**I. EXPLANATORY STATEMENT
PURSUANT TO SECTION 102
OF THE COMPANIES ACT,
2013**

ITEM NO. 4

Ms. Deepa Misra Harris was appointed by the Board of Directors of the Company ("**Board**"), on recommendation of the Nomination and Remuneration Committee of the Company, as an Additional Director designated as an Independent Woman Director on the Board effective from 27th March, 2019 and holds office up to the date of ensuing Annual General Meeting ("**AGM**"). The Company has received a Notice under Section 160 of the Companies Act 2013 from a shareholder proposing the name of Ms. Deepa Misra Harris for her appointment as an Independent Director on the Board of the Company.

In terms of Section 149 of the Act read with Schedule IV thereto and the Companies (Appointment and Qualification of Directors) Rules 2014, an Independent Director can hold office for a period of up to five consecutive years and shall not be liable to retire by rotation.

The Company has received from Ms. Harris (i) consent in writing to act as director in Form DIR-2 pursuant to Rule 8 of Companies (Appointment & Qualification of Directors) Rules, 2014; (ii) intimation in Form DIR-8 in terms of Companies (Appointment & Qualification of Directors) Rules, 2014 to the effect that she is not disqualified under sub section (2) of the Section 164 of the Act; and (iii) a

declaration to the effect that she meets the criteria of independence as provided in sub-section (6) of the Section 149 of the Act and Regulation 16(1)(b) of SEBI (Listing Obligations and Disclosure Requirements) Regulations, 2015 ("**SEBI (LODR) Regulations**").

Ms. Harris holds a master degree from Lady Shri Ram College, Delhi University and has unique experience in hospitality, branding, marketing and sales. She has over 30 years of experience in the high-end luxury hospitality category. Ms. Harris has worked with Taj Hotels, Palaces, Resorts in senior leadership role for a large part of her career and was Head of Sales & Marketing across all their 4 flagship brands and 127 Hotels worldwide. The brief resume, educational and professional qualifications, etc. of Ms. Harris is annexed hereto.

In the opinion of the Nomination and Remuneration Committee and the Board of the Company, Ms. Harris fulfils the conditions of appointment as an Independent Director as specified in the Act and Rules made thereunder and the SEBI (LODR) Regulations and is independent of the management. Considering the vast experience and knowledge of Ms. Harris, it will be in the interest of the Company to appoint her as an Independent Director.

In terms of Section 149 and other applicable provisions of the Act and Rules made thereunder, the approval of Members is sought by way of

an ordinary resolution for the appointment of Ms. Deepa Misra Harris as an Independent Director for a term of five consecutive years.

A copy of the draft letter for the appointment of Ms. Deepa Misra Harris as an Independent Director setting out the terms and conditions is available for inspection in physical form between 11 AM and 5 PM on all working days up to the date of the AGM at the registered office of the Company and copies thereof are also available for inspection in physical form at the head office and the corporate office of the Company, and will also be available at the AGM to be held on 25th July, 2019, without payment of any fee by the Members.

The Board recommends the ordinary resolution as set out at Item No. 4 for your approval.

Ms. Harris is interested in this resolution to the extent of her appointment as an Independent Director of the Company. No other Director of the Company, Key Managerial Personnel or their relatives respectively is in any way concerned or interested in the proposed resolution.

ITEM NO. 5-7

Mr. Sanjai Vohra, Mr. Vikram Bakshi and Mr. Amit Burman are Independent Directors as required under Section 149 of Companies Act, 2013 ("**Act**") and Regulation 25 of SEBI (Listing Obligations and Disclosure Requirements) Regulations, 2015 ("**SEBI (LODR) Regulations**"). Their

terms of appointment shall expire on the date of this Annual General Meeting ("**AGM**").

In terms of Section 149 of the Act read with Schedule IV thereto and the Companies (Appointment and Qualification of Directors) Rules, 2014, an Independent Director can hold office for a period of up to five consecutive years and shall not be liable to retire by rotation, but shall be eligible for re-appointment on passing of a special resolution by the Company. An Independent Director may be appointed for a maximum of two consecutive terms of up to five years each.

