Subject : Corrigendum to Annual Report of the Company for FY 2023-24

Dear Sir/Madam,

This is in continuation to our previous communication dated September 5, 2024, wherein the Company had informed the Stock Exchanges that the Company had completed the dispatch of the Annual Report of the Company for the Financial Year 2023-24 to the shareholders of the Company and also submitted the copy of the Annual Report. In terms of the said communication, the Notice calling the 19th Annual General Meeting (AGM) of the Company scheduled on Friday, September 27, 2024, was also submitted.

With regard to the same, we would like to inform you that there were certain errors on page no. 5 of Notice of AGM and page no. 33 of Annual Report due to the Typesetting of the Annual Report. Accordingly, please find enclosed the corrected copy of the Annual Report of the Company for the Financial Year 2023-24.

This is for your information and records.

Thanking you,

Yours faithfully,

For **Diligent Media Corporation Limited**

NOTES:

1. The AGM will be convened in compliance with applicable provisions of the Companies Act, 2013 ('the Act') and the Rules made thereunder, provisions of the SEBI (Listing Obligations and Disclosure Requirements) Regulations, 2015 ('Listing Regulations') and the provisions of General Circular No. 09/2023 dated September 25, 2023 and other Circulars issued by the Ministry of Corporate Affairs ('MCA') and Circular No. SEBI/HO/CFD/CFD-PoD-2/P/CIR/2023/167 dated October 7, 2023 and other circulars issued by SEBI (collectively referred to as 'Circulars'). Accordingly, the Company will be conducting this Annual General Meeting ('AGM' or 'Meeting') through Video Conferencing/Other Audio Visual Means ('VC'/'OAVM').
2. An Explanatory Statement pursuant to Section 102 of the Act, which sets out the details relating to the Special Businesses to be transacted at the AGM, is annexed hereto.
3. Pursuant to MCA Circulars, since this AGM is being held through VC/OAVM, physical attendance of Members has been dispensed with. Accordingly, the facility for appointment of proxies by the Members will not be available for the AGM and hence the Proxy Form and Attendance Slip are not annexed to this Notice.
4. Pursuant to Section 113 of the Act, Corporate/ Institutional members intending to appoint their authorized representative(s) to attend the AGM through VC / OAVM on its behalf and to vote through remote e-voting are requested to send (in advance), scanned copy (PDF/JPG Format) of a duly certified copy of the relevant Board Resolution / Letter of Authority / Power of Attorney, together with the respective specimen signatures of those representative(s), to the Scrutinizer through e-mail to neelamrna@gmail.com, with a copy marked to evoting@nsdl.co.in and complianceofficer@dnaindia.com.
5. Regulation 40 of the SEBI (Listing Obligations and Disclosure Requirements) Regulations, 2015 ('Listing Regulations'), provides that requests for effecting the transfer of listed securities shall not be processed unless the securities are held in dematerialised form with a Depository. Therefore, for effecting any transfer, the securities shall mandatorily be required to be in demat form.
6. Green Initiative: Members who have not registered their e-mail address are requested to register their e-mail address for receiving all communication

- including Annual Report, Notices, etc. from the Company electronically.
7. Inspection: All documents, if any, referred to in this Notice and other statutory registers shall be open for inspection by the Members online during the AGM through VC/OAVM.
 8. Submission of questions or queries prior to AGM/Registration of Speakers: Members seeking any information with regard to the accounts or any other matter to be placed at the AGM, are requested to write to the Company from September 20, 2024 to September 24, 2024, through e-mail on complianceofficer@dnaindia.com. Such questions shall be taken up during the meeting or replied by the Company suitably. Members who would like to express their views or ask questions during the AGM may register themselves as speaker by sending their request from their registered e-mail address mentioning their name, DP ID and client ID/Folio no, No. of shares, PAN, mobile number at complianceofficer@dnaindia.com on or before September 24, 2024. Those Members who have registered themselves as a speaker may be allowed to express their views, ask questions during the AGM. The Company reserves the right to restrict the number of speakers as well as the speaking time depending upon the availability of time at the AGM.
 9. Details as required in sub-regulation (3) of Regulation 36 of Listing Regulations and Secretarial Standard on General Meetings issued by the Institute of Company Secretaries of India, for Director recommended by the Board for appointment/re-appointment at this Meeting forms part of the Notice. Detailed profile also forms part of the Corporate Governance Report. The Director has furnished consent/disclosure for the appointment/re-appointment as required under the Act and rules made thereunder.
 10. Indian Economic Overview 2024

In 2024, India's economy is expected to continue its robust growth trajectory, driven by strong domestic demand, government reforms, and a vibrant services sector.

The GDP growth rate is projected to remain around 6-6.5%, making India one of the fastest-growing major economies in the world.

Key sectors contributing to this growth include information technology, pharmaceuticals, and manufacturing, bolstered by the government's "Make in India" initiative. Inflation is anticipated to stabilize due to improved agricultural output and policy measures aimed at controlling price rises.

Despite global economic uncertainties, India's economic outlook remains positive, supported by its demographic dividend and a growing middle class with increasing purchasing power.

Indian media & entertainment industry

The Indian media and entertainment industry is a dynamic and rapidly evolving sector, driven by the country's diverse and growing consumer base. It encompasses a wide range of segments including television, film, digital media, music, radio, and print. The industry has seen significant growth in recent years, fueled by increased internet penetration, smartphone usage, and the rise of over-the-top (OTT) platforms.

With government initiatives supporting digital infrastructure and favorable demographics, the Indian media and entertainment industry is poised for robust growth and innovation.

The Indian media and entertainment (M&E) industry is expected to generate significant revenue growth in 2024, reaching approximately INR 2.55 lakh crore (US\$ 30.8 billion). This represents a 10.2% increase from previous years, driven by the rising demand for digital content and the proliferation of internet and mobile devices.

The sector is projected to maintain a 10% compound annual growth rate (CAGR), with revenues anticipated to reach INR 3.1 lakh crore (US\$ 37.2 billion) by 2026.

As per the FICCI-EY report, key growth areas include digital media, which is expected to generate US\$ 10.07 billion in 2024, and the video OTT market, which is set to double its revenue from 2022 to 2027.

Indian M&E sector crossed INR 2.3 trillion in 2023, expected to reach INR 3.1 trillion by 2026, reveals the FICCI-EY report

Digital Media

Digital media continues to be a significant driver of this growth, with the digital advertising market expected to reach INR 28,234 crore by 2026, growing at a 12.1% CAGR as per the PwC report.

The video OTT market, dominated by platforms such as Netflix, Amazon Prime Video, and Disney+ Hotstar, is projected to double its revenue from US\$ 1.8 billion in 2022 to US\$ 3.5 billion by 2027.

According to the FICCI Voice report, the online gaming sector is anticipated to reach INR 388 billion by 2026, reflecting the segment's robust growth trajectory.

In 2024, the digital media landscape in India is set for significant expansion, driven by increased internet penetration, widespread smartphone adoption, and evolving consumer behavior.

Digital advertising is forecasted to grow substantially, expected to reach INR 28,234 crore, reflecting a 12.1% compound annual growth rate (CAGR).

The OTT (over-the-top) video market is anticipated to double its revenue from 2022 levels, reaching approximately INR 26,958 crore by 2027, fueled by a burgeoning user base and the rising popularity of subscription-based services.

