However, it has been observed that the participation by the public non-institutional shareholders/retail shareholders is at a negligible level.

Currently, there are multiple e-voting service providers (ESPs) providing e-voting facility to listed entities in India. This necessitates registration on various ESPs and maintenance of multiple user IDs and passwords by the shareholders.

In order to increase the efficiency of the voting process, pursuant to a public consultation, it has been decided to enable e-voting to **all the demat account holders, by way of a single login credential, through their demat accounts/ websites of Depositories/ Depository Participants**. Demat account holders would be able to cast their vote without having to register again with the ESPs, thereby, not only facilitating seamless authentication but also enhancing ease and convenience of participating in e-voting process.

Step 1 : Access through Depositories CDSL/NSDL e-Voting system in case of individual shareholders holding shares in demat mode.

- (iv) In terms of SEBI circular no. **SEBI/HO/CFD/CMD/CIR/P/2020/242** dated December 9, 2020 on e-Voting facility provided by Listed Companies, Individual shareholders holding securities in demat mode are allowed to vote through their demat account maintained with Depositories and Depository Participants. ## MANAGEMENT DISCUSSION AND ANALYSIS REPORT

The Management at Elegant Marbles and Grani Industries Limited is pleased to present the Management Discussion and Analysis Report which provides an insight of the Company's business, Industry structure, developments, outlook, opportunities, concern areas and performance of the Company with respect to the operations and other relevant information. This Report forms part of the compliance report on Corporate Governance.

### **Business of the Company**

Elegant Marbles began with a simple idea in 1984: that the country deserved nothing less than the best when it came to Marbles and Granites. Looking back on earlier trends, the Company is pleased of continually delivering high-quality products and services that have consistently exceeded clients' expectations, allowing us to establish an enviable position throughout time. Since its humble beginnings, Elegant Marbles has grown significantly in terms of quality, volume, and diversity, constantly striving for the best. Its cutting-edge plant, located on Abu Road in Rajasthan, is capable of handling massive volumes.

Elegant Marbles continues to select a wide and exotic bouquet of marbles and granites in a spectrum of combinations to go well with all combinations and interiors, and is capable of effortlessly producing two-and-a-half million square feet of superior quality marbles and granite tiles and slabs per year, in keeping with its motto of nothing but excellence.

### **A. Economic Overview:**

#### **- Global Economy**

The growth has taken a fall from 3.4 percent in 2022 to 2.8 percent in 2023, before settling at 3.0 percent in 2024. Advanced economies have seen an especially pronounced growth slowdown, from 2.7 percent in 2022 to 1.3 percent in 2023. In a plausible alternative scenario with further financial sector stress, global growth declines to about 2.5 percent in 2023 with advanced economy growth falling below 1 percent. Global headline inflation in the baseline is set to fall from 8.7 percent in 2022 to 7.0 percent in 2023 on the back of lower commodity prices but underlying (core) inflation is likely to decline more slowly. Inflation's return to target is unlikely before 2025 in most cases. (World Economic Outlook 2023). The year saw geopolitical uncertainty with the prolonged Russia-Ukraine conflict and economic challenges leading to disruptions in the global supply chain and elevated inflation with increase in commodity and energy prices. This prompted central banks to aggressively tighten their monetary policy, which further impacted economic activity.

#### **- Indian Economy and Outlook**

The World Bank now fears that the ongoing slump in global economic growth will likely result in a "lost decade." Despite this gloom, many market analysts believe that this could well be India's decade. And there are enough reasons and data to back this claim. Recent data revisions by India suggest the economy has fared better than previously believed despite continuing global uncertainties. The International Monetary Fund (IMF) expects India to grow by 5.9% in FY 2023-24 and by an average rate of 6.1% over the next five years.

#### **- Government Initiatives**

A number of initiatives have been undertaken by the Government of India with the hope of incentivizing real estate purchases. The announcements made in the Union Budget 2022-2023 will help in creating a thriving atmosphere in the real estate sector. The government continues to prioritize the affordable housing segment and parallelly looking at ways to strengthen the existing financing systems to provide liquidity to stuck real estate projects. In the first week of December, the Government of India extended the deadline to provide pucca houses to all families in rural India to 2024. The Cabinet decided that the flagship rural scheme, Pradhan Mantri Awas Yojana-Gramin will be provided INR 2.17 lakh crore in additional Central and State funding to achieve its target of building 2.95 crore houses.

### **B. Industry Structure and Development:**

The expansion of the marble business is intimately linked to the country's real estate market. During the year under review, India's real estate sector is witnessing a healthy increase in demand in 2022-23 and this momentum is expected to hold for the rest of the year. From commercial spaces to the residential market, the overall market outlook is a bright one for the real estate industry.

Buoyed by these factors, the sector made a strong comeback. The growth registered in this year is likely to continue and the year is going to end on a positive note. The industry is additionally to benefit from a regime of low interest rates, coupled with duty waivers (in some states), realistic property pricing and attractive offers leading to affordable synergy.

The rapid growth in real estate, combined with government efforts and a shift in consumer attitudes, has aided in increasing demand for marble and granite.

