MANAGEMENT DISCUSSION AND ANALYSIS REPORT

I. Introduction:

Brief overview of the Company's business and operations in warehousing and trading of Agri-Products from Mathura, North India, such as wheat, rice, mustard, potato and other crops.

Company is developing an agro processing zone at its Chhata site in the district of Mathura, Uttar Pradesh. Major Crops grown in the district of Mathura are wheat, barley, mustard, gram and peas are primary rabi crops, while paddy, bajra, til, arhar, maize, cotton, and jawar are kharif crops. Company is organizing itself to achieve its audacious goal of future-proofing agro commodity supply chains and make Mathura India's first zero post-harvest loss district. The agro commodities supply chains contain the following aspects farming, warehousing, trading, processing and branding. We at the Company are working for bringing efficiencies in each aspect of the agri commodity supply chain. Through our Kisan Centre and Demo Farms, we are helping farmers, in our identified cluster, to adopt modern agriculture practices which will lead to reduction in their overheads, better soil health for their farms and enable them to grow high quality agri produce. For warehousing, Company is modernizing its warehouses to store the varied agriculture crops cultivated in our area. By undertaking trading activities, Company is building future forward linkages for the wheat and vegetable processing units which Company is planning to setup at the site. Once the company has a strong and stable supply chain the Company will consider launching our brands in the food and non-food categories for the agriculture crops produced in our cluster. Last year has seen the Company introduce NANO UREA/NANO DAP to our cluster of farmers in addition to successfully filling up all the warehouses with Wheat.

II. Business Operations:

Warehousing - Company has a total warehouse space of 1 Lac sq. ft. These are traditional warehouses whose infrastructure has been augmented to suit the requirement of the clients who purchase wheat/paddy and other staples in rural India. The site has a weighbridge which facilitates the entire process of procuring and storing wheat as weightment of each vehicle which comes to sell or store their wheat in the Company's warehouses. The warehouse is located within boundary walls and fully developed infrastructure that ensures the physical safety of the material from potential theft and variegates of nature. Warehouses are registered on the portals of all major WSPs (Warehouse Service Providers) which ensures that this vertical gets a steady stream of orders on an annual basis.

Kisan Centre - Company's Kisan Centre has training and testing equipment that the farmers can avail for a service fee which will help them to get a better understanding of their practice and their produce. The equipment range from soil health testing machine, to testing equipment of crops. We are considering installing an AWWWS (Automatic All Weather Monitoring System) to transmit the weather forecast to the farmers. Company also informs the farmers in our digital community about new demand of new crops and the new resilient, high yielding seeds which they can try to cultivate. The training and awareness about their crop which they get from the kisan center gives them a confidence to demand a better price for their products.

Agro commodities trading – Company is registering itself with all the major traders, millers and retailers in India to supply wheat, paddy, mustard, potatoes and pulses to them at their warehouses. This activity will give a boost to the turnover and give the critical experience which will be needed when the company scales up its operations and starts its agro commodities processing phase.

Continuous efforts towards Strengthening and Augmenting the Wheat Supply Chain: A supply chain in agro commodities like wheat refers to the network of entities, activities, and processes involved in the production, handling, storage, transportation, and delivery of wheat from farmers to end-consumers. The wheat supply chain typically includes:

1. Farmers (production)
2. Procurement agencies (government or private)
3. Storage facilities (warehouses, silos)
4. Transportation (trucks, trains, ships)
5. Processing units (flour mills)
6. Distributors (wholesalers, retailers)
7. End-consumers (bakers, food manufacturers, households)

Improving Efficiency, Reducing Wastage, and Enhancing Quality:

To make the wheat supply chain more efficient, reduce wastage, improve quality, and save time:

1. Adopt technology: Implement digital platforms for procurement, logistics, and inventory management.
2. Direct sourcing: Engage directly with farmers to reduce intermediaries and improve quality.
3. Storage infrastructure: Invest in modern storage facilities to reduce wastage and maintain quality.
4. Logistics optimization: Streamline transportation routes and modes to reduce transit time and costs.
5. Quality control: Implement rigorous quality checks at various stages of the supply chain.
6. Supply chain visibility: Ensure transparency and real-time tracking of wheat movement.
7. Farmer education: Educate farmers on best practices for wheat production, handling, and storage.
8. Collaboration: Foster partnerships among stakeholders to share best practices and resources.
9. Invest in research: Continuously invest in research to improve wheat varieties, production methods, and supply chain practices.
10. Government initiatives: Support government initiatives aimed at improving agricultural infrastructure and supply chain efficiency.

