4. The attendance of the Members attending the AGM through VC/OAVM will be counted for the purpose of reckoning the quorum under Section 103 of the Companies Act, 2013.

5. The Company has fixed cut off 23/09/2024 and Book Closure from 24/09/2024 TO 30/09/2024 for determining entitlement of members to final dividend for the financial year ended March 31, 2024, if approved at the AGM.

6. If the final dividend, as recommended by the Board of Directors, is approved at the AGM, payment of such dividend subject to deduction of tax at source will be made on or after October 29, 2024 to all Beneficial Owners in respect of shares held in dematerialized form as per the data as may be made available by the National Securities Depository Limited (“NSDL”) and the Central Depository Services (India) Limited (“CDSL”), collectively “Depositories”, as of end of day on September 30, 2024.

7. The Register of Members and Share Transfer Books of the Company will remain closed from 24/09/2024 to 30/09/2024 in connection with the Annual General Meeting.

8. The Explanatory Statement pursuant to Section 102(1) of the Companies Act, 2013 (the Act) with respect to Item Nos. 3 to 9 of the Notice is annexed hereto and forms part of this Notice.

9. The Securities and Exchange Board of India (SEBI) has mandated submission of Permanent Account Number (“PAN”) by every participant in securities market. Members holding shares in physical form are requested to submit their PAN details to the Company / RTA. Members holding shares in dematerialized form are requested to submit their PAN to their respective DP .

10. Since the AGM is being held through VC / OAVM, the Route Map is not annexed in this Notice. The deemed venue for the AGM will be the Registered Office of the Company.

11. Members are requested to intimate changes, if any, pertaining to their name, postal address, e-mail address, telephone/mobile numbers, Permanent Account Number (PAN), mandates, nominations, power of attorney, etc., to their DPs if the shares are held by them in electronic form

THE INSTRUCTIONS OF SHAREHOLDERS FOR REMOTE E-VOTING AND E-VOTING DURING AGM/EGM AND JOINING MEETING THROUGH VC/OAVM ARE AS UNDER:

- (i) The voting period begins on **Friday 27th September, 2024 at 9.00 A.M.** and ends on **Sunday, 29th September, 2024 at 5.00 P.M.** During this period shareholders of the Company, holding shares either in physical form or in dematerialized form, as on the cut-off date **23/09/2024** may cast their vote electronically. The e-voting module shall be disabled by Purva for voting thereafter.
- (ii) Shareholders who have already voted prior to the meeting date would not be entitled to vote at the meeting venue.
- (iii) Pursuant to SEBI Circular No. **SEBI/HO/CFD/CMD/CIR/P/2020/242 dated 09.12.2020**, under Regulation 44 of Securities and Exchange Board of India (Listing Obligations and Disclosure Requirements) Regulations, 2015, listed entities are required to provide remote e-voting facility to its shareholders, in respect of all shareholders’ resolutions. However, it has been observed that the participation by the public non-institutional shareholders/retail shareholders is at a negligible level.

Currently, there are multiple e-voting service providers (ESPs) providing e-voting facility to listed entities in India. This necessitates registration on various ESPs and maintenance of multiple user IDs and passwords by the shareholders.

In order to increase the efficiency of the voting process, pursuant to a public consultation, it has been decided to enable e-voting to **all the demat account holders, by way of a single login credential, through their demat accounts/ websites of Depositories/ Depository Participants**. Demat account holders would be able to cast their vote without having to register again with the ESPs, thereby, not only facilitating seamless authentication but also enhancing ease and convenience of participating in e-voting process.

- (iv) In terms of **SEBI circular no. SEBI/HO/CFD/CMD/CIR/P/2020/242 dated December 9, 2020** on e-Voting facility provided by Listed Companies, Individual shareholders holding securities in demat mode are allowed to vote through their demat account maintained with Depositories and Depository Participants. Shareholders are advised to update their mobile number and email Id in their demat accounts in order to access e-Voting facility.

Pursuant to above said SEBI Circular, Login method for e-Voting and joining virtual meetings **for Individual shareholders holding securities in Demat mode** is given below:

MANAGEMENT DISCUSSION AND ANALYSIS REPORT

Back ground

Amba Enterprises is a “Power Engineering Solutions Company” primarily into the manufacturing of Transformers Cores & Lamination and stamping for rotating machines, the key USP of Amba Enterprises is that it assures the client of the reduction in transmission loss, Amba Enterprises is one of the largest players in the manufacturing of Transformers Cores & Laminations in India.

Indian Scenario

The last couple of years have amply demonstrated the resilience of the Indian economy vis-à-vis the economies of the ‘developed nations. This has resulted in a renewal of confidence of the global investors in the Indian story. If we add to this the strong GDP growth and the measures taken by the government to boost economy, the Indian scenario looks excellent in the coming years.

India’s energy sector is one of the most critical components of an infrastructure that affects India’s economic growth and therefore is also one of the largest industries in India. India has the 5th largest electricity generating capacity and is the 03rd largest energy consumer amounting for around 3.4 % of global energy consumption. India’s energy demand has grown at 3.6 % pa over the past 32 years. The consumption of the energy is directly proportional to the progress of manpower with ever growing population, improvement in the living standard of the humanity and industrialization of the developing countries. Very recently smart grid technology can attribute important role in energy scenario. Smart grid refers to electric power system that enhances grid reliability and efficiency by automatically responding to system disturbances. This paper discusses the new communication infrastructure and scheme designed to integrate data.

Indian Power

The Indian Engineering sector has witnessed a remarkable growth over the last few years driven by increased investments in infrastructure and industrial production. The engineering sector, being closely associated with the manufacturing and infrastructure sectors, is of strategic importance to India's economy.

India's manufacturing sector has the potential to touch US\$ 1 trillion by 2025. There is potential for the sector to account for 25-30 per cent of the country's GDP. Business conditions in the Indian manufacturing sector continue to remain positive.

The global Cold Rolled Non-Oriented (CRNO) Steel lamination market size was USD 32.54 Billion in 2022 and is expected to reach USD 42.53 Billion in 2032, and register a revenue CAGR of 4.3% during the forecast period. With the advantages provided by CRNO steel lamination, the need for energy-

efficient transformers and motors is rising across a variety of industries, including automotive, consumer electronics, and Renewable Energy. The introduction of CRNO steel lamination is being driven by rising need for high-performance electrical equipment, the decrease of energy loss, and improvements in operational efficiency.

