BUSINESS OUTLOOK-CUM MANAGEMENT DISCUSSION AND ANALYSIS REPORT

The Company has since suspended its manufacturing activities. The entire proceeds on sale of the manufacturing unit at Prafula Kanan has been parked in interest earning short-term deposits pending commencement of new venture compatible with the company's capital structure and found viable under the changed economic scenario of the country.

The Main object with which the Company was to peruse on incorporation was Manufacturing and selling fine Quality Hosiery Garment under the Brand Name 'Siddeshwari'. Thus, the Company had been operating with single product Segment and that too has since been closed consequent to serious labour problem w.e.f June, 2002 thereafter. The Company is pursuing sporadic Trading operation and dealing in derivatives to sustain its assets and cash liquidity in both.

Your Directors have since examined and analyzed the company's operational activities and business standard in the perspective of Indian economic growth and development during the last few years until close off of the last financial year, that is before the outbreak of 'Corona' Pandemic, India had emerged as one of the most progressive and developing economy ranking amongst the leading three (3) economies in the world. Global growth in the year 2023-24 recorded a very weak pace since the global financial crisis due to worldwide Covid-19 pandemic as a cause of the Wuhan virus, reflecting common influences across countries and country-specific factors. Worsening macroeconomic stress related to tighter financial conditions, geopolitical tensions, and social unrest rounded out the difficult picture. The global economy, which was facing headwinds due to structural barriers in international trade from last couple of years mainly due to USA-China trade tensions, got severe jolt of COVID-19 led crisis. Increasing trade barriers as well as trade uncertainty stemming from rising trade tensions, especially between US and China as well as India and China, also resulted in declining business confidence and further limited trade. This led to drastic reduction in

Siddheswari Garments Limited

all kinds of economic activities of consumption and investment leading to damping of consumers', investors' and industry's sentiments. Meantime, the effect of Corona Pandemic on human life has turned out to be so high that the world economy has become crippled due to lock down of most economic activities while fighting the Corona virus devastation. This again has given some advantage to the Indian economy to become a world leader. On the other hand Chinese aggression at the northern border of the country has led Indian government to express stern view on boycotting Chinese supplies and support which had been constituted almost 80% of Indian foreign trade. The global economy grew by 2.9% in F Y 2019, recording its weakest pace since the global financial crisis of 2008. This also opened up a new challenge before Indian Businesses to fill in the vacuum. Thereby, like all other Indian companies there is a golden opportunity for your company to react to the situation with revival of its existing (now closed) operations plus initiative to start new businesses by way of diversification, your directors vehemently support the view and are seriously examining the viability of alternatives.

The company is not required to be registered under section 451A of The Reserve Bank of India Act 1934. Accordingly paragraph 3(xxi) of the order is not applicable to the company.

The timing of revenue recognition is relevant to the reported performance of the Company. The management considers revenue as a key measure for evaluation of performance. There is a risk of revenue being recorded before control is transferred.	Our audit procedures included the following: <ul style="list-style-type: none">● Assessed the Company's revenue recognition accounting policies in line with Ind AS.● Tested the effectiveness of such controls over revenue cut off at year end.● Compared revenue with historical trends and where appropriate, conducted further enquiries and testing.● Assessed disclosures in financial statements in respect of revenue, as specified in Ind AS.

Other Information

The Company's Board of Directors is responsible for the other information. The other information comprises the information included in the Annual Report, but does not include the standalone Ind AS financial statements and our auditor's report thereon.

Our Opinion on the standalone Ind AS financial statements does not cover the other information and we do not express any form of assurance conclusion thereon.

In connection with our audit of the standalone Ind AS financial statements, our responsibility is to read the other information and, in doing so, consider whether such other information is materially inconsistent with the financial statements or our knowledge obtained during the course of our audit or otherwise appears to be materially. If, based on the work we have performed, we conclude that there is a material misstatement of this other information; we are required to report that fact. We have nothing to report in this regard.

Responsibilities of the Management and Those charged with Governance for the Financial Statements.