Mr. Sanjai Vohra, Mr. Vikram Bakshi and Mr. Amit Burman are eligible for re-appointment as Independent Directors on the Board for a second term of five years.

The Company has received from each of Mr. Sanjai Vohra, Mr. Vikram Bakshi and Mr. Amit Burman, Independent Directors of the Company, (i) consent in writing to act as director in Form DIR-2 pursuant to Rule 8 of Companies (Appointment & Qualification of Directors) Rules, 2014; (ii) intimation in Form DIR-8 in terms of Companies (Appointment & Qualification of Directors) Rules, 2014 to the effect that they are not disqualified under sub section (2) of the Section 164 of the Act; and (iii) a declaration to the effect that they meet the criteria of independence as provided in sub-section (6) of the Section 149 of the Act and Regulation 16(1)(b) of SEBI (LODR)

Regulations. The brief resume, educational and professional qualifications, etc. of Mr. Sanjai Vohra, Mr. Vikram Bakshi and Mr. Amit Burman are annexed hereto.

In the opinion of the Board of the Company, each of these directors fulfils the conditions of re-appointment as an Independent Director as specified in the Act and Rules made thereunder and the SEBI (LODR) Regulations and is independent of the management. Based on the performance evaluation of the Independent Directors, the Board at its meeting held on 10th May, 2019 has recommended the re-appointment of the aforesaid persons as Independent Directors for a second term of five consecutive years effective from conclusion of this AGM to be held on 25th July, 2019. The Company has received notices from the members of the Company under Section 160 of the Companies Act, 2013 proposing the names of Mr. Vikram Bakshi, Mr. Sanjai Vohra and Mr. Amit Burman for the office of Director.

In terms of Section 149 and other applicable provisions of the Act and Rules made thereunder, the approval of Members is sought by way of a special resolution for the re-appointment of these Directors as Independent Directors for a term of five consecutive years from the date of this AGM.

A copy of the draft letter for the appointment of each of Mr. Sanjai Vohra, Mr. Vikram Bakshi and Mr. Amit Burman, as an Independent Director setting out the terms and

conditions is available for inspection in physical form between 11 AM and 5 PM on all working days up to the date of the AGM at the registered office of the Company and copies thereof are also available for inspection in physical form at the head office and the corporate office of the Company, and will also be available at the AGM proposed to be held on 25th July, 2019, without payment of any fee by the Members.

The Board recommends the special resolutions as set out at Item Numbers 5, 6 and 7 for your approval.

Mr. Sanjai Vohra, Mr. Vikram Bakshi and Mr. Amit Burman respectively are concerned or interested in their respective resolutions of the accompanying notice to the extent of their re-appointments. No other Director of the Company, Key Managerial Personnel or their relatives, respectively, is in any way concerned or interested in the proposed resolution.

ITEM NO. 8

As per provisions of Section 42 of the Companies Act, 2013 (“**Act**”), read with the Companies (Prospectus and Allotment of Securities) Rules, 2014, the Company shall not make a private placement of its securities unless the proposed offer of securities or invitation to subscribe to securities has been previously approved by the Members of the Company by a Special Resolution for each of the offers or invitations. However, in case of offer or invitation for non-convertible debentures (“**NCDs**”), it shall be

sufficient if the Company passes a Special Resolution only once for all the offers or invitations for such debentures in one or more tranches from time to time.

The Company has made a detailed roadmap for its expansion organically. For the organic growth of the Company, the Company is adequately funded and intends to finance bulk of its growth from internal accruals and debts. However, in addition to organic growth, the Company is also evaluating opportunities for acquisition of various other national/ regional level exhibition chains for which the Company may need to raise fund for the same as well as for refinancing of the existing debts.

