Welcome to the world of PGF!

Our history

The vision of Shri Parasraj G. Shah has taken root and flourished in Pipalia Kalan, a remote area in Rajasthan, promising sustained growth and prosperity for the future.

Founded in 1979, PG Foils has established a significant presence in Pipalia Kalan, playing a pivotal role in the region's development and contributing to its recognition as the area with the highest GDP in the Pali district.

Throughout our rich history, our founder and promoters have transformed Pipalia Kalan from a quiet desert village into a bustling manufacturing hub. This remarkable journey is marked by the unwavering dedication and courage of the individuals who continue to drive the Company's success. Our goals reflect our ongoing evolution, encapsulating the spirit of our Company as one that not only transforms aluminum but also transforms entire regions.

PG Foils has consistently prioritized innovation and excellence, ensuring that we remain at the forefront of the industry. Our commitment to sustainability and community development is evidenced by numerous initiatives aimed at enhancing the quality of life in Pipalia Kalan. As we look to the future, we remain dedicated to expanding our capabilities and exploring new opportunities, thereby cementing our legacy as a leader in the manufacturing sector.

Our growth strategy

With a focus on driving all-round excellence, we adhere to a five-pronged strategy to achieve sustainable long-term value. These include:

*Harness

ESTABLISHMENT 

Our identity

With a manufacturing capacity of 11,700 MTPA, PG Foils Limited (PGF) stands as one of the world's largest Indian stock market-listed companies engaged in the production and supply of aluminum foil and specialty aluminum flexible packaging products. Our clientele includes major Indian and international pharmaceutical companies, as well as customers across various other sectors.

Aluminum foil, renowned for its superior protective properties, is primarily used as a packaging material. Its unique attributes—moisture-proof, gas-proof, light-proof, and hygienic—make it unparalleled in preserving product quality. Reflecting 96% of light, it also enhances product appeal at the point of sale. Consequently, end users unconsciously and instinctively engage with PGF-manufactured products daily through:

- Pressing open a blister or pharma foil encasing a tablet
- Pulling off the tagger foil that preserves the quality and taste of consumables in cans
- Peeling open a biscuit or cookies packet
- Tearing open a sachet of sauce or milk powder
- Unwrapping the attractive packaging covering their ice cream cone
- Packing food items in aluminum foil to secure and retain freshness
- Dipping tea bag foils in hot liquids for a refreshing cup of tea

PG Foils manufactures a wide range of everyday use products under the PGF brand, which are distributed not only within India but also in over 25 countries, including the UK, UAE, Australia, Russia, Bangladesh, Sri Lanka, Egypt, Jordan, Mexico, Oman, Nepal, Philippines, Kenya, Ghana, Nigeria, and more.

Our mission extends beyond mere production; we aim to set new standards in packaging solutions, continuously innovating to meet the dynamic needs of the market. By fostering sustainable practices and maintaining the highest quality standards, we aspire to lead the industry and deliver exceptional value to our customers globally.

Letter from Our CMD

“PG Foils delivered a satisfactory performance in the fiscal year 2023-24. Our dedicated teams achieved growth despite the influx of new competitive players in the market. Through strategic initiatives and focused efforts, we have effectively managed to control our finance costs, ensuring the company's financial stability and sustainability”

Pankaj P. Shah,

*Chairman & Managing Director,
PG Foils Limited*

Dear Shareholders,

A warm welcome to the unveiling of PG Foils Limited's Annual Report for the fiscal year 2023-24. This report is a testament to our journey, the milestones we have achieved, the challenges we have overcome, and the path we have paved for the future. It reflects our unwavering commitment to excellence, innovation, and sustainable growth.

Before delving into our performance update and unveiling our future plans, I believe it's essential to revisit the foundation on which our achievements stand. Our success is built on the pillars of innovation, resilience, and a relentless commitment to excellence. These core values drive us to constantly seek new opportunities, adapt to changing market dynamics, and strive for operational excellence.

OUR EARLY HISTORY

Looking back, I am reminded of a pivotal turning point in our journey. When two prominent international players in the Indian aluminum packaging sector faced challenges and struggled to meet their supply commitments, a significant

opportunity arose for us. We had tirelessly pursued these customers for years, but the exacting specifications of our products made breaking through a daunting task. However, when issues arose with their existing vendors, these customers entrusted us with their orders. This fortunate turn of events, though born out of challenges, was immensely valued. We worked tirelessly to earn and maintain the trust of our customers, and many of them remain steadfast with us to this day.

This period was a crucible that steeled our resolve and prepared us for the challenges that lay ahead. But what truly bolstered us was the unwavering commitment of our team and the local community. They embraced the vision of building an industry in our village, and their dedication was truly inspiring. I take immense pride in the transformation our team has undergone, evolving into a highly skilled and specialized workforce.

Equally, I am delighted to see the growth of our land, now boasting the highest GDP in the Pali region of Rajasthan. I can't help but believe that my father would be pleased to witness this transformation. Our journey, marked by resilience and relentless pursuit of excellence, has not only

solidified our market position but also contributed significantly to the economic development of our community.

As we move forward, let us carry the lessons and the spirit of this pivotal period with us. It is this spirit of resilience, community support, and unwavering commitment to quality that will continue to drive our success in the years to come.

LEGACY OF EXCELLENCE IN THE ALUMINUM FOIL AND PACKAGING SECTOR

PG Foils holds a distinguished position in the aluminum foil and packaging industry, being the first indigenous company in the field, the first in northern India, and the first to be backed by Indian promoters. Situated in a village setting, our hands-on promoters and skilled homegrown team have gained expertise through firsthand experience. While many companies have declined, both before and after us, we have not only endured but thrived, thanks to our distinctive mindset and approach.

In a business where precision and quality are paramount, we understand the value of close proximity and vigilant supervision. Our plant and shop floor are not distant offices but the very heart of our operations. Our commitment to quality is unwavering. We know that compromised packaging can jeopardize millions, adhering to the principle that the manufacturer's own loss is immense if material rejects erode product value.

The heart of our success lies in fostering a unique culture—entrepreneurial, deeply engaged, and opportunistic. Our approach defies conventional norms. While we are undoubtedly process-driven, our business acumen, proactive engagement, and calculated risks, refined over decades, transcend traditional management practices. This approach has enabled us to improve our financial profile remarkably, even as we navigate the complexities of cash purchases and credit sales.

Quality remains our cornerstone. We source the finest materials, including aluminum from prestigious suppliers like Bahrain-based GARMCO, one of the oldest and largest downstream aluminum companies in the Middle East. We spare no effort in maintaining stringent quality parameters, ensuring that our products, crucial for essential consumables, meet the highest standards.

Our commitment to our customers extends beyond transactions. I personally undertake regular visits

to nurture these relationships, establishing a direct and sincere rapport. This relationship-building approach has been instrumental in transforming formal interactions into friendly alliances. In return, our customers trust us to deliver quality, cost-effectiveness, and timely delivery.

Our journey is a testament to determination, innovation, and customer trust. At PG Foils, we continue to set new benchmarks in the aluminum foil and packaging industry, driven by our commitment to excellence and a steadfast focus on the future.

FINANCIAL PERFORMANCE:

The year 2023-24 has been a period of resilience and strategic adaptation for PG Foils Limited. Our company recorded a satisfactory performance, with financial figures showing growth compared to the previous fiscal year. To further support our sustainable development goals, we strategically redeemed life insurance policies prematurely as we are getting good returns and by utilizing the funds we effectively manage and control finance costs. This approach underscores our commitment to maintaining financial stability while fostering long-term growth. The gist of performance in 2023-24 is given below:

- Income from operations Rs. 31715.67 Lacs
- EBIDTA for the financial year 2023-24 Rs.2931.53 Lacs
- Net profit for the financial year 2023-24 Rs.2007.42 Lacs
- Earning per share(EPS) Rs. 14.57
- On the balance sheet side, total assets Rs. 41299.27 Lacs in 2023-24
- We have nil non-current borrowings and are debt-free on a net debt basis, with cash and equivalent of Rs 16862.19 Lacs against debt liability of Rs. 7452.97 Lacs (as on 31 March 2024)

FINANCIAL MOBILIZATION:

Recognizing the importance of ensuring a solid financial foundation, we took proactive steps to bolster our working capital. By the end of March 2024, we successfully mobilized a total of 13.41 crore through a preferential issue. This initiative saw the participation of a diverse range of investors, including our valued promoter group. The funds raised through this effort will be judiciously utilized

to meet our future working capital requirements, thereby fortifying our ability to seize emerging opportunities.

WAY FORWARD:

While we faced headwinds in the form competitive challenges, I assure you that our dedication to excellence remains unwavering. We will continue to prioritize operational efficiency, product innovation, and customer satisfaction.

ACKNOWLEDGMENTS:

I extend my heartfelt gratitude to all our shareholders, whose unwavering support propels us forward. Our employees, stakeholders, and business partners also deserve a special mention for their invaluable contributions during this challenging period.

In conclusion, I am confident that the strategic decisions we have made, coupled with the unyielding determination of our entire team, will steer P G Foils Limited towards a brighter and more prosperous future.

Best wishes to you and your family,

Pankaj P Shah

Our Supply Chain Activities and Impacts

As a leading aluminium foils and flexible packaging brand of India, PGF's business operations have a multiplier effect on the economy – both via driving the customer's business forward as well as through direct and indirect employment creation. The Company especially focuses on local employment and youth upskilling, both prioritized national focus areas. Further, PGF also distributes sizeable share of value it generates to various stakeholders across its supply chain.

Suppliers, capital goods manufacturers, inbound logistics

Our manufacturing activities have a substantial cross-linkage with industries involved in primary, secondary and tertiary economic activities, creating largescale livelihood opportunities. In PGF's focus on value-addition, the Company procures aluminium rolls from both major Indian as well as international manufacturers. PGF is also proud of the rapid strides taken in mastering indigenous production and furthering the Company's identity in championing made in India products.

