- OIL subsidiary completed majority acquisition (51%) of leading Mumbai-based ISP Seven Star's broadband business; now christened as One7star. The new acquisition has helped in adding 100,000 broadband customers in high ARPU markets.
- Broadband and digital TV subscriber base continued to grow YoY at 14.9% and 6%, respectively, in Q1 FY2025.

Speaking on the results, **Partha DeSarkar, Whole-time Director and Group CEO of HGS** said: "HGS' revenues in the first quarter of FY2025 were in line with our expectations, considering the environment of continued macroeconomic volatility and delayed decision-making by some key clients. Profitability in the quarter was adversely impacted due to some one-time costs and we expect our profitability to improve from Q2 FY2025 onwards. During the quarter ended June 2025, we received additional payment towards the sale of the healthcare business resulting in net profit of Rs 218.5 crore shown under Profits from Discontinued Operations.

Our pipeline remains healthy, and we are enthused by the increasing demand for our technology-enabled CX services by both new and existing clients as evidenced by the number of new client engagements signed during FY2025, including larger cross-sell deals, across verticals such as telecom and public sector.

HGS is investing in developing tech offerings to support fast growing sectors like BFSI, retail & consumer, and hitech. Our aim is to help clients future-proof their businesses through digital transformation as AI becomes more mainstream."

CEO, NXTDIGITAL said, "The media division's performance, Vynsley Fernandes, Whole-time Director of HGS and CEO, NXTDIGITAL said, "The media division took off from where it left last fiscal – driving revenues on the back of a strong customer growth year – in both, broadband & digital television. The focus on monetizing the customer growth is best seen in the revenues from operations, which have continued to grow in Q1. Our investment in premier ISP Seven Star, now christened One7star - has its growth plan firmly on track, expanding into key markets in Maharashtra.

After making inroads into the enterprise connectivity solutions segment with CelerityX last year, we've now entered the MSME & Small Office Home Office or SOHO space with OneBusiness – providing Internet Leased Lines to commercial establishments. Again, we're leveraging our installed capacities and expansive network in key cities like Mumbai as a start - to provide just about every category of commercial establishment with dedicated quality connectivity and high reliability.

We're also heartened to see the regulatory changes brought about by TRAI in July. These initiatives reflect the Government's support for the content distribution sector, and we believe digital platforms like **NXT**DIGITAL will benefit, going forward."

HGS continues to focus on driving synergies between the tech-led CX and digital media (NXTDIGITAL) verticals by collaborating on building new solutions and enhancing team productivity through automation, etc. Recently, HGS launched the co-developed NetX application that provides customers a unified network-as-a-service solution covering network management.
