Defence ministry notifies fifth indigenisation list

Consisting of 346 defence items, it aims to boost Aatmanirbharta

ANUSHKA
New Delhi, 16 July

With the aim of boosting Aatmanirbharta (self-reliance) in defence production and minimising imports by defence public sector undertakings (DPSUs), the Ministry of Defence (MoD) has notified a fifth positive indigenisation list (PIL) comprising 346 defence items. The MoD has ordered that "these items will only be procured from the Indian industry after the timelines of indigenisation as indicated in the list available on the MoD's Srian portal (<https://srian.defence.gov.in/>).

A PIL is expected to provide assurance to the domestic defence industry, which has frequently burned its fingers by expending the money and effort on developing a defence product. It led to the MoD importing them from the global market instead.

The MoD had launched the Srian portal in 2023. It provides a forum for DPSUs and service headquarters (SHQs) to offer defence items for indigenisation to private industries. They include micro, small and medium enterprises (MSMEs) and startups. "Our aim is to apprise the Indian defence industry about the anticipated requirements of the armed forces, so that they are better prepared to realise the goal of indigenisation," declared Rajnath Singh at the release of the first list in August 2020.

GOING LOCAL

► The first positive indigenisation list of 101 items was promulgated by the ministry in August 2020

► This was followed by a second list consisting of 102 defence equipment items

► Such a list is expected to provide assurance to domestic industry, which has frequently burned its fingers by expending money and effort on developing a defence product

The items expected to be indigenised include strategically-important line replacement units (LRUs)/systems, sub-systems/assemblies/sub-assemblies/spares and components and raw materials, with import substitution value worth ₹10.48 crore.

The DPSUs involved in the fifth PIL include Hindustan Aeronautics Limited (HAL), Bharat Electronics Ltd (BEL), Bharat Dynamics Ltd (BDL), Bharat Earth Movers Ltd (BELM),

India Optel Ltd (IOL), Mazagon Dock Shipbuilders Ltd (MDL), Garden Reach Shipbuilders & Engineers Ltd (GRSE) and Hindustan Shipyard Ltd (HSL). These have initiated processes for issuing expressions of interests (EOIs)/request for proposals (RFPs) on their respective websites.

The first PIL of 101 items was promulgated by the MoD in August 2020. This was followed by a second PIL, consisting of 102 defence equipment items, taking them to 209. These were the number of items that must be compulsorily procured from Indian companies, the number rising each year up to 2025.

In this incremental manner, four PILs comprising 4,666 items have so far been notified by the MoD for DPSUs.

Of this, 2,972 items, having import substitution value worth ₹3,400 crore, have already been indigenised.

These five lists for DPSUs are in addition to the five PILs of 509 items notified by the Department of Military Affairs (DMA). These lists include highly-complex systems, sensors, weapons and ammunition.

Till June 2024, over 36,000 defence items were offered to the industry for indigenisation by the DPSUs and SHQs. Of them, more than 12,300 items have been indigenised in the last three years. As a result, the DPSUs have placed orders on domestic vendors to the tune of ₹7,572 crore.

4 Army personnel killed in Doda terror attack; search for terrorists underway

PRESS TRUST OF INDIA
Jammu, 16 July

Four Army personnel, including a Captain, lost their lives in a fierce gunfight with heavily armed terrorists of Pakistan-based banned outfit, Jish-e-Mohammad (JeM) in Doda district of Jammu and Kashmir.

The fallen soldiers were identified as Captain Brijesh Thapa from DoriJoling, Naik Dokkari Rajesh from Andhra Pradesh, and Sepoys Bijendra and Ajay Kumar Singh from Rajasthan. The encounter, which took place in the dense forests of Doda district, late Monday evening, had sparked widespread condemnation and protests in Jammu and other regions.

In New Delhi, the opposition Congress attacked the Centre with Rahul Gandhi asserting that the government should take full responsibility for the repeated security lapses and take strict action against the culprits. Gandhi also said such horrific incidents one after the other are extremely sad and worrying, and that Army soldiers and their families are bearing the brunt of "BJP's wrong policies".

The latest incident marks the third major clash between security forces and terrorists in Jammu region within the past three weeks, highlighting the escalating tensions in the area. It comes a week after terrorists ambushed an Army patrol in the remote Machhel forest belt in Kathua district which claimed the lives of five soldiers and injured as many. Security forces, including troops of the Rashtriya Rifles and Special Operations Group of Jammu and Kashmir Police, swiftly launched a joint cord and search operation in the Desha forest belt following the encounter.

Defence ministry notifies fifth indigenisation list

Consisting of 346 defence items, it aims to boost *Aatmanirbharta*

AJA SHUKLA
New Delhi, 16 July

With the aim of boosting *Aatmanirbharta* (self-reliance) in defence production and minimising imports by defence public sector undertakings (DPSUs), the Ministry of Defence (MoD) has notified a fifth positive indigenisation list (PIL) comprising 346 defence items. The MoD has ordered that "these items will only be procured from the Indian industry after the timelines of indigenisation as indicated in the list available on the MoD's Srijan portal (<https://srijan.defence.gov.in/>).

GOING LOCAL

The first positive indigenisation list of 101 items was promulgated by the ministry in August 2020.

This was followed by a second list consisting of 108 defence equipment items.

Such a list is expected to provide assurance to domestic industry, which has frequently burned its fingers by expending money and effort on developing a defence product.

The items expected to be indigenised include strategically-important line replacement units (LRUs)/systems/sub-systems/assembly/spare and components and raw materials, with import substitution value worth ₹1.048 crore.

