CHAIRMAN'S MESSAGE

Dear Members,

It gives me immense pleasure to present you the Annual Report for 2023-24. To begin with, hope every one of you and your family is well and healthy.

The Company holds a decent market share amongst the embroidery yarn, dyed yarn. In addition to this, the company has started sell of petro-chemical products which includes yellow oil, white oil, base oil, palm oil etc. Few petro chemical products used in adhesive industries.

I appreciate the confidence and faith reposed by the shareholders in the Board and the Management team which has, in my view, geared up to take on more challenges. I can say with confidence the Company will improve its performance further in the coming years as the company may export few chemicals to its overseas customers and ventured into packaging by importing aluminium foil and other packaging products. This is however only possible through tireless efforts; dedication and commitment of our team who have helped us reach where we are now and look forward to their continued commitment in the journey forward.

Success is working together and not a destination; it is with this hope and faith I look forward to your continuous confidence in your Company embarking on the next phase of its growth journey.

Before I conclude, I wish to thank all my fellow Board members, management team, employees, customers, suppliers, Bankers, regulatory authorities and our shareholders for their unflinching guidance and continued support throughout the year.

Sd/-

Mr. Anand Bakshi
(Chairman)

During this period, shareholders of the Company, holding shares either in physical form or in dematerialized form, as on the cut-off date i.e. 19/08/2024 may cast their vote electronically. The e-voting module shall be disabled by NSDL for voting thereafter.
2. Pursuant to SEBI Circular No. SEBI/HO/CFD/CMD/CIR/P/2020/242 dated 09.12.2020, under Regulation 44 of Securities and Exchange Board of India (Listing Obligations and Disclosure Requirements) Regulations, 2015, listed entities are required to provide remote e-voting facility to its shareholders, in respect of all shareholders’ resolutions. However, it has been observed that the participation by the public non-institutional shareholders/retail shareholders is at a negligible level.

Currently, there are multiple e-voting service providers (ESPs) providing e-voting facility to listed entities in India. This necessitates registration on various ESPs and maintenance of multiple user IDs and passwords by the shareholders.

In order to increase the efficiency of the voting process, pursuant to a public consultation, it has been decided to enable e-voting to all the demat account holders, by way of a single login credential, through their demat accounts/ websites of Depositories/ Depository Participants. Demat account holders would be able to cast their vote without having to register again with the ESPs, thereby, not only facilitating seamless authentication but also enhancing ease and convenience of participating in e-voting process.

MANAGEMENT DISCUSSION AND ANALYSIS REPORT

GLOBAL ECONOMY

The Global economy journey has been eventful, starting with supply-chain disruptions in the aftermath of the pandemic, an energy and food crisis triggered by Russia's war on Ukraine, a considerable surge in inflation, followed by a globally synchronized monetary policy tightening. Despite gloomy predictions, the global economy remains remarkably resilient, with steady growth and inflation slowing almost as quickly as it rose. Many large emerging market economies are performing strongly, increasing their footprint on the global economy. Despite these welcome developments, numerous challenges remain, and decisive actions are needed.

Apart from the ongoing Russia-Ukraine war, the intensifying conflict between Israel and Gaza has become an additional source of concern for the global economy. Furthermore, the trade disruption caused by the crisis in the Red Sea route, responsible for 12-15% of the global trade flow and 20% of the container trade, is leading to delays and heightened logistic costs. The trade flow between the European and Asian counterparts has been impacted majorly by the significant hike in logistics costs. This has kept the commodity prices volatile in Q4 CY2023 and in Q1 CY2024. The IMF forecasts global real GDP growth of 3.2% for 2024 and 2025 - the same rate as in 2023.

INDIAN ECONOMY

Indian economy came out as a top performer in FY 2023-24 despite the domestic challenges of high inflation and subsequent monetary tightening, and setbacks in the export market due to the global slowdown. As per the second advance estimates released by the National Statistical Office (NSO), real GDP is expected to grow by 7.6% in FY 2023-24 as against 7.0% in FY 2022-23, driven by robust domestic demand, moderate inflation, a stable interest rate environment, and strong investment activities. Furthermore, India also concluded a successful presidency of G20, showcasing India's capability to cater to global needs and providing a platform to address global concerns.

