Respected Sir,

There is a slight change in the plan, i was about to give a 15 days notice period but as per the terms of your proposed appointment letter, I will be on probation for 6 months and can be asked to leave immediately without giving a reason while you take my Membership on the very 1st day. This clause is applicable to both sides hence I don't see a reason to give notice period and resign on immediate basis from today. As there is also a liquidity issue in the company so giving a 15 day notice will only add to the burden.

But will surely help you with my reason for leaving which is also mentioned in the email trail below:

- 1) Foreign Travel - Not discussed during the offer letter stage
- 2) Probation period of 6 mns which you mention will be reduced to 2 mns (Thus you can ask me to resign after your AGM) Not Discussed during offer letter
- 3) Adding my name in your internal complaints committee (When you keep me on probation. I joined to handle the company compliances not internal complains)
- 4) Handover Issues - I had to reset all password, no files or folders (only 2 minutes books which is incomplete)

Would also want to mention that my salary for July 31st was supposed to be paid by 10th to 15th Aug is not received yet. Again the balance 15 days salary for the month of Aug 2023 can be released as full & final settlement.

As a handover, I will share all the logins and my work is already forwarded on emails thus only the handing over of laptop remains which will be safely handed over, once my salary is released or this can be collected from the ICSI institute or BSE.

Please release my pending dues in 2-3 days.

Thanks
CS Jyoti Shetty