The Company's Board of Directors is responsible for the matters stated in Section 134(5) of the Companies Act, 2013 ("the Act") with respect to the preparation of these standalone Ind AS financial statements that give a true and fair view of the financial position, financial performance including other comprehensive income, cash flows and changes in equity of the Company in accordance with the accounting principles generally accepted in India, including the Indian Accounting Standards (Ind AS) prescribed under Section 133 of the Act read with the Companies (Indian Accounting Standards) Rules, 2015, as amended. This responsibility also includes maintenance of adequate accounting records in accordance with the provisions of the Act for safeguarding the assets of the Company and for preventing and detecting frauds and other irregularities; selection and application of appropriate accounting policies; making judgements and estimates that are reasonable and prudent; and design, implementation and maintenance of adequate internal financial controls, that were operating effectively for ensuring the accuracy and completeness of the accounting records, relevant to the preparation and presentation of the standalone Ind AS financial statements that give a true and fair view and are free from material misstatement, whether due to fraud or error.

Siddheswari Garments Limited

In preparing the standalone Ind AS financial statements, management is responsible for assessing the Company's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless management either intends to liquidate the Company or to cease operations, or has no realistic alternative but to do so.

The Board of Directors are also responsible for overseeing the Company's financial reporting process.

Auditor's Responsibility for the Audit of the Standalone Ind AS Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with SAs will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these annual financial statements.

As part of an audit in accordance with SAs, we exercise professional judgement and maintain professional skepticism throughout the audit. We also:

Identify and assess the risks of material misstatement of the standalone Ind AS financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.

Obtain an understanding of internal controls relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on whether the Company has in place an adequate internal financial controls system over financial reporting and the operating effectiveness of such controls.

Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by management.

Conclude on the appropriateness of management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the ability of the company to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the company to cease to continue as a going concern.

Evaluate the overall presentation, structure and content of the standalone Ind AS financial statements, including the disclosures, and whether the financial statements represent the underlying transactions and events in a manner that achieves fair presentation.

We communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

We also provide those charged with governance with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, related safeguards. From the matters communicated with those charged with governance, we determine

Siddheswari Garments Limited

those matters that were of most significance in the audit of the standalone Ind AS financial statements of the year ended March 31, 2024 and are therefore the key audit matters. We describe their matters in our auditor's report unless law or regulation precludes public disclosure about the matter or when, in extremely rare circumstances, we determine that a matter should not be communicated in our report because the adverse consequences of doing so would reasonably be expected to outweigh the public interest benefits of such communication.

We have audited the internal financial controls over financial reporting of SIDDHESWARI GARMENTS LTD ("the Company") as of 31st March, 2024 in conjunction with our audit of the Ind AS financial statements of the Company for the year ended on that date.

Management's Responsibility for Internal Financial controls

The Company's management is responsible for establishing and maintaining internal financial controls based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting issued by the Institute of Chartered Accountants of India.

These responsibilities include the design, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring the orderly and efficient conduct of its business, including adherence to company's policies, the safeguarding of its assets, the prevention and detection of frauds and errors, the accuracy and completeness of the accounting records, and the timely preparation of reliable financial information, as required under the Companies Act, 2013.

Siddheswari Garments Limited

Meaning of Internal Financial Controls over Financial Reporting

A company's internal financial control over financial reporting is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of financial statements for external purposes in accordance with generally accepted accounting principles. A company's internal financial control over financial reporting includes those policies and procedures that:

- (1) Pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the company;
- (2) Provide reasonable assurance that transactions are recorded as necessary to permit preparation of financial statements in accordance with generally accepted accounting principles, and that receipts and expenditures of the company are being made only in accordance with authorizations of management and directors of the company; and
- (3) Provide reasonable assurance regarding prevention or timely detection of unauthorized acquisition, use, or disposition of the Company's assets that could have a material effect on the financial statements.