By implementing these strategies, we will make the wheat supply chain in Mathura more efficient, reduce wastage, improve quality, and save time.,

III. Market Overview:

Wheat and paddy are staple crops for the burgeoning population of North India. These crops have been a part of the diet of the people living in the Indo Gangetic plains for thousands of years now. As far as the agriculture statistics are concerned the total acreage of wheat and paddy has been steadily increasing every year due to increase in population. The existing consumption lifestyle of the growing affluent class of the country ensure that the consumption of these staples will remain steady for the foreseeable future. Thus, setting up a business that is getting involved in making the supply chain of these crops more efficient is a business idea which has the potential to stand the test of time. The largest customers who buy and store these crops are the Govt. of India which is represented by Food Corporation of India (FCI) and numerous large Corporates and local millers of wheat and paddy. All these entities compete to procure the wheat and paddy grown in North India. Each farmer has their own preference of client who they would like to sell their material to. The small marginal farmer usually sells their produce to the Government at MSP. This leads to the Govt. of India having the largest warehousing capacity thus in turn being the biggest competitor in the staples warehousing space. Thus if Company is to align with the Govt. of India it would have a steady stream of revenue. FCI however has warehouses in Mathura thus Company is focused on other corporate clients and local millers like ITC, KRBL and others. Total approximate quantity of wheat and paddy grown in our identified cluster is approx. 7 lac MT of Wheat and 1 Lac MT of Paddy. Out of 7 lacs MT of wheat produced only around 3 lacs MT produce arrived at the Mathura mandies (APMC), more than 3 lacs MT sold to other nearby APMC's/mandies and the rest farmers use for themselves. The warehouses space in Mathura which is around 3 lacs MT with covered storage facilities means that there is more than enough agri produce to get diverted to the warehouses of Company. Given that FCI is largest player in this sector the warehouse rental rates are usually benchmarked against the rates that are offered by them to their vendors. However, corporates are all competing for the same warehouses so we as a service provider work hard to align ourselves with the highest bidder for our spaces.

Agro commodity trading of staples is a fairly low risk trading business, due to the steady production and consumption of wheat, paddy, potatoe, mustard and pulses in India. These commodities are available at their lowest price during time of harvest and as the festival seasons in India come, one by one, the demand of all these staples goes up, as the demand increases a trader who has held on to the stocks stands to gain from this price appreciation. Company's promoters have well established network across Africa, this will help the Company penetrate the annual USD 60 billion food imports market of Africa as well, that relies on international partner to fulfil its requirement of serving hygienically packaged processed food to its population.

IV. Risk Management:

As staple crops wheat and paddy which are the main crops essential to India's Food Security, are part of the ESSENTIAL COMMODITIES Legislation. This means that the crops production and sale price is heavily controlled by the government. This leaves the entire business model vulnerable to government policies whose main objective is to not let the prices escalate to the level where the consumer feels the inflation pinch and starts protesting against the government.

The other significant risk which our business faces is the effects of climate change on the agriculture output. Untimely rains result in production forecast numbers being completely skewed which has a direct impact on our sale price and our margins.

Given that India's ever increasing population, it is essential that this population is well fed, this results in compromise to quality at some point. So even if you supply a premium product in the Indian market the stiff competition results in the substandard material reaching the consumers which is harmful for their health, the climate and the long-term demand of the product itself. Thus to be able to withstand competition without compromising the quality of the product is a significant risk/challenge which the board has to be mindful of.

Company's strategy to mitigate these top three risk are to ensure that Company invests in systems and process to organize the supply chain in order to offer the best priced, high quality product to its customers which will ensure that we create a niche for ourselves in the market as there will be no shortage of demand of staples like wheat and paddy at least for another 20 to 25 years.

I. Corporate Social Responsibility (CSR):

India's farmer is the backbone of the Agri Business, Company realises that without their positive and continued support the Company will not be able to create value in the supply chain of the identified staples. Company through Kisan Centre is running awareness campaign for the farmers in our cluster. We are making them aware of the below mentioned programmes and options which are available for them to reduce their cost and increase their sale price thereby increasing the total amount which remains in their hand and which allows them to strive toward financial independence.

The list of trainings include but are not limited to :

- 1) Application of new high yield seeds.
- 2) Using DRONES to spray the fertilizers, fungicides and pesticides.
- 3) Making them aware of new products in the market which will improve the health of their soil like NANO UREA and NANO DAP.
- 4) Conduct Forward Linkage seminars where we make the farmer aware of the quality of produce which large Corporate and Retail clients purchase.
- 5) Helping them understand the relevance of testing their soil health and tracking weather through different weather monitoring apps.
- 6) Making them aware of government run WDRP programmes which allow farmers to get low cost loans from the PSU Banks.

