FORWARD LOOKING STATEMENT

In this Annual Report, we have disclosed forward looking information to enable investors to comprehend our prospects and take informed investment decisions. This report and other statements - written and oral - that we periodically make contain forward looking statements that set out anticipated results based on the management's plans and assumptions. We have tried wherever possible to identify such statements by using words such as 'anticipates,' 'estimate,' 'aspects', 'projects', 'intends', 'plans', 'believes', and words of similar substance in connection with any discussion of future performance. We cannot guarantee that these forward looking statements will be realized, although we believe, we have been prudent in assumptions. The achievement of results is subject to risks, uncertainties and even inaccurate assumptions. Should known or unknown risks or uncertainties materialized, or should underlying assumptions prove inaccurate, actual results could vary materially from those anticipated, estimated or projected. Reader should bear this in their mind.

We undertake no obligation to publicly update any forward looking statements, whether as a result of news information, future events or otherwise.

24. Overview of the entity's material responsible business conduct issues

Please indicate material responsible business conduct and sustainability issues pertaining to environmental and social matters that present a risk or an opportunity to your business, rationale for identifying the same, approach to adapt or mitigate the risk along-with its financial implications, as per the following format.

Sl. No.	Material issue identified	Indicate whether risk or opportunity (R/O)	Rationale for identifying the risk/opportunity	In case of risk, approach to adapt or mitigate	Financial implications of the risk or opportunity (Indicate positive or negative implications)
1.	Product Quality.	Risk and Opportunity	Risk: Our customers expect us to maintain and improve upon the quality of our products. Any lapse on product quality would negatively impact our brand value and our market share. Opportunity: Upholding and improving upon our product will enable us to increase our market share as well as retain our existing customer base. Further, increasing use of paper products in the food industry is an emerging opportunity.	Continuous monitoring and improvement of product quality is required to ensure our products have a consistent quality and meet the customer's quality expectations.	Positive: Maintaining product quality would ensure that we remain competitive in our industry.
2.	Raw Material: Wood Availability	Risk	Risk: Wood is the major source of raw material for pulp manufacturing. Availability of required wood is an issue.	The Company has a well-defined Plantation Programme - Site specific clones are developed as per prevailing soil and climatic conditions.	Negative: Shortage of wood may lead to high cost of sourcing of wood.

Annexure to Directors' Report (Contd.)

Sl. No.	Material issue identified	Indicate whether risk or opportunity (R/O)	Rationale for identifying the risk/opportunity	In case of risk, approach to adapt or mitigate	Financial implications of the risk or opportunity (Indicate positive or negative implications)
				<p>Convincing and motivating farmers to raise pulp wood plantations by development in farm forestry.</p> <p>Development of Partner nurseries for distribution of required clones.</p> <p>Adding new species of wood for the pulping process.</p> <p>Sourcing of wood from other states and development of farm forestry in neighbouring states.</p>	
3.	Energy Management	Risk and Opportunity	<p>Risk: With increasing scarcity of natural resources and increasing cost, efficient management of energy becomes critical for uninterrupted business operations.</p> <p>Opportunity: Improving production process for better management of energy would not only enable us to improve operating margin but also it would enable us to reduce carbon footprint.</p>	Our Company has improved the production process, adopted better energy efficient equipment to optimize the energy consumption. During the year, through various process improvements, the Company was able to save 1,02,683 GJ of energy as compared to last year.	Negative: Increase in cost of production and not meeting carbon footprint requirement.
4.	Human Rights Practices	Risk and Opportunity	<p>Risk: Absence of a comprehensive Human Rights governance structure encompassing parameters such as working conditions, child/ forced labour, fair remuneration, gender diversity, prevention of sexual harassment, freedom of association and collective bargaining will adversely impact the Company's smooth working & people development.</p>	The Company has in place Prevention of Sexual Harassment Policy in line with the requirements of The Sexual Harassment of Women at the Workplace (Prevention, Prohibition and Redressal) Act, 2013. All employees (permanent, contractual, temporary and trainees) are covered under this policy. During the financial year 2022-2023, no complaints	Positive: Better work environment helps to produce cost efficient quality product.

Annexure to Directors' Report (Contd.)

Sl. No.	Material issue identified	Indicate whether risk or opportunity (R/O)	Rationale for identifying the risk/opportunity	In case of risk, approach to adapt or mitigate	Financial implications of the risk or opportunity (Indicate positive or negative implications)
			Opportunity: This will help the Company to create better working environment, with involvement and ownership of people working in the Company.	regarding child labour, forced labour, involuntary labour, sexual harassment were received by the Company. Company has Joint Negotiating committee represented by workmen to deal with employees related issues. Long Term Settlement is signed.	
5.	Environment Management	Risk	Risk: Water is a critical input material in our production process. We have to also ensure that we meet air emission & water consumption and discharge norms.	Our Company has improved production process over the years to reduce water consumption. Further, it is our constant endeavour to increase the use of recycled water in operation. During the year, through various process and improvement, we were able to reduce the water consumption by 11% in 2022-23 as compared to 2021-22 and by 37% as compared to 2015-16. We have online monitoring system for Water & Air emission. We need to conserve water using 3R principle. For this new technology and equipment are being explored and used to meet Air & Water norms.	Negative: Non-Compliance of norms may lead to closure of plant.
6.	Coal - Availability	Risk and Opportunity	Risk: Availability of local coal is limited. Cost of sourcing imported coal is high. Opportunity: To look for opportunity to reduce energy (Steam & Power) consumption to reduce cost. Also look for non-fossil fuel energy sources.	We are continuously getting technical energy audit done and replacing energy inefficient equipment with energy efficient equipment & technology to reduce carbon footprint. We are also optimising using of chipper dust in Coal Fired Boilers.	Negative: Increase in energy cost due to use of high cost imported coal.

Indicate if any independent assessment/ evaluation/assurance has been carried out by an external agency? (Y/N) If yes, name of the external agency.

Water meter is installed at drawal point which is calibrated by external party and same is verified by Water Resource Department of Govt. There is online meter installed at Treated Effluent Plant which is verified by Pollution Control Board.

Water meters are installed at all major consumption points in the plant. Internal team monitors water consumption and identifies water reduction opportunities.

4. Has the Company implemented a mechanism for Zero Liquid Discharge? If yes, provide details of its coverage and implementation.

The Company is an integrated pulp and paper mill where Zero Liquid Discharge (ZLD) is not feasible due to specific process requirement. Moreover, there is no Techno Economical Solutions available for ZLD. The Company draws water from Kali river. At the downstream, there is Hydro Power generating station of Karnataka Power Corporation (KPC) and water is required for power generation. As per the approval from Karnataka Pollution Control Board, after treating, around 80-85% water is discharged back in the river.

5. Please provide details of air emissions (other than GHG emissions) by the Company, in the following format:

Parameter	Please specify unit	FY 2022-23	FY 2021-22
NOx	microgram/ m ³	19	21
Sox	microgram/ m ³	26	31
Particulate matter (PM10)	microgram/ m ³	65	61
Particulate matter (PM2.5)	microgram/ m ³	30	28
Persistent organic pollutants (POP)	-		
Volatile organic compounds (VOC)	-		
Hazardous air pollutants (HAP)	-		
Others – please specify	-		

Note: Indicate if any independent assessment/ evaluation/assurance has been carried out by an external agency? (Y/N) If yes, name of the external agency.

Online Air emission monitoring system are installed in plant which are connected with CPCB & SPCB. At prescribed frequency, quality of air emission is checked by NABL approved Lab.

6. Provide details of greenhouse gas emissions (Scope 1 and Scope 2 emissions) & its intensity, in the following format:

Parameter	Unit	FY 2022-23	FY 2021-22
Total Scope 1 emissions (Break-up of the GHG into CO ₂ , CH ₄ , N ₂ O, HFCs, PFCs, SF ₆ , NF ₃ , if available)	Metric tonnes of CO ₂ equivalent	5,91,500	591,052
Total Scope 2 emissions (Break-up of the GHG into CO ₂ , CH ₄ , N ₂ O, HFCs, PFCs, SF ₆ , NF ₃ , if available)	Metric tonnes of CO ₂ equivalent	20,891	9,873

Total Scope 1 and Scope 2 emissions per rupee of turnover		0.0000219 MT/Rupee	0.0000305 MT/Rupee
Total Scope 1 and Scope 2 emission intensity (optional) – the relevant metric may be selected by the entity			

Note: Includes Both Units Dandeli and Mysuru. Factors considered for calculation is taken from indiaghgp.org and cea.nic.in.

Indicate if any independent assessment/ evaluation/assurance has been carried out by an external agency? (Y/N) If yes, name of the external agency.

Green House Gas Emission Audit is done by external approved party. The last audit was conducted for the year 2021 by M/s. Cholamandalam MS Risk Services Limited, Chennai. The in house team monitors the same.

Annexure to Directors' Report (Contd.)

7. Does the Company have any project related to reducing Green House Gas emission? If yes, then provide details.

The Company got audited for GHG from external agency. Based on the report, the Company is working for reduction of steam & power in plant. Outside experts are being hired for carrying out technical audit for identifying energy efficient motor / pump, installation strengthening and required actions are being taken to reduce Fossil Fuel consumption. The Company has implemented state of art technology to reduce energy consumption. Process operation and monitoring are being done through DCS for energy efficient operation. The Company has installed Recovery Boiler where black liquor is burned for producing steam which accounts for around 57% of total steam requirement. The Company is using chipper dust along with coal to reduce use of Fossil Fuel. The Company has installed Precipitated Calcium Carbonate (PCC) plant where CO_2 generated in limekiln is used as raw material for making PCC. This has helped to reduced GHG emission. The Company is working with farmers to plant high quality pulpwood seedlings and saplings which will help CO_2 sequestering. This year target has been set to plant 1 crore seedlings/ saplings.

8. Provide details related to waste management by the Company, in the following format:

Parameter	FY2022-23	FY2021-22
Total Waste generated (in metric tonnes)		
Plastic waste (A)	231.13 MT	322.62 MT
E-waste (B)	-	1.75 MT
Bio-medical waste (C)	0.045994 MT	0.051083 MT
Construction and demolition waste (D)	-	-
Battery waste (E)	-	-
Radioactive waste (F)	-	-
Other Hazardous Waste. (Oil-soaked cotton waste, DG filters, paint cans, chemical cans, paint residue, oil sludge, DG chimney soot, coolant oil and used oil) Please specify, if any. (G)	28.59 MT	23.45 MT
Total Hazardous waste	260 MT	348 MT
Other Non-hazardous waste generated (H). Please specify, if any. (Break-up by composition i.e. by materials relevant to the sector)		
Total Non-hazardous waste generated (F).	115824 MT	131896 MT
Total (A+B + C + D + E + F + G + H)	116084MT	132244 MT

Note: Includes Both Units Dandeli and Mysuru

Indicate if any independent assessment/ evaluation/assurance has been carried out by an external agency? (Y/N) If yes, name of the external agency. No

In house SOP and tracking system is in place.

9. Briefly describe the waste management practices adopted in your establishment. Describe the strategy adopted by your Company to reduce usage of hazardous and toxic chemicals in your products and processes and the practices adopted to manage such wastes.

The Company is taking following steps to address waste management:

Annexure to Directors' Report (Contd.)

The Company has put in place a waste management system wherein the focus is on recycling/ recovering of waste input material to the extent possible. Nearly 97% of the chemicals used in pulping process are recovered back in the Chemical Recovery Complex and recycled. Further, almost 20% water used in the process is recycled and reused. Production by-products like fly ash is disposed through contractors which is further used for making eco-bricks.

The Company being ISO 14001:2015 certified for designing and implementing a comprehensive Environment Management System (EMS) in line with the global standards. Under this Environmental Management System, the Company has guidelines for comprehensive waste management for the identification, segregation, collection, recycling and final disposal.

10. If the entity has operations/offices in/around ecologically sensitive areas (such as national parks, wildlife sanctuaries, biosphere reserves, wetlands, biodiversity hotspots, forests, coastal regulation zones etc.) where environmental approvals / clearances are required, please specify details in the following format:

The Company doesn't have operations in any ecologically sensitive areas. Dandeli plant is outside the ESZ limit & Kali Tiger Reserve as per draft ESZ Notification of 2016.

11. Details of environmental impact assessments of projects undertaken by the entity based on applicable laws, in the current financial year:

Name and brief details of project	EIA Notification No.	Date	Whether conducted by independent external agency (Yes / No)	Results communicated in public domain (Yes / No)	Relevant Web link
Nil					

12. Is the entity compliant with the applicable environmental law/ regulations/ guidelines in India, such as the Water (Prevention and Control of Pollution) Act, Air (Prevention and Control of Pollution) Act, Environment protection Act and rules thereunder (Y/N).

If not, provide details of all such non-compliances, in the following format:

S. No.	Specify the law / regulation / guidelines which was not complied with	Provide details of the non-compliance	Any fines / penalties / action taken by regulatory agencies such as pollution control boards or by courts	Corrective action taken, if any
Yes, the Company is in compliance with the applicable environmental regulations.				

Leadership Indicators -

1. Provide break-up of the total energy consumed (in Joules or multiples) from renewable and non-renewable sources, in the following format:

Parameter	FY 2022-23	FY 2021-22
From renewable sources		
Total electricity consumption (A)	-	-
Total fuel consumption (B)	-	-
Energy consumption through other sources (C)	-	-
Total energy consumed from renewable sources (A+B+C)	-	-
From non-renewable sources		
Total electricity consumption (From Grid) (D)	1,05,176 GJ	49,706 GJ
Total fuel consumption (E)	62,80,003 GJ	62,68,857 GJ
Energy consumption through other sources (F)	-	-
Total energy consumed from non-renewable sources (D+E+F)	63,85,179 GJ	63,18,563 GJ

Note: Includes Both Units Dandeli and Mysuru.

Indicate if any independent assessment/ evaluation/assurance has been carried out by an external agency? (Y/N) If yes, name of the external agency.

Yes, Energy Audits are done periodically by BEE Certified external energy auditors.

Annexure to Directors' Report (Contd.)

2. Provide the following details related to water discharged:

Parameter	FY2022-23	FY2021-22
Water discharge by destination and level of treatment (in kilolitres)		
i) To Surface water	-	-
- No treatment	-	-

Note: Indicate if any independent assessment/ evaluation/assurance has been carried out by an external agency? (Y/N) If yes, name of the external agency.

Online Effluent Quality and Flow Monitoring system installed which is connected to servers of Pollution Control Board. Effluent quality is monitored by Regional Office of State Pollution Control Board from time to time and effluent samples are analysed by NABL approved Lab. The Company is meeting all prescribed norms. In house Environmental Cell monitors the same on daily basis.

3. Water withdrawal, consumption and discharge in areas of water stress (in kilolitres):

As per the Central Water Commission (CWC) Kali River does not come under water stress area.

4. Please provide details of total Scope 3 emissions & its intensity, in the following format:

Parameter	Unit	FY 2022-23	FY 2021-22
Total Scope 3 emissions (Break-up of the GHG into CO ₂ , CH ₄ , N ₂ O, HFCs, PFCs, SF ₆ , NF ₃ , if available)	Metric tonnes of CO ₂ equivalent	Not Applicable	Not Applicable
Total Scope 3 emissions per rupee of turnover			
Total Scope 3 emission intensity (optional) – the relevant metric may be selected by the entity			

Note: Indicate if any independent assessment/ evaluation/assurance has been carried out by an external agency? (Y/N) If yes, name of the external agency. No

5. With respect to the ecologically sensitive areas reported in Question 10 of Essential Indicators above, provide details of significant direct & indirect impact of the entity on biodiversity in such areas along with prevention and remediation activities.

Not Applicable

Annexure to Directors' Report (Contd.)

6. If the entity provided below taken any specific initiatives or used innovative technology or solutions to improve resource efficiency, or reduce impact due to emissions / effluent discharge / waste generated, please provide details of the same as well as outcome of such initiatives, as per the following format:

Sr. No	Initiative undertaken	Details of the initiative (Web-link, if any, may be provided along-with summary)	Outcome of the initiative
1	Water Reduction	Double filtered machine back water for M/c Vacuum pump sealing & cooling for machines 1 to 5.	Water consumption per ton of product has reduced from 91 KL in 2015-16 to 58 KL in 2022-23 i.e., by around 37%.
2	Energy Saving	<p>Replacement of Mixing Chest Agitator#1 & 2 at Paper Machine#3 stock preparation by energy efficient Agitator for power saving.</p> <p>Major overhauling of HT compressor no.3 with replacement of 3rd stage inlet guide vanes casing & high speed rotor at Power House section for power saving.</p> <p>Installation of VFD for water conservation pump in Paper Machine#3 section for power saving.</p> <p>Replacement of old Fan 3 numbers with new energy efficient fans at Power House section 34.5 MW TG & FFE#2 Cooling Tower for power saving.</p> <p>Optimisation of running vacuum pumps in FFE#2 at Chemical Recovery section for power saving.</p> <p>Replacement of complete bank of air heater tubes to reduce excess air level in the exit flue gases of FBC boiler no.4 at Power House section for Power & Coal saving.</p> <p>Replacement of leaking ARC valves in BHEL Chemical Recovery Boiler feed water pump no.10 at Power House section for power saving.</p> <p>Application of protective coating on (Duromor paint) TG#4 & FFE#2 cooling tower pumps at Power House section for power saving.</p> <p>Mill wide replacement of Conventional lights (Flood light, Street light, Tube light, flame proof fixtures) with LED lights for power saving.</p> <p>Use of 5 Star energy efficient fans in place of conventional ceiling fans throughout the mill for power saving.</p> <p>Optimisation of running hot water circulation pump at Fibre line cooking section.</p>	1,02,683 GJ was saved as a result of the energy saving initiatives during FY 2022-23.
3	Air Emission	HF Controllers were installed at Enmass recovery Boiler ESP	Completed

7. Does the entity have a business continuity and disaster management plan? Give details in 100 words/ web link.

Yes, the Company has on-site Emergency Response and Disaster Management Plan. Standard Operating Procedure ensures effective management of any disaster. Mock drills are also conducted to bring awareness and prepare for actions to be taken during any accident. It is reviewed by senior leadership team on quarterly basis.

Annexure to Directors' Report *(Contd.)*

8. Disclose any significant adverse impact to the environment, arising from the value chain of the entity. What mitigation or adaptation measures have been taken by the entity in this regard?

The Company has controlled wood policy, sustainable policy, supplier code of conduct, which ensures the unwavering focus on fair treatment, human rights, good labour practices, environmental conservation, health and safety.

9. Percentage of value chain partners (by value of business done with such partners) that were assessed for environmental impacts.

100% of the wood suppliers are covered under FSC audits, as mentioned earlier. Major supplier of chemical, other inputs and stores items have their own system to assess the environmental impacts as we buy materials from reputed & big suppliers and also put condition in our Purchase Order.

Principle 7: Businesses, when engaging in influencing public and regulatory policy, should do so in a manner that is responsible and transparent

Essential indicators

1. a. Number of affiliations with trade and industry chambers/associations.

12

b. List the top 10 trade and industry chambers/associations (determined based on the total members of such body) the Company is a member of/affiliated to.

S. No.	Name of the trade and industry chambers/associations	Reach of trade and industry chambers/associations (State/ National)
1	Federation of Indian Chambers of Commerce & Industry	National
2	Indian Paper Manufacturers Association	National
3	National Safety Council	National
4	Indian Pulp & Paper Technical Association	National
5	Indian Merchants Chamber	National
6	CAPEXIL	National
7	Indian Banks Association	National
8	Karnataka Chambers of Commerce & Industry	State
9	Indian Chambers of Commerce & Industry	National
10	Coal Consumer Association of India	National

2. Provide details of corrective action taken or underway on any issues related to anti-competitive conduct by the Company, based on adverse orders from regulatory authorities.

