Our Seamlessly Integrated LPG Roadmap

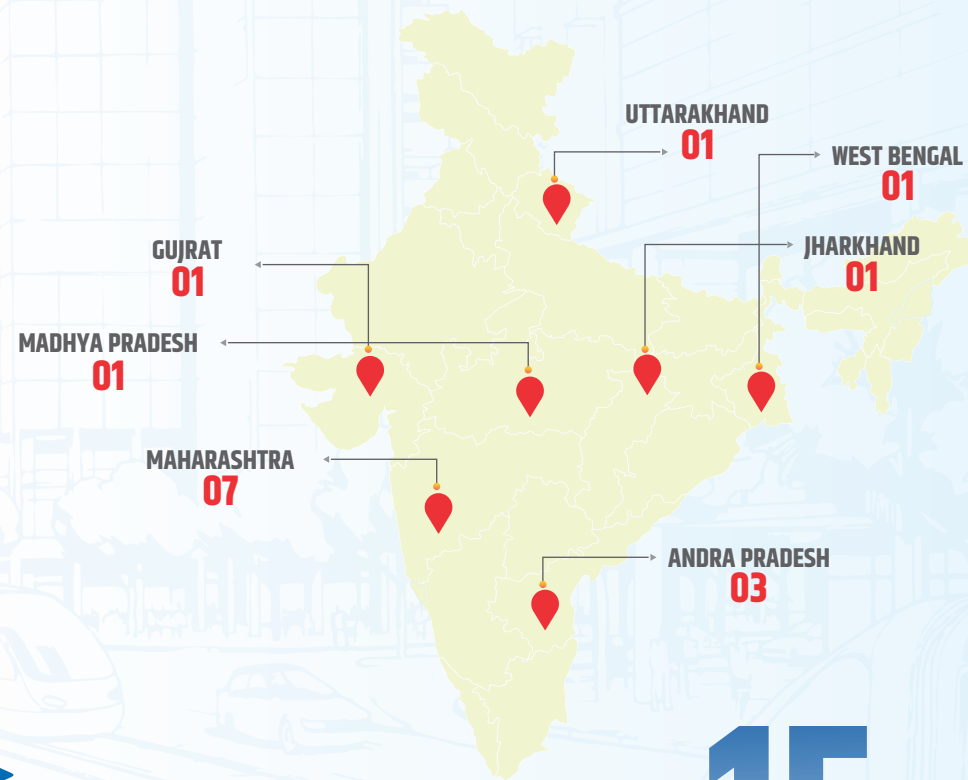

*As on June 2024

CYLINDER MANUFACTURING PLANTS

LPG Cylinder Manufacturing Plants

Our flagship division is LPG Cylinder Manufacturing, which has served as our foundation for expanding into various segments in the LPG supply sector. Currently, we operate 15 cylinder manufacturing units across the country, comprising 13 owned and 2 leased facilities. Additionally, we are a key supplier to prestigious Navratna oil companies such as IOCL, HPCL, and BPCL, fulfilling their cylinder needs.

LPG DIVISION

Strong tailwinds given Government's focus on the sector

India is the third largest LPG consumer in the world

LPG consumption is expected to grow at more than 10% with the rapid increase in population and LPG penetration in rural areas

Schemes issued by the Government

Government has issued schemes like Pradhan Mantri Ujjwala Yojana where it will provide 80 million LPG cylinders to below poverty line families

Increase in the share of Natural Gas

The Government of India is targeting to increase the share of Natural Gas in primary energy mix in India from current 6.5% to 15% by 2030

Approval of the revised domestic natural gas pricing guidelines

The new reforms will provide adequate protection to producers from adverse market fluctuations with incentives to enhance production

BULK LPG

Overseas LPG Imports

Since May 2022, we have been importing LPG overseas, with plans to expand due to substantial demand across India's industrial, retail, and commercial sectors. This division strengthens bulk LPG usage in industries, ensuring an optimal blend of LPG at competitive rates.

Your Reliable LPG Import Partner:

- Leading importer of Propane, Butane, and LPG.
- Sourcing from best refineries in Middle East, Persian Gulf, and other trusted regions.

Ensuring Quality Standards:

- Committed to delivering products that meet stringent quality standards.

Compliance and Goodwill:

- Strict adherence to all laws related to product handling and transportation.

