

## Autoline Industries Set for Strong FY25 with New Industry 4.0 Press Line and Enhanced Production

**10<sup>th</sup> August 2024, Pune:** Autoline Industries Limited, a leading auto components manufacturer, announced its Unaudited Financial Results for the Q1 FY25 period which ended on 30<sup>th</sup> June 2024.

### Key Business Highlights:

- ▲ **Revenue & Margins:** Looking ahead, FY25 is poised to see a substantial uptick in automotive, non-automotive and tooling orders, bolstered by both existing partnerships and new customer acquisitions. The demand from passenger and commercial vehicle segments has been robust and consistent. The company's strategic emphasis on cost optimization such as Utilization of 100% de-coiling facility, robotic automation, resulted in notable margin improvements.
- ▲ **Sanand Plant:** The Industry 4.0-enabled Tandem press line and 100% Robotics at the Sanand plant, a key element in the company's growth strategy, began its production ramp-up in April 2024. This facility is set to play a pivotal role in scaling production with improved productivity with 30% efficiency improvement for new and existing passenger vehicle models, in both EV and IC variants for Tata Motors and other customers.
- ▲ **Operational Efficiency:** The Company has leveraged an optimized product mix, and enhanced automation to drive significant improvements in both EBITDA and PAT margins. These gains are reflective of the company's strong operational discipline, strategic cost management, and the successful implementation of productivity-enhancing technologies.
- ▲ **Fundraising and Chakan Plant Expansion:** In a move to scale its production capabilities, the company successfully raised ₹48.82 Crores through CCD & share Warrants. These funds are earmarked for a strategic expansion – new tandem press line of the Industry 4.0 enabled Chakan plant, aimed at meeting increasing demand from leading OEMs such as Mahindra & Mahindra, Tata Motors, Fiat, and Hyundai. The expansion is on track for completion by Q3 FY25, with new production lines expected to go live in Q4 FY25.
