Notes:

The above is an extract of the detailed format of financial results for the quarter and year ended March 31, 2024 filed with the Stock Exchange under Regulation 33 of the SEBI (Listing Obligations and Disclosure Requirements) Regulations, 2015. The full format of financial results for the guarter and year ended March 31, 2024.

For the year ended March 31, 2024 and in previous years, due to higher raw material cost i.e. sugarcane costs (SAP) fixed by State government and relatively lower sales realization of finished sugar on adverse demand & supply scenario, and other eternal factors the Holding Company had continuously incurred huge cash losses resulting in complete erosion of its net worth, rendering the Company unable to meet payment obligations towards its lenders as well as to the sugarcane farmers in terms of their respective agreements and understanding. All the production units of the Holding Company are operational continue to operate at sub-optimum levels on year-on-year basis while consistent efforts are being made for improvement in operational efficiency viz. improvement in sugar recovery, reduction in overheads and reduction in other operational and administrative costs etc. However, due to lack of required working capital and no capex being undertaken towards augmentation and modernization, the operations of distillery and sugar plants are still adversely impacted. Further, the availability of required sugarcane for optimal utilization of production capacities still a challenge on account of aforesaid reasons. In distillery segment, non-installation of incineration boilers and other equipment's to meet the stringent requirement of Pollution Control Board is still resulting in curtailed production levels. Further, the expected accrued benefits under the Sugar Industries Promotion policy 2004 has not been yet disbursed by the State Government a the matter is sub-judice

Recognizing the status of the sugar industry, the state and central governments have taken a number of measures in past to improve the financial health of sugar mills and to support the liquidation of sugarcane arrears by grant of soft loan, fixing minimum suppor price of sugar, and Ethanol blending program with petrol coupled with long term tendering and fixing remunerative selling price of ethanol etc. All these measures specifically ethanol blending programme, have resulted in revival of the sugar industry but the Holding Company is continuing to suffer and incurring losses on account of non-availability of sufficient sugar cane commensurate to its crushing capacities, on account of delayed payment of sugar cape prices due to adverse liquidity position, which have resulted in the diversion of sugar cane in the command areas to the other adjoining sugar mills. Benefits under soft loan could also not be availed, since credit facility accounts with its lenders were having NPA categorisation.

Due to default in repayment of credit facilities, lenders to the Holding Company have initiated recovery proceedings at various forums, including filing of applications before the Hon'ble National Company Law Tribunal (NCLT) under Section 7 of the Insolvency and Bankruptcy Code, 2016 and also filing of recovery proceedings against personal guarantors (Promoters) before NCLT under section 95 of Insolvency and Bankruptcy Code, 2016 in addition to approaching Debt Recovery Tribunals in Delhi as well as in Lucknow, Uttar Pradesh. One of the lenders had declared the Holding Company and Guarantors to the credit facility, as Willful Defaulters, which was Set Aside by Hon'ble Punjab and Haryana High court at Chandigarh, while another lender had started the proceedings to examine the Willful Default and a personal hearing was also granted, basis Holding Company's representations the decision is kept in abeyance. One lender had categorized company with a fraud tag, which was set aside by the Hon'ble Delhi High Court. While one of the lenders had initiated recovery proceedings under section 138 of the Negotiable Instrument Act, wherein nonbailable warrants were issued against the erstwhile directors and officials of the Holding Company, which is being contested at the appropriate forum. Against a criminal complaint filed by one of the lenders, the Enforcement Directorate had passed an Attachmen Order on certain assets of the Holding Company to the extent of ₹ 109.80 Crore, against which the Holding Company had preferre an appeal before with the appropriate authority and an Interim Stay had been granted by the Hon'ble Appellate Tribunal.

The Holding Company is continuing to pursue a comprehensive debt resolution proposal with all the lenders. Commercial lender have shown their inclination to accept the debt resolution proposal and accepted the Earnest Money offered thereof, while the debt realignment proposal was submitted to other lenders against which the Holding Company has started the repayments, pending approval of respective lenders. Revised debt resolution proposal given to commercial lenders on a bilateral basis is unde consideration by the commercial lenders, based on which Hon'ble NCLT Bench, Allahabad has adjourned the hearing