Name of the authority	Brief of the case	Corrective action taken
Competition Commission of India	Allegation, levelled against large paper manufacturers in India (including our Company) of simultaneous price increases during the period January 2012 - December 2013, is currently under evaluation by the Competition Commission of India	

Leadership Indicators

1. Details of public policy positions advocated by the Company:

Given the Company's experience and expertise over more than 6 decades, the Company proactively, through the associations in which it has membership, engages with various stakeholders and provides its inputs on various issues concerning the paper industry.

Annexure to Directors' Report (Contd.)

Principle 8: Businesses should promote inclusive growth and equitable development

Essential Indicators

1. Details of Social Impact Assessments (SIA) of projects undertaken by the Company, based on applicable laws, in the current financial year.

Name and brief details of project	SIA Notification No.	Date of notification	Whether conducted by independent external agency (Yes / No)	Results communicated in public domain (Yes / No)	Relevant Web link
-----------------------------------	----------------------	----------------------	---	--	-------------------

None of the projects require social impact Assessments. For any increase in production capacity, as required by law, Public Hearing is being conducted by District Authorities.

2. Provide information on project(s) for which ongoing Rehabilitation and Resettlement (R&R) is being undertaken by the Company, in the following format:

S. No.	Name of Project for which R&R is ongoing	State	District	No. of Project Affected Families (PAFs)	% of PAFs covered by R&R	Amount paid to PAFs in the FY (In INR)
--------	--	-------	----------	---	--------------------------	--

Not Applicable

3. Describe the mechanisms to receive and redress grievances of the community.

The Company demonstrates its commitment to an effective mechanism for addressing grievances of the community through its well established CSR initiatives. CSR Department headed by the Senior Management of the Company actively interacts with the villagers and local authorities.

4. Percentage of input material (inputs to total inputs by value) sourced from suppliers:

	FY 2022-23	FY 2021-22
Directly sourced from MSMEs/small producers	20%	23%
Sourced directly from within the district and neighbouring districts	32% of wood and 15% of other raw material was sourced from the district and neighbouring districts	39% of wood and 16% of other raw material was sourced from the district and neighbouring districts

Leadership Indicators

1. Provide details of actions taken to mitigate any negative social impacts identified in the Social Impact Assessments (Reference: Question 1 of Essential Indicators above):

Details of negative social impact identified	Corrective action taken
--	-------------------------

Not applicable

2. Provide the following information on CSR projects undertaken by the Company in the designated aspirational districts as identified by government bodies:

S. No.	State	Aspirational District	Amount spent (in ₹)
--------	-------	-----------------------	---------------------

CSR projects are not undertaken in aspirational districts. The Company carryout CSR projects mainly in & around Dandeli where plant is located.

3. (a) Do you have a preferential procurement policy where you give preference to purchase from suppliers comprising marginalized /vulnerable groups? (Yes/No)
- (b) From which marginalized /vulnerable groups do you procure?
- (c) What percentage of total procurement (by value) does it constitute?

Not applicable.

Annexure to Directors' Report (Contd.)

4. Details of the benefits derived and shared from the intellectual properties owned or acquired by your entity (in the current financial year), based on traditional knowledge:

S. No.	Intellectual Property based on traditional knowledge	Owned/ Acquired (Yes/No)	Benefit shared (Yes / No)	Basis of calculating benefit share
Not applicable				

5. Details of corrective actions taken or underway, based on any adverse order in intellectual property related disputes wherein usage of traditional knowledge is involved.

Name of authority	Brief of the Case	Corrective action taken
Not applicable		

6. Details of beneficiaries of CSR Projects:

Sl. No	CSR PROJECTS	No of beneficiary	% of beneficiaries from vulnerable and marginalized groups
Refer Annexure - II to Board's Report for details on CSR activities.			

Principle 9: Businesses should engage with and provide value to their consumers in a responsible manner

Essential indicators

1. Describe the mechanisms in place to receive and respond to consumer complaints and feedback.

The customer complaints are received and responded to as per the "Customer Complaint Handling Standard Operating Procedure" of the Company. The complaints are received at various Branches and transferred to plant for review by Quality Control team. Plant & Marketing team visit customer site as per requirement to resolve complaint. Findings are resolved at Corporate Marketing Office. In case of genuine product quality complaint, compensation is considered or material is replaced as the case may be. Customers are informed about action taken in plant to improve quality. Top leadership at Plant & Corporate Office level reviews the Customers Complaint and take action.

2. Turnover of products and/services as a percentage of turnover from all products/service that carry information about:

	As a percentage to total turnover
Environmental and social parameters relevant to the product	Pulp & Paper: 93%
Safe and responsible usage	All Products of the Company contain all relevant information as required under applicable laws including environment & social parameters.
Recycling and/or safe disposal	

3. Number of consumer complaints in respect of the following:

4. Details of instances of product recalls on account of safety issues:

	Number	Reasons for recall
Voluntary recalls	Nil	
Forced recalls		

5. Does the Company have a framework/policy on cyber security and risks related to data privacy? (Yes/No) If available, provide a web-link of the policy.

Yes, the Company has IT Security Policy and proper protocol are followed as per SOP to address security risks and ensures data privacy.

ERP: The Company has secured and authenticated users based on their roles and responsibilities.

Data base access: Exclusively handled by IT along with the trace logs of access in secured terminal.

Network and Cyber security: The Company has authenticated secured firewalls in place along with anti-virus and other network monitoring tools in place.

6. Provide details of any corrective actions taken or underway on issues relating to advertising, and delivery of essential services; cyber security and data privacy of customers; re-occurrence of instances of product recalls; penalty/action taken by regulatory authorities on safety of products/services.

Nil

Leadership Indicators

1. Channels/platforms where information on products and services of the Company can be accessed (provide web-link, if available)

Information on products of the Company is available on the Company's website at <https://www.westcoastpaper.com/products/>

2. Steps taken to inform and educate consumers about safe and responsible usage of products and/or services.

The product details are available on the Company's website and the packaging on all products.

3. Mechanisms in place to inform consumers of any risk of disruption/discontinuation of essential services.

Not applicable

4. Does the entity display product information on the product over and above what is mandated as per local laws? (Yes/No/Not Applicable) If yes, provide details in brief. Did your entity carry out any survey with regard to consumer satisfaction relating to the major products/services of the entity, significant locations of operation of the entity or the entity as whole? (Yes/ No)

Yes, the product information is displayed on the products, as required under applicable laws.

Yes, the Company conducts annual meetings for all the dealers & distributors where feedback is received regarding the products.

5. Provide the following information relating to data breaches:

a. Number of instances of data breaches, along with impact

NIL

b. Percentage of data breaches involving personally identifiable information of customers

NIL

Annexure to Directors' Report *(Contd.)*

Information as per Section 134(3) (m) of the Companies Act, 2013, read with Companies (Accounts) Rules, 2014 and forming part of the Directors' Report to the members for the year ended 31st March, 2023.

(A) CONSERVATION OF ENERGY :

i) Measures taken for Energy conservation :

1. Replacement of Mixing Chest Agitator#1 & 2 at Paper Machine#3 stock preparation by Energy Efficient Agitator for Power Saving.
2. Major overhauling of HT compressor no.3 with replacement of 3rd stage inlet guide vanes casing & high speed rotar at Power House section for Power Saving.
3. Installation of VFD for water conservation pump in Paper Machine#3 section for Power saving.
4. Replacement of old Fan 3 numbers with new energy efficient fans at Power House section 34.5 MW TG & FFE#2 Cooling Tower for Power Saving.
5. Optimization of running vacuum pumps in FFE#2 at Chemical Recovery section for Power Saving.
6. Replacement of complete Bank of Air heater tubes to reduce excess air level in the exit flue gases of FBC Boiler no.4 at Power House section for Power & Coal Saving.
7. Replacement of leaking ARC valves in BHEL Chemical Recovery Boiler feed water pump no.10 at Power House section for Power Saving.
8. Application of protective coating on (duromor paint) TG#4 & FFE#2 cooling tower pumps at Power House section for Power Saving.
9. Mill wide replacement of Conventional lights (Flood light, Street light, Tube light, flame proof fixtures) with LED lights for Power Saving.
10. Use of 5 Star energy efficient fans in place of conventional ceiling fans throughout the mill of Power Saving.
11. Optimization of running hot water circulation pump at Fibre line cooking section.

(ii) Steps taken for utilizing alternate sources of Energy :

1. The Company is generating steam from chemical recovery boilers wherein Black Liquor Dry Solids (by product of wood) is fired to generate steam and the same is confirmed as Renewable Biomass Source by Ministry of New & Renewable Energy (U&I Group), Government of India vide their letter no. 20/122/2011-U&I dated 09.01.2012. The steam generated from chemical recovery boilers was more than 55 % of total steam generation of the mill in the year 2022-23.
2. About 30000 MT of chipper dust (Biomass) which is generated during wood chipping is used in Power Boilers against coal i.e. About 10.3 % coal is replaced by chipper dust.

(iii) Details of investment made on Energy conservation schemes & savings achieved :

Total Investment	:	₹ 267.80 Lakhs
Monetary Benefit	:	₹ 496.80 Lakhs/annum
Coal Saving	:	3740 MT/annum
Power Saving	:	35.81 Lkwh/annum

(B) TECHNOLOGY ABSORPTION

(i) The efforts made towards technology absorption:

1. Cooking aid trial was taken and regularized at NFL which helped in reduction in some of the chemical consumption.
2. Shrink wrap packing introduced to eliminate high cost box packing for FS and A3 Copier Paper Packing .
3. Vibrating Screen installed on paper machine.

Annexure to Directors' Report (Contd.)

4. Ground floor waste water of paper machine being re-used in other machines through stock preparation disc filter.
5. Level controller installed at paper machines back water tank to control fibre loss.
6. Disc filter performance improved and now stock preparation super clear water is used in mould showers.
7. New product developed during the year 2022-2023 :
 - Wesco Cup Base.
 - Wesco Straw Fold, as replacement of plastic.
 - Wesco Dura Print for better production flexibility.
 - Wesco Duraleno Economical grade as replacement of high cost product.
 - Wesco Supershine lower GSM.
 - Wesco Prime lower GSM as per market requirement.
 - Wesco Eco Liner and Wesco Firma lower GSM as per market requirement.
 - Anti-Fungal Wet strength paper used in soap inner wrapper.

(ii) The benefits derived like product improvement, cost reduction, product development or imports substitution.

Improved productivity, better quality, cost reduction, conservation of valuable raw material & chemical and improved customer's satisfaction.

(iii) In case of imported technology (imported during the last three years reckoned from the beginning of the financial year): Not any

(iv) Total Recurring expenditure incurred during the financial year 2022-23 is ₹ 72.31 Lakhs.

(C) FOREIGN EXCHANGE EARNINGS AND OUTGO

The Foreign Exchange Earnings and Outgo were ₹ 2754.67 Lakhs and ₹ 9928.01 Lakhs respectively (₹3148.22 Lakhs and ₹ 5729.71 Lakhs previous year).

Management Discussion and Analysis

Global Economy

Overview: The global economy was estimated to have grown at a slower 3.2% in 2022, compared to 6% in 2021 (which was on a smaller base of 2020 on account of the pandemic effect). The relatively slow global growth of 2022 was marked by the Russian invasion of Ukraine, unprecedented inflation, pandemic-induced slowdown in China, higher interest rates, global liquidity squeeze and quantitative tightening by the US Federal Reserve.

The challenges of 2022 translated into moderated spending, disrupted trade and increased energy costs. Global inflation was 8.7% in 2022, among the highest in decades. US consumer prices increased about 6.5% in 2022,

the highest in four decades. The Federal Reserve raised its benchmark interest rate to its highest in 15 years. The result is that the world ended in 2022 concerned that the following year would be slower.

The global equities, bonds and crypto assets reported an aggregated value drawdown of USD26 trillion from the peak, equivalent to 26% of the global gross domestic product (GDP). In 2022, there was a concurrently unique decline in bond and equity markets; 2022 was the only year when the S&P 500 delivered negative returns of more than 10%.

Global FDI inflows – equity, reinvested earnings and other capital – declined

24% to nearly US\$1.28 trillion in 2022. Global trade expanded by 2.7% in 2022 (expected to slow to 1.7% in 2023). (Source: OECD, WTO data)

The S&P GSCI (benchmark for commodity investments and a measure of global commodity performance) fell from a peak of 4319.55 in June 2022 to 3,495.76 in December 2022. There was a sharp decline in crude oil, natural gas, coal, lithium, lumber, cobalt, nickel and urea realisations. Brent crude oil dropped from a peak of around USD 120 per barrel in June 2022 to USD 80 per barrel at the end of the calendar year following the enhanced availability of low-cost Russian oil.

Outlook: The global economy is projected to grow a weak 2.8% in 2023, marked by sustained Russia-Ukraine conflict and higher interest rates. Global inflation is projected to be 6.6% in 2023.

On the positive side, the reopening of China's economy after the waning of the pandemic, the decline in the European energy crisis and the robust US consumption outlook (despite high

inflation) remain positives. Interestingly, even as the global economy is projected to grow less than 3% for five years, India and China are likely to account for half the global growth in 2023 (Source: IMF).

Indian Economy

Overview: Even as the global conflict remained geographically distant from India, ripples comprised increased oil import bills, inflation, cautious government and a sluggish equity

market. India reported an estimated economic growth of 7.2% in FY 2022-23. India emerged as the second fastest-growing G20 economy in FY 2022-23. India had retained its position as the

fifth-largest global economy and was seen as a principal driver of the global economy (with China).

According to the India Meteorological Department, the year 2022 delivered 8% higher rainfall than the long-period average. India's wheat harvest was expected to fall to around 102 million metric tons (MMT) in 2022-23 from 107 MMT in the preceding year due to unseasonal rains. Rice production at 132 million metric tons (MMT) almost at par with the previous year's yield. Pulses acreage grew to 31 million hectares from 28. Due to a renewed focus, the oilseed area increased by 7.31% from 102.36 lakh hectares in 2021-22 to 109.84 lakh hectares in 2022-23.

India's auto industry grew 21% in FY23; passenger vehicles (UVs, cars and vans) reported impressive growth with retail sales hitting a record high of 3.9 million units in FY23, crossing the previous high of 3.2 million units in FY19. The commercial vehicles segment grew by 33%. Two-wheeler sales fell to a seven-year low; the three-wheeler category grew 84%.

India's exports (merchandise and services) have grown 14 percent over the same period of the previous year. As India's domestic demand remained

steady amidst a global slowdown, imports in April-March 2022-23 have grown 16.5 percent over the corresponding period of the previous year. India's exports in FY2021-22 were \$676 billion and achieved a record \$775 bn in FY23.

India's current account deficit, a crucial indicator of the country's balance of payments position, increased to \$67.1 billion or 2% of GDP from \$38.7 billion (1.2% of GDP) a year ago. India's fiscal deficit was estimated in nominal terms at ~ ₹ 17.55 lakh crore and 6.4% of GDP

Management Discussion and Analysis *(Contd.)*

for the year ending March 31, 2023.

India's headline foreign direct investment (FDI) numbers rose to a record \$84.8 billion in FY2021-22. However, during the fiscal year 2022-23, the country experienced a 16% decrease in foreign direct investment (FDI) inflows, amounting to \$71 billion on a gross basis. This decline can be attributed to the unfavourable global economic conditions and stands as the first contraction in FDI in the past ten years.

After three consecutive years of rise, India's foreign exchange reserves declined by around \$ 70 billion in 2022 amid rising inflation and interest rates. The country's forex reserves, which stood at \$606.47 billion on 1 April 2022, declined to \$578.44 billion on March 31, 2023. India's currency weakened from ₹ 75.91 to a US dollar to ₹ 82.34 as on 31 March 2023 due to a stronger dollar and weaker current account deficit.

The country's retail inflation, measured by the consumer price index (CPI), eased to 5.66% in March 2023. Inflation data on the wholesale Price Index, WPI (which calculates the overall prices of goods before selling at retail prices) eased to 1.3% during the period. In 2022, CPI hit its highest of 7.79% in April 2022; WPI reached its highest of 15.88% in May 2022.

India moved up in the Ease of Doing Business (EoDB) rankings from 100th in 2017 to 63rd in 2022. The government was estimated to have addressed 77% of

its disinvestment target (₹ 50,000 crore against a target of ₹ 65,000 crore).

In 2022-23, total receipts (other than borrowings) were estimated at 6.5% higher than the Budget estimates. Tax- GDP ratio was estimated to have improved by 11.1 percent Y-o-Y in RE 2022-23.

The total gross collection for FY23 was ₹18.10 lakh crore, an average of ₹1.51 lakh a month and up 22% from FY22, India's monthly goods and services tax (GST) collections hit the second highest ever in March 2023 to ₹ 1.6 lakh crore. For 2022-23, the government collected ₹16.61 lakh crore in direct taxes, according to data from the Finance Ministry. This amount is 17.6 percent more than what was collected in the previous fiscal.

Per capita income almost doubled in nine years to ₹ 172,000 during the year under review, a rise of 15.8 percent over the previous year. India's GDP per capita was 2,320 USD (March 2023), close to the magic figure of \$2500 when consumption spikes across countries.

Outlook: According to the World Bank April 2024 projections India's GDP is projected to expand by 6.3 percent in FY24, catalysed in no small measure by 35% capital expenditure growth by the government. The growth could also be driven by broad-based credit expansion, better capacity utilisation and improving trade deficits. Headline and core inflation rates could trend down. Private sector investments could

revive. India's retail inflation rate could decline from 6.6 percent to 5.2 percent in FY24.

The global landscape favours India: Europe is moving towards a probable recession, the US economy is slowing, China's GDP growth forecast of 4.4% is less than India's GDP estimate of 7.2% and America and Europe are experiencing its highest inflation in 40 years.

India's production-linked incentive appears to catalyse downstream sectors. Inflation is steady. India is at the cusp of making significant investments in renewable energy and other sectors and emerging as a suitable industrial supplement to China. India is poised to outpace Germany and Japan and emerge as the third-largest economy by the end of the decade.

The outlook for private business investment remained positive despite an increase in interest rates. India remains less exposed to Chinese economic weakness, with much less direct trade with China than many Asian peers.

Broad-based credit growth, improving capacity utilisation, government's thrust on capital spending and infrastructure should bolster investment activity. According to our surveys, manufacturing, services and infrastructure sector firms are optimistic about the business outlook. The protracted geopolitical tensions, tightening global financial conditions and slowing external demand are the downside risks.

Union Budget FY 2023-24

The Budget 2022-23 sought to lay the foundation for the future of the Indian economy through projects like PM Gati-Shakti, Inclusive Development, Productivity Enhancement & Investment, Sunrise Opportunities, Energy Transition and Climate Action, as well as Financing of Investments. The capital expenditure

of the Indian government expanded 35.4% from ₹ 5.54 lakh crore to ₹7.50 lakh crore. An outlay of ₹ 5.25 lakh crore was made to the Ministry of Defence (13.31% of the total Budget outlay). An announcement of nearly ₹ 20,000 crores was made for the PM Gati-Shakti National Master Plan to catalyse the infrastructure

sector. An expansion of 24,500 km was initiated for the national highways network. An outlay of ₹ 1.97 lakh crore was announced for Production Linked Incentive schemes across 13 sectors.

