I hope all of you and your family are safe and are keeping well.

I understand from the RTA and your Company Secretary that the requisite quorum is present, hence, the proceedings of the Annual General Meeting can be commenced.

The Annual Report of your Company for the year ended March 31, 2024, has already been circulated along with the notice of this Annual General Meeting to all the shareholders whose email id was registered with the RTA or Depository Participants. With shareholders permission, I take them as read.

Further, as the report issued by the Statutory Auditors and the Secretarial Auditors of the Company does not contain any qualification or adverse remark, observation or comment, with your permission I will take them as read.

Further the Registers and Certificates as required to be available for the Members' inspection, are available in electronic mode.

I will now give you a sense of the major developments for your Company.

As we reflect on the past fiscal year, it is heartening to see the resilience of the global economy, which has shown a robust growth of 3.1% in 2023. Despite the challenges posed by the pandemic, geopolitical tensions, and inflationary pressures, the Indian economy has demonstrated remarkable strength. India is on a promising trajectory with a projected GDP growth of 7-7.5% in 2024, buoyed by the government's capital expenditure.

Your Company has navigated these turbulent times with agility, focusing on accelerating transformation, especially through our subsidiary, Quintype Technologies India Limited. Quintype is a leader in AI-powered digital publishing, has significantly contributed to our growth, serving marquee clients and generating substantial page views and narratives across multiple languages. Quintype's media-tech operations saw a notable growth, with revenues growing to INR 27.38 Crores in FY 2023-24, marking a 22.78% year-over-year increase from INR 22.31 Crore in FY 2022-23. Your Company's strategies for digital transformation are in place for the coming years.

In the coming months and years, DigitAI will power our growth, sharpen our edge over our competitors, and metamorphose Quint Digital Limited into a future-first powerhouse. The rapid evolution of the media landscape demands a proactive approach. We are developing a comprehensive AI policy to guide our work and ensure the ethical use of technology. By combining strategic thinking, innovation, and a deep commitment to our audience, Quint Digital is setting a new standard for operational excellence.

The company's growth strategy is underpinned by a series of strategic acquisitions and partnerships that have significantly enhanced its technological capabilities and data-driven insights.

Along with the existing operations in branded content and ad sales, your Company is pivoting to a new, sharply focused content model. After nine years of a successful launch and creation of a highly credible national news brand, there was a compelling need to comprehensively re-architect/reconfigure the content, technology, design, and revenue catchment of the site, based on audience experiences and data insights gained over the first nine years.

Now I want to tell you a little bit about our subsidiaries primary Quintype Technologies.

Quintype is a SaaS based digital-first publishing technology platform that is transforming the way newsrooms operate. By leveraging artificial intelligence, Quintype is helping news organizations streamline workflows, eliminate routine tasks, and unlock new potential for engagement and growth. One of the keyways in which Quintype is using artificial intelligence is through its suite of editorial AI solutions. In addition to its editorial AI solutions, Quintype also offers several other features that can help news organizations grow their digital presence.

With a global footprint spanning India, the US, Europe, the Middle East, and Africa, Quintype manages over 1 billion monthly page views for 200+ publishers.

And now I want to tell you little bit about an acquisition that we made, listen first media LLC. During February 2024, Quintype Technologies Inc. acquired Listen First Media LLC, a leading social media analytics and insights platform based in New York. Founded in 2012, Listen First Media has established itself as a go-to resource for Fortune 500 clients in media, entertainment, gaming, and other industries. This acquisition marks an exciting development as Quintype Technologies expands its capabilities and global footprint in social media analytics and insights.

Now I'll give you a little sense about an important investment that we made in Lee enterprises. Your Company has acquired a significant minority stake of up to 12.42% in LEE Enterprises, it is a prominent NASDAQ-listed media company. This investment positions your Company for future expansion and diversification.

LEE Enterprises is a leading provider of local news, information, and advertising solutions with a broad portfolio encompassing daily newspapers, digital platforms, marketing services, and cutting-edge technology. With a revenue of over half a billion dollars, the company serves 73 markets across 26 states through nearly 350 weekly and specialty publications in North America.

A key asset within the LEE Enterprises portfolio is their majority stake in BLOX Digital, a renowned provider of Digital Content Management Systems with a substantial client base of over 2,000 media organizations across the United States, Canada, Puerto Rico, and Guam.

We also had a sale of Quintillion Media Limited Assets. Quintillion Media Limited has completed the divestment of the remaining 51% stake in Quintillion Business Media Limited on December 8, 2023, at a consideration of INR Fifty-Two Crore Forty-Five Lakh Nine Thousand Seven Hundred and Thirteen, subject to necessary adjustments. On account of this Quintillion Business Media Limited has ceased to be a step down subsidiary of your company.

And now turn to the scheme of arrangement with respect to the proposed merger of Quintillion Media Limited, a wholly owned subsidiary of the company with Quint Digital Limited. The Board of Directors in their meeting held on August 14, 2023, approved the scheme of arrangement with respect to the proposed merger of Quintillion Media Limited, a wholly owned subsidiary of the Company, with Quint Digital Limited.

The Bombay Stock Exchange vide its letter dated March 27, 2024, issued its Observation Letter as required under Regulation 37 of the Listing Regulations, with 'No adverse observation/ No objection, to the proposed Scheme of Arrangement.

The meeting of the equity shareholders of the Company pursuant to the directions of the Hon'ble National Company Law Tribunal, New Delhi Bench via order dated July 11, 2024, has amended via an order July 30, 2024, was held on Saturday, August 24, 2024, at 11:00 A.M. through video conferencing for the purpose of approval of the Scheme of Arrangement. The resolution was duly approved by the Members of the Company with requisite majority. The Company has filed the second motion

application with the Hon'ble National Company Law Tribunal, New Delhi Bench, for issuing further orders and directions.

Alteration of the Object and Name Clause of the Memorandum of Association (MOA) of the Company. Keeping in view the business plan to explore the emerging business opportunities in the field of Artificial Intelligence and related IT activities, necessary alterations were made in the Object and Name Clause of the Memorandum of Association of the Company.

Now turn to the financial performance of the Company. In Financial Year 2023-24 your company generated 33.23 Crores in revenue with a net margin of 26.98%. Quint Digital has a net worth of 187.92 Crores, it has a zero net position, a sound balance sheet, a wide range of revenue streams coupled with cost rationalization. The conclusion of divestiture of our stake in Quintillion Business Media Limited is aligned with our focus on long-term sustainability and profitability.

Your Company has a base of 21 million subscribers and followers across all channels. The total page views, video views, unique viewers, and impressions for these channels during the same period were 675 million, 936 million, 1.4 billion and 7 billion respectively.

During Financial Year 23-24, The Quint's commitment to quality journalism was recognized with several prestigious awards. These awards highlight the organization's dedication to producing impactful and engaging content across various platforms.

Amidst the challenges, your Company was focused on deployment of funds and setting its investment priorities to ensure maximum return. Secondly, it focused on the expense side with cost containment measures. Significant efforts to identify new revenue streams and enhance profitability and cash flow also translated into new global partnerships.