Value chain activities

Logistics (distribution)

Transporters form a critical link in the value chain by providing inbound / outbound logistical services, raising demand for commercial transportation vehicles. Thus, logistics generates employment for drivers and their assistants, small hotels and restaurants, transporters and their staff, and loaders and unloaders, etc. Furthermore, this activity also drives toll tax collection used for the development of highways and other infrastructure.

Fleet operators

Marketing and Sales

Due to the critical nature of the end product comprising medicine tablets, consumables, etc., our packaging needs to meet the stringent criteria laid down by our customers. Thus, our plants and operations are subject to regular audits and ratifications by them, which ensures that our shopfloor practices are consistently top-notch. Furthermore, we regularly support our customers in new product / packaging development, which reflects our own focus on innovation and being at the frontend of meeting customer demands and expectations.

Manufactured Capital

Our Manufactured Capital comprises our integrated production assets at our Pipaliya Kalan industrial facility. It also comprises our warehouses that are crucial for safe product stocking, storage and dispatch.

Statement on manufacturing excellence

With our enduring presence and specialized capabilities, we have consistently demonstrated cutting-edge manufacturing excellence, not only within India's aluminum packaging sector but also on a global scale. We take immense pride in setting industry benchmarks for product design and manufacturing that directly benefit our customers by enhancing the quality, safety, and sustainability of their products. Furthermore, our commitment to pioneering domestic production of specialty items has played a crucial role in import substitution, strengthening India's self-reliance in fulfilling essential needs such as medicines and food products.

This achievement is a testament to our dedication to innovation, quality, and contributing to the broader goal of national economic resilience and growth. Our efforts have not only bolstered our position as industry leaders but have also empowered us to drive positive change across sectors. As we continue to expand our capabilities and explore new frontiers, we remain steadfast in our mission to support the nation's progress and ensure the continued success of our customers and partners.

- Optimise production efficiencies and costs
- Lower consumption of key resources, such as aluminium, energy and water
- Ensure ongoing supervision and stock-taking for alignment with performance targets

Our integrated assets – from raw aluminium to specialty value-added packaging

Specializing in multilayer laminated and multicolour printed flexible packaging materials, we update our technology through debottlenecking to enhance capacity as well as ensure that our products are geared to perform in modern equipment and machines. Our integrated manufacturing facility with PLC-controlled machinery and equipment comprises various sections, which have been described below:

- Two high-speed and four high rolling mills from Acenbach, Germany, having rolling accuracy with auto gauge control and auto flatness system
- Two high-precision foil separators from Smutze, USA, with online ultrasonic welding
- Three breakdown and four high-rolling mills from Davy United, UK
- Poly laminators from Kampf, Germany and Black Clawson from Italy
- Extrusion laminating machines from Nakajima, Korea, and dry bond laminators from Sungun, Korea
- Nine and eight-colour printing machines from Sungun, Korea
- Slitting machines from Sungun, Korea
- Heavy gauge lamination machines

Our in-house support facilities enable production under one roof and help us directly control quality and cost- from raw material stage right through to finished products. These facilities are:

- Electronic artwork preparation unit
- Roll grinding unit
- Chemical mixing unit for uniform coating
- Co-extruded poly film unit
- Printing cylinder processing unit
- Captive power generation
- Truck fleet for seamless outbound/inbound delivery
- Enterprise resource planning (ERP)

Manufacturing excellence

Integration

Strong integration with assembly-like operations facilitates cost efficiency and quality assurance, enabling us to meet diverse demand quantity from 1 ton to 100 tons per month.

Localization

We are committed to localization for equipment upgrade and maintenance that provides stronger operational control.

Product development

New product development is an important part of our strategy and we have developed capabilities that enable us to create samples exactly as per customer specifications and hence meet new product launch timelines.

Product testing infrastructure

We possess a well-equipped testing facilities. For instance, we are the only in India to possess online pin hole testing equipment as well as remote print control technology enabling online inspection.

Utility

Solar power energy

We are among the few industrial facility in our sector to use green energy through our 2 MW solar plant that enables us to lower our total cost of electricity. Installation of another 1 MW is in progress that will further help lower electricity cost.

Safety

Our plant possesses state-of-the-art fire hydrant systems and quick response for safeguarding our people and assets in case of any extraneous events.

Recycling

We place emphasis on re-use and re-utilization of aluminium scrap and waste through producing our “Miracle” brand of foils made for household purposes.

Forward plans for 2024-25

- Integrate acquired facilities and scale their production
- Diversify into polyester-based products

Financial Capital

Statement on financial excellence

"I extend my gratitude for your unwavering support as we navigate the dynamic financial landscape of the financial year 2023-24. While our performance this year is satisfactory, we have faced challenges that required us to adapt and strategize effectively.

To ensure financial stability, we strategically redeemed life insurance policies prematurely, capitalizing on favorable returns. By utilizing these funds, we were able to effectively manage and control finance costs. This approach underscores our commitment to maintaining financial stability while fostering long-term growth.

Our focus remains steadfast on optimizing our operations, exploring avenues for cost-efficiency, and reinforcing our financial resilience. We are actively working to mitigate the impact of challenges on our performance, while proactively seeking opportunities to harness the market's potential.

The strength of our foundation, our unwavering dedication, and our persistent pursuit of excellence empower us to navigate through challenges and emerge even stronger. As we move forward, we are confident that our strategic initiatives, coupled with your continued support, will position us for a resurgence in performance and sustainable growth."

Head, Sales and Marketing

Progress achieved

- We have won the trust of several large and global customers across a wide number of sectors and industries who have reposed their faith in our products for the last many years
- We launched [12] new products over the past four years, thus becoming a key development and supply chain partner for our customers
- We possess deep understanding of the manufacturing process and through our experience are able to quickly address machinery / process issues, thus ensuring continuity of our assembly line and dependable customer service
- By virtue of a multidecade and globalized presence in the business, we have the experience of aluminium price forecasting and take opportunistic calls accordingly

Natural Capital

Our natural capital comprises all our renewable environmental resources and processes that support the identity of our Company as a sustainable business.

Principal objectives

- Preserve our natural resources to improve our sustainability credentials
- Minimise our carbon footprint

These focus areas enable us to augment our Natural Capital by addressing key environmental challenges, such as climate mitigation, pollution reduction, etc. These are prioritized to ensure environmental responsibilities and continual improvement to reduce environmental impacts.

Environment management approach

To reduce our environmental footprint, we have formulated standard policy and procedures to address the proper management of:

- Energy conservation
- Solid waste management
- Effluent water through treatment and reuse
- Air pollution
- Noise pollution
- Carbon emissions
- Chemicals management

Social and Relationship Capital

Our manufacturing site is entrenched in the community. As a result, we see our Social and Relationship Capital as the link between our presence and the broader society.

Our focus areas

We believe in sustainable and inclusive growth alongside business progress. This belief is embedded in our purpose and we put this into practice in responsible ways. Our Corporate Social Responsibility (CSR) philosophy also stems from the ethos of making a difference through social outreach. Based on this belief, we identify ways to work for the society to enable positive outcomes for all. During 2023-24, our focus was on healthcare and contributing to the nation's response to the pandemic.

Key objectives

- We seek to engage positively and have a constructive and meaningful impact on our social landscape
- We implement informed and targeted initiatives to maximise value among intended beneficiaries
- We believe in shared prosperity for amplifying community impact
- We align our citizenship initiatives and assess impact in consideration of the UN SDGs

Our main CSR focus areas

Community sustenance

Our community sustenance initiatives help in creating harmonious relations with the local communities in and around our operations, while uplifting their lives and livelihoods. We understand the needs of the people who live in adjoining areas around our plant and extend a helping hand whenever needed.

Health care

As part of our commitment to improving healthcare, the Paras Raj Bohra Memorial Trust, established in memory of our late Founder, operates a charitable hospital. This allopathic, fully charitable facility, known as Nanesh PG Memorial Hospital, provides free consultations and medications to those in need. The hospital offers an OPD, performs minor surgeries, and includes a dentistry practice. In the year 2023-24, the hospital benefited approximately 15,000 to 20,000 people.

To further enhance its services, the hospital installed MRI, CT scan, and sonography units on January 1, 2023, allowing patients to access these advanced medical diagnostics free of charge. In addition, the company contributed Rs. 5.50 Lacs in the financial year 2023-24 under the CSR scheme to further improve medical facilities in the town.

The trust has also contributed to the development of five fully-equipped mobile hospitals (buses converted into hospitals) with operation theatre,

pathological services, etc., to offer free medical services right at the doorstep of people, especially those living in remote areas for whom accessing a hospital is difficult. The mobile vans are also deployed to conduct general health check-up camps at a frequency of about 5 every month.

We focus on the health, safety and wellbeing of our people, especially those working on the shopfloor and mandate the use of personal protective equipment during work. We also provide equipment, such as gloves, helmets, safety harnesses, etc., so that they can remain safe and protected at all times. Moreover, we also build awareness around proper and safe working practices to avert any accidents or disasters.

Education

Education is the cornerstone of social and societal progress. With this belief, we have constructed and donated a school in Pipalia Kalan that is attended by almost [700+] children. We also offer scholarships to meritorious students.

National emergency and disaster relief

As a Company serving the nation, PGF extended support to alleviate the challenges of the pandemic, especially amongst the grassroots of society. Thus, we made both direct and indirect contributions during the national emergency declared on account of the pandemic. Besides, we also make humanitarian contributions for relief.

Maximizing impact through partnerships

With a view to maximize our social impact and create durable and long lasting value, we encourage employee volunteerism in community service..

Our approach to ESG

As the impact of climate change and inequality become more evident, the need for all stakeholders to ensure common cause, understanding and purpose, and to avoid damaging the environmental and social status for future generations has become a critically important imperative. Our long-term ESG strategy involves strengthening our internal policies on governance and climate action, as well as contribution to the United Nations' Sustainable Development Goals (UN SDGs). We recognize that people are the enabler of our business and a critical resource in fulfilling our ESG objectives and they have to be supported in the journey.