Internal Control Systems

Diligent Media has a sound Internal Control System, which aims to assure that operations are effective and well aligned with the strategic goals. The internal control framework is intended to ensure correct, reliable and timely financial reporting and management information. The Company has implemented the Internal Financial Control (IFC) framework to ensure proper Internal Controls over financial reporting. Then internal control system is further supplemented by Internal Audit carried out by an independent firm of Chartered Accountants and periodic review by Management. The Internal Audit process is designed to review the adequacy of internal control checks in the system and covers all the significant areas of the Company's operations. The Audit Committee reviews the adequacy and effectiveness of the internal control systems and tracks the implementation of corrective actions, wherever required.

Human Resources

The primary objective of the Company is to create a lively and stimulating atmosphere for its employees, aiming to bring out their fullest potential. Alongside fostering talent through mentoring and demanding projects, the Company sustains

motivation by organizing diverse engagement activities. The team coordinates workshops, seminars, and other learning opportunities to enhance employees' skills and knowledge, supporting their professional growth. The Company's employee count as on March 31, 2024, was 58 in comparison to 63 on March 31, 2023.

Risks and concerns

The Indian media industry in 2024 faces several risks and concerns that could impact its growth and stability. One of the primary concerns is the regulatory environment. Changes in government policies, stricter content regulations, and potential censorship could hinder creative freedom and affect the operational dynamics of media companies.

The Company's performance, along with the broader media industry, can be directly impacted by uncontrollable economic and political factors at both national and global levels. Additionally, unforeseeable events or "force majeure" circumstances can also exert influence.

Economic uncertainties, both global and domestic, could affect advertising revenues, which are crucial for the media industry. Economic slowdowns or fluctuations can lead to reduced advertising budgets from companies, directly impacting media revenues.

Opportunities and threats

The continued growth of digital media presents vast opportunities. Increased internet penetration and smartphone usage drive higher consumption of OTT platforms, digital advertising, and e-commerce integration.

The rapid shift towards digital media also presents cybersecurity risks. With increasing digital consumption, the threat of data breaches, hacking, and cyber-attacks becomes more pronounced, potentially compromising user data and content integrity. Additionally, the spread of misinformation and fake news remains a significant challenge, impacting public trust and requiring robust fact-checking mechanisms.

The media industry is facing a significant threat from fake news due to the widespread adoption of social media. Furthermore, advancements in technology, such as 5G networks, augmented reality (AR), and virtual reality (VR), are likely to further enhance the digital media landscape, opening up new possibilities for immersive experiences and interactive content.

The rapid pace of technological change necessitates continuous investment in new technologies and platforms, posing financial challenges for media companies. Adapting to new technologies like 5G and augmented reality requires significant capital, which might be challenging for smaller firms to secure. Overall, while the media industry in India is poised for growth, these risks and concerns need to be strategically managed to ensure sustained progress and stability.

Overall, the year 2024 is anticipated to witness a continued expansion of digital media, driven by evolving consumer preferences, technological advancements, and the increasing integration of digital platforms into various aspects of people's lives.

Independent Auditor's Report on the Financial Statements

To,
The Members of
DILIGENT MEDIA CORPORATION LIMITED

1. Opinion

We have audited the accompanying financial statements of Diligent Media Corporation Limited ('the Company'), which comprise the balance sheet as at 31 March 2024, the statement of profit and loss (including other comprehensive income), the statement of changes in equity, the statement of cash flows for the year then ended, and notes to the financial statements including a summary of material accounting policies and other explanatory information (herein-after referred to as "financial statements").

In our opinion and to the best of our information and according to the explanations given to us, the aforesaid financial statements give the information required by the Companies Act, 2013 ("the Act") in the manner so required and give a true and fair view in conformity with the accounting principles generally accepted in India, including the Indian Accounting Standards (Ind AS) prescribed under Section 133 of the Act read with the Companies (Indian Accounting Standards) Rules, 2015, as amended, of the state of affairs of the Company as at 31 March 2024, and its profit, total comprehensive income, changes in equity and its cash flows for the year ended on that date.

2. Basis for opinion

We conducted our audit of the financial statements in accordance with the Standards on Auditing (SAs) prescribed under Section 143(10) of the Act. Our responsibilities under those Standards are further described in the Auditor's Responsibilities for the Audit of the financial statements section of our report. We are independent of the Company in accordance with the Code of Ethics issued by the Institute of Chartered Accountants of India (ICAI) together with the ethical requirements that are relevant to our audit of the financial statements under the provisions of the Act and the Rules thereunder, and we have fulfilled our other ethical responsibilities in accordance with these requirements and the ICAI's Code of Ethics. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the financial statements.

3. Material uncertainty relating to going concern

As stated in Note 42 of the financial statements, the accumulated losses of the Company as at 31 March 2024 have exceeded its paid-up capital and reserves. This event indicates the existence of material uncertainty that may cast significant doubt on the Company's ability to continue as a going concern. As further stated in note 42 to the financial statements, the Company has taken steps to expand its digital media operation which has resulted in improvement in revenue and profit from the operations. Considering the liquidity position of the Company, future business plan and other factors as mentioned in the note 42, the management of the Company has prepared these financial statements on going concern basis.

Our opinion is not modified in respect to this matter.

4. Key audit matters

Key audit matters are those matters that, in our professional judgment, were of most significance in our audit of the financial statements for the year ended 31 March 2024. These matters were addressed in the context of our audit of the financial statements as a whole, and in forming our opinion thereon, and we do not provide a separate opinion on these matters. In addition to the matters described under the "Material uncertainty related to going concern" paragraph above, we have determined the matter described below to be the key audit matter to be communicated in our report.

Contingent liabilities [Refer note 32(a) of the financial statements]

Legal cases filed against the Company and claim amount of such cases not acknowledged as debt as at 31 March 2024 is Rs. 220,831.17 Lakh which involves significant judgement and estimation to determine the possible outcome of these disputes and disclosure of the most appropriate values of contingent liabilities.

Due to the level of judgment required to determine the possible outcome of these disputes and estimation and presentation of contingent liabilities, this is considered a key audit matter.

How the Key Audit Matter was addressed in our audit

Our audit procedures included, among others, assessing the appropriateness of the management's judgment in

estimating the outcome and disclosure of the contingent liabilities.

We have obtained details of pending legal cases and claims as at 31 March 2024 from the management. We assessed the completeness of the details and outcome of these claims through discussion with senior management personnel of the Company. We have also assessed the appropriateness of the disclosures made under the head 'Contingent liabilities' in the financial statements.

5. Information other than the financial statements and Auditor's Report thereon

The Company's Board of Directors is responsible for the other information. The other information comprises the information included in the Management Discussion and Analysis, Board's Report including Annexures to Board's Report but does not include the financial statements and our auditor's report thereon. The other information is expected to be made available to us after the date of this auditor's report.

Our opinion on the financial statements does not cover the other information and we do not express any form of assurance conclusion thereon.

In connection with our audit of the financial statements, our responsibility is to read the other information identified above when it becomes available and, in doing so, consider whether the other information is materially inconsistent with the financial statements, or our knowledge obtained in the audit or otherwise appears to be materially misstated.

When we read the other information, if we conclude that there is a material misstatement therein, we will communicate the matter to those charged with governance.