Prompt Delivery with Exact Specifications:

- Strong supplier relationships ensuring timely delivery.
- Guaranteed compliance with exact product specifications.

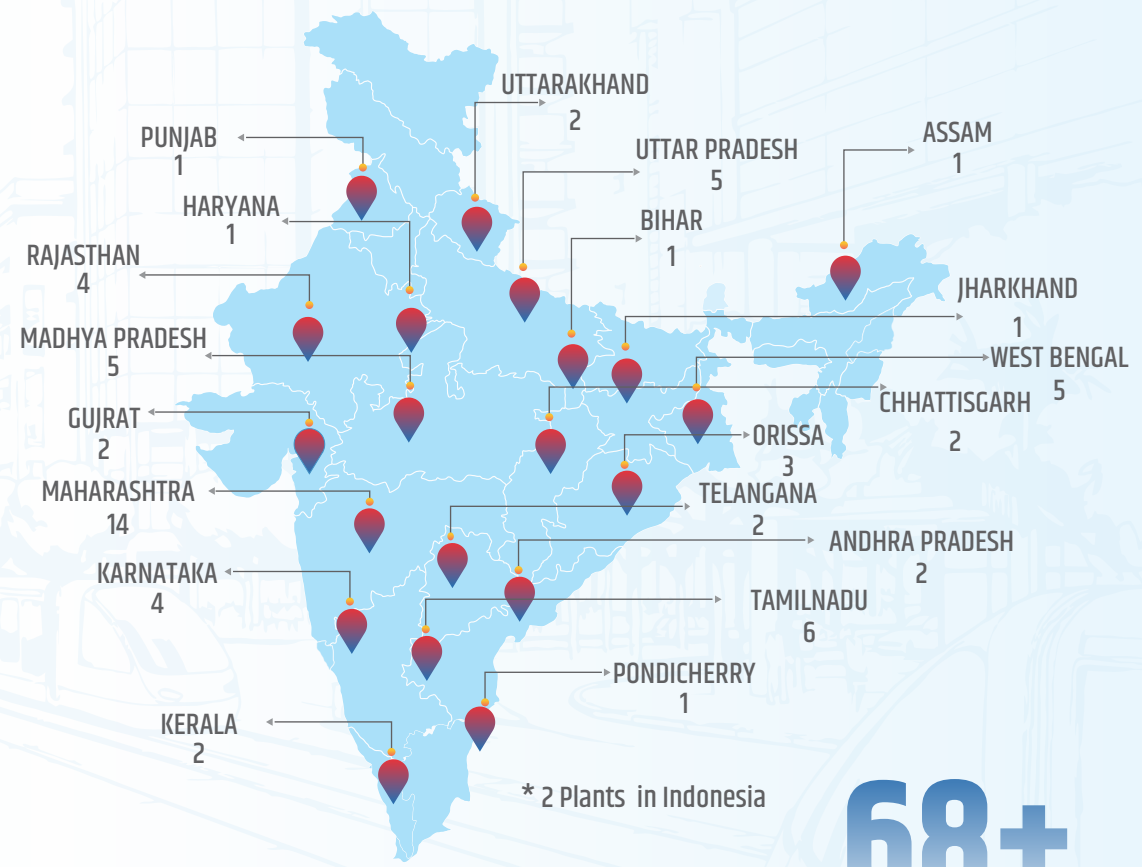

BOTTLING PLANTS

LPG Bottling

CPIL initiated its LPG bottling business with two key objectives:

- Meeting internal consumption needs.
- Ensuring widespread access to affordable LPG across the nation.

This division serves both our internal requirements and supports other major oil industry players by providing LPG bottling services. Currently, CPIL owns and operates 68+ strategically located LPG bottling plants, ensuring cost-effective LPG availability to the public. This strategic approach reduces transportation costs for organizations and helps deliver competitive LPG prices to the Indian market.

CNG RETAILING

CNG Retailing

In the CNG retail sector, we have joined forces with GAIL Gas India to establish 100 CNG stations. So far, we have completed 40+ stations and are on track to finish an additional 60 shortly. We are also in active discussions with other CGD players to expand our network to more cities. This initiative leverages India's CNG pipeline infrastructure, enhancing widespread and cost-effective energy consumption.

Additional Strengths

In-house project & coordination team enabling faster decision making.

Own fleet of 690 road tankers & trucks for effective mobility of LPG.
