Blue Cloud Softech Solutions Limited Secures Major US\$ 3 Million Contract in the United States

Hyderabad, Telangana, January 26, 2025 – **Blue Cloud Softech Solutions Limited (BCSSL)**, a leading global technology company listed on the Bombay Stock Exchange (BSE), is proud to announce the successful acquisition of a **US\$ 3 Million business contract** from one of its esteemed clients in **USA**. This achievement reinforces BCSSL's position as a trusted provider of innovative and secure technology solutions on a global scale.

The contract involves the deployment of **SecureNode**, a **customized Mobile Device Management (MDM) platform** developed entirely in-house by BCSSL. SecureNode is a state-of-the-art platform designed to integrate and manage critical business infrastructure, including **mobile delivery terminals, POS points, inventory tracking nodes, secure network management, and device management**.

SecureNode is a **100% indigenous solution**, equipped with **strong cryptographic security, perimeter-level device and application listing, and end-to-end security features**. The platform ensures seamless, secure, and efficient operations for the client, addressing complex challenges in a rapidly evolving business environment. By providing real-time visibility, enhanced security, and operational intelligence, SecureNode has become a transformative solution for the client's technology-driven operations.

Speaking on the occasion, **Ms. Janaki Yarlagadda**, Chairperson of Blue Cloud Softech Solutions Ltd, emphasized the importance of indigenous innovation in delivering global solutions:

“SecureNode reflects the ingenuity and expertise of BCSSL in developing cutting-edge, secure, and scalable solutions tailored to client needs. This contract win underscores our commitment to delivering world-class technology, enabling clients to achieve operational excellence and security. It is a proud moment for BCSSL as we continue to expand our footprint in the global market while aligning with the Make-in-India initiative.”

Ms. Yarlagadda further added:

“This achievement highlights our focus on innovation and excellence. SecureNode represents the future of secure device and network management, empowering our clients to operate seamlessly in today’s digital-first world. We are confident that SecureNode will continue to create significant value for our clients by enhancing productivity, security, and scalability.”

This contract is a testament to BCSSL’s **technological expertise and innovation-driven approach**, as well as its ability to deliver **secure, client-centric solutions**. With this milestone, BCSSL continues to strengthen its presence in the United States and reaffirms its position as a global leader in **technology-driven transformation**.
