Al, Singapore Airlines expand codeshare pact

The announcement comes ahead of Vistara's merger with Air India, which will result in SIA holding a minority stake in the enlarged Air India

ENS ECONOMIC BUREAU New Delhi, October 23

AIR INDIA AND SINGA-**PORE** Airlines (SIA) have expanded their codeshare agreement by adding 11 Indian cities and 40 international destinations, marking the first extensive expansion of codearrangements between the two carriers since 2010. The expanded codeshare network will be rolled out from October 27, and both airlines plan to progressively include more destinations under the arrangement.

The announcement comes ahead of Vistara's merger with Air India, which will result in SIA holding a minority stake in the enlarged Air India. Currently, SIA holds 49% stake in Vistara with the Tata group holding 51%. After the merger, SIA will own 25.1% stake in Air India. There merger and the consequent shareholding of SIA in Air India is expected to lead to more

synergies between the airlines and the codeshare expansion may be seen as a step in that direction.

Under a codeshare agreement, an airline can market tickets on flights operated by a partner airline, thus giving the option of a wider and more enhanced network and more connections to its flyers, apart from streamlined ticketing, check-in, and baggage services.

"From 27 October 2024.Air India and SIA will codeshare on each other's flights, between Singapore and the Indian cities of Bengaluru and Chennai, increasing their total weekly scheduled codeshare services between the countries to 56 from 14," Air India and SIA said.

SIA will codeshare on Air India's domestic flights between Delhi and Amritsar, Bengaluru, Coimbatore, Lucknow, and Varanasi, between Mumbai and Ahmedabad, Amritsar, Bengaluru, Coimbatore, Goa, Jaipur,

Kolkata, Lucknow, and Thiruvananthapuram, as well as between Kolkata and Guwahati.

Air India customers will be able to access 29 destinations across SIA's network. These are Adelaide, Brisbane, Cairns, Darwin, Melbourne, Perth, and Sydney in Australia, Bandar Seri Begawan in Brunei, Phnom Penh and Siem Reap in Cambodia, Denpasar, Jakarta, Medan, and Surabaya in Indonesia, Fukuoka, Nagoya, Osaka, Tokyo-Haneda, and Tokyo-Narita in Japan, Busan and Seoul in South Korea, Kuala Lumpur and Penang in Malaysia, Auckland in New Zealand, Cebu and Manila in the Philippines, as well as Danang, Hanoi, and Ho Chi Minh City in Vietnam.

SIA customers will be able to connect to Air India's international services from Bengaluru, Delhi, and Mumbai to 12 destinations across Europe, West Asia, and Africa.

Public procurement norms: 5G products to be included

FE BUREAU New Delhi, October 23

GOVERNMENT WILL include the 5G products under the public procurement 'Make in India' policy after there is an improvement in domestic manufacturing capacity of such products in the country, according to a gazette notification by the

department of telecom-

munications (DoT).

The public procurement norms contain local value addition or local content requirements for companies to be considered as eligible for government tenders, which includes procurements by public sector companies, central ministries departments, etc. The order contains as products, such as routers,

ethernet switches, media gateways, customer premises equipment, GPON equipment etc.

In a bid to boost locally developed players, the government has increased minimum local content to 65% for suppliers on certain products from over 50%.

"It is noted that 5G products with indigenous technology are presently being tested in the country. Table-A shall be reviewed from time to time and addition of 5G many as 36 telecom products/virtual routers shall be considered based
