Delhivery launches Rapid Commerce, a 2-hour delivery service, for brands

India, 16th January 2025: Delhivery, India's largest fully integrated logistics services provider, has launched Rapid Commerce - a sub 2-hour delivery service for brands looking to fulfill the increasing demand for faster order deliveries by consumers. The service, launched first in Bengaluru, has already started processing over 300 orders daily, demonstrating strong early demand for the offering.

For D2C brands, retailers and e-commerce brands – the service enables them to offer significantly faster delivery times, thereby improving customer experience on their own platform.

Ajith Pai, Chief Operating Officer at Delhivery, says, *"With Rapid Commerce, leading D2C brands can create a superior direct experience and greater control over customer loyalty. Brands can provide consumers faster access to a vast catalogue of products at efficient costs by using our network of shared in-city Rapid Stores."*

Delhivery plans to expand the Rapid Stores offering across other metro cities including Bengaluru, Hyderabad, Chennai, NCR, Mumbai, Pune and Ahmedabad in the coming months. The service addresses needs of brands across categories such as Beauty and Personal Care, Apparel and Fashion, Electronics and Accessories etc., which were traditionally reliant on standard e-commerce delivery timelines, to reach consumers within hours of the order being placed on their platform.