The CRNO (Cold Rolled Non-Oriented) Steel Lamination market is witnessing significant growth due to its wide applications in the electrical and electronic industries. CRNO steel laminations provide high magnetic permeability and low core loss, making them ideal for manufacturing transformers, motors, and generators. The market is driven by increasing demand for energy-efficient devices and the rapid expansion of the renewable energy sector. Furthermore, the emergence of industry regulations towards energy efficiency and sustainability is expected to fuel market growth.

Furthermore, the demand for CRNO steel lamination is being driven in different countries by strict government laws relating to energy efficiency and environmental protection. By drastically reducing energy use and carbon emissions, CRNO steel lamination in transformers and motors can support sustainable development.

Outlook for the Company

In the coming year, the company plans to continue to consolidate its business of Lamination by concentrating on the Lamination required for higher rating transformers and on the customers having

pan India presence as well as global presence. The company has already moved from manual process to automation by installing state-of-art slitting machines and cut-to-length line. These machines will further help the company in achieving growth in market share, profitability, and increased customer acceptance and above all, lowest electrical losses. The stamping business of the company is doing well and the board is hopeful that the growth in this business shall be better than the previous year. Internal controls and their adequacy. The internal audit was carried out by an independent firm of Chartered Accountants who conduct the audit on the basis of Annual Audit Plan. The process includes review and evaluation of effectiveness of the existing process, controls and compliance. It also ensures adherence to policies and systems, and mitigation of the operational risk perceived for each area under audit. Significant observations including recommendations for improvement of the business process were reviewed by the management before reporting to the audit committee which reviewed the internal audit reports and status of implementation of the agreed action plan.

Internal Control System

Your company maintains an internal control system in different areas like purchases, billing for the jobs etc. Moreover, there are internal auditors who make consistent monitoring to have proper and sufficient care for maintenance of adequate accounting records required for safeguarding the assets of the company and for preventing and detecting fraud and other irregularities.

Risk and Concerns

The Company has to mainly depend on the foreign suppliers for import of Electrical Steel. Any delay in procurement of the same would impact the financials of the Company. However, the company has over the past 2 decades tied up with almost all the major global players and has developed a strong relationship with these slippers. Further, fluctuations in the prices of Electrical steel would also have an impact on the bottom line of the company.

Independent Auditor's Report

**To the Members of
Amba Enterprises Limited**

Report on the Audit of Financial Statements

Opinion

We have audited the accompanying financial statements of **Amba Enterprises Limited** (“the company”) which comprise the Balance Sheet as at March 31, 2024, the Statement of Profit and Loss, the statement of changes in equity and the statement of Cash Flows for the year then ended and notes to the financial statements, including a summary of significant accounting policies and other explanatory information.

In our opinion and to the best of our information and according to the explanations given to us, the aforesaid financial statements give the information required by the Companies Act, 2013, as amended (“the Act”) in the manner so required and give a true and fair view in conformity with the accounting principles generally accepted in India, of the state of affairs of the Company as at March 31, 2024, and its Profit and other comprehensive profit and the changes in equity of the year ended on that date.

Basis for Opinion

We conducted our audit in accordance with the Standards on Auditing (SAs) specified under section 143(10) of the Act. Our responsibilities under those Standards are further described in the ‘Auditor’s Responsibilities for the Audit of the Financial Statements’ section of our report.

We are independent of the Company in accordance with the ‘Code of Ethics’ issued by the Institute of Chartered Accountants of India together with the ethical requirements that are relevant to our audit of the financial statements under the provisions of the Companies Act, 2013 and the Rules thereunder, and we have fulfilled our other ethical responsibilities in accordance with these requirements and the Code of Ethics. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion on financial statement.

Key Audit Matters

Key audit matters are those matters that, in our professional judgment, were of most significance in our audit of the financial statements of the financial year ended March 31, 2024. These matters were addressed in the context of our audit of the financial statements as a whole, and in forming our opinion thereon, and we do not provide a separate opinion on these matters. For the matter below, our description of how our audit addressed the matter is provided in that context.

Revenue from Sale of Products (Refer Note No. 2.6 and 25 to the financial statement)

Key Audit Matter	How our audit addressed the key audit matter
<p>Revenue Recognition</p> <p>The company’s revenue is derived primary from sale of goods. Company engaged in manufacturing and selling of coils, Transformer laminations sheet and related products. Revenue is recognized upon transfer of control of promised goods to customers in an amount that reflects the consideration which the Company expects to receive in exchange for those goods. Revenue from the sale of goods is recognized at the point in time when control is transferred to the customer which is usually on dispatch / delivery of goods, based on contracts with the customers. The Company and its external stakeholders focus on revenue as a key performance metric.</p> <p>Revenue recognition has been identified as a key audit matter as there could be incentives or external pressures to meet expectations resulting in revenue being overstated or recognized before the control has been transferred.</p>	<p>In view of the significance of the matter we applied the following audit procedures in this area, to obtain sufficient appropriate audit evidence:</p> <ul style="list-style-type: none"> • We assessed the appropriateness of the Company's accounting policies for revenue recognition by comparing with applicable accounting standards. • We evaluated the design, implementation and operating effectiveness of key internal controls over recognition of revenue. • On a sample basis, we tested the revenue transactions recorded during the year by verifying the underlying documents to assess whether revenue is recognized appropriately when control is transferred. • We tested, on a sample basis specific revenue transaction recorded before and after the financial year-end date to assess whether revenue is recognized in the correct financial period in which control is transferred. • We scrutinized journal entries related to revenue recognized during the year based upon specified risk-based criteria, to identify unusual or irregular items.

Information Other than the Financial Statements and Auditor’s Report Thereon

The Company’s Board of Directors is responsible for the other information. The other information comprises the information included in the Annual report but does not include the financial statements and our auditor’s report thereon. The Annual report is expected to be made available to us after the date of this auditor’s report.

Our opinion on the financial statements does not cover the other information and we do not express any form of assurance conclusion thereon.

In connection with our audit of the financial statements, our responsibility is to read the other information and, in doing so, consider whether the other information is materially inconsistent with the financial statements or our knowledge obtained in the audit or otherwise appears to be materially misstated. If based on the work we have performed, we conclude that there is no material misstatement of this other information, we are required to report that fact.