- 7) Help them get access to latest cultivating machines
8) Help them understand the significance of modern irrigation techniques.

iv. Conclusion:

In order to turn Company into a profit making entity, we are considering to undertake HR, Operational and Strategic Business Development changes. On the HR front, Company is now gradually adding manpower with an Agri background, for the operational front, Company will be upgrading its warehousing and approaching customers to ensure that all the warehouses are fully stocked and generating maximum rentals from multiple customers. As for the strategic business outlook we have decide to undertake trading and processing activities one by one for our chosen agro commodities. Company will develop the full Supply Chain in Agro Commodities first in wheat then plan into the supply chain of Potato, Rice, Mustard accordingly.

Based on reports and the analyses the feasibility of project, Company will Invest in:

- Storage facilities, silos, and warehouses,
- Set up milling units for processing,
- Brand Development - Create a strong brand for your agro commodities
- Marketing Strategies: Use digital marketing, trade shows, and other methods to promote your products.
- Sales Channels: Utilize both traditional and online sales channels.

INDEPENDENT AUDITOR'S REPORT

To the Members of
SVC Industries Limited

Report on the Audit of the Financial Statements

Opinion

We have audited the accompanying Financial Statements of **SVC Industries Limited** ("the Company"), which comprise the Balance Sheet as at **31st March, 2024** the Statement of Profit and Loss (including Other Comprehensive Income), the Cash Flow Statement and the Statement of Changes in Equity for the year then ended, and notes to the Financial Statements, including a summary of the material accounting policies and other explanatory information ("the Financial Statements").

In our opinion and to the best of our information and according to the explanations given to us, the aforesaid financial statements give the information required by the Companies Act, 2013, as amended ("the Act") in the manner so required and give a true and fair view in conformity with the Indian Accounting Standards prescribed under section 133 of the Act read with the Companies (Indian Accounting Standards) Rules, 2015, as amended ("Ind AS") and other accounting principles generally accepted in India, of the state of affairs of the Company as at 31st March, 2024, its loss, its cash flows and the changes in equity for the year ended on that date.

Basis for Opinion

We conducted our audit of the Financial Statements in accordance with the Standards on Auditing (SAs), as specified under section 143(10) of the Act. Our responsibilities under those Standards are further described in the Auditor's Responsibility for the Audit of the Financial Statements section of our report. We are independent of the Company in accordance with the 'Code of Ethics' issued by the Institute of Chartered Accountants of India (ICAI) together with the ethical requirements that are relevant to our audit of the financial statements under the provisions of the Act and the Rules made thereunder, and we have fulfilled our other ethical responsibilities in accordance with these requirements and the ICAI's Code of Ethics. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the Financial Statements.

Key Audit Matters

Key audit matters are those matters that, in our professional judgment, were of most significance in our audit of the Financial Statements for the financial year ended 31st March, 2024. These matters were addressed in the context of our audit of the Financial Statements as a whole, and in forming our opinion thereon, and we do not provide a separate opinion on these matters. For each matter below, our description of how our audit addressed the matter is provided in that context.

We have determined the matters described below to be the key audit matters to be communicated in our report along with our description of how our audit addressed the matters.

