## Press Release

The company is pleased to announce the revival of its business partnership with U.S. Food Service major, Atlanta-based, Processors Cooperative Foods. We have received fresh orders for our Frozen Baked Potato Skins, which will be supplied to restaurant chains in the Eastern U.S.

After facing financial challenges over the past few years, we are now in a stronger position to meet our commitments. Fresh capital has been infused by the promoters to support working capital requirements and to make partial payments toward our One-Time Settlement (OTS) with banks.

This marks a significant step in the revival of our American business in delivering high-quality, innovative frozen food products to the food service consumers in the United States