In view of the above and to meet the requirements of Section 42 of the Act read with applicable Rules, approval of the Members of the Company by way of Special Resolution is sought for authorizing the Board of Directors of the Company to issue NCDs on a private placement basis, up to the aggregate of Rs. 500,00,00,000/- (Rupees Five Hundred Crores), from domestic as well as overseas market in one or more tranches from time to time. The proposed issue of NCDs for Rs. 500,00,00,000/- (Rupees Five Hundred Crores) will be within the overall borrowing limit of the Company. The Board recommends the special resolution as set out at Item No. 8 for your approval.

None of the Directors, Key Managerial Persons of the Company and their relatives

are concerned or interested in the resolution.

ITEM NO. 9

The Board of Directors of the Company ("**Board**") had appointed Mr. Sanjai Vohra as an Independent Director for a term of five consecutive years, which was approved by the Members of the Company at the 19th Annual General Meeting held on September 29, 2014. Further, the Members had also accorded their approval on 22nd May, 2014 for payment of remuneration to its Independent Directors not exceeding one percent of the net profits of the Company, with effect from financial year 2013-14 and in each financial year thereafter.

As per Regulation 17(6)(ca) of Securities and Exchange Board of India (Listing Obligations and Disclosure Requirements) Regulations, 2015, ("**SEBI (LODR) Regulations**"), with effect from 1st April, 2019, the approval of shareholders by way of special resolution is required to be obtained every year, in case the amount of remuneration payable to a single non - executive director exceeds fifty per cent of the total annual remuneration payable to all non-executive directors.

In its meeting held on 10th May, 2019, the Board has approved the payment of Rs. 24,00,000/- (Rupees Twenty Four Lacs) as the commission to Mr. Sanjai Vohra, a Non-Executive Independent Director, for the financial year 2018-19, out of the total remuneration of Rs. 29,00,000 available for all the

Non-Executive Directors of the Company, as computed under Section 198 of the Act, @1% of net profits of the Company for the financial year 2018-19. Except for Mr. Sanjai Vohra, the present Non-Executive Directors of the Company are paid Rs. 2,50,000/- (Rupees Two Lacs Fifty Thousand Only) each by way of remuneration.

Mr. Sanjai Vohra is the Chairman of the Audit Committee, Nomination & Remuneration Committee and is also a member of CSR Committee of the Company. Being the Chairman of the Audit Committee, the duties and responsibilities of Mr. Vohra have increased manifold. The aforesaid amount of the remuneration to Mr. Sanjai Vohra for the financial year 2018-19 will exceed fifty per cent of the aggregate remuneration payable to all the Non-Executive Directors of the Company taken together. However, the Members may please note that remuneration paid to Mr. Sanjai Vohra will be within the limits as already approved by the Members. The approval of the Members is being taken to ensure compliance with Regulation 17(6)(ca) of the SEBI (LODR) Regulations.

Accordingly, the approval of the Members of the Company is sought by way of special resolution in terms of Regulation 17(6)(ca) for payment made of the aforesaid remuneration to Mr. Sanjai Vohra in his capacity as the Non-Executive Independent Director of the Company.

The Board recommends the

special resolution as set out at Item No. 9 for your approval.

Mr. Sanjai Vohra, is concerned or interested in the resolutions of the accompanying notice to the extent of his annual remuneration. No other Director of the Company, Key Managerial Personnel or their relatives, respectively, is in any way concerned or interested in the proposed resolution.

Forward looking statement

In this Annual Report, we have disclosed forward-looking information to enable investors to comprehend our prospects and take investment decisions. This report and other statements - written and oral - that we periodically make, contain forward-looking statements that set out anticipated results based on the management's plans and assumptions. We have tried, wherever possible, to identify such statements by using words such as 'anticipate', 'estimate', 'expects', 'projects', 'intends', 'plans', 'believes', and words of similar substance in connection with any discussion of future performance. We cannot guarantee that these forward-looking statements will be realised, although we believe we have been prudent in our assumptions. The achievements of results are subject to risks, uncertainties and even inaccurate assumptions. Should the known or unknown risks or uncertainties materialise, or should underlying assumptions prove inaccurate, actual results could vary materially from those anticipated, estimated or projected. Readers should keep this in mind. We undertake no obligation to publicly update any forward-looking statement, whether as a result of new information, future events or otherwise.