#### **- Business Overview:**

## Opportunities and Threats

We are hoping that due to various government measures opportunities will spring up in Marble & Granite industry due to huge investments in Infrastructure, modern day architecture, interior designing, construction reforms and real estate activities. The constant growth of the Industry is bound to push up the demand for marbles and granites sizably both in domestic and international markets.

Further, The World is indeed becoming a Global city. Your company believes that niche opportunities exist in the Global arena which we are targeting to exploit resulting in positive growth. The company has accordingly built a business model tapping these opportunities and is also aligning its strategies to utilise opportunities in the domestic market. Your company deals in special range of Marble and Granites having exquisite textures, designs and colours for which the overseas and domestic markets, both are very demanding. Presently, it is one of the few companies which offer all natural stone products under one roof to the buyers. The demand for top quality natural stone products is also increasing in the domestic market and the company has setup Retail outlets at prime location of the country’s financial capital – Mumbai so as to cater to the local demand for quality products. However, the number of natural stone exporters from India as well as local dealers dealing in imported and other natural stones catering to domestic market are increasing, thus reducing the margins and making the business competitive. The availability of manufactured stone products as an alternative to natural stones is also likely to affect the performance of the company.

The increase in discretionary spending has created a large market and demand for designer residences and the growth in construction sector has escalated the demand for marbles and granites both in domestic and international markets.

## INDEPENDENT AUDITORS' REPORT

To the Members of  
Elegant Marbles And Grani Industries Limited  
Abu Road (Raj.)

### 1. Opinion

We have audited the standalone financial statements of ELEGANT MARBLES AND GRANI INDUSTRIES LIMITED ("the Company"), which comprise the balance sheet as at 31st March, 2023, the statement of Profit and Loss, statement of changes in equity and statement of cash flows for the year then ended, and notes to the financial statements, including a summary of significant accounting policies and other explanatory information.

In our opinion and to the best of our information and according to the explanations given to us, the aforesaid financial statements give the information required by the Act in the manner so required and give a true and fair view in conformity with the accounting principles generally accepted in India, including Indian Accounting Standards (Ind AS) specified in Section 133 of the Act, of the state of affairs of the Company as at March 31, 2023, its profit, cash flows and the changes in equity for the year ended on that date.

### 2. Basis for Opinion

We conducted our audit in accordance with the Standards on Auditing (SAs) specified under section 143(10) of the Companies Act, 2013. Our responsibilities under those Standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are independent of the Company in accordance with the Code of Ethics issued by the Institute of Chartered Accountants of India together with the ethical requirements that are relevant to our audit of the financial statements under the provisions of the Companies Act, 2013 and the Rules thereunder, and we have fulfilled our other ethical responsibilities in accordance with these requirements and the Code of Ethics. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion.

### 3. Key Audit Matters

Key audit matters are those matters that, in our professional judgment, were of most significance in our audit of the financial statements of the current period. These matters were addressed in the context of our audit of the financial statements as a whole, and in forming our opinion thereon, and we do not provide a separate opinion on these matters.

Non-receipt of audited statement of account in case of investment through PMS/Fund Managers

- a. The Company has invested in shares, securities, debentures, units of mutual funds etc. through Fund Managers & Portfolio Management Service (PMS) providers. These Fund Managers/PMS entities provide statement showing investments made by them on behalf of the company, gains/losses earned/incurred on sale of such investments, expenses incurred by them including their fees for managing the portfolio and the balance of investments remaining with them at the end of the year. The Company accounts for these transactions in its books of accounts on receipt of such statements. However, in all these cases of investment through PMS/fund managers, the audited statements for the financial year are usually not received before finalisation of our audit and all the income, expenditure, gains/losses, investments are accounted for on the basis of unaudited statements provided by these PMS/fund managers to the Company available till the finalisation of our audit. On the basis of its past experience, the management of the Company is of the opinion that generally no material difference in the income, expenditure, gains/losses, investment etc. is detected after the audited statements are provided by these PMS/fund managers.

### INDEPENDENT AUDITORS'

Investment in debentures

- b. The Company has invested in debentures of various private/public limited companies directly or through various funds managers/PMS and accounts for interest accrued and/or received on such investment in debentures from these companies/funds from time to time. However, in the case of investment in 20.50% debentures of Green Farm Tech Pvt. Ltd. amounting to Rs.75,00,000/-, 20% debentures of Samruddhi Realty Ltd. amounting to Rs.1,00,00,000/-, 18% debentures of Fortuna Buildcon (India) Pvt. Ltd. amounting to Rs.49,00,000/-, 20% debentures of Diyug Construction Pvt. Ltd. amounting to Rs.77,89,858/-, 17.25% debentures of Kasata Homotech (India) Pvt. Ltd. amounting to Rs.87,17,500/-, 15% debentures of Shashwati Realty Pvt. Ltd. amounting to Rs.1,50,00,000/-, and 18% debentures of BCIL Red Earth Developers India Pvt. Ltd. amounting to Rs.63,61,820/-, the interest and principal sums, wherever due, are not being received on due dates. These companies/funds managers/PMS managers have earlier informed the Company about the financial and/or liquidity crunch faced