The audit of standalone financial results for the year ended 31st March 2023, included in the statement was carried out and reported by Bhavesh & Associates who have expressed unmodified conclusion vide their report dated 30th May 2023, whose reports have been furnished to us and which have been relied upon by us for the purpose of our review of the Statement. Our conclusion is not modified in respect of this matters

Responsibilities of Management and Those Charged with Governance for the Financial Statements

These financial statements are the responsibility of the Company's management. The Company's Board of Directors is responsible for the matters stated in Section 134(5) of the Companies Act, 2013 ("the Act") with respect to the preparation of the financial statements that give a true and fair view of the financial position & financial performance of the Company in accordance with the accounting principles generally accepted in India, including Indian Accounting Standards (Ind AS) prescribed under section 133 of the Act read with the Companies (Indian Accounting Standards) Rules, 2015, as amended.

This responsibility also includes maintenance of adequate accounting records in accordance with the provisions of the Act for safeguarding the assets of the Company and for preventing and detecting frauds and other irregularities; selection and application of appropriate accounting policies; making judgments and estimates that are reasonable and prudent; and design, implementation, and maintenance of adequate internal financial controls, that were operating effectively for ensuring the accuracy and completeness of the accounting records, relevant to the preparation and presentation of the financial statements that give a true and fair view and are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is responsible for assessing the Company's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless management either intends to liquidate the Company or to cease operations or has no realistic alternative but to do so.

The board of directors are also responsible for overseeing the Company's financial reporting process.

Auditor's Responsibility for the audit of the Financial Statements.

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not a guarantee that an audit conducted in accordance with SAs will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these financial statements.

Responsibilities for Audit of Financial Statements

As part of an audit in accordance with SAs, we exercise professional judgment and maintain professional skepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
- Obtain an understanding of internal financial control relevant to the audit in order to design audit procedures that are appropriate in the circumstances. Under Section 143(3)(i) of the Act, we are also responsible for expressing our opinion on whether the Company has adequate internal financial controls with reference to financial statements in place and the operating effectiveness of such controls.
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by management.
- Conclude on the appropriateness of management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Company's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the financial statements or, if such disclosures are inadequate, to modify our opinion. Our

conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Company to cease to continue as a going concern.

- Evaluate the overall presentation, structure, and content of the financial statements, including the disclosures, and whether the financial statements represent the underlying transactions and events in a manner that achieves fair presentation.
- Materiality is the magnitude of misstatements in the financial statements that, individually or in the aggregate, makes it probable that the economic decisions of a reasonably knowledgeable user of the financial statements may be influenced. We consider quantitative materiality and qualitative factors in (i) planning the scope of our audit work in evaluating the results of our work, and (ii) evaluating the effect of any identified misstatements in the financial statements.
- We communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal financial controls that we identify during our audit.
- We also provide those charged with governance with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, related safeguards.
- From the matters communicated with those charged with governance, we determine those matters that were of most significance in the audit of the financial statements of the current period and are therefore the key audit matters. We describe these matters in our auditor's report unless law or regulation precludes public disclosure about the matter or when, in extremely rare circumstances, we determine that a matter should not be communicated in our report because the adverse consequences of doing so would reasonably be expected to outweigh the public interest benefits of such communication.

Report on Other Legal and Regulatory Requirements

- 1) As required by the Companies (Auditor's Report) Order, 2020 ("the Order") issued by the Central Government of India in terms of Section 143 (11) of the Act, we give in "Annexure A" a statement on the matters specified in paragraphs 3 and 4 of the Order, to the extent applicable.
- 2) Further to our comments in Annexure A, as required by section 143(3) of the Act, based on our audit, we report, to the extent applicable, that:
 - a) We have sought and obtained all the information and explanations which to the best of our knowledge and belief were necessary for the purpose of our audit;
 - b) In our opinion proper books of account as required by law have been kept by the Company so far as it appears from our examination of those books;
 - c) The Balance Sheet, the Statement of Profit and Loss including the statement of other comprehensive income, the Statement of changes in equity, and the statement of cash flows dealt with by this Report are in agreement with the books of account.
 - d) In our opinion, the aforesaid financial statements comply with the Indian Accounting Standards specified under section 133 of the Act read with Companies (Indian Accounting Standards) Rules, 2015, as amended;
 - e) On the basis of written representations received from the directors as on March 31, 2024 taken on record by the Board of Directors, none of the directors are disqualified as on March 31, 2024, from being appointed as a director in terms of Section 164 (2) of the Act.
 - f) With respect to the adequacy of the internal financial controls with reference to the financial statements of the Company and the operating effectiveness of such controls, refer to our separate Report in "Annexure B". Our report expresses an unmodified opinion on the adequacy and operating effectiveness of the

Company's internal financial controls with reference to financial statements

- g) In our opinion and to the best of our information and according to the explanations given to us, the remuneration paid by the Company to its directors during the year is in accordance with the provisions of section 197 read with Schedule V to the Act.
- h) With respect to the other matters to be included in the Auditor's Report in accordance with Rule 11 of the Companies (Audit and Auditors) Rules, 2014, in our opinion and to the best of our information and according to the explanations given to us:
- i. The Company does not have any pending litigations except disclosed in note 7 to the financial statement which would impact its financial position.
 - ii. The Company has made provision, as required under the applicable law or accounting standard, for material for foreseeable losses, if any, on long-term contracts including derivative contracts.
 - iii. The company has transferred to the Investor Education and Protection Fund which were required to be transferred as per the Act.
 - iv. (a) The management has represented that, to the best of its knowledge and belief, other than as disclosed in the notes to the accounts, no funds have been advanced or loaned or invested (either from borrowed funds or share premium or any other sources or kind of funds) by the company to or in any other person(s) or entity(ies), including foreign entities ("Intermediaries"), with the understanding, whether recorded in writing or otherwise, that the Intermediary shall, whether, directly or indirectly lend or invest in other persons or entities identified in any manner whatsoever by or on behalf of the company ("Ultimate Beneficiaries") or provide any guarantee, security or the like on behalf of the Ultimate Beneficiaries;
 - (b) The management has represented, that, to the best of its knowledge and belief, other than as disclosed in the notes to the accounts, no funds have been received by the company from any person(s) or entity(ies), including foreign entities ("Funding Parties"), with the understanding, whether recorded in writing or otherwise, that the company shall, whether, directly or indirectly, lend or invest in other persons or entities identified in any manner whatsoever by or on behalf of the Funding Party ("Ultimate Beneficiaries") or provide any guarantee, security or the like on behalf of the Ultimate Beneficiaries; and
 - (c) Based on audit procedures that we considered reasonable and appropriate in the circumstances, nothing has come to the notice that has caused them to believe that the representations under sub-clause (a) and (b) contain any material misstatement.
 - (d) The company has not declared and paid any dividends during the year which are in contravention of the provisions of section 123 of the Companies Act, 2013.
- v. As per the Proviso to Rule 3(1) of the Companies (Accounts) Rules, 2014 for maintaining books of account using accounting software which has a feature of recording audit trail (edit log) facility is applicable to the Company with effect from April 1, 2023, and the audit trail has been preserved by the company as per the statutory requirements for record retention.