Considering the steps initiated to turnaround the Company and sugar sector, and continuing manufacturing operations in the nea foreseeable future with improved operational efficiency, these consolidated financial results are continued to be presented on a Going Concern basis, which contemplates realization of assets and settlement of liabilities, in the normal course of business Accordingly, property, plant and equipment continued to be stated at the carrying amount, without testing for impairment. As stated, aforesaid, the Holding Company has submitted comprehensive debt resolution proposals with all the lenders to

commensurate with its future cash flows including infusion of funds by strategic investor, promoters, internal accruals, monetization of assets etc. which contemplates the total waiver of interest and concession in repayment of principal amount. Commercial lenders have accepted the Earnest Money Deposit (EMD) offered in consonance with the Debt Resolution Proposal. The Company had received a notice for payment of interest on delayed payment of cane price for sugar season 2012-13, but considering the past practice of waiver/non-levying of any interest on account of delayed payment of cane price by the State Government, no provision towards the interest on delayed payment of cane price for the aforesaid and subsequent sugar seasons has been made in the accounts. Since, no demand notices have been raised on the Company, except for sugar season 2012-13, the amount of interest on account of delayed payment of cane price, not provided for in the accounts, could not be quantified.

The above is an extract of the detailed format of financial results for the quarter and year ended March 31, 2024 filed with the Stock Exchange under Regulation 33 of the SEBI (Listing Obligations and Disclosure Requirements) Regulations, 2015. The full format of financial results for the quarter and year ended March 31, 2024.

For the year ended March 31, 2024 and in previous years, due to higher raw material cost i.e. sugarcane costs (SAP) fixed by State government and relatively lower sales realization of finished sugar on adverse demand & supply scenario, and other eternal factors, the Holding Company had continuously incurred huge cash losses resulting in complete erosion of its net worth, rendering the Company unable to meet payment obligations towards its lenders as well as to the sugarcane farmers in terms of their respective agreements and understanding. All the production units of the Holding Company are operational continue to operate at sub-optimum levels on year-on-year basis while consistent efforts are being made for improvement in operational efficiency viz. improvement in sugar recovery, reduction in overheads and reduction in other operational and administrative costs etc. However, due to lack of required working capital and no capex being undertaken towards augmentation and modernization, the operations of distillery and sugar plants are still adversely impacted. Further, the availability of required sugarcane for optimal utilization of production capacities is still a challenge on account of aforesaid reasons. In distillery segment, non-installation of incineration boilers and other equipment's to meet the stringent requirement of Pollution Control Board is still resulting in curtailed production levels. Further, the expected accrued benefits under the Sugar Industries Promotion policy 2004 has not been yet disbursed by the State Government as the matter is sub-judice

Recognizing the status of the sugar industry, the state and central governments have taken a number of measures in past to improve the financial health of sugar mills and to support the liquidation of sugarcane arrears by grant of soft loan, fixing minimum support price of sugar, and Ethanol blending program with petrol coupled with long term tendering and fixing remunerative selling price of ethanol etc. All these measures specifically ethanol blending programme, have resulted in revival of the sugar industry but the Holding Company is continuing to suffer and incurring losses on account of non-availability of sufficient sugar cane commensurate to its crushing capacities, on account of delayed payment of sugar cane prices due to adverse liquidity position, which have resulted in the diversion of sugar cane in the command areas to the other adjoining sugar mills. Benefits under soft loan could also not be availed, since credit facility accounts with its lenders were having NPA categorisation.

Due to default in repayment of credit facilities, lenders to the Holding Company have initiated recovery proceedings at various forums, including filing of applications before the Hon'ble National Company Law Tribunal (NCLT) under Section 7 of the Insolvency and Bankruptcy Code, 2016 and also filing of recovery proceedings against personal guarantors (Promoters) before NCLT under section 95 of Insolvency and Bankruptcy Code, 2016 in addition to approaching Debt Recovery Tribunals in Delhi as well as ir Lucknow, Uttar Pradesh. One of the lenders had declared the Holding Company and Guarantors to the credit facility, as Willful Defaulters, which was Set Aside by Hon'ble Punjab and Haryana High court at Chandigarh, while another lender had started the proceedings to examine the Willful Default and a personal hearing was also granted, basis Holding Company's representations the decision is kept in abeyance. One lender had categorized company with a fraud tag, which was set aside by the Hon'ble Delhi High Court. While one of the lenders had initiated recovery proceedings under section 138 of the Negotiable Instrument Act, wherein nonbailable warrants were issued against the erstwhile directors and officials of the Holding Company, which is being contested at the appropriate forum. Against a criminal complaint filed by one of the lenders, the Enforcement Directorate had passed an Attachment Order on certain assets of the Holding Company to the extent of ₹ 109.80 Crore, against which the Holding Company had preferred an appeal before with the appropriate authority and an Interim Stay had been granted by the Hon'ble Appellate Tribunal.