Inherent Limitations of Internal Financial Controls over Financial Reporting

Because of the inherent limitations of internal financial controls over financial reporting, including the possibility of collusion or improper management override of controls, material misstatements due to error or fraud may occur and not be detected. Also, projections of any evaluation of the internal financial controls over financial reporting to future periods are subject to the risk that the internal financial control over financial reporting may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

Opinion

In our opinion, the Company has, in all material respects, an adequate internal financial controls system over financial reporting and such internal financial controls over financial reporting were operating effectively as at 31st March 2024, based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting issued by the Institute of Chartered Accountants of India.

STATEMENT OF SIGNIFICANT ACCOUNTING POLICIES

I. Company Overview

The company's main business activity was manufacturing and selling knitted hosiery Garments to cater for the domestic market. But consequent to continues labour unrest at the manufacturing unit, the company was forced to close down its production activities on a permanent basis and have been continuing with trading activities and investing the liquid funds to earn return on idle.

II. Significant Accounting Policies

(a) Basis of preparation :

These financial statements are prepared in accordance with Indian Accounting Standards (Ind AS) under the historical cost convention on the accrual basis except for certain financial instruments which are measured at fair values, the provisions of the Companies Act , 2013 (' Act') (to the extent notified) and guidelines issued by the Securities and Exchange Board of India (SEBI). The Ind AS are prescribed under Section 133 of the Act read with Rule 3 of the Companies (Indian Accounting Standards) Rules, 2015 and Companies (Indian Accounting Standards) Amendment Rules, 2016.

Accounting policies have been consistently applied except where a newly issued accounting standard is initially adopted or a revision to an existing accounting standard requires a change in the accounting policy hitherto in use.

(b) Use of estimate :

The preparation of the financial statements in conformity with IndAS requires management to make estimates, judgments and assumptions. These estimates, judgments and assumptions affect the application of accounting policies and the reported amounts of assets and liabilities, the disclosures of contingent assets and liabilities at the date of the financial statements and reported amounts of revenues and expenses during the period.

(c) Revenue Recognition

Revenue is recognized to the extent that it is probable that the economic benefits will flow to the company and revenue can be reliably measured

- a. In respect of Sales : When the significant risks and rewards of ownership of goods have been passed on to the buyer, which generally coincides with delivery/shipment of goods to customers.
- b. In respect of Interest Income : On time proportion basis taking into account the amount outstanding and the rate applicable.
- c. In respect of Service Income : When the services are performed as per contract.
- d. In respect of Dividend Income : When right to receive payment is established.

Under IndAS 18, Excise duty will not be netted from revenue and shown as a part of expenses. Revenue from product sales is recognized exclusive of Excise Duty, GST, Sales Tax/Value added Tax (VAT) and net of returns, Sales Discount etc. Sales Returns are accounted for when goods are returned.

(d) Property, plant and Equipment's

Capital Work in Progress, Plant and Equipment is stated at cost, net of accumulated depreciation and accumulated impairment losses, if any. Such Cost includes the cost of replacing part of the plant and equipment and borrowing costs for long term construction projects if the recognition criteria are met. When significant parts of plant and equipment are required to be replaced at intervals, the company depreciates them separately based on their specific useful lives. Likewise, when a major inspection is performed, its cost is recognized in the carrying amount of the plant and equipment as a replacement if the recognition criteria is satisfied. All other repair and maintenance costs are recognized in profit or loss as incurred. No decommissioning liabilities are expected to be incurred on the assets of plant and equipment.

Siddheswari Garments Limited

Depreciation is calculated on a straight line basis over the estimated useful lives of the assets as follows:

Class of Assets	Useful Lives
Plant & Machineries	15
Office Equipment	10

An item of Property, plant and equipment and any significant part initially recognized is derecognized upon disposal or when no future economic benefits are expected from its use or disposal. Any Gain or Loss arising on derecognition of the asset (calculated as the difference between the net disposal proceeds and carrying amount of the asset) is included in the income statement when the asset is derecognized

(e) Inventories

Inventories are valued as under:

- Raw Materials: At Cost or Net Realizable Value whichever is lower
- Scrap are valued at estimated realizable value.

Cost includes all direct cost and applicable manufacturing and administrative overheads. Inventories are valued on FIFO basis. Variation, if any, between books and physical stocks detected on physical verification, obsolete & slow moving stocks are adjusted in accounts as found appropriate.