Annexure - A to the Auditors' Report referred to in Paragraph 16 of the Independent Auditor's Report of even date to the members of Amba Enterprises Limited on the financial statements for the year ended 31 March 2024

Based on the audit procedures performed for the purpose of reporting a true and fair view on the financial statements of the Company and taking into consideration the information and explanations given to us and the books of account and other records examined by us in the normal course of an audit, and to the best of our knowledge and belief, we report that:

(i) (a) (i) The Company has maintained proper records showing full particulars, including quantitative details and the situation of Property, Plant, and Equipment.

(b) The Property, Plant and Equipment have been physically verified by the management during the year and no material discrepancies were noticed on such verification. In our opinion, the frequency of verification of the fixed assets is reasonable having regard to the size of the Company and the nature of its assets.

(c) According to the information and explanations given to us, the title deeds of immovable properties (other than properties where the Company is the lessee and the lease agreements are duly executed in favour of the lessee) included in property, plant, and equipment are held in the name of the Company.

(d) The company has not revalued any of its Property, Plant, and Equipment (including Right of Use assets) during the year ended 31st March 2024.

(e) There are no proceedings initiated or pending against the company for holding any benami property under the Benami Transactions (Prohibition) Act, 1988 and rules made thereunder.

Annexure - B to the Auditors' Report

Independent Auditor's Report on the internal financial controls with reference to the financial statements under Clause (i) of Sub-section 3 of Section 143 of the Companies Act, 2013 ('the Act')

In conjunction with our audit of the financial statements of **Amba Enterprises Limited** ('the Company') as at and for the year ended 31 March 2024, we have audited the internal financial controls with reference to the financial statements of the Company as at that date.

Management's Responsibility for Internal Financial Controls

The respective Boards of Directors of the Company, are responsible for establishing and maintaining internal financial controls based on the internal control over financial reporting criteria established by the respective Companies considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting issued by the Institute of Chartered Accountants of India (the "ICAI").

These responsibilities include the design, implementation, and maintenance of adequate internal financial controls that were operating effectively for ensuring the orderly and efficient conduct of its business, including adherence to the respective company's policies, the safeguarding of its assets, the prevention and detection of frauds and errors, the accuracy and completeness of the accounting records, and the timely preparation of reliable financial information, as required under the Act.

Auditor's Responsibility

Our responsibility is to express an opinion on the internal financial controls with reference to the financial statements of the Company, based on our audit. We conducted our audit in accordance with the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting (the "Guidance Note") issued by the Institute of Chartered Accountants of India ("ICAI") and the Standards on Auditing, prescribed under Section 143(10) of the Act, to the extent applicable to an audit of internal financial controls with reference to financial statements. Those Standards and the Guidance Note require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether adequate internal financial controls with reference to financial statements was established and maintained and if such controls operated effectively in all material respects.

Our audit involves performing procedures to obtain audit evidence about the adequacy of the internal financial controls with reference to financial statements and their operating effectiveness. Our audit of internal financial controls with reference to financial statements included obtaining an understanding of internal financial controls with reference to financial statements, assessing the risk that a material weakness exists, and testing and evaluating the design and operating effectiveness of internal control based on the assessed risk. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the internal financial controls with reference to the financial statements of the Company.

Meaning of Internal Financial Controls With Reference to these Financial Statements

A company's internal financial controls with reference to financial statements is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of financial statements for external purposes in accordance with generally accepted accounting principles. A company's internal financial controls with reference to financial statements includes those policies and procedures that (1) pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the

transactions and dispositions of the assets of the company; (2) provide reasonable assurance that transactions are recorded as necessary to permit preparation of financial statements in accordance with generally accepted accounting principles, and that receipts and expenditures of the company are being made only in accordance with authorisations of management and directors of the company; and (3) provide reasonable assurance regarding prevention or timely detection of unauthorised acquisition, use, or disposition of the company's assets that could have a material effect on the financial statements.

Inherent Limitations of Internal Financial Controls with reference to Financial Statements

Because of the inherent limitations of internal financial controls with reference to financial statements, including the possibility of collusion or improper management override of controls, material misstatements due to error or fraud may occur and not be detected. Also, projections of any evaluation of the internal financial controls with reference to financial statements to future periods are subject to the risk that the internal financial control with reference to financial statements may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

Opinion

In our opinion and to the best of our information and according to the explanations given to us, the Company is in all material respects, an adequate internal financial controls system with reference to financial statements and such internal financial controls with reference to financial statements were operating effectively as at March 31, 2024, based on the criteria for internal financial control with reference to financial statements established by the respective companies considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting issued by the ICAI.

The financial statements are prepared in accordance with Indian Accounting Standard (Ind AS), under the historical cost convention on accrual basis, except for certain financial instruments which are measured at fair values, the provisions of the Companies Act, 2013 ("the Act") and guidelines issued by the Securities and Exchange Board of India (SEBI). The Ind AS are prescribed under Section 133 of the Act read with Rule 3 of the Companies (Indian Accounting Standards) Rules, 2015 and relevant amendment rules issued thereafter.

(ii) Consistency of accounting policy

Accounting policies have been consistently applied, except where a newly-issued accounting standard is initially adopted or a revision to an existing accounting standard requires a change in the accounting policy hitherto in use. The material accounting policy information used in preparation of the audited financial statements have been discussed in the respective notes.