The DPSUs involved in the fifth PIL include Hindustan Aeronautics Limited (HAL), Bharat Electronics Ltd (BEL), Bharat Dynamics Ltd (BDL), Bharat Earth Movers Ltd (BHEL),

India Optel Ltd (IOL), Mazagon Dock Shipbuilders Ltd (MDL), Garden Reach Shipbuilders & Engineers Ltd (GRSEL) and Hindustan Shipyard Ltd (HSL). These have initiated processes for issuing expressions of interests (EOIs)/request for proposals (RFPs) on their respective websites.

The first PIL of 101 items was promulgated by the MoD in August 2020. This was followed by a second PIL, consisting of 108 defence equipment items, taking them to 209. These were the number of items that must be compulsorily procured from Indian companies, the number rising each year up to 2028.

In this incremental manner, four PILs comprising 4,666 items have so far been notified by the MoD for DPSUs.

Of this, 2,972 items, having import substitution value worth ₹3,400 crore, have already been indigenised. The five lists for DPSUs are in addition to the five PILs of 509 items notified by the Department of Military Affairs (DMA). These lists include highly-complex systems, sensors, weapons and ammunition.

Till June 2024, over 36,000 defence items were offered to the industry for indigenisation by the DPSUs and SHQs. Of them, more than 12,300 items have been indigenised in the last three years. As a result, the DPSUs have placed orders on domestic vendors to the tune of ₹57.2 crore.

Defence ministry notifies fifth indigenisation list

Consisting of 346 defence items, it aims to boost *Aatmanirbharta*

ANUSHULA New Delhi, 16 July

With the aim of boosting *Aatmanirbharta* (self-reliance) in defence production and minimising imports by defence public sector undertakings (DPSUs), the Ministry of Defence (MoD) has notified a fifth positive indigenisation list (PIL) comprising 346 defence items. The MoD has ordered that these items will only be procured from the Indian industry after the timelines of indigenisation as indicated in the list available on the MoD's Srian portal (<https://srian.defence.gov.in/>).

A PIL is expected to provide assurance to the domestic defence industry, which has frequently burned its fingers by expending the money and effort on developing a defence product. It led to the MoD importing them from the global market instead. The MoD had launched the Srian portal in 2023. It provides a forum for DPSUs and service headquarters (SHQs) to offer defence items for indigenisation to private industries. They include micro, small and medium enterprises (MSMEs) and startups. "Our aim is to tap into the Indian defence industry about the anticipated requirements of the armed forces, so that they are better prepared to realise the goal of indigenisation," declared Rajnath Singh at the release of the first list in August 2020.

GOING LOCAL

The first positive indigenisation list of 101 items was promulgated by the ministry in August 2020.

This was followed by a second list consisting of 108 defence equipment items.

Such a list is expected to provide assurance to domestic industry, which has frequently burned its fingers by expending money and effort on developing a defence product.

The items expected to be indigenised include strategically important line replacement units (LRUs)/systems/sub-systems/assemblies/sub-assemblies/spares and components and raw materials, with import substitution value worth 11,048 crore.

The DPSUs involved in the fifth PIL include Hindustan Aeronautics Limited (HAL), Bharat Electronics Ltd (BEL), Bharat Dynamics Ltd (BDL), Bharat Earth Movers Ltd (BELM),

India Optel Ltd (IOL), Mazagon Dock Shipbuilders Ltd (MDL), Garden Reach Shipbuilders & Engineers Ltd (GRSE) and Hindustan Shipyard Ltd (HSL). These have initiated processes for issuing expressions of interests (EOIs)/request for proposals (RFPs) on their respective websites.

The first PIL of 101 items was promulgated by the MoD in August 2020. This was followed by a second PIL, consisting of 108 defence equipment items, taking them to 209. These were the number of items that must be compulsorily procured from Indian companies, the number rising each year up to 2025.

In this incremental manner, four PILs comprising 4,666 items have so far been notified by the MoD for DPSUs.

Of this, 2,972 items, having import substitution value worth 43,400 crore, have already been indigenised.

These five lists for DPSUs are in addition to the five PILs of 509 items notified by the Department of Military Affairs (DMA). These lists include highly-complex systems, sensors, weapons and ammunition.

On June 24, over 36,000 defence items were offered to the industry for indigenisation by the DPSUs and SHQs. Of them, more than 12,300 items have been indigenised in the last three years. As a result, the DPSUs have placed orders on domestic vendors to the tune of 17,572 crore.

4 Army personnel killed in Doda terror attack; search for terrorists underway

PRESS TRUST OF INDIA Jammu, 16 July

Four Army personnel, including a Captain, lost their lives in a fierce gunfight with heavily armed terrorists of Pakistan-based militant outfit Jaish-e-Mohammed (JeM) in Doda district of Jammu and Kashmir.

The fallen soldiers were identified as Captain Brijesh Thapa from Darjeeling, Naik Dukkaraj Rajesh from Andhra Pradesh, and Sepoys Bijendra and Ajay Kumar Singh from Rajasthan. The encounter, which took place in the dense forests of Doda district late Monday evening, has sparked widespread condemnation and protests in Jammu and other regions.

In New Delhi, the opposition Congress attacked the Centre with Rahul Gandhi asserting that the government should take full responsibility for the repeated security lapses and take strict action against the culprits. Gandhi also said such horrific incidents one after the other are extremely sad and worrying, and that Army soldiers and their families are bearing the brunt of "BJP's weak policies".