Key audit matters	Purpose
<p>Evaluation of uncertain financial liabilities</p> <p>As described in Note No. 15.1 to 15.6, Note No. 26 and Note No. 29, the Company has outstanding financial liabilities having book value of Rs. 5,588.99 lakhs as on 31.03.2024 towards Non-convertible debentures and loan from state financial institutions.</p> <p>Recovery petition filed by the lenders are pending before the Debt Recovery Tribunal (DRT). The amount claimed in these petitions are much higher than the book value of the liabilities. The Management has approached these lenders for one-time settlement of these financial liabilities and is hopeful to close the matter by mutual agreement in due course, a reliable estimate cannot be made of the amount likely to be paid in satisfaction of these financial liabilities.</p> <p>Meanwhile the State Financial Institution (PIICUP), has granted to the company One Time Settlement of its dues for an aggregate amount of Rs. 2,597 Lakhs payable within 12 months from 03.01.2024 along with 11% simple interest from that day to the date of payment of OTS amount.</p> <p>Litigation matters</p> <p>The provisions and contingent liabilities relate to ongoing litigations and claims with various authorities and third parties. These relate to direct tax, indirect tax, claims, general legal proceedings and other eventualities arising in the regular course of business.</p> <p>As at the year ended 31st March, 2024, the amounts involved are significant. The computation of a provision or contingent liability requires significant judgement by the Company because of the inherent complexity in estimating future costs. The amount recognized as a provision is the best estimate of the expenditure. The provisions and contingent liabilities are subject to changes in the outcomes of litigations and claims and the positions taken by the company. It involves significant judgement and estimation to determine the likelihood and timing of the cash outflows and interpretations of the legal aspects, tax legislations and judgements previously made by authorities.</p>	<p>Our audit procedure on evaluation of uncertain financial liabilities included</p> <ul style="list-style-type: none"> • Obtained understanding of key uncertain financial liabilities and their status before various judicial authorities; • Read and analysed key correspondences between lenders and the Company regarding the uncertain financial liabilities; • Discussed with appropriate senior management and valued management's underlying key assumptions in estimating the uncertain financial liabilities; and • Assessed management's estimate of the possible outcome of the negotiation by way of one-time settlement with lenders. • Obtained the OTS Policy granted by PIICUP, Read the key correspondences and traced the payments made in terms with the OTS policy of Rs. 678.92 Lakhs on 20.04.2024. <p>Our audit procedures included and was not limited to the following:</p> <ul style="list-style-type: none"> • Assessing management's position through discussions with the in-house legal/tax team and external legal opinions obtained by the Company (where considered necessary) on both, the probability of success in the aforesaid cases, and the magnitude of any potential loss. • Discussion with the management on the development in these litigations during the year ended 31st March, 2024. • Roll out of enquiry letters to the Company's legal counsel (internal/external) and study the responses received from them. Also verified that accounting/disclosure made by the Company are in accordance with the assessment of legal counsel. • Review of the disclosures made by the Company in the financial statements in this regard.

Information Other than the Financial Statements and Auditor's Report Thereon

The Company's Management and Board of Directors is responsible for the other information. The other information comprises the information included in Management Discussion and Analysis, Board's Report and the Annual Report, but does not include the financial statements and our auditor's report thereon. The reports are expected to be made available to us after the date of this auditor's report.

Our opinion on the Financial Statements does not cover the other information and we do not and will not express any form of assurance conclusion thereon.

In connection with our audit of the Financial Statements, our responsibility is to read the other information identified above when it becomes available and, in doing so, consider whether such other information is materially inconsistent with the financial statements or our knowledge obtained during the course of our audit or otherwise appears to be materially misstated.

If, based on the work we have performed, we conclude that there is a material misstatement of this other information, we are required to report that fact. We have nothing to report in this regard at this moment.

Management's Responsibility for the Financial Statements

The Company's Board of Directors is responsible for the matters stated in section 134(5) of the Act with respect to the preparation of these financial statements that give a true and fair view of the financial position, financial performance including other comprehensive income, cash flows and changes in equity of the Company in accordance with the Ind AS and other accounting principles generally accepted in India. This responsibility also includes maintenance of adequate accounting records in accordance with the provisions of the Act for safeguarding the assets of the Company and for preventing and detecting frauds and other irregularities; selection and application of appropriate accounting policies; making judgments and estimates that are reasonable and prudent; and design, implementation and maintenance of adequate internal financial controls, that were operating effectively for ensuring the accuracy and completeness of the accounting records, relevant to the preparation and presentation of the financial statement that give a true and fair view and are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is responsible for assessing the Company's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless management either intends to liquidate the Company or to cease operations, or has no realistic alternative but to do so.

The Company's Board of Directors is also responsible for overseeing the Company's financial reporting process.

Auditor's Responsibility for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with SAs will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these financial statements.

As part of an audit in accordance with SAs, we exercise professional judgment and maintain professional skepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
- Obtain an understanding of internal financial control relevant to the audit in order to design audit procedures that are appropriate in the circumstances. Under section 143(3)(i) of the Act, we are also responsible for expressing our opinion on whether the Company has adequate internal financial controls system in place and the operating effectiveness of such controls.
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by the management.
- Conclude on the appropriateness of management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Company's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Company to cease to continue as a going concern.
- Evaluate the overall presentation, structure and content of the financial statements, including the disclosures, and whether the financial statements represent the underlying transactions and events in a manner that achieves fair presentation.

Materiality is the magnitude of misstatements in the financial statements that, individually or in aggregate, makes it probable that the economic decisions of a reasonably knowledgeable user of the financial statements may be influenced. We consider quantitative materiality and qualitative factors in (i) planning the scope of our audit work and in evaluating the results of our work; and (ii) to evaluate the effect of any identified misstatements in the financial statements.

We communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

We also provide those charged with governance with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, related safeguards.

From the matters communicated with those charged with governance, we determine those matters that were of most significance in the audit of the financial statements of the current period and are therefore the key audit matters. We describe these matters in our auditor's report unless law or regulation precludes public disclosure about the matter or when, in extremely rare circumstances, we determine that a matter should not be communicated in our report because the adverse consequences of doing so would reasonably be expected to outweigh the public interest benefits of such communication.