As an organization, we are on a journey towards meaningful ESG (environmental, social, governance) integration within our business operations and within our existing and future plans and investments.

Environmental

- We are dedicated to reducing our environmental / carbon footprint
- We are anchoring our identity and reputation more firmly on clean and sustainable manufacturing and industrialization
- We have made consistent investment in machinery and technology that has enabled us to reduce pollution and ensure improved alignment with environmental norms
- Our 2 MW solar power plant enables us to meet some part of our energy requirements and helps lower electricity costs and 1 MV is under process which was fully installed in the mid of 2024
- We focus on wastage elimination and have processes for waste re-use and re-utilization in ensuring resource circularity

Social

- We are reinforcing the value of our 'social contract' comprising the bonds we have been able to forge with our employees
- We assured employment security and did not effect any cuts in salary nor enforced retrenchment
- We extend healthcare support to needy communities through the Nanesh PG Memorial Hospital that is run by us and dispenses free services and medicines

Governance

- We are committed to ethical business practices
- We bolster business ethics and compliance via regular training and through ensuring alignment with best practices in business conduct
- We safeguard the business from bribery, corruption and fraudulent activities through ongoing vigilance
- We encourage whistle-blowing to bring to light any malpractice, thus protecting our brand and reputation

MANAGEMENT DISCUSSION AND ANALYSIS

The management of P G Foils Limited presents the analysis of performance of the company for the year 2023-24 and its outlook for the future. The outlook is based on assessment of the current business environment. It may vary due to future economic and other developments.

Industry Scenario

Aluminium Foil, Food Packaging Foil Manufacturing Plant, Detailed Project Report, Profile, Business Plan, Industry Trends, Market Research, Survey, Manufacturing Process, Machinery, Raw Materials, Feasibility Study, Investment Opportunities, Cost and Revenue, Plant Economics, Production Schedule, Working Capital Requirement, Plant Layout, Process Flow Sheet, Cost of Project, Projected Balance Sheets, Profitability Ratios, Break Even Analysis

Aluminium plays a major role in the modern world through its innumerable forms of applications- from kitchen ware to electric conductors and from railway wagon to Appollo spacecraft. Because of its intrinsic and versatile properties of lightness, strength to weight ratio, corrosion resistance, electrical and thermal conductivity, non toxicity etc., a wide range of uses has opened up for this metal. Aluminium as a packaging material is unmatched owing to its light weight, hygienic and non-contamination which eventually results in longer shelf-life of end products.

Aluminium foil is a thin sheet of metal. As such it can be an absolute barrier to moisture, gases, odors, bacteria and moulds. The high reflectivity of aluminium ensures good protection against radiant heat. whilst its opacity is important in preventing deterioration of a very large range of foods and drinks which are affected by light. It is used for packaging and non-packaging uses. The growth of this industry has been in the recent past, owing to the growing application of foil in a variety of products.

India is one of the key producers of aluminium foil in the region. Over 70% of aluminium foil used in India is for packaging applications. Pharmaceuticals followed by beverages, personal care and a wide range of food and non-food products, semi rigid containers and house foil are the principal applications of aluminium foil in India in the packaging sector. India is the biggest aluminium foil manufacturer in the country. Other major manufacturers include India Foils, Emco, PG Foils and Flex Art. Holding on to the emerging indicators and the future prospects. As a whole it is a good project for new entrepreneurs to invest.

Future outlook

Supply of Aluminium is in excess and any deficit can be imported at low rates of duty. Currently, the demand is stable while supply is in excess. Demand for aluminum is estimated to grow 6% - 8% per annum in view of the low per capita consumption in India.

Competition is primarily on quality and price, as being a commodity, differentiation is difficult. However, the recent spate of consolidation has reduced the competitive pressure in the industry. Further increasing value addition to aluminum products has helped some companies protect themselves from high volatilities witnessed in this industry.

Operational performance

During the year, your company achieved a Gross turnover excluding trading turnover of Rs.260.16 Crores as against Rs. 309.07 Crores in the previous year and production for the 5868.769 MT year as against last year 6138.133 MT.

Financial Performance

Profit before tax for the year is Rs.2007.42 Lacs compared to profit of Rs.239.47 Lacs in last year, Higher, mainly due to significantly lower LME prices of raw materials and an abnormal increase in the dollar-to-rupee exchange rate.

Resources & Liquidity

Company continues to maintain its conservative financial profile. Company Banked with IDBI Bank Limited for their working capital needs. Company has sufficient working capital limits of Rs. 195 Crores from IDBI Bank Ltd and HDFC Bank Ltd. at concessional and extremely competitive interest rate. Presently Company is not availing any cash credit facility due to ample liquidity. Cash Flow for less than 2 years is adequate to extinguish its entire debts timely. Company made most of local purchases on cash basis at discounted rates but overseas purchases are on credit basis on cheaper interest rates under buyer's credit facility.

Opportunities and outlook

Company has opportunity to increase production and sales turnover due to acceptance of product by most of the major Pharma Companies in India, Bangladesh and other countries.

Threats

Due to downfall in metal and grannual rates customers may ask for rate reduction and due to impose of Anti-Dumping duty on Foil Stock (raw material) on import from China the cost of raw material increase.

Risks and Concerns

The Risk Management framework of your Company ensures regular review by management to proactively identify the emerging risks, to do risk evaluation and risk prioritization along with development of risk mitigation plans and action taken to minimize the impact of the risk. The framework requires that the Risk Management Committee be periodically informed about risk minimization procedures adopted by your Company. These processes are also periodically reviewed by management. The various risks, including the risks related to the economy, regulation, competition, technology etc., are documented, monitored and managed efficiently.

Your company faces risk with similar to those faced by companies operating in the non-ferrous metal sector. The volatility of the primary metal LME linked price on account of fluctuation in \$ and LME continues to be a key issue and success or failure is linked on how effectively companies are able to manage their purchase to tide over these critical periods. The company is exposing to risk from fluctuations in foreign exchange as nearly 95% of foil stock purchase is linked with dollar rate. Profitability may also be affected on account of competition from existing and prospective manufactures of the same products and cheap import from China.

Export

The company's contribution to foreign exchange earnings amounted to Rs. 5040.31 Lacs during the year under review and the total foreign exchange utilized by the company amounted to Rs. 14936.95 Lacs the details of which are provided in annexure to the director's report. Company is presently exporting to various countries and further trying to increase export to developed countries. Company already appointed a very senior professional for development of export market. Company is concentrating on Bangladesh foil market and expects to achieve almost 2/3rd foil market shares in years to come.

Human Resources

The Human Resource philosophy and strategy of your Company is to attract and retain the best talent, be an employer of choice and create a holistic workplace environment, where employees get opportunities to realize their potential. Companies are judged on career growth prospects, rewards, work life balance.

Performance evaluation and stability. Our standing here is a reflection of not just our employee's view but also of the larger Indian workforce which responded. Considering the long term business goals, your Company has ensured that the Human Resources strategy is in line with and complementary to the business strategy.

It is your company's belief that people are at the heart of corporate & constitute the primary source of sustainable competitive advantage. The trust of your company's human resource development efforts therefore is to create a responsive and market driven organization. Your company continues its focus on strengthening competitiveness in all its business. Your directors look forward to the future with confidence.

The company has followed a conscious policy of providing training to Management Staff through in-house and external programme, for upgrading personal and technical skills in relevant areas of functional disciplines.

Internal Control System

The Company's internal control systems are commensurate with the nature of its business and the size and complexity of its operations. The internal controls cover operations, financial reporting, compliance with applicable laws and regulations, safeguarding assets from unauthorized use and ensure compliance Of corporate policies.

The Audit Committee of the Board of Directors also periodically reviews audit plans, external auditor observations and recommendations, significant risk area assessments and adequacy of internal controls.

Cautionary Statement

Statements in the Management Discussion and Analysis describing the Company's objectives, projections, estimates, expectations may constitute a "forward-looking statement" within the meaning of applicable securities laws and regulations. Actual results could differ materially from those expressed or implied. Important factors that could make a difference to the Company's operations include economic conditions affecting demand/ supply and price conditions in the domestic markets in which the Company operates, changes in the Government Regulations, tax laws and other statutes and other incidental factors.

INDEPENDENT AUDITORS' REPORT

**TO,
THE MEMBERS OF P G FOILS LIMITED**
Report on the Audit of the Financial Statements

Opinion

We have audited the accompanying financial statements of **P G FOILS LIMITED** ("the Company"), which comprise the Balance Sheet as at March 31, 2024, the Statement of Profit and Loss (including Other Comprehensive Income), the Statement of Changes in Equity and the Statement of Cash Flows for the year ended on that date, and a summary of the significant accounting policies and other explanatory information (hereinafter referred to as "the financial statements").

In our opinion and to the best of our information and according to the explanations given to us, the aforesaid financial statements give the information required by the Companies Act, 2013 ("the Act") in the manner so required and give a true and fair view in conformity with the Indian Accounting Standards prescribed under section 133 of the Act read with the Companies (Indian Accounting Standards) Rules, 2015, as amended, ("Ind AS") and other accounting principles generally accepted in India, of the state of affairs of the Company as at March 31, 2024, the profit and total comprehensive income, changes in equity and its cash flows for the year ended on that date.

Basis of Opinion

We conducted our audit of the financial statements in accordance with the Standards on Auditing specified under section 143(10) of the Act (SAs). Our responsibilities under those Standards are further described in the *Auditor's Responsibilities for the Audit of the Financial Statements* section of our report. We are independent of the Company in accordance with the Code of Ethics issued by the Institute of Chartered Accountants of India (ICAI) together with the independence requirements that are relevant to our audit of the financial statements under the provisions of the Act and the Rules made thereunder and we have fulfilled our other ethical responsibilities in accordance with these requirements and the ICAI's Code of Ethics. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the financial statements.