LETTER FROM THE CMD

Dear Shareholders,

As I write this letter, I am both humbled and honoured to share the story of another year's journey with you. It has been a historic year for PVR and we have been able to achieve greater heights in our operating and financial performance. We crossed the landmark of 750 screens and served almost 100 Million patrons, a feat which places us amongst top 10 cinema chains globally in terms of admits. These landmarks provide us with greater impetus to take the business to the next level.

This year is also special as we successfully completed the acquisition of SPI Cinemas, south India's largest cinema chain with presence in key markets of Tamil Nadu, Telangana, Andhra Pradesh, Karnataka, Kerala and Mumbai. The acquisition, largest so far in the Indian cinema industry, is strategic for us and I believe will create tremendous value for all the stakeholders. South India has been a focus area for us, given the low penetration of the multiplexes in that region. SPI acquisition provides us an unparalleled platform to get deeper presence in that region. The acquisition not only cements our leadership position in the South Indian market but also gives us deeper inroads into the attractive regional movie industry, further diversifying the content risk of the business. The integration process is going on well and we are very excited to welcome the talented SPI team into the PVR family.

During the year, PVR continued to aggressively expand presence by adding 138 screens including the screen additions due to acquisition of SPI Cinemas. Our network is well diversified across regions with 34% screens in South, 34% screens in West, 29% screens in North and 3% screens in East. We closed the year with 164 properties with 763 screens across 65 cities across India. The year gone by has given us tremendous confidence about reaching our target of 1000 screens in next couple of years.

Last year we also made significant investments towards digital transformation of the business and innovative customer engagement programs. Our PVR Privilege Programme has started to take shape and we now have more than 4.5 Million members, making it one of the leading loyalty programs in the country. This program is central to our initiatives of personalisation whereby we would deliver to our customer an experience which is specific for his consumption behaviour instead of 'one size fits all' approach. Our other customer engagement initiatives include ticket

This year is also special as we successfully completed the acquisition of SPI Cinemas, South India's largest cinema chain with presence in key markets of Tamil Nadu, Telangana, Andhra Pradesh, Karnataka, Kerala and Mumbai.

We continue to innovate and remain a leader in bringing in latest technologies and formats for our discerning consumers. Our cinema formats such as Director's Cut, Gold Class, 4DX, IMAX, Playhouse, P [XL] and recently added PVR Onyx are all designed to provide an unparalleled and luxurious movie watching experience to our consumers looking for holistic out of home entertainment experience.

cancellation, Accessible Cinema program and innovative premium seating, all designed to provide convenience to our consumers.

We continue to innovate and remain a leader in bringing latest technologies and formats for our discerning consumers. Our cinema formats such as Director's Cut, Gold Class, 4DX, IMAX, Playhouse, P [XL] and recently added PVR Onyx are all designed to provide an unparalleled and luxurious movie watching experience to our consumers looking for holistic out of home entertainment experience. Expansion of these premium screen formats is core to our expansion strategy and I expect that their proportion to our overall portfolio will increase quite significantly over the course of next five years.

This year also witnessed the reduction of GST rate from 28% to 18% on movie tickets above ₹100 and from 18% to 12% for movie tickets up to ₹100. This was a long pending demand from the industry which I believe will help to make the movie watching experience accessible to the larger population. I am personally thankful to the Government of India, GST Council and all the state governments in supporting this decision.

I believe that we are on fast track of growth through well-planned, focused strategic approach and regulatory tailwinds. Our consolidated revenues for the year grew by 32% to ₹ 3,119 Crore from ₹ 2,365 Crore. Our EBITDA witnessed a growth of 43% from ₹433 Crore to ₹ 619 Crore and EBITDA margins for the year were approx. ~20% which was higher by 160 bps as compared with FY 2017-18.