Report on Other Legal and Regulatory Requirements

1. As required by the Companies (Auditor's Report) Order, 2020 ("the Order") issued by the Central Government in terms of Section 143(11) of the Act, we give in "Annexure A" a statement on the matters specified in paragraphs 3 and 4 of the Order.

 - iii. According to records of the company, there are no amounts that are due to be transferred to the Investor Education and Protection Fund in accordance with the relevant provisions of the Act and rules made there under.
 - iv. Based on such audit procedures that we have considered reasonable and appropriate in the circumstances and also as represented by the management, nothing has come to our notice that has caused us to believe that Any funds have been advanced or loaned or invested by the company in any "Intermediaries", with the understanding, that the Intermediary shall, lend or invest on behalf of the company or provide any guarantee or security on its behalf.

Also no funds have been received by the company from any entities ("Funding Parties"), with the understanding that the company shall lend or invest in other entities on behalf of the Funding Party.

- v. The company has not declared or paid any dividend during the year.
- vi. The Company has migrated to Tally Prime Edit Log from Old Visuals Trio ERP during middle of the year and is in the process of setting up necessary audit trail and its controls in its software regarding required audit trail. Consequently, we are unable to comment on above compliances during the year.

ANNEXURE "B" TO THE INDEPENDENT AUDITOR'S REPORT

(Referred to in paragraph 2(f) under 'Report on Other Legal and Regulatory Requirement's section of our report to the members of SVC Industries Limited for the year ended 31st March, 2024)

Report on the Internal Financial Controls with reference to Financial Statements under Clause(i) of Sub-section 3 of Section 143 of the Companies Act, 2013 ("the Act")

We have audited the **Internal Financial Controls** with reference to financial statements of **SVC Industries Limited** (the "Company") as at **31st March, 2024** in conjunction with our audit of the financial statements of the Company for the year ended on that date.

Management's Responsibility for Internal Financial Controls

The Company's Management is responsible for establishing and maintaining internal financial controls with reference to financial statements based on "the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting issued by the Institute of Chartered Accountants of India" (the "Guidance Note"). These responsibilities include the design, implementation and maintenance of adequate internal financial controls with reference to financial statements that were operating effectively for ensuring the

orderly and efficient conduct of its business, including adherence to company's policies, the safeguarding of its assets, the prevention and detection of frauds and errors, the accuracy and completeness of the accounting records, and the timely preparation of reliable financial information, as required under the Act.

Auditor's Responsibility

Our responsibility is to express an opinion on the Company's internal financial controls with reference to financial statements of the Company based on our audit. We conducted our audit in accordance with the Guidance Note and the Standards on Auditing prescribed under Section 143(10) of the Act, to the extent applicable to an audit of internal financial controls with reference to the financial statements. Those Standards and the Guidance Note require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether adequate internal financial controls with reference to financial statements was established and maintained and if such controls operated effectively in all material respects.

Our audit involves performing procedures to obtain audit evidence about the adequacy of the internal financial controls system with reference to financial statements and their operating effectiveness. Our audit of internal financial controls with reference to financial statements included obtaining an understanding of internal financial controls with reference to financial statements, assessing the risk that a material weakness exists, and testing and evaluating the design and operating effectiveness of internal control based on the assessed risk. The procedures selected depend on the auditor's judgement, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error.

We believe that the audit evidence we have obtained, is sufficient and appropriate to provide a basis for our audit opinion on the Company's internal financial controls system with reference to financial statements.

Meaning of Internal Financial Controls with reference to Financial Statements

A company's internal financial control with reference to financial statements is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of the financial statements for external purposes in accordance with generally accepted accounting principles. A company's internal financial control with reference to financial statements includes those policies and procedures that (1) pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the company; (2) provide reasonable assurance that transactions are recorded as necessary to permit preparation of financial statements in accordance with generally accepted accounting principles, and that receipts and expenditures of the company are being made only in accordance with authorisations of management and directors of the company; and (3) provide reasonable assurance regarding prevention or timely detection of unauthorised acquisition, use, or disposition of the company's assets that could have a material effect on the financial statements.