(iii) Functional currency and rounding of amounts

The financial statements are presented in Indian Rupees (INR), which is also the Company's functional and presentation currency. All values are rounded to nearest rupees in Lakhs except when otherwise stated and the currency of the primary economic environment in which the company operates.

(iv) Use of estimates and judgments

The preparation of the financial statements in conformity with Ind AS requires the management to make estimates, judgments and assumptions. These estimates, judgments and assumptions affect the application of accounting policies and the reported amounts of assets and liabilities, the disclosures of contingent assets and liabilities at the date of the financial statements and reported amounts of revenues and expenses during the period. The application of accounting policies that require critical accounting estimates, which involve complex and subjective judgments and the use of assumptions in these financial statements. Actual results could differ from those estimates. Appropriate changes in estimates are made as management becomes aware of changes in circumstances surrounding the estimates. Changes in estimates and judgments are reflected in the financial statements in the period in which changes are made and, if material, their effects are disclosed in the notes to the financial statements. During the year Expected Credit loss, Inventory valuation, Gruavity provision areas were estimates and judgements have been made.

(v) Current vs. Non-Current classification

The Company has ascertained its operating cycle* as twelve months for the purpose of Current/ Non-Current classification of its Assets and Liabilities

For the purpose of Balance Sheet, an asset is classified as current if:

- expected to be realized in the Company's normal operating cycle;
- the asset is intended for sale or consumption;
- the asset is held primarily for the purpose of trading;
- the asset is expected to be realized/ settled within twelve months after the reporting period;
- the asset is cash or cash equivalent unless it is restricted from being exchanged or used to settle a liability for at least twelve months after the reporting date;

All other assets are classified as non-current.

Similarly, a liability is classified as current if:

- expected to be settled in the Company's normal operating cycle
- the liability is held primarily for the purpose of trading;
- It is due to be settled within twelve months after the reporting period;
- There is no unconditional right to defer the settlement of the liability for at least twelve months after the reporting date.

All other liabilities are classified as non-current.

*The operating cycle is the time between the acquisition of assets for processing and their realization in cash and cash equivalents. The Company has identified twelve months as its operating cycle.

Material accounting policies

2.1 Property, plant and equipment

(i) Recognition and measurement Accounting policy

Property, plant and equipment are stated at cost, less accumulated depreciation and impairment, if any. **The cost of an item of property, plant and equipment comprises:**

- Its purchase price, including import duties and non-refundable purchase taxes, after deducting trade discounts and rebates.
- Costs directly attributable to acquisition are capitalized until the property, plant and equipment are ready for use, as intended by the Management.

If significant parts of an item of property, plant and equipment have different useful lives, then they are accounted for as separate items (major components) of property, plant and equipment. Property, plant and equipment which are not ready to intended use as on the date of Balance sheet are disclosed as Capital work-in-progress (if any). The charge in respect of periodic depreciation is derived after determining an estimate of an asset's expected useful life and the expected residual value at the end of its life. Any gain or loss on disposal of an item of PPE is recognized in statement of Profit and Loss. The Company depreciates property, plant and equipment over their estimated useful lives using the straight-line method.

The estimated useful lives of assets are as follows:

Plant and machinery	15 years
Office equipment	5 years
Computer	3 years
Furniture and fixtures	10 Years
Vehicles	8-10 Years
Office Premises	60 Years

Depreciation

- a. Depreciation is systematic allocation of the depreciable amount of PPE over its useful life and is provided in a straight-line-basis over the useful lives as prescribed in Schedule II to the Act or as per technical assessment.
 - b. Depreciable amount for PPE is the cost of PPE less its estimates residual value. The useful life of PPE is the period over which PPE is expected to be available for use by the company.
 - c. Where a significant component (in terms of cost) of an asset has an estimated economic useful life shorter than that of its corresponding assets, the component s depreciated over its shorter life.
 - d. The Company, based on technical assessment made by technical expert and management estimate, depreciates certain items of property, plant and equipment over estimated useful lives which are different from the useful life prescribed in schedule II to the Companies Act, 2013. The management believes that these estimated useful lives are realistic and reflect fair approximation of the period over which the assets are likely to be used.
- ii. Depreciation on additions is provided on a pro-rata basis from the month of installation or acquisition and in case of Projects from the date of commencement of commercial production.
 - iii. Depreciation on assets sold, discarded or demolished during the year is being provided upto the month in which such assets are sold, discarded or demolished.

Impairment

Property, plant and equipment are evaluated for recoverability whenever events or changes in circumstances indicate that their carrying amounts may not be recoverable. For the purpose of impairment testing, the recoverable amount (i.e. the higher of the fair value less cost to sell and the value-in-use) is determined on an individual asset basis unless the asset does not generate cash flows that are largely independent of those from other assets. In such cases, the recoverable amount is determined for the Cash Generating Unit (CGU) to which the asset belongs.

If such assets are considered to be impaired, the impairment to be recognized in the Statement of Profit and Loss is measured by the amount by which the carrying value of the assets exceeds the estimated recoverable amount of the asset. An impairment loss is reversed in the Statement of Profit and Loss if there has been a change in the estimates used to determine the recoverable amount. The carrying amount of the asset is increased to its revised recoverable amount, provided that this amount does not exceed the carrying amount that would have been determined (net of any accumulated depreciation) had no impairment loss been recognized for the asset in prior years.

2.2 Leases

The Company as a lessee

The Company's lease asset classes primarily consist of leases for offices. The Company assesses whether a contract contains a lease, at inception of a contract. A contract is, or contains, a lease if the contract conveys the right to control the use of an identified asset for a period of time in exchange for consideration. To assess whether a contract conveys the right to control the use of an identified asset, the Company assesses whether: (i) the contract involves the use of an identified asset (ii) the Company has substantially all of the economic benefits from use of the asset through the period of the lease and (iii) the Company has the right to direct the use of the asset.

At the date of commencement of the lease, the Company recognizes a right-of-use asset ("ROU") and a corresponding lease liability for all lease arrangements in which it is a lessee, except for leases with a term of twelve months or less (short-term leases) and low value leases. For these short-term and low value leases, the Company recognizes the lease payments as an operating expense on a straight-line basis over the term of the lease.