I strongly believe there is tremendous growth opportunity ahead of us before we realise our dream of 'Movies for all'.

I take this opportunity to thank our employees as well as our business associates, for their hard work and commitment over the past year. On behalf of the Board, I would like to extend my gratitude to all of you, our shareholders, for your consistent support. Your constant support helps us grow and excel every year.

Thank you

LETTER FROM THE CEO

Dear Shareholders,

The financial year 2018-19 unfolded a series of opportunities and dynamics for the Indian movie theatre business. With growing propensity to spend on leisure and entertainment among consumers, multiplex chains in India continued to grow at a progressive rate.

In an age of vibrant changes in technology, consumer expectations and a highly commoditised environment, experience has become the true differentiator in the movie theatre business with the need to transcend beyond the basic physical attributes of a cinema – sound, projection, seat and food to a ‘out-of-home entertainment’ medium. The movie exhibition industry is constantly innovating by changing the way audiences are consuming movies, be it relaxing on a recliner or on a front row lounge, watching immersive content through IMAX or 4DX or relishing exceptional delicacies created by the finest chefs. Cinema is now seen as a social engagement and a shared experience rather than just an object of entertainment.

Our revenue growth strategy

Better market penetration

While India produces the highest number of films in a year, its screen density (no. of screens/capita) is amongst the lowest in the world. Your Company will capitalise on this opportunity by opening premium format and luxury screens to provide differentiated experience to patrons and expanding in Tier 2/3 markets through PVR Utsav to benefit from rising urbanisation and disposable incomes. During the year under review, we expanded our presence in South India which has very low multiplex penetration (14%) through acquisition of SPI Cinemas. We plan to further add 80-100 screens this year across India, a significant step in our pursuit to leverage the untapped potential in the under screened market.

Enhanced user experience

Providing unparalleled user experience lies at the heart of our business ethos. We undertook sustained efforts to provide an enhanced cinema viewing experience to our patrons. We have increased premium format screens in the last 12 months to reach 76 which comprise 10% of our total portfolio. We plan to increase our premium screen portfolio to 15% in the next few years.

We also introduced luxury seating in our cinemas to provide audience with unrivalled comfort and aesthetics. We redefined the neglected front row as the ‘best row’ inside the auditorium by introducing ‘front row loungers’. We also introduced recliners at the end row to

re-draw the rules of experiential film watching. These seats feature newly developed smart swivel tables with gold coloured cup holders and waiter-service call buttons.

We were first to introduce Onyx Cinema LED screens in our cinemas which eliminates the need for projection-based systems. Another technological advancement came in the form of association with global cinema technology leaders for latest 2K, 4K and RGB laser projectors.

Frontrunners in value-added services

Movie-viewing experience today is not just limited to the cinema screen. It is the consolidated experience derived from value-added services offered. We have introduced the PVR Privilege Programme, rewarding loyal patrons for their visits to our cinemas. It has earned the patronage of our audiences and in just 18 months from its inception, we have become one of the leading loyalty programs in the country. The vision of the loyalty program is to drive up customer frequency. We want to create personalised offers for our consumers through data insights on their buying behaviour.

Keeping in mind the fast-paced lifestyle of our patrons, we became the first Indian multiplex chain to introduce the ticket cancellation policy for online ticket booking on PVR and BookMyShow platforms. With the aim to make movie-going an inclusive experience, we introduced ‘Accessible Cinema Programme’ wherein we have started equipping our cinemas with assistive devices to welcome patrons with mobility issues. In addition, we addressed the needs of the hearing-impaired through subtitled shows and of visual-impaired through audio description provided through a mobile app. We are also live on Amazon’s AI-powered voice assistant, Alexa which enables our patrons to get information about the latest movies and show timings at our cinemas.