6. Management's responsibility for the financial statements

The Company's Board of Directors is responsible for the matters stated in Section 134(5) of the Act with respect to the preparation of these financial statements that give a true and fair view of the financial position, financial performance including other comprehensive income, changes in equity and cash flows of the Company in accordance with the accounting principles generally accepted in India, including the Ind AS prescribed under Section 133 of the Act read with the Companies (Indian

Accounting Standards) Rules, 2015, as amended.

This responsibility also includes maintenance of adequate accounting records in accordance with the provisions of the Act for safeguarding the assets of the Company and for preventing and detecting frauds and other irregularities; selection and application of appropriate accounting policies; making judgments and estimates that are reasonable and prudent; and design, implementation and maintenance of adequate internal financial controls, that were operating effectively for ensuring the accuracy and completeness of the accounting records, relevant to the preparation and presentation of the financial statements that give a true and fair view and are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management and the Board of Directors are responsible for assessing the Company's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless the Board of Directors either intends to liquidate the Company or to cease operations, or has no realistic alternative but to do so. The Board of Directors are also responsible for overseeing the Company's financial reporting process.

7. Auditor's responsibility for the audit of the financial statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not a guarantee that an audit conducted in accordance with SAs will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these financial statements.

As part of an audit in accordance with SAs, we exercise professional judgment and maintain professional skepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis

for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.

- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances. Under section 143(3)(i) of the Act, we are also responsible for expressing our opinion on whether the Company has adequate internal financial controls system in place and the operating effectiveness of such controls.
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by management.
- Conclude on the appropriateness of management and Board of Directors' use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Company's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Company to cease to continue as a going concern.
- Evaluate the overall presentation, structure and content of the financial statements, including the disclosures, and whether the financial statements represent the underlying transactions and events in a manner that achieves fair presentation.

We communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

We also provide those charged with governance with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and

where applicable, related safeguards.

From the matters communicated with those charged with governance, we determine those matters that were of most significance in the audit of the financial statements of the current period and are therefore the key audit matters. We describe these matters in our auditor's report unless law or regulation precludes public disclosure about the matter or when, in extremely rare circumstances, we determine that a matter should not be communicated in our report because the adverse consequences of doing so would reasonably be expected to outweigh the public interest benefits of such communication.

8. Report on other Legal and Regulatory requirements

- I. As required by the Companies (Auditor's Report) Order, 2020 issued by the Central Government of India in terms of Section 143(11) of the Act ("the Order"), and on the basis of such checks of the books and records of the Company as we considered appropriate and according to the information and explanations given to us, we give in the "Annexure A", a statement on the matters specified in the paragraph 3 and 4 of the Order.
- II. As required by Section 143(3) of the Act, we report that:
 - a) We have sought and obtained all the information and explanations which to the best of our knowledge and belief were necessary for the purposes of our audit;
 - b) In our opinion, proper books of account as required by law have been kept by the Company so far as it appears from our examination of those books except for the matters stated in paragraph (i)(vi) below on reporting under Rule 11(g) of the Companies (Audit and Auditors) Rules, 2014, (as amended);
 - c) The balance sheet, the statement of profit and loss (including other comprehensive income), the statement of changes in equity and the statement of cash flows dealt with by this Report are in agreement with the books of account;
 - d) In our opinion, the aforesaid financial statements comply with the Indian Accounting Standards specified under Section 133 of the Act read with

Companies (Indian Accounting Standards) Rules, 2015, as amended;

- e) On the basis of written representations received from the directors of the Company as on 31 March 2024 and taken on record by the Board of Directors, none of the directors is disqualified as on 31 March 2024 from being appointed as a director in terms of Section 164 (2) of the Act;
- f) The modification arising from the maintenance of audit trail on the accounting software, comprising the application and database is as stated in the paragraph (i) (vi) below on reporting under Rule 11 (g) of the Companies (Audit and Auditors) Rule, 2014, (as amended);
- g) With respect to the adequacy of the internal financial controls over financial reporting of the Company and the operating effectiveness of such controls, refer to our separate Report in "Annexure B".
- h) With respect to the other matters to be included in the Auditor's Report in accordance with the requirements of Section 197(16) of the Act, as amended:

In our opinion and to the best of our information and according to the explanations given to us, no remuneration is paid by the Company to its directors during the year as such the provisions of Section 197 of the Act are not applicable to the Company.

- i) With respect to the other matters to be included in the Auditor's Report in accordance with Rule 11 of the Companies (Audit and Auditors) Rules, 2014, as amended, in our opinion and to the best of our information and according to the explanations given to us:
 - i. The Company has disclosed the impact of pending litigations on its financial position in its financial statements;
 - ii. The Company did not have any long-term contracts including derivative contracts having any material foreseeable losses;
 - iii. There are no amounts required to be

transferred to the Investor Education and Protection Fund by the Company during the year ended 31 March 2024;

- iv. (a) The Management has represented that, to the best of its knowledge and belief as disclosed in Note 44(ix)(A) to the financial statements, no funds (which are material either individually or in the aggregate) have been advanced or loaned or invested (either from borrowed funds or share premium or any other sources or kind of funds) by the Company to or in any other person or entity, including foreign entity ("Intermediaries"), with the understanding, whether recorded in writing or otherwise, that the Intermediary shall, whether, directly or indirectly lend or invest in other persons or entities identified in any manner whatsoever by or on behalf of the Company ("Ultimate Beneficiaries") or provide any guarantee, security or the like on behalf of the Ultimate Beneficiaries;
- (b) The Management has represented, that, to the best of its knowledge and belief as disclosed in Note 44(ix) (B) to the financial statements, no funds (which are material either individually or in the aggregate) have been received by the Company from any person or entity, including foreign entity ("Funding Parties"), with the understanding, whether recorded in writing or otherwise, that the Company shall, whether, directly or indirectly, lend or invest in other persons or entities identified in any manner whatsoever by or on behalf of the Funding Party ("Ultimate Beneficiaries") or provide any guarantee, security or the like on behalf of the Ultimate Beneficiaries;
- (c) Based on the audit procedures that have been considered reasonable and appropriate in the circumstances, nothing has come to our notice that has caused us to believe that the representations under sub-clause (i)

and (ii) of Rule 11(e), as provided under (a) and (b) above, contain any material misstatement.

- v. No dividend has been declared or paid by the Company during the financial year covered by our audit and immediately preceding financial year.
- vi. Based on our examination, which included test checks, the Company has used accounting software for maintaining its books of account for the financial year ended 31 March 2024, which has a feature of recording audit trail (edit log) facility and the same has operated throughout the year for all relevant transactions recorded in the software except that the audit trail feature is not enabled on some tables at application level for direct changes when using certain access right(s) and also for certain changes made using administrative access right(s). Further, during the course of our audit we did not come across any instance of the audit trail feature being tampered with.

As proviso to Rule 3(1) of the Companies (Accounts) Rules, 2014 is applicable from 1 April 2023, reporting under Rule 11(g) of the Companies (Audit and Auditors) Rules, 2014 on preservation of audit trail as per the statutory requirements for record retention is not applicable for the financial year ended 31 March 2024.

