Wipro Wins Multi-Million-Dollar Deal by Etihad Airways for IT Transformation and Cost Optimization

ABU DHABI | BENGALURU, India – Jan 30, 2025: Wipro Limited (NYSE: WIT, BSE: 507685, NSE: WIPRO), a leading technology services and consulting company, today announced that it has been selected by Etihad Airways, the national airline of the United Arab Emirates, to lead its comprehensive technology modernization. Wipro will ensure seamless migration of legacy systems and improve operational efficiency across key areas, including workplace, network, infrastructure, and service management.

As part of the five-year contract, Wipro FullStride Cloud will deliver a customized cloud-based solution that will provide Etihad Airways real-time insights into their resource utilization and improve operational agility and scalability for their global operations.

Wipro will also integrate Generative Artificial Intelligence (GenAI) modules across the IT framework - from automation of data centers to conversational support to end-users. GenAI will also provide intelligent device management and insights that will optimize performance and resolve potential disruptions proactively.

Frank Meyer, Chief Digital Officer, Etihad Airways, said, "We look forward to working with Wipro to prepare for the AI era, with an emphasis on innovation, sustainability, and cost optimization. Together, we aim to elevate our customers' experiences through advanced automation, intelligent operations, and enhanced observability."

Vinay Firake, CEO – Asia Pacific, Middle East and Africa (APMEA), Wipro Limited, said, "We are excited to embark on this journey with Etihad Airways and enable them to adapt to the dynamic needs of the aviation industry. Through our proven expertise in digital transformation and AI-powered solutions, we will deliver seamless, efficient and innovative services to their customers."

Additionally, Etihad Airways will gain access to Wipro's Innovation Lab in the UAE, which will play a pivotal role in enhancing their technology to meet the evolving demands of their global operations.

For more than two decades, Wipro has operated in the Middle East with thousands of employees and providing opportunities for local talent to effectively serve the clients in the region. The company brings its global expertise in the aviation industry and proven capabilities across cloud transformation to help clients unlock new opportunities.

Note: The deal was mentioned in Wipro Limited's financial results announcement press release, dated January 17th, 2025, for the quarter-ended December 31st, 2024, with a description of the company, but without naming it as Etihad Airways.

About Wipro Limited

Wipro Limited (NYSE: WIT, BSE: 507685, NSE: WIPRO) is a leading technology services and consulting company focused on building innovative solutions that address clients' most complex digital transformation needs. Forward-Looking Statements

The forward-looking statements contained herein represent Wipro's beliefs regarding future events, many of which are by their nature, inherently uncertain and outside Wipro's control. Such statements include, but are not limited to, statements regarding Wipro's growth prospects, its future financial operating results, and its plans, expectations and intentions. Wipro cautions readers that the forward-looking statements contained herein are subject to risks and uncertainties that could cause actual results to differ materially from the results anticipated by such statements. Such risks and uncertainties include, but are not limited to, risks and uncertainties regarding fluctuations in our earnings, revenue and profits, our ability to generate and manage growth, complete proposed corporate actions, intense competition in IT services, our ability to maintain our cost advantage, wage increases in India, our ability to attract and retain highly skilled professionals, time and cost overruns on fixed-price, fixed-time frame contracts, client concentration, restrictions on immigration, our ability to manage our international operations, reduced demand for technology in our key focus areas, disruptions in telecommunication networks, our ability to successfully complete and integrate potential acquisitions, liability for damages on our service contracts, the success of the companies in which we make strategic investments, withdrawal of fiscal governmental incentives, political instability, war, legal restrictions on raising capital or acquiring companies outside India, unauthorized use of our intellectual property and general economic conditions affecting our business and industry.

Additional risks that could affect our future operating results are more fully described in our filings with the United States Securities and Exchange Commission, including, but not limited to, Annual Reports on Form 20-F. These filings are available at www.sec.gov. We may, from time to time, make additional written and oral forward-looking statements, including statements contained in the company's filings with the Securities and Exchange Commission and our reports to shareholders. We do not undertake to update any forward-looking statement that may be made from time to time by us or on our behalf.
