Diplomacy, not war: Modi's keynote on Ukraine crisis

India, Poland take relations to next level with strategic partnership upgrade

SUBHAYAN CHAKRABORTY
New Delhi, 22 August

Prime Minister (PM) Narendra Modi reiterated India's stance on the ongoing war in Ukraine on Thursday, calling for dialogue and diplomacy rather than military solutions. He also announced the elevation of India's bilateral ties with Poland to the level of a strategic partnership.

"The ongoing conflicts in Ukraine and West Asia are a matter of deep concern for all of us. India firmly believes that no problem can be solved on the battlefield," Modi said at a joint press conference with Polish PM Donald Tusk in Warsaw.

The PM was on a two-day visit to Poland and departed for Ukraine on Thursday night.

"The loss of innocent lives in this crisis is the biggest challenge for humanity. We support dialogue and diplomacy for the early restoration of peace and stability. India is ready to provide all possible support along with its friendly countries," Modi added.

Modi and Tusk emphasised the need for a comprehensive, just, and lasting peace in line with international law.

"They also noted the negative impacts of the war in Ukraine on global food and energy security, particularly for the Global South. In the context of this war, they shared the view that the use, or threat of use, of nuclear weapons is unacceptable," a joint statement released after the meeting read.

Strategic partnership

Modi's visit marks the first by an Indian PM in 45 years and coincides with the 70th anniversary of diplomatic relations between the two countries.

The meeting covered a wide range of bilateral issues, including trade and investment, science and technology, defence, and security.

Modi invited Polish companies to participate in the mega food parks being developed in India.

"The rapid urbanisation in India is opening up new opportunities for cooper-

ation in areas such as water treatment, solid waste management, and urban infrastructure," he said.

"The two leaders agreed that significant opportunities exist for economic and business collaboration in sectors such as food processing, urban infrastructure, water, solid waste management, electric vehicle, green hydrogen, renewable energy, artificial intelligence, mining, and clean technology," the Ministry of External Affairs said in a statement.

Poland is emerging as a crucial fulcrum for Indian trade and investment in Central Europe, with the country currently having the sixth-largest economy in the European Union. It is set to hold the next presidency of the Council of the EU. Modi's visit aimed to strengthen Indian presence in a key European economy that is positioning itself as a low-cost manufacturing and logistics centre on the continent.

Both sides have also agreed to enhance bilateral cooperation on digitisation and cybersecurity measures.

India can play vital role in bringing swift and just end to Ukraine conflict: Polish PM

India can play a vital role in bringing a swift and just end to the conflict in Ukraine, Polish Prime Minister Donald Tusk said on Thursday after he held talks with Prime Minister Narendra Modi, who is embarking on a historic visit to Kyiv.

In his media statement, Tusk said that he and the Indian Prime Minister clarified their positions on issues that concern the whole world today. "I am very pleased that the Prime Minister confirmed the readiness of his personal commitment to a peaceful, just, quick end to the war. We are both convinced that India can play a very serious role here, and a positive role," Tusk said.

"We are united in our conviction that India is capable of playing an important and positive role in this matter," he was quoted as saying by the Polish Press Agency.

J&K POLLS

Cong, NC join hands on all seats; Rahul vows to fight for statehood

ARCHIS MOHAN
New Delhi, 22 August

The Congress leadership on Thursday promised to fight for restoring Jammu and Kashmir's (J&K's) statehood, and asserted that it wanted opposition parties in the Union Territory to contest the forthcoming Assembly polls as part of a single alliance.