Key Audit Matters

Key audit matters are those matters that, in our professional judgment, were of most significance in our audit of the financial statements of the current period. These matters were addressed in the context of our audit of the financial statements as a whole, and in forming our opinion thereon, and we do not provide a separate opinion on these matters.

We have determined that these are no key audit matters to be communicated in our report.

Information Other than the Financial Statements and Auditors' Report Thereon

The Company's Management and Board of Directors are responsible for the preparation of the other information. The other information comprises the information included in the Management Discussion and Analysis, Board's Report including Annexures to Board's Report, Business Responsibility Report, Corporate Governance and Shareholder's Information, but does not include the financial statements and our auditor's report thereon. The other information is expected to be made available to us after the date of this Auditor report.

Our opinion on the financial statements does not cover the other information and we do not express any form of assurance conclusion thereon.

In connection with our audit of the financial statements, our responsibility is to read the other information and, in doing so, consider whether the other information is materially inconsistent with the financial statements or our knowledge obtained during the course of our audit or otherwise appears to be materially misstated.

If, based on the work we have performed, we conclude that there is a material misstatement of this other information, we are required to report that fact. We have nothing to report in this regard.

Management's Responsibility for the Financial Statements

The Company's Management and Board of Directors are responsible for the matters stated in section 134(5) of the Act with respect to the preparation of these financial statements that give a true and fair view of the financial position, financial performance, total comprehensive income, changes in equity and cash flows of the Company in accordance with the Ind AS and other accounting principles generally accepted in India. This responsibility also includes maintenance of adequate accounting records in accordance with the provisions of the Act for safeguarding the assets of the Company and for preventing and detecting

frauds and other irregularities; selection and application of appropriate accounting policies; making judgments and estimates that are reasonable and prudent; and design, implementation and maintenance of adequate internal financial controls, that were operating effectively for ensuring the accuracy and completeness of the accounting records, relevant to the preparation and presentation of the financial statements that give a true and fair view and are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is responsible for assessing the Company's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless management either intends to liquidate the Company or to cease operations, or has no realistic alternative but to do so.

The Board of Directors are responsible for overseeing the Company's financial reporting process

Auditor's Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with SAs will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these financial statements.

As part of an audit in accordance with SAs, we exercise professional judgment and maintain professional skepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
- Obtain an understanding of internal financial controls relevant to the audit in order to design audit procedures that are appropriate in the circumstances. Under section 143(3)(i) of the Act, we are also responsible for expressing our opinion on whether the Company has adequate internal financial controls system in place and the operating effectiveness of such controls.
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by management.
- Conclude on the appropriateness of management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Company's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Company to cease to continue as a going concern.
- Evaluate the overall presentation, structure and content of the financial statements, including the disclosures, and whether the financial statements represent the underlying transactions and events in a manner that achieves fair presentation.

Materiality is the magnitude of misstatements in the financial statements that, individually or in aggregate, makes it probable that the economic decisions of a reasonably knowledgeable user of the financial statements may be influenced. We consider quantitative materiality and qualitative factors in (i) planning the scope of our audit work and in evaluating the results of our work; and (ii) to evaluate the effect of any identified misstatements in the financial statements.

We communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

We also provide those charged with governance with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, related safeguards.

From the matters communicated with those charged with governance, we determine those matters that were of most significance in the audit of the financial statements of the current period and are therefore the key audit matters. We describe these matters in our auditor's report unless law or regulation precludes public disclosure about the matter or when, in extremely rare circumstances, we determine that a matter should not be communicated in our report because the adverse consequences of doing so would reasonably be expected to outweigh the public interest benefits of such communication.

Other Matter

Note No. 48 to the financial statement which describes that FDR investment of Rs. 69.00 cr made by the company with Dhanlaxmi Bank Ltd had been misappropriated by various parties including the officials of the said bank. As represented to us by the management the case is under investigation with Competent Authority /Economic Offence wing, Mumbai. Seeking to the merit of the case will be in favour of company and it will be able to receive all sum misappropriated. Based on this, the company has not made provision. The final determination of the said investment amount would depend upon the final decision of the appropriate authorities in future matters pending since 2013-14. Our opinion is not qualified in respect of this matter.

Report on Other Legal and Regulatory Requirements

1. As required by Section 143(3) of the Act, based on our audit we report that:
 - a) We have sought and obtained all the information and explanations which to the best of our knowledge and belief were necessary for the purposes of our audit.
 - b) In our opinion, proper books of account as required by law have been kept by the Company so far as it appears from our examination of those books.
 - c) The Balance Sheet, the Statement of Profit and Loss including Other Comprehensive Income, Statement of Changes in Equity and the Statement of Cash Flow dealt with by this Report are in agreement with the relevant books of account.
 - d) In our opinion, the aforesaid financial statements comply with the Ind AS specified under Section 133 of the Act, read with Rule 7 of the Companies (Accounts) Rules, 2014.
 - e) On the basis of the written representations received from the directors as on March 31, 2024 taken on record by the Board of Directors, none of the directors is disqualified as on March 31, 2024 from being appointed as a director in terms of Section 164 (2) of the Act.
 - f) With respect to the adequacy of the internal financial controls over financial reporting of the Company and the operating effectiveness of such controls, refer to our separate Report in "Annexure A". Our report expresses an unmodified opinion on the adequacy and operating effectiveness of the Company's internal financial controls over financial reporting.
 - g) With respect to the other matters to be included in the Auditor's Report in accordance with the requirements of section 197(16) of the Act, as amended:

In our opinion and to the best of our information and according to the explanations given to us, the remuneration paid by the Company to its directors during the year is in accordance with the provisions of section 197 of the Act.
 - h) With respect to the other matters to be included in the Auditor's Report in accordance with Rule 11 of the Companies (Audit and Auditors) Rules, 2014, as amended in our opinion and to the best of our information and according to the explanations given to us:
 - i. The Company has disclosed the impact of pending litigations on its financial position in its standalone financial (Refer to Notes on Account 37)
 - ii. There are no material foreseeable losses, on long term contracts including derivative contracts requiring provision under applicable law or accounting standard.
 - iii. There has been no delay in transferring amounts required to be transferred to the Investor Education and Protection fund by the company.
 - iv. (a) The Management has represented that, to the best of its knowledge and belief, no funds (which are material either individually or in the aggregate) have been advanced or loaned or invested (either from borrowed funds or share premium or any other sources or kind of funds) by the Company to or in any other person or entity, including foreign entity ("Intermediaries"), with the understanding, whether recorded in writing or otherwise, that the Intermediary shall, whether, directly or indirectly lend or invest in other persons or entities identified in any manner whatsoever by or on behalf of the Company ("Ultimate Beneficiaries") or provide any guarantee, security or the like on behalf of the Ultimate Beneficiaries;
 - (b) The Management has represented, that, to the best of its knowledge and belief, no funds (which are material either individually or in the aggregate) have been received by the Company from any person or entity, including foreign entity ("Funding Parties"), with the understanding, whether recorded in writing or otherwise, that the Company shall, whether, directly or indirectly, lend or invest in other persons or entities identified in any manner whatsoever by or on behalf of the Funding Party ("Ultimate Beneficiaries") or provide any guarantee, security or the like on behalf of the Ultimate Beneficiaries;

(c) Based on the audit procedures that have been considered reasonable and appropriate in the circumstances, nothing has come to our notice that has caused us to believe that the representations under sub-clause (i) and (ii) of Rule 11(e), as provided under (a) and (b) above, contain any material misstatement.

- v. Company has not declare any dividend during the current period
- vi. Based on our examination which included test checks, except in respect of maintenance of Sales Record wherein the accounting software did not have the audit trail feature enabled throughout the year, the Company has used accounting software for maintaining its books of account, which have a feature of recording audit trail (edit log) facility and the same has operated throughout the year for all relevant transactions recorded in the respective software.

Further, for the periods where audit trail (edit log) facility was enabled and operated throughout the year for the respective accounting software, we did not come across any instance of the audit trail feature being tampered with.

As proviso to Rule 3(1) of the Companies (Accounts) Rules, 2014 is applicable from April 1, 2023, reporting under Rule 11(g) of the Companies (Audit and Auditors) Rules, 2014 on preservation of audit trail as per the statutory requirements for record retention is not applicable for the financial year ended March 31, 2024.

- 2. As required by the Companies (Auditor's Report) Order, 2020 ("the Order") issued by the Central Government in terms of Section 143(11) of the Act, we give in "Annexure B" a statement on the matters specified in paragraphs 3 and 4 of the Order.

Annexure - A to the Auditors' Report, Report on the Internal Financial Controls under Clause (i) of Sub-section 3 of Section 143 of the Companies Act, 2013 ("the Act")

We have audited the internal financial controls over financial reporting of **P G FOILS LIMITED** ("the Company") as of 31st March 2024 in conjunction with our audit of the financial statements of the Company for the year ended on that date.

Management's Responsibility for Internal Financial Controls

The Company's management is responsible for establishing and maintaining internal financial controls based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls over Financial Reporting issued by the Institute of Chartered Accountants of India ('ICAI'). These responsibilities include the design, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring the orderly and efficient conduct of its business, including adherence to company's policies, the safeguarding of its assets, the prevention and detection of frauds and errors, the accuracy and completeness of the accounting records, and the timely preparation of reliable financial information, as required under the Companies Act, 2013.

Auditors' Responsibility

Our responsibility is to express an opinion on the Company's internal financial controls over financial reporting based on our audit. We conducted our audit in accordance with the Guidance Note on Audit of Internal Financial Controls over Financial Reporting (the "Guidance Note") and the Standards on Auditing, issued by ICAI and deemed to be prescribed under section 143(10) of the Companies Act, 2013, to the extent applicable to an audit of internal financial controls, both applicable to an audit of Internal Financial Controls and, both issued by the Institute of Chartered Accountants of India. Those Standards and the Guidance Note require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether adequate internal financial controls over financial reporting was established and maintained and if such controls operated effectively in all material respects.