Annexure - B to the Independent Auditor's Report

Report on the Internal Financial Controls under Clause (i) of Sub-section 3 of Section 143 of the Companies Act, 2013 ("the Act") as referred to in paragraph 8(II)(g) under "Report on other Legal and Regulatory requirements" of our report of even date to the members of Diligent Media Corporation Limited on the financial statements for the year ended 31 March 2024

We have audited the internal financial controls over financial reporting of Diligent Media Corporation Limited ("the Company") as of 31 March 2024 in conjunction with our audit of the financial statements of the Company for the year ended on that date.

Management's Responsibility for Internal Financial Controls

The Company's management is responsible for establishing and maintaining internal financial controls based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting (the "Guidance Note") issued by the Institute of Chartered Accountants of India (ICAI). These responsibilities include the design, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring the orderly and efficient conduct of its business, including adherence to company's policies, the safeguarding of its assets, the prevention and detection of frauds and errors, the accuracy and completeness of the accounting records, and the timely preparation of reliable financial information, as required under the Act.

Auditor's Responsibility

Our responsibility is to express an opinion on the Company's internal financial controls over financial reporting based on our audit. We conducted our audit in accordance with the Guidance Note on "Audit of Internal Financial Controls over Financial Reporting" (the "Guidance Note") issued by the Institute of Chartered Accountants of India and the Standards on Auditing prescribed under Section 143(10) of the Companies Act, 2013, to the extent applicable to an audit of internal financial controls. Those Standards and the Guidance Note require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether adequate internal financial controls over financial reporting was established and maintained and if such controls operated effectively in all material respects.

Our audit involves performing procedures to obtain audit evidence about the adequacy of the internal financial controls system over financial reporting and their operating effectiveness. Our audit of internal financial controls over financial reporting included obtaining an understanding of internal financial controls over financial reporting, assessing the risk that a material weakness exists, and testing and evaluating the design and operating effectiveness of internal control based on the assessed risk. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the

Company's internal financial controls system over financial reporting.

Meaning of Internal Financial Controls over Financial Reporting

A company's internal financial control over financial reporting is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of financial statements for external purposes in accordance with generally accepted accounting principles. A company's internal financial control over financial reporting includes those policies and procedures that (1) pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the Company; (2) provide reasonable assurance that transactions are recorded as necessary to permit preparation of financial statements in accordance with generally accepted accounting principles, and that receipts and expenditures of the Company are being made only in accordance with authorizations of management and directors of the Company; and (3) provide reasonable assurance regarding prevention or timely detection of unauthorised acquisition, use, or disposition of the Company's assets that could have a material effect on the financial statements.

Inherent Limitations of Internal Financial Controls Over Financial Reporting

Because of the inherent limitations of internal financial controls over financial reporting, including the possibility of collusion or improper management override of controls, material misstatements due to error or fraud may occur and not be detected. Also, projections of any evaluation of the internal financial controls over financial reporting to future periods are subject to the risk that the internal financial control over financial reporting may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

Opinion

In our opinion, the Company has, in all material respects, an In our opinion, the Company has, in all material respects, an adequate internal financial controls system over financial reporting and such internal financial controls over financial reporting were operating effectively as of 31 March 2024, based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note issued by the Institute of Chartered Accountants of India.

Notes to the financial statements for the year ended 31 March 2024

1 Corporate information

Diligent Media Corporation Limited ('the Company') was incorporated in the State of Maharashtra on 17 February 2005 and currently in the business of Digital media which comprises of distribution of news, videos, documentaries and photo stories through digital media.

The financial statements (hereinafter referred to as "Financial Statements") of the Company for the year ended 31 March 2024 were approved by the Board of Directors and authorised for issue at the meeting held on 30 May 2024.

2 Basis of preparation and other material accounting policies

2.1 Basis of preparation of financial statements

a Basis of preparation of financial statements

The financial statements have been prepared to comply in all material respects with the Indian Accounting Standards (Ind AS) as notified under Section 133 of the Companies Act, 2013 ('Act') read with Companies (Indian Accounting Standards) Rules, 2015 (as amended) and other relevant provisions of the Act and rules framed thereunder and guidelines issued by the Securities and Exchange Board of India (SEBI). The financial statements have been prepared under the historical cost convention and on the accrual basis, except for certain financial assets and liabilities and defined benefit plan assets and liabilities being measured at fair value.

Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date, regardless of whether that price is directly observable or estimated using another valuation technique. In estimating the fair value of an asset or a liability, the Company takes into account the characteristics of the asset or liability if market participants would take those characteristics into account when pricing the asset or a liability at the measurement date.

b Rounding of amounts

All amounts disclosed in the financial statements have been rounded off to the nearest lakhs with two decimals thereof, unless otherwise stated. Zero "0.00" denotes amount less than Rs. 500.

c Current and non-current classification

Assets and liabilities are classified as current if expected to realize or settle within twelve months after the balance sheet date. Deferred tax assets and liabilities are classified as non-current assets and liabilities respectively.

2.2 Summary of material accounting policies

a) Property, plant and equipment

Property, plant and equipment are stated at original cost of acquisition / installation (net of goods and service tax / cenvat credit availed), less accumulated depreciation and impairment loss, if any. The cost comprises purchase price, borrowing costs if capitalization criteria are met and directly attributable cost of bringing the asset to its working condition for the intended use and estimated cost for decommissioning of an asset.

b) Depreciation on property, plant and equipment

Depreciation for property, plant and equipment is the cost of an asset, or other amount substituted for cost, less its estimated residual value.

Depreciation on property, plant and equipment is provided on straight-line method over the useful life of asset as specified in Part-C of Schedule II of the Companies Act, 2013.

c) Impairment of non-financial assets

The carrying amounts of non-financial assets are reviewed at each balance sheet date if there is any indication of impairment based on internal / external factors. An asset is treated as impaired when the carrying amount exceeds its

Notes to the financial statements for the year ended 31 March 2024

recoverable value. The recoverable amount is the greater of the asset's net selling price and value in use. In assessing value in use, the estimated future cash flows are discounted to the present value using a pre-tax discount rate that reflects current market assessment of the time value of money and risks specific to the assets. An impairment loss is charged to the statement of profit and loss in the year in which an asset is identified as impaired. After impairment, depreciation / amortisation is provided on the revised carrying amount of the asset over its remaining useful life. The impairment loss recognised in prior accounting periods is reversed by crediting the statement of profit and loss if there has been a change in the estimate of recoverable amount.

d) **Derecognition of property, plant and equipment**

The carrying amount of an item of property, plant and equipment is derecognized on disposal or when no future economic benefits are expected from its use or disposal. The gain or loss arising from the derecognition of an item of property, plant is measured as the difference between the net proceeds on disposal and the carrying amount of the item and is recognised in the statement of profit and loss when the item is derecognized.

e) **Cash and cash equivalents**

Cash and cash equivalents in the balance sheet comprise cash at banks and on hand, cheques on hand and short term deposits with an original maturity of three months or less, which are subject to an insignificant risk of changes in value.

f) **Financial Instruments**

Financial instruments is any contract that gives rise to a financial asset of one entity and a financial liability or equity instrument of another entity.