The latest incident marks the third major clash between security forces and terrorists in Jammu region within the past three weeks, highlighting the escalating tensions in the area. It comes a week after terrorists ambushed an Army patrol in the remote Machhel forest belt in Kathua district which claimed the lives of five soldiers and injured as many. Security forces, including troops of the Rashtriya Rifles and Special Operations Group of Jammu and Kashmir Police, swiftly launched a joint cordon and search operation in the Dosa forest belt following the encounter.

Defence minister notifies fifth indigenisation list

Consisting of 346 defence items, it aims to boost Aatmanirbharta

AJAY SHUKLA
New Delhi, 16 July

With the aim of boosting Aatmanirbharta (self-reliance) in defence production and minimising imports by defence public sector undertakings (DPSUs), the Ministry of Defence (MoD) has notified a fifth positive indigenisation list (PIL) comprising 346 defence items. The MoD has ordered that "these items will only be procured from the Indian industry after the timelines of indigenisation as indicated in the list available on the MoD's Srijan portal (<https://srijan.defence.gov.in/>)."

A PIL is expected to provide assurance to the domestic defence industry, which has frequently been criticised for expending the money and effort on developing a defence product. It led to the MoD importing them from the global market instead.

The MoD had launched the Srijan portal in 2020. It provides a forum for DPSUs to bid for defence items (SI/IGs) to offer defence items for indigenisation to private industries. They include micro, small and medium enterprises (MSMEs) and startups. "Our aim is to apprise the Indian defence industry about the anticipated requirements of the defence forces, so that they are better prepared to realise the goal of indigenisation," declared Rajnath Singh at the release of the first list in August 2020.

GOING LOCAL

The first positive indigenisation list of 101 items was promulgated by the ministry in August 2020

This was followed by a second list consisting of 108 defence equipment items

Such a list is expected to provide assurance to domestic industry, which has frequently been criticised for expending money and effort on developing a defence product

The items expected to be indigenised include strategically-important line replacement units (LRUs)/systems/sub-systems/assemblies/sub-assemblies/spares and components and raw materials, with import substitution value worth ₹1,948 crore. The DPSUs involved in the fifth PIL include Hindustan Aeronautics Limited (HAL), Bharat Electronics Ltd (BEL), Bharat Dynamics Ltd (BDL), Bharat Earth Movers Ltd (BELM),

India Optel Ltd (IOEL), Mazagon Dock Shipbuilders Ltd (MDL), Garden Reach Shipbuilders & Engineers Ltd (GRSE) and Hindustan Shipyard Ltd (HSL). These have initiated processes for issuing expressions of interests (EOIs) request for proposals (RFPs) on their respective websites.

The first PIL of 101 items was promulgated by the MoD in August 2020. This was followed by a second PIL, consisting of 108 defence equipment items, taking them to 209. These were the number of items that must be compulsorily procured from Indian companies, the number rising each year up to 2025.

In this incremental manner, four PILs comprising 4,666 items have so far been notified by the MoD for DPSUs.

Of this, 2,972 items, having import substitution value worth ₹3,400 crore, have already been indigenised.

These five lists for DPSUs are in addition to the five PILs of 509 items notified by the Department of Military Affairs (DMA). These lists include highly-complex systems, sensors, weapons and ammunition.

Till June 2024, over 36,000 defence items were offered to the industry for indigenisation by the DPSUs and BELs. Of them, more than 12,300 items have been indigenised in the last three years. As a result, the DPSUs have placed orders on domestic vendors to the tune of ₹7,572 crore.

4 Army personnel killed in Doda terror attack; search for terrorists underway

PRESS TRUST OF INDIA
Jammu, 16 July

Four Army personnel, including a Captain, lost their lives in a fierce gunfight with heavily armed terrorists of Pakistan-based banned outfit, Jish-e-Mohammad (JeM) in Doda district of Jammu and Kashmir.

The fallen soldiers were identified as Captain Brijesh Thapa from Darjeeling, Naik Dokkari Rajesh from Andhra Pradesh, and Sepoy Bijendra and Ajay Kumar Singh from Rajasthan. The encounter, which took place in the dense forests of Doda district late Monday evening, has sparked widespread condemnation and protests in Jammu and other regions.

In New Delhi, the opposition Congress attacked the Centre with Rahul Gandhi asserting that the government should take full responsibility for the repeated security lapses and take strict action against the culprits. Gandhi also said such horrific incidents one after the other are extremely sad and worrying, and that Army soldiers and their families are bearing the brunt of "BJP's wrong policies".

The latest incident marks the third major clash between security forces and terrorists in Jammu region within the past three weeks, highlighting the escalating tensions in the area. It comes a week after terrorists ambushed an Army patrol in the remote Machedi forest belt in Kathua district which claimed the lives of five soldiers and injured as many Security forces, including troops of the Rashtriya Rifles and Special Operations Group of Jammu and Kashmir Police, swiftly launched a joint cordon and search operation in the Dera forest belt following the encounter.

Defence ministry notifies fifth indigenisation list

Consisting of 346 defence items, it aims to boost Aatmanirbharta

AAJ SHUKLA
New Delhi, 16 July

With the aim of boosting Aatmanirbharta (self-reliance) in defence production and minimising imports by defence public sector undertakings (DPSUs), the Ministry of Defence (MoD) has notified a fifth positive indigenisation list (PIL) comprising 346 defence items. The MoD has ordered that "these items will only be procured from the Indian industry after the timelines of indigenisation as indicated in the list available on the MoD's Srijan portal (<http://www.srijan.gov.in>).

A PIL is expected to provide assurance to the domestic defence industry, which has frequently burned its fingers by expending the money and effort on developing a defence product. It ties to the MoD importing them from the global market instead.

