Indoreans could generate as much as 700 million kgs to 1,000 million kgs of carbon credits in a year if they learn to reduce carbon emission and limit their energy consumption by taking simple and small steps, said 'Solar Man of India', Chetan Singh Solanki while talking with Free Press during the MoU signing programme between Indore Municipal Corporation and Energy Swaraj Foundation to launch Indore Climate Mission on Thursday.

Solanki will be in Indore for the entire 100-day journey with his Energy Swaraj Yatra and will lead this mission. The main goal of Indore Climate Mission is to make

world which is concerning and alarming," he said.

"With the support of the people and organisations of Indore, Indore Climate Mission aims to establish Indore as a global leader in climate action by educating citizens in energy, promoting energy conservation and reducing greenhouse gas

## Team of civic body traffic police seizes vehicles

FP News Service  
SATNA

A joint team consisting of the officials of the civic body and those of the traffic police launched a drive to smoothen the traffic flow in the city.

The officials plunged into action after the collector expressed anger at the haphazard traffic system which caused problems to the pedestrians and vehicle drivers.

The team members checked the vehicles and imposed a fine on those who violated the traffic rules. They also seized some two-wheelers and four-wheelers.

Collector Anurag Verma held a meeting with the officials of the civic body and

those of the transport department and traffic police at the collectorate on Wednesday.

He pulled up the officials for the haphazard traffic system in the city. The issue of encroachments by shopkeepers also figured in the meeting.

The collector was informed that the shopkeepers had extended their shops up to five feet on the road besides they parked their vehicles just outside their business establishments.

There are some approach roads which are lying unused, but many people have encroached upon those roads.

There are problems of parking three-wheelers and buses. Verma was, however, not happy with the explanations

by the officials for traffic bottlenecks.

He directed the civic body and the traffic police to set up a joint team to improve the traffic system in the city.

He advised the team members to work continuously to better the system and keep an eye on the bus and three-wheeler drivers who caused traffic chaos to the city.

Immediately after the meeting, traffic police and civic body officials plunged into action.

The team seized two cars from the Station Road and locked the wheels of three cars and booked them.

They also sent 20 two-wheelers and three-wheelers to the police station.

## 'Birsa Munda was icon of Indian freedom struggle'

Mohan Yadav

'Abua Dishom, Abua Raj' was the proclamation of Bhagwan Birsa Munda, a leader who embodied deep love and respect for his land and people.

Today, as we celebrate his birth anniversary, we recall his contributions. Bhagwan Birsa Munda, who fought for tribal culture, dignity and freedom, became a great leader of the Indian freedom struggle.

His resistance against British rule intensified during 1893-94 when they enacted the Forest Act. He led a movement against the Act. Under his leadership, the tribal people fought the British, which led to the passage of the Chhota Nagpur Tenancy Act, granting tribes their rights over their land.

The celebration of Tribal Pride Day on Bhagwan Birsa Munda's birth anniversary is not just about honouring him but also about highlighting their history and culture. With the launch of Tribal Pride Day by Prime Minister Shri Narendra Modi, the restoration of tribal pride has been officially initiated.

The Madhya Pradesh government is committed to fulfilling this vi-

sion. Last year, Prime Minister Modi launched the PM Jan-Man Yojana on Tribal Pride Day, aimed at making tribal communities self-reliant and ensuring their socio-economic development.

The state government has allocated Rs 7,300 crore for the development of health centres, hostels, multi-purpose centres, roads, bridges and housing facilities in tribal areas. Jhinjirai village in Seoni district has been developed as a model village. For tribal students, schemes such as pre-matric and post-matric scholarships and civil services pre-examination training are being implemented. I bow to the great warrior Bhagwan Birsa Munda, who fought for the land, water, forests and self-respect of the tribal people.

# Planet on course for 2.7°C rise in temperature: Report

Agencies

BAKU

A report by the Climate Action Tracker project has found that current policies adopted by countries have put the temperature rise on track for 2.7C. This is despite the pledge world leaders have taken as part of the United Nations Climate Change Conference, commonly known as COP, with its 29th session currently underway in Azerbaijan's capital city of Baku.

The expected level of global heating by the end of the century has not changed since 2021, with "minimal progress" made this year, according to the Guardian which cited the Climate Action Tracker project report. The consortium's estimate has not shifted since the Cop26 climate summit in Glasgow three years ago.

"We have clearly failed to bend the curve," said the lead author of the analysis, Sofia Gonzales-Zuñiga, from Climate Analysis.

Changes in average global temperatures that sound small can lead to massive human suffering. Last month, a study found half of the 68,000 heat deaths in Europe

Climate activists in the Philippines send a message to world leaders at the COP summit - AFP

in 2022 were the result of the 1.3C of global heating the world has seen so far. At the higher temperatures that are projected for the end of the century, the risk of irreversible and catastrophic extremes is also set to soar.

Meanwhile, at COP 29, according to Reuters, economists told countries that developing nations need at least \$1 trillion per year by the end of the decade to cope with climate change.

Setting the tone at the start of Thursday, a report from the Independent High-Level Expert Group on Climate Finance said the target annual figure would need to rise to at least \$1.3 trillion a year by

2035 if nations fail to act now. "Any shortfall in investment before 2030 will place added pressure on the years that follow, creating a steeper and potentially more costly path

to climate stability," the report said. Behind the scenes, negotiators are working on draft texts, but so far early-stage documents published reflect the huge range of views around the table.

Any deal is likely to be hard fought given a reluctance among many Western governments - on the hook to contribute since the Paris Agreement in 2015 - to give more unless countries including China agree to join them. The likely withdrawal of the US from any future funding deal will raise pressure on delegates to find other ways to secure the needed funds.

## Christians flip over title of book

Manoj Ramakrishnan

MUMBAI

Christian groups in Mumbai have objected to the titles in a book series called 'Sex Bible', for sale on the e-commerce site, Flipkart. On its part, the company has said that it will pull out the advertisement if it is perceived as

offensive.

An NGO, Watchdog Foundation - which has complained to the Maharashtra police, the chief minister and the chief secretary - said the title of the books had hurt the religious sentiments of the Christian community. "Such insensitivity displayed by Flipkart, one of India's largest

e-commerce platforms, is unacceptable. As a corporation operating within our country's legal framework, Flipkart must be held accountable for allowing such content to be published and promoted on its platform," the group, Watchdog Foundation, said in its letter to government authorities.
