sweat Equity) Regulations, 2021, ('SEBI SBEB & SE Regulations') a separate resolution is required to be passed for grant of RSU to the employees/directors of subsidiaries or associate companies. Further, the approvals of the members are also required for implementation of the RSU Plan through a Trust mechanism wherein the secondary acquisition for shares is to be made and for providing the financial assistance to HCL Trust by the Company in this regard.

Accordingly, resolution nos. 2, 3 and 4 set out in the Notice are being placed for the approval of the members of the Company.

None of the Directors, Key Managerial Personnel of the Company or their relatives are in any way concerned or interested, financially or otherwise, in the resolutions except to the extent of their shareholding in the Company and the benefits that may be granted to them under the RSU Plan 2024.

The Board recommends the resolutions nos. 2, 3 & 4 set out in the Notice for approval of the members as Special Resolutions.

The key terms of the RSU Plan 2024 are set out in the clauses below:

1) Brief Description of the RSU Plan 2024

The RSU Plan 2024 is designed to be implemented by way of secondary acquisition of equity shares of the Company by HCL Trust for transferring the same to the Eligible Employees. No fresh shares shall be issued by the Company.

The following classes of employees/directors shall be entitled to participate and shall be the beneficiaries in the RSU Plan 2024:

- ii. a director of the Company, whether a whole-time director or not, including a non-executive director, who is not a promoter or member of the promoter group, but excluding an independent director; or

8) The appraisal process for determining the eligibility of employees for the RSU Plan 2024

In determining the eligibility of an employee to receive the grant of RSUs, as well as in determining the number of RSUs to be granted, the NRC may consider the position and responsibilities of the employee, the nature and value of the employee's services to the Company/subsidiary or associate company and accomplishments whether directly or through its subsidiary or associate company, the employee's present and potential contribution to the success of the Company whether directly or through its subsidiary or associate company and such other factors as the NRC may deem relevant.