Globally, high inflation and interest rates, coupled with supply surplus, have exerted significant pressure on demand. However, India's robust government spending on infrastructure development and positive consumer sentiments have not only provided a cushion but also boosted economic growth. Despite the persistent monetary tightening by the RBI, the domestic demand has remained resilient and supportive.

The Global Textile market is anticipated to rise at a considerable rate due to factors such as the continued increase in global population and urbanization, the rapid expansion of e-commerce, heightened expenditure on leisure activities, the growing retail penetration, increased internet accessibility and smartphone usage, and a rising preference for contactless delivery solutions. Notable

trends expected in the forecast period include a shift towards adopting digital textile printing, focus on utilizing nonwoven fabrics, an emphasis on the use of organic fibers, a spotlight on sustainable fibers, adoption of digital platforms for textile supply chain management.

INDIAN TEXTILE INDUSTRY

Adverse economic conditions prevailed in major importing Countries, coupled with the Red Sea crisis are impacting the export of Indian textile products, including ready-made garments, to foreign destinations. However, with the US market showing signs of revival, experts believe exports to improve in the upcoming months. The domestic market, which accounts for around three-fourths of the overall demand, continues to witness a steady growth. Demand ahead of the spring-summer season in the West is likely to boost the off take of garments from India, thereby supporting the growth of the entire value chain. With better consumer demand big retailers in the overseas markets will inherent properties of flexibility, elasticity and breathability are ideally suited for the production of casual wear and athletic garments. Its ability to conform to body movements while providing excellent comfort levels is particularly appealing to consumers. The market is also influenced by the growing focus on sustainability. Consumers and businesses alike are increasingly attentive to the environmental impact of textiles. Knitted fabrics, which can be produced with less waste and energy than woven fabrics, are therefore appealing to the environmentally conscious consumers. There is also a rising inclination towards the adoption of more sustainable and ethical production practices. This includes the use of organic and recycled fibers, and fair-trade and transparent supply chains.

The Global cotton yarn market size has grown strongly in recent years due to the growth of the textile industry, the preference for natural fibers, trends in global cotton production, innovations in cotton yarn, and the increased affordability and accessibility of textile materials. However, the year under review has witnessed an unprecedented lower margin due to drop in yarn prices on account of fluctuation in cotton prices and lesser demand. The surge in the power cost has also impacted its margin.

The FY 2023-24 has been a challenging year for the industry as a whole due to fluctuating cotton prices, dent in yarn margin, diminishing demand, capacity underutilization and dumping of imported fabrics and garments from China and Bangladesh.

OUR BUSINESS OVERVIEW

The Company is in the business of yarn trading/Authorized dealer of various companies. It is a leading company offering various types of yarn to national markets. However, Competition in the industry is continuously increasing, but overall Performance of the Company is good.

The Company delivered good performance despite of headwinds and made consistent progress in strengthening the established business segments through high value products.

Opportunities & Threats

Synthetic Yarn has good share in total yarn production; India's growing population has been a key driver of textile consumption growth in the country. It has been complemented by a young population which is growing and at the same time is exposed to changing tastes and fashion. Rising incomes has been a key determinant of domestic demand for the sector; with incomes rising in the rural economy as well, the upward push on demand from the income side is set to continue.

Further, the technology element plays a crucial role in the growth of the Indian textile industry. Technology has reshaped the textile industry to meet the rising demands and trends by providing data-driven customer operations. The Advanced Technology machinery with high quality cotton enables the company to manufacture superior quality yarn.

Manpower: Company is in trading of Synthetic Yarn, company does not require any technical personnel, other than marketing personnel.

High Competition and Low Profitability: The yarn Industry has entered into the orbit of the high competition. Various brands and various quality yarn are available in the market. Due to high competitions in market, we have to fluctuate the profit margin to maintain the turnover of the company.

New Entrants: More and more new organized and unorganized players are entering into market which will increase competition in our business sector also.

Risk and concerns:

Stiff competition from the organized and unorganized players as well as from the imported yarns resulting in lower margins or losing out the customers. However, due to strong and stable relationship with clients, the company has at its own penetrated markets and maintained its offerings and sales revenues.