Inherent Limitations of Internal Financial Controls with reference to Financial Statements

Because of the inherent limitations of internal financial controls with reference to financial statements, including the possibility of collusion or improper management override of controls, material misstatements due to error or fraud may occur and not be detected. Also, projections of any evaluation of the internal financial controls with reference to financial statements to future periods are subject to the risk that the internal financial control with reference to financial statements may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

Opinion

In our opinion, to the best of our information and according to the explanations given to us, the Company has, in all material respects, an adequate internal financial controls system with reference to financial statements and such internal financial controls with reference to financial statements were operating effectively as at 31st March, 2024, based on the criteria for internal financial control over financial reporting established by the Company considering the essential components of internal control stated in the Guidance Note on Internal Financial Controls Over Financial Reporting issued by the Institute of Chartered accountants of India.

SVC INDUSTRIES LIMITED

Notes forming part of the Financial Statement for the year ended 31st March, 2024

Note No. 1 - Corporate Information

SVC Industries Limited 'the Company' is a listed public limited company incorporated in India having registered office at 301, Shubham Centre - 1, Near Holy Family Church, 491, Cardinal Gracious Road, Andheri (East), Mumbai - 400 099. The Company is listed on the BSE Limited. The company has warehousing facilities at Village Bhadawal, Chhatta, Chhatta-Barsana Road, District Mathura, Uttar Pradesh and was engaged in the business of leasing of warehouses. The project of for setting up a Mega Food Park was abandoned due to changed policies of the Government, accordingly the lease agreement with Nandvan Mega Food Park Pvt. Ltd. was cancelled vide deed of cancellation agreement dated 20th March, 2024. Subsequent to the year company has decided to diversify its operations in the Agri-Business division & Setting up of Farmer Helping Center in Chhatta, District Mathura, Uttar Pradesh.

Note No. 2 - Material Accounting Policies:

2.1 Basis of Preparation and presentation of the Financial Statements:

These financial statements have been prepared in accordance with Indian Accounting Standards ("Ind AS") as notified under section 133 of the Companies Act, 2013 read with the Companies (Indian Accounting Standard) Rules, 2015 and the relevant provisions of the Companies Act, 2013 ("the Act"). The financial statements are prepared in accordance with the historical cost convention, except for certain items that are measured at fair value.

Company's Financial Statements are presented in Indian Rupees, which is also its functional currency and all values are rounded to lakh, except wherever otherwise indicated.

2.2 Use of Estimates

The preparation of financial statements in conformity with Ind AS requires that the management of the company make estimates and assumptions that affect the reported amounts of income and expenses of the period, the reported balances of assets and liabilities and the disclosures relating to contingent liabilities as of the date of the financial statements. The estimates and underlying assumptions are reviewed on an ongoing basis. Revisions to accounting estimates include useful lives of property, plant and equipment, intangible assets, allowance for doubtful debts/advances, future obligations in respect of retirement benefit plans and fair value measurement etc. Difference, if any, between the actual results and estimates is recognised in the period in which the results are known.

All assets and liabilities have been classified as current or non-current as per the Company's normal operating cycle and other criteria set out in the Schedule III to the Companies Act, 2013 and Ind AS 1 – Presentation of Financial Statements based on the nature of products and the time between the acquisition of assets for processing and their realisation in cash and cash equivalents.

2.3 Property, Plant and Equipments:

Property, Plant and Equipments are stated at cost less accumulated depreciation and impairment losses, if any. All expenditure pertaining to project under construction and other preoperative expenses and losses including trial run expenses and interest cost (net of income accrued) incurred during the construction period, unless otherwise stated, are capitalized till the commencement of commercial production / till the date assets are put to use.

An item of property, plant and equipment is derecognised upon disposal or when no future economic benefits are expected to arise from the continued use of asset. Any gain or loss arising on the disposal or retirement of an item of property, plant and equipment is determined as the difference between the sales proceeds and the carrying amount of the asset and is recognised in Statement of Profit and Loss.

2.4 Investment property

"Properties held to earn rentals and/or capital appreciation are classified as investment property and are measured and reported at fair value."

Depreciation is recognised using straight line method so as to write off the cost of the investment property less their residual values over their useful lives specified in Schedule II to the Companies Act, 2013, or in the case of assets where the useful life was determined by technical evaluation, over the useful life so determined. Depreciation method is reviewed at each financial year end to reflect the expected pattern of consumption of the future benefits embodied in the investment property. The estimated useful life and residual values are also reviewed at each financial year end and the effect of any change in the estimates of useful life/residual value is accounted on prospective basis.

"An investment property is derecognised upon disposal or when the investment property is permanently withdrawn from use and no future economic benefits are expected from the disposal. Any gain or loss arising on derecognition of property is recognised in the Statement of Profit and Loss in the same period. The transfer of assets to, or from, investment property when, there is a change in use. A change in use occurs when the property meets, or ceases to meet, the definition of investment property and there is evidence of the change in use."