Our audit involves performing procedures to obtain audit evidence about the adequacy of the internal financial controls system over financial reporting and their operating effectiveness. Our audit of internal financial controls over financial reporting included obtaining an understanding of internal financial controls over financial reporting, assessing the risk that a material weakness exists, and testing and evaluating the design and operating effectiveness of internal control based on the assessed risk. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the Company's internal financial controls system over financial reporting.

Meaning of Internal Financial Controls over Financial Reporting

A company's internal financial control over financial reporting is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of financial statements for external purposes in accordance with generally accepted accounting principles. A company's internal financial control over financial reporting includes those policies and procedures that (1) pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the company; (2) provide reasonable assurance that transactions are recorded as necessary to permit preparation of financial statements in accordance with generally accepted accounting principles, and that receipts and expenditures of the company are being made only in accordance with authorizations of management and directors of the company; and (3) provide reasonable assurance regarding prevention or timely detection of unauthorized acquisition, use, or disposition of the company's assets that could have a material effect on the financial statements.

Inherent Limitations of Internal financial Controls over financial Reporting

Because of the inherent limitations of internal financial controls over financial reporting, including the possibility of collusion or improper management override of controls, material misstatements due to error or fraud may occur and not be detected. Also, projections of any evaluation of the internal financial controls over financial reporting to future periods are subject to the risk that the internal financial control over financial reporting may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

Opinion

In our opinion, the Company has, in all material respects, an adequate internal financial controls system over financial reporting and such internal financial controls over financial reporting were operating effectively as at 31st March 2024, based on the

internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting issued by the Institute of Chartered Accountants of India.

- viii) There were no transactions relating to previously unrecorded income that have been surrendered or disclosed as income during the year in the tax assessments under the Income Tax Act, 1961 (43 Of 1961) .
- ix) a) The Company has not defaulted in repayment of loan or borrowing to a financial institution or bank, government.
 b) The Company has not been declared willful defaulter by any bank or financial institution or government or any other authority.
 c) The company has not taken any term loan during the year and there are no outstanding term loans at the beginning of the year.
 d) On an overall examination of the financial statements of the Company, funds raised on short- term basis have, prima facie, not been used during the year for long- term purposes by the Company.
 e) On an overall examination of the financial statements of the Company, the Company has not taken any funds from any entity or person on account of or to meet the obligations of its subsidiaries.
 f) The Company has not raised any loans during the year on the pledge of securities held in its wholly owned subsidiary company.
- x) a) The Company has not raised money by initial public offer or further public offer (including debt instruments) during the year and hence reporting under clause 3(x)(a) of the Order is not applicable.
 b) In our opinion and according to the information and explanations given to us, the Company has utilised the money raised by way of preferential allotment of shares for the purposes for which they were raised. The Company has not made private placement of shares or convertible debentures (fully or partly or optionally) and hence reporting under clause 3(x)(b) of the Order is not applicable.
- xi) a) No fraud by the Company and no material fraud on the Company has been noticed or reported during the year.
 b) No report under sub section (12) of section 143 of the Companies Act has been filed in Form ADT-4 as prescribed under rule 13 of Companies (Audit and Auditors) Rules, 2014 with the Central Government, during the year upto the date of this report.

The Company is a leading manufacturer/producer of Aluminium Foil in the various form. The financial statements of the company for the year ended 31st March 2024 were approved and authorized for issue by board of directors in their meeting held on 28th May,2024

B. MATERIAL ACCOUNTING POLICIES

STATEMENT OF COMPLIANCE

The Financial Statements have been prepared in accordance with Companies Act 2013, Indian Accounting Standard and complies with other requirements of law and were authorised for issue in accordance with a resolution of the Board of Directors of the company passed on 28th May,2024.

C. BASIS OF PREPARATION

a) The financial statements of the company are consistently prepared and presented under historical cost convention on an accrual basis in accordance with Ind AS except for certain financial assets and liabilities that are measured at fair values.

The company's functional currency and presentation currency is Indian Rupees (INR). All amounts disclosed in the financial statements and notes are in INR and all values are rounded to the nearest lakhs (INR 00,000) except when otherwise indicated.

b) Classification of Assets and Liabilities into current and Non-Current

The Company presents its assets and liabilities in the Balance Sheet based on current/ non-current classification.

As asset is treated as current when it is:

- a) expected to be realised or intended to be sold or consumed in normal operating cycle;
- b) held primarily for the purpose of trading;
- c) expected to be realised within twelve months after the reporting period; or
- d) cash or cash equivalent unless restricted from being exchanged or used to settle a liability for at least twelve months after the reporting period.

All other assets including Deffered tax assets are classified as non-current.

A liability is treated as current when:

- a) it is expected to be settled in normal operating cycle;
- b) it is held primarily for the purpose of trading;
- c) it is due to be settled within twelve months after the reporting period; or
- d) there is no unconditional right to defer the settlement of the liability for at least twelve months after the reporting period

All other liabilities including Deffered tax liabilities are classified as non-current.

Based on the nature of products and the time between the acquisition of assets for processing and their realisation in cash and cash equivalents, the company has ascertained its operating cycle being a period within twelve months for the purpose of current and non-current classification of assets and liabilities.

c) Use of judgements, estimates and assumptions

The preparation of the company's financial statements required management to make judgements, estimates and assumptions that affect the reported amount of revenues, expenses, assets and liabilities, and the accompanying disclosures, and the disclosures of contingent liabilities. Uncertainty about these assumptions and estimates could result in outcomes that require a material adjustment in the future periods in the carrying amount of assets or liabilities affected.

The following are the key assumptions concerning the future, and other other key sources of estimation uncertainty at the end of reporting period that may have significant risk of causing material adjustments to the carrying amounts of assets and liabilities with in :-

Notes to Financial Statements For The Year Ended 31 March 2024

i) Lease:

The Company evaluates if an arrangement qualifies to be a lease as per the requirements of IND AS 116. Identification of a lease requires significant judgement. The company uses significant judgement in assessing the lease term (including anticipated renewals) and the applicable discount rate.

The company determines the lease term as the non-cancellable period of lease, together with both periods covered by an option to extend the lease if the company is reasonably certain to exercise that option and periods covered by an option to terminate the lease if the company is reasonably certain not to exercise that option. In exercising whether the company is reasonably certain to exercise an option to extend a lease or to exercise an option to terminate the lease, it considers all relevant facts and circumstances that create an economic incentive for the company to exercise the option to extend the lease or to exercise the option to terminate the lease. The company revises lease term, if there is change in non-cancellable period of lease. The discount rate used is generally based on incremental borrowing rate.

ii) Useful life of property, plant and equipment and intangible assets: The company has estimated useful life of the Property, Plant and Equipment as specified in Schedule II to Companies Act 2013. However, the actual useful life for individual equipments could turn out to be different, there could be technology changes, breakdown, unexpected failure leading to impairment or complete discard. Alternately, the equipment may continue to provide useful service well beyond the useful assumed.

iii) Fair value measurement of financial instruments: When the fair values of financial assets and financial liabilities cannot be measured based on quoted process in active market, the fair value is measured using valuation techniques including book value and discounted cash flow (DCF) model. The inputs to these models are taken from observable markets where possible, but where this is not possible, a degree of judgement is required in establishing fair values.

iv) Impairment of financial and non-financial assets: The impairment provisions for the financial assets are based on assumptions about risk of default and expected loss rates. The company uses judgement in making these assumptions and selecting the input for the impairment calculations, based on Company's past history, existing market conditions, technology, economic developments as well as forward looking estimates at the end of each reporting period.

v) Taxes: Taxes have been paid / provided, exemptions availed, allowances considered etc. are based on the extent laws and the company's interpretation of the same based on the legal advice received wherever required. These could differ in the view taken by the authorities, clarifications issued subsequently by the government and court, amendments to statutes by the government etc.

vi) Defined benefit plans: Gratuity payable to employees is provided on the basis of premium paid under group gratuity scheme with Life Insurance Corporation of India.

vii) Provisions:

- (1) Provision for Leave encashment has been made on accrual basis on leave un-availed as on 31.03.2024.
- (2) Service awards have been adjusted/accounted on the basis of completed months of service provided by employees.

viii) Contingencies: A provision is recognised when an enterprise has a present obligation as a result of past event and it is probable that an outflow of resources will be required to settle the obligation in respect of which a reliable estimate can be made. Provisions are measured at the present value of management's best estimate of the expenditure required to settle the present obligations at the end of the reporting period. However, the actual liability could be considerably different.

d) Property, Plant and Equipment

(i) Property, plant and equipment situated in India comprising land other assets namely Building, Plant & Machinery, Office equipment etc, the company has elected to continue with the carrying value as its deemed cost on 1.4.2016 measured as per previous GAAP and use that carrying value as its deemed cost as on the transition date. The cost of Tangible assets comprises its purchase price, borrowing cost, any other cost directly attributable to bringing the assets into present location and condition necessary for it to be capable of operating in the manner intended by the Management, initial estimation of any de-commissioning obligations and finance cost.

