## Datamatics wins IMC Digital Technology Award 2020 for its Digital Workplace solution

**Mumbai, June 21, 2021:** Datamatics, a global Digital Solutions, Technology and BPM Company, today announced that it has won IMC Digital Technology Awards 2020 for its Digital Workplace solution in IT Services category. Datamatics won the awards for helping UTI Asset Management Company (AMC) to set-up a paperless Digital Workplace in record time amid pandemic.

Datamatics provided an enterprise wide [Digital Workplace solution](#) based on OpenText Documentum to UTI AMC. It enabled data transparency, and higher productivity leading to better turnaround time and significant reduction in operational costs.

The solution helped UTI AMC in optimum utilization of space and promotes a clean office environment. It helped the client digitize 200,000+ documents which gave better traceability as well as accountability.

Congratulating all the recipients of the Awards and especially, the lifetime achievement award winners, **Mr. Rishad Premji, Chairman, Wipro Limited**, said, "There could not be a better recognition more relevant and more contemporary in the world of today where [Digital Technology](#) has been truly all pervasive."

"Despite the headwinds created by pandemic, we digitized the entire process of document management and created a paperless office for UTI AMC within a short span of time. I would like to thank all Datamaticians for their support and commitment during this difficult time," said **Mr. Rahul Kanodia - Vice Chairman & Chief Executive Officer, Datamatics**. "We are delighted to be recognized by IMC for our innovative Digital Workplace solution."

Datamatics Digital Workplace offers a cloud-based, paperless digital office solution. It can be customized and tailored to suit the widest set of business requirements including snail mail tracking and file management, digital office automation, and records management towards a remote collaborative workspace. It enables enterprises to embrace an immensely agile, safe, and scalable future-proof business model for supporting remote operations or work from home culture.