As a lessee, the Company determines the lease term as the noncancellable period of a lease adjusted with any option to extend or terminate the lease, if the use of such option is reasonably certain. The Company makes an assessment on the expected lease term on a lease-by-lease basis and thereby assesses whether it is reasonably certain that any options to extend or terminate the contract will be exercised. In evaluating the lease term, the Company considers factors, such as any significant leasehold improvements undertaken over the lease term, costs relating to the termination of the lease and the importance of the underlying asset to Amba's operations taking into account the location of the underlying asset and the availability of suitable alternatives. The lease term in future periods is reassessed to ensure that the lease term reflects the current economic circumstances.

Certain lease arrangements include the options to extend or terminate the lease before the end of the lease term. ROU assets and lease liabilities include these options when it is reasonably certain that they will be exercised.

The right-of-use assets are initially recognized at cost, which comprises the initial amount of the lease liability adjusted for any lease payments made at or prior to the commencement date of the lease plus any initial direct costs less any lease incentives. They are subsequently measured at cost less accumulated depreciation and impairment losses.

Right-of-use assets are depreciated from the commencement date on a straight-line basis over the shorter of the lease term and useful life of the underlying asset. Right-of-use assets are evaluated for recoverability whenever events or changes in circumstances indicate that their carrying amounts may not be recoverable. For the purpose of impairment testing, the recoverable amount (i.e. the higher of the fair value less cost to sell and the value-in-use) is determined on an individual asset basis unless the asset does not generate cash flows that are largely independent of those from other assets. In such cases, the recoverable amount is determined for the Cash Generating Unit (CGU) to which the asset belongs.

The lease liability is initially measured at amortized cost at the present value of the future lease payments. The lease payments are discounted using the interest rate implicit in the lease or, if not readily determinable, using the incremental borrowing rates in the country of domicile of these leases. Lease liabilities are remeasured with a corresponding adjustment to the related right of use asset if the Company changes its assessment if whether it will exercise an extension or a termination option.

Lease liability and ROU asset have been separately presented in the Balance Sheet and lease payments have been classified as financing cash flows.

Short-term leases and leases of low-value assets

The Group applies the short-term lease recognition exemption to its short-term leases (i.e., those leases that have a lease term of 12 months or less from the commencement date and do not contain a purchase option).

It also applies the lease of low-value assets recognition exemption to leases that are considered to be low value. Lease payments on short-term leases and leases of low-value assets are recognised as expense on a straightline basis over the lease term.

2.3 Financial Instruments

A financial instrument is any contract that gives rise to a financial asset of one entity and a financial liability or equity instrument of another entity.

(i) Initial Recognition

Financial assets (except Trade receivables) and financial liabilities are initially measured at fair value. Transaction costs that are directly attributable to the acquisition or issue of financial assets and financial liabilities (other than financial assets and financial liabilities at fair value through profit or loss and ancillary costs related to borrowings) are added to or deducted from the fair value of the financial assets or financial liabilities, as appropriate, on initial recognition. Transaction costs directly attributable to the acquisition of financial assets or financial liabilities at fair value through profit or loss are recognized immediately in Statement of Profit and Loss.

Trade receivables not containing any significant financing component are measured at transaction price.

(ii) Classification and Subsequent Measurement: Financial Assets

The Company classifies financial assets as subsequently measured at amortized cost or fair value through other comprehensive income ("FVOCI").

Amortized Cost:

A financial asset shall be classified and measured at amortized cost if both of the following conditions are met:

- The financial asset is held within a business model whose objective is to hold financial assets in order to collect contractual cash flows and
- The contractual terms of the financial asset give rise on specified dates to cash flows that are solely payments of principal and interest on the principal amount outstanding
- In case of financial assets at amortized costs, interest income, foreign exchange gain or loss and impairment are recognized in Statement of Profit and Loss.

Fair Value through OCI:

A financial asset shall be classified and measured at fair value through OCI if both of the following conditions are met

- The financial asset is held within a business model whose objective is achieved by both collecting contractual cash flows and selling financial assets and
- The contractual terms of the financial asset give rise on specified dates to cash flows that are solely payments of principal and interest on the principal amount outstanding

On initial recognition of an equity investment that is not held for trading, the Company may irrevocably elect to present subsequent changes in the investment's fair value in OCI. This election is made on an investment by investment basis.

(iv) Impairment of financial assets:

Financial assets, are assessed for indicators of impairment at the end of each reporting period. The Company recognized a loss allowance for expected credit losses on financial asset. In case of trade receivables, the Company follows the simplified approach permitted by Ind AS 109 – Financial Instruments for recognition of impairment loss allowance. The application of simplified approach does not require the Company to track changes in credit risk.

(iii) Classification and Subsequent Measurement: Financial liabilities

Financial liabilities are classified as measured at amortized cost. A financial liability is classified as at FVPTL if it is classified as held for trading or it is a derivative or it is designated as such on initial recognition. Financial Liabilities at FVTPL are measured at fair value and net gains and losses, including any interest expense, are recognized in profit or loss. Other financial liabilities are subsequently measured at amortized cost using the effective interest method. Interest expense and foreign exchange gain and losses are recognized in profit or loss. Any gain or loss on de-recognition is also recognized in profit or loss.

(v) Derecognition of financial assets and financial liabilities financial assets.

The Company de-recognizes a financial asset when the contractual rights to the cash flows from the financial asset expire, or it transfers the right to receive the contractual cash flows in a transaction in which substantially all of the risks and rewards of ownership of the financial asset are transferred or in which the Company neither transfers nor retains substantially all of the risks and rewards of ownership and does not retain control of the financial assets

If the Company enters into transactions whereby it transfers assets recognized on its balance sheet but retains either all or substantially all of the risks and rewards of the transferred assets, the transferred assets are not derecognized

The Company de-recognizes financial liabilities when and only when, the Company's obligations are discharged, cancelled or have expired. The difference between the carrying amount of the financial liability de-recognized and the consideration paid and payable is recognized in the statement of profit and loss.

2.4 Fair Value Measurement

The Company measures financial instruments at fair value at each balance sheet date. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date.

The fair value measurement is based on the presumption that the transaction to sell the asset or transfer the liability takes place either:

- In the principal market for the asset or liability, or
- In the absence of a principal market, in the most advantageous market for the asset or liability

The principal of the most advantageous market must be accessible by the Company.

