Efficient and Stable Funding

Strategically Chosen Co-Lending Partners

Public Sector Banks

Private Sector Banks

- Advantage to partner banks: good asset quality; cost efficiencies; quick access to stable, long-tenured mortgage products
- Minimal ALM risk in asset-light model: for 80% and 95% in co-lending and DA respectively, funding is co-terminus with the loans
- Model like in developed countries: Specialist underwriters with reach like SCL, source loans: Banks which are repositories of deposits, warehouse the loans

Safe Harbour Statement

This document contains certain forward-looking statements based on current expectations of Sammaan Capital Limited management (“SCL”). These forward looking statements and any other projections contained herein are predictions and involve known and unknown risks, uncertainties and other factors that may cause the actual results, performance and achievements to be materially different from any future results, performance or achievements, expressed or implied, by such forward looking statements or other projections. These risks and uncertainties include the effect of economic and political conditions in India, and outside India; volatility in interest rates and in the securities markets; new regulations and accounting standards, and government policies that might impact the business of SCL; the general state of the Indian economy; and the management’s ability to implement the company’s strategy. All of these factors are contingencies which may or may not occur and SCL is not in a position to express a view on the likelihood of any such contingency occurring.

The forward looking statements contained herein are based on the beliefs of the management of SCL, as well as the assumptions made by and information available to management as at the date hereof. Moreover, the statements made herein are on the basis of estimates which may undergo a change depending on market conditions and dynamics including changes in the operating costs and demand-supply scenario. There can be no assurance that the expectations will prove to be correct. Interest rates applicable for any product are highly sensitive to many factors beyond SCL’s control, including the monetary policies of the regulatory bodies, domestic and international economic and political conditions, inflation and other factors. SCL expressly disclaims any obligation or undertaking to release any updated information or revisions to any statements contained herein to reflect any changes in the expectations or assumptions with regard thereto or any change in the events, conditions or circumstances on which such statements are based.

All subsequent written and oral forward looking statements attributable to SCL are expressly qualified in their entirety by reference to these cautionary statements.