The MoD had launched the Srijan portal in 2020. It provides a forum for DPSUs and service headquarters (SHQs) to offer defence items for indigenisation to private industries. They include micro, small and medium enterprises (MSMEs) and startups. "Our aim is to apprise the Indian defence industry about the anticipated requirements of the armed forces, so that they are better prepared to realise the goal of indigenisation," declared Rajnath Singh at the release of the first list in August 2020.

GOING LOCAL

The first positive indigenisation list of 101 items was promulgated by the ministry in August 2020

This was followed by a second list consisting of 108 defence equipment items

A list is expected to provide assurance to domestic industry, which has frequently burned its fingers by expending money and effort on developing a defence product

The items expected to be indigenised include strategically-important line replacement units (LRUs)/systems/sub-systems/assemblies/sub-components/spares and components and raw materials, with import substitution value worth ₹10.48 crore.

The DPSUs involved in the fifth PIL include Hindustan Aeronautics Limited (HAL), Bharat Electronics Ltd (BEL), Bharat Dynamics Ltd (BDL), Bharat Earth Movers Ltd (BEMEL),

India Optel Ltd (IOL), Mazagon Dock Shipbuilders Ltd (MDL), Garden Reach Shipbuilders & Engineers Ltd (GRSE) and Hindustan Shipyard Ltd (HSL). These have initiated processes for issuing expressions of interests (EOIs)/request for proposals (RFPs) on their respective websites.

The first PIL of 101 items was promulgated by the MoD in August 2020. This was followed by a second PIL, consisting of 108 defence equipment items, taking them to 209. These were the number of items that must be compulsorily procured from Indian companies, the numbering being each year up to 2025.

In this incremental manner, four PILs comprising 4,666 items have so far been notified by the MoD for DPSUs.

Of this, 2,972 items, having import substitution value worth ₹3,400 crore, have already been indigenised. These five lists for DPSUs are in addition to the five PILs of 509 items notified by the Department of Military Affairs (DMA). These lists include highly-complex systems, sensors, weapons and ammunition.

Until June 2024, over 36,000 defence items were offered to the DPSUs and SHQs. Of them, more than 12,300 items have been indigenised in the last three years. As a result, the DPSUs have placed orders on domestic vendors to the tune of ₹7,572 crore.

4 Army personnel killed in Doda terror attack; search for terrorists underway

PRESS TRUST OF INDIA
Jammu, 16 July

Four Army personnel, including a Captain, lost their lives in a fierce gunfight with heavily armed terrorists of Pakistan-based banned outfit Jaish-e-Mohammad (JeM) in Doda district of Jammu and Kashmir.

The fallen soldiers were identified as Captain Brijesh Thapa from Darjeeling, Naik Dulkari Rajesh from Andhra Pradesh, and Sepoys Bijendra and Ajay Kumar Singh from Rajasthan. The encounter, which took place in the dense forests of Doda district late Monday evening, has sparked widespread condemnation and protests in Jammu and other regions.

In New Delhi, the opposition Congress attacked the Centre with Rahul Gandhi asserting that the government should take full responsibility for the repeated security lapses and take strict action against the culprits. Gandhi also said such horrific incidents are one after the other and are extremely sad and worrying, and that Army soldiers and their families are bearing the brunt of "BJP's wrong policies".

The latest incident marks the third major clash between security forces and terrorists in Jammu region within the past three weeks, highlighting the escalating tensions in the area. It comes a week after terrorists ambushed an Army patrol in the remote Panchdara forest belt in Kathua district which claimed the lives of five soldiers and injured many. Security forces, including troops of the Rashtriya Rifles and Special Operations Group of Jammu and Kashmir Police, swiftly launched a joint cordon and search operation in the Doda forest belt following the encounter.

Defence ministry notifies fifth indigenisation list

Consisting of 346 defence items, it aims to boost Aatmanirbharta

ANISH KUMAR
New Delhi, 16 July

With the aim of boosting Aatmanirbharta (self-reliance) in defence production and minimising imports by defence public sector undertakings (DPSUs), the Ministry of Defence (MoD) has notified a fifth indigenisation list (FIL) comprising 346 defence items. The MoD has ordered that "these items will only be procured from the Indian industry after the timelines of indigenisation as indicated in the list available on the MoD's Srijan portal (<https://srijan.defence.gov.in/>)."

A PIL is expected to provide assurance to the domestic defence industry, which has frequently burned its fingers by expending the money and effort on developing a defence product. It led to the MoD imposing strict terms from the global market instead. The MoD had launched the Srijan portal in 2020. It provides a forum for DPSUs and service headquarters (SHOs) to offer defence items for indigenisation to private industries. They include micro, small and medium enterprises (MSMEs) and startups. "Our aim is to apprise the Indian defence industry about the anticipated requirements of the armed forces, so that they are better prepared to realise the goal of indigenisation," declared Rajnath Singh at the release of the first list in August 2020.

GOING LOCAL

The first positive indigenisation list of 101 items was promulgated by the ministry in August 2020.

This was followed by a second list consisting of 108 defence equipment items.

A such a list is expected to provide assurance to domestic industry, which has frequently burned its fingers by expending money and effort on developing a defence product.

The items expected to be indigenised include strategically important line replacement units (LRUs)/systems/sub-systems/assemblies/spares and components and raw materials, with import substitution value worth ₹10,488 crore.

The DPSUs include Bharat Electronics Limited (BEL), Bharat Dynamics Ltd (BDL), Bharat Earth Movers Ltd (BELML),

India Optel Ltd (IOL), Mazagon Dock Shipbuilders Ltd (MDL), Garden Reach Shipbuilders & Engineers Ltd (GRSE) and Hindustan Shipyard Ltd (HSL). These have initiated processes for issuing expressions of interests (EOIs)/request for proposals (RFPs) on their respective websites.