(f) Financial instruments

1. Initial recognition :

The Company recognizes financial assets and financial liabilities when it becomes a party to the contractual provisions of the instrument. All financial assets and liabilities are recognized at fair value on initial recognition, except for trade receivables which are initially measured at transaction price. Transaction costs that are directly attributable to the acquisition or issue of financial assets and financial liabilities that are not at fair value through profit or loss are added to the fair value on initial recognition. Regular way purchase and sale of financial assets are accounted for at trade date

2.Subsequent measurement :

(a) Non-derivative financial instruments

(i) Financial assets carried at amortized cost :

A financial asset is subsequently measured at amortized cost if it is held within a business model whose objective is to hold the asset in order to collect contractual cash flows and the contractual terms of the financial asset give rise on specified dates to cash flows that are solely payments of principal and interest on the principal amount outstanding.

(ii) Financial assets at fair value through other comprehensive income :

A financial asset is subsequently measured at fair value through other comprehensive income if it is held within a business model whose objective is achieved by both collecting contractual cash flows and selling financial assets and the contractual terms of the financial asset give rise on specified dates to cash flows that are solely payments of principal and interest on the principal amount outstanding. The Company has made an irrevocable election for its investments which are classified as equity instruments to present the subsequent changes in fair value in other comprehensive income based on its business model. Further, in cases where the Company has made an irrevocable election based on its business model, for its investments which are classified as equity instruments, the subsequent changes in fair value are recognized in other comprehensive income

(iii) Financial assets at fair value through profit or loss :

A financial asset which is not classified in any of the above categories are subsequently fair valued through profit or loss.

(iv) Financial liabilities :

Financial liabilities are subsequently carried at amortized cost using the effective interest method, except for contingent consideration recognized in a business combination which is subsequently measured at fair value through profit and loss. For trade and other payables maturing within one year from the Balance Sheet date, the carrying amounts approximate fair value due to the short maturity of these instruments.

Siddheswari Garments Limited

3. Derecognition of financial instruments :

The company derecognizes a financial asset when the contractual rights to the cash flows from the financial asset expire or it transfers the financial asset and the transfer qualifies for derecognition under IndAS 109. A financial liability (or a part of a financial liability) is derecognized from the Company's Balance Sheet when the obligation specified in the contract is discharged or cancelled or expires.

(g) Impairment of Assets :

(a) Financial assets :

The Company recognizes loss allowances using the expected credit loss (ECL) model for the financial assets which are not fair valued through profit or loss. Loss allowance for trade receivables with no significant financing component is measured at an amount equal to lifetime ECL. For all other financial assets, expected credit losses are measured at an amount equal to the 12-month ECL, unless there has been a significant increase in credit risk from initial recognition in which case those are measured at lifetime ECL. The amount of expected credit losses (or reversal) that is required to adjust the loss allowance at the reporting date to the amount that is required to be recognised is recognized as an impairment gain or loss in profit or loss.

(b) Non-financial assets

(i) Property, plant and equipment : Property, plant and equipment are evaluated for recoverability whenever events or changes in circumstances indicate that their carrying amounts may not be recoverable. For the purpose of impairment testing, the recoverable amount (i.e. the higher of the fair value less cost to sell and the value-in-use) is determined on an individual asset basis unless the asset does not generate cash flows that are largely independent of those from other assets. In such cases, the recoverable amount is determined for the CGU to which the asset belongs.

If such assets are considered to be impaired, the impairment to be recognized in the Statement of Profit and Loss is measured by the amount by which the carrying value of the assets exceeds the estimated recoverable amount of the asset. An impairment loss is reversed in the statement of profit and loss if there has been a change in the estimates used to determine the recoverable amount. The carrying amount of the asset is increased to its revised recoverable amount, provided that this amount does not exceed the carrying amount that would have been determined (net of any accumulated amortization or depreciation) had no impairment loss been recognized for the asset in prior years

(h) Income Taxes :

Income tax expense comprises current and deferred income tax. Income tax expense is recognized in net profit in the statement of profit and loss except to the extent that it relates to items recognized directly in equity, in which case it is recognized in other comprehensive income.