Initial recognition of financial assets and liabilities

Financial assets and financial liabilities are initially measured at fair value. Transaction costs that are directly attributable to the acquisition or issue of financial assets and financial liabilities (other than financial assets and financial liabilities at fair value through profit or loss) are added to or deducted from the fair value of the financial assets or financial liabilities, as appropriate, on initial recognition. Transaction costs directly attributable to the acquisition of financial assets or financial liabilities at fair value through profit or loss are recognised immediately in the statement of profit and loss. However, trade receivable that do not contain a significant financing component are measured at transaction price.

(i) **Financial assets**

A. Subsequent Measurement

Financial assets are classified into the following specified categories: amortised cost, financial assets 'at fair value through profit or loss' (FVTPL), and 'at fair value through other comprehensive income' (FVTOCI). The classification depends on the Company's business model for managing the financial assets and the contractual terms of cash flows.

Debt Instrument

Amortised cost

A financial asset is subsequently measured at amortised cost if it is held with in a business model whose objective is to hold the asset in order to collect contractual cash flows and the contractual terms of the financial asset give rise on specified dates to cash flows that are solely payments of principal and interest on the principal amount outstanding.

Fair value through other comprehensive income (FVTOCI)

A 'debt instrument' is classified as at the FVTOCI, if both of the following criteria are met:

- a) The objective of the business model is achieved both by collecting contractual cash flows and selling the financial assets, and

Notes to the financial statements for the year ended 31 March 2024

- b) The asset's contractual cash flows represent solely payments of principle and interest

Debt instruments included within the FVTOCI category are measured initially as well as at each reporting date at fair value. Fair value movements are recognized in the other comprehensive income (OCI). However, the Company recognizes interest income, impairment losses, reversals and foreign exchange gain or loss in the statement of profit and loss. On derecognition of the asset, cumulative gain or loss previously recognised in OCI is reclassified from the equity to statement of profit and loss. Interest earned whilst holding FVTOCI debt instrument is reported as interest income using the Effective Interest Rate (EIR) method.

Fair value through profit and loss (FVTPL)

FVTPL is a residual category for debt instruments. Any debt instrument, which does not meet the criteria for categorization as at amortized cost or as FVTOCI, is classified as at FVTPL.

In addition, the Company may elect to designate a debt instrument, which otherwise meets amortized cost or FVTOCI criteria, as at FVTPL. However, such election is considered only if doing so reduces or eliminates a measurement or recognition inconsistency (referred to as 'accounting mismatch').

Debt instruments included within the FVTPL category are measured at fair value with all changes recognized in the statement of profit and loss.

B. Derecognition of financial assets

The Company derecognises a financial asset when:

- a) the Company has transferred the rights to receive cash flows from the financial asset or the rights have expired; or
- b) the Company retains the contractual rights to receive the cash flows of the financial asset, but assumes a contractual obligation to pay the cash flows to one or more recipients in an arrangement.

Where the entity has transferred an asset, the Company evaluates whether it has transferred substantially all risks and rewards of ownership of the financial asset. In such cases, the financial asset is derecognized. Where the entity has not transferred substantially all risks and rewards of ownership of the financial asset, the financial asset is not derecognized.

Where the entity has neither transferred a financial asset nor retains substantially all risks and rewards of ownership of the financial asset, the financial asset is derecognised if the Company has not retained control of the financial asset. Where the Company retains control of the financial asset, the asset is continued to be recognised to the extent of continuing involvement in the financial asset.

C. Impairment of financial assets

The Company applies the expected credit loss model for recognizing impairment loss on financial assets. Loss allowances for trade receivables are measured at an amount equal to lifetime expected credit losses. Lifetime expected credit losses are the expected credit losses that result from all possible default events over the expected life of a financial instrument. Lifetime expected credit loss is computed based on a provision matrix which takes into account historical credit loss experience adjusted for forward-looking information. For other financial assets, expected credit loss is measured at the amount equal to twelve months expected credit loss unless there has been a significant increase in credit risk from initial recognition, in which case, those are measured at lifetime expected credit loss.

(ii) Financial liabilities and equity instruments

Debt or equity instruments issued by the Company are classified as either financial liabilities or as equity in

Notes to the financial statements for the year ended 31 March 2024

accordance with the substance of the contractual arrangements and the definitions of a financial liability and an equity instrument. An equity instrument is any contract that evidences a residual interest in the assets of an entity after deducting all of its liabilities. Equity shares are classified as equity. Incremental costs directly attributable to the issue of new shares or options are shown in equity as a deduction, net of tax.

A. Subsequent Measurement

Financial liabilities measured at amortised cost

Financial liabilities are subsequently measured at amortized cost using the effective interest rate (EIR) method. Gains and losses are recognized in statement of profit and loss when the liabilities are derecognized as well as through the EIR amortization process. Amortized cost is calculated by taking into account any discount or premium on acquisition and fee or costs that are an integral part of the EIR. The EIR amortization is included in finance costs in the statement of profit and loss.

Financial liabilities measured at FVTPL (fair value through profit or loss)

Financial liabilities at FVTPL include financial liabilities held for trading and financial liabilities designated upon initial recognition as at FVTPL. Financial liabilities are classified as held for trading if they are incurred for the purpose of repurchasing in the near term. Financial liabilities at fair value through profit or loss are carried in the financial statements at fair value with changes in fair value recognized in other income or finance costs in the statement of profit and loss

B. Derecognition of financial liabilities

A financial liability is derecognized when the obligation under the liability is discharged or cancelled or expires. When an existing financial liability is replaced by another from the same lender on substantially different terms, or the terms of an existing liability are substantially modified, such an exchange or modification is treated as the derecognition of the original liability and the recognition of a new liability. The difference in the respective carrying amounts is recognized in the statement of profit and loss.

g) Borrowings and borrowing costs

Borrowings are initially recognised net of transaction costs incurred and subsequently measured at amortized cost. Any difference between the proceeds (net of transaction costs) and the redemption amount is recognised in the statement of profit and loss over the period of the borrowings using the EIR.

Borrowing costs that are attributable to the acquisition or construction of qualifying assets till the time such assets are ready for intended use are capitalized as part of cost of the assets. All other borrowing costs are expensed in the period they occur.

h) Provisions, contingent liabilities and contingent assets

The Company recognizes provisions when a present obligation (legal or constructive) as a result of a past event exists and it is probable that an outflow of resources embodying economic benefits will be required to settle such obligation and the amount of such obligation can be reliably estimated. Provisions are not recognised for future operating losses.

If the effect of time value of money is material, provisions are discounted using a current pretax rate that reflects, when appropriate, the risks specific to the liability. When discounting is used, the increase in the provision due to the passage of time is recognized as a finance cost.

A disclosure for a contingent liability is made when there is a possible obligation or a present obligation that may, but probably will not require an outflow of resources embodying economic benefits or the amount of such obligation cannot be measured reliably. When there is a possible obligation or a present obligation in respect of which likelihood of outflow of resources embodying economic benefits is remote, no provision or disclosure is made.

Notes to the financial statements for the year ended 31 March 2024

Contingent assets are not recognised in the financial statements, however they are disclosed where the inflow of economic benefits is probable. When the realization of income is virtually certain, then the related asset is no longer a contingent asset and is recognised as an asset.

i) Revenue recognition

(i) Revenue from contract with customers

Revenue from contract with customers is recognised when control of the goods or services is transferred to the customer at an amount that reflects the consideration to which the Company expects to be entitled in exchange for those goods or services.