2.5 Depreciation:

Depreciation on Fixed Assets has been provided on Straight Line method by considering revised useful life as specified in Part 'C' of Schedule II to the Companies Act 2013.

2.6 Impairment of Non-financial Assets - Property, Plant and Equipment :

An asset is impaired when the carrying cost of the asset exceeds its recoverable value. An Impairment Loss is charged to the Profit and Loss Account in the year in which an asset is identified as impaired. The Impairment Loss recognized in earlier accounting periods is reversed if there has been a change in the estimate of recoverable amount as specified in Ind AS 36 on 'Impairment of Assets'.

The carrying amount of assets is reviewed periodically at each balance sheet date if there is any indication of impairment based on internal / external factors. An impairment loss is recognized wherever the carrying amount of an asset exceeds its recoverable amount. After impairment, depreciation is provided on the revised carrying amount of the asset over its remaining useful life.

2.7 Financial Instruments:

I. Financial Assets

a. Initial Recognition and Measurement

All financial assets are initially recognized at fair value. Transaction costs that are directly attributable to the acquisition or issue of financial assets and financial liabilities, which are not at fair value through profit or loss, are adjusted to the fair value on initial recognition. Purchase and sale of financial assets are recognized using trade date accounting. However trade receivables that do not contain significant financing component are measured at transaction price.

b. Subsequent Measurement

i) Financial assets carried at amortized cost

A financial asset is measured at amortized cost if it is held within a business model whose objective is to hold the asset in order to collect contractual cash flows and the contractual terms of the financial asset give rise on specified dates to cash flows that are solely payments of principal and interest on the principal amount outstanding.

ii) Financial assets at fair value through other comprehensive income (FVTOCI)

A financial asset is measured at FVTOCI if it is held within a business model whose objective is achieved by both collecting contractual cash flows and selling financial assets and the contractual terms of the financial asset give rise on specified dates to cash flow that are solely payments of principal and interest on the principal amount outstanding.

iii) Financial assets at fair value through profit or loss (FVTPL)

A financial asset which is not classifying in any of the above categories are measured at FVTPL.

c. Impairment of Financial Assets

For evaluating impairment of financial assets the management of the company assesses if there is any significant increase in the credit risks pertaining to respective financial assets and accordingly recognises necessary provisions whenever required based of the company's past history of recovery, creditworthiness of the counter party and the existing market conditions at that time.

II. Financial Liabilities

a. Initial recognition and measurement

All financial liabilities are recognized at fair value and in case of loans, net of directly attributable cost. Fees of recurring nature are directly recognised in the Statement of Profit and Loss as finance cost.

b. Subsequent measurement

Financial liabilities are carried at amortised cost using the effective interest method. For trade and other payables maturing within one year from the balance sheet date, the carrying amounts approximate fair value due to the short maturity of these instruments.

c. Derecognition of Financial Instruments

Financial asset is derecognised on expiry of the contractual right to the cash flows from financial asset or transfer of the financial asset where the transfer qualifies for derecognition under IND AS 109. A financial liability (or part of a financial liability) is derecognized from the Company's Balance Sheet when the obligation specified in the contract is discharged or cancelled or expires or completes its life or if determined by the management that liability is no longer required to be paid.

2.8 Deferred Tax :

No provision for the deferred tax liability/ asset arising out of time difference has been made in the absence of reasonable certainty that the taxable income will be generated by the company in near future to offset the losses.

2.9 Revenue Recognition

Income from lease transactions is accounted on accrual basis, pro-rata for the period, at the rates implicit in the transaction.

Other items of income are accounted as and when the right to receive such income arises and it is probable that the economic benefits will flow to the group and the amount of income can be measured reliably.

2.10 Inventories:

Inventories are valued at the lower of cost and net realisable value. Cost of raw materials, components and consumables are ascertained on a moving weighted average basis. Cost of inventories also include all other costs incurred in bringing the inventories to their present location and condition.

2.11 Tax Credits:

Goods & Service Tax credits is accounted by recording the capital assets/raw material, stores and spares acquired during the year net of Input Tax Credit. GST credit has been recognised as non current assets and the same will be utilised for payments of future tax liabilities.

2.12 Employee Benefits :

i) Defined Contribution Plans:

Retirement benefit in the form of Provident Fund and Pension Fund are defined contribution scheme and the contributions are charged to the respective accounts of the year when the contributions to the respective funds are due. There are no other short term obligations other than the contribution payable against the funds.

ii) Defined Benefit Plans

Provision for Gratuity and Leave Encashment payable on retirement to the employees are made on the basis of actual period of their service and at prescribed rates irrespective of their ineligibility due to short tenure of their service. Company has not made provision or Investment as per IND AS-19 due to closure of plant activity but has made provisions as stated above.