2 MANAGEMENT'S RESPONSIBILITY FOR THE STANDALONE FINANCIAL STATEMENTS :-

The Company's Board of Directors is responsible for the matters stated in Section 134(5) of the Companies Act, 2013 ("the Act") with respect to the preparation of these standalone financial statements that give a true and fair view of the financial position, financial performance, total comprehensive income, changes in equity and cash flows of the Company in accordance with the Ind AS and other accounting principles generally accepted in India. This responsibility also includes maintenance of adequate accounting records in accordance with the provisions of the Act for safeguarding the assets of the Company and for preventing and detecting frauds and other irregularities; selection and application of appropriate accounting policies; making judgments and estimates that are reasonable and prudent; and design, implementation and maintenance of adequate internal financial controls, that were operating effectively for ensuring the accuracy and completeness of the accounting records, relevant to the preparation and presentation of the standalone financial statements that give a true and fair view and are free from material misstatement, whether due to fraud or error.

In preparing the standalone financial statements, management is responsible for assessing the Company's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless management either intends to liquidate the Company or to cease operations, or has no realistic alternative but to do so.

The board of directors are also responsible for overseeing the Company's financial reporting process.

3 AUDITOR'S RESPONSIBILITIES FOR THE AUDIT OF THE STANDALONE FINANCIAL STATEMENTS :-

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with SAs will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these standalone financial statements.

As part of an audit in accordance with SAs, we exercise professional judgment and maintain professional skepticism throughout the audit. We also : -

- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances. Under section 143(3)(i) of the Companies Act, 2013, we are also responsible for expressing our opinion on whether the company has adequate internal financial controls system in place and the operating effectiveness of such controls.
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by management.
- Conclude on the appropriateness of management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Company's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Company to cease to continue as a going concern.
- Evaluate the overall presentation, structure and content of the financial statements, including the disclosures, and whether the financial statements represent the underlying transactions and events in a manner that achieves fair presentation.

- Materiality is the magnitude of misstatements in the standalone financial statements that, individually or in aggregate, makes it probable that the economic decisions of a reasonably knowledgeable user of the financial statements may be influenced. We consider quantitative materiality and qualitative factors in (i) planning the scope of our audit work and in evaluating the results of our work; and (ii) to evaluate the effect of any identified misstatements in the financial statements.

We communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

We also provide those charged with governance with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, related safeguards.

From the matters communicated with those charged with governance, we determine those matters that were of most significance in the audit of the financial statements of the current period and are therefore the key audit matters. We describe these matters in our auditor's report unless law or regulation precludes public disclosure about the matter or when, in extremely rare circumstances, we determine that a matter should not be communicated in our report because the adverse consequences of doing so would reasonably be expected to outweigh the public interest benefits of such communication.

AUDITOR’S RESPONSIBILITY : -

Our responsibility is to express an opinion on the internal financial controls over financial reporting of the Company based on our audit. Our audit involves performing procedures to obtain audit evidence about the adequacy of the internal financial controls system over financial reporting and their operating effectiveness. Our audit of internal financial controls over financial reporting included obtaining an understanding of internal financial controls over financial reporting, assessing the risk that a material weakness exists, and testing and evaluating the design and operating effectiveness of internal control based on the assessed risk. The procedures selected depend on the auditor's judgement, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error.

We believe that the audit evidence we have obtained, is sufficient and appropriate to provide a basis for our audit opinion on the internal financial controls system over financial reporting of the Company.

MEANING OF INTERNAL FINANCIAL CONTROLS OVER FINANCIAL REPORTING :-

A company's internal financial control over financial reporting is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of financial statements for external purposes in accordance with generally accepted accounting principles. A company's internal financial control over financial reporting includes those policies and procedures that (1) pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the company; (2) provide reasonable assurance that transactions are recorded as necessary to permit preparation of financial statements in accordance with generally accepted accounting principles, and that receipts and expenditures of the company are being made only in accordance with authorisations of management and directors of the company; and (3) provide reasonable assurance regarding prevention or timely detection of unauthorised acquisition, use, or disposition of the company's assets that could have a material effect on the financial statements.

