Ref: Press Release dated September 07, 2024

Dear Sir/Mam,

In reference to our communication dated September 07, 2024 regarding the completion of the USFDA inspection at our Gagillapur FD facility, conducted from 26th August to 6th September 2024, which concluded with six observations.

We acknowledge that several investors have sought clarification, and we want to reassure them that we are actively addressing the observations and are fully committed to resolving the issues raised. We will work with the USFDA to address the issues raised in the observations.

At Granules, quality and compliance are paramount, and these principles are deeply embedded in our ongoing review and governance processes.

The company will continue to provide updates in a timely manner and as appropriate.

This is for your information and dissemination to the members of the exchange.

Thanking You.

Yours sincerely,

For GRANULES INDIA LIMITED