Management Discussion and Analysis *(Contd.)*

PULP AND PAPER INDUSTRY

Global

The global pulp and paper business is a significant economic sector, marked by applications in writing, printing and packaging. The global pulp and paper market was valued at around USD 387.6 billion in 2022 and is expected to surpass USD 477.7 billion by 2028 growing at a compounded annual growth rate(CAGR) of 3.5% during

the forecast period. China, the United States and Japan remained the three largest paper-producing countries, accounting for over 50% of the global output. North America held the largest share of the world's pulp and paper market, catalysed by increasing demand for packaging and consumer goods. India was the 15th largest global paper

producer, marked by a growing paper board consumption at a time when the North American and Europe markets are slowing. The one emerging trend is the growing gravitation towards eco-friendly production methods and the use of recycled materials.

Indian

India is arguably the fastest-growing paper market. The country's paper industry is projected to experience a sustained demand surge on account of a need for quality packaging boards in addition to a growing demand for value-added paper (copier, cup stock, base paper for making straws and paper bags and other single-use paper products). India's paper and pulp domestic market size of \$10.6 Bn. Paper consumption in India was approximately 22.05 MT

in FY23. Carton boards and container boards (corrugated boards) account for 55%, followed by writing and printing paper at 25%, specialty paper at 10% and newsprint at 10%. The country is expected to grow 6-7% a year to reach 30 million tonnes by FY 2026-27, catalysed by robust growth in the packaging board. The consumer packaging segment is expected to grow by 9.5% CAGR, driven by increased volumes of household appliances, FMCG products,

ready-made garments, pharmaceuticals and e-commerce. The ban on single-use plastics is likely to increase the demand for paper-based alternatives. There has been a steady capacity increase in the packaging paper segment from FY2017 to FY2023; 2.4 lakh tonnes per annum has been added and another 4.0 lakh tonnes per annum is anticipated to be added by FY24.

Management Discussion and Analysis *(Contd.)*

Outlook: The Indian sector business is estimated at \$13.4 billion by 2024, with annual paper demand expected to increase 6-7 percent, reaching 30

MTPA by FY26-27. The paper sector has demonstrated adaptability, but technical developments will be critical for quality, export and growth. Backward

integration will be required for raw material security; capacity expansion will influence viability. (Source: moneycontrol.com)

Indian paper industry personality

Core: India's paper industry is considered a core sector, contributing significantly to the economy.

Cyclical: The industry is cyclical; its performance is linked to the health of

the global market and resource costs.

Versatile: The Indian paper industry comprises more than 850 paper mills (21% based on wood, 71% on recycled fibre and 8% on agro-residues). The

industry produces writing & printing paper, packaging grade paper, newsprint paper, specialty paper and tissue paper.

Paper market demand drivers in India

Headroom: India's per capita paper usage is roughly 13 kg, well below the global average of 57 kg, which provides a large consumption headroom

Eco-friendly packaging: There is a growing shift towards environment-friendly paper and packaging materials

Packaging market: The Indian paperboard market is a growing proxy

of the consumption-driven boom in the country; the Indian packaging market is expected to reach USD 204.81 bn by 2025.

Health/sanitation: The pandemic has catalysed the demand for specialty paper products (tissue, wipes, etc.). India's tissue and hygiene paper market is projected to grow 4.47% (2023-2027) to US\$47.36 bn by 2027.

Exports: India exports paper to various countries including those in the Middle East, Africa, Southeast Asia and Europe. The high quality and cost-effectiveness of Indian paper have made it a popular choice for businesses and individuals in these regions.

Management Discussion and Analysis *(Contd.)*

Sectoral opportunities

The Indian paper industry's growth has been marked by robust packaging and health & hygiene segment demand, catalysed by rising incomes, growing per capita expenditure and urbanisation.

Literacy: With the reopening of schools and rising enrolment numbers, increasing literacy (continued government thrust on education through various schemes) is expected to increase expenditure on textbooks, notebooks and paper products.

Health and hygiene: The demand for medical-grade tissues has risen,

along with higher office and paper consumption in hospitals.

Population growth: A growing Indian 'earning population' has enhanced disposable incomes.

Rising digital print industry: The digital printing industry is seeing significant transformations with new technologies and applications providing cost-effective and customized solutions.

Green packaging: The Indian paper packaging industry is growing on account of better paper packaging quality, consumer choice and a shift

towards eco-friendly alternatives.

Diversification: Paper companies are diversifying their product portfolio by producing hygiene products like facial tissues and household items like paper towels.

E-commerce boom: The Indian e-commerce industry is expected to grow to USD 200 billion by 2026, catalysed by smartphones and influencing the demand for packaging boards.

Sectoral threats

Digitalization: As the world shifts towards digital platforms, paper demand could decline.

Volatility: Wastepaper and pulp are critical paper raw materials, around

57% of the cost of sales. These costs are subject to fluctuations, affecting profits.

Environmentally regulated: The pulp and paper industry is energy- and water-intensive. Paper mills are

regulated by government bodies for their environmental compliance.

Segment mix and market outlook

Writing & printing: Quality printing and writing paper addresses the needs of modern print houses and the education sector (60%). This market segment is growing nominally following digitalisation even as the country's share of the global writing & printing paper segment is expected to increase from 7% to 11% by 2024. (source: technavio.com)

Packaging grade papers: The global paper packaging market size reached US\$ 416.5 Billion in 2022 and is expected to reach US\$ 503.1 billion by 2028. More than 49% of the paper produced in India is used for packaging. (source: businesswire.com, care ratings)

Paper cup stock: Paper cups are single-use disposable small container products, popular owing to biodegradability and

environmental friendliness. The paper cup market is expected to increase at a 3.10% CAGR from 2023 to 2030, reaching USD 13.55 billion, up from USD 10.61 billion in 2022. The growing popularity of takeaway services and ready-to-eat meals has catalysed demand. (source: databridgemarketresearch.com)

OPTIC FIBRE CABLE INDUSTRY

Global

The global optic fibre cable market is set to grow rapidly, expanding from 538 Million Fibre-kilometers (MF-km) in 2022 to an estimated 655 M F-km by 2027.

Despite concerns about a potential recession, demand forecasts for Europe and USA remain stable. The Asia-Pacific led the way in the optic fibre cable

market, driven by growing demand for faster connection speeds and increased bandwidth. (Source: CRU report)

Management Discussion and Analysis *(Contd.)*

Global growth drivers

Fibre to the Home (FTTH): Worldwide FTTH networks passed 7.9 million additional homes in 2022 despite supply chain and labour constraints, assisted by government funding.

Europe: While the Western European market has seen some softness, it aims to pass 25 million homes by 2026.

USA: In July 2022, the US Department of Agriculture (USDA) pledged to invest USD 401 million to provide 31,000 rural residents and businesses in 11 states with access to high-speed internet, catalysing sectorial spending.

China: This country's cable industry is expected to see demand growth of 8%

in 2023, catalysed by the 5G network, infrastructure projects and high-speed internet services demand.

These growth estimates are despite the ongoing Russia-Ukraine war, inflation and elevated deployment costs.

Indian Optic fibre cable industry

The India optic fibre market was pegged at USD 471 million in FY2023 and is expected to grow at a CAGR of 6% to USD 601 million by FY28. The Indian optical fibre market is likely to be catalysed by a continuous reduction in data cost, increasing need for fast networking and network services, growing broadband penetration, rising demand for optical communication and sensing applications and growing adoption of fibre-to-the-home (FTTH) connectivity. The Indian government's

investments in optic fibre network cable (OFC network) infrastructure, Digital India and Smart Cities Mission are expected to expand the market. Besides, the market is expected to be catalysed by National Digital Communications Policy (BharatNet and National Broadband Mission). The Budgetary allocation under the Ministry of Electronics and IT increased 41% over the revised FY23 Budget to INR 4,795 crore in addition to INR 3,000 crore for the development of semiconductors, display manufacturing,

sensors, compound semiconductors and silicon semiconductor fabs.

Outlook: The Indian optic fibre cable market is set to experience rapid growth, expanding from 22 Million Fibre-kilometers (M F-km) in 2023 to 30 M F-km by 2027. Despite ordering delays, the India fibre optics market is expected to report attractive growth through the BharatNet program and 5G deployment. (Source: CRU report)

Management Discussion and Analysis *(Contd.)*

Indian growth drivers

Increasing demand for high-speed internet: With the increasing demand for high-speed internet and data-intensive applications, such as video streaming and cloud-based services, there is a growing need for high-speed and reliable data transmission. Fibre optics cable offers superior data transmission speeds compared to traditional copper cables and infinite bandwidth capabilities making it the preferred choice for high-speed internet

and data-intensive applications.

Need for reliable and secure communication: Fibre optics cable is less susceptible to interference and signal degradation compared to copper cables, making it the preferred choice for mission-critical applications that require reliable and secure communication, such as military and aerospace applications. Fibre optics cable is also lightweight, easy to install and more durable.

Technological advancements: The development of new fibre optics technologies, such as bend-insensitive fibres and multi-core fibres, can create new opportunities for the market. These technologies offer improved performance and lower costs, making fiber optics cable more accessible to a wider range of applications with higher capacity.

Sectoral opportunities

Growing adoption of IoT: The increasing adoption of the Internet of Things (IoT) is expected to create new opportunities for the fibre optics cable market. IoT devices require fast and reliable connectivity and fibre optics cable provides the necessary

infrastructure to support these devices.

Expansion of 5G networks: The deployment of 5G networks requires high-speed and reliable connectivity, which can be provided by fibre optics cable.

Overall value: Optic fibre cables offer high speed, bandwidth, reliability, low attenuation and security and require less maintenance compared to copper cables. They are difficult to tap or intercept, ensuring high security.

Sectoral threats

Substitution: There has been lower growth in wired broadband connections following the emergence of wireless mobile internet access.

Competition: The optic fibre cable market is competitive, which can lead to

price wars, reduced profit margins and market saturation.

Technological advancement: The optic fibre cable market is exposed to technological advancement; as legacy technologies become obsolete,

demand and profits could moderate.

Regulatory changes: Changes in environmental regulations can increase the cost of manufacture and installation, while changes in telecommunications policies can affect demand.

Company overview

West Coast Paper Mills Ltd. (WCPML) is the flagship Company of the fast-growing Industrial business house "SK Bangur Group". The Company is headquartered in Kolkata. Established in 1955, WCPML produces paper products at its manufacturing facility in Dandeli (Karnataka) with a capacity of 320000 metric tonnes per annum (MTPA). The Company is self-sufficient for pulp with a corresponding capacity of 255000 MTPA and a captive power generation capacity of 74.8 megawatts. WCPML distributes products pan-India through

dealerships. In FY2020, the Company acquired a majority stake in APL, a Company that manufactures writing, printing and cut-size papers for the domestic and overseas markets. APL had a production capacity of 250000 MTPA as on 31 March 2023.

West Coast Optilinks (WCO), (Division of WCPML) formerly known as Sudarshan Telecom, is a prominent Indian manufacturer and exporter of Optical Fibre Cables. The Company boasts a cutting-edge manufacturing facility located in the Hi-Tech Electronics

zone in Mysore. WCO began its commercial operations in 1996 and has since then been producing a wide range of Optical Fiber Cables for various applications. Currently, WCO is in the process of setting up its own Optical Fibre Draw towers factory in Rangareddy, Hyderabad and construction activities are underway. The Company is also constructing a new Optical Fibre cable manufacturing plant at the same site in Rangareddy, Hyderabad, which will be its second facility after Mysore.

Management Discussion and Analysis *(Contd.)*

Value impact (production)

In our Paper and Paper Board segment, we achieved a remarkable year-on-year production increase of approximately 6.11%. This growth can be attributed to our ability to meet the rising demand for paper and paperboard products. With production volumes reaching 314,919 tonnes in FY2023, up from 296,785 tonnes in FY2022, we have demonstrated our agility and responsiveness in addressing market demand. This significant increase positions us favourably in the industry, allowing us to capture a larger market share and expand our customer base.

Similarly, in the Optical Fibre Cable segment, we experienced a noteworthy year-on-year production increase of

about 13.54%. Our production quantities rose from 63,630 kilometers in FY2022 to 72,246 kilometers in FY2023. This growth showcases our ability to adapt to the growing demand for optical fibre cables and indicates our commitment to staying ahead in a rapidly evolving market. By expanding our production capacity, we are positioned to service the increasing needs of our customers and capitalize on emerging opportunities.

Value impact (sales)

In the Paper and Paper Board segment, we witnessed a modest year-on-year increase of around 2.18% in sales volume, with volumes rising from 303,715 tonnes in FY2022 to 310,349 tonnes in FY2023. While the growth rate may seem moderate, it signifies our

ability to maintain steady sales and meet customer requirements in a competitive market. This consistent performance positions us attractively for expansion and sustained market presence.

On the other hand, the Optical Fibre Cable segment experienced a substantial year-on-year sales volume increase of approximately 28.23%. Sales volumes rose from 63,470 kilometers in FY2022 to 81,388 kilometers in FY2023, indicating strong market demand for optical fibre cables and our ability to effectively meet and exceed customer expectations. This impressive growth showcases our competitiveness in the segment and our capacity to seize opportunities in the rapidly expanding telecommunications industry.

Risk management

The Company has implemented a comprehensive risk framework to identify, assess and mitigate risks. The framework comprises risk mapping, trend analysis, risk exposure evaluation and potential impacts assessment. The Board and Risk Management Committee review risks and recommend measures to manage/mitigate, them through a well-defined risk management framework outlined in the Risk Management Policy.

Environmental Sustainability:

The Company invested in a state-of-the-art effluent treatment plant and 100% elemental chlorine-free bleaching in 2010. It complies with all the prescribed norms under the Environment

Protection Act, of 1986 and other environmental regulations, including the CREP requirements.

Water and energy conservation:

The Company took measures to reduce water consumption; it decreased specific energy consumption to comply with the norms prescribed under PAT-Cycle-II.

Business environment risk: The mature and capital-intensive paper industry is exposed to competition and unpredictable market dynamics.

Mitigation: To mitigate this risk, the Company ensures adequate access to low-cost resources that make it competitive across market cycles.

Realizations risk: Declining realizations could affect the Company's profitability.

Mitigation: The Company has broad-based its portfolio risk (across writing and printing paper, packaging paper and specialty paper) so that it can capitalise on increased literacy, e-commerce and the growing demand for product packaging.

Raw materials risk: An inability to procure raw materials could impact operations.

Mitigation: The Company implemented a clonal plantation program to augment wood availability; it distributes subsidized seedlings. The company procures 50 percent of its plantation wood from within 300 km.

Management Discussion and Analysis *(Contd.)*

The Company also procures hardwood (Casuarina, Eucalyptus, Subabul and Acacia) from cultivators in Karnataka, Tamil Nadu and Andhra Pradesh. The Company imports pinewood pulp to manufacture specialty paper.

Quality risk: An inability to address customer demand for quality products could impact the Company's brand.

Mitigation: The Company invested in systems and processes to manufacture quality products. The Company was accredited with ISO 9001:2015 QMS, 14001:2015 EMS, ISO 45001:2018 OHSMS and FSC-certified products, validating its quality commitment.

Human resource risk: Unforeseen talent attrition could affect

competitiveness.

Mitigation: The Company has implemented various HR initiatives to retain talent apart from conducting structured training programs and succession planning for critical positions. Attrition analysis is being done through the exit interview process.

Liquidity risk: The paper industry is capital-intensive; liquidity risks can be of concern.

Mitigation: The company enjoys healthy cash flows from operations, a strong cash balance and a modestly exercised working capital limit. WCPML can service near-term commitments through accruals while retaining substantial cash.

Environmental risk: Paper mills are regulated to reduce environmental impact; this can warrant costly investments and limit their capacity to grow.

Mitigation: The company installed water-saving measures. Water use per tonne of product declined from 66 m³/MT in FY2022 to 58 m³/MT in FY2023. The firm obtained pulp wood from private parties, captive plantations, agricultural forestry programs and the Karnataka State Government. The Forest Stewardship Council Chain of Custody and Forest Stewardship Council Managed Wood certifications for pulp wood validated that the paper made from wood was socially and ecologically responsible.

Internal control systems and their adequacy

The Company has established an efficient internal control system for its business processes to ensure operational efficiency, financial reporting and compliance with applicable laws and regulations. Well-defined roles and responsibilities have been institutionalized for all managerial positions. All operating parameters are monitored and controlled and regular internal audits and checks are conducted to ensure effective execution of responsibilities. The

adequacy and effectiveness of the internal control systems are periodically reviewed by the Audit Committee of the Board of Directors, which suggests improvements to strengthen them. The Company has implemented a process-driven framework for Internal Financial Controls (IFC) in accordance with the explanation of Section 134(5) (e) of the Companies Act, 2013. For the fiscal year ended March 31, 2023, the Company has sound IFC commensurate with the nature and size of its business operations

that are operating effectively and no material weakness exists. The Company continuously monitors and identifies gaps, if any and implements new and/or improved controls wherever the effect of such gaps would have a material effect on the Company's operations. The Committee members review the performance of the Statutory Auditors and Internal Auditors and take note of the adequacy of the Internal Financial Control System

Human resources

The employees of the company are considered as its most valuable resource and the company recognizes the importance of aligning human resource practices with business priorities and objectives. The workforce is the key strategic pillar that drives the business processes to attain the company's vision.

The company has maintained a healthy and cordial industrial relationship with its employees, who have been equal partners in implementing company policies and achieving stretched operational targets. During the year, the company's industrial relations remained cordial and the newly elected JNC

demanding permanency of all contract workers and indulged in illegal contract workers strike on 22.02.2023. The issue was resolved amicably. As of March 31, 2023, the company employed 2415 employees.

3. The compliance of conditions of corporate governance is the responsibility of the management. This responsibility includes the designing, implementing, and maintaining operating effectiveness of internal control to ensure compliance with the conditions of corporate governance as stipulated in the Listing Regulations.

Auditor's Responsibility

4. Pursuant to the requirements of the Listing Regulations, our responsibility is to express a reasonable assurance in the form of an opinion as to whether the Company has complied with the conditions of corporate governance as stated in paragraph 2 above. Our responsibility is limited to examining the procedures and implementation thereof, adopted by the Company for ensuring the compliance with the conditions of corporate governance. It is neither an audit nor an expression of opinion on the financial statements of the Company.
5. We have examined the relevant records of the Company in accordance with the applicable Generally Accepted Auditing Standards in India, the Guidance Note on Certification of Corporate Governance issued by the Institute of Chartered Accountants of India (the 'ICAI'), and the Guidance Note on Reports or Certificates for Special Purposes issued by the ICAI which requires that we comply with the ethical requirements of the Code of Ethics issued by the ICAI.
6. We have complied with the relevant applicable requirements of the Standard on Quality Control (SQC) 1, Quality Control for Firms that Perform Audits and Reviews of Historical Financial Information, and Other Assurance and Related Services Engagements.

Opinion

7. Based on the procedures performed by us and to the best of our information and according to the explanations provided to us, in our opinion, the Company has complied, in all material respects, with the conditions of corporate governance as stipulated in Listing Regulations during the year ended March 31, 2023.

We state that such compliance is neither an assurance as to the future viability of the Company nor the efficiency or effectiveness with which the management has conducted the affairs of the Company.