Syndication revenue represents revenue received from grant of licence to the Company's Sites and YouTube channels for the purpose of advertisement operations in terms of advertisement servicing and search engine optimization. Syndication revenue is recognized over a period of time on performance of the obligation as per the terms of the contract.

Royalty revenue is recognized over a period of time on performance of obligation as per agreed terms.

Revenue from sale of images are recognised at a point in time when the images are delivered to the customers as per the agreement.

- (ii) Interest income is recognised using the effective interest rate, which is the rate that exactly discounts the estimated future cash receipts through the expected life of the financial assets. Interest income is included in other income in the statement of profit and loss.

Contract balances

Contract assets:

Contract assets is recognised where there is excess of revenue earned over billing done. Contract assets are classified as unbilled revenue where there is unconditional right to receive cash and only passage of time is required as per contractual terms.

Contract liabilities:

Contract liabilities primarily relate to the consideration received from customers in advance for the Company's performance obligations which is classified as advance from customers and unearned revenue which is recognised when there is billings in excess of revenues.

Trade receivables:

A receivable represents the Company's right to an amount of consideration under the contract with a customer that is unconditional and realizable on the due date.

j) Retirement and other Employee benefits

- (i) The Company operates both defined benefit and defined contribution schemes for its employees. For defined contribution schemes the amount charged as expense is equal to the contributions paid or payable when employees have rendered services entitling them to the contributions. For defined benefit plans actuarial valuations are carried out at each balance sheet date using the Projected Unit Credit Method. All such plans are unfunded.

All expenses represented by current service cost, past service cost, if any, and net interest on the defined benefit liability/ (asset) are recognized in the statement of profit and loss. Remeasurements of the net defined benefit liability/ (asset) comprising actuarial gains and losses (excluding interest on the net defined benefit liability/asset)

Notes to the financial statements for the year ended 31 March 2024

are recognised in Other Comprehensive Income (OCI). Such remeasurements are not reclassified to the statement of profit and loss, in the subsequent periods.

- (ii) Other long-term employee benefits: The Company has a policy on compensated absences (leave liability) which are both accumulated and non-accumulated. The expected cost of accumulated compensated absences is determined by actuarial valuation performed by an independent actuary at each balance sheet date using projected unit credit method on the additional amount expected to be paid/availed as a result of the unused entitlement that has accumulated at the balance sheet date. Expense on non-accumulated compensated absences is recognized in the period in which the absences occur.

The Company presents the leave as a current liability in the balance sheet, to the extent it does not have an unconditional right to defer its settlement for twelve months after the reporting date. Where Company has the unconditional legal and contractual right to defer the settlement for a period beyond twelve months, the same is presented as non-current liability.

- (iii) Short-term employee benefits: All employee benefits payable wholly within twelve months of rendering the service are classified as short term employee benefits and they are recognized in the period in which the employee renders the related service. The Company recognizes the undiscounted amount of short-term employee benefits expected to be paid in exchange for services rendered as a liability.

k) Transactions in foreign currencies

The functional currency of the Company is Indian Rupees ("Rs.") which is also the presentation currency. All other currencies are accounted as foreign currency.

- (i) Foreign currency transactions are accounted at the exchange rate prevailing on the date of such transactions.
- (ii) Foreign currency monetary items are translated using the exchange rate prevailing at the reporting date. Exchange differences arising on settlement of monetary items or on reporting date of such monetary items at rates different from those at which they were initially recorded during the period, or reported in previous financial statements are recognised as income or as expenses in the period in which they arise.
- (iii) Non-monetary foreign currency items are carried at historical cost are translated at the exchange rate prevalent at the date of the transaction.

l) Income taxes

Tax expense comprises of current and deferred tax.

(i) Current tax

Current tax is the amount of income taxes payable in respect of taxable profit for a period. Current tax for current and previous year is recognized in the statement of profit and loss except to the extent that the tax relates to items recognized directly in other comprehensive income or directly in equity. Current tax in accordance with the Income tax Act 1961 for current and prior periods is recognized at the amount expected to be paid to or recovered from the tax authorities, using the tax rates and tax laws that have been enacted or substantively enacted by the balance sheet date. Management periodically evaluates positions taken in the tax returns with respect to situations in which applicable tax regulations are subject to interpretation and establishes provisions where appropriate.

(ii) Deferred tax

Deferred tax assets and liabilities are recognized for all temporary differences arising between the tax bases of assets and liabilities and their carrying amounts in the financial statements except when the deferred tax arises from the initial

Notes to the financial statements for the year ended 31 March 2024

recognition of an asset or liability that effects neither accounting nor taxable profit or loss at the time of transition. Deferred tax assets are reviewed at each reporting date and are reduced to the extent that it is no longer probable that the related tax benefit will be realized.

Deferred tax assets and liabilities are measured using tax rates and tax laws that have been enacted or substantively enacted by the balance sheet date and are expected to apply to taxable income in the years in which those temporary differences are expected to be recovered or settled.

Deferred tax assets and liabilities are offset when there is a legally enforceable right to offset current tax assets and liabilities and when the deferred tax balances relate to the same taxation authority. Current tax assets and liabilities are offset where the entity has a legally enforceable right to offset current tax assets and liabilities and intends either to settle on a net basis, or to realise the asset and settle the liability simultaneously.

(iii) **Presentation of current and deferred tax**

Current and deferred tax is recognised in the statement of profit and loss, except to the extent that it relates to items recognised in other comprehensive income or directly in equity. In this case, the tax is also recognised in other comprehensive income or directly in equity, respectively.

m) Earnings per share

Basic earnings per share is calculated by dividing the net profit or loss (excluding other comprehensive income) for the year attributable to equity shareholders by the weighted average number of equity shares outstanding during the year. The weighted average number of equity shares outstanding during the year is adjusted for events such as bonus issue, bonus element in a right issue, shares split and reserve share splits (consolidation of shares) that have changed the number of equity shares outstanding, without a corresponding change in resources. For the purpose of calculating diluted earnings per share, the net profit or loss (excluding other comprehensive income) for the year attributable to equity share holders and the weighted average number of shares outstanding during the year are adjusted for the effects of all dilutive potential equity shares.

n) Discontinued operations

Discontinued operations are excluded from the results of continuing operations and are presented separately as profit or loss from discontinued operations in the statement of profit and loss. Also, comparative statement of profit and loss is represented as if the operation had been discontinued from the start of the comparative period.

Assets and liabilities classified as discontinued operations are presented separately from other assets and liabilities in the balance sheet.

A discontinued operation is a component of the Company that either has been disposed off, or is classified as held for sale, and:

- Represents a separate major line of business or geographical area of operations,
- Is part of single co-ordinated plan to dispose off a separate major line of business or geographical area of operations and,
- Is a subsidiary acquired exclusively with a view to resale.

o) Exceptional items

Certain occasions, the size, type, or incidences of the item of income or expenses pertaining to the ordinary activities of

Notes to the financial statements for the year ended 31 March 2024

the Company is such that its disclosure improves the understanding of the performance of the Company, such income or expenses is classified as an exceptional item and accordingly, disclosed in the financial statements.

2.3 Recent Indian Accounting Standards (Ind AS)

Ministry of Corporate Affairs ("MCA") notifies new standard or amendments to the existing standards under Companies (Indian Accounting Standards) Rules as issued from time to time. For the year ended 31st March 2024, MCA has not notified any new standards or amendments to the existing standards applicable to the Company.