Holistic F&B offering

PVR Cinemas introduced a delectable and palate pleasing menu curated by the internationally recognised celebrity chef, Sarah Todd for its Gold Class Cinemas. We are redesigning and realigning the F&B Packaging to Go Green by introducing biodegradable straws taking responsibility for a greener tomorrow. To add to our healthy eating options, we have onboarded master mixologists to develop fruit-based beverages. We have put in place a centralised logistics management for our F&B portfolio to reduce operational cost and for better inventory management and resource utilisation. We introduced QR Code food ordering from seats in select cinemas for the convenience of customers.

Cinemas as a lucrative medium of advertising

Brands have now started to recognise the potential of a captive audience by advertising in movie theatres and have partnered with PVR cinemas for dedicated advertising campaigns for their new product launches. Our premium audience profile is inducing advertisers to choose PVR as an experiential marketing medium. Sponsorship at PVR is an attractive proposition for advertisers to enhance their brand identity and credibility among niche audiences in key locations. Media spending in cinema is on a constant rise and it is expected to grow at a rate of 20%, next only to digital (as projected by GroupM in its TNY report).

Overall, our business remained strong in fiscal 2019 and we continued to maintain and grow our leadership position in the industry. Our operating platform is stronger than ever, and our workforce remains aligned with the tenets of our business. Our client base continues to expand and loyalty to our brand is ever improving. We believe change is the only constant, what is brilliant today, can become totally obsolete and irrelevant tomorrow. Hence our constant hunger is to keep innovating, re-inventing ourselves and setting new benchmarks. In whatever we do, we choose to be ‘Led by the consumer’ than ‘Lead the consumer’. We are grateful to our shareholders and clients for missing their confidence in our vision and mission. Our journey of success would not have been as glorious without your support. On this positive note, I am confident we will cross many more milestones of success in the years ahead.

Thank you

PERFORMANCE

A historic year that put content firmly in the spotlight

Nitin Sood
Chief Financial Officer

LETTER FROM THE CFO

In FY 2019-20, we will focus on investing in innovation, creating property pipeline and premiumising screens. We continue to focus aggressively on enhancing our screen rollout and expect to open 80-100 screens in the current financial year.

FY 2018-19 was a historical year and all parts of the business delivered robust results led by strong box office performance. The content performance was strong with 13 movies crossing the ₹ 1 Billion collection which is a record performance.

Dear Shareholders,

India's media and entertainment industry reached ₹ 1.7 Trillion in CY 2018, a growth of over 13% from CY 2017. It employs more than four million people, emerging as a key driver of India's economic growth. The filmed entertainment sector grew by over 12% in CY 2018 and is further expected to grow from ₹ 175 Billion in CY 2018 to ₹ 236 Billion by FY 2023 – a CAGR of 10.6% as per FICCI-EY March 2019 report on the back of India's insatiable demand for content in entertainment. With the advent of technology and growing desire of audiences for versatile and relevant content, the film exhibition segment is expected to show robust growth.

For your Company, FY 2018-19 was a historical year and all parts of the business delivered robust results led by strong box office performance. The content performance was strong with 13 movies crossing the ₹ 1 Billion collection which is a record performance. It was heartening to see movies across genres, small budget movies, and content focused movies leading the box office performance and delivering strong footfalls.

Your Company's consolidated revenue grew from ₹ 2,365 Crore to ₹ 3,119 Crore, delivering a growth of 32% led by strong footfall growth of 31% and aided by our recent acquisition of SPI Cinemas. Revenue growth was backed by double-digit growth in income from sale of movie tickets 31%, sale of food and beverages 37% and advertisement income 19%. Our same store growth in admits was 9% and same store growth of revenue from operations was 15%. Our EBITDA margin expanded by 160 bps to almost 20%, highest in last five years. The net PAT after adjusting non-controlling interest increased by 47% from ₹ 125 Crore to ₹ 184 Crore. This growth in earnings is attributed to our diverse initiatives and synergies formed over years. The benefit of economies of scale and brand reputation is visible in our revenues. We have been able to create new monetisation avenues and our non-box office revenue contribution has increased to 48% in FY 2018-19 from 42% in FY 2013-14.

