Chairman's Speech

Dear Shareholders, Good Morning.

On behalf of the Board of Directors, I welcome all of you to the 35th AGM of your Company. I hope you and your family members are doing well.

I shall begin by sharing key trends of the global pharmaceutical industry. The volume of medicines used globally plateaued in 2023 but is anticipated to grow steadily at an average rate of 2.3% through 2028. China, India, and other Asian markets are poised to lead this growth, with Latin America also experiencing rapid expansion. Market growth over the next five years is expected to be driven by higher spending in regions such as the US, Europe and key Emerging Markets. Newly introduced branded products, increased uptake of original medicines and adoption of novel therapies will drive growth. Overall, the outlook for medicine spending through 2028 has improved, reflecting higher growth rates and a projected CAGR of 5-8%, reaching a total expenditure of US\$2.3 trillion in 2028.

I will now share highlights of Zenotech' s business for the Financial Year 2023-24.

During the year under review, the Company recorded revenue of ₹ 3,676.15 Lakhs (Previous year ₹ 3,835.29 Lakhs) from its operations, 4% decrease over the corresponding previous year, due to decrease in volumes for General Injectables and Eye-care formulations, whereas marginal increase in volumes mainly in Oral Solid Dosage form and parenteral depot formulations supported in maintaining the estimated revenues. The Company reported profit after tax of ₹ 829.87 Lakhs as against previous year reported profit after tax of ₹ 1,158.53 Lakhs. Based on the projected business plans for the current and forthcoming years, the Company believes that it can maintain its positive performance by utilizing its resources to its maximum.

Your Company is constantly striving to optimize its operational capacities, restricting costs to remain competitive which would help to improve the operational efficiency.