Restriction on use

INDEPENDENT AUDITOR'S REPORT

To the Members of West Coast Paper Mills Limited

Report on the Audit of the Standalone Financial Statements

Opinion

We have audited the accompanying standalone financial statements of **West Coast Paper Mills Limited** ("the Company"), which comprise the Balance Sheet as at March 31, 2023, the Statement of Profit and Loss, including the statement of Other Comprehensive Income, the Cash Flow Statement and the Statement of Changes in Equity for the year then ended, and notes to the financial statements, including a summary of significant accounting policies and other explanatory information (hereinafter referred to as "the financial statements").

In our opinion and to the best of our information and according to the explanations given to us, the aforesaid standalone financial statements give the information required by the Companies Act 2013 ("The Act" or "Act") in the manner so required and give a true and fair view in conformity with the Indian Accounting Standards prescribed under section 133 of the Act read with the Companies (Indian Accounting Standards) Rules, 2015, as amended, ("Ind AS") and other accounting principles generally accepted in India, of the state of affairs of the Company as at March 31, 2023, its profit including other comprehensive income, its cash flows and the changes in equity for the year ended on that date.

Basis for Opinion

We conducted our audit of the standalone financial statements in accordance with the Standards on Auditing (SAs), as specified under section 143(10) of the Act. Our responsibilities under those Standards are further described in the 'Auditor's Responsibilities for the Audit of the standalone Financial Statements' section of our report. We are independent of the Company in accordance with the 'Code of Ethics' issued by the Institute of Chartered Accountants of India together with the ethical requirements that are relevant to our audit of the financial statements under the provisions of the Companies Act, 2013 and the Rules thereunder, and we have fulfilled our other ethical responsibilities in accordance with these requirements and the Code of Ethics. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the standalone financial statements.

Key Audit Matters

Key audit matters are those matters that, in our professional judgment, were of most significance in our audit of the standalone financial statements for the financial year ended March 31, 2023. These matters were addressed in the context of our audit of the standalone financial statements as a whole, and in forming our opinion thereon, and we do not provide a separate opinion on these matters. For each matter below, our description of how our audit addressed the matter is provided in that context.

Key audit matters	How our audit addressed the key audit matter
<p>1. Revenue Recognition (Refer Note 1 (III) (h) and 28 to the Standalone financial Statements)</p> <p>Revenue is recognized at an amount that reflects the consideration to which the Company expects to be entitled in exchange for transferring goods to a customer. The revenue recognition occurs at a point in time when the control of the goods is transferred to the customer.</p> <p>We focussed on this area as a key audit matter as the value is significant and inherent risk exists of revenue being recognized before the control is transferred, including risk of incorrect timing of estimation related to recording the discounts and rebates.</p>	<p>As part of our audit procedures, we:</p> <ul style="list-style-type: none"> ➤ Read the Company's accounting policy for revenue recognition and assessed compliance with the requirements of Ind AS 115. ➤ Evaluated the design, tested the implementation and operating effectiveness of the Company's internal controls including general IT controls and key IT application controls over recognition of revenue. ➤ On a sample basis, tested supporting documentation for sales transactions which included sales invoices, customer contracts and shipping documents.

Independent Auditor's Report *(Contd.)*

	<ul style="list-style-type: none"> ➤ Tested revenue samples focused on sales recorded immediately before the year-end, obtained evidence as regards timing of revenue recognition, based on terms and conditions of sales contracts and delivery documents. ➤ Assessed disclosures in financial statements in respect of revenue, as specified in Ind AS 115.
<p>2. Provisions and contingent liabilities related to taxation, litigation and claims (Refer Note 39 to the Standalone financial statements)</p>	
<p>The Company has ongoing litigations with various regulatory and tax authorities and third parties. Where an outflow of funds is believed to be probable and a reliable estimate of the outcome of the dispute can be made based on management's assessment of specific circumstances of each dispute and relevant external advice, management provides for its reliable estimate of the liability. Such accruals are by nature complex and can take number of years to resolve and can involve estimation uncertainty.</p> <p>Due to the level of judgement relating to recognition, valuation and presentation of provisions and contingent liabilities, this is considered to be a key audit matter</p>	<p>As part of our audit procedures, we:</p> <ul style="list-style-type: none"> ✓ Obtained an understanding of management's process to identify new obligations and changes in existing obligations for compliance with Ind AS 12 – Income taxes and Ind AS 37 - Provisions, Contingent Liabilities and Contingent Assets. ✓ analysed significant changes in material provisions from prior periods and obtained a detailed understanding of these changes and assumptions applied. ✓ Our audit procedures related to material provisions recognised and contingent liabilities disclosed in the standalone financial statements included: <ul style="list-style-type: none"> ● Assessment of the recognition criteria for the liability; ● Evaluation of the methodology adopted by management for the measurement of the liability; ● Assessment of the other key measurement assumptions and inputs. ● We have obtained opinions and confirmations from internal /external experts and legal counsel, where necessary, which we have relied upon. ✓ We reviewed the minutes of the Board meetings including other committees to evaluate the process and controls over obligations operated by management. ✓ Testing of the mathematical accuracy of the measurement calculation. ✓ We assessed the appropriateness of the presentation of the most significant contingent liabilities in the financial statements.

Information Other than the Financial Statements and Auditor's Report Thereon

The Company's management and Board of Directors is responsible for the other information. The other information comprises the information included in the Annual report, but does not include the standalone financial statements and our auditor's report thereon. The Annual Report is expected to be made available to us after the date of this auditor's report.

Our opinion on the standalone financial statements does not cover the other information and we do not express any form of assurance conclusion thereon.

In connection with our audit of the standalone financial statements, our responsibility is to read the other information and in doing so, consider whether the other information is materially inconsistent with the financial statements or our knowledge obtained in the audit or otherwise appears to be materially misstated. If, based on the work we have performed, we conclude that there is a material misstatement of this other information. We are required to report that fact. We have nothing to report in this regard. When we read the Annual Report, if we conclude that there is a

Independent Auditor's Report *(Contd.)*

material misstatement therein, we are required to communicate the matter to those charged with governance and take necessary actions, as applicable under the applicable laws and regulations.

Responsibilities of Management for the Standalone Financial Statements

The Company's management and Board of Directors is responsible for the matters stated in section 134(5) of the Act with respect to the preparation of these standalone financial statements that give a true and fair view of the financial position, financial performance including other comprehensive income, cash flows and changes in equity of the Company in accordance with the accounting principles generally accepted in India, including the Indian Accounting Standards (Ind AS) specified under section 133 of the Act read with [the Companies (Indian Accounting Standards) Rules, 2015, as amended]. This responsibility also includes maintenance of adequate accounting records in accordance with the provisions of the Act for safeguarding of the assets of the Company and for preventing and detecting frauds and other irregularities. Selection and application of appropriate accounting policies; making judgments and estimates that are reasonable and prudent; and the design, implementation and maintenance of adequate internal financial controls, that were operating effectively for ensuring the accuracy and completeness of the accounting records, relevant to the preparation and presentation of the standalone financial statements that give a true and fair view and are free from material misstatement, whether due to fraud or error.

In preparing the standalone financial statements, management is responsible for assessing the Company's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless management either intends to liquidate the Company or to cease operations, or has no realistic alternative but to do so.

Those charged with governance are also responsible for overseeing the Company's financial reporting process.

Auditor's Responsibilities for the Audit of the Standalone Financial Statements

Our objectives are to obtain reasonable assurance about whether the standalone financial statements as a whole are free from material misstatement, whether due to fraud or error and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with SAs will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these standalone financial statements.

As part of an audit in accordance with SAs, we exercise professional judgment and maintain professional skepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the standalone financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances. Under section 143(3)(i) of the Act, we are also responsible for expressing our opinion on whether the Company has adequate internal financial controls system in place and the operating effectiveness of such controls.
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by management.
- Conclude on the appropriateness of management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Company's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Company to cease to continue as a going concern.

Independent Auditor's Report *(Contd.)*

- Evaluate the overall presentation, structure and content of the standalone financial statements, including the disclosures and whether the standalone financial statements represent the underlying transactions and events in a manner that achieves fair presentation.

Materiality is the magnitude of misstatements in the financial statements that, individually or in aggregate, makes it probable that the economic decisions of a reasonably knowledgeable user of the financial statements may be influenced. We consider quantitative materiality and qualitative factors in (i) planning the scope of our audit work and in evaluating the results of our work and (ii) to evaluate the effect of any identified misstatements in the financial statements.

We communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

We also provide those charged with governance with a statement that we have complied with relevant ethical requirements regarding independence and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence and where applicable, related safeguards.

From the matters communicated with those charged with governance, we determine those matters that were of most significance in the audit of the standalone financial statements for the financial year ended March 31, 2023 and are therefore the key audit matters. We describe these matters in our auditor's report unless law or regulation precludes public disclosure about the matter or when, in extremely rare circumstances, we determine that a matter should not be communicated in our report because the adverse consequences of doing so would reasonably be expected to outweigh the public interest benefits of such communication.

Report on Other Legal and Regulatory Requirements

1. As required by the Companies (Auditor's Report) Order, 2020, issued by the Central Government of India in terms of sub-section (11) of section 143 of the Act, (hereinafter referred to as the "Order"), we give in the "Annexure A" statement on the matters specified in paragraphs 3 and 4 of the Order.
2. As required by Section 143(3) of the Act, we report that:
 - (a) We have sought and obtained all the information and explanations which to the best of our knowledge and belief were necessary for the purposes of our audit.

to the Independent Auditor's Report

(Referred to in paragraph 2 (f) of the Independent Auditors' Report of even date to the members of WEST COAST PAPER MILLS LIMITED on the Standalone financial Statements as of and for the year ended March 31, 2023)

Report on the Internal Financial Controls under Clause (i) of Sub-section 3 of Section 143 of the Companies Act, 2013 ('the Act')

1. We have audited the internal financial controls over financial reporting of West Coast Paper Mills Limited ('the Company') as of March 31, 2023 in conjunction with our audit of the Financial Statements of the Company for the year ended on that date.

Management's Responsibility for Internal Financial Controls

2. The Company's management is responsible for establishing and maintaining internal financial controls based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls over Financial Reporting issued by the Institute of Chartered Accountants of India ('ICAI'). These responsibilities include the design, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring the orderly and efficient conduct of its business, including adherence to Company's policies, the safeguarding of its assets, the prevention and detection of frauds and errors, the accuracy and completeness of the accounting records, and the timely preparation of reliable financial information, as required under the Act.

Auditor's Responsibility

3. Our responsibility is to express an opinion on the Company's internal financial controls over financial reporting based on our audit. We conducted our audit in accordance with the Guidance Note on Audit of Internal Financial Controls over Financial Reporting (the 'Guidance Note') and the Standards on Auditing, issued by ICAI and deemed to be prescribed under section 143(10) of the Companies Act, 2013, to the extent applicable to an audit of internal financial controls, both applicable to an audit of Internal Financial Controls and, both issued by the Institute of Chartered Accountants of India. Those Standards and the Guidance Note require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether adequate internal financial controls over financial reporting was established and maintained and if such controls operated effectively in all material respects.
4. Our audit involves performing procedures to obtain audit evidence about the adequacy of the internal financial controls system over financial reporting and their operating effectiveness. Our audit of internal financial controls over financial reporting included obtaining an understanding of internal financial controls over financial reporting, assessing the risk that a material weakness exists, and testing and evaluating the design and operating effectiveness of internal control based on the assessed risk. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error.
5. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the Company's internal financial controls system over financial reporting.

Meaning of Internal Financial Controls over Financial Reporting

6. Company's internal financial control over financial reporting is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of financial statements for external purposes in accordance with generally accepted accounting principles. A Company's internal financial control over financial reporting includes those policies and procedures that
 - (1) Pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the Company;
 - (2) Provide reasonable assurance that transactions are recorded as necessary to permit preparation of financial statements in accordance with generally accepted accounting principles, and that receipts and expenditures

Annexure – B

to the Independent Auditor's Report *(Contd.)*

of the Company are being made only in accordance with authorizations of management and directors of the Company; and

- (3) Provide reasonable assurance regarding prevention or timely detection of unauthorized acquisition, use, or disposition of the Company's assets that could have a material effect on the financial statements.

Inherent Limitations of Internal Financial Controls Over Financial Reporting

7. Because of the inherent limitations of internal financial controls over financial reporting, including the possibility of collusion or improper management override of controls, material misstatements due to error or fraud may occur and not be detected. Also, projections of any evaluation of the internal financial controls over financial reporting to future periods are subject to the risk that the internal financial control over financial reporting may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

Opinion

8. In our opinion, the Company has, in all material respects, an adequate internal financial controls system over financial reporting and such internal financial controls over financial reporting were operating effectively as at March 31, 2023, based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting issued by the Institute of Chartered Accountants of India.

The Company's Mysore Plant produces Optical Fibre Cable which cater requirement of telecom sector of India.

II. Basis of Preparation of Financial Statements:

a) Statement of Compliance:

The Financial Statements of the Company, are prepared in accordance with the Indian Accounting Standards (Ind AS) under the historical cost convention on the accrual basis. The Ind AS are prescribed under section 133 of the Companies Act, 2013 and the relevant provisions thereof.

b) Basis of Preparation:

Accounting policies have been consistently applied except where a newly issued Accounting Standard is initially adopted or a revision to an existing Accounting Standard requires a change in the accounting policy hitherto in use. The Company has prepared these Financial Statements as per the format prescribed in Schedule III to the Companies Act, 2013.

c) Functional and Presentation Currency:

The Financial Statements have been presented in Indian Rupees (INR), which is the Company's functional currency. All financial information presented in INR has been rounded off to the nearest two decimals of Lakhs unless otherwise stated.

d) Use of Estimates:

The preparation of the Financial Statements in conformity with the Ind AS requires Management to make estimates and assumptions. These estimates and assumptions affect the reported amount of assets and liabilities, disclosure of contingent liabilities as on the date of the Financial Statements and the reported amount of revenues and expenses during the reporting period. Difference between the actual results and estimates are recognized in the period in which the results are known/ materialized.

e) Classification of Assets and Liabilities as Current and Non-Current:

All Assets and Liabilities have been classified as Current or Non-Current as per the Company's normal operating cycle and other criteria set out in the Schedule III to the Companies Act, 2013. Based on the nature of product & activities of the Company and their realisation in cash and cash equivalent, the Company has determined its operating cycle as twelve months for the purpose of Current and Non-Current classification of assets and liabilities. Deferred tax assets and liabilities are classified as Non-current assets and liabilities.

III. Significant Accounting Policies:

a) Property, Plant and Equipments (PPE):

PPE are stated at cost of acquisition (net of Tax / Duty credit availed) or construction less accumulated depreciation and impairment loss, if any. Cost includes any directly attributable cost of bringing each asset to its working condition for intended use.

Assets under installation or under construction as at Balance Sheet date are shown as Capital work in progress together with project expenses.

Notes to Standalone Financial Statements

as at and for the year ended March 31, 2023 (Contd.)

Subsequent expenditure on major maintenance or repairs includes the cost of the replacement of parts of assets and overhaul costs. Where an asset or part of an asset is replaced and it is probable that future economic benefits associated with the item will be available to the Company, the expenditure is capitalised and the carrying amount of the item replaced is derecognised. Similarly, overhaul costs associated with major maintenance are capitalised and depreciated over their useful lives where it is probable that future economic benefits will be available and any remaining carrying amounts of the cost of previous overhauls are derecognised.

Decommissioning Liability:

Cost of PPE also includes the estimate of the costs of dismantling and removing the item and restoring the land back on vacant conditions at the end of lease period. The Company has estimated such costs being the present value of future liability for decommissioning. Such costs are capitalized and a provision of the equivalent amount has been created. The provision is periodically increased by adding the interest cost at the IRR determined by the Company.

Disposal of Assets:

An item of PPE is derecognised upon disposal or when no future economic benefits are expected to arise from the continued use of the asset. Any gain or loss arising on the disposal or retirement of an item of PPE is determined as the difference between net disposal proceeds and the carrying amount of the asset and is recognised in the Statement of Profit and Loss.

Intangible Assets:

Intangible Assets are stated at cost of acquisition less accumulated depreciation & impairment loss, if any.

An intangible asset is derecognised on disposal, or when no future economic benefits are expected from use. Gains or losses arising from derecognition of an intangible asset, measured as the difference between the net disposal proceeds and the carrying amount of the asset are recognised in the Statement of Profit and Loss when the asset is derecognised.

b) Depreciation & Amortization:

The Company depreciates PPE over their estimated useful lives as per the provisions of the Schedule II of the Companies Act, 2013. The estimated useful lives of PPE are as follows:

Sr. No.	Particulars	Useful Life	Method
1.	Factory Buildings	30	WDV
2.	Non Factory Buildings	60	WDV
3.	Plant, Machinery & Equipments*	05-20	WDV
4.	Furniture, Fixtures and office equipments*	05-10	WDV
5.	Motor Vehicles	08-10	WDV
6.	Computers & other IT Assets	03	WDV
7.	Roads & Drainage*	20	WDV
8.	Intangible Assets*	03	WDV

*Based on technical evaluation, the Management believes that the useful lives as given above best represents the period over which Management expects to use these assets. Hence, the useful lives for these assets are different from the useful lives as prescribed under Part C of Schedule II of the Companies Act, 2013.

In respect of incremental cost arising on account of realized / notional gain / loss on foreign currency liability for acquisition of fixed assets, depreciation is provided over the remaining residual life of the respective assets.

Assets individually costing ₹ 5,000 and below are fully depreciated in the period of acquisition in the year of acquisition.

Right to use assets (Lease Hold Land) is amortised on straight line method over the period of lease.

Depreciation methods, useful lives and residual values are reviewed at least at the end of each financial year.

Notes to Standalone Financial Statements

as at and for the year ended March 31, 2023 (Contd.)

c) Investment Properties:

Investment properties held to earn rentals or for capital appreciation or both are stated in the Balance Sheet at cost, less accumulated depreciation and subsequent impairment losses. Any gain or loss on disposal of investment property is determined as the difference between net disposal proceeds and the carrying amount of the property and is recognised in the Statement of Profit and Loss. Transfer to, or from, investment property is done at the carrying amount of the property.

d) Impairment of Assets:

The carrying amounts of assets are reviewed at each Balance Sheet date to determine if there is any indication of impairment based on internal / external factors. An impairment loss is recognized whenever the carrying amount of an asset exceeds its recoverable amount. The recoverable amount is the greater of the net selling price and value in use. In assessing the value in use, the estimated future cash flows are discounted to their present value based on an appropriate discount factor. The impairment loss recognized in the prior accounting years is reversed if there has been a change in the estimate of recoverable amount.

e) Assets held for Sale:

The Company recognize Assets for Sale of those assets which are not in use and identified for sale / disposal. The same is valued at net carrying amount or realizable value whichever is lower.

f) Investments:

Investment in subsidiary & associates

The investments are classified as Non-current Investment and the same is accounted at Cost.

Other Investments

Current investments are carried at the lower of cost or quoted/ fair value, computed category-wise..

g) Valuation of Inventories:

Inventories of raw materials, stores, spares, machinery parts, building materials, loose tools etc. are valued at weighted average cost, after providing for obsolescence, if any.

Work in process is valued at cost.

Finished goods & Stock-in-trade are valued at lower of cost or net realizable value.

The cost of finished goods and work in progress includes raw materials, direct labour, other direct costs and related production overheads.

Net realizable value represents the estimated selling price for inventories less all estimated costs of completion costs necessary to make the sale.

Stock of scrap is valued at realizable value.