During the year, we acquired SPI Cinemas Private Ltd. ('SPI Cinemas'), one of the largest cinema exhibition player in Southern India with presence in key markets of Tamil Nadu, Telangana, Andhra Pradesh, Karnataka, Kerala, as well as Mumbai to further strengthen our presence as India's leading cinema exhibitor. Under the terms of the acquisition, we acquired 71.7% of the paid up equity share capital of SPI for a cash consideration of ₹ 636 Crore; for the balance 28.31% stake, we will issue 1.6 Million equity shares of PVR Ltd. constituting 3.3% of the diluted paid up equity share capital of PVR pursuant to a scheme of amalgamation between SPI and PVR. The merger process is under regulatory approval process and should get consummated during FY 2019-20.

The Gross Debt in the Company as at end of FY 2018-19 was at ₹ 1,282 Crore, an increase of ₹ 452 Crore due to the acquisition of SPI Cinemas. Our Gross Debt to EBITDA ratio at 2.1:1 is reasonable for a business of our size and we are fairly comfortable with the existing leverage.

The performance of the mature screen portfolio continues to remain robust with properties delivering pre-tax Return on Capital Employed in excess of 20% on a continuous basis. In FY 2019-20, we will focus on investing in innovation, creation of property pipeline and premiumisation of screens. We continue to focus aggressively on enhancing our screen rollout and expect to open 80-100 screens in the current financial year.

My colleagues and I deeply appreciate the steadfast support of all our stakeholders who stood by us and I am extremely excited about the growth opportunities that lie ahead of us. Your Company is positioned strongly to capture a significant portion of this growth opportunity.

Thank you

Operational review BOX OFFICE

Fiscal 2019 was a historical year for Indian box office with movies across genres performing exceedingly well. Movies such as *Sanju*, *Avengers: Infinity War*, *Uri: the Surgical Strike*, *2.0*, *Simmba*, *Badhaai ho*, *Raazi*, *Gully boy*, *Stree* were some of the movies loved by customers. Small budget, better scripted movies or movies with female lead protagonist also witnessed high footfalls. This trend reflected an evolution in Indian movie consumers who are inclined towards differentiated content and are willing to experiment. Good content with comfortable and luxury experience of our cinemas which includes recliner seats, premium screens such as IMAX, 4DX, P[XL], innovative Food & Beverages offering and customer engagement programs enabled us to achieve historical admit count of 9.9 Crore. Our goal is to offer something unique and specific to our target customer group depending on their preferences and consumption patterns.

PVR is amongst the top 10 global multiplex chain operators in terms of number of admits (Source: CRISIL). However, in terms of Spend Per Head (SPH) and Average Ticket Price (ATP), PVR's numbers are significantly lower than that of its global peers, which indicates significant headroom for Box Office and F&B revenue growth by continuing premiumisation of screens and improving customer experience.

Content diversification

Indians have always been fond of movies. A few years back, multiplex revenues were largely dependent on Bollywood movies. However, it's no longer the case with regional movies like Tamil, Telegu, Malayalam and Marathi, among others, that are increasingly made with a pan-India appeal. This trend stands to benefit the multiplex industry by diversifying box office revenue source into Bollywood, Hollywood and regional language movies.

Rise in number of movie releases

India continues to be the largest movie market with more than 2,000 movies released per year. In PVR alone, more than 1500 movies were released in FY 2018-19. There has been a steady rise in the number of low budget movies with concept based scripts. Many producers are showing a gradual trend to accept new talents rather than established names.

Operational review FOOD AND BEVERAGE

Our F&B segment offers a wide variety of food and drinks to our customers. We have undertaken numerous initiatives in this segment which includes offering our customers gourmet selection not traditionally found in cinemas, such as artisanal pizzas, delifrance viennoiseries, edamame, chicken hotdogs and mocktails. Further, we are providing innovative and convenient ways for our consumers to order food and augment that with highest possible service standard. Our well researched and popular F&B offerings have resulted in achieving highest F&B spend per patron in the Indian industry. Our revenue from this segment is also the highest as compared with our peers. Revenues from this F&B business function have increased by 37% in FY 2018-19 as compared with that of the previous fiscal, driven by continuous innovation in products and services.

