# Jindal Steel & Power

Q2FY25 Earnings Presentation  
6th November 2024

# Safe Harbour Statement

This presentation may contain certain forward looking statements concerning steel sector, economy and JSP's future business prospects and business profitability, which are subject to a number of risks and uncertainties and the actual results could materially differ from those in such forward looking statements. The risks and uncertainties relating to these statements include, but are not limited to, risks and uncertainties regarding fluctuations in earnings, our ability to manage growth, competition (both domestic and international), economic growth in India and the target countries for exports, ability to attract and retain highly skilled professionals, time and cost over runs on contracts, our ability to manage our international operations, government policies and actions with respect to investments, fiscal deficits, regulations, etc., interest and other fiscal costs generally prevailing in the economy. Past performance may not be indicative of future performance. We do not undertake to update our forward-looking statements. This presentation is not intended, and does not, constitute or form part of any offer, invitation or the solicitation of an offer to purchase, otherwise acquire, subscribe for, sell or otherwise dispose of, any securities in JSP or any of its subsidiary undertakings or any other invitation or inducement to engage in investment activities, neither shall this presentation nor the fact of its distribution form the basis of, or be relied on in connection with, any contract or investment decision. Few numbers in this presentation are purely indicative & provisional and could change later. Estimates regarding economy, steel & power sector, company and related areas are purely indicative and could change with market conditions and host of other factors.

# Building a nation of our dreams

**OVER 3 DECADES OF EXCELLENCE**

# India continues to be the spotlight of global steel growth

Macro and Sectoral Update

## World

Steel Demand (MT) Demand Growth (YoY%)

## China

Steel Demand (MT) Demand Growth (YoY%)

## India

Steel Demand (MT) Demand Growth (YoY%)

## USA

Steel Demand (MT) Demand Growth (YoY%)

## EU & UK

Steel Demand (MT) Demand Growth (YoY%)

## Japan

Steel Demand (MT) Demand Growth (YoY%)

# China steel exports close to 10-yr high on weak domestic demand & surplus production

### Crude Steel Production

### Steel Demand (Apparent Steel Consumption)

### Steel Exports

### China HRC Export Price (USD/t)

Macro and Sectoral Update

# India steel demand continues to remain robust as both capacity addition & utilization improves

Macro and Sectoral Update

- **National Steel Policy, 2017 envisages India's steel production capacity of 300mt by 2030 by enhancing domestic per capita consumption to 160 kg**
- **Steel capacity and production continues to rise in line with Govt's vision of capacity/production of 300mt/258mt by 2030.**

# India Steel Scenario – Q2FY25

### Crude Steel Production (mt)

### Finished Steel Consumption (mt)

### India turns net importer in FY24

- Crude Steel production grew 3% YoY during Q2FY25 to 36.2mt and 4% YoY in H1FY25 to 72.7mt
- Finished steel consumption grew 11% YoY during Q2FY25 to 37.1mt and 13% YoY during H1FY25 to 72.6 mt. Strong consumption is reflection of the underlying strength in the economy.
- Total Steel Exports declined by 13% sequentially during Q2FY25 primarily driven by lower exports of HRC. Steel exports declined 32% at 2.8mt during H1FY25. Steel exports were down both YoY and QoQ during Q2FY25 as surplus production in China kept global prices in check
- Total Steel Imports continued to rise with 44% sequential increase during Q2FY25. and 42% YoY. During H1FY25 , imports were up 38% YoY as international prices remained lower than domestic prices . However, domestic prices are now at a discount to the import prices

### Total Exports (mt)

### Total Imports (mt)

# Key Steel and RM Prices Trend

## India HRC vs Rebar

Fig in ₹/tonnes

## Coking Coal: Premium HCC (CNF Australia origin)

Fig in USD/tonnes

Source: Steelmint

## Domestic Pellet prices (Barbil)

Fig in ₹/tonnes

## Iron Ore fines and Lumps (Odisha Index)

Fig in ₹/tonnes

- Indian Steel prices have corrected during Q2FY25 due to seasonal effect which was further impacted by slowdown in China, but have picked up since Oct'24
- TMT remained at a discount to HRC in July on account of seasonal weakness. However, it reverted to premium to HRC since Aug'24
- Iron ore fines and lumps prices have remained largely flat despite correction in flat steel prices
- PHCC prices remained soft trending in line with international steel prices