Current income tax for current and prior periods is recognized at the amount expected to be paid to or recovered from the tax authorities, using the tax rates and tax laws that have been enacted or substantively enacted by the balance sheet date. Deferred income tax assets and liabilities are recognized for all temporary differences arising between the tax bases of assets and liabilities and their carrying amounts in the financial statements. Deferred tax assets are reviewed at each reporting date and are reduced to the extent that it is no longer probable that the related tax benefit will be realized.

Deferred income tax assets and liabilities are measured using tax rates and tax laws that have been enacted or substantively enacted by the balance sheet date and are expected to apply to taxable income in the years in which those temporary differences are expected to be recovered or settled. The effect of changes in tax rates on deferred income tax assets and liabilities is recognized as income or expense in the period that includes the enactment or the substantive enactment date. A deferred income tax asset is recognized to the extent that it is probable that future taxable profit will be available against which the deductible temporary differences and tax losses can be utilized. Deferred income taxes are not provided on the undistributed earnings of subsidiaries and branches where it is expected that the earnings of the subsidiary or branch will not be distributed in the foreseeable future. The company offsets current tax assets and current tax liabilities, where it has a legally enforceable right

Siddheswari Garments Limited

to set off the recognized amounts and where it intends either to settle on a net basis, or to realize the asset and settle the liability simultaneously. The income tax provision for the interim period is made based on the best estimate of the annual average tax rate expected to be applicable for the full financial year. Tax benefits of deductions earned on exercise of employee share options in excess of compensation charged to income are credited to share premium.

(i) Earnings per equity share :

The basic earnings per share ("EPS") is computed by dividing the net profit after tax for the Year by the weighted average number of equity shares outstanding during the Year. For the purpose of calculating diluted earnings per share, net profit after tax for the Year and the weighted average number of shares outstanding during the Year are adjusted with the effects of all dilutive potential equity shares. The dilutive potential equity shares are deemed converted as of the beginning of the Year, unless they have been issued at a later date.

(j) Cash & cash Equivalents :

Cash and cash equivalents in the Balance sheet comprise cash on hand, cheques on hand, balance with banks on current accounts and short term, highly liquid investments with an original maturity of three months or less and which carry insignificant risk of changes in value.

(k) Cash Flow Statements :

Cash flows are reported using the indirect method, whereby profit for the period is adjusted for the effects of transactions of a non-cash nature, any deferrals or accruals of past or future operating cash receipts or payments and item of income or expenses associated with investing or financing cash flows. The cash flows from operating, investing and financing activities of the Company are segregated.

(l) Employee benefits :

(a) Short Term & Post-Employment Benefits :

Employee benefits of short-term nature are recognized as expense as and when those accrue. Post employments benefits are recognized as expenses based on actuarial valuation at Year end which takes into account actuarial gains and losses.

The Company recognizes compensation expense relating to share-based payments in net profit using fair-value in accordance with Ind AS 102, Share-Based Payment. The estimated fair value of awards is charged to income on a straight-line basis over the requisite service period for each separately vesting portion of the award as if the award was in-substance, multiple awards with a corresponding increase to share options outstanding account.

(b) Provisions and Contingencies :

The Company recognizes provisions when a present obligation (legal or constructive) as a result of a past event exists and it is probable that an outflow of resources embodying economic benefits will be required to settle such obligation and the amount of such obligation can be reliably estimated.

If the effect of time value of money is material, provisions are discounted using a current pre-tax rate that reflects, when appropriate, the risks specific to the liability. When discounting is used, the increase in the provision due to the passage of time is recognized as a finance cost.

A disclosure for a contingent liability is made when there is a possible obligation or a present obligation that may, but probably will not require an outflow of resources embodying economic benefits or the amount of such obligation cannot be measured reliably. When there is a possible obligation or a present obligation in respect of which likelihood of outflow of resources embodying economic benefits is remote, no provision or disclosure is made.