Biological assets other than bearer plants which are matured and have market value are valued at fair value
Biological Assets which are immature are valued at cost.

h) Revenue Recognition:

Revenue is recognized on transfer of significant risks and rewards of ownership to the buyer and are adjusted for discounts (net), Taxes and foreign exchange differences. Turnover is net of Goods & Service Tax collected on behalf of the Government.

Revenue from contracts with customers is recognised in accordance with Ind AS 115, when control of the goods or services are transferred to the customer at an amount that reflects the consideration to which the Company expects to be entitled in exchange for those goods or services.

Notes to Standalone Financial Statements

as at and for the year ended March 31, 2023 (Contd.)

Revenue is measured at the fair value of the consideration received / receivable taking into account contractually defined terms of payment and excluding taxes or duties collected on behalf of the Government.

Sale of goods is recognised at the point in time when control of the goods is transferred to the customer. The revenue is measured on the basis of the consideration defined in the contract with a customer, including variable consideration, such as discounts, volume rebates, or other contractual reductions. As the period between the date on which the Company transfers the promised goods to the customer and the date on which the customer pays for these goods is generally one year or less, no financing components are taken into account.

Export Incentive Scheme Benefits are recognized on accrual basis.

Interest income is recognized on time proportion basis taking into account the amount outstanding and rate applicable.

Dividend income from investments purchased is recognised when the shareholder's right to receive payment has been established

Rental income from investment properties and subletting of properties is recognised on a straight line basis over the term of the relevant leases

Insurance and other claims, to the extent considered recoverable, are accounted for in the year of claim.

i) Cash and Cash Equivalents:

Cash and cash equivalents comprise cash on hand, Cash at Bank and demand deposits with banks which are subject to an insignificant risk of change in value.

j) Research and Development Expenditure:

Revenue expenditure on research & development is charged to Profit & Loss account and capital expenditure is added to the cost of fixed assets in the year in which it is Incurred.

k) Employee Benefits:

Contribution to Provident Fund is accounted for on accrual basis. The Provident Fund contributions are made to a Trust administered by the Company. The interest rate payable to the members of the Trust is not lower than statutory rate of interest declared by the Central Government under the Employees Provident Funds and Miscellaneous' Provisions Act, 1952 and shortfall, if any, is made good by the Company. Such shortfall on account of interest, if any, is recognized in the Statement of Profit and Loss.

Company's defined contributions made to Pension Fund of Government and Superannuation Scheme of Life Insurance Corporation of India are charged to the Statement of Profit and Loss on accrual basis.

Contribution to Gratuity Fund and provision for Leave Encashment is based on actuarial valuation carried out as on the Balance Sheet date as per Projected Unit Credit Method.

The Company recognizes the net obligation of a defined benefit plan in its balance sheet as an asset or liability. Gains or losses through re-measurements of the net defined benefit liability/ (asset) are recognized in other comprehensive income.

l) Earnings Per Share(EPS):

Basic earnings per equity share is computed by dividing the net profit attributable to the equity holders of the company by the weighted average number of equity shares outstanding during the period.

The number of equity shares are adjusted retrospectively for all periods presented for any share splits and bonus shares issues including for changes effected prior to the approval of the financial statements by the Board of Directors.

m) Foreign Currency Transactions:

Foreign currency transactions are accounted at the exchange rates prevailing on the date of transactions.

Notes to Standalone Financial Statements

as at and for the year ended March 31, 2023 (Contd.)

Foreign currency current assets and current liabilities outstanding at the balance sheet date are translated at the exchange rate prevailing on that date and the resultant gain or loss is recognized in the Statement of Profit & Loss.

Any income or expenses on account of exchange difference either on settlement or on translation is recognized in the Statement of Profit and Loss except in case of long term liabilities, where they relate to acquisition or construction of fixed assets, in which case they are adjusted to the carrying cost of such assets in accordance with the exemption under Para D13AA of Ind AS 101.

n) Financial Instruments:

Financial Assets :

Financial assets are classified as equity instrument if it is a non-derivative and meets the definition of 'equity' for the issuer. All other non-derivative financial assets are debt.

All Financial Assets are recognised on trade date when the purchase of a financial asset is under a contract whose term requires delivery of the financial asset within the timeframe established by the market concerned. Financial assets are initially measured at fair value, plus transaction costs, except for those financial assets which are classified as at fair value through profit or loss (FVTPL) at inception. All recognised financial assets are subsequently measured in their entirety at either amortised cost or fair value.

Trade Receivables:

A Receivable is classified as a 'trade receivable' if it is in respect to the amount due from customers on account of goods sold or services rendered in the ordinary course of business. Trade receivables are recognised at transaction value and subsequently measured at transaction value less provision for impairment. For some trade receivables the Company may obtain security in the form of guarantee, security deposit or letter of credit which can be called upon if the counterparty is in default under the terms of the agreement.

Impairment is made on the expected credit losses, which are the present value of the cash shortfalls over the expected life of financial assets. The estimated impairment losses are recognised in a separate provision for impairment and the impairment losses are recognised in the Statement of Profit and Loss within other expenses.

Financial assets at Fair Value through Profit and Loss (FVTPL):

Financial assets that do not meet the criteria of classifying as amortised cost or fair value through other comprehensive income described above, or that meet the criteria but the entity has chosen to designate as at FVTPL at initial recognition, are measured at FVTPL.

Investments in equity instruments are classified as at FVTPL, unless the Company designates an investment that is not held for trading at FVTOCI at initial recognition.

Financial assets classified at FVTPL are initially measured at fair value excluding transaction costs.

Financial assets at FVTPL are subsequently measured at fair value, with any gains or losses arising on remeasurement recognised in the statement of profit and loss.

Dividend income on investments in equity instruments at FVTPL is recognised in the statement of profit and loss in investment income when the Company's right to receive the dividends is established, it is probable that the economic benefits associated with the dividend will flow to the entity and the amount of the dividend can be measured reliably.

Derecognition of Financial Assets:

The Company derecognises a financial asset on trade date only when it transfers the financial asset and substantially all the risks and rewards of ownership of the asset to another entity.

On derecognition of a financial asset other than in its entirety (e.g. when the Company retains an option to repurchase part of a transferred asset), the Company allocates the previous carrying amount of the financial asset between the part it continues to recognise under continuing involvement, and the part it no longer recognises

Notes to Standalone Financial Statements

as at and for the year ended March 31, 2023 (Contd.)

on the basis of the relative fair values of those parts on the date of the transfer. The difference between the carrying amount allocated to the part that is no longer recognised and the sum of the consideration received for the part no longer recognised and any cumulative gain or loss allocated to it that had been recognised in other comprehensive income is recognised in the statement of profit and loss. Cumulative gain or loss that had been recognised in other comprehensive income is allocated between the part that continues to be recognised and the part that is no longer recognised on the basis of the relative fair values of those parts.

Financial Liability:

Financial liabilities are classified as either financial liabilities 'at FVTPL' or 'other financial liabilities'.

Financial liabilities are classified as at FVTPL when the financial liability is either held for trading or it is designated as at FVTPL.

Financial Liabilities are subsequently carried at amortized cost using the effective interest method, except for loans where the difference between IRR and normal rate of interest was immaterial.

Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date, regardless of whether that price is directly observable or estimated using another valuation technique. In estimating the fair value of an asset or a liability, the Company take into account the characteristics of the asset or liability if market participants would take those characteristics into account when pricing the asset or liability at the measurement date. Fair value for measurement and/or disclosure purposes in these financial statements is determined on such a basis, except for employee share-based payment, leasing transactions and measurements that have some similarities to fair value but are not fair value, such as net realisable value in Inventories or value in use in Impairment of Assets. The basis of fair valuation of these items are given as part of their respective accounting policies.

Derivative Financial Instruments:

The Company uses derivative financial instruments, such as forward currency contracts and interest rate swaps to hedge its foreign currency risks and interest rate risks. Derivative financial instruments are initially recognised at fair value on the date a derivative contract is entered into and are subsequently re-measured at their fair value at the end of each period. The method of recognizing the resulting gain or loss depends on whether the derivative is designated as a hedging instrument and if so, on the nature of the item being hedged. Any gains or losses arising from changes in the fair value of derivatives are taken directly to profit or loss.

Trade and Other Payables:

A payable is classified as 'trade payable' if it is in respect of the amount due on account of goods purchased or services received in the normal course of business. These amounts represent liabilities for goods and services provided to the Company prior to the end of financial year which are unpaid. Trade and other payables are presented as current liabilities unless payment is not due within 12 months after the reporting period.

Other Financial Liabilities:

Other financial liabilities, including borrowings, are initially measured at fair value, net of transaction costs. Other financial liabilities are subsequently measured at amortised cost using the effective interest method, with interest expense recognised on an effective yield basis.

The effective interest method is a method of calculating the amortised cost of a financial liability and of allocating interest expense over the relevant period. The effective interest rate is the rate that exactly discounts estimated future cash payments through the expected life of the financial liability, or (where appropriate) a shorter period, to the net carrying amount on initial recognition.

o) Borrowing Cost:

Borrowing costs that are attributable to the acquisition or construction of qualifying assets up to the date when they are ready for their intended use and other borrowing costs are charged to profit and loss account.

Notes to Standalone Financial Statements

as at and for the year ended March 31, 2023 (Contd.)

p) Taxation:

Provision for Taxation is determined on the basis of the Taxable profits computed for the current accounting period in accordance with the Income Tax Act, 1961.

Deferred Tax resulting from "temporary difference" between the carrying amount of an asset or liability in the balance sheet and its tax base book profit and taxable profit for the year is accounted for using the tax rates and laws that have been enacted or substantially enacted as on the balance sheet date. The deferred tax asset is recognized and carried forward only to the extent that there is a virtual certainty that the asset will be adjusted in future.

Minimum Alternate Tax credit is recognized, as an asset only when and to the extent there is convincing evidence that the Company will pay normal income tax during the specified period.

q) Provisions, Contingent Liabilities and Contingent Assets :

Provisions are recognized when there is a present obligation (legal or constructive) as a result of a past event and it is probable ("more likely than not") that it is required to settle the obligation and a reliable estimate can be made of the amount of the obligation.

The amount recognised as a provision is the best estimate of the consideration required to settle the present obligation at the balance sheet date, taking into account the risks and uncertainties surrounding the obligation. Where a provision is measured using the estimated cash flow to settle the present obligation, its carrying amount is the present value of those cash flows. The discount rate used is a pre-tax rate that reflects current market assessments of the time value of money in that jurisdiction and the risks specific to the liability.

Contingent Liability is disclosed after careful evaluation of facts, uncertainties and possibility of reimbursement. Contingent liabilities are not recognised but are disclosed in notes.

Contingent Assets are not recognised in financial statements but are disclosed, since the former treatment may result in the recognition of income that may or may not be realised. However, when the realisation of income is virtually certain, then the related asset is not a contingent asset and its recognition is appropriate.

r) Government Grants:

Incentive received from the Government under sales tax deferral scheme, which is interest free in nature is determined based on fair value. Fair value is determined on the present value technique based on cash flow payable under the scheme & the same is amortized over the remaining period of sales tax deferral loan.

s) Leases:

On April 1, 2019, the Company adopted Ind AS 116, Leases. Accordingly, the policy for Leases as presented in the Company's Annual Report is amended as under:

The Company evaluates if an arrangement qualifies to be a lease as per the requirements of Ind AS 116 Leases. Identification of a lease requires significant judgment. The Company uses significant judgement in assessing the lease term (including anticipated renewals) and the applicable discount rate. The Company determines the lease term as the non-cancellable period of a lease, together with both periods covered by an option to extend the lease if the Company is reasonably certain to exercise that option and periods covered by an option to terminate the lease if the Group is reasonably certain not to exercise that option. In assessing whether the Company is reasonably certain to exercise an option to extend a lease, or not to exercise an option to terminate a lease, it considers all relevant facts and circumstances that create an economic incentive for the Company to exercise the option to extend the lease, or not to exercise the option to terminate the lease. The Company revises the lease term if there is a change in the non-cancellable period of a lease. The discount rate is generally based on the incremental borrowing rate specific to the lease being evaluated or for a portfolio of leases with similar characteristics

Notes to Standalone Financial Statements

as at and for the year ended March 31, 2023 (Contd.)

The Company as lessee:

At the inception of the contract, the Company assesses whether a contract contains a lease. A contract is, or contains, a lease if the contract conveys the right to control the use of an identified asset for a period of time in exchange for consideration. For the purpose of identifying if a contract contains a lease, the Company assesses whether:

- (i) The contract involves the use of an identified asset.
- (ii) The Company has substantially all of the economic benefits from use of the asset through the period of the lease, and
- (iii) The Company has the right to direct the use of the asset.

At the date of commencement of the lease, the Company recognizes a right-of-use asset ("ROU") and a corresponding lease liability for all lease arrangements in which it is a lessee, except in case of low value leases and short term leases (a term of less than twelve months) wherein the lease payments are recognized as an operating expense on a straight-line basis over the term of the lease.

The lease liability is initially measured at amortized cost at the present value of the future lease payments. The lease payments are discounted using the interest rate implicit in the lease or, if not readily determinable, using the incremental borrowing rates.

Certain lease arrangements includes the options to extend or terminate the lease before the end of the lease term. ROU assets and lease liabilities includes these options when it is reasonably certain that they will be exercised. Lease liabilities are re-measured with a corresponding adjustment to the related right of use asset if the Company changes its assessment if whether it will exercise an extension or a termination option.

The right-of-use assets are initially recognized at cost. Cost includes the initial amount of the lease liability adjusted for any lease payments made at or prior to the commencement date of the lease plus any initial direct costs less any lease incentives. They are subsequently measured at cost less accumulated depreciation and impairment losses.

Right-of-use assets are depreciated from the commencement date on a straight-line basis over the useful life of the underlying asset or the lease term whichever is shorter. Right of use assets are tested for impairment whenever events or changes in circumstances indicate that their carrying amounts may not be recoverable.

Lease liability and ROU asset have been separately presented in the Balance Sheet and lease payments have been classified as financing cash flows.

t) Recent accounting pronouncements:

Ministry of Corporate Affairs ("MCA") notifies new standard or amendments to the existing standards under Companies (Indian Accounting Standards) Rules as issued from time to time. On March 31, 2023, MCA amended the Companies (Indian Accounting Standards) Amendment Rules, 2023, applicable from April 1, 2023, as below:

- i. **Ind AS 1 – Material accounting policies** - The amendments mainly related to shifting of disclosure of erstwhile "significant accounting policies" in the notes to the financial statements to material accounting policy information requiring companies to reframe their accounting policies to make them more "entity specific. This amendment aligns with the "material" concept already required under International Financial Reporting Standards (IFRS).
- ii. **Ind AS 8 – Definition of accounting estimates** - The amendments specify definition of 'change in accounting estimate' replaced with the definition of 'accounting estimates'.
- iii. **Ind AS 12 – Income taxes – Annual Improvements to Ind AS** - The amendment clarifies that in cases of transactions where equal amounts of assets and liabilities are recognised on initial recognition, the initial recognition exemption does not apply. Also, If a company has not yet recognised deferred tax asset and deferred tax liability on right-of-use assets and lease liabilities or has recognised deferred tax asset or deferred tax liability on net basis, that company shall have to recognise deferred tax assets and deferred tax

as at and for the year ended March 31, 2023 *(Contd.)*

liabilities on gross basis based on the carrying amount of right-of-use assets and lease liabilities existing at the beginning of 1st April, 2023.

u) Significant accounting judgements, estimates and assumptions

- The preparation of financial statements requires the use of accounting estimates which, by definition, will seldom equal the actual results. Management also needs to exercise judgement in applying the company's accounting policies.
- The estimates and judgements involves a higher degree of judgement or complexity and of items which are more likely to be materially adjusted due to estimates and assumptions turning out to be different than those originally assessed. Detailed information about each of these estimates and judgements is included in relevant notes together with information about the basis of calculation for each affected line item in the financial statements.

Critical estimates and judgements

The areas involving critical estimates or judgements are:

- Estimation of current tax expense and payable
- Estimated useful life of PPE & intangible assets
- Estimation of defined benefit obligation
- Recognition of revenue
- Recognition of deferred tax assets for carried forward tax losses
- Impairment of trade receivables and other financial assets

Estimates and judgements are continually evaluated. They are based on historical experience and other factors, including expectations of future events that may have a financial impact on the company and that are believed to be reasonable under the circumstances.

c. MATERIAL DEMANDS AND DISPUTES CONSIDERED AS "REMOTE" BY THE COMPANY:

The Company claimed deduction under Section 80 IA of the Income Tax Act 1961 in its return for Power Undertaking for Financial Year 1998-99 to 2021-22 and for Effluent (Water) treatment for financial year 2016-17 to 2021-22. The assessing officer disallowed the benefit of deductions at assessment stage. Company had preferred appeals with Commissioner Appeals and / or ITAT. The ITAT partly allowed the appeals of the company. Department / Company have preferred appeal against the order of ITAT. As advised by legal advisors, Company has a strong case / merit for claiming the deduction and thus expects a favorable outcome.

d. The total demand outstanding as on 31.03.2023 on account of income tax dues is ₹ 2794.22 lakhs (Previous year ₹ 2831.35 lakhs), net of tax paid/adjusted under protest ₹ 657 Lakhs.

Note 40 LOAN PURCHASE AGREEMENT

The Company had entered into a loan purchase agreement with ICICI Bank Ltd. for ₹ 4,000 Lakhs in respect of borrowings of Shree Rama Newsprint Limited (SRNL) after sale of its investment in shares of SRNL. The loan purchase agreement stipulates that upon occurrence of default ICICI Bank Ltd. will have "a right" to require the Company to purchase the loan outstanding of SRNL along with transfer of underlying security by ICICI Bank Ltd., to the Company. The outstanding balance as at March 31, 2023 of SRNL loan is ₹ 2,979.00 Lakhs with principal repayment due by June 30, 2025. The Company does not foresee any event of default, further the security value is significantly higher than the outstanding loan balance and hence no liability is envisaged in this respect.

Note 41

During the year 2020-21, a supplier has made a claim of approximately ₹ 3,600 Lakhs against the Cable division of the company for alleged breach of contract and had initiated Arbitration proceedings against the company.

The company has received Award dated 16th June 2022 from Hon'ble Sole Arbitrator in favour of it rejecting the claim of supplier. However, the supplier had challenged the award in the Hon'ble High Court of Delhi by filing Petition u/s 34 of Arbitration and Conciliation Act, 1996 seeking to set aside the aforesaid award and the matter is pending.

