Vedanta will progress to asset owner with demerger: Anil Agarwal

NEW DELHI. The proposed demerger of Vedanta's diverse verticals that represent more than 15 commodities, will see the company progress from being asset managers to asset owners, Chairman Anil Agarwal has said. The proposed demerger will create independent companies housing aluminium, oil and gas, power, steel and ferrous materials, and base metals businesses. The existing zinc and new incubated businesses will remain under Vedanta Ltd. "Our expansionary moves are aligned with our business model transformation. The upcoming demerger of our diverse verticals that represent more than 15 commodities, will see us progress from being asset managers to asset owners," Agarwal said in a latest report. As the company passes through the transition phase, Vedanta is focusing on consolidating and strengthening its asset base to emerge as world leader in each of its verticals, the Chairman said.

Diversified natural resources company Vedanta Ltd has filed the demerger scheme with the National Company Law Tribunal (NCLT) after receiving a nod from lenders and is hopeful of completing the process by the end of this fiscal. Vedanta has received approval from 75 per cent of secured creditors for the proposed demerger of its businesses. The demerger will help in simplifying the company's corporate structure by creating independent businesses. Moreover, it will offer global investors direct investment opportunities in pure-play companies linked to the country's impressive growth. From FY24 onwards, the company is investing USD 1.9 billion as growth capex across its businesses. Vedanta reported a 36.5 per cent rise in consolidated net profit at Rs 3,606 crore for the quarter ended June 30, 2024, due to improved margins and robust cost reduction across all operations. The company had posted a net profit of Rs 2,640 crore in the year-ago period. Consolidated income in the April-June period rose to Rs 36,698 crore over Rs 34,279 crore in the year-ago period.

Vedanta Ltd, a subsidiary of Vedanta Resources, is a diversified global natural resources company with operations in oil and gas, zinc, lead, silver, copper, iron ore, steel, aluminium and power across India, South Africa and Namibia.

Air India sees 60 per cent fall in losses at Rs 4,444 crore

NEW DELHI. Tata Group-owned Air India reported 60% fall in losses to Rs 4,444.10 crore in FY24 over the previous year, as per Tata Sons annual report for FY24. The airline had reported a loss of Rs 11,387.96 crore in FY23. The turnover grew 23.69% to Rs 38,812 crore during the reporting year as against a turnover of Rs 31,377 crore, the report stated. The group is consolidating its aviation presence with the merger of AirAsia India (AIX Connect) with Air India Express and the ongoing merger of Vistara with Air India. The airline also said Air India has recorded its highest consolidated annual operating revenues of Rs 51,365 crore, up 24.5% over FY23 driven by growth in capacity to 1,059 million available seat kilometres, which was 21% higher over the previous year, it said. It saw an improvement in passenger factor to 85% against 82% in 2022-23. During the reporting year, 40.45 million passengers were flown by operating 800 daily flights, including 55 domestic and 44 international destinations, it said. Tata Group fully owns three airlines - Air India, Air India Express, and AIX - while Vistara is a 51:49 joint venture between the group and Singapore Airlines. It has announced that Vistara will operate its last flight under its banner on November 11 and its operations will be merged with Air India on November 12.

Banks To Hire Young Graduates As Apprentices With Rs 5,000 Monthly Stipend, Check Details Here

New Delhi: Banks are mulling to hire graduates under 25 years of age as apprentices in a month. The move follows a budget announcement by Finance Minister Nirmala Sitharaman, under which the government is targeting to provide internships at top-500 companies for up to 1 crore youth over the next five years. The scheme is likely to be implemented within a month. Stipend: Lenders will be paying a stipend of Rs 5,000 a month to such candidates who will get trained on a specialised skill set during the stint, industry lobby grouping Indian Banks Association's chief executive Sunil Mehta told news agency PTI. Explaining the banks' role in implementing the scheme, Mehta added, "There are a lot of areas where we don't need any skilled manpower for example marketing, recoveries. We can give them training in those areas and they can create employment for themselves."

The candidates applying for apprentice should be a graduate between 21-25 years of age, should not be a taxpayer and not possess a degree from top institutions like IIT or IIM, Mehta said. Mehta also hinted that such apprentices, who can be hired for up to 12 months, will also be hired in other areas like working as business correspondents to take the banking services to the last mile. Post-Apprentice Prospects: Such candidates will not "vanish" after their stints at banks, Mehta said, adding that there is also a possibility of some of them getting absorbed as employees. He, however, did not share the total number of interns or apprentices that the banks will be hiring but added that all banks will be participating in the initiative.

India's power generation and transmission sectors 2.2 times by FY2030

NEW DELHI. India's power generation and transmission sectors are expected to witness significant growth in the coming years, according to a recent report by Jefferies. The report projects that the power generation and transmission sectors will grow 2.2 times to \$280 billion between FY24 and FY30 compared to FY17-23. Additionally, to sustain the economy's rapid growth, power consumption is expected to increase by more than 7 per cent annually. By FY30, India's total power generation capacity will need to rise from 442 GW in FY24 to 673 GW to prevent power shortages.

That peak power deficits are becoming more frequent due to years of underinvestment in the sector. To avoid regular power shortages, the focus will be on accelerating capacity additions and increasing investment in power equipment and distribution (T&D) transmission sectors.

equipment and distribution (T&D) transmission sectors are expected to increase significantly, particularly in thermal power, where the annual addition rate is set to rise from the current 2-5 GW to 17 GW. Renewable energy capacity will also grow rapidly, with the annual capacity addition expected to increase 3.5 times between FY24 and FY27 compared to FY10-20. India has set a target to achieve 450 GW of renewable energy by 2030.

The power transmission sector is also poised for significant growth, with the bid pipeline increasing seven-fold over the past three years, from less than Rs 150 billion in February 2021 to Rs 1 trillion in projects currently up for bidding.

This rapid expansion will be driven by the government's focus on expanding renewable energy capacity and the growing needs for storage, green hydrogen, data centres, and electric vehicle infrastructure.

Death of adult burnt due to cylinder burst in Ratnagiri

Ratnagiri: An adult died due to leakage of a domestic gas cylinder in Shembwane-Gomanewadi (Sangameswar).

He died while undergoing treatment there. Due to this incident, a mountain of grief has fallen on the Bambade family on the occasion of Ganeshotsav.

According to detailed reports, Balu Soma Bambade (age 55) of Gomanewadi in Shembwane village was worshipping Ganesh idol at home. His wife called out to him during Saravan and asked him to move the gas cylinder aside. This time there was a gas leak. As a result, the cylinder exploded and Balu Bambade was seriously injured. It was 90 per cent burnt. As soon as the news of the incident came around, the villagers immediately admitted him to the Sangameswar Rural Hospital. However, as his condition was critical, he was admitted to Ratnagiri District Government Hospital for further treatment.

He died while undergoing treatment there. Due to this incident, a mountain of grief has fallen on the Bambade family on the occasion of Ganeshotsav.