The fair value of an asset or a liability is measured using the assumptions that market participants would use when pricing the asset or liability, assuming that market participants act in their best economic interest. A fair value measurement of a non-financial asset takes into account a market participant's ability to generate economic benefits by using the asset in its highest and best use or by selling it to another market participant that would use the asset in its highest and best use. The Company uses valuation techniques that are appropriate in the circumstance and for which sufficient data is available to measure fair value, maximizing the use of relevant observable inputs and minimizing the use of unobservable inputs. All assets and liabilities for which fair value is measured or disclosed in the financial statements are categorized within the fair value hierarchy, described as follows, based on the lowest level input that is significant to the fair value measurement as a whole:

- Level 1--- Quoted (unadjusted) market prices in active markets for identical assets or liabilities
- Level 2 --- Valuation techniques for which the lowest level input that is significant to the fair value measurement is directly or indirectly observable
- Level 3 ---- Valuation techniques for which the lowest level input that is significant to the fair value measurement is unobservable.

The Company's Management has set policies and procedures for recurring and non-recurring fair value measurement of financial assets, which includes valuation techniques and input to use for each case. For the purpose of fair value disclosures, the Company has determined classes of assets and liabilities based on the nature, characteristics and risk of the asset or liability and the level of the fair value hierarchy as explained above. This note summarizes accounting policy for fair value. Other fair value related disclosures are given in the relevant notes.

- Disclosures for valuation methods, significant estimates and assumptions.
- Quantitative disclosures of fair value measurement hierarchy (note 33)
- Financial instruments (including those carried at amortized cost) (note 33)

2.5 Employee benefits

Gratuity

The Company provides for gratuity, a defined benefit retirement plan ("the Gratuity Plan") covering eligible Indian employees. The Gratuity Plan provides a lump-sum payment to vested employees at retirement, death, incapacitation or termination of employment, of an amount based on the respective employee's salary and the tenure of employment with the Company. Liabilities with regard to these defined benefit plans are determined by actuarial valuation, performed by an external actuary, at each Balance Sheet date using the projected unit credit method. These defined benefit plans expose the Company to actuarial risks, such as longevity risk, interest rate risk and market risk

The Company recognizes the net obligation of a defined benefit plan in its Balance Sheet as an asset or liability. Gains and losses through re-measurements of the net defined benefit liability / (asset) are recognized in other comprehensive income and are not reclassified to profit or loss in subsequent periods.

2.6 Revenue recognition

i. Sale of goods

Revenue is recognized upon transfer of control of promised goods to customers in an amount that reflects the consideration which the Company expects to receive in exchange for those goods. Revenue from the sale of goods is recognized at the point in time when control is transferred to the customer which is usually on dispatch / delivery of goods, based on contracts with the customers. Revenue is measured based on the transaction price, which is the consideration, adjusted for volume discounts, price concessions, incentives, and returns, if any, as specified in the contracts with the customers. Revenue excludes taxes collected from customers on behalf of the government. Accruals for discounts/incentives and returns are estimated (using the most likely method) based on accumulated experience and underlying schemes and agreements with customers. The Company does not expect to have any contracts where the period between the transfer of goods and payment by customer exceed one year. Hence, the company does not adjust revenue for the time value of money.

ii. Interest income

Revenue is recognized on a time proportion basis taking into account the amount outstanding on effective interest rate.

iii. Other Income

Other items of income are accounted as and when the right to receive such income arises and it is probable that the economic

2.7 Income Tax

(i) Current tax

Current income tax assets and liabilities are measured at the amount expected to be recovered from or paid to the taxation authorities. The tax rates and tax laws used to compute the amount are those that are enacted or substantively enacted, at the reporting date in the countries where the Group operates and generates taxable income.

Current income tax relating to items recognised outside profit or loss is recognised outside profit or loss (either in other comprehensive income or in equity)

Current tax items are recognised in correlation to the underlying transaction either in OCI or directly in equity. Management periodically evaluates positions taken in the tax returns with respect to situations in which applicable tax regulations are subject to interpretation and establishes provisions where appropriate.

(ii) Deferred Tax

Deferred tax is recognized in respect of temporary differences between the carrying amounts of assets and liabilities for financial reporting purposes and the amounts used for taxation purposes

Deferred tax assets are recognized for unused tax losses, unused tax credits and deductible temporary differences to the extent that it is probable that future taxable profits will be available against which they can be used. Deferred tax assets and deferred tax liabilities are reviewed at each reporting date and are reduced to the extent that it is no longer probable that the related tax benefit will be realized

Deferred tax is measured at the tax rates that are expected to be applied to temporary differences when they reverse, using tax rates enacted or substantively enacted at the reporting date and are expected to apply when the related deferred income tax asset is realized or the deferred income tax liability is settled.

Deferred tax relating to items recognized outside profit or losses are recognized as a part of these items (either in other comprehensive income or in equity).

Deferred tax assets and liabilities are offset only if: a) The entity has a legally enforceable right to set off current tax assets against current tax liabilities; and b) The deferred tax assets and the deferred tax liabilities relate to income taxes levied by the same taxation authority on the same taxable entity.

2.8 Cash and cash equivalents

Cash and cash equivalents includes cash on hand, deposits held at call with banks, other short-term, highly liquid investments with original maturities of three months or less that are readily convertible to known amounts of cash and which are subject to an insignificant risk of changes in value. Cash and cash equivalents consist of balances with banks which are unrestricted for withdrawal and usage.

2.9 Inventories

Inventories are valued at the lower of cost and net realizable value. Costs incurred in bringing each product to its present location and conditions are accounted for as follows:

- i) **Raw materials:** cost includes cost of purchase and other costs incurred in bringing the inventories to their present location and condition. Cost is determined on FIFO Basis.
- ii) **Finished goods and work in progress:** cost includes cost of direct materials and labour and a proportion of manufacturing overheads based on the normal operating capacity. Cost is determined on FIFO Basis.
- iii) **Traded goods:** cost includes cost of purchase and other costs incurred in bringing the inventories to their present location and condition. Cost is determined on FIFO Basis.

2.10 Provisions and Contingencies

General

Provisions are recognised when the Group has a present obligation (legal or constructive) as a result of a past event, it is probable that an outflow of resources embodying economic benefits will be required to settle the obligation and a reliable estimate can be made of the amount of the obligation. When the Group expects some or all of a provision to be reimbursed, for example, under an insurance contract, the reimbursement is recognised as a separate asset, but only when the reimbursement is virtually certain. The expense relating to a provision is presented in the statement of profit and loss net of any.