LIMITATIONS OF INTERNAL FINANCIAL CONTROLS OVER FINANCIAL REPORTING :-

Because of the inherent limitations of internal financial controls over financial reporting, including the possibility of collusion or improper management override of controls, material misstatements due to error or fraud may occur and not be detected. Also, projections of any evaluation of the internal financial controls over financial reporting to future periods are subject to the risk that the internal financial control over financial reporting may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

NOTES FORMING PART OF NOTES TO ACCOUNTS FOR THE YEAR ENDED ON 31/03/2024

NOTES : - 23 SIGNIFICANT ACCOUNTING POLICIES & NOTES TO ACCOUNTS

(1) SIGNIFICANT ACCOUNTING POLICIES : -

i) METHOD OF ACCOUNTING : -

a) BASIS OF PREPARATION OF FINANCIAL STATEMENTS : -

These financial statements are prepared in accordance with Indian Generally Accepted Accounting Principles (GAAP) under the historical cost convention on the accrual basis. GAAP comprises mandatory accounting standards as prescribed under Section 133 of the Companies Act, 2013 ('Act') read with Rule 7 of the Companies (Accounts) Rules, 2014. Accounting policies have been consistently applied except where a newly issued accounting standard is initially adopted or revision to an existing accounting standard requires a change in the accounting policy hitherto in use.

b) USE OF ESTIMATES : -

The preparation of the financial statements in conformity with GAAP requires management to make estimates and assumptions that affect the reported balances of assets and liabilities and disclosures relating to contingent liabilities as at the date of the financial statements and reported amounts of income and expenses during the period. Examples of such estimates include future obligations under employee retirement benefit plans, income taxes, scrap value of fixed assets and useful lives of fixed tangible assets and intangible assets.

Accounting estimates could change from period to period. Actual results could differ from those estimates. Appropriate changes in estimates are made as the management becomes aware of changes in circumstances surrounding the estimates. Change in estimates are reflected in the financial statements in which changes are made and, if material, their effects are disclosed in the notes to the financial statements.

ii) INVENTORIES : -

Inventories comprise Stock in trade and packing materials. These are valued at lower of cost and net realizable value after providing for obsolescence and other losses, where considered necessary. Cost is determined as follows : -

❖ Stock-in-Trade	➤	At Cost
❖ Packing Materials and Consumables	➤	At Cost

ANAND RAYONS LIMITED

NOTES FORMING PART OF NOTES TO ACCOUNTS FOR THE YEAR ENDED ON 31/03/2024

iii) REVENUE RECOGNITION : -

Revenue is primarily derived from sale of traded goods. Revenue from sales is recognized on transfer of significant risks and rewards to the buyer as per the terms of arrangement with the buyer. When there is uncertainty as to measurement or ultimate collectability, revenue recognition is postponed until such uncertainty is resolved. The company presents net of indirect taxes in its statement of profit and loss.

Profit on sale of investments is recorded on transfer of title from the Company and is determined as the difference between the sale price and carrying value of the investment. Interest is recognized using the time proportion method, based on rates implicit in the transaction. Dividend income is recognized when the company's right to receive dividend is established.

iv) PROVISIONS, CONTINGENT LIABILITIES AND ASSETS : -

A provision is recognized when there exists a present obligation as a result of past events and it is probable that an outflow of resources embodying economic benefits will be required to settle the obligation, and a reliable estimate can be made of the amount of the obligation. Provisions are not discounted to present value and are determined based on best estimates required to settle the obligation at the reporting date. These estimates are reviewed at each reporting date and adjusted to reflect the current best estimates.

A contingent liability is a possible obligation that arises from past events whose existence will be confirmed only by the occurrence or non occurrence of one or more uncertain future events beyond the control of the Company or a present obligation that is not recognized because it is not probable that an outflow of resources will be required to settle the obligation. A contingent liability also arises in extremely rare cases where there is a liability that cannot be recognized because it cannot be measured reliably, the Company does not recognize a contingent liability but discloses its existence in the financial statements.

v) TANGIBLE ASSETS AND CAPITAL WORK-IN-PROGRESS : -

Tangible assets are stated at cost, less accumulated depreciation and impairment, if any. Direct costs are capitalized until such assets if any, are ready for use. Capital work-in-progress if any, comprises direct cost, related incidental expenses and attributable interest, if any.

ANAND RAYONS LIMITED

NOTES FORMING PART OF NOTES TO ACCOUNTS FOR THE YEAR ENDED ON 31/03/2024

vi) INTANGIBLE ASSETS : -

Intangible assets if any, are recorded at the consideration paid for acquisition of such assets and are carried at cost less accumulated amortization and impairment. Research costs are expensed as incurred. Product development costs are expensed as incurred unless technical and commercial feasibility of the project is demonstrated, future economic benefits are probable, and the Company has an intention and ability to complete and use or sell the product and the costs can be measured reliably.

vii) DEPRECIATION AND AMORTIZATION : -

Depreciation on tangible assets is provided on the straight-line method over the useful lives of assets as prescribed under Part - C of Schedule II of the Companies Act, 2013. Depreciation for assets purchased / sold during a period is proportionately charged.