Note 56 FINANCIAL RISK MANAGEMENT OBJECTIVES, POLICIES AND DISCLOSURES

1 Financial Risk

The company's operational activities expose to various financial risks i.e., market risk, credit risk and risk of liquidity. The company realizes that risks are inherent and integral aspect of any business. The primary focus is to foresee the unpredictability of financial markets and seek to minimize potential adverse effects on its financial performance. The primary market risk to the Company is foreign exchange risk & interest rate risk. The Company uses derivative financial instruments to reduce foreign exchange risk exposures.

i Market risk

Market risk is the risk that the fair value of future cash flows of a financial instrument will fluctuate because of fluctuation in market prices. These comprise three types i.e., currency rate, interest rate and other price related risks. Financial instruments affected by market risk include loans and borrowings, deposits, investments and derivative financial instruments. Foreign currency risk is the risk that the fair value or future cash flows of a financial instrument will fluctuate because of changes in foreign exchange rates. Interest rate risk is the risk that the fair value or future cash flows of a financial instrument will fluctuate because of changes in market interest rates. Regular interaction with bankers, intermediaries and the market participants help us to mitigate such risk.

a Foreign currency risk and sensitivity

The primary market risk to the company is foreign exchange risk. The Company uses derivative financial instruments to reduce foreign exchange risk exposure and follows its risk management policies to mitigate the same. After taking cognizance of the natural hedge, the company takes appropriate hedges to mitigate its risk resulting from fluctuation in foreign currency exchange rate(s).

b. Interest rate risk and sensitivity

The Company's exposure to the risk of changes in market interest rates relates primarily to long term debt. The Company has entered into various interest rate swap contracts, in which it agrees to exchange, at specific intervals, the difference between fixed and variable interest amounts calculated by reference to an agreed upon principal amount. Borrowings at variable rates expose the Company to cash flow interest rate risk. With all other variables held constant, the following table demonstrates composition of fixed and floating rate borrowing of the company and impact of floating rate borrowings on company's profitability.

ii Credit Risk

The Company evaluates the customer credentials carefully from trade sources before appointment of any distributor and only financially sound parties are appointed as distributors. The Company secures adequate deposits from its distributor and hence risk of bad debt is limited. The credit outstanding is sought to be limited to the sum of advances / deposits and credit limit determined by the company. The company have stop supply mechanism in place in case outstanding goes beyond agreed limits.

Credit risk refers to the risk of default on its obligation by the counterparty resulting in a financial loss. The maximum exposure to the credit risk at the reporting date is primarily from trade receivables amounting to ₹ 15,086.23 Lakhs and ₹ 9,570.82 Lakhs as of March 31, 2023 and March 31, 2022, respectively. Trade receivables are typically unsecured and are derived from revenue earned from customers primarily located in India. Credit risk has always been managed by the company through credit approvals, establishing credit limits and continuously monitoring the creditworthiness of customers to which the Company grants credit terms in the normal course of business. On account of adoption of Ind AS 109, the company uses expected credit loss model to assess the impairment loss or gain. The Company uses a provision matrix to compute the expected credit loss allowance for trade receivables. The provision matrix takes into account as per the Company's historical experience for customers.

The following table gives details in respect of percentage of revenues generated from top customer and top five customers:

Particulars	For the year ended

iii Liquidity Risk

Liquidity risk arises when the Company will not be able to meet its present and future cash and collateral obligations. The risk management action focuses on the unpredictability of financial markets and tries to minimise adverse effects. The Company uses derivative financial instruments to hedge risk exposures. Risk management is carried out by the Finance department under Forex Policies as adopted and duly approved by the Board. The Company's approach is to ensure, as far as possible, that it will have sufficient liquidity to meet its liabilities when due and company monitors rolling forecasts of its liquidity requirements.

Independent Auditor's Report

To the Members of
West Coast Paper Mills Limited

Report on the Audit of the Consolidated Financial Statements

Opinion

We have audited the consolidated financial statements of **West Coast Paper Mills Limited** (hereinafter referred to as the "Holding Company") and its subsidiaries (Holding Company and its subsidiaries together referred to as "the Group"), which comprise of the consolidated balance sheet as at 31 March 2023, and the consolidated statement of profit and loss (including other comprehensive income), consolidated statement of changes in equity and consolidated statement of cash flows for the year then ended, and notes to the Consolidated Financial Statements, including a summary of significant accounting policies and other explanatory information (hereinafter referred to as "the Consolidated Financial Statements").

In our opinion and to the best of our information and according to the explanations given to us, and based on the consideration of report of other auditors on separate financial statements of subsidiaries as was audited by the other auditors, the aforesaid Consolidated Financial Statements give the information required by the Companies Act, 2013 ("Act") in the manner so required and give a true and fair view in conformity with the accounting principles generally accepted in India, of the consolidated state of affairs of the Group as at 31 March 2023, of its consolidated profit including other comprehensive income, consolidated changes in equity and consolidated cash flows for the year then ended.

Basis for Opinion

We conducted our audit in accordance with the Standards on Auditing (SAs) specified under section 143(10) of the Act. Our responsibilities under those SAs are further described in the Auditor's Responsibilities for the Audit of the Consolidated Financial Statements section of our report. We are independent of the Group in accordance with the Code of Ethics issued by the Institute of Chartered Accountants of India and the relevant provisions of the Act, and we have fulfilled our other ethical responsibilities in accordance with these requirements. We believe that the audit evidence obtained by us along with the consideration of audit report of the other auditor referred to "Other Matters" paragraph below, is sufficient and appropriate to provide a basis for our opinion on the Consolidated financial statements.

Key Audit Matters

Key audit matters are those matters that, in our professional judgment, were of most significance in our audit of the consolidated financial statements of the current period. These matters were addressed in the context of our audit of the consolidated financial statements as a whole, and in forming our opinion thereon, and we do not provide a separate opinion on these matters.

Key Audit Matters	How our audit addressed the Key Audit Matter
<p>1. Revenue Recognition (Refer note no. 1 (III) (G) and 28 to Consolidated Financial Statements)</p> <p>Revenue is recognized at an amount that reflects the consideration to which the Company expects to be entitled in exchange for transferring goods to a customer. The revenue recognition occurs at a point in time when the control of the goods is transferred to the customer.</p> <p>We focused on this area as a key audit matter as the value is significant and inherent risk exists of revenue being recognized before the control is transferred, including risk of incorrect timing of estimation related to recording the discounts and rebates.</p>	<p>As part of our audit procedures, we:</p> <ul style="list-style-type: none"> ✓ Read the Group's accounting policy for revenue recognition and assessed compliance with the requirements of Ind AS 115. ✓ Evaluated the design, tested the implementation and operating effectiveness of the Group's internal controls including general IT controls and key IT application controls over recognition of revenue. ✓ On a sample basis, tested supporting documentation for sales transactions which included sales invoices, customer contracts, and shipping documents.

Independent Auditor's Report *(Contd.)*

	<ul style="list-style-type: none"> ✓ Tested revenue samples focused on sales recorded immediately before the year-end, obtained evidence as regards timing of revenue recognition, based on terms and conditions of sales contracts and delivery documents. ✓ Assessed disclosures in financial statements in respect of revenue, as specified in Ind AS 115.
--	---

2. Provision and contingent liability related to taxation, litigation and claims (Refer note no. 39 to Consolidated Financial Statements)

<p>The Group has ongoing litigations with various regulatory and tax authorities and third parties. Where an outflow of funds is believed to be probable and a reliable estimate of the outcome of the dispute can be made based on management's assessment of specific circumstances of each dispute and relevant external advice, management provides for its reliable estimate of the liability. Such accruals are by nature complex and can take number of years to resolve and can involve estimation uncertainty.</p> <p>Due to the level of judgement relating to recognition, valuation and presentation of provisions and contingent liabilities, this is considered to be a key audit matter</p>	<p>As part of our audit procedures, we:</p> <ul style="list-style-type: none"> ✓ Obtained an understanding of management's process to identify new obligations and changes in existing obligations for compliance with Ind AS 12 – Income taxes and Ind AS 37 - Provisions, Contingent Liabilities and Contingent Assets. ✓ analysed significant changes in material provisions from prior periods and obtained a detailed understanding of these changes and assumptions applied. ✓ Our audit procedures related to material provisions recognised and contingent liabilities disclosed in the Consolidated financial statements included: <ul style="list-style-type: none"> ● Assessment of the recognition criteria for the liability; ● Evaluation of the methodology adopted by management for the measurement of the liability; ● Assessment of the other key measurement assumptions and inputs. ● We have obtained opinions and confirmations from internal /external experts and legal counsel, where necessary, which we have relied upon. ✓ We reviewed the minutes of the Board meetings including other committees to evaluate the process and controls over obligations operated by management. ✓ Testing of the mathematical accuracy of the measurement calculation; ✓ We assessed the appropriateness of the presentation of the most significant contingent liabilities in the financial statements.

Information Other than the Financial Statements and Auditor's Report Thereon

The Holding Company's management and Board of Directors are responsible for the other information. The other information comprises the information included in the Holding Company's annual report, but does not include the Consolidated Financial Statements and our Auditor's Report thereon. The Annual Report is expected to be made available to us after the date of this auditor's report.

Our opinion on the Consolidated Financial Statements does not cover the other information and we do not express any form of assurance thereon.

In connection with our audit of the Consolidated Financial Statements, our responsibility is to read the other information and, in doing so, consider whether the other information is materially inconsistent with the Consolidated Financial Statements or our knowledge obtained in the audit or otherwise appears to be materially misstated. If, based on the work we have performed and based on the work done/ audit report of other auditor, we conclude that there is a material misstatement of this other information, we are required to report that fact. We have nothing to report in this regard.

Independent Auditor's Report *(Contd.)*

Responsibilities of the Management for the Consolidated Financial Statements

The Holding Company's management and Board of Directors are responsible for the preparation and presentation of these Consolidated Financial Statements in term of the requirements of the Act that give a true and fair view of the consolidated state of affairs, consolidated profit/loss including other comprehensive income, consolidated statement of changes in equity and consolidated cash flows of the Group in accordance with the accounting principles generally accepted in India, including the Indian Accounting Standards (Ind AS) specified under section 133 of the Act. The respective Management and Board of Directors of the companies included in the Group are responsible for maintenance of adequate accounting records in accordance with the provisions of the Act for safeguarding the assets of each company and for preventing and detecting frauds and other irregularities; the selection and application of appropriate accounting policies; making judgments and estimates that are reasonable and prudent; and the design, implementation and maintenance of adequate internal financial controls, that were operating effectively for ensuring accuracy and completeness of the accounting records, relevant to the preparation and presentation of the Consolidated Financial Statements that give a true and fair view and are free from material misstatement, whether due to fraud or error, which have been used for the purpose of preparation of the Consolidated Financial Statements by the Directors of the Holding Company, as aforesaid.

In preparing the Consolidated Financial Statements, the respective management and Board of Directors of the companies included in the Group are responsible for assessing the ability of each company to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless management either intends to liquidate the Company or to cease operations, or has no realistic alternative but to do so.

The respective Board of Directors of the companies included in the Group are responsible for overseeing the financial reporting process of each company.

Auditor's Responsibilities for the Audit of the Consolidated Financial Statements

Our objectives are to obtain reasonable assurance about whether the Consolidated Financial Statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an Auditor's Report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with SAs will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these Consolidated Financial Statements.

As part of an audit in accordance with SAs, we exercise professional judgment and maintain professional scepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the Consolidated Financial Statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances. Under section 143(3)(i) of the Act, we are also responsible for expressing our opinion on the internal financial controls with reference to the Consolidated Financial Statements and the operating effectiveness of such controls based on our audit.
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by Management and Board of Directors.
- Conclude on the appropriateness of Management and Board of Directors use of the going concern basis of accounting in preparation of Consolidated Financial Statements and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the appropriateness of this assumption. If we conclude that a material uncertainty exists, we are required to draw attention in our Auditor's Report to the related disclosures in the Consolidated Financial Statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up

Independent Auditor's Report *(Contd.)*

to the date of our Auditor's Report. However, future events or conditions may cause the Group (Holding Company and Subsidiaries) to cease to continue as a going concern.

- Evaluate the overall presentation, structure and content of the Consolidated Financial Statements, including the disclosures, and whether the Consolidated Financial Statements represent the underlying transactions and events in a manner that achieves fair presentation.
- Obtain sufficient appropriate audit evidence regarding the financial information of such entities or business activities within the Group to express an opinion on the Consolidated Financial Statements, of which we are the independent auditors. We are responsible for the direction, supervision and performance of the audit of financial information of such entities included in the Consolidated Financial Statements of which we are the independent auditors. For the other entity included in the Consolidated Financial Statements, which has been audited by other auditor, such other auditor remains responsible for the direction, supervision and performance of the audit carried out by them. We remain solely responsible for our audit opinion. Our responsibilities in this regard are further described in the section titled 'Other Matters' in this audit report.

Materiality is the magnitude of misstatements in the Consolidated Financial Statements that, individually or in aggregate, makes it probable that the economic decisions of a reasonably knowledgeable user of the Consolidated Financial Statements may be influenced. We consider quantitative materiality and qualitative factors in (i) planning the scope of our audit work and in evaluating the results of our work; and (ii) to evaluate the effect of any identified misstatements in the Consolidated Financial Statements.

We believe that the audit evidence obtained by us along with the consideration of audit report of the other auditor referred to in the Other Matters paragraph below, is sufficient and appropriate to provide a basis for our audit opinion on the Consolidated Financial Statements.

We communicate with those charged with governance of the Holding Company and such other entities included in the Consolidated Financial Statements of which we are the independent auditors regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

We also provide those charged with governance with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, related safeguards.

From the matters communicated with those charged with governance, we determine those matters that were of most significance in the audit of the Consolidated Financial Statements of the current period and are therefore the key audit matters. We describe these matters in our Auditor's Report unless law or regulation precludes public disclosure about the matter or when, in extremely rare circumstances, we determine that a matter should not be communicated in our report because the adverse consequences of doing so would reasonably be expected to outweigh the public interest benefits of such communication.

Other Matter

We did not audit the financials statements of 2 subsidiaries whose financial statements includes total assets of ₹2,01,925.42 Lakhs as at March 31, 2023, total revenues of ₹ 2,11,955.78 Lakhs for the year ended March 31, 2023 and net cash inflow of ₹ (-) 422.40 Lakhs for the year ended March 31, 2023, as considered in the Consolidated Financial Statements. These Financial Statements have been audited by other auditor whose report has been furnished to us by the Management and our opinion on the Consolidated Financial Statements and our report in terms of sub-section (3) of Section 143 of the Act, in so far as it relates to the amounts and disclosures included in respect of the subsidiary, are based solely on the reports of the other auditor.

Our opinion on the Consolidated Financial Statements is not modified in respect of the above matters with respect to our reliance on the work done and the reports of the other auditors.

Report on Other Legal and Regulatory Requirements

1. As required by the Companies (Auditor's Report) Order, 2020, issued by the Central Government of India in terms of sub-section (11) of section 143 of the Act, (hereinafter referred to as the "Order"), to report on the matters

Independent Auditor's Report *(Contd.)*

specified in paragraphs 3 and 4 of the Order, to the extent applicable, we report that there have not been any qualifications or adverse remarks by the respective auditors in the Companies (Auditor's Report) Order (CARO) reports of the companies included in these consolidated financial statements.

2. As required by section 143(3) of the Act, based on our audit and on the consideration of report of the other auditor on separate financial statements of such subsidiary as was audited by other auditor, as noted in the 'Other Matters' paragraph, we report, to the extent applicable, that:
 - a) We have sought and obtained all the information and explanations which to the best of our knowledge and belief were necessary for the purposes of our audit of the aforesaid Consolidated Financial Statements.
 - b) In our opinion, proper books of account as required by law relating to preparation of the aforesaid Consolidated Financial Statements have been kept so far as it appears from our examination of those books and the report of the other auditor.
 - c) The consolidated balance sheet, the consolidated statement of profit and loss (including other comprehensive income), the consolidated statement of changes in equity and the consolidated statement of cash flows dealt with by this Report are in agreement with the relevant books of account maintained for the purpose of preparation of the Consolidated Financial Statements.
 - d) In our opinion, the aforesaid Consolidated Financial Statements comply with the Accounting Standards specified under Section 133 of the Act, read with Companies (Indian Accounting Standards) Rules, 2015, as amended.
 - e) On the basis of the written representations received from the directors of the Holding Company as on 31 March 2023 taken on record by the Board of Directors of the Holding Company and the reports of the statutory auditors of its subsidiary companies incorporated in India, none of the directors of the Group companies incorporated in India are disqualified as on 31 March 2023 from being appointed as a director in terms of section 164(2) of the Act.
 - f) With respect to the adequacy of the internal financial controls with reference to financial statements of the Holding Company and its subsidiary companies incorporated in India and the operating effectiveness of such controls, refer to our separate Report in "Annexure A".
 - g) With respect to the matter to be included in the Auditor's Report under section 197(16): In our opinion and according to the information and explanations given to us the remuneration paid during the current year by the Holding Company and its subsidiary companies, where applicable, to its directors is in accordance with the provisions of section 197 of the Act. The remuneration paid to any director by the Holding Company and its subsidiary companies is not in excess of the limit laid down under section 197 of the Act,
 - h) With respect to the other matters to be included in the Auditor's Report in accordance with Rule 11 of the Companies (Audit and Auditors) Rules, 2014, in our opinion and to the best of our information and according to the explanations given to us and based on the consideration of the reports of the other auditors on separate financial statements of the subsidiaries as noted in the 'Other Matters' paragraph:
 - i. The Consolidated Financial Statements disclose the impact of pending litigations as at 31 March 2023 on the consolidated financial position of the Group. Refer Note 39 to the Consolidated Financial Statements;
 - ii. The Group has accounted for material foreseeable losses, if any, for long-term contracts including derivative contracts, during the year end March 31, 2023.
 - iii. There has been no delay in transferring amounts to the Investor Education and Protection Fund by the Holding Company or its subsidiary companies incorporated in India during the year ended 31 March 2023;
 - iv. The Management has represented that, to the best of its knowledge and belief:
 - (a) No funds have been advanced or loaned or invested (either from borrowed funds or share premium or any other sources or kind of funds) by the Group to or in any other person(s) or entity(ies) including

foreign entities ("Intermediaries") with the understanding, recorded in writing or otherwise, that the intermediary shall, either directly or indirectly lend or invest in other persons or entities identified in any manner whatsoever by or on behalf of the Group ('Ultimate Beneficiaries') or provide any guarantee, security or the like on behalf of the Ultimate Beneficiaries.

- (b) No funds have been received by the Group from any person(s) or entity(ies) including foreign entities ("Funding Parties"), with the understanding, recorded in writing or otherwise, that the Group shall, either directly or indirectly, lend or invest in other persons or entities identified in any manner whatsoever by or on behalf of the Funding Party ("Ultimate Beneficiaries") or provide any guarantee, security or the like on behalf of the Ultimate Beneficiaries.
- (c) Based on audit procedures, as considered reasonable and appropriate in the circumstances, performed by us and the auditors of the subsidiaries, we report that nothing has come to our notice that has caused us to believe that the representations as above contain any material mis-statement.
- v. The dividend declared or paid during the year as well as the dividend proposed (which is subject to members approval at the ensuing Annual General Meeting) by the Holding Company and its Indian subsidiaries are in compliance with Section 123 of the Act.
- vi. As proviso to Rule 3(1) of the Companies (Accounts) Rules, 2014 is applicable for the Company only w.e.f. April 1, 2023, reporting under this clause is not applicable.
2. With respect to the matters specified in clause (xxi) of paragraph 3 and paragraph 4 of the Companies (Auditor's Report) Order, 2020 ("CARO"/ "the Order") issued by the Central Government in terms of Section 143(11) of the Act, according to the information and explanations given to us, and based on the CARO reports issued by us and the auditors of the respective companies included in the consolidated financial statements tabulated below is the extract of adverse comments reported in audit report of a Subsidiary:

to the Independent Auditor's Report

Report on the internal financial controls with reference to the aforesaid Consolidated Financial Statements under section 143(3)(i) of the Companies Act, 2013

(Referred to in paragraph 2 (f) under 'Report on Other Legal and Regulatory Requirements' section of our report of even date)

In conjunction with our audit of the Consolidated Financial Statements of West Coast Paper Mills Limited ('the Holding Company') as of and for the year ended 31st March 2023, we have audited the internal financial controls over financial reporting of the Holding Company and its subsidiary companies incorporate in India, as of that date.