3 Critical accounting judgements and estimates

The preparation of financial statements in conformity with Ind AS requires the management to make estimates, assumptions and exercise judgement in applying the accounting policies that affect the reported amount of assets, liabilities and disclosure of contingent liabilities at the date of financial statements and the reported amounts of income and expenses during the year.

The Management believes that these estimates are prudent and reasonable and are based on the Management's best knowledge of current events and actions. Actual results could differ from these estimates and differences between actual results and estimates are recognised in the periods in which the results are known or materialized.

This note provides an overview of the areas that involves a higher degree of judgement or complexity, and of items which are more likely to be materially adjusted due to estimates and assumptions turning out to be different than those originally assessed.

a) Contingencies and commitments

In the normal course of business, contingent liabilities may arise from litigation and other claims against the Company. Potential liabilities that have a low probability of crystallising or are very difficult to quantify reliably, are treated as contingent liabilities. Such liabilities are disclosed in the notes but are not provided for in the financial statements.

b) Useful lives and residual values

The Company reviews the useful lives and residual values of property, plant and equipment at each financial year end.

c) Impairment testing

i) Impairment of financial assets

The impairment provisions for financial assets disclosed are based on assumptions about risk of default and expected loss rates. The Company uses judgement in making these assumptions and selecting the inputs to the impairment calculation, based on the Company's past history, existing market conditions as well as forward looking estimates at the end of each reporting period.

ii) Impairment of non-financial assets

Impairment exists when the carrying value of an asset or cash generating unit (CGU) exceeds its recoverable amount, which is the higher of its fair value less costs of disposal and its value in use. The fair value less costs of disposal calculation is based on available data from binding sales transactions, conducted at arm's length, for similar assets or observable market prices less incremental costs for disposing of the asset. The value in use calculation is based on a DCF model. The cash flows are derived from the budget for the future years and do not include restructuring activities that the Company is not yet committed to or significant future investments that will enhance the asset's performance of the CGU being tested. The recoverable amount is sensitive to the discount rate used for the DCF model as well as the expected future cash-inflows and the growth rate.

d) Income taxes

i) The Company's tax charge is the sum of the total current and deferred tax charges. The calculation of the Company's total tax charge necessarily involves a degree of estimation and judgement in respect of certain items whose tax treatment

Notes to the financial statements for the year ended 31 March 2024

cannot be finally determined until resolution has been reached with the relevant tax authority or, as appropriate, through a formal legal process.

- ii) Accruals for tax contingencies require management to make judgements and estimates in relation to tax related issues and exposures.
- iii) The recognition of deferred tax assets is based upon whether it is more likely than not that sufficient and suitable taxable profits will be available in the future against which the reversal of temporary differences can be deducted. Where the temporary differences are related to losses, the availability of the losses to offset against forecast taxable profits is also considered. Recognition therefore involves judgement regarding the future financial performance of the Company.

e) **Defined benefit obligation**

The cost of the defined benefit gratuity plan and other post-employment employee benefits and the present value of the gratuity obligation are determined using actuarial valuations. An actuarial valuation involves making various assumptions that may differ from actual developments in the future. These include the determination of the discount rate, future salary increases and mortality rates.

Due to the complexities involved in the valuation and its long-term nature, a defined benefit obligation is highly sensitive to changes in these assumptions. All assumptions are reviewed at each reporting date.

f) **Fair value of financial instruments**

The fair value of financial instruments that are not traded in an active market is determined using valuation techniques. In applying the valuation techniques, management makes maximum use of market inputs and uses estimates and assumptions that are, as far as possible, consistent with observable data that market participants would use in pricing the instrument. Where applicable data is not observable, management uses its best estimate about the assumptions that market participants would make. These estimates may vary from the actual prices that would be achieved in an arm's length transaction at the reporting date. For details of the key assumptions used and the impact of changes to these assumptions refer note 29.

3 Expected benefits beyond year 5	12.58	8.42
VII. Sensitivity Analysis		
The key actuarial assumptions to which the benefit obligation results are particularly sensitive to discount rate, future salary escalation rate and employee turnover. The following table summarizes the impact on the reported defined benefit obligation at the end of the reporting period arising on account of an increase or decrease in the reported assumption while holding all other assumptions constant.		
(a) Impact of changes in discount rate		
Present value of obligation at the end of the period	(13.75)	(9.03)
Impact due to increase of 0.50%	1.10	(0.75)
Impact due to decrease of 0.50 %	(1.23)	0.84
(b) Impact of the change in salary increase		
Present value of obligation at the end of the period	(13.75)	(9.03)
Impact due to increase of 0.50%	1.23	0.85
Impact due to decrease of 0.50 %	1.11	(0.76)
(c) Impact of the change in attrition rate		
Present value of obligation at the end of the period	(13.75)	(9.03)
Impact due to increase of 0.50%	(0.07)	(0.04)
Impact due to decrease of 0.50 %	0.05	0.03
Notes:		
(a) Amounts recognised as an expense and included in the Note 21 "Employee benefit expenses" are gratuity Rs. 7.09 lakhs (Previous year: Rs. 6.65 lakhs) and leave encashment Rs. 9.26 lakhs (Previous year: Rs. 6.61 lakhs). The remeasurement of net defined benefit liability is included in "Other comprehensive income".		
(b) The estimates of rate of escalation in salary considered in actuarial valuation, take into account inflation, seniority, promotion and other relevant factors including supply and demand in the employment market.		
VIII. The Company is exposed to various actuarial risks which are as follows:		
(a) Discount rate risk - The plan exposes the Company to the risk of fall in interest rates. A fall in interest rates will result in an increase in the ultimate cost of providing the defined benefit and will thus result in an increase in the value of the liability.		
(b) Liquidity risk - This is the risk that the Company is not able to meet the short-term benefit payouts. This may arise due to non availability of enough cash / cash equivalent to meet the liabilities or holding of illiquid assets not being sold in time.		
(c) Salary escalation risk - The present value of the defined benefit plan is calculated with the assumption of salary increase rate of plan participants in future. Deviation in the rate of increase of salary in future for plan participants from the rate of increase in salary used to determine the present value of obligation will have a bearing on the plan's liability.		
(d) Regulatory risk - Gratuity benefit is paid in accordance with the requirements of the Payment of Gratuity Act, 1972 (as amended from time to time). There is a risk of change in regulations requiring higher gratuity payouts.		
(e) Demographic risk - The Company has used certain mortality and attrition assumptions in valuation of the liability. The Company is exposed to the risk of actual experience turning out to be worse as compared to the assumptions.		
C Other long term benefits		
The obligation for leave benefits (non funded) is also recognized using the projected unit credit method and accordingly the long term paid absences have been valued.

29 Financial Instruments

a) Financial risk management objective and policies

The Company's principal financial liabilities comprise borrowings, trade and other payables. The main purpose of these financial liabilities is to finance the Company's operations. The Company's principal financial assets includes loans, trade and other receivables and cash and cash equivalents.

