40 yrs after tying knot, couple in HC for certificate

Times News Network

New Delhi: Delhi High Court on Thursday sought the Assam Admit Paris government records of a couple who married 40 years ago to enable them to get their marriage registered. The judge said that the couple were not aware of the marriage certificate and their application as they were unaware at the time of their marriage in 1981.

Justice Jitendra Kumar asked the authorities and asked the sub-divisional magistrates of Alipur and district magistrates of North West Delhi to respond to the petition, which seeks to register the couple's marriage. The high court gave the authorities two weeks' time and listed the matter for hearing on November 31.

The couple claimed that they fulfil all the conditions for registration of marriage as spouses (both under 21 years of age) and the bride was under 21 years of age at the time of registration and their marriage was conducted in accordance with Hindu law, rites and ceremonies. The petitioners added that during the past 40 years, they have been living together as husband and wife and have four children but the legal validity of getting their marriage registered has not happened yet.

Postpone survey on learning gaps: Sisodia to Centre

Times News Network

New Delhi: Deputy chief education minister Manish Sisodia has requested Union education minister Rishi Sunil to postpone National Achievement Survey (NAS) scheduled on Friday. Arguing that the schools have just opened after 10 months and all children are yet to report, Sisodia wrote that holding such a survey will reflect the actual situation.

NAS will be conducted in 100 districts of the 36 states and Union territories covering 1.5 lakh schools and 10 lakh students of classes IV, V, VII and X. It will measure learning gaps among children and will help the government to take remedial steps. Sisodia, who is also Delhi's education minister, wrote: "In Delhi, we requested the schools till children have returned to school after a gap of 10 months. Moreover, for around 50% of the rural schools, the situation is similar in other states... In this situation, the learning gap that the survey intends to collect will be due to the real situation."

However, sample schools have made the required preparations. At The Indian School, Class X students will be part of the survey. "They have asked for 90 students, so the batch that is coming to school on Friday will be part of it," said principal Taru Sisodia. Government Girls Senior Secondary School in Ambekar Nagar Sector IV is also a sample institute for Class X. Aruna Agrawal, its principal, said, "I have called the entire Class X batch and the required 30 will be chosen from among them. Teachers will also be randomly selected."

Man thrashes his brother to death

Times News Network

New Delhi: A man died after being thrashed by his brother in a murder case in Gurgaon. The police station received a call regarding a body at a house.

The accused, Anil, was staying in the same house with his wife and child, police said. On Tuesday, Gurgaon police station received a call regarding a body at a house. A police man reached the spot and found the body but no identification papers were found there. The body was then taken to the morgue.

Woman arrested in Rohini for running prostitution racket

Times News Network

New Delhi: Delhi Police on Thursday said they have arrested a woman from Rohini who was involved in running a prostitution racket.

According to police, the woman was arrested in Rohini. She was arrested along with her husband. They were arrested for running a prostitution racket in Rohini and its surroundings.

New Broadcast Tariff Norms to Come into Effect from April 1

NTO 2.0 to be effective next FY; broadcasters told to submit revised channel pricing by Dec 31

Gaurav Lighate
@ntvgroup.com

Mumbai: The Telecom Regulatory Authority of India (TRAI) has extended the deadline for the implementation of the new broadcast sector tariff regulations from December 1, 2021, to April 1, 2022. The new regulations will be effective from April 1, 2022, according to the revised schedule.

Under NTO 2.0, TRAI has capped the price of those channels which are part of a bouquet at ₹2. The broadcasters can price their channels higher if they are kept out of the bouquets.

Broadcasters must submit their revised interconnect offer (ICO) by December 31. This includes the MIP of their channels and bouquets, as well as their interconnect agreement terms and conditions. Broadcasters who have already published their ICOs in accordance with NTO 2.0 can update and submit fresh ICOs before the deadline of the year.

Earlier, the top four broadcasters, Star & Disney India, Zee Entertainment Enterprises (ZEE), Sony Pictures Networks India (SPN) and Viacom18 had updated their channel pricing in compliance with NTO 2.0, which would have resulted in an at least a 50% jump in consumer monthly cable bill starting in December. Under NTO 2.0, TRAI has cap-

ped the price of those channels which are part of a bouquet at ₹2. The broadcasters are, however, allowed to price their channels higher if they are kept out of the bouquets. In their respective ICOs, the top four broadcasters kept all the popular channels out of bouquets and priced them between ₹15 and ₹25 per month.

Recently, a delegation of broadcasters, under the aegis of the Indian Broadcasters Association and Digital Foundation (IDBF), met the TRAI chairman, who assured them that he would review the current issues keeping in mind the best interest of all the stakeholders in the broadcast industry. While the IDBF did not con-
