About the Para Champions Programme:

Launched in the financial year 2015-2016 in partnership with the GoSports Foundation, with an objective to support para-athletes across various sports disciplines. The programme currently supports 43 para-athletes across 7 disciplines from 14 states across the country by helping them fulfil their nutrition, fitness & conditioning, medical support as well as domestic & international training requirements. The programme also takes care of expenses incurred towards coaching, competition fee, sports science, daily living expenses, equipment & gear, apparel, mentorship, among others. This programme is a stunning example of what diversity and inclusion through sports should look like. The narrative of para-sports has moved forward ever since the Rio Paralympics, and now entering its sixth term, the programme is also in alignment with several objectives of the SDGs to ensure sustainability and larger impact. Under this programme, the para-athletes have won 623 medals since its inception.