The Company is exposed to market risk, credit risk and liquidity risk. The Board provides guidance for overall risk-management, as well as policies covering specific areas such as credit risk, liquidity risk and investment of excess liquidity.

i) Market risk

Market risk is the risk that changes in market prices, such as foreign exchange rates, interest rates and equity prices will affect the Company's income or the value of its holdings of financial instruments. The objective of market risk management is to manage and control market risk exposures within acceptable parameters, while optimizing the return. The sensitivity analysis excludes the impact of movements in market variables on the carrying value of post-employment benefit obligations and on the non-financial assets and liabilities. The sensitivity of the relevant profit and loss item is the effect of the assumed changes in respective market risks. Financial instruments affected by market risk includes borrowings, deposits and other financial instruments.

1) Interest rate risk

This refers to risk to Company's cash flow and profits on account of movement in market interest rates.

The Company's is not exposed to interest rate risk as the Company is not having any borrowings except 6% Non- cumulative, non convertible, preference shares aggregating to Rs. 43,626.56 lakhs (Previous year: Rs 43,636.56 lakhs).

Interest rate sensitivity analysis

The borrowing of the company includes preference shares which carries fixed coupon rate and hence the company is not exposed to interest rate risk.

2) Foreign Currency risk

Currency risk is the risk that the fair value or future cash flows fluctuate because of changes in market prices. The Company is exposed to foreign exchange risk on their receivables and payables which are mainly held in the United State Dollar ("USD"), and the Great Britain Pound ("GBP"). Consequently, the Company is exposed primarily to the risk that the exchange rate of the Indian Rupees ("INR") relative to the USD, GBP may change in a manner that has an effect on the reported values of the Company's assets and liabilities that are denominated in these foreign currencies. Exchange rate exposures are not hedged considering the insignificant impact and period involved on such exposure.

The following table sets forth information relating to unhedged foreign currency exposure at the end of the reporting period:

(Rs. in lakhs)

Currency	Assest as at		Liabilities as at	
	As at 31 March 2024	As at 31 March 2023	As at 31 March 2024	As at 31 March 2023

3) Credit risk

Credit risk is the risk of financial loss to the Company if a customer or counterparty to a financial instrument fails to meet its contractual obligations and arises principally from the Company's receivables from customers.

Credit risk is the risk of financial loss to the Company if a customer or counterparty to a financial instrument fails to meet its contractual obligations and arises principally from the Company's receivables from customers, loan and deposits given and balances at bank. The Company measures the expected credit loss of trade receivables based on financial conditions / market practices, credit track record in the market, analysis of historical bad debts and past dealings for extension of credit to customers. Individual credit limits are set accordingly. The Company monitors the payment track record of the customers and ageing of receivables. Outstanding customer receivables are regularly monitored. The Company considers the concentration of risk with respect to trade receivables as high, as the major revenue and trade receivables are concentrated to less than 10 customers.

Ageing analysis of trade receivables has been considered from the date the invoice falls due.

Revenues generated from top 10 customers	100.00%	100.00%

ii) Liquidity risk

Liquidity risk is defined as the risk that the Company will not be able to settle or meet its obligations on time or at a reasonable price. For the Company, liquidity risk arises from obligations on account of financial liabilities i.e. borrowings, trade payables and other financial liabilities. The Company's approach to managing liquidity is to ensure, as far as possible, that it will always have sufficient liquidity to meet its liabilities when due, under both normal and stressed conditions, without incurring unacceptable losses or risking damage to the Company's reputation. The Company manages liquidity risk by maintaining adequate reserves, by continuously monitoring forecast and actual cash flows and matching the maturity profiles of the financial assets and liabilities. It maintains adequate sources of financing. It also enjoys access to domestic capital markets.

Exposure to liquidity risk

The table below provides details regarding the contractual maturities of financial liabilities (including interest accrued) at the reporting date. The contractual cash flow amounts are gross and undiscounted.

b) Capital Management

Risk management

The Company manages its capital structure and makes necessary adjustments in light of changes in economic conditions and the requirement of financial covenants. To maintain or adjust the capital structure, the Company may adjust the dividend payment to shareholders, return capital to shareholders, issue new shares or raise / retire debt. The primary objective of the Company's capital management is to maximize the shareholders' value.

For the purpose of the Company's capital management, equity includes issued capital and other reserves. Net debt includes borrowings less cash and cash equivalents. The Company manages capital by monitoring gearing ratio which is net debt divided by equity plus net debt.

(ii) Fair value hierarchy

The fair values of the financial assets and liabilities are the amount that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date.

This section explains the judgements and estimates made in determining the fair values of the financial instruments that are (a) recognized and measured at fair value and (b) measured at amortized cost and for which fair values are disclosed in the financial statements. To provide an indication about the reliability of the inputs used in determining fair value, the Company has classified its financial instruments into three levels prescribed under the Indian Accounting Standards.

An explanation for each level is given below.

Level 1: Level 1 hierarchy includes financial instruments measured using quoted prices.

Level 2: The fair value of financial instruments that are not traded in an active market is determined using valuation techniques which maximize the use of observable market data and rely as little as possible on entity-specific estimates. If all significant inputs required to fair value an instrument are observable, the instrument is included in level 2.

Level 3: If one or more of the significant inputs is not based on observable market data, the instrument is included in this level.

(iii) Non-current financial assets and financial liabilities measured at amortized cost at each reporting date: (Rs. in lakhs)

42 The accumulated losses of the Company as at 31 March 2024 have exceeded its paid-up capital and reserves by Rs 25,740.17 lakhs (previous year Rs 39,422.85 lakh). This event indicates existence of material uncertainty that may cast significant doubt on the Company's ability to continue as going concern. The Company has taken steps to expand its digital media operations which has resulted in improvement in revenue and profit from the operations. Considering the liquidity position of the Company, future business plan and other factors as mentioned above, the management of the Company has prepared these financial statements on going concern basis.

43 The Corporate Guarantee provided by Zee Media Corporation Limited (ZMCL) in relation to the non-convertible debentures issued by the Company, was invoked and subsequently the said liability was settled by ZMCL at Rs. 29,000.00 lakhs. The Company and ZMCL mutually agreed to settle the entire outstanding amount of Rs 30,933.14 lakhs payable to ZMCL, comprising of corporate guarantee obligation of Rs 29,000.00 lakhs and other payable of Rs 1,933.14 lakhs, by way of transfer / assignment of identified Trademarks of the Company valued at Rs. 17,000.00 lakhs and payment of Rs. 1,200.00 lakhs, total aggregating to Rs. 18,200.00 lakhs. The said terms of settlement and draft settlement agreement were approved by the Board of Director in its meeting held on 12 November 2021 and 1 September 2022 respectively. The shareholders of the Company in its meeting held on 30 September 2022 had approved the said terms of settlement. Basis the requisite approvals in place, Settlement Agreement was executed on 31 March 2023 and accordingly, the Company had made payment of Rs 1,200.00 lakhs and written back the balance liability of Rs 12,733.14 lakhs during the year ended 31 March 2023 which was disclosed as an exceptional item (refer note 25).

Subsequently, the Companies executed addendums/documents with respect to the settlement agreement, affirming that ZMCL will have exclusive rights over the Identified Trademarks and the Company shall take all steps to transfer the clear title pertaining to the Identified Trademarks to ZMCL in a phased manner. Basis the execution of aforementioned documents, the Company has recognised sale of Identified Trademarks of Rs. 17,000.00 lakhs as an exceptional item during the year ended 31 March 2024 (refer note 25).