Intangible assets if any, are amortized over their respective individual useful lives as prescribed under Part - C of Schedule II of the Companies Act, 2013 on straight-line basis, commencing from the date the asset is available to the Company for its use.

Depreciation and Amortization methods, useful lives and residual values are reviewed periodically at each financial year end.

viii) IMPAIRMENT : -

The management periodically assesses using, external and internal sources, whether there is an indication that an asset may be impaired. An impairment loss is recognized wherever the carrying value of an asset exceeds its recoverable amount. The recoverable amount is higher of the assets not selling price and value in use, which means the present value of future cash flows expected to arise from the continuing use of the asset and its eventual disposal. An impairment loss for an asset is reversed if, and only if, the reversal can be related objectively to an event occurring after the impairment loss was recognized. The carrying amount of an asset is increased to its revised recoverable amount, provided that this amount does not exceed the carrying amount that would have been determined (net of any accumulated amortization or depreciation) had no impairment loss been recognized for the asset in prior years.

The gains or losses resulting from such translations are included in the Statement of Profit and Loss. Non-monetary assets and non-monetary liabilities denominated in a foreign currency and measured at fair value are translated at the exchange rate prevalent at the date when the fair value was determined. Fixed assets utilized for research and development are capitalized and depreciated in accordance with the policies stated for tangible fixed assets and intangible fixed assets.

xi) INCOME TAXES :-

Income taxes are accrued in the same period that the related revenue and expenses arise. A provision is made for income tax, based on the tax liability computed, after considering tax allowances and exemptions. Provisions are recorded when it is estimated that a liability due to disallowances or other matters is probable. Minimum alternate Tax (MAT) paid in accordance with the tax laws, which gives rise to future economic benefits in the form of tax credit against future income tax liability, is recognized as an asset in the Balance Sheet if there is convincing evidence that the company will pay normal tax in future and the resultant asset can be measured reliably. The company offsets, on a year basis, the current tax assets and liabilities, where it has a legally enforceable right and where it intends to settle such assets and liabilities on a net basis.

ANAND RAYONS LIMITED

NOTES FORMING PART OF NOTES TO ACCOUNTS FOR THE YEAR ENDED ON 31/03/2024

The differences that result between the profit considered for income taxes and the profit as per the financial statements are identified, and thereafter a deferred tax asset or deferred tax liability is recorded for timing differences, namely the differences that originate in one accounting period and reverse in another, based on the tax effect of the aggregate amount of timing difference. The tax effect is calculated on the accumulated timing difference at the end of an accounting period based on enacted or substantively enacted regulations. Deferred tax assets in situation where unabsorbed depreciation and carry forward business loss exists, are recognized only if there is a virtual certainty supported by convincing evidence that sufficient future taxable income will be available against which such deferred tax asset can be realized. Deferred tax asset, other than in situation of unabsorbed depreciation and carry forward business loss, are recognized only if there is reasonable certainty that they will be realized. Deferred tax assets are reviewed for the appropriateness of their respective carrying values at each reporting date. Deferred tax assets and deferred tax liabilities have been offset wherever the company has legally enforceable right to set off current tax assets against current tax liabilities and where the deferred tax assets and deferred tax liabilities relate to income taxes levied by same taxation authority. xvii) LIQUIDITY RISK : -

Liquidity risk is the risk that the Company will encounter difficulty in meeting the obligations associated with its financial liabilities that are settled by delivering cash or another financial asset. The Company's approach is to ensure, as far as possible, that it will have sufficient liquidity to meet its liabilities when due.

The Company relies on a mix of borrowings, and excess operating cash flows to meet its needs for funds. The current committed lines of credit are sufficient to meet its short to medium term expansion needs. The Company monitors rolling forecasts of its liquidity requirements to ensure it has sufficient cash to meet operational needs while maintaining sufficient headroom on its undrawn committed borrowings facilities at all times so that the Company does not breach borrowing limits or covenants (where applicable) on any of its borrowing facilities.