Notes to Financial Statements For The Year Ended 31 March 2024

(ii) Depreciation

Depreciation on Fixed Assets is provided on Written Down Value Method over their useful lives and in the manner specified in Schedule II of the Companies Act, 2013. Property, Plant & Equipment which are added/disposed off during the year the depreciation is provided on pro rata basis with reference to month of addition/deletion. The useful life is given as under:

Assets	Useful Life taken (in years)	Useful life as per Schedule II to the Companies Act, 2013 (in years)
Factory Buildings	30	30
Building (Other than Factory Building)	60	60
Solar Plant	15	15
Plant and Equipment	30	15
Furniture and Fixtures and fittings	10	10
Vehicles	8	8
Office equipment	5	5
Computers	3	3

(iii) Component Accounting

When significant parts of property, plant and equipment are required to be replaced at intervals, the Company derecognizes the replaced part, and recognizes the new part with its own associated useful life and it is depreciated accordingly. Likewise, when a major inspection is performed, its cost is recognized in the carrying amount of the plant and equipment as a replacement if the recognition criteria are satisfied. All other repair and maintenance costs are recognized in the Statement of Profit and Loss as incurred. The present value of the expected cost for the decommissioning of the asset after its use is included in the cost of the respective asset if the recognition criteria for a provision are met.

- (iv) Expenditure during construction/erection period is included under Capital Work-in-Progress and is allocated to the respective fixed assets on completion of construction/ erection.
- (v) Property, plant and equipment are eliminated from financial statement, either on disposal or when retired from active use. Losses arising in the case of retirement of Property, plant and equipment and gains or losses arising from disposal of property, plant and equipment are recognized in Statement of Profit and Loss in the year of occurrence.
- (vi) The assets' residual values, useful lives and methods of depreciation are reviewed at each financial year end and adjusted prospectively, if appropriate.

e) Investment properties:

Investment properties consists of investments in land and buildings that are held to earn rental income or for capital appreciation, rather than for use in the production or supply of goods or services or for administrative purposes or sale in the ordinary course of business. Investment property is stated at cost less accumulated depreciation and impairment losses. Depreciation on building is provided over the estimated useful lives as specified in Schedule II to Companies Act, 2013. The Residual Life, useful lives and depreciation method of investment properties are reviewed, and adjusted on Prospective basis as appropriate, at each financial year end. The effects of any revision are included in the Statement of Profit and Loss when the changes arise.

f) Intangible assets:

- (i) Intangible assets are recognised when it is probable that the future economic benefits that are attributable to the assets will flow to the Company and the cost of the asset can be measured reliably. Intangible Assets are stated at cost which includes any directly attributable expenditure on making the asset ready for its intended use. Intangible assets with finite useful lives are capitalized at cost and amortized on a straight-line basis over a period of 10 years.
- (ii) **Software:-** Internally generated intangibles, excluding capitalised development costs, are not capitalised and the related expenditure is reflected in profit and loss in the period in which the expenditure is incurred.

The amortisation period and the amortisation method for an intangible asset with a finite useful life are reviewed at least at the end of each reporting period. Changes in the expected useful life or the expected pattern of

Notes to Financial Statements For The Year Ended 31 March 2024

consumption of future economic benefits embodied in the asset are considered to modify the amortisation period or method, as appropriate, and are treated as changes in accounting estimates. Intangibles assets with indefinite useful lives (like goodwill, brands), if any are not amortised, but are tested for impairment annually, either individually or at the cash-generating unit level. The assessment of indefinite useful life is reviewed annually to determine whether indefinite life continues to be supportable. If not, the change in useful life from indefinite to finite life is made on prospective basis.

g) i) **Research and development cost:**

1) **Research Cost:**

Revenue expenditure on research is expensed under the respective heads of accounts in the period in which it is incurred.

2) **Development Cost:**

Development expenditure on new product is capitalised as intangible asset, if technical and commercial feasibility as per IND AS 38 is demonstrated.

h) **Inventories:**

- i) Raw materials, Packing materials, Stores and Spares and fuel are valued at lower of cost (on first in first out basis) and net realisable value.
- ii) Stock in process is valued at lower of cost (on first in first out basis) and net realisable value.
- iii) Finished goods and stock in trade are valued at lower of cost and net realisable value.
- iv) Scrap is valued at estimated net realisable value.
- v) Export Goods in transit valued at sales value including freight thereof.
- vi) Stock in transit valued at purchase price including clearing expenses, custom duty paid and incidental expenses thereto.
- vii) Cost for this purpose includes direct material, direct labor, other variable cost and manufacturing overhead based on normal operating capacity
- viii) Net realisable value is estimated selling price in the ordinary course of business less estimated cost of completion and selling expenses

i) **Financial instruments:**

A financial instrument is any contract that at the same time gives rise to a financial asset of one entity and a financial liability or equity instrument of another entity. Financial instruments are recognized as soon as the company becomes a contracting party to the financial instrument. In cases where trade date and settlement date do not coincide, for non-derivative financial instruments the settlement date is used for initial recognition or derecognition, while for derivatives the trade date is used. Financial instruments stated as financial assets or financial liabilities are generally not offset; they are only offset when a legal right to set-off exists at that time and settlement on a net basis is intended.

1) **Financial assets:**

Financial assets include trade receivable, cash and cash equivalents, derivative financial assets and also the equity / debt instruments held. Initially all financial assets are recognised at amortised cost or fair value through Other Comprehensive Income or fair value through Statement of Profit or Loss, depending on its business model for those financial assets and their contractual cash flow characteristics. Subsequently, based on initial recognition/ classification, where assets are measured at fair value, gain and losses are either recognised entirely in the statement of profit and loss (i.e. fair value through profit or loss), or recognised in other comprehensive income (i.e. fair value through other comprehensive income).

(a) **Trade receivables:**

Trade receivables are recognised initially at fair value and subsequently measured at amortized cost less credit loss/impairment allowances.

Receivables that do not bear interest or bear below market interest rates and have an expected term of more than one year are discounted with the discount subsequently amortized to interest income over the term of the receivable.

Notes to Financial Statements For The Year Ended 31 March 2024

Impairment is made on the expected credit losses, which are the present value of the cash deficits over the expected life of receivables. The estimated impairment losses are recognised in the Statement of Profit and Loss. Subsequent changes in assessment of impairment are recognized in the Statement of Profit and Loss as changes in estimates.

(b) Loans, Debts & other financial assets

Loans and other financial assets are financial assets with fixed or determinable payments that are not quoted in an active market. Such assets are recognized initially at fair value plus any directly attributable transaction costs. Subsequent to initial recognition, loans and other financial assets are measured at amortized cost using the effective interest method, less any impairment losses.

(c) Investment in equity shares and mutual funds:

Investment in equity securities and mutual funds are initially measured at fair value. Any subsequent fair value gain or loss for investments held for investment is recognized through Other Comprehensive Income. Any subsequent gain or loss for investment held for trading are recognized through Statement of Profit and Loss.

(d) Investment in associates, joint venture and subsidiaries:

The Company's investment in subsidiaries and associates, joint venture are carried at cost except where impairment loss recognised.

2) Financial liabilities:

Financial liabilities such as loans and borrowings and other payables are recognized initially on the trade date, which is the date that the Company becomes a party to the contractual terms of the instrument. Financial liabilities other than fair valued through profit and loss are recognized initially at fair value less any directly attributable transaction costs. Subsequent to initial recognition, these financial liabilities are measured at amortized cost using the effective interest method. Transaction costs of financial liability carried at fair value through profit or loss is expensed in profit or loss. The Company derecognizes a financial liability when its contractual obligations are settled or cancelled or expired.

a) Financial liabilities at fair value through profit or loss:

It include financial liabilities held for trading and are designated such at initial recognition. Financial liabilities are held for trading if they are incurred for the purpose of repurchasing in near term and also include Derivatives that are not part of an effective hedge accounting in accordance with IND AS 109 , classified as "held for trading" and carried at fair value through profit or loss. Financial liabilities at fair value through profit or loss are measured at each reporting date at fair value with all the changes recognized in the Statement of Profit and Loss.

b) Financial liabilities measured at amortised cost

Post recognition, interest bearing loans and borrowings are subsequently measured at amortised cost using the effective interest rate method ("EIR"). Amortised cost is calculated by taking into account any discount or premium on acquisition and fee or costs that are an integral part of the EIR. The EIR amortisation is included in finance costs in the Statement of Profit and Loss.

c) Loans and Borrowings

After initial recognition, interest-bearing borrowings are subsequently measured at amortised cost using the effective interest method. Any difference between the proceeds (net of transaction costs) and the redemption amount is recognised in profit or loss over the period of the borrowings using the effective interest method. Fees paid on the establishment of loan facilities are recognised as transaction costs of the loan to the extent that it is probable that some or all of the facility will be drawn down.

d) Financial guarantee contracts:

As per IND AS -109 "Financial guarantee contracts issued by the Company are those contracts that require a payment to be made to reimburse the holder for a loss it incurs because the specified debtor fails to make a payment when due in accordance with the terms of a debt instrument."

Notes to Financial Statements For The Year Ended 31 March 2024

e) Initial recognition

The date the company becomes a party to the irrevocable commitment is considered to be the date of initial recognition and Financial guarantee contracts are recognised as liability at fair value, adjusted for transaction costs that are directly attributable to the issuance of the guarantee. Subsequently, the liability is measured at the higher of the amount of loss allowance determined as per impairment requirements of Ind AS 109 and the amount recognised less cumulative amortization.

f) Trade and other payables:

A payable is classified as 'trade payable' if it is in respect of the amount due on account of goods purchased or services received in the normal course of business. Trade accounts payable and other non-derivative financial liabilities are in general measured at amortized cost using the effective interest method. Finance charges, including premiums payable on redemption or settlement, are periodically accrued using the effective interest method and increase the liabilities' carrying amounts unless they have already been settled in the period in which they were incurred.

j) Impairment of non-financial assets:

At each reporting date, the company assesses whether there is any indication that a non-financial asset may be impaired. If any such indication exists, the recoverable amount of the non-financial asset is estimated in order to determine the extent of the impairment loss, if any.

Recoverable amount is determined:

- In the case of an individual asset, at the higher of the Fair Value less cost to sell and the value in use: and
- In the case of cash generating unit (a group of assets that generates identified, independent cash flows) at the higher of cash generating unit's fair value less cost to sell and the value in use.