The first PIL of 101 items was promulgated by the MoD in August 2020. This was followed by a second PIL, consisting of 108 defence equipment items, taking them to 209. These were the number of items that must be compulsorily procured from Indian companies, the number rising each year up to 2025.

In this incremental manner, four PILs comprising 4,066 items have so far been notified by the MoD for DPSUs.

Of this, 2,972 items, having import substitution value worth ₹3,400 crore, have already been indigenised.

These five lists for DPSUs are in addition to the five PILs of 509 items notified by the Department of Military Affairs (DMA). These lists include highly-complex systems, sensors, weapons and ammunition.

Till June 2024, over 36,000 defence items were offered to the industry for indigenisation by the DPSUs and SHOs. Of them, more than 12,300 items have been indigenised in the last three years. As a result, the MoD has placed orders on domestic vendors to the tune of ₹7,522 crore.

Defence ministry notifies fifth indigenisation list

Consisting of 346 defence items, it aims to boost *Aatmanirbharta*

AM SHUKLA
New Delhi, 16 July

With the aim of boosting *Aatmanirbharta* (self-reliance) in defence production and minimising imports by defence public sector undertakings (DPSUs), the Ministry of Defence (MoD) has notified a fifth positive indigenisation list (PIL) comprising 346 defence items. The MoD has ordered that "these items will only be procured from the Indian industry after the timeliness of indigenisation as indicated in the list available on the MoD's Srijan portal (<https://srijan.defence.gov.in/>)."

A PIL is expected to provide assurance to the domestic defence industry, which has frequently burned its fingers by expending the money and effort on developing a defence product. It led to the MoD importing them from the global market instead.

The MoD had launched the Srijan portal in 2020. It provides a forum for DPSUs and service headquarters (SHQs) to offer defence items for indigenisation to private industries. They include micro, small and medium enterprises (MSMEs) and startups. "Our aim is to apprise the Indian defence industry about the anticipated requirements of the armed forces, so that they are better prepared to realise the goal of indigenisation," declared Rajnath Singh at the release of the first list in August 2020.

GOING LOCAL

The first positive indigenisation list of 101 items was promulgated by the ministry in August 2020

This was followed by a second list consisting of 108 defence equipment items

Such a list is expected to provide assurance to domestic industry, which has frequently burned its fingers by expending money and effort on developing a defence product

The items expected to be indigenised include strategically important line replacement units (LRUs)/systems/sub-systems/assemblies/sub-assemblies/spares and components and raw materials, with import substitution value worth ₹1,048 crore.

The DPSUs involved in the fifth PIL include Hindustan Aeronautics Limited (HAL), Bharat Electronics Ltd (BEL), Bharat Dynamics Ltd (BDL), Bharat Earth Movers Ltd (BEML),

India Optel Ltd (IOEL), Mazagon Dock Shipbuilders Ltd (MDL), Garden Reach Shipbuilders & Engineers Ltd (GRSE) and Hindustan Shipyard Ltd (HSL). These have initiated processes for issuing expressions of interests (EOIs)/request for proposals (RFPs) on their respective websites.

The first PIL of 101 items was promulgated by the MoD in August 2020. This was followed by a second PIL, consisting of 108 defence equipment items, in August 2021. These were the number of items that must be compulsorily procured from Indian companies, the number rising each year up to 2025.

In this incremental manner, four PILs comprising 4,666 items have so far been notified by the MoD for DPSUs.

Of this, 2,972 items, having import substitution value worth ₹3,400 crore, have already been indigenised.

These five lists for DPSUs are in addition to the five PILs of 509 items notified by the Department of Military Affairs (DMA). These lists include highly-complex systems, sensors, weapons and ammunition.

Till June 2024, over 36,000 defence items were offered to the DPSUs for indigenisation by the MoD. Of these, more than 12,300 items have been indigenised in the last three years. As a result, the DPSUs have placed orders on domestic vendors to the tune of ₹2,572 crore.

4 Army personnel killed in Doda terror attack; search for terrorists underway

PRESS TRUST OF INDIA
Jammu, 16 July

Four Army personnel, including a Captain, lost their lives in a fierce gunfight with heavily armed terrorists of Pakistan-based banned outfit Jish-e-Mohammad (JeM) in Doda district of Jammu and Kashmir.

The fallen soldiers were identified as Captain Brijesh Thapa from Dorjaling, Naik Dinkar Rajesh from Andhra Pradesh, and Sepoy Bijendra and Ajay Kumar Singh from Rajasthan. The encounter, which took place in the dense forests of Doda district late Monday evening, has sparked widespread condemnation and protests in Jammu and other regions.

In New Delhi, the opposition Congress attacked the Centre with Rahul Gandhi asserting that the government should take full responsibility for the repeated security lapses and take strict action against the culprits. Gandhi also said such horrific incidents occur after the other are extremely sad and worrying, and that Army soldiers and their families are bearing the brunt of "BJP's wrong policies".

The latest incident marks the third major clash between security forces and terrorists in Jammu region within the past three weeks, highlighting the escalating tensions in the area. It comes a week after terrorists ambushed an Army patrol in the remote Chamed forest belt in Kathua district which claimed the lives of five soldiers and injured as many Security forces, including troops of the Rashtriya Rifles and Special Operations Group of Jammu and Kashmir Police, swiftly launched a joint operation and search operation in the Desha forest belt following the encounter.

