Notes:

1. For the quarter, Revenue from operations increased by 5%. At constant currency revenue growth is 2%. Profit before exceptional items and tax at Rs 161 Crores is higher by 24% as compared to corresponding quarter of the previous year mainly due to higher sales, lower commodity cost in International markets and improved performance of non-branded business partly offset by higher tea cost in India and discretionary/one off items. Tax expense for the quarter is not comparable to that of the corresponding quarter of the previous year due to one time tax credits which significantly reduced the tax expense for the prior quarter and due to adjustments to deferred tax assets during the current quarter. Share of losses from JVs/ Associates increased primarily due to the impact of seasonal and one off items. Resultantly, Group net profit reported a decline during the quarter.
2. Exceptional item for the current quarter represent past service cost of Rs 8 Crores recognised for UK pension scheme based on recent judicial ruling in the UK. Exceptional items for the corresponding quarter of the previous year represent reorganisation and restructuring cost of Rs 12 Crores and gains on assets held for sale of Rs 10 Crores.
3. Share of profits in Associates and Joint Ventures include results of an Associate, operating in North India plantations which are seasonal in nature.
4. Effective April 1, 2018, the Group has adopted Ind AS 115 – Revenue from Contracts with Customers, using the cumulative effect method and the comparative information is not restated. The adoption of the standard did not have any material impact on the results of the Group.
5. Figures for the quarter ended March 31, 2019 and March 31, 2018 are the balancing figures between audited figures in respect of the full financial year and published year to date figures up to the third quarter of the relevant financial year.
6. Consolidated Statement of Asset and Liabilities as at March 31, 2019 along with comparatives is annexed.
7. The Board of Directors has recommended a dividend payment of Rs. 2.50 per share (Face value Re. 1 each) for the year ended March 31, 2019.
8. Previous period's figures have been regrouped / rearranged, to the extent necessary, to conform to current period's classifications.
9. The aforementioned results were reviewed by the Audit Committee of the Board on April 22, 2019 and subsequently taken on record by the Board of Directors at its Meeting held on April 23, 2019. The Statutory Auditors of the Company have audited the annual results.