Where it is not possible to estimate the recoverable amount of an individual non-financial asset, the company estimates the recoverable amount of the smallest cash generating unit to which the non-financial asset belongs. The recoverable amount is the higher of an asset's or cash generating unit's fair value less costs of disposal and its value in use.

If the recoverable amount of a non-financial asset or cash generating unit is estimated to be less than its carrying amount, the carrying amount of the non-financial asset or cash generating unit is reduced to its recoverable amount. Impairment losses are recognized immediately in the statement of Profit and Loss. Where an impairment loss subsequently reverses, the carrying amount of the non-financial asset or cash generating unit is increased to the revised estimate of its recoverable amount. However, this increased amount cannot exceed the carrying amount that would have been determined had no impairment loss been recognized for that non-financial asset or cash generating unit in prior periods. A reversal of an impairment loss is recognized immediately in the statement of Profit and Loss.

k) Foreign currency transactions:

i) Functional and presentation Currency

The functional and reporting currency of company is INR.

ii) Transaction and Balances

- 1) Currency Transactions denominated in foreign currencies are initially recorded at the rates of exchange prevailing on the dates of the transactions.
- 2) Monetary assets and liabilities denominated in such currencies are retranslated at the rates prevailing on the balance sheet date.
- 3) Profits and losses arising on exchange are included in the net profit or loss for the period. Pursuant to exemption given under IND AS 101 the company has continued the policy for accounting for amortization of exchange differences arising from translation of long-term foreign currency monetary items over the tenure of loan.
- 4) Non-Monetary items measured at fair value in a foreign currency are translated using the exchange rates at the date when the fair value is determined. The gain or loss arising on translation of non-monetary items is recognised in line with the gain or loss of the item that gave rise to the translation difference.

Notes to Financial Statements For The Year Ended 31 March 2024

l) Revenue recognition:

i) Sale of product and services:

- 1) The company derives revenue from sale of manufactured goods and traded goods. In accordance with Ind AS 115, the company recognise revenue from sale of products and services at a time when performance obligation is satisfied and upon transfer of control of promised products or services to customer in an amount that reflects the consideration the company expect to receive in exchange for their products or services. The company disaggregates the revenue based on nature of products/Geography.
- 2) Amount disclosed as revenue are inclusive of Excise duty and net of Goods and Service Tax (GST), returns, discounts, rebates.
- 3) Export sales are accounted for, on the basis of exchange rate of LEO Date (Let Export Order) of transactions and recognized as and when Risk & Rewards are transferred

ii) **Revenue from other activities:** is recognized based on the nature of activity, when consideration can be reasonably measured. • Revenue is measured at the fair value (excluding Goods and Services Tax) of the consideration received or receivable, taking into account contractually defined terms of payment.

iii) Dividend income:

Dividend income is accounted for when the right to receive the same is established, which is generally when shareholders approve the dividend.

iv) Interest income:

- 1) For all Financial instruments measured at amortised cost, interest income is recorded using effective interest rate (EIR), which is the rate that exactly discounts the estimated future cash payments or receipts through the expected life of the financial instrument or a shorter period, where appropriate, to the net carrying amount of the financial asset. Interest income is included in other income in statement of profit and loss.
- 2) Interest reeivable from Trade Receivables are accounted on receipt basis.

v) **Export incentive:** Export incentives are accounted for on export of goods if the entitlements can be estimated with reasonable accuracy and conditions precedent to claim are reasonably expected to be fulfilled.

vi) Units generated on Enercon wind power plant has been accounted on the basis of effective tariff rate in respective month. Units generated on Suzlon wind power plant has been accounted at contract price on accrual basis.

m) Government Grant

- i) Grants from the government are recognized at their fair value where there is a reasonable assurance that the grant will be received and the Company has complied with all attached conditions.
- ii) Government grants relating to income are deferred and recognized in the profit or loss over the period necessary to match them with the costs that they are intended to compensate and presented within other income.
- iii) Government grants relating to the purchase of property, plant and equipment are included in non-current liabilities as deferred income and are credited to profit or loss on a straight-line basis over the expected lives of the related assets and presented within other income.
- iv) In respect of Property, Plant and Equipment purchased under Export Promotion Capital Goods (EPCG) scheme of Government of India, exemption of custom duty under the scheme is treated as, Government Grant and is recognized in Statement of Profit and Loss on fulfillment of associated export obligations.

n) Employees Benefits:

i) Short term employee Benefit:

All employees' benefits payable wholly within twelve months rendering services are classified as short term employee benefits. Benefits such as salaries, wages, short-term compensated absences, performance incentives etc., and the expected cost of bonus, ex-gratia are recognized during the period in which the employee renders related service.

Notes to Financial Statements For The Year Ended 31 March 2024

ii) Defined Contribution Plan:

Contributions to the Employees' Provident Fund and Employee's State Insurance are recognized as Defined Contribution Plan and charged as expenses in the year in which the employees render the services.

iii) Defined Benefit Plan:

The Leave Encashment and Gratuity are defined benefit plans. The cost of providing benefits under the defined benefit plan is determined using the projected unit credit method with actuarial valuations being carried out at each balance sheet date, which recognises each period of service as giving rise to additional unit of employee benefit entitlement and measure each unit separately to build up the final obligation. Re-measurements, comprising of actuarial gains and losses, excluding amounts included in net interest on the net defined benefit liability, are recognised immediately in the balance sheet with a corresponding debit or credit to retained earnings through other comprehensive income in the period in which they occur. Re-measurements are not classified to the statement of profit and loss in subsequent periods. Past Service cost is recognised in the statement of profit and loss in the period of plan amendment. Net Interest is calculated by applying the discount rate to the net defined benefit liability or asset.

The Company recognises the following changes in the net defined benefit obligation under employee benefit expenses in the statement of profit and loss.

- Service costs comprising current service costs, gains and losses on curtailments and non-routine Settlements.
- Net interest income or expense.

iv) Long term Employee Benefit:

Compensated absences which are not expected to occur within twelve months after the end of the period in which the employee renders the related services are recognised as a liability at the present value of the defined benefit obligation at the balance sheet date.

v) Termination benefits:

Termination benefits are recognised as an expense in the period in which they are incurred.

The Company shall recognise a liability and expense for termination benefits at the earlier of the following dates:

- (a) when the entity can no longer withdraw the offer of those benefits; and
- (b) when the entity recognises costs for a restructuring that is within the scope of Ind AS 37 and involves the payment of termination benefits.

o) Borrowing costs:

i) Borrowing costs that are specifically attributable to the acquisition, construction, or production of a qualifying asset are capitalised as a part of the cost of such asset till such time the asset is ready for its intended use or sale. A qualifying asset is an asset that necessarily requires a substantial period of time (generally over twelve months) to get ready for its intended use or sale.

ii) All other borrowing costs are recognised as expense in the period in which they are incurred.

p) Leases:

In accordance with IND AS 116, the Company recognises right of use assets representing its right to use the underlying asset for the lease term at the lease commencement date. The cost of right of use asset measured at inception shall comprise of the amount of the initial measurement of the lease liability adjusted for any lease payment made at or before commencement date less any lease incentive received plus any initial direct cost incurred and an estimate of cost to be incurred by lessee in dismantling and removing underlying asset or restoring the underlying asset or site on which it is located. The right of use asset is subsequently measured at cost less accumulated depreciation, accumulated impairment losses, if any, and adjusted for any remeasurement of lease liability. The right of use assets is depreciated using the straight line method from the commencement date over the shorter of lease term or useful life of right of use asset. The estimated useful lives of right of use assets are determined on the same basis as those of property, plant and equipment. Right of use assets are tested for impairment whenever there is any indication that their carrying amounts may not be recoverable. Impairment loss, if any, is recognised in statement of profit and loss.

The Company measures the lease liability at the present value of the lease payments that are not paid at the commencement date of lease. The lease payments are discounted using the interest rate implicit in the lease,

Notes to Financial Statements For The Year Ended 31 March 2024

if that rate can be readily determined. If that rate cannot be readily determined, the Company uses incremental borrowing rate.

The lease liability is subsequently remeasured by increasing the carrying amount to reflect interest on lease liability, reducing the carrying amount to reflect the lease payments made and remeasuring the carrying amount to reflect any reassessment or lease modification or to reflect revised- in-substance fixed lease payments, the company recognises amount of remeasurement of lease liability due to modification as an adjustment to right of use assets and statement of profit and loss depending upon the nature of modification. Where the carrying amount of right of use assets is reduced to zero and there is further reduction in measurement of lease liability, the Company recognises any remaining amount of the remeasurement in statement of profit and loss.

The Company has elected not to apply the requirements of IND AS 116 to short term leases of all assets that have a lease term of twelve month or less and leases for which the underlying asset is of low value. The lease payments associated with these leases are recognised as an expense on straight line basis over lease term.

q) Taxes on income:

Income Tax expenses comprise current tax expenses and the net change in the deferred tax asset or liabilities during the year. Current and Deferred tax are recognised in Statement of Profit and Loss, except when they relate to items that are recognised in Other Comprehensive Income or directly in equity, in which case, the current and deferred tax are also recognised in Other Comprehensive Income or directly in equity respectively.

i) Current Tax

The Company provides current tax based on the provisions of the Income Tax Act, 1961 applicable to the Company.

ii) Deferred Tax

Deferred tax is recognised using the Balance Sheet approach. Deferred tax assets and liabilities are recognised for deductible and taxable temporary differences arising between the tax base of assets and liabilities and their carrying amount. Deferred tax liabilities are recognised for all taxable temporary differences.

Deferred tax assets are recognised for all deductible temporary differences, the carry forward of unused tax credits and any unused tax losses. Deferred tax assets are recognised to the extent that it is probable that taxable profit will be available against which the deductible temporary differences, and the carry forward of unused tax credits and unused tax losses can be utilised. The carrying amount of deferred tax assets is reviewed at each reporting date and reduced to the extent that it is no longer probable that sufficient taxable profit will be available to allow all or part of the deferred tax asset to be utilised. Unrecognised deferred tax assets are re-assessed at each reporting date and are recognised to the extent that it has become probable that future taxable profits will allow the deferred tax assets to be recovered.