by these companies, status of their construction projects, the legal cases filed in various forums against these companies and have been updating the Company with current status of these cases, financial position and recoverability from time to time and accordingly, advised the company not to account for such interest in its books of accounts on accrual basis. Accordingly, the interest on such debentures is not being accounted for on accrual basis but is being accounted for on receipt basis. Further, having regard to the communications received/talks with these companies/fund managers/PMS managers and evaluation of the underlying assets made by the Board of Directors, wherever in the management's perception, the amounts recoverable against these investments including interest thereon are not recoverable or partly recoverable, provision to the extent required for the same has been made and wherever they are fully secured by the underlying security of immoveable properties with their estimated market values adequately covering the principal amounts as well as interest accrued & already accounted for, no provision has been made.

In the cases of BCIL Red Earth Developers India Pvt. Ltd., Fortuna Buildcon (India) Pvt. Ltd. and Samruddhi Realty Ltd., the fund managers/RPs have informed the Company about diminution in the value of the underlying assets and advised it to provide for such diminution in the value. Accordingly, the Company has made provision for principle as well as interest accrued (& accounted) in the current year as an Exceptional Item in the Profit & Loss account for the year to the extent required.

In the circumstances as aforementioned, the management has taken a conscious decision to not make a provision for any loss on recoverability of these debenture investments & interest already accounted in its books of accounts, except in respect of investments as mentioned in the above para, and has deferred the same till final realisation/decision in various legal proceedings initiated by fund managers/PMS managers for recovery of these debentures. In absence of any working for evaluation of underlying asset being produced before us other than the communications received from the fund managers/PMS managers/Companies, we are not in a position to comment on it.

Our procedures included, but were not limited to the following:

- (i) Non-receipt of audited statement of account in case of investment through PMS/Fund Managers
  - (a) Obtained an understanding of management's process of recording of investments, profit/loss on sale of such investments, expenses etc. and evaluated it on the basis of earlier year's audited & unaudited statements furnished by the PMS entities to check about the difference in the results that occur.
  - (b) Assessed the appropriateness of the methodology and corrective actions taken in subsequent years.
  - (c) Assessed the reasonableness & correct recording of the transactions by the PMS entities based on historical data available with the Company.
- (ii) **Investment in debentures**
  - (a) Obtained an understanding of management's process & methodology of investing in debentures, evaluated the methodology adopted for assessing the realisability of the debentures & interest thereon and security available against such investment in debentures. We also tested effectiveness of such evaluation process adopted by the management to determine recoverable value of the security available.
  - (b) Assessed the appropriateness of the methodology and valuation model used by the management to estimate the recoverable value of securities underlying these investments.
  - (c) Assessed the reasonableness of the assumptions made by the management regarding the value of underlying security and realisability of the same to cover the investment made by the Company.

#### 4. Other Information

The Company's management and Board of Directors are responsible for the other information. The other information comprises the information included in the Company's annual report but does not include the financial statements and our auditors' report thereon. The Company's annual report is expected to be made available to us after the date of this auditors' report.

Our opinion on the standalone financial statements does not cover the other information and we will not express any form of assurance conclusion thereon.

In connection with our audit, our responsibility is to read the other information identified above when it becomes available and, in doing so, consider whether the other information is materially inconsistent with the standalone financial statement or our knowledge obtained in the audit or otherwise appears to be material misstated.

# Elegant Marbles and Grani Industries Limited

---

---

When we read the Company's annual report, if we conclude that there is a material misstatement therein, we are required to communicate the matter to those charged with governance and take necessary actions, as applicable under the relevant laws and regulations.

## 5. Management's Responsibility for the Standalone Financial Statements

The Company's Board of Directors is responsible for the matters stated in section 134(5) of the Companies Act, 2013 ("the Act") with respect to the preparation of these standalone financial statements that give a true and fair view of the financial position, financial performance, (changes in equity) and cash flows of the Company in accordance with the accounting principles generally accepted in India, including the accounting Standards specified under section 133 of the Act. This responsibility also includes maintenance of adequate accounting records in accordance with the provisions of the Act for safeguarding of the assets of the Company and for preventing and detecting frauds and other irregularities; selection and application of appropriate accounting policies; making judgments and estimates that are reasonable and prudent; and design, implementation and maintenance of adequate internal financial controls, that were operating effectively for ensuring the accuracy and completeness of the accounting records, relevant to the preparation and presentation of the financial statement that give a true and fair view and are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is responsible for assessing the Company's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless management either intends to liquidate the Company or to cease operations, or has no realistic alternative but to do so.

The Board of Directors is also responsible for overseeing the Company's financial reporting process.

## 6. Auditors' Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance but is not a guarantee that an audit conducted in accordance with SAs will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these financial statements.

