Dear Sir/Madam,

Sub: Intimation pursuant to Regulation 30 of SEBI (Listing Obligation and Disclosure Requirements) Regulations, 2015

In continuation of our prior intimation dated 30th October 2024, regarding the operational timeline of Unit III in Odisha located at Village Podbahal, Sardar Sundargarh Tahsil, Sundargarh district, we wish to provide the following update:

We had earlier anticipated the operational commencement of the unit by the end of November 2024. However, due to unforeseen delays in securing the electricity connection from the contractor/IDCO, the plant could not commence operations as planned.

We are pleased to inform you that all other construction and setup activities at the plant have been completed, and the plant is fully ready for operations. Based on the current progress of securing the electricity connection, we are now anticipating the operational commencement of the unit by the end of January 2025.

We remain in constant coordination with the concerned authorities to expedite the process and will provide further updates as required.

Please take note of the same.

Thanking you,

Yours faithfully,

FOR VIBHOR STEEL TUBES LIMITED

Mr. Lovkesh

Company Secretary & Compliance Officer
