Daikin India enters billion-dollar club

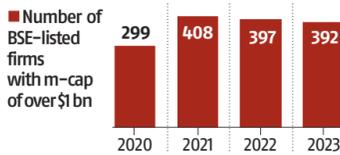

Company had a turnover of ₹8,860 crore in FY23

PRESS TRUST OF INDIA
New Delhi, 7 May

Air conditioner maker Daikin India is now the second company operating in the cooling space to cross the \$1 billion milestone after the Tata group firm Voltas, which had reported a total income of ₹9,667 crore for FY23.

When asked about this Jawa said: "Yes, we are a billion-dollar company now. Now we have top shares in every segment which we operate — VRV, chillers, and room air conditioners." The company, a wholly-owned subsidiary of Japan's Daikin Industries, a leading global manufacturer of commercial and residential air con-

ditioning systems, has so far invested ₹2,300 crore in India.

"We are looking at India in the long term. We have expansion plans here to make India a manufacturing hub for Daikin for Middle East and Africa markets," said Jawa.

Over Daikin India's contribution to the parent global company, Jawa said it is still very small and in the single digits.

"I would say India is a future treasure for Daikin. We may be small but the kind of expansion plan which we have ..." he said, adding, "we are now aligning our growth strategy with our global strategy." Presently, Daikin India gets 70 per cent of its revenue from residential (room AC), 20 per cent from VRV (variable refrigerant volume AC systems) used for large offices, and the rest 10 per cent from commercial businesses as projects, etc.

Aim is to make Paytm cash-flow positive: CEO

ARYAMAN GUPTA
New Delhi, 7 May

After One97Communications, the parent company of fintech major Paytm, managed to narrow its losses in the fourth quarter of FY23, its chief executive officer Vijay Shekhar Sharma said the firm's next objective is to make the firm cash-flow positive.

"I am very happy to announce our second quarter of Ebitda (earnings before interest, taxes, depreciation, and amortisation) (before ESOP cost) profitability. Our next milestone is to make Paytm cash flow positive in the near future," Sharma wrote in a letter to shareholders.

He added, "This has been possible by disciplined resource allocation and focusing on what has become our core revenue and growth driver — the payments and financial services distribution business."

The fintech giant, in its Q4 results for FY23, managed to

narrow its losses to ₹168 crore. This compares to losses of ₹392 crore a quarter ago and ₹761 crore in the year-ago period.

Revenues of the firm also surged almost 52 per cent year-on-year (YoY) to ₹2,335 crore in Q4, up from ₹1,541 crore. This was largely driven by growth in the company's payments and loan distribution business, coupled with a rise in gross merchandise value (GMV). Also, higher revenue from merchant subscriptions contributed to the growth. Paytm continued to witness sustained growth in GMV during Q4 — its GMV stood at ₹3.62 trillion, an increase of 40 per cent YoY. Its loan distribution business continued to scale as well, in partnership with the firm's lending partners.

Average monthly transacting users (MTU) for Q4 grew 27 per cent YoY to 90 million. This comes as adoption of mobile payments by consumers and merchants continues. Subscription services

for payment devices, such as Soundbox and POS machine, also witnessed strong adoption. Around 6.8 million merchants paid for subscriptions as of March 2023. This is more than double of 2.9 million merchants in March 2022.

Sharma emphasised that Paytm's in-house technology for risk management and controls has become a significant competitive advantage for the payments major. The company will "continue to invest in this area as a key focus area."

In Q4, across the company's three product offerings — Paytm Postpaid, Personal Loans, and Merchant Loans — loans amounting to ₹12,554 crore were distributed through the Paytm platform. As of March 2023, 9.5 million borrowers have taken loans through the platform.

"With low penetration rates currently for each of our loan distribution products, we see a long runway for growth in this business," the company said.

Extract of Consolidated Financial Results for the Quarter and Year ended March 31, 2023

(₹ in Crores)

| Sl. No. | Particulars | Quarter Ended | | | Year Ended | |
|---------|---|------------------------------------|-----------------------|------------------------------------|---------------------|---------------------|
| | | 31/Mar/23 (Audited) (refer Note 3) | 31/Dec/22 (Unaudited) | 31/Mar/22 (Audited) (refer note 3) | 31/Mar/23 (Audited) | 31/Mar/22 (Audited) |
| 1. | Total income from operations (net) | 762.55 | 642.22 | 539.48 | 2,889.50 | 2,173.62 |