2.13 Borrowing Costs:

Borrowing costs that are attributable to the acquisition or construction of qualifying assets are capitalized as part of the cost of such assets in terms of IND AS-23 on "Borrowing cost". A qualifying asset is one that necessarily takes a substantial period of time to get ready for intended use.

2.14 Related Party Transaction:

Related party transaction as identified by the management within the meaning of IND AS-24 regarding "Related Party Disclosure" are provided as per Note No. 36.

2.15 Provisions, Contingent liabilities & Contingent Assets :

Provisions involving substantial degree of estimation in measurement are recognised when there is a present obligation as a result of past events and it is probable that there will be a outflow of resources. Contingent Liabilities are not recognised but are disclosed in the notes. Contingent Assets are neither recognised nor disclosed in the financial statements.

2.16 Segment Reporting

Based on "Management Approach" as defined by Ind AS 108, The Chief Operating Decision Maker (CODM) evaluates the "Operating Segments". Operating segments are reported in a manner consistent with the internal reporting provided to the CODM. The accounting policies adopted for segment reporting are in conformity with the accounting policies adopted for the Company. Revenue and expenses have been identified to segments on the basis of their relationship to the operating activities of the segment. The company has only one segment about leasing of warehouses as of now.

2.17 Recent accounting pronouncements

Ministry of Corporate Affairs ("MCA") notifies new standards or amendments to the existing standards under Companies (Indian Accounting Standards) Rules as issued from time to time. During the year ended 31st March, 2024, MCA has not notified any new standards or amendments to the existing standards applicable to the Company.

Note

15.1 The Company has entered into an agreement with a Strategic Investor to take-over the loans from its all existing lenders directly or indirectly through other agencies and has agreed to pay as per revised Strategic Investment Agreement. The modification of charge in favour of Strategic Investor for the loans acquired by the Strategic Investor has been done. During the financial year ended 31st March, 2018, the Company had obtained substantial relief from Strategic Investor from the originally agreed terms. This reduction in liability (relief) is subject to right to recompense in case of failure of the Company to repay the dues within mutually agreed time frame as per the revised agreement.

15.2 Non Convertible Debentures of the value of Rs. 2972.21 Lakh which were redeemable at par in one or more instalments on various dates between February, 1999 and October, 2007 and overdue for payment and are secured by (i) first charge by way of English mortgage ranking pari-pasu of the immovable properties situated at specified plot of land at village Palas, District Roha, in the state of Maharashtra, and (ii) extension of first charge ranking pari-pasu on movable properties situated at village Chhata, District Mathura in the state of Uttar Pradesh. These debentures are further secured by first charge on all the movable assets of the Company both present and future (excluding current assets and specific assets charged to others) situated at aforesaid locations and ranking on a pari-pasu basis with others. The debentures are further secured by personal guarantee of a Promoter Director.

15.3 Loans from financial institutions amounting to Rs. 2616.78 lakh (Previous year- Rs. 2616.78 lakh) along with loans acquired/settled/repaid by Strategic Investor are secured by way of Equitable Mortgage on immovable properties situated at Chhata, District Mathura in the State of Uttar Pradesh and are further secured by way of hypothecation of movable properties of the Company both present and future (other than current assets and specific assets charged to others) ranking on a pari-pasu basis and are further secured by personal guarantee of a Promoter Director .

15.4 Above loans from financial institution are inclusive of advance of Rs. 407.90 lakh given by the said institution to an Equipment Vendor for the supply of specific plants at Company's site to be leased on commissioning to the Company. The above outstanding is included in the Term Loan in view of a CDR proposal to that effect followed by in-principle confirmation from the said Financial Institution to that restructuring scheme.

15.5 Part of the assets being security against the above Notes from 15.1 to 15.3 has been disposed off as scrap by company in terms of approval of board and shareholders for removal of hazardous and obsolete chemicals filled equipment and for freeing up the land for setting up new business activities. Company has kept land and other assets as security with above lenders and current market value of land has significantly increased than the value required as security for the above loan.

Recovery petitions filed by above lenders are already pending with DRT. Management has also approached them for one-time settlement. Management is hopeful to close the matter by mutual agreement in due course. Secured Loan from Strategic Investor includes dues of banks and Financial Institution which were acquired and repaid by the Strategic Investor. These dues are secured by way of hypothecation/ charge on the immovable properties of the company excluding assets specifically charged to others and are further secured by personal guarantee of a Promoter Director.

15.6 A Promoter Director of the Company, his family members, have pledged 20.88 lakh shares owned by them to Financial Institutions as collateral security.
