Brokers challenge DA Act in 'peaceful' areas of Surat

AHMEDABAD: The Gujarat high court on Monday issued notice to the state government and the Surat district collector over a petition challenging the imposition of the Disturbed Areas Act on commercial areas where properties are owned by Hindus in Surat. The petition has been filed by the Surat Textile Shop

Brokers' Association, stating that restrictions on transacting property—sale and renting of properties in the commercial area of Begumpura and Zambabajar in the jurisdiction of Salabatpura police station is unwarranted, because most of the property owners are Hindus and the area is peaceful. The petitioner's advocate,

Virat Popat, submitted that the area on which the Gujarat Prohibition of Transfer of Immovable Property and Provision for Protection of Tenants from Eviction from Premises in Disturbed Areas Act, 1991, (Disturbed Areas Act) has been imposed is a textile market with 40,000 shops and there is no residential

property there. There is no history of communal violence, mob violence or riots in this area and therefore it is not proper to invoke the law restraining transaction of properties. Because of the application of the Disturbed Areas Act, which mandates approval from the district collector for any transaction—sale or renting of property—their right to trade is affected. The government imposed the Disturbed Areas Act in 2017 and renewed it in 2020. Another notification continuing the imposition of restrictions was issued in July 2021, which has been challenged by the brokers. In the absence of any communal or mob violence in the area, the notification was mechanically imposed in a cyclical manner. This law has made not only the sale of property but also any agreement for rental and leasing very cumbersome. Renewal of rent and lease agreements, which are to be extended every 11 months, become difficult with the authorities either delaying or denying permission on the grounds of insufficient documents. The petitioner urged the HC to declare that government cannot invoke provisions of this law in the absence of any past communal violence in the area, and not without subjective satisfaction of the authority.

7.5kg of gold jewellery snatched in Shahpur

AHMEDABAD: In a major robbery, two employees of a CG Road-based jewellery store lost 7.5kg gold ornaments—roughly worth Rs 4 crore—from near Shahpur metro station on Monday night. Teams of local police and city crime branch started probe based on statements of the employees and CCTV cameras in the area. Check posts were also created to carry out stringent vehicle checking, said senior city police officials.

According to Madhavpura police, Dharmesh and Parag, two employees of the jewellery store were returning from the ornament-making workshop based in Naroda with two bags filled with gold ornaments. The duo was travelling on a scooter and they had kept the bags in the front.

According to their statements, the vehicle got stalled down near Shahpur metro station near Halim ni Khadi area around 8-8.15pm when two persons came near them on a bike. Both the rider and pillion had worn helmets. Before they could understand anything, the pillion rider swooped down on the bags and snatched it. They then zoomed off in the traffic, said an investigator. The duo informed their employer after which city police were roped in. Senior officials including

might be trailing them for some time. All the CCTVs on the route are being checked. City crime branch officials are also roped in for the probe, said a senior city police official.

Cast vote and get your animals tested in Junagadh

Junagadh : In a novel way to boost voter turnout, the Junagadh district administration will be facilitating health checkups of not only those coming to vote but also their domesticated animals at selected booths. Junagadh district has five assembly constituencies. The facilities will be set up outside the 100m radius of 10 booths—five for medical checkup of voters and five for animals—across the district. Junagadh collector Rachit Raj TOI, "All those coming to vote can avail of the health checkup facilities. All necessary tests will also be prescribed. Junagadh is an agrarian economy and a majority of people are dependent on animal husbandry. They can bring their animals who will be examined during the time the owners go to vote. "The animals will also be given vaccines if required. Raj decided to implement this idea which was appreciated by the Election Commission of India. There are a total of 1,346 booths in Junagadh district. The voter turnout in the district has remained average in the past two assembly elections. According to official figures, the turnout in 2012 was 67% which reduced to 62% in 2017. This year, the administration has set a target of achieving at least 82% turnout.