Deferred tax assets and liabilities are measured at the tax rates that are expected to apply in the year when the asset is realised or liability is settled, based on tax rates (and tax laws) that have been enacted or substantially enacted at the reporting date. Deferred tax assets and deferred tax liabilities are offset if a legally enforceable right exists to set off current tax assets against current tax liabilities and the deferred taxes relate to the same taxable entity and the same taxation authority.

r) Provisions, Contingent liabilities, Contingent assets and Commitments:

i) Provisions:

The Company recognizes provisions for liabilities and probable losses that have been incurred when it has a present legal or constructive obligation as a result of past events and it is probable that the Company will be required to settle the obligation and a reliable estimate of the amount of the obligation can be made. If the effect of the time value of money is material, provisions are discounted using a current pre-tax rate that reflects, where appropriate, the risks specific to the liability. When discounting is used, the increase in the provision due to the passage of time is recognized as a financing cost.

ii) Contingent liability is disclosed in the case of:

- A present obligation arising from past events, when it is not probable that an outflow of resources will be required to settle the obligation:
- A present obligation arising from past events, when no reliable estimate is possible:
- A possible obligation arising from past events, unless the probability of outflow of resources is remote.

Provisions, contingent liabilities, contingent assets and commitments are reviewed at each balance sheet date.

Notes to Financial Statements For The Year Ended 31 March 2024

iii) Other Litigation claims:

Provision for litigation related obligation represents liabilities that are expected to materialise in respect of matters in appeal.

iv) Onerous contracts:

Provisions for onerous contracts are recorded in the statements of operations when it becomes known that the unavoidable costs of meeting the obligations under the contract exceed the economic benefits expected to be received.

v) Contingent Assets : Contingent Assets are not recognised but disclosed in the financial statements when an inflow of economic is probable

s) Exceptional Items:

On certain occasions, the size, type or incidence of an item of income or expense, pertaining to the ordinary activities of the company is such that its disclosure improves the understanding of the performance of the company, such income or expense is classified as an exceptional item and accordingly, disclosed in the notes accompanying to the financial statements.

t) Earnings per share:

Basic Earnings per share is calculated by dividing the profit from continuing operations and total profit, both attributable to equity shareholders of the Company by the weighted average number of equity shares outstanding during the period. In case there are any dilutive securities during the period presented, the impact of same is given to arrive at diluted earning per share.

Diluted earnings per share is computed using the net profit for the year attributable to the shareholder' and weighted average number of equity and potential equity shares outstanding during the year including share options, convertible preference shares and debentures, except where the result would be anti-dilutive. Potential equity shares that are converted during the year are included in the calculation of diluted earnings per share, from the beginning of the year or date of issuance of such potential equity shares, to the date of conversion.

u) Segment accounting:

The company's business falls within a primary business segment viz "Manufacturing and Trading of Aluminium Foil in various forms".

v) Financial statement classification:

Certain line items on the balance sheet and in the statement of Profit and Loss have been combined. These items are disclosed separately in the Notes to the financial statements. Certain reclassifications have been made to the prior year presentation to conform to that of the current year. In general the company classifies assets and liabilities as current when they are expected to be realized or settled within twelve months after the balance sheet date.

w) Fair value measurement:

The Company measures financial instruments such as derivatives and certain investments, at fair value at each balance sheet date.

Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The fair value measurement is based on the presumption that the transaction to sell the asset or transfer the liability takes place either:

- In the principal market for the asset or liability. Or
- In the absence of a principal market, in the most advantageous market for the asset or liability

The principal or the most advantageous market must be accessible by the Company.

The fair value of an asset or a liability is measured using the assumptions that market participants would use when pricing the asset or liability,

assuming that market participants act in their economic best interest.

A fair value measurement of a non- financial asset takes in to account a market participant's ability to generate economic benefits by using the asset in its highest and best use or by selling it to another market participant that would use the asset in its highest and best use. The Company uses valuation techniques that are appropriate in the circumstances and for which sufficient data are available to measure fair value, maximizing the use of relevant observable inputs and minimizing the use of unobservable inputs.

Notes to Financial Statements For The Year Ended 31 March 2024

All assets and liabilities for which fair value is measured or disclosed in the financial statements are categorised within the fair value hierarchy, described as follows, based on the lowest level input that is significant to the fair value measurement as a whole;

- Level 1- Quoted (unadjusted) market prices in active markets for identical assets or liabilities.
- Level 2- Valuation techniques for which the lowest level input that is significant to the fair value measurement is directly or indirectly observable.
- Level 3- Valuation techniques for which the lowest level input that is significant to the fair value measurement is unobservable.

For assets and liabilities that are recognised in the balance sheet on a recurring basis, the Company determines whether transfers have occurred between levels in the hierarchy by re-assessing categorization (based on the lowest level input that is significant to the fair value measurement as a whole) at the end of each reporting period.

For the purpose of fair value disclosures, the Company has determined classes of assets and liabilities on the basis of the nature, characteristics and risks of the asset or liability and the level of the fair value hierarchy as explained above.

Standards issued and amended but not effective

The Ministry of Corporate Affairs ("MCA") notifies new standards or amendments to the existing standards under Companies (Indian Accounting Standards) Rules as issued from time to time. For the year ended March 31, 2024, MCA has not notified any new standards or amendments to the existing standards applicable to the Company

Notes to Financial Statements For The Year Ended 31 March 2024

(xi) Sensitivity Analysis

The sensitivity of defined benefit obligations to changes in the weighted principal assumptions is:

	Change in Assumption	Increase in Assumption			Decrease in Assumption		
		Impact	31-Mar-24	31-Mar-23	Impact	31-Mar-24	31-Mar-23
Discount Rate per annum	0.50%	Increase by	(10.03)	(10.45)	Decrease by	10.81	11.35
Future salary increases	0.50%	Increase by	10.89	11.26	Decrease by	(10.19)	(10.63)

The above sensitivity analysis is based on a change in assumption while holding all the other assumptions constant. In practice, this is unlikely to occur, and change in some of the assumptions may be correlated. When calculating the sensitivity of the defined benefit obligation to significant actuarial assumptions the same method (present value of the defined benefit obligation calculated with the projected unit credit method at the end of the reporting period) has been applied as when calculating the defined benefit liability recognised in balance sheet.

(xii) Maturity Profile of Defined Benefit Obligation

Sr. No.	Year	Amount	
		₹ In lacs	
a)	0 to 1 Year	180.70	
b)	1 to 2 Year	29.36	
c)	2 to 3 Year	13.51	
d)	3 to 4 Year	19.11	
e)	4 to 5 Year	20.48	
f)	5 to 6 Year	7.29	
g)	6 Year onwards	146.47	

(xiii) Risk exposure

The gratuity scheme is a final salary Defined Benefit Plan that provides for lump sum payment made on exit either by way of retirement, death, disability, voluntary withdrawal. The benefits are defined on the basis of final salary and the period of service and paid as lump sum at exit. The plan design means the risk commonly affecting the liabilities and the financial results are expected to be:

- Salary Increases:** Actual salary increases will increase the Plan's liability. Increase in salary increase rate assumption in future valuations will also increase the liability.
- Investment Risk:** If Plan is funded then assets liabilities mismatch & actual investment return on assets lower than the discount rate assumed at the last valuation date can impact the liability.
- Discount Rate:** Reduction in discount rate in subsequent valuations can increase the plan's liability.
- Mortality & disability:** Actual deaths & disability cases proving lower or higher than assumed in the valuation can impact the liabilities.
- Withdrawals:** Actual withdrawals proving higher or lower than assumed withdrawals and change of withdrawal rates at subsequent valuations can impact Plan's liability.

B) Leave Encashment (Unfunded)

The Leave Encashment liability of ₹ 65.89 lacs form part of long term provision ₹ 43.90 Lacs (PY ₹ 42.17 Lacs) and short term provision ₹ 22.00 Lacs (PY ₹ 16.69 Lacs) and is unfunded and does not require disclosures as mentioned in para 158 of Ind AS 19.

C) Provident Fund

An amount of Rs 24.63 Lacs (2023-24 Rs 26.14 Lacs) as contribution towards defined contribution plans is recognized as expenses in statement of Profit & Loss.

Notes to Financial Statements For The Year Ended 31 March 2024

The companies risk management is carried out by finance department, accordingly, this department identifies, evaluation and hedges financial risk

A) Credit Risk

Credit risk is the risk of financial loss to the company, if a customer or counterparty to a financial instrument fails to meet its contractual obligations, and arises principally from the company's receivables. To manage this, the Company periodically assesses financial reliability of customers and other counter parties, taking into account the financial condition, current economic trends, and analysis of historical bad debts and ageing of financial assets.

Credit Risk Management

The main source of credit risk at the reporting date is from trade receivables as these are typically unsecured. This credit risk has always been managed through credit Approvals, establishing credit limits and continuously monitoring the creditworthiness of customer to whom credit is extended in normal course of business. The company estimates the expected credit loss on the basis of past Data and experience. Expected credit losses of financial assets receivable in next 12 months are estimated on the basis of historical date provided the company has reasonable and supportable date. On such an assessment the expected losses are nil or negligible.

Review of outstanding trade receivables and financial assets is carried out by management each quarter. The company do not have any doubtful debts hence, no provision for bad and doubtful debts have yet been made in accounts.

COVID-19: The Company do not envisage any financial difficulties resulting in additional credit risks higher than usual credit terms due to COVID-19 outbreak.

B) LIQUIDITY RISK

The companies principle source of liquidity are cash and cash equivalent and cash flows that are generated from operation. The company believes that its working capital is sufficient to meet its current requirement.