The Holding Company is continuing to pursue a comprehensive debt resolution proposal with all the lenders. Commercial lenders have shown their inclination to accept the debt resolution proposal and accepted the Earnest Money offered thereof, while the debt realignment proposal was submitted to other lenders against which the Holding Company has started the repayments, pending approval of respective lenders. Revised debt resolution proposal given to commercial lenders on a bilateral basis is unde consideration by the commercial lenders, based on which Hon'ble NCLT Bench, Allahabad has adjourned the hearing

Considering the steps initiated to turnaround the Company and sugar sector, and continuing manufacturing operations in the near foreseeable future with improved operational efficiency, these consolidated financial results are continued to be presented on a Going Concern basis, which contemplates realization of assets and settlement of liabilities, in the normal course of business Accordingly, property, plant and equipment continued to be stated at the carrying amount, without testing for impairment.

As stated, aforesaid, the Holding Company has submitted comprehensive debt resolution proposals with all the lenders to commensurate with its future cash flows including infusion of funds by strategic investor, promoters, internal accruals, monetization of assets etc. which contemplates the total waiver of interest and concession in repayment of principal amount. Commercial lenders have accepted the Earnest Money Deposit (EMD) offered in consonance with the Debt Resolution Proposal. Accordingly, the estimated Interest expenses on credit facilities pertaining to commercial lenders, for the year ended March 31, 2024 amounting to ₹ 22,144.56 Lakhs (previous year ₹ 19,018.54 Lakhs) has not been recognized in statement of profit and loss account. An estimated accumulated amount of ₹ 1.11.092.59 Lakhs towards accrued interest has not been provided for in the books of accounts as on March 31, 2024.

The Hon'ble High Court of Uttar Pradesh had directed the state government to determine the interest liability for the period of delayed payments of sugarcane price to cane growers for the sugar seasons 2012-13 to 2014-15 by the UP Sugar Industry. The Company had received a notice for payment of interest on delayed payment of cane price for sugar season 2012-13, but considering the past practice of waiver/non-levying of any interest on account of delayed payment of cane price by the State Government, no provision towards the interest on delayed payment of cane price for the aforesaid and subsequent sugar seasons has been made in the accounts. Since, no demand notices have been raised on the Company, except for sugar season 2012-13, the amount of interest on account of delayed payment of cane price, not provided for in the accounts, could not be quantified.

The auditors of Integrated Case-tech Consultants Private Limited ('ICCPL'), a subsidiary company have qualified its conclusion o

the financial results for the year ended March 31, 2024 in respect of following matters:

i. ICCPL had recognized revenue of ₹ 462.57 Lakhs as unbilled revenue in the earlier financial years, which had been in disputes with the counter parties. Further the counter parties had also hold back the payment of Earnest Money Deposits of ₹ 105.00 Lakhs, which has been shown as recoverable in the books. Pending final settlement of the disputes, the unbilled revenue and Earnest Money Deposits balances are continued to be carried forward at the same amount, without making any provision for the expected credit losses and estimated probable losses on account of disputes. The auditors are not made available of appropriate impairment assessment carried out by the management and accordingly, expressed their opinion that they are unable to comment on the same, including the compliance of the Ind AS 36 and any consequential adjustment that may arise in this regard in the financial results of ICCPL

Trade receivables includes overdue receivables for more than one year amounting to ₹294.51 Lakhs, which has been classified as considered good and against which provision for expected credit loss of ₹ 75.15 Lakhs has been made. Examination of records of ICCPL revealed that the counter parties had not accepted the invoices raised by ICCPL on account of various disputes in fulfillment of the contracts and are also not confirming that these payments are due to IPPCL as per their records. In absence of the confirmation and considering the fact of non admission of invoices, the auditor expressed their opinion that the entire receivable amount of ₹219.36 Lakhs should have been provided for by ICCPL.

iii. The recognition of net deferred tax assets of ₹ 108.56 Lakhs in respect of past losses and other deductible temporary differences is not in consonance with the Ind AS 12, as in the opinion of the auditors, the probability of earning sufficient taxable profits in future is remote in view of the above mentioned qualifications and continuing losses

In the audited financial statements of Simbhaoli Power Private Limited ('SPPL') for the year ended March 31, 2022, the statutory auditor of the SPPL had qualified their opinion on the matter of certain accounting disputes with the holding company aggregating to ₹ 1,197.90 Lakhs, resulting in understatement of loss after tax and overstatement of equity by the aforesaid amount. The auditors had further drawn attention on the existence of material uncertainty due to incurring of losses on account of reduction in power tariff having adverse impact on the liquidity of SPPL and reported that the aforesaid facts cast significant doubts about the SPPL's ability to continue as a going concern.