Price hikes may partially cushion tyre firms' margins

Shares rally for 2nd consecutive day

DEEPAK KONGANUR
Mumbai, 16 July

Shares of tyre companies rallied for a second consecutive day on Tuesday, with most of the big players registering cumulative gains of up to 6 per cent over the past two days. Apollo Tyres clocked 6 per cent gains followed by JK Tyre at 4.7 per cent and Goodyear at 3.8 per cent. MRF made cumulative gains of 2.7 per cent. MRF has reportedly increased rates of its truck tyres by 2 per cent, while prices of passenger car and radial tyres were increased by 3-7 per cent. There was no hike in the prices of two-wheelers as yet, according to a *CNBC TV18* report. Last month, media reports stated that domestic tyre companies undertook a price hike of 1-2.5 per cent with effect from July 1. In response to rise in key raw material prices (primarily natural rubber).

RIDING ON MOMENTUM

The price rise comes as a relief for the domestic tyre industry amidst unprecedented rise in natural rubber prices at around ₹200 per kg (11-year-high). IGCI Securities had said in a note. Most of the tyre companies had guided for 4-5 per cent rise in raw material costs for FY25 versus FY24, wherein natural rubber was quoted at ₹180 per kg. The firms indicated that they will partially pass on the hike to consumers through 1-2 per cent price rise. This move shall limit margin fall of the domestic tyre companies, with most of them expecting to realise and sustain mid-teens operating profit margin profile. This price hike, however, does not fully cover the recent rise in raw material costs, IGCI Securities said in an earlier note. With rising international prices and the end of the peak produc-

tion season in India, coupled with the export incentive of 15 per cent, natural rubber prices surged to ₹185 per kg in March 24 from ₹150 per kg in Q3FY24. Additionally, port restrictions on natural rubber imports continued in India, with imports only allowed at Nhava Sheva and Chennai ports. The inverted duty structure on natural rubber at 25 per cent or ₹30 per kg, whichever is lower, persisted throughout the year, leading to a 23 per cent rise in local natural rubber prices during FY24, Apollo Tyres said.

Meanwhile, the tyre sector is expected to witness steady demand, supported by the government's persistent focus on infrastructure development and rise in raw material prices. The overall outlook for the tyre industry remains positive. Raw material prices remained stable in the early part of the year, but showed an upward trend during the later part. The domestic NR availability is inadequate and the industry is making efforts to enlarge plantations in the North eastern states to encourage enhanced domestic production, JK Tyre said in its FY24 annual report. The tyre industry is expected to grow at a healthy pace, as the Indian automotive sector is expected to reach a size of \$300 billion by FY26-27. To capitalise on this opportunity, JK Tyre has focused on deleveraging and strengthening its balance sheet throughout the year, positioning the company for a high-growth trajectory, the company said. Meanwhile, commercial vehicles are likely to show muted growth in the current year. Growth of passenger vehicles may moderate considering the high base and strong growth in the last three years. Industry body Society for Indian Automobile Manufacturers (SIAM) expects a 3 to 5 per cent growth in the financial year 2025. Two wheeler sales are showing signs of improvement and this may continue into the current year, considering favourable monsoon and likely improvement in rural demand.

Altered financial situation? Switch your tax regime

BINDISHA SRANG

When filing their income tax return (ITR), taxpayers can switch between the new and the old tax regime. While salaried taxpayers are allowed greater flexibility in this regard, those with business and professional income have limited opportunities to shift.

The new tax regime is automatically selected during the ITR filing process. If the taxpayer is dissatisfied with the new tax regime, they may submit Form 10IE to switch between the two tax regimes," says Aditya Reddy, an international tax lawyer.

Two regimes

The new tax regime was introduced from 2020-21 and was subsequently made the default regime. "Assesses have been given the option to calculate income, work out the tax liability, and after that opt for the tax regime that is beneficial to them," says chartered account-

ant Shashwat Singh, proprietor, The Shashwat Singh and Co.

Which works best

The new tax regime benefits people with incomes up to ₹7 lakh. The breakeven point is where there is no difference in tax liability between the old and the new tax regime. Experts have calculated breakeven points for different situations to help taxpayers decide which is more beneficial.

"If an individual has no deductions available under the old tax regime, the new tax regime is always more beneficial. If a taxpayer uses only Section 80C deduction, the new tax regime is beneficial. If deductions are availed under sections 80C and 80D, the breakeven point is ₹8,25,000. Opt for the new tax regime if your income is above ₹8,25,000," says Naveen Badhwa, vice-president, research and advisory at Taxmann. Taxpayers who avail of deductions under Section 80C, Section 80D, and Section 24 (interest on housing loans) should opt for the old tax regime.

"If an individual makes sig-

nificant financial investments, she should stick to the old regime. If the individual prefers straightforward computation without any tax benefits, the new regime would be suitable," says Alay Ravi, partner, Accord Jurs.

Points to remember

Individuals, Hindu Undivided Families (HUFs), Associations of Persons (AOPs) excluding cooperative societies, Bodies of Individuals (BOIs), or Artificial Juridical Persons with business or professional income are not granted annual flexibility to switch between the two tax regimes.

"Once they opt out of the new tax regime, they are allowed a single opportunity to transition to the new regime. Upon choosing to return to the new regime, they relinquish the option to revert to the old regime in subsequent periods. In contrast, individuals with non-business income may annually elect between the new and the old tax regime. The choice of the old tax regime must be made before the filing deadline stipulated under Section 139(1) of the Income-Tax (I-T) Act within the same fiscal year," says Kumar.

Experts say the government wants all taxpayers to eventually switch to the new tax regime. "It is simpler and does not require any paperwork to be collected or maintained by employers," says Patnaik.