As part of an audit in accordance with SAs, we exercise professional judgment and maintain professional skepticism throughout the audit. We also:

- a. identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
  - b. obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances. Under section 143(3)(i) of the Companies Act, 2013, we are also responsible for expressing our opinion on whether the company has adequate internal financial controls system in place and the operating effectiveness of such controls.
  - c. evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by the management.
  - d. conclude on the appropriateness of management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Company's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Company to cease to continue as a going concern.
  - e. evaluate the overall presentation, structure and content of the financial statements, including the disclosures, and whether the financial statements represent the underlying transactions and events in a manner that achieves fair presentation.
7. We communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

8. We also provide those charged with governance with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, related safeguards.
9. From the matters communicated with those charged with governance, we determine those matters that were of most significance in the audit of the financial statements of the current period and are, therefore, the key audit matters. We describe these matters in our auditors' report unless law or regulation precludes public disclosure about the matters or when, in extremely rare circumstances, we determine that a matter should not be communicated in our report because the adverse consequences of doing so would reasonably be expected to outweigh the public interest of such communication.

10. **Other Matters**

Our attendance at the time of physical inventory taken by the management was not practicable under the circumstances and accordingly, we have relied upon the report of the internal auditors and have performed alternative procedures to audit on the existence and condition of inventory at year end as per the guidance provided in "SA-501 - Audit Evidence - Specific considerations for selected items" and have obtained sufficient audit evidence to issue our unmodified opinion on these financial results.

In respect of matters related to Goods & Service Tax, this being a legal & technical matter, we have relied upon the working made & returns filed by the Company based on the professional advice received by it.

11. **Report on Other Legal and Regulatory Requirements**

As required by the Companies (Auditor's Report) Order, 2016 ("the Order"), issued by the Central Government of India in terms of sub-section (11) of section 143 of the Companies Act, 2013, we give in the "Annexure A" a statement on the matters specified in paragraphs 3 and 4 of the Order, to the extent applicable.

12. Further to our comments in Annexure A, as required by Section 143(3) of the Act, we report that:

- (a) We have sought and obtained all the information and explanations which to the best of our knowledge and belief were necessary for the purposes of our audit.
- (b) In our opinion, proper books of account as required by law have been kept by the Company so far as it appears from our examination of those books.

1. We have audited the internal financial controls over financial reporting of ELEGANT MARBLES AND GRANI INDUSTRIES LIMITED ("the Company") as of March 31, 2023 in conjunction with our audit of the financial statements of the Company for the year ended on that date.

#### **Management's Responsibility for Internal Financial Controls**

2. The Company's management is responsible for establishing and maintaining internal financial controls based on "the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting issued by the Institute of Chartered Accountants of India". These responsibilities include the design, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring the orderly and efficient conduct of its business, including adherence to company's policies, the safeguarding of its assets, the prevention and detection of frauds and errors, the accuracy and completeness of the accounting records, and the timely preparation of reliable financial information, as required under the Companies Act, 2013.

#### **Auditors' Responsibility**

3. Our responsibility is to express an opinion on the Company's internal financial controls over financial reporting based on our audit. We conducted our audit in accordance with the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting (the "Guidance Note") and the Standards on Auditing, issued by ICAI and prescribed under section 143(10) of the Companies Act, 2013, to the extent applicable to an audit of internal financial controls, both applicable to an audit of Internal Financial Controls and, both issued by the Institute of Chartered Accountants of India. 4. Our audit involves performing procedures to obtain audit evidence about the adequacy of the internal financial controls system over financial reporting and their operating effectiveness. Our audit of internal financial controls over financial reporting included obtaining an understanding of internal financial controls over financial reporting, assessing the risk that a material weakness exists, and testing and evaluating the design and operating effectiveness of internal control based on the assessed risk. The procedures selected depend on the auditor's judgement, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error.
5. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the Company's internal financial controls system over financial reporting.
6. A company's internal financial control over financial reporting is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of financial statements for external purposes in accordance with generally accepted accounting principles. ## **Limitations of Internal Financial Controls Over Financial Reporting**

7. Because of the inherent limitations of internal financial controls over financial reporting, including the possibility of collusion or improper management override of controls, material misstatements due to error or fraud may occur and not be detected. Also, projections of any evaluation of the internal financial controls over financial reporting to future periods are subject to the risk that the internal financial control over financial reporting may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

## 1.3. Property, Plant and Equipment

- (i) Property, plant and equipment are stated at cost, net of recoverable taxes, trade discount and rebates less accumulated depreciation and impairment loss, if any. Such cost includes purchase price, borrowing costs, and any cost directly attributable to bringing the asset to its working condition for its intended use, net charges on foreign exchange contracts and adjustments arising from exchange rate variations attributable to the assets.
- (ii) Capital work-in-progress includes expenditure during construction period incurred on projects under implementation treated as pre-operative expenses pending allocation to the assets. These expenses are apportioned to the respective fixed assets on their completion/ commencement of commercial production.
- (iii) Depreciation on property, plant and equipment is provided based on useful life of the assets prescribed in Schedule II to the Companies Act, 2013 on straight line method.
- (iv) When an asset is scrapped or otherwise disposed off, the cost and related depreciation are removed from the books of account and resultant profit or loss, if any, is reflected in statement of Profit and Loss.
- (v) The Residual Value, useful lives and methods of depreciation of property, plant and equipment are reviewed at the end of each financial year and adjusted prospectively, if appropriate.

