Sprayking, a leading forging company renowned for its commitment to innovation and excellence, has its state-of-the-art Research and Development (R&D) facility. This cutting-edge facility represents a belief of Company in advancing forging technologies and processes, further solidifying Sprayking's position as an industry leader in its region.

## **Recent remarkable Development in the Company:**

The company bought a new manufacturing facility in Gujarat's Jamnagar. Like the company's current manufacturing facility, the unit will produce brass and forging components and parts. This 3,000 square meter modern manufacturing plant is spread out. The company's market position will be strengthened with the installation of this production plant.

In an effort to grow the company, Sprayking Limited (Formerly known as Sprayking Agro Equipment Limited) recently purchased more than 51% share in M/s. Narmada Brass Industries. Mr. Hitesh Dudhagara founded the partnership venture Narmada Brass Industries in 2019. Narmada Brass produces copper brass goods at its own production facility. The manufacturing facility can produce 2,000 tons of forged goods annually. With this acquisition, the business is expanding rapidly and meeting new orders from the domestic and international markets.

Acquired its new manufacturing facility at Jamnagar, Gujarat with the view of expansion. The unit will be manufacturing brass and forging components/parts similar to the existing manufacturing facility of the Company. This new Manufacturing facility is spread over 3,000 sq. mtr which has been acquired by the Company on rent from the third party.

The Company has changed its name from Sprayking Agro Equipment Limited to Sprayking Limited.

## **Management Comment:**

Commenting on this development, Mr. Hitesh Dudhagara, Managing Director of Sprayking said:

*"We are thrilled to secure this substantial order from a new client within the domestic market. This order not only signifies the trust and confidence that new customers have in Sprayking Limited but also underscores our strengthened production capabilities. Our recently established state-of-the-art manufacturing facility has played a crucial role in this achievement, enabling us to meet increased demand with superior efficiency and precision."*

*The new factory, equipped with advanced machinery and cutting-edge technology, has significantly boosted our production capacity and operational efficiency. This strategic investment aligns with our vision to expand our market presence and deliver high-quality products to our clients promptly. We are confident that this order will be the first of many, as we continue to leverage our enhanced capabilities to serve our clients better and drive growth for Sprayking Limited.*

*As Sprayking Limited continues to grow and innovate, the company remains dedicated to maintaining the high standards that have earned it a trusted name in the industry. This order marks a significant step forward and reflects the company's potential to secure further substantial contracts in the future. "*
