DroneAacharya Aerial Innovations Limited announces that the company has secured a groundbreaking contract worth Rs. 15,78,840.00 from Tata Consultancy Services (TCS). The contract entails the provision of cutting-edge Drone Based 5G Solutions, marking a pivotal advancement in Drone offerings.

The agreement encompasses the supply of a state-of-the-art 5G-enabled drone equipped with a Visual (RGB) camera, alongside a Ground Control Station designed for remote access and seamless live data relay. Additionally, the scope of work involves collaborative efforts in co-developing and co-engineering Drone Based 5G Solutions for Telecom, Warehousing, Energy and other sectors where TCS has a presence, spanning India as well as across the Globe.

The contract is of great importance not only for DroneAacharya and TCS but also for India as this would entail the use of Drones over the 5G network. "The integration of 5G with Drones will ensure faster data transmission with low latency while transmitting and receiving vast amounts of data efficiently. In essence, the integration of 5G technology into drones will significantly enhance their capabilities, enabling faster, more reliable, and data-intensive operations, which are crucial for various industries and applications", comments Prateek Srivastava, Founder and Managing Director at DroneAacharya.

This collaboration with TCS signifies the start of a long term engagement for developing cutting edge solutions across various industry verticals.

This partnership between DroneAacharya and TCS marks the commencement of a sustained commitment to crafting advanced solutions spanning diverse industry sectors.