### Intangible Assets

Intangible assets are stated at cost less accumulated amortization and impairment. Intangible assets are amortized over their respective individual estimated useful lives on a straight-line basis, from the date that they are available for use. The estimated useful life of an identifiable intangible asset is based on a number of factors including the effects of obsolescence, demand, competition and other economic factors and the level of maintenance expenditures required to obtain the expected future cash flows from the asset. Amortization methods and useful lives are reviewed periodically including at each financial year end.

## 1.4. Impairment of Non-financial Assets

The Company assesses at each reporting date whether there is any objective evidence that a non-financial asset or a group of non-financial assets are impaired. If any such indications exists, the Company estimates the amount of impairment loss which may be caused to the company. For the purpose of assessing impairment, the smallest identifiable group of assets that generates cash inflows from continuing use that are largely independent of the cash inflows from other assets or groups of assets is considered as a cash generating unit. If any such indication exists, an estimate of the recoverable amount of the individual asset/cash generating unit is made.

An impairment loss is calculated as the difference between an asset's carrying amount and recoverable amount. Losses are recognised in profit or loss and reflected in an allowance account. When the Company considers that there are no realistic prospects of recovery of the asset, the relevant amounts are written off. If the amount of impairment loss subsequently decreases and the decrease can be related objectively to an event occurring after the impairment was recognised, then the previously recognised impairment loss is reversed through profit or loss.

## 1.5. Investment property

Property that is held for long-term rental yields or for capital appreciation or both, and that is not used by the Company, is classified as investment property. Investment property is measured at its cost, including related transaction costs and, wherever applicable, borrowing costs less depreciation and impairment, if any.

## 1.6. Cash & cash equivalents

Cash and Cash equivalents include cash and Cheque in hand, bank balances and demand deposits with banks that are readily convertible to known amounts of cash & which are subject to an insignificant risk of changes in value where original maturity is three months or less.

## 1.7. Inventory

Inventories of Finished Goods and Stock-in-trade are stated 'at the lower of cost or net realisable value'. Raw Materials, Work-in-Progress and Goods-in-transit are stated 'at cost'. Cost comprise all cost of purchase, cost of conversion and other costs incurred in bringing the inventories to their present location and condition. Cost formulae used are 'First-in-First-out'. Due allowance is estimated and made for defective and obsolete items, wherever necessary.

Having regard to the nature & value of items of Stores & consumables, the same are treated as consumed in the year of their purchase.

## 1.8. Financial Instruments

### (i) Financial Assets

#### Initial Recognition and Measurement

Financial assets are recognised when the company becomes party to the contractual provisions of the instruments. Financial assets, other than trade receivables, are initially recognised at fair value plus transaction costs for all financial assets not carried at fair value through statement of profit or loss. Financial assets carried at fair value through statement of profit or loss are initially recognised at fair value and transaction costs are expensed in the statement of Profit and Loss.

#### Subsequent measurement

Financial assets, other than equity instruments, are subsequently measured at amortised cost or fair value through other comprehensive income (OCI) or fair value through profit or loss on the basis of:

- the entity's business model for managing the financial assets; and
- the contractual cash flow characteristics of the financial asset.

#### Financial assets carried at amortised cost (AC)

A financial asset is measured at amortised cost if it is held within a business model whose objective is to hold the asset in order to collect contractual cash flows and the contractual terms of the financial asset give rise on specified dates to cash flows that are solely payments of principal and interest on the principal amount outstanding.

#### Financial assets at fair value through other comprehensive income (FVTOCI)

A financial asset is measured at FVTOCI if it is held within a business model whose objective is achieved by both collecting contractual cash flows and selling financial assets and the contractual terms of the financial asset give rise on specified dates to cash flows that are solely payments of principal and interest on the principal amount outstanding.

#### Financial assets at fair value through profit or loss (FVTPL)

Investment in financial asset other than equity instrument, not measured at either amortised cost or FVTOCI is measured at FVTPL. Such financial assets are measured at fair value with all changes in fair value, including interest income and dividend income if any, recognised in the Statement of Profit and Loss.

#### Equity Instruments:

All investments in equity instruments classified under financial assets are subsequently measured at fair value. Equity instruments which are held for trading are measured at FVTPL.

For all other equity instruments, on initial recognition, irrevocably elect to measure the same either at FVOCI or FVTPL. The Company makes such election on an instrument-by-instrument basis.

#### Impairment of financial assets

In accordance with Ind AS 109, the company uses 'Expected Credit Loss' (ECL) model, for evaluating impairment of financial assets other than those measured at fair value through profit and loss (FVTPL)

Expected credit losses are measured through a loss allowance at an amount equal to:

- The 12 month expected credit losses (expected credit losses that result from those default events on the financial instrument that are possible within 12 months after the reporting date); or
- Full lifetime expected credit losses (expected credit losses that result from all possible default events over the life of the financial instruments).

