Sub.: Approval received to Manufacture of Type-IV Composite CNG Cylinders confirming to ISO: 11119-3:2013.

Ref: Regulation 30 of SEBI (Listing Obligations and Disclosure Requirements) Regulations, 2015

We are pleased to inform that we have received approval to manufacture and market 265 Ltrs. Type-IV Composite CNG Cylinders from Petroleum and Explosive Safety Organization (PESO).

The Supreme Industries Ltd (Supreme) has set up a pilot plant to manufacture Type IV Composite CNG cylinders for supply of CNG through cascades with an annual installed capacity of 3600 cylinders with a revenue potential of about 60 crore per annum. The capacity will be further enhanced to address huge market for composite CNG cylinders.

CNG tanks have an increased demand due to the market shift of vehicles towards the use of CNG which is much cheaper and environment friendly. The composite CNG cylinders for cascades are lighter in weight compared to currently used steel CNG cylinders.

Supreme is second manufacturer in India to get the approval to manufacture Type-IV Composite CNG Cylinders.

Please take the same on records

Thanking you,

Yours faithfully,
For The Supreme Industries Ltd.

(R.J. Saboo)
VP (Corporate Affairs) &
Company Secretary