Management's Responsibility for Internal Financial Controls

The respective Company's management and the Board of Directors are responsible for establishing and maintaining internal financial controls with reference to Consolidated Financial Statements based on the criteria established by the respective Company considering the essential components of internal control stated in the Guidance Note. These responsibilities include the design, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring the orderly and efficient conduct of its business, including adherence to the respective company's policies, the safeguarding of its assets, the prevention and detection of frauds and errors, the accuracy and completeness of the accounting records, and the timely preparation of reliable financial information, as required under the Companies Act, 2013 (hereinafter referred to as "the Act").

Auditor's Responsibility

Our responsibility is to express an opinion on the internal financial controls with reference to Consolidated Financial Statements based on our audit. We conducted our audit in accordance with the Guidance Note and the Standards on Auditing, prescribed under section 143(10) of the Act, to the extent applicable to an audit of internal financial controls with reference to Consolidated Financial Statements. Those Standards and the Guidance Note require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether adequate internal financial controls with reference to Consolidated Financial Statements were established and maintained and if such controls operated effectively in all material respects.

Our audit involves performing procedures to obtain audit evidence about the adequacy of the internal financial controls with reference to Consolidated Financial Statements and their operating effectiveness. Our audit of internal financial controls with reference to Consolidated Financial Statements included obtaining an understanding of internal financial controls with reference to Consolidated Financial Statements, assessing the risk that a material weakness exists, and testing and evaluating the design and operating effectiveness of the internal controls based on the assessed risk. The procedures selected depend on the Auditor's judgement, including the assessment of the risks of material misstatement of the Consolidated Financial Statements, whether due to fraud or error.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the internal financial controls with reference to Consolidated Financial Statements.

Meaning of Internal Financial Controls with reference to Consolidated Financial Statements

A company's internal financial controls with reference to Consolidated Financial Statements are a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of financial statements for external purposes in accordance with generally accepted accounting principles. A company's internal financial controls with reference to Consolidated Financial Statements includes those policies and procedures that (1) pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the company; (2) provide reasonable assurance that transactions are recorded as necessary to permit preparation of financial statements in accordance with generally accepted accounting principles, and that receipts and expenditures of the company are being made only in accordance with authorisations of management and directors of the company; and (3) provide reasonable assurance regarding prevention or timely detection of unauthorised acquisition, use, or disposition of the company's assets that could have a material effect on the financial statements.

Annexure – A

to the Independent Auditor's Report *(Contd.)*

Inherent Limitations of Internal Financial Controls with reference to Consolidated Financial Statements

Because of the inherent limitations of internal financial controls with reference to Consolidated Financial Statements, including the possibility of collusion or improper management override of controls, material misstatements due to error or fraud may occur and not be detected. Also, projections of any evaluation of the internal financial controls with reference to Consolidated Financial Statements to future periods are subject to the risk that the internal financial controls with reference to Consolidated Financial Statements may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

Opinion

In our opinion, the Holding Company and its subsidiary companies incorporated in India have, in all material respects, adequate internal financial controls with reference to Consolidated Financial Statements and such internal financial controls were operating effectively as at 31 March 2023, based on the internal financial controls with reference to Consolidated Financial Statements criteria established by such companies considering the essential components of such internal controls stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting issued by the Institute of Chartered Accountants of India.

Other Matter

Our aforesaid reports are under section 143(3)(i) of the Act on the adequacy and operating effectiveness of the internal financial controls over financial reporting insofar as it relates to subsidiaries, which are incorporated in India, is based on the corresponding reports of the auditors of such companies. Our opinion is not qualified in respect of this matter.

Note 1 – Company Overview, Basis of Preparation and Significant Accounting Policies

I. The Company Overview:

West Coast Paper Mills Limited, a Public Limited Company listed on the National Stock Exchange of India Limited and the Bombay Stock Exchange Limited. The registered office of the Parent Company is situated at Bangur Nagar, Dandeli 581325 District Uttara Kannada, Karnataka which was established in 1955. The Parent Company has two business activities: Paper & Paper Board at Dandeli and Optical Fibre Cable at Mysore. The Company's Dandeli Plant and one of its subsidiary is integrated Pulp & Paper Plant and produce various type of quality Paper & Paper Board. This caters to needs of innumerable industries in printing, writing, publishing, stationary, notebooks and packaging sectors in India. The Company strongly believes on Continuous Improvement in product quality, reduction in cost, and Environment Management. The Company is ISO 9001:2015 (QMS), ISO 14001:2015 (EMS) and ISO 45001:2018 (OHSMS) Certified. The Company's Mysore Plant and one of its other subsidiary produces Optical Fibre Cable which cater requirement of telecom sector of India.

II. Basis of Preparation of Financial Statements:

a) Basis of Preparation:

The Consolidated Financial Statements ("the financial statements") relate to the Company and its subsidiaries (collectively "the group") and its interest in associates. The Consolidated Financial Statements of the Group, are prepared in accordance with the Indian Accounting Standards (Ind AS) under the historical cost convention on the accrual basis. The Ind AS are prescribed under section 133 of the Companies Act, 2013, and the relevant provisions thereof. The financial statements of the subsidiary companies used in the preparation of the Consolidated financial statements have been drawn upto the same report date as that of the parent Company.

Accounting policies have been consistently applied except where a newly issued Accounting Standard is initially adopted or a revision to an existing Accounting Standard requires a change in the accounting policy hitherto in use. The Group has prepared these Consolidated Financial Statements as per the format prescribed in Schedule III to the Companies Act, 2013.

b) Principles of consolidation and equity accounting:

i. Subsidiaries:

Subsidiaries are all entities over which the Group has control. The Group controls an entity when the Group is exposed to, or has rights to, variable returns from its involvement with the entity and has the ability to affect those returns through its power to direct the relevant activities of the entity. Subsidiaries are fully consolidated from the date on which control is transferred to the Group. They are deconsolidated from the date that control ceases. The acquisition method of accounting is used to account for business combinations by the Group. The Group combines the financial statements of the Holding Company and its subsidiaries line by line adding together like items of assets, liabilities, equity, income and expenses. Intercompany transactions, balances and unrealised gains on transactions between Group companies are eliminated. Unrealised losses are also eliminated unless the transaction provides evidence of an impairment of the transferred asset. Accounting policies of subsidiaries have been changed where necessary to ensure consistency with the policies adopted by the Group.

Non-controlling interests in the results and equity of subsidiaries are shown separately in the consolidated statement of profit and loss, consolidated statement of changes in equity and consolidated balance sheet respectively.

ii. Associates:

Associates are all entities over which the Group has significant influence but not control or joint control. This is generally the case where the Group holds between 20% and 50% of the voting rights. Investments in associates are accounted for using the equity method of accounting, after initially being recognised at cost.

c) Business Combination and Goodwill:

The Group applies the acquisition method in accounting for business combinations. The consideration transferred by the Group to obtain control of a subsidiary is calculated as the sum of the fair values of assets transferred

Notes to Consolidated Financial Statements

as at and for the year ended March 31, 2023 (Contd.)

on acquisition-date, liabilities assumed and the equity interests issued by the Group, which includes the fair value of any asset or liability arising from a contingent consideration arrangement. For this purpose, the liabilities assumed include contingent liabilities representing present obligation and they are measured at their acquisition date fair values irrespective of the fact that outflow of resources embodying economic benefits is not probable. Acquisition costs are expensed as incurred.

Identifiable assets acquired and liabilities and contingent liabilities assumed in a business combination are measured initially at their fair values on acquisition-date. Deferred tax asset or liability arising from a business combination are recognized in accordance with the requirements of Ind AS 12 "Income Taxes".

Goodwill is initially measured at cost, being the excess of the aggregate of the consideration transferred and the amount recognised for non-controlling interests, and any previous interest held, over the net identifiable assets acquired and liabilities assumed. If the fair value of the net assets acquired is in excess of the aggregate consideration transferred, the excess is recognised as capital reserve.

d) **Functional and Presentation Currency:**

The Consolidated Financial Statements have been presented in Indian Rupees (INR), which is the Company's functional currency. All financial information presented in INR has been rounded off to the nearest two decimals of Lakhs unless otherwise stated.

e) **Use of Estimates:**

The preparation of the Financial Statements in conformity with the Ind AS requires Management to make estimates and assumptions. These estimates and assumptions affect the reported amount of assets and liabilities, disclosure of contingent liabilities as on the date of the Financial Statements and the reported amount of revenues and expenses during the reporting period. Difference between the actual results and estimates are recognized in the period in which the results are known/ materialized.

f) **Classification of Assets and Liabilities as Current and Non-Current:**

All Assets and Liabilities have been classified as Current or Non-Current as per the Group's normal operating cycle and other criteria set out in the Schedule III to the Companies Act, 2013. Based on the nature of product & activities of the Group and their realisation in cash and cash equivalent, the Group has determined its operating cycle as twelve months for the purpose of Current and Non-Current classification of assets and liabilities. Deferred tax assets and liabilities are classified as non-current assets and liabilities.

III. **Significant Accounting Policies:**

a) **Property, Plant and Equipments (PPE):**

PPE are stated at cost of acquisition (net of Cenvat & VAT / GST wherever applicable) or construction less accumulated depreciation and impairment loss, if any. Cost includes any directly attributable cost of bringing each asset to its working condition for intended use.

Assets under installation or under construction as at Balance Sheet date are shown as Capital work in progress together with project expenses.

Subsequent expenditure on major maintenance or repairs includes the cost of the replacement of parts of assets and overhaul costs. Where an asset or part of an asset is replaced and it is probable that future economic benefits associated with the item will be available to the Group, the expenditure is capitalised and the carrying amount of the item replaced is derecognised. Similarly, overhaul costs associated with major maintenance are capitalised and depreciated over their useful lives where it is probable that future economic benefits will be available and any remaining carrying amounts of the cost of previous overhauls are derecognised.

Decommissioning Liability:

Cost of PPE also includes the estimate of the costs of dismantling and removing the item and restoring the land back on vacant conditions at the end of lease period. The Group has estimated such costs being the present value of future liability for decommissioning. Such costs are capitalized and a provision of the equivalent amount

Notes to Consolidated Financial Statements

as at and for the year ended March 31, 2023 (Contd.)

has been created. The provision is periodically increased by adding the interest cost at the IRR determined by the Group.

Disposal of Assets:

An item of PPE is derecognised upon disposal or when no future economic benefits are expected to arise from the continued use of the asset. Any gain or loss arising on the disposal or retirement of an item of PPE is determined as the difference between net disposal proceeds and the carrying amount of the asset and is recognised in the Statement of Profit and Loss.

Intangible Assets:

Intangible Assets are stated at cost of acquisition less accumulated depreciation & impairment loss, if any.

An intangible asset is derecognised on disposal, or when no future economic benefits are expected from use. Gains or losses arising from derecognition of an intangible asset, measured as the difference between the net disposal proceeds and the carrying amount of the asset are recognised in the Statement of Profit and Loss when the asset is derecognised.

b) Depreciation & Amortization:

The Parent Company and a subsidiary depreciates PPE over their estimated useful lives as per the provisions of the Schedule II of the Companies Act, 2013. The estimated useful lives of PPE are as follows:

Sr. No.	Particulars	Useful Life	Method
1.	Factory Buildings	30	WDV
2.	Non Factory Buildings	60	WDV
3.	Plant, Machinery & Equipments*	05-20	WDV
4.	Furniture, Fixtures and office equipments*	05-10	WDV
5.	Motor Vehicles	08-10	WDV
6.	Computers & other IT Assets	03	WDV
7.	Roads & Drainage*	20	WDV
8.	Intangible Assets*	03	WDV

*Based on technical evaluation, the Management believes that the useful lives as given above best represents the period over which Management expects to use these assets. Hence, the useful lives for these assets are different from the useful lives as prescribed under Part C of Schedule II of the Companies Act 2013.

In case of one of the Subsidiary Andhra Papers Ltd (APL), the estimated useful lives of PPE determined are as follows:

Sr. No.	Particulars	Useful Life	Method
1.	Building Free-hold – Factory	30	SLM
2.	Building Free-hold – Residential	60	SLM
3.	Plant & Machinery	15-25	SLM
4.	Lease Hold Improvements	4-8	SLM
5.	Furniture	10	WDV
6.	Office Equipments	5	WDV
7.	Vehicles	8	WDV
8.	Software	5-15	SLM

In respect of incremental cost arising on account of realized / notional gain / loss on foreign currency liability for acquisition of fixed assets, depreciation is provided over the remaining residual life of the respective assets.

Depreciation methods, useful lives and residual values are reviewed at least at the end of each financial year.

Assets individually costing Rs.5,000 and below are fully depreciated in the year of acquisition.

Notes to Consolidated Financial Statements

as at and for the year ended March 31, 2023 (Contd.)

c) Investment Properties:

Investment properties held to earn rentals or for capital appreciation or both are stated in the Balance Sheet at cost, less accumulated depreciation and subsequent impairment losses. Any gain or loss on disposal of investment property is determined as the difference between net disposal proceeds and the carrying amount of the property and is recognised in the Statement of Profit and Loss. Transfer to, or from, investment property is done at the carrying amount of the property.

d) Impairment of Non Financial Assets:

The carrying amounts of non financial assets are reviewed at each Balance Sheet date to determine if there is any indication of impairment based on internal / external factors. An impairment loss is recognized whenever the carrying amount of an asset exceeds its recoverable amount. The recoverable amount is the greater of fair value less cost of disposal and value in use. In assessing the value in use, the estimated future cash flows are discounted to their present value based on an appropriate discount factor.

An impairment loss is recognized as an expense in the Statement of Profit and loss in the year in which an asset is identified as impaired. The impairment loss recognized in the prior accounting years is reversed if there has been a change in the estimate of recoverable amount.

e) Assets held for Sale:

The Group recognize Assets for Sale of those assets which are not in use and identified for sale / disposal. The same is valued at carrying amount net or realizable value whichever is lower.

f) Valuation of Inventories:

Inventories of raw materials, stores, spares, machinery parts, building materials, loose tools etc. are valued at weighted average cost, after providing for obsolescence, if any.

Work in process is valued at cost.

Finished goods & Stock-in-trade are valued at lower of cost or net realizable value.

The cost of finished goods and work in progress includes raw materials, direct labour, other direct costs and related production overheads.

Net realizable value represents the estimated selling price for inventories less all estimated costs of completion costs necessary to make the sale.

Stock of scrap is valued at realizable value.

Biological assets other than bearer plants which are matured and have market value are valued at fair value Biological Assets which are immature are valued at cost.

g) Revenue Recognition:

Revenue is recognized on transfer of significant risks and rewards of ownership to the buyer and are adjusted for discounts (net), taxes and foreign exchange differences. Turnover is net of Goods & Service Tax collected on behalf of the Government.

Revenue from contracts with customers is recognised in accordance with Ind AS 115, when control of the goods or services are transferred to the customer at an amount that reflects the consideration to which the Company expects to be entitled in exchange for those goods or services.

Revenue is measured at the fair value of the consideration received / receivable taking into account contractually defined terms of payment and excluding taxes or duties collected on behalf of the Government.

Sale of goods is recognised at the point in time when control of the goods is transferred to the customer. The revenue is measured on the basis of the consideration defined in the contract with a customer, including variable consideration, such as discounts, volume rebates, or other contractual reductions. As the period between the date on which the Company transfers the promised goods to the customer and the date on which the customer pays for these goods is generally one year or less, no financing components are taken into account.

Notes to Consolidated Financial Statements

as at and for the year ended March 31, 2023 (Contd.)

Export Incentive Scheme Benefits are recognized on accrual basis.

Interest income is recognized on time proportion basis taking into account the amount outstanding and rate applicable.

Dividend income from investments purchased is recognised when the shareholder's right to receive payment has been established.

Rental income from investment properties and subletting of properties is recognised on a straight line basis over the term of the relevant leases.

Insurance and other claims, to the extent considered recoverable, are accounted for in the year of claim.

h) Cash and Cash Equivalents:

Cash and cash equivalents comprise cash on hand, Cash at Bank and demand deposits with banks which are subject to an insignificant risk of change in value.

i) Research and Development Expenditure:

Revenue expenditure on research & development is charged to Profit & Loss account and capital expenditure is added to the cost of fixed assets in the year in which it is incurred.

j) Employee Benefits:

Contribution to Provident Fund is accounted for on accrual basis. The Provident Fund contributions are made to a Trust administered by the Company. The interest rate payable to the members of the Trust is not lower than statutory rate of interest declared by the Central Government under the Employees Provident Funds and Miscellaneous Provisions Act, 1952 and shortfall, if any, is made good by the Company. Such shortfall on account of interest, if any, is recognized in the Statement of Profit and Loss.

Company's defined contributions made to Pension Fund of Government and Superannuation Scheme of Life Insurance Corporation of India are charged to the Statement of Profit and Loss on accrual basis.

Contribution to Gratuity Fund and provision for Leave Encashment is based on actuarial valuation carried out as on the Balance Sheet date as per Projected Unit Credit Method.

The Company recognizes the net obligation of a defined benefit plan in its balance sheet as an asset or liability. Gains or losses through re-measurements of the net defined benefit liability/ (asset) are recognized in other comprehensive income.

k) Earnings Per Share(EPS):

Basic earnings per equity share is computed by dividing the net profit attributable to the equity holders of the company by the weighted average number of equity shares outstanding during the period.

The number of equity shares are adjusted retrospectively for all periods presented for any share splits and bonus shares issues including for changes effected prior to the approval of the financial statements by the Board of Directors.

l) Foreign Currency Transactions:

Foreign currency transactions are accounted at the exchange rates prevailing on the date of transactions.

Foreign currency current assets and current liabilities outstanding at the balance sheet date are translated at the exchange rate prevailing on that date and the resultant gain or loss is recognized in the Statement of Profit & Loss.

Any income or expenses on account of exchange difference either on settlement or on translation is recognized in the Statement of Profit and Loss except in case of long term liabilities, where they relate to acquisition or construction of fixed assets, in which case they are adjusted to the carrying cost of such assets in accordance with the exemption under Para D13AA of Ind AS 101.

Notes to Consolidated Financial Statements

as at and for the year ended March 31, 2023 (Contd.)

m) Financial Instruments:

Financial Assets :

Financial assets are classified as 'equity instrument' if it is a non-derivative and meets the definition of 'equity' for the issuer. All other non-derivative financial assets are 'debt'

All Financial Assets are recognised on trade date when the purchase of a financial asset is under a contract whose term requires delivery of the financial asset within the timeframe established by the market concerned. Financial assets are initially measured at fair value, plus transaction costs, except for those financial assets which are classified as at fair value through profit or loss (FVTPL) at inception. All recognised financial assets are subsequently measured in their entirety at either amortised cost or fair value.

Trade Receivables:

A Receivable is classified as a 'trade receivable' if it is in respect to the amount due from customers on account of goods sold or services rendered in the ordinary course of business. Trade receivables are recognised at transaction value and subsequently measured at transaction value less provision for impairment. For some trade receivables the Company may obtain security in the form of guarantee, security deposit or letter of credit which can be called upon if the counterparty is in default under the terms of the agreement.

Impairment is made on the expected credit losses, which are the present value of the cash shortfalls over the expected life of financial assets. The estimated impairment losses are recognised in a separate provision for impairment and the impairment losses are recognised in the Statement of Profit and Loss within other expenses.