### (ii) Financial Liabilities

#### Initial recognition and measurement

Financial liabilities are recognised when the Company becomes a party to the contractual provisions of the instruments. Financial liabilities are initially recognised at fair value net of transaction costs for all financial liabilities not carried at fair value through profit or loss.

# Elegant Marbles and Grani Industries Limited

---

The Company's financial liabilities includes trade and other payables, loans and borrowings including bank overdrafts and derivative instruments.

## **Subsequent measurement**

Financial liabilities measured at amortised cost are subsequently measured using Effective Interest Rate (EIR) method. Financial liabilities carried at fair value through profit or loss (FVTPL) are measured at fair value with all changes in fair value recognised in the Statement of Profit and Loss.

## **Loans & Borrowings**

After initial recognition, interest bearing loans and borrowings are subsequently measured at amortised cost using EIR method. Gains and losses are recognized in profit & loss when the liabilities are derecognized as well as through EIR amortization process.

## **Financial Guarantee Contracts**

Financial guarantee contracts issued by the Company are those contracts that requires a payment to be made or to reimburse the holder for a loss it incurs because the specified debtors fails to make payment when due in accordance with the term of a debt instrument. Financial guarantee contracts are recognized initially as a liability at fair value, adjusted for transaction costs that are directly attributable to the issuance of the guarantee.

Subsequently, the liability is measured at the higher of the amount of loss allowance determined as per impairment requirements of Ind AS 109 and the amount recognized less cumulative adjustments.

## **(iii) Derivative financial instruments and Hedge Accounting**

The Company can use various derivative financial instruments such as interest rate swaps, currency swaps, forwards & options and commodity contracts to mitigate the risk of changes in interest rates, exchange rates and commodity prices. Such derivative financial instruments are initially recognised at fair value on the date on which a derivative contract is entered into and are also subsequently measured at fair value. Derivatives are carried as financial assets when the fair value is positive and as financial liabilities when the fair value is negative.

Any gains or losses arising from changes in the fair value of derivatives are taken directly to Statement of Profit and Loss, except for the effective portion of cash flow hedges which is recognised in Other Comprehensive Income and later to Statement of Profit and Loss when the hedged item affects profit or loss or treated as basis adjustment if a hedged forecast transaction subsequently results in the recognition of a non-financial assets or non-financial liability

For the purpose of hedge accounting, hedges are classified as:

### **Cashflow hedge**

The Company designates derivative contracts or non derivative financial assets / liabilities as hedging instruments to mitigate the risk of movement in interest rates and foreign exchange rates for foreign exchange exposure on highly probable future cash flows attributable to a recognised asset or liability or forecast cash transactions. When a derivative is designated as a cash flow hedging instrument, the effective portion of changes in the fair value of the derivative is recognized in the cash flow hedging reserve being part of other comprehensive income. Any ineffective portion of changes in the fair value of the derivative is recognized immediately in the Statement of Profit and Loss. If the hedging relationship no longer meets the criteria for hedge accounting, then hedge accounting is discontinued prospectively. If the hedging instrument expires or is sold, terminated or exercised, the cumulative gain or loss on the hedging instrument recognized in cash flow hedging reserve till the period the hedge was effective remains in cash flow hedging reserve until the underlying transaction occurs. The cumulative gain or loss previously recognized in the cash flow hedging reserve is transferred to the Statement of Profit and Loss upon the occurrence of the underlying transaction. If the forecasted transaction is no longer expected to occur, then the amount accumulated in cash flow hedging reserve is reclassified in the Statement of Profit and Loss.

### **Fair value hedge**

The Company designates derivative contracts or non derivative financial assets / liabilities as hedging instruments to mitigate the risk of change in fair value of hedged item due to movement in interest rates, foreign exchange rates and commodity prices.

Changes in the fair value of hedging instruments and hedged items that are designated and qualify as fair value hedges are recorded in the Statement of Profit and Loss. If the hedging relationship no longer meets the criteria for hedge accounting, the adjustment to the carrying amount of a hedged item for which the effective interest method is used is amortised to Statement of Profit and Loss over the period of maturity

## (iv) Derecognition of financial instruments

The Company derecognizes a financial asset when the contractual rights to the cash flows from the financial asset expire or it transfers the financial asset and the transfer qualifies for derecognition under Ind AS 109. A financial liability (or a part of a financial liability) is derecognized from the Company's Balance Sheet when the obligation specified in the contract is discharged or cancelled or expires.

## 1.9. Leases

The Company assesses whether a contract contains a lease, at inception of a contract. A contract is, or contains, a lease if the contract conveys the right to control the use of an identified asset for a period of time in exchange for consideration. To assess whether a contract conveys the right to control the use of an identified asset, the Company assesses whether: (i) the contract involves the use of an identified asset; (ii) the Company has substantially all of the economic benefits from use of the asset through the period of the lease; and (iii) the Company has the right to direct the use of the asset.