The choice to switch to the old tax regime should be carefully made, especially by non-salaried individuals. Get professional help if you are unable to make the decision yourself.

FORM 10-IEA ESSENTIALS

- Used by taxpayers opting out of the new tax regime
- Who must submit? Taxpayers with business or professional income, including those filing ITR-3, ITR-4, or ITR-5 (excluding cooperative societies)
- Who is exempt? Taxpayers without business or professional income, including individuals and HUFs filing ITR-1 or ITR-2
- Direct opt-out: Taxpayers without business or professional income can express their preference to opt out of the new regime on their ITR form without filing Form 10-IEA

Why standard deduction matters in ITR for salaried taxpayers?

A flat deduction of ₹50,000 from taxable income under the head 'Salaries' aims to simplify tax filings for the middle-class and pensioners and reduce the overall tax burden. While individuals receiving a salary or pension can claim standard deduction, business owners cannot.

STANDARD DEDUCTION UNDER NEW TAX REGIME

The new tax regime eliminates most common deductions for individuals, such as those under Section 80C, which allows for deductions up to ₹1.5 lakh for investments in specified assets, or deductions for medical insurance premiums. If someone opts for the new regime, they must forgo these deductions even if they have made the required investments. But standard deduction is an exception and is available under both the old and new tax regimes.

DOCUMENTS REQUIRED FOR STANDARD DEDUCTION

- Bank statements of related previous year
- Income statements from interest or fixed deposits
- TDS (Tax Deducted at Source) certificates
- Investment documents
- Form 26AS and Form AIS

Defence ministry notifies fifth indigenisation list

Consisting of 346 defence items, it aims to boost Aatmanirbharta

ANU SHUKLA
New Delhi, 16 July

With the aim of boosting Aatmanirbharta (self-reliance) in defence production and minimising imports by defence public sector undertakings (DPSUs), the Ministry of Defence (MoD) has notified a fifth positive indigenisation list (PIL) comprising 346 defence items. The MoD has ordered that "these items will only be procured from the Indian industry after the timelines of indigenisation as indicated in the list available on the MoD's Srijan portal (<https://srijan.defence.gov.in>)."

A PIL is expected to provide assurance to the domestic defence industry, which has frequently burnt its fingers by expending money and effort on developing a defence product. It led to the MoD importing them from the global market instead.

The MoD had launched the Srijan portal in 2020. It provides a forum for DPSUs and service headquarters (SHOs) to offer defence items for indigenisation to private industries. They include micro, small and medium enterprises (MSMEs) and startups. "Our aim is to apprise the Indian defence industry about the indigenisation requirements of the armed forces, so that they are better prepared to realise the goal of indigenisation," declared Rajnath Singh at the release of the first list in August 2020.

GOING LOCAL

The first positive indigenisation list of 101 items was promulgated by the ministry in August 2020

This was followed by a second list consisting of 108 defence equipment items

Such a list is expected to provide assurance to domestic industry, which has frequently burnt its fingers by expending money and effort on developing a defence product

The items expected to be indigenised include strategically-important line replacement units (LRUs)/systems/sub-systems/assemblies/sub-assemblies/spares and components and raw materials, with import substitution value worth US\$46 crore.

The DPSUs involved in the fifth PIL include Hindustan Aeronautics Limited (HAL), Bharat Electronics Ltd (BEL), Bharat Dynamics Ltd (BDL), Bharat Earth Movers Ltd (BEMEL),

India Optel Ltd (IOL), Mazagon Dock Shipbuilders Ltd (MDL), Garden Reach Shipbuilders & Engineers Ltd (GRSEL) and Hindustan Shipyard Ltd (HSL). These have initiated processes for issuing expressions of interest (EOI)/request for proposals (RFPs) on their respective websites.

The first PIL of 101 items was promulgated by the MoD in August 2020. This was followed by a second PIL, consisting of 208 defence equipment items, taking them to 209. These were the number of items that must be compulsorily procured from Indian companies, the number rising each year up to 2025.

In this incremental manner, four PILs comprising 4,666 items have so far been notified by the MoD for DPSUs.

Of this, 2,972 items, having import substitution value worth US\$3,400 crore, have already been indigenised.

These five lists for DPSUs are in addition to the PILs of 509 items notified by the Department of Military Affairs (DMA). These lists include highly-complex systems, sensors, weapons and ammunition.

Till June 2024, over 36,000 defence items were offered to the industry for indigenisation by the DPSUs and SHOs. Of them, more than 12,300 items have been indigenised in the last three years. As a result, the DPSUs have placed orders on domestic vendors to the tune of US\$7,572 crore.

4 Army personnel killed in Doda terror attack; search for terrorists underway

PRESS TRUST OF INDIA
Jammu, 16 July

Four Army personnel, including a Captain, lost their lives in a fierce gunfight with heavily armed terrorists of Pakistan-based banned outfit, Jaish-e-Mohammad (JeM) in Doda district of Jammu and Kashmir. The fallen soldiers were identified as Captain Brijesh Thapa from Jammu, Naik Dokkari Rakesh from Andhra Pradesh, and Sepoys Bijendra and Ajay Kumar Singh from Rajasthan. The encounter, which took place in the dense forests of Doda district last Monday evening, has sparked widespread condemnation and protests in Jammu and other regions.

In New Delhi, the opposition Congress attacked the Centre with Rahul Gandhi asserting that the government should take full responsibility for the repeated security lapses and take strict action against the culprits. Gandhi also said such horrific incidents one after another are extremely sad and worrying, and that Army soldiers and their families are bearing the brunt of "BJP's wrong policies".