Contingencies :

Contingent liabilities exist when there is a possible obligation arising from past events, the existence of which will be confirmed only by the occurrence or non-occurrence of one or more uncertain future events not wholly within the control of the Group, or a present obligation that arises from past events where it is either not probable that an outflow of resources will be required or the amount cannot be reliably estimated. Contingent liabilities are appropriately disclosed unless the possibility of an outflow of resources embodying economic benefits is remote.

2.11 Cash flow statement

Cash flows are reported using the indirect method, whereby profit or loss before tax is adjusted for the effects of transaction of non-cash nature and any deferrals or accruals of past or future cash receipts or payments. The cash flows from operating, investing and financing activities of the Company are segregated based on the available information.

2.12 Earning per share

a) Basic earnings per share

Basic earnings per share is calculated by dividing:

- the profit attributable to equity shareholders of the Company
- by the weighted average number of equity shares outstanding during the financial year

b) Diluted earnings per share

- Diluted earnings per share computed using the weighted average number of equity and dilutive equity equivalent share outstanding during the period.

2.13 Recent Pronouncement

The Ministry of Corporate Affairs ("MCA") notifies new standards / amendments under Companies (Indian Accounting Standards) Rules as issued from time to time. As of 31st March 2024, MCA has not notified any new standards or amendments to the existing standards applicable to the Company that has not been applied.

36) Financial Risk Management

The Company's principal financial liabilities comprises of borrowings, trade and other payables. The main purpose of these financial liabilities is to finance the company's operations. The company's principal financial assets include trade and other receivables, investments and cash and cash equivalents and bank balances other than cash & cash equivalents that are derived directly from its operations.

The Company is exposed primarily to fluctuations in credit, liquidity and market risks, which may adversely impact the fair value of its financial instruments. The Company has a risk management policy which covers risks associated with the financial assets and financial liabilities. Company's overall risk management focuses on the unpredictability of financial markets and seeks to minimize potential adverse effects on the financial performance of the company.

Market risk

Market risk is the risk that the fair value of future cash flows of a financial instrument will fluctuate because of changes in market prices. Market risk comprises three types of risk: interest rate risk, currency risk and other risks, such as equity price risk and commodity price risk.

(i) Foreign Currency risk

Foreign currency risk is the risk that the fair value or future cash flows of an exposure will fluctuate because of changes in foreign exchange rates. The company is not involved in foreign exchange transaction. Hence, There is no foreign currency risk involved.

(ii) Interest Rate Risk

Interest Rate risk is the risk that the fair value of future cashflows of a financial instrument will fluctuate because of changes in Market Interest Rates. The company's exposure to the risk of changes in Market Interest Rates relates primarily to the Company's short term debt obligations with floating interest rates. The Company manages its interest risk by having a balanced portfolio of fixed and variable rate loans and borrowings.

Interest rate sensitivity :

Borrowing	As at 31-Mar-24	Composition	As at 31-Mar-23	Composition
Borrowing - Fixed Rate	29.61	2.54%	32.31	9.52%
Borrowing - Floating Rate	1,137.03	97.46%	307.11	90.48%
	1,166.64		339.42	

The following table demonstrates the sensitivity to a reasonably possible change in interest rates on loans and borrowings with variable interest rates. With all other variables held constant, the Company's profit before tax is affected through the impact on floating rate borrowings, considering 100 basis points is as follows:

Particulars	As at 31st March 2024	As at 31st March 2023
INR in Lakhs	11.37	3.07

(iii) Commodity Price Risk

The Company is affected by the price volatility of its commodities. Its operating activities require the on-going purchase or continuous supply of raw materials. Therefore, the company monitors its purchases closely to optimize the price.

Commodity price sensitivity

Particulars	Sale of goods	Purchase of Raw Material
Increase in price by 5%		
31st March 2024	1,410.68	1,347.36
31st March 2023	1,090.64	1,029.92
Decrease in price by 5%		
31st March 2024	(1,410.68)	(1,347.36)
31st March 2023	(1,090.64)	(1,029.92)

(iv) Credit Risk

Credit risk arises from the possibility that counter party may not be able to settle their obligations as agreed. To manage this, the Company periodically assesses the financial reliability of customers, taking into account the financial condition, current economic trends, and analysis of historical bad debts and ageing of accounts receivable. Individual risk limits are set accordingly.

The company considers the probability of default upon initial recognition of asset and whether there has been a significant increase in credit risk on an ongoing basis throughout each reporting period. To assess whether there is a significant increase in credit risk the company compares the risk of a default occurring on the asset as at the reporting date with the risk of default as at the date of initial recognition.

Trade receivables:

Trade receivables are non-interest bearing. An impairment analysis is performed at each reporting date on an individual basis for major customers. In addition, a large number of minor receivables are grouped into homogenous groups and assessed for impairment collectively. The calculation is based on historical data of expected credit loss, actual credit loss and party-wise review of credit risk

The ageing of Trade receivables is as follows (net of Expected Credit loss)

Particulars	As at 31st March 2024	As at 31st March 2023
Upto 6 months	4,583.42	2,892.74
More than 6 months	93.50	136.55
	4,676.92	3,029.29

(v) Liquidity risk

Liquidity risk is defined as the risk that the Company will not be able to settle or meet its obligations on time or at a reasonable price. The Company's corporate treasury department is responsible for liquidity, funding as well as settlement management. In addition, processes and policies related to such risks are overseen by senior management. Management monitors the Company's net liquidity position through rolling forecasts on the basis of expected cash flows.

The table below summarises the maturity profile of the Company's financial liabilities based on contractual undiscounted cash flows.

37) Capital Management

For the purposes of the Company's Capital Management, capital includes issued capital and all other equity reserves.

The primary objective of the Company's Capital Management is to maximise shareholder value. The company manages its capital structure and makes adjustments in the light of changes in economic environment and the requirements of the financial covenants.

The calculation of capital for the purpose of capital management is as follows:

1) Debt equity ratio - Total debt divided by Total equity

The debt-to-equity (D/E) ratio is calculated by dividing a Company's total liabilities by its shareholder equity. The ratio is used to evaluate a Company's financial leverage.

Total debt = Long term borrowings + Short term borrowings

Particulars	March 31, 2024	As at March 31, 2023
Total Debt	1,166.64	339.42
Total Equity	3,571.84	2,993.05