At the date of commencement of the lease, the Company recognizes a right-of-use asset ("ROU") and a corresponding lease liability for all lease arrangements in which it is a lessee, except for leases with a term of twelve months or less (short-term leases) and low value leases. For these short-term and low value leases, the Company recognizes the lease payments as an operating expense on a straight-line basis over the term of the lease.

Lease liability is measured by discounting the lease payments using the interest rate implicit in the lease or, if not readily determinable, using the incremental borrowing rate. Lease payments are allocated between principal and finance cost. The finance cost is charged to statement of profit and loss over the lease period so as to produce a constant periodic rate of interest on the remaining balance of the liability for each period.

The ROU assets are initially recognised at cost, which comprises the initial amount of the lease liability adjusted for any lease payment made at or prior to the commencement date of the lease plus any initial direct cost less any lease incentives and restoration cost. They are subsequently measured at cost less accumulated depreciation and impaired losses, if any. ROU assets are depreciated on a straight line basis over the asset's useful life or the lease whichever is shorter. Impairment of ROU assets is in accordance with the Company's accounting policy for impairment of tangible and intangible assets.

### Company as a lessor

Lease income from operating leases where the Company is a lessor is recognised in the Statement of Profit and Loss on a straight-line basis over the lease term unless the receipts are structured to increase in line with expected general inflation to compensate for the expected inflationary cost increases.

## 1.10. Fair Value Measurement:

The Company measures financial instruments, such as, derivatives at fair value at each balance sheet date.

Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The fair value measurement is based on the presumption that the transaction to sell the asset or transfer the liability takes place either:

- In the principal market for the asset or liability, or
  - In the absence of a principal market, in the most advantageous market for the asset or liability
  - The principal or the most advantageous market must be accessible by the Company.

The fair value of an asset or a liability is measured using the assumptions that market participants would use when pricing the asset or liability, assuming that market participants act in their economic best interest.

A fair value measurement of a non-financial asset takes into account a market participant's ability to generate economic benefits by using the asset in its highest and best use or by selling it to another market participant that would use the asset in its highest and best use.

The Company uses valuation techniques that are appropriate in the circumstances and for which sufficient data are available to measure fair value, maximising the use of relevant observable inputs and minimising the use of unobservable inputs.

The Company uses the following hierarchy for determining and disclosing the fair value of financial instruments by valuation technique:

- Level 1: Quoted (unadjusted) prices in active markets for identical assets or liabilities.
- Level 2: Other techniques for which all inputs which have a significant effect on the recorded fair value are observable, either directly or indirectly.

# Elegant Marbles and Grani Industries Limited

---

Level 3: Techniques which use inputs that have a significant effect on the recorded fair value that are not based on observable market data.

For assets and liabilities that are recognised in the financial statements on a recurring basis, the Company determines whether transfers have occurred between levels in the hierarchy by re-assessing categorisation (based on the lowest level input that is significant to the fair value measurement as a whole) at the end of each reporting period.

For the purpose of fair value disclosures, the Company has determined classes of assets and liabilities on the basis of the nature, characteristics and risks of the asset or liability and the level of the fair value hierarchy as explained above.

## 1.11. Borrowing Cost

Borrowing costs include interest expenses as per effective interest rate and exchange differences arising from foreign currency borrowings to the extent they are regarded as an adjustment to the interest cost. Borrowing costs that are directly attributable to the acquisition or construction of qualifying assets are capitalised as part of the cost of such assets. A qualifying asset is one that necessarily takes substantial period of time to get ready for its intended use.

Interest income earned on the temporary investment of specific borrowings pending their expenditure on qualifying assets is deducted from the borrowing costs eligible for capitalisation.

All other borrowing costs are charged to the Statement of Profit and Loss for the period for which they are incurred.

## 1.12. Provisions and Contingent liabilities and contingent assets

Provisions represent liabilities for which the amount or timing is uncertain. Provisions are recognized when the Company has a present obligation (legal or constructive), as a result of past events, and it is probable that an outflow of resources, that can be reliably estimated, will be required to settle such an obligation.

If the effect of the time value of money is material, provisions are determined by discounting the expected future cash flows to net present value using an appropriate pre-tax discount rate that reflects current market assessments of the time value of money and, where appropriate, the risks specific to the liability. Unwinding of the discount is recognized in profit or loss as a finance cost. Provisions are reviewed at each reporting date and are adjusted to reflect the current best estimate.

A contingent liability is a possible obligation that arises from past events whose existence will be confirmed by the occurrence or non-occurrence of one or more uncertain future events beyond the control of the Company or a present obligation that is not recognised because it is not probable that an outflow of resources will be required to settle the obligation. A contingent liability also arises in extremely rare cases where there is a liability that cannot be recognised because it cannot be measured reliably. The Company does not recognize a contingent liability but discloses its existence in the financial statements.

Contingent assets are not recognised but disclosed in the financial statements when an inflow of economic benefits is probable.

## 1.13. Revenue Recognition

Revenue is recognized to the extent that it is probable that the economic benefit will flow to the Company and the revenue can be measured reliably.