The latest incident marks the third major clash between security forces and terrorists in Jammu region within the past three weeks, highlighting the escalating tensions in the area. It comes a week after terrorists ambushed an Army patrol in the remote Macheri forest belt in Kathua district which claimed the lives of five soldiers and injured some. Major Security Forces, including troops of the Rashtriya Rifles and Special Operations Group of Jammu and Kashmir Police, swiftly launched a joint cordon and search operation in the Doda forest belt following the encounter.

BANDAGED TRUMP GETS RAPTUROUS WELCOME

TRUMP'S ECONOMIC AGENDA

Broad outlines of his economic plans were articulated at the Republican convention but with little detailing

HIGH TARIFFS

Trump says he wants tariffs on trade partners. It's a pitch he made in his first shot at presidency as well

He had raised a tariff wall against China, EU and other nations, claiming it was a measure to protect US manufacturing jobs.

But analysis by economists Kimberly Clausing and Mary Lovely found that Trump's tariffs would cost a typical US household \$1,700 a year.

TAX-FREE TIPS

Trump wants to make receiving tips by workers tax-free

It has bipartisan backing. Both GOP and Democrats want ban on taxes on tips paid to workers.

INFLATION

Republican platform promises to defeat inflation and quickly bring down prices of goods

Trump's tariff plans could worsen inflation. It's unclear how he would lower inflation

CORPORATE TAX

Trump also wants to cut the corporate tax rate

Companies like Trump's ideas to further lower the corporate tax rate from 21% to 20%.

GREEN ECONOMY

On Trump's the basket of proposals is pumping out more oil, natural gas and coal

Trump promises to scrap President Biden's policies to develop the market for electric vehicles and renewable energy

Going against tradition, the former president made an appearance towards the end of Day 1 at the Republican National Convention

MILWAUKEE

FORMER US president Donald Trump, wearing a bandage partially covering his right ear, made his first public appearance at the Republican National Convention here since surviving an assassination attempt.

He escaped an assassination bid over the weekend while attending a public rally in Philadelphia. Thousands of Republican delegates, supporters and members of the Republican party chanted 'fight' as he entered the convention hall.

Supporters on the convention floor and standing in the stadium sang along to a live rendition of "God Bless the USA" with singer Lee Greenwood as Trump waved to supporters and joined family members and new running mate JD Vance in their seats.

Trump wore a subdued look as the room around him erupted and chants of "USA" rang out. On Monday, delegates from across the country elected him as the Republican presidential nominee for the November 5 general election against incumbent Democratic President Joe Biden.

The delegation from Florida put him over the top, with Eric

Trump was accompanied by Senator JD Vance, his running mate. Earlier in the day, Trump announced that Vance would be his running mate.

During a radio interview earlier Monday, former White House physician Ronny Jackson said the bullet that grazed Trump took part of the top of his ear off.

"It just took the top of his ear off, a little bit of the top of his

ear off, as it passed through," he was quoted by CNN. "It was bleeding like crazy."

Jackson said that Trump's injury is "dressed up. He'll be okay.. It's going to granulate and heal in, and he's not going to need anything to be done with it." Ignoring conventions Trump appeared in person on Day 1 at RNC.

In 2016, he took the stage briefly on Night 1 after a WWE-style entrance, while Democratic nominee Hillary Clinton didn't appear in person until Night 3 of the Democratic convention when she appeared onstage alongside President Barack Obama after his speech.

Indian Americans mark their presence on first day of event

MILWAUKEE

FROM taking the floor to announce all-out support for Donald Trump to reciting Ardaas, Indian Americans attending in large numbers have made their mark on the first day of the high-profile Republican National Convention being held here, days after the party's presumptive presidential candidate survived an assassination bid.

Indian-American politician Abraham George, elected chairman of the Texas Republican Party in May, took to the floor to announce that all the delegates from his state were voting for Trump.

Harmeet Dhillon, RNC National Committeewoman from California, recited Ardaas (an appeal to God) at the convention, which officially nominated the 78-year-old former US president as the party's presidential candidate in the Nov 5 election.

Usha Vance, wife of Ohio Senator J D Vance, was also on the floor: There was

a lot of excitement as Vance was announced as the running mate of Trump.

Ohio State Senator Niraj Atani and Dr Sampat Shivangi were the other two Indian Americans on the floor as the delegates.

"This is a historic convention," Dr Shivangi said. "The entire party is now united and standing together with Trump," said Dr Shivangi who has attended six conventions so far.

Trump confidant Kash Patel, who is the Deputy Communications Director for the 2024 Republican National Convention, Sunny Reddy, a candidate for the Wayne State University Board of Governors of Michigan along with Sam Matthew, are also attending the convention.

Entrepreneur-turned-politician Vivek Ramaswamy and former South Carolina Governor Nikki Haley, the two Indian-origin politicians who contested and lost the race to Trump during the primaries, are scheduled to address the convention.

Harmeet Dhillon

Biden to hit campaign trail, woo Blacks

LAS VEGAS

PRESIDENT Joe Biden returns to the campaign trail Tuesday for the first time since the attempted assassination of his Republican rival, former President Donald Trump, aiming to sharpen the choice voters will face this November in the wake of the attack.

Biden's remarks to both groups come as Democrats have been engaged in a weeks-long crisis of confidence over Biden's candidacy after his devastating debate with Trump last month. The president's shaky performance inflamed voter concerns about his age, fitness for office and capacity to defeat Trump once again.

Trump has tried to appeal to both Black and Latino voters, hoping to capitalise on Biden's sagging favourability. While it's not clear that the loss of enthusiasm for Biden has helped Trump's approval with those groups, any marginal loss of support for Biden could prove pivotal in a close race.