The Farooq Abdullah-led National Conference (NC) announced that it has sealed an alliance with the Congress on all 90 Assembly seats of J&K. There is still no clarity whether the Mehbooba Mufti-led People's Democratic Party (PDP) will be part of the alliance. To a question whether the PDP could be a part of the alliance, Abdullah said, "No

House panel on Waqf meets, Oppn opposes amendments

At the first meeting of the Joint Committee of Parliament on the Waqf (Amendment) Bill on Thursday, Opposition members of Parliament (MPs) flagged concerns over several provisions, including the proposal to appoint non-Muslims to Waqf boards, empowering district collectors to decide ownership of a disputed property, and deletion of Urdu words from the law. According to sources, the Lok Janshakti Party (Ram Vilas) and Telugu Desam Party (TDP) members of the committee advocated wider consultations on the amendments and stressed the need to address the Muslim community's concerns on the Bill. ARCHIS MOHAN

doors are closed for anybody". He said the seat sharing arrangement will be announced before each phase of the elections. Congress chief Mallikarjun Kharge and Leader of the Opposition in the Lok Sabha Rahul Gandhi, were on a visit to J&K where they met party workers and the leadership of its ally NC.

In the recent Lok Sabha polls, the Congress and NC had a seat sharing formula with each other, but not with the PDP. The PDP and NC are both constituents of the Congress-led INDIA bloc.

On his meeting with Kharge and Gandhi, Abdullah said: "The alliance is on track and, God willing, it will run smoothly. The alliance is final. It will be signed this evening and the alliance is on all 90 seats." He said Communist Party of India (Marxist) leader and former legislator M Y Tariqami will also be a part of the alliance.

The three-phase elections to the 90-member J&K Assembly will be held on September 18, September 25 and October 1.

CRISIL SME TRACKER

Steel MSMEs may see softer growth this financial year

The growth of micro, small and medium enterprises (MSMEs) in the steel sector may moderate this financial year (FY25).

The moderation will be because of slower spending growth of core infrastructure ministries such as railways, road, rural and urban development, power, renewable energy and civil aviation. The growth can moderate from 15.1 per cent (FY24 Revised Estimates (RE) vs FY23 Actuals) to 8.4 per cent (FY25 Budget Estimates vs FY24 RE).

Despite this, growth is still projected to exceed decadal averages and will continue to be aided by demand from infrastructure and construction segments.

Steel MSMEs in India mainly manufacture long-steel products such as reinforcing bars and wire rods using induction-based furnaces from raw material such as steel scrap and sponge iron, or by re-rolling billets. A majority of the sponge

SHARE OF MSMEs IN STEEL PRODUCTION
MSMEs 12-14%
Others 86-88%

Note: Producers with crude steel capacity less than 90 kilotonne per annum are considered for estimating MSME share

iron players import low-ash thermal coal for production and, hence, thermal coal and iron ore have a material bearing on sponge iron prices. Cumulative demand for long steel in the first quarter of FY25 stood at about 19.1 million tonnes (mt), up 1.75 mt, or 10.1 per cent year-on-year (Y-o-Y). CRISIL Market Intelligence & Analytics

(MI&A) projects long steel demand to grow 6-8 per cent in FY25 as well as over the medium term by FY29.

Similarly, production of long steel increased 9.8 per cent Y-o-Y in the first quarter.

Of the total 19.3 mt finished steel production, 71.3 per cent was manufactured by medium and small steel mills and the remaining by six large integrated steel producers (JSW group, Tata Steel group, SAIL, JSP, AM/NS, and RINL).

India houses more than 600 small-scale induction-based furnace operators, constituting 12-14 per cent of the total crude steel capacity. Several small mills have either expanded capacity or integrated upstream or downstream capacities, thus moving out of the MSME bucket.

Continued domestic demand support, combined with cooling raw material prices, have kept margins positive and utilisation

levels high.

However, iron ore prices are likely to increase with the recent Supreme Court ruling underscoring the authority of states to impose taxes on minerals, in addition to the royalty levied by the Centre.

But a response from states remains a key factor, except Jharkhand — one of the iron ore producing states — which has passed a Bill to levy ₹100 per tonne tax on iron ore.

The levy will increase the cost of iron ore for mills by 2-3 per cent. MSMEs may see their margins contract as long-steel prices are expected to remain soft in FY25.

Decreasing volatility in steel prices will help steel re-rollers and traders gain better visibility of margins, while demand will ensure healthy inventory levels and working capital.

Higher capital rates and inflationary pressure are likely to increase the cost of doing business.
