PRESS RELEASE

Sunita Tools Limited Announces Acquisition of State-of-the-Art CNC Surface Grinder

Mumbai, July 10, 2024, Sunita Tools Limited, a leader in the Mouldbase industry, proudly announces the expansion of its manufacturing capabilities with the acquisition of a modern, state-of-the-art CNC Surface Grinder. This new addition complements our existing lineup, which includes the industry's largest Surface Grinder, boasting dimensions of 3800 x 1800mm.

The newly acquired CNC Surface Grinder, with dimensions of 2800 x 1800mm, offers micron-level accuracy, making it a versatile asset for various sectors, including Aerospace, Moulds & Dies, and Machine Manufacturing industries. This machine's advanced technology ensures precision and efficiency, aligning with our commitment to delivering high-quality products.

With this acquisition, Sunita Tools Limited reinforces its position at the forefront of the industry, equipped to meet the evolving demands of our customers with enhanced precision and capability.

About Sunita

Sunita Tools Limited boasts over three decades of experience in the Engineering and Mould Base Industry, offering unparalleled customized solutions to various sectors with a forward-thinking approach to meeting future demands today. Our core expertise lies in the manufacture of Ground Plates, Mould Bases, and Precision CNC Machining.

The products of the Company serve as essential components for the Manufacturing industries, spanning Automotive, Pharmaceutical, Electronics, Consumer Goods, Aerospace, Defence and numerous other sectors. These industrial capital goods undergo rigorous quality testing to ensure they meet industry standards before reaching our clients.

Located in Vasai, Mumbai, the manufacturing facility of the company enjoys several strategic advantages. Situated in a well-developed industrial area, it benefits from easy access to resources and streamlined logistics, ensuring timely delivery according to our customers' convenience. This strategic positioning provides us with a competitive edge over our counterparts. Additionally, our facility boasts robust infrastructure, a skilled labor force, and reliable access to water and power supply.

The Companies strength lies in our ability to deliver customized, high-quality products, offer expert guidance throughout the design and manufacturing process, and provide comprehensive after-sales technical support. This commitment to compatibility and customer satisfaction sets us apart, making our products and services a flexible and dependable choice. The Company is dedicated to promptly addressing any concerns raised by our business associates through direct engagement with senior management.

SUNITA TOOLS LIMITED

(Formerly known as Sunita Tools Pvt Ltd)

"We are thrilled to announce that Sunita Tools Limited has expanded its capabilities with the acquisition of a modern, state-of-the-art CNC Surface Grinder, measuring 2800 x 1800mm, which offers microns accuracy. This new addition complements our existing machinery, including the best and largest Surface Grinder in the Mouldbase industry, measuring 3800 x 1800mm.

This versatile machine enhances our precision and efficiency, making it suitable for various applications in the Aerospace, Defence, Defence Equipments moulds and dies, and machine manufacturing industries. Our Chairman, who is the technical brainchild of our group, personally inspected the machine at the manufacturing factory to ensure it meets our stringent standards.

The new CNC Surface Grinder is now ready for shipment, marking a significant milestone in our commitment to providing the highest quality tools and services to our clients."
