**RLMM:** Revised List of Models & Manufacturers

**Ahmedabad, January 30, 2025:** Adani Enterprises Ltd (AEL), the flagship company of the Adani Group, announced its results today for the quarter and nine months ended December 31, 2024.

AEL's nine-month results represent strength and consistency of its incubating businesses, which have delivered robust operational and financial performance quarter after quarter. Strong growth in the emerging core infra businesses led by Adani New Industries (Green Hydrogen Ecosystem) and Adani Airports reflect the scale of opportunities of their respective sectors. During nine-months ended December 31, 2024, AEL has recorded its highest consolidated nine-months EBITDA of Rs. 12,377 crore with contribution of 62% from incubating businesses.

"This exceptional nine-month performance underscores Adani Enterprises Ltd's position as a powerhouse for nurturing transformative infrastructure and energy transition sectors," said **Mr Gautam Adani, Chairman of the Adani Group**. "Strong growth across our incubating businesses, from energy transition to logistics and adjacencies, highlights the immense potential of our core plus portfolio. These results are a testament to our focus on execution,

## About Adani Enterprises Ltd

Adani Enterprises Limited (AEL) is the flagship Company of Adani Group, one of India's largest business organisations. Over the years, AEL has focused on building emerging infrastructure businesses, contributing to nation-building and divesting them into separate listed entities. Having successfully built sizeable and scalable businesses like Adani Ports & SEZ, Adani Energy Solutions, Adani Power, Adani Green Energy, Adani Total Gas and Adani Wilmar, the Company has contributed to make India self-reliant with its robust businesses. This has also led to significant returns to its shareholders for three decades.

The next generation of its strategic business investments are centered around green hydrogen ecosystem, airport management, data center, roads and primary industries like copper and petrochem - all of which have significant scope for value unlocking.