Financial assets at Fair Value through Profit and Loss (FVTPL):

Financial assets that do not meet the criteria of classifying as amortised cost or fair value through other comprehensive income described above, or that meet the criteria but the entity has chosen to designate as at FVTPL at initial recognition, are measured at FVTPL.

Investments in equity instruments are classified as at FVTPL, unless the Company designates an investment that is not held for trading at FVTOCI at initial recognition.

Financial assets classified at FVTPL are initially measured at fair value excluding transaction costs.

Financial assets at FVTPL are subsequently measured at fair value, with any gains or losses arising on remeasurement recognised in the statement of profit and loss.

Dividend income on investments in equity instruments at FVTPL is recognised in the statement of profit and loss in investment income when the Company's right to receive the dividends is established, it is probable that the economic benefits associated with the dividend will flow to the entity; and the amount of the dividend can be measured reliably.

Derecognition of Financial Assets:

The Group derecognises a financial asset on trade date only when it transfers the financial asset and substantially all the risks and rewards of ownership of the asset to another entity.

On derecognition of a financial asset other than in its entirety (e.g. when the Company retains an option to repurchase part of a transferred asset), the Group allocates the previous carrying amount of the financial asset between the part it continues to recognise under continuing involvement, and the part it no longer recognises on the basis of the relative fair values of those parts on the date of the transfer. The difference between the carrying amount allocated to the part that is no longer recognised and the sum of the consideration received for the part no longer recognised and any cumulative gain or loss allocated to it that had been recognised in other comprehensive income is recognised in the statement of profit and loss. Cumulative gain or loss that had been recognised in other comprehensive income is allocated between the part that continues to be recognised and the part that is no longer recognised on the basis of the relative fair values of those parts.

Notes to Consolidated Financial Statements

as at and for the year ended March 31, 2023 (Contd.)

Financial Liability:

Financial liabilities are classified as either financial liabilities 'at FVTPL' or 'other financial liabilities'.

Financial liabilities are classified as at FVTPL when the financial liability is either held for trading or it is designated as at FVTPL.

Financial Liabilities are subsequently carried at amortized cost using the effective interest method, except for loans where the difference between IRR and normal rate of interest was immaterial.

Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date, regardless of whether that price is directly observable or estimated using another valuation technique. In estimating the fair value of an asset or a liability, the Company take into account the characteristics of the asset or liability if market participants would take those characteristics into account when pricing the asset or liability at the measurement date. Fair value for measurement and/or disclosure purposes in these financial statements is determined on such a basis, except for employee share-based payment, leasing transactions, and measurements that have some similarities to fair value but are not fair value, such as net realisable value in Inventories or value in use in Impairment of Assets. The basis of fair valuation of these items are given as part of their respective accounting policies.

Derivative Financial Instruments:

The Group uses derivative financial instruments, such as forward currency contracts and interest rate swaps to hedge its foreign currency risks and interest rate risks. Derivative financial instruments are initially recognised at fair value on the date a derivative contract is entered into and are subsequently re-measured at their fair value at the end of each period. The method of recognizing the resulting gain or loss depends on whether the derivative is designated as a hedging instrument, and if so, on the nature of the item being hedged. Any gains or losses arising from changes in the fair value of derivatives are taken directly to profit or loss.

Trade and Other Payables:

A payable is classified as 'trade payable' if it is in respect of the amount due on account of goods purchased or services received in the normal course of business. These amounts represent liabilities for goods and services provided to the Company prior to the end of financial year which are unpaid. Trade and other payables are presented as current liabilities unless payment is not due within 12 months after the reporting period.

Other Financial Liabilities:

Other financial liabilities, including borrowings, are initially measured at fair value, net of transaction costs. Other financial liabilities are subsequently measured at amortised cost using the effective interest method, with interest expense recognised on an effective yield basis.

The effective interest method is a method of calculating the amortised cost of a financial liability and of allocating interest expense over the relevant period. The effective interest rate is the rate that exactly discounts estimated future cash payments through the expected life of the financial liability, or (where appropriate) a shorter period, to the net carrying amount on initial recognition.

n) Borrowing Cost:

Borrowings costs that are attributable to the acquisition or construction of qualifying assets up to the date when they are ready for their intended use and other borrowing costs are charged to profit and loss account.

o) Taxation:

Provision for Taxation is determined on the basis of the Taxable profits computed for the current accounting period in accordance with the Income Tax Act, 1961.

Deferred Tax resulting from "temporary difference" between the carrying amount of an asset or liability in the balance sheet and its tax base book profit and taxable profit for the year is accounted for using the tax rates and laws that have been enacted or substantially enacted as on the balance sheet date. The deferred tax asset is recognized and carried forward only to the extent that there is a virtual certainty that the asset will be adjusted in future.

Notes to Consolidated Financial Statements

as at and for the year ended March 31, 2023 (Contd.)

Minimum Alternate Tax credit is recognized, as an asset only when and to the extent there is convincing evidence that the Company will pay normal income tax during the specified period.

p) Provisions & Contingent Liabilities/Assets:

Provisions are recognized when there is a present obligation (legal or constructive) as a result of a past event and it is probable ("more likely than not") that it is required to settle the obligation, and a reliable estimate can be made of the amount of the obligation.

The amount recognised as a provision is the best estimate of the consideration required to settle the present obligation at the balance sheet date, taking into account the risks and uncertainties surrounding the obligation. Where a provision is measured using the estimated cash flow to settle the present obligation, its carrying amount is the present value of those cash flows. The discount rate used is a pre-tax rate that reflects current market assessments of the time value of money in that jurisdiction and the risks specific to the liability.

Contingent Liability is disclosed after careful evaluation of facts, uncertainties and possibility of reimbursement. Contingent liabilities are not recognised but are disclosed in notes.

Contingent Assets are not recognised in financial statements but are disclosed, since the former treatment may result in the recognition of income that may or may not be realised. However, when the realisation of income is virtually certain, then the related asset is not a contingent asset and its recognition is appropriate.

q) Government Grants:

Incentive received from the Government under sales tax deferral scheme, which is interest free in nature is determined based on fair value. Fair value is determined on the present value technique based on cash flow payable under the scheme & the same is amortized over the remaining period of sales tax deferral loan.

r) Leases:

On April 1, 2019, the Company adopted Ind AS 116, Leases.

The Company evaluates if an arrangement qualifies to be a lease as per the requirements of Ind AS 116 Leases. Identification of a lease requires significant judgment. The Company uses significant judgement in assessing the lease term (including anticipated renewals) and the applicable discount rate. The Company determines the lease term as the non-cancellable period of a lease, together with both periods covered by an option to extend the lease if the Company is reasonably certain to exercise that option; and periods covered by an option to terminate the lease if the Group is reasonably certain not to exercise that option. In assessing whether the Company is reasonably certain to exercise an option to extend a lease, or not to exercise an option to terminate a lease, it considers all relevant facts and circumstances that create an economic incentive for the Company to exercise the option to extend the lease, or not to exercise the option to terminate the lease. The Company revises the lease term if there is a change in the non-cancellable period of a lease. The discount rate is generally based on the incremental borrowing rate specific to the lease being evaluated or for a portfolio of leases with similar characteristics.

The Company as lessee:

The Group's lease asset classes primarily consist of leases for Land, building, plant & machinery and vehicles. At the inception of the contract, the Company assesses whether a contract contains a lease. A contract is, or contains, a lease if the contract conveys the right to control the use of an identified asset for a period of time in exchange for consideration. For the purpose of identifying if a contract contains a lease, the Company assesses whether:

- (i) the contract involves the use of an identified asset
- (ii) the Company has substantially all of the economic benefits from use of the asset through the period of the lease, and
- (iii) the Company has the right to direct the use of the asset.

Notes to Consolidated Financial Statements

as at and for the year ended March 31, 2023 (Contd.)

At the date of commencement of the lease, the Company recognizes a right-of-use asset ("ROU") and a corresponding lease liability for all lease arrangements in which it is a lessee, except in case of low value leases and short term leases (a term of less than twelve months) wherein the lease payments are recognized as an operating expense on a straight-line basis over the term of the lease.

The lease liability is initially measured at amortized cost at the present value of the future lease payments. The lease payments are discounted using the interest rate implicit in the lease or, if not readily determinable, using the incremental borrowing rates.

Certain lease arrangements includes the options to extend or terminate the lease before the end of the lease term. ROU assets and lease liabilities includes these options when it is reasonably certain that they will be exercised. Lease liabilities are re-measured with a corresponding adjustment to the related right of use asset if the Company changes its assessment if whether it will exercise an extension or a termination option.

The right-of-use assets are initially recognized at cost. Cost includes the initial amount of the lease liability adjusted for any lease payments made at or prior to the commencement date of the lease plus any initial direct costs less any lease incentives. They are subsequently measured at cost less accumulated depreciation and impairment losses.

Right-of-use assets are depreciated from the commencement date on a straight-line basis over the useful life of the underlying asset or the lease term whichever is shorter. Right of use assets are tested for impairment whenever events or changes in circumstances indicate that their carrying amounts may not be recoverable.

Lease liability and ROU asset have been presented in the Balance Sheet and lease payments have been classified as financing cash flows.

The Group adopted Ind AS 116 – "Leases" using retrospective / modified retrospective methods as permitted in the Accounting Standard..

s) Recent accounting pronouncements:

Ministry of Corporate Affairs ("MCA") notifies new standard or amendments to the existing standards under Companies (Indian Accounting Standards) Rules as issued from time to time. On March 31, 2023, MCA amended the Companies (Indian Accounting Standards) Amendment Rules, 2023, applicable from April 1, 2023, as below:

- i. **Ind AS 1 – Material accounting policies** - The amendments mainly related to shifting of disclosure of erstwhile "significant accounting policies" in the notes to the financial statements to material accounting policy information requiring companies to reframe their accounting policies to make them more "entity specific. This amendment aligns with the "material" concept already required under International Financial Reporting Standards (IFRS).
- ii. **Ind AS 8 – Definition of accounting estimates** - The amendments specify definition of 'change in accounting estimate' replaced with the definition of 'accounting estimates'.
- iii. **Ind AS 12 – Income taxes – Annual Improvements to Ind AS** - The amendment clarifies that in cases of transactions where equal amounts of assets and liabilities are recognised on initial recognition, the initial recognition exemption does not apply. Also, If a company has not yet recognised deferred tax asset and deferred tax liability on right-of-use assets and lease liabilities or has recognised deferred tax asset or deferred tax liability on net basis, that company shall have to recognise deferred tax assets and deferred tax liabilities on gross basis based on the carrying amount of right-of-use assets and lease liabilities existing at the beginning of 1 April 2023.

t) Significant accounting judgements, estimates and assumptions

- The preparation of financial statements requires the use of accounting estimates which, by definition, will seldom equal the actual results. Management also needs to exercise judgement in applying the company's accounting policies.
- The estimates and judgements involves a higher degree of judgement or complexity, and of items which are more likely to be materially adjusted due to estimates and assumptions turning out to be different than

those originally assessed. Detailed information about each of these estimates and judgements is included in relevant notes together with information about the basis of calculation for each affected line item in the financial statements.

Critical estimates and judgements

The areas involving critical estimates or judgements are:

- Estimation of current tax expense and payable
- Estimated useful life PPE & intangible asset
- Estimation of defined benefit obligation
- Recognition of revenue
- Recognition of deferred tax assets for carried forward tax losses
- Impairment of trade receivables and other financial assets
- Fair Valuation for the purpose of Business Combination

Estimates and judgements are continually evaluated. They are based on historical experience and other factors, including expectations of future events that may have a financial impact on the company and that are believed to be reasonable under the circumstances.

Notes :

I Income Tax

- The Income Tax assessments of the Holding Company have been completed up to AY 2017-18.
- In the books of Accounts, the Holding Company is accounting Income tax refunds after adjustment of tax demands by IT authorities, if any. The matters are pending before High Court and ITAT for various issues. Based on legal opinion the Holding Company is contesting those tax demands/ disallowances at appropriate level.

Notes to Consolidated Financial Statements

as at and for the year ended March 31, 2023 (Contd.) (All amounts of ₹ In Lakhs except share data and unless otherwise stated)

The company has therefore not recorded adjustment of taxes/order in books.

c. MATERIAL DEMANDS AND DISPUTES CONSIDERED AS "REMOTE" BY THE HOLDING COMPANY:

The Holding Company claimed deduction under Section 80 IA of the Income Tax Act 1961 in its return for Power Undertaking for Financial Year 1998-99 to 2021-22 and for Effluent (Water) treatment for financial year 2016-17 to 2021-22. The assessing officer disallowed the benefit of deductions at assessment stage. Company had preferred appeals with Commissioner Appeals and / or ITAT. The ITAT partly allowed the appeals of the company. Department / Company have preferred appeal against the order of ITAT. As advised by legal advisors, Company has a strong case / merit for claiming the deduction and thus expects a favorable outcome.

d. The total demand outstanding as on 31.03.2023 on account of income tax dues is ₹ 2820.15 lakhs (Previous year ₹ 3151.69 lakhs), net of tax paid/adjusted under protest ₹ 657 Lakhs.

Note 42 LOAN PURCHASE AGREEMENT

The Holding Company had entered into a loan purchase agreement with ICICI Bank Ltd. for ₹ 4000 Lakhs in respect of borrowings of Shree Rama Newsprint Limited (SRNL) after sale of its investment in shares of SRNL. The loan purchase agreement stipulates that upon occurrence of default ICICI Bank Ltd. will have "a right" to require the Holding Company to purchase the loan outstanding of SRNL along with transfer of underlying security by ICICI Bank Ltd., to the Holding Company. The outstanding balance as at March 31, 2023 of SRNL loan is ₹ 2979.00 Lakhs with principal repayment due by June 30, 2025. The Holding Company does not foresee any event of default, further the security value is significantly higher than the outstanding loan balance and hence no liability is envisaged in this respect.

Note 43

During the year 2020-21, a supplier has made a claim of approximately ₹ 3,600 Lakhs against the Cable division of the company for alleged breach of contract and had initiated Arbitration proceedings against the company.

The company has received Award dated 16th June 2022 from Hon'ble Sole Arbitrator in favour of it rejecting the claim of supplier. However, the supplier has challenged the award in the Hon'ble High Court of Delhi by filing Petition u/s 34 of Arbitration and Conciliation Act, 1996 seeking to set aside the aforesaid award, and the matter is pending.

Note 57 FINANCIAL RISK MANAGEMENT OBJECTIVES, POLICIES AND DISCLOSURES

1 Financial Risk

The Group's operational activities expose to various financial risks i.e., market risk, credit risk and risk of liquidity. The Group realizes that risks are inherent and integral aspect of any business. The primary focus is to foresee the unpredictability of financial markets and seek to minimize potential adverse effects on its financial performance. The primary market risk to the Company is foreign exchange risk & interest rate risk. The Group uses derivative financial instruments to reduce foreign exchange risk exposures.

Notes to Consolidated Financial Statements

as at and for the year ended March 31, 2023 (Contd.)

i Market risk

Market risk is the risk that the fair value of future cash flows of a financial instrument will fluctuate because of fluctuation in market prices. These comprise three types i.e., currency rate, interest rate and other price related risks. Financial instruments affected by market risk include loans and borrowings, deposits, investments and derivative financial instruments. Foreign currency risk is the risk that the fair value or future cash flows of a financial instrument will fluctuate because of changes in foreign exchange rates. Interest rate risk is the risk that the fair value or future cash flows of a financial instrument will fluctuate because of changes in market interest rates. Regular interaction with bankers, intermediaries and the market participants help us to mitigate such risk.

a Foreign currency risk and sensitivity

The primary market risk to the company is foreign exchange risk. The Company uses derivative financial instruments to reduce foreign exchange risk exposure and follows its risk management policies to mitigate the same. After taking cognizance of the natural hedge, the company takes appropriate hedges to mitigate its risk resulting from fluctuation in foreign currency exchange rate(s).

b. Interest rate risk and sensitivity

The Group's exposure to the risk of changes in market interest rates relates primarily to long term debt. The Group has entered into various interest rate swap contracts, in which it agrees to exchange, at specific intervals, the difference between fixed and variable interest amounts calculated by reference to an agreed upon principal amount. Borrowings at variable rates expose the Group to cash flow interest rate risk. With all other variables held constant, the following table demonstrates composition of fixed and floating rate borrowing of the Group and impact of floating rate borrowings on company's profitability.

Interest rate decrease by 0.25%	10.89	21.77	10.89	21.77

ii Credit Risk

The Group evaluates the customer credentials carefully from trade sources before appointment of any distributor and only financially sound parties are appointed as distributors. The Group secures adequate deposits from its distributor and hence risk of bad debt is limited. The credit outstanding is sought to be limited to the sum of advances / deposits and credit limit determined by the Group. The Group have stop supply mechanism in place in case outstanding goes beyond agreed limits.

Credit risk refers to the risk of default on its obligation by the counterparty resulting in a financial loss. The maximum exposure to the credit risk at the reporting date is primarily from trade receivables amounting to ₹27314.41 Lakhs and ₹13,768.88 Lakhs as of March 31, 2023 and March 31, 2022, respectively. Trade receivables are typically unsecured and are derived from revenue earned from customers primarily located in India. Credit risk has always been managed by the Group through credit approvals, establishing credit limits and continuously monitoring the creditworthiness of customers to which the Group grants credit terms in the normal course of business. On account of adoption of Ind AS 109, the Group uses expected credit loss model to assess the impairment loss or gain. The Group uses a provision matrix to compute the expected credit loss allowance for trade receivables. The provision matrix takes into account as per the Group's historical experience for customers.

iii Liquidity Risk

Liquidity risk arises when the Group will not be able to meet its present and future cash and collateral obligations. The risk management action focuses on the unpredictability of financial markets and tries to minimise adverse effects. The Group uses derivative financial instruments to hedge risk exposures. Risk management is carried out by the Finance department under Forex Policies as adopted and duly approved by the Board. The Group's approach is to ensure, as far as possible, that it will have sufficient liquidity to meet its liabilities when due and company monitors rolling forecasts of its liquidity requirements.

Reasons for variances are as follows :

1. Current Ratio has improved due to higher profits as well as repayment of debts during the year.
2. Debt Equity Ratio & Debt Service coverage Ratio improved due to repayments of Debts & substantially higher EBIDTA during the year.
3. Return on Equity, Net Profit Margin, Net Capital Turnover, Ratio and Return on Capital employed Ratios have improved due to higher revenues and profits during the year.

Note 61

In case of one of the subsidiaries, Andhra Paper Ltd (APL), in the year ended March 31, 2017, the Hon'ble High Court for the State of Telangana and the State of Andhra Pradesh upheld the validity of levy of electricity duty @ 25 paise per unit by the State Government on consumption of electricity by captive generating units relating to earlier years. The said subsidiary (along with other petitioners) filed a Special Leave Petition in the Hon'ble Supreme Court, which in the interim, directed the petitioners to pay partial amount without prejudice to the rights and contentions of the petitioners, pursuant to which APL had paid ₹1,502.05 lakhs under protest in the year ended March 31, 2017. The matter is pending hearing.

In view of the inherent uncertainty in predicting the final outcome of the above litigation, the Management of APL has, on grounds of prudence and abundant caution, made a provision amounting to ₹ 3,143.24 lakhs (including ₹ 785.81 Lakhs on account of business combination during the earlier period) towards the potential liability in the event of an unfavourable verdict in this matter. Additionally, an amount of ₹ 785.81 lakhs has been disclosed as a contingent liability. On the basis of the legal advice obtained, in the opinion of the Management of APL, no further provision would be required in relation to this disputed matter.