### **Sale of goods:**

Revenue from sale of goods is recognised when the significant risks and rewards of ownership of the goods have been transferred to the buyer either at the time of dispatch or delivery or when the risk of loss transfers. Export sales are generally recognized based on the shipped on board date as per bill of lading, which is when substantial risks and rewards of ownership are passed to the customers.

Revenue from sale of goods is net of taxes and recovery of charges collected from customers like transport, packing etc. are not treated as part of sales. Sales returns are recognised when appropriate. Revenue is measured at the fair value of consideration received or receivable and is net of price discounts, allowance for volume rebates and similar items.

Claims/Refunds not ascertainable with reasonable certainty are accounted for on final settlement and are recognized as revenue on certainty of receipt on prudent basis.

### **Rendering of services:**

Revenue from sale of services are recognized when the services are rendered.

# 38<sup>th</sup> Annual Report 2022-2023

---

---

## **Other Income:**

Dividend income on investments is recognised when the right to receive the dividend is established.

Interest income is recognized on a time proportionate basis taking into account the amounts invested and the rate of interest on prudent basis.

## **1.14. EMPLOYEE BENEFITS**

### Short term employee benefits

The un-discounted amount of short term employee benefits expected to be paid in exchange for the services rendered by employees are recognised as an expense during the period when the employees render the services.

(b) Defined contribution plans such as Provident fund & Superannuation fund

### Post-employment benefits

#### Defined contribution Plans

A defined contribution plan is a post-employment benefit plan under which the Company pays specified contributions to a separate entity. The Company makes specified monthly contributions towards Provident Fund, Superannuation Fund and Pension Scheme. The Company's contribution is recognised as an expense in the Statement of Profit and Loss during the period in which the employee renders the related service.

#### Defined benefit Plans

The Company pays gratuity to the employees whoever has completed five years of service with the Company at the time of resignation/superannuation. The gratuity is paid @ 15 days salary for every completed year of service as per the Payment of Gratuity Act, 1972.

Re-measurments of defined benefit plans in respect of post-employment are charge to Other Comprehensive Income.

#### Employee Separation Costs

Compensation to employees who opt for retirement under the voluntary retirement scheme, if any, of the Company is payable in the year of exercise of option by the employee. The Company recognises the employee separation cost when the scheme is announced and the Company is demonstrably committed to it.

## **1.15. Foreign exchange transactions and translation**

The financial statements are presented in Indian rupee (INR), which is Company's functional and presentation currency.

Transactions in foreign currencies are recognised at the prevailing exchange rates on the transaction dates. Realised gains and losses on settlement of foreign currency transactions are recognised in the Statement of Profit and Loss.

Exchange differences arising on settlement or translation of monetary items are recognised in Statement of Profit and Loss except to the extent of exchange differences which are regarded as an adjustment to interest costs on foreign currency borrowings that are directly attributable to the acquisition or construction of qualifying assets, are capitalized as cost of assets.

Monetary foreign currency assets and liabilities at the year-end are translated at the year-end exchange rates and the resultant exchange differences are recognised in the Statement of Profit and Loss.

## **1.16. TAXES ON INCOME**

Income tax comprises current and deferred tax. Income tax expense is recognized in the statement of profit and loss except to the extent it relates to items directly recognized in equity or in other comprehensive income.

- **Current Tax**  
Current tax assets and liabilities are measured at the amount expected to be recovered from or paid to the taxation authorities, based on tax rates and laws that are enacted or substantively enacted at the Balance sheet date.
- **Deferred Tax**  
Deferred tax is recognised on temporary differences between the carrying amounts of assets and liabilities in the financial statements and the corresponding tax bases used in the computation of taxable profit.

# Elegant Marbles and Grani Industries Limited

---

---

Deferred tax liabilities and assets are measured at the tax rates that are expected to apply in the period in which the liability is settled or the asset realised, based on tax rates (and tax laws) that have been enacted or substantively enacted by the end of the reporting period. The carrying amount of Deferred tax liabilities and assets are reviewed at the end of each reporting period.

## **1.17. Government Grants**

Government grants are recognised when there is reasonable assurance that the grant will be received and all attached conditions will be complied with.

Government grants related to revenue are recognised on a systematic basis in the statement of profit and loss over the periods necessary to match them with the related costs which they are intended to compensate. Such grants are deducted in reporting the related expense. When the grant relates to an asset, it is recognized as income over the expected useful life of the asset.

In case a non-monetary asset is given free of cost, it is recognised at a fair value. When loans or similar assistance are provided by government or related institutions, with an interest rate below the current applicable market rate, the effect of this favourable interest is recognized as government grant. The loan or assistance is initially recognized and measured at fair value and the government grant is measured as the difference between the initial carrying value of the loan and the proceeds received.

## **1.18. Earning Per Share**

The basic earning per share (EPS) is computed by dividing the net profit after tax available to equity share holders for the year by the weighted average number of equity shares outstanding during the current year.

The diluted EPS is calculated on the same basis as basic EPS, after adjusting for the effects of potential dilutive equity shares unless impact is anti-dilutive.
