Sub: EKI Energy Services Launches EKI Academy: Pioneering Education in Environmental Services.

Dear Sir(s),

EKI Energy Services Limited (EKI) is excited to announce the launch of its new educational division—EKI Academy. This initiative is designed to equip individuals and organizations with in-depth training in a range of environmental services. The curriculum will cover topics such as GHG footprint accounting, carbon offset project development, and ESG and sustainability practices.

Key highlights are detailed in the press release below.

The above information will also be made available on the website of the Company:
www.enkingint.org.

We request you to kindly take this information on record.

Thanking you

Yours Faithfully

For EKI Energy Services Limited

EKI Energy Services Launches EKI Academy: Pioneering Education in Environmental Services

Key Highlights:

- *EKI Energy Services launches EKI Academy, providing comprehensive training in environmental services to empower climate warriors.*
- *It offers courses in GHG Accounting, Carbon Credits, ISO, sustainability, and more, addressing the demand for environmental expertise.*
- *Pioneering training in Nature-Based Solutions, EPR, and Paris Agreement implementation, reflecting EKI's commitment to innovation.*
- *EKI Academy invites professionals to enhance sustainability skills and contribute to global climate goals through specialized training programs.*

Indore, India – September 05, 2024: EKI Energy Services Ltd. (EKI), a leader in the sustainability and carbon offset industry, is proud to announce the launch of a new educational vertical—EKI Academy. This initiative aims to empower individuals and organizations with comprehensive training in various environmental services, thereby making an army of climate warriors. The courses will include education on GHG footprint accounting, carbon offset project development, and ESG and sustainability practices.

Empowering Through Education

The EKI Academy is set to become a cornerstone in the environmental sector by providing a robust curriculum designed to meet the growing demand for knowledge and expertise in sustainability and carbon management. The Academy's offerings include:

- **GHG Accounting and Carbon Credit Masterclasses:** Designed for professionals seeking to deepen their understanding of greenhouse gas (GHG) accounting methodologies and the intricacies of carbon credit projects.
- **ISO & IMS Training:** Comprehensive training on international standards such as ISO, ensuring organizations are equipped with the knowledge to implement and maintain high-quality management systems.
- **Carbon Neutrality Awareness Programs:** These programs aim to educate businesses and individuals on the importance of achieving carbon neutrality and the steps needed to reach this goal.

- **Sustainability & Net Zero Services:** Tailored training sessions focusing on sustainability practices and strategies to achieve net-zero emissions, a critical goal in combating climate change.
- **Climate Change Services:** In-depth courses that cover the broad spectrum of climate change-related services, including impact assessments, adaptation strategies, and risk management.
- **Sustainability and ESG Services:** Training on Environmental, Social, and Governance (ESG) criteria, helping businesses integrate these vital components into their operations.
- **Green Certification & Resource Efficiency Services:** Guidance on achieving green certifications and enhancing resource efficiency, critical for businesses aiming to reduce their environmental footprint.
- **Climate Investments & Community-Based Projects:** Courses designed to equip participants with the knowledge to drive climate investments and implement community-based projects that deliver tangible environmental and social benefits.

Pioneering New Frontiers

The EKI Academy also intends to focus on advanced and emerging areas such as Nature-Based Solutions (NBS), Extended Producer Responsibilities (EPR) & Plastic Credits Projects, and the operationalization of Article 6 of the Paris Agreement. These specialized programs reflect EKI's commitment to staying at the forefront of environmental services and driving innovation in the sector.

Mr. Manish Dabkara, Chairman and Managing Director, EKI Energy Services Ltd. Said, "We have been planning to launch the EKI Academy for a long time and now that it has formally materialised, it is a very inspiring time for all of us. This academy is a natural extension of our mission to lead the global transition towards a low-carbon and sustainable future."

Ms. Sonali Sheikh, Whole-Time Director, EKI Energy Services said, "The Academy will serve as a hub for learning and innovation, equipping the next generation of future leaders who are environmentally as well as socially more responsible with the skills and knowledge needed to tackle the pressing environmental challenges of our time, while becoming corporate giants."

EKI Academy invites professionals, organizations, and stakeholders across all sectors to join this pioneering initiative. Whether you're looking to enhance your sustainability credentials, comply with international standards, or contribute to global climate goals, EKI Academy provides the tools and training to help you succeed.