To further enhance food and beverages revenue, we have also rolled out a number of initiatives to drive consumption such as Happy Hours, Deal's day, discounted prices in morning shows and loyalty points on each F&B spend, among others.

Operational review ADVERTISING PERFORMANCE

We effectively utilise our cinema infrastructure to display advertisements both on-screen and off-screen. Advertising has become an important source of revenue for us without incurring any additional costs. The share of in-cinema advertising is expected to reach ~ ₹ 16 Billion by fiscal 2023, from ~ ₹ 11 Billion in fiscal 2019, growing at a CAGR of ~10% (Source: CRISIL). Cinema advertising has become an effective medium of advertisement as it attracts undivided attention from the audience.

Operational review REVENUE FROM CONVENIENCE FEES

With the Government's focus on Digital India initiatives, the multiplex industry in association with online ticketing aggregators, has also taken initiatives to drive greater digital penetration. The Company is focussing on increasing the share of online Gross Box Office Collection through its partner Paytm and Bookmyshow and through its own website and mobile app. Audience preference for booking online movie tickets is increasing, driven by its benefits such as elimination of ticket buying queue, discounts and offers available on online bookings, easy selection of seats, eliminating the need to carry cash; option for ticket cancellation, loyalty rewards and pre-booking of F&B. In addition, online data collected enables us to understand the behaviour and preferences of our customers in terms of movies, actors, offers, timings and F&B, helping us to customise offerings.

The graph on the right depicts percentage of online movie ticket sales in different geographies. PVR is already ahead of various developed countries and sees potential for further growth.

Operational review DISTRIBUTION BUSINESS PERFORMANCE

PVR Pictures Ltd. ('PVR Pictures') is our wholly owned subsidiary engaged in the business of movie distribution.

PVR Pictures aims to be the preferred distributor for Hollywood production houses that do not have a base in India for distributing movies. We are also into the business of acquiring and distributing Bollywood movies in certain territories. Through the acquisition of SPI Cinemas, this Company will now explore distribution of regional movies as well.

Inorganic growth ANOTHER STEP TOWARDS EXPANDING LEADERSHIP

The Company completed acquisition of SPI Cinemas on August 17, 2018. This acquisition will provide Company the leadership position in all key markets of South India. South India is the largest contributor to regional box office market and customers in this region have deep affinity to movies. It is also marked with significant under penetration in terms of multiplex screens, providing us an unparalleled platform to achieve presence in this under penetrated region. The acquisition is in line with the PVR's continual growth and expansion strategy. SPI Cinemas has a network of 72 screens across 16 properties. The Company also has a signed pipeline of over 100 screens which are expected to be rolled out over the next five years. This transaction is a significant step to help Company achieve vision of having 1,000 screens in next couple of years.

PVR'S 'COMPLETELY DIGITAL' LOYALTY PROGRAMME

The PVR Privilege Club unveiled a customer loyalty programme to reward patrons for their continued support and engagement. The programme is completely digital and requires no cards; it uses the patron's mobile number to identify the member. The fully digital programme uses analytics to better understand the customer's usage preferences.

Members can earn points on their spends on both the movie tickets as well as food and beverages purchases, which they can later use to redeem a part of the cost on future purchases. The programme rewards 5 points (equal to ₹ 5) on every ₹100 spent by the customer, and automatically generates a voucher at every ₹50 reached. To make the programme even more attractive, there is no upper limit to redeem points thus collected.

The programme is live and can be used across multiple channels and platforms while interacting with PVR's customer touchpoints, be it website or app or at the box office. To facility is made seamless and transparent, giving the members the ability to track their usage and data through the app.

INNOVATIONS

Ticket cancellations

We allow patrons to cancel booked movie tickets even 20 minutes prior the start of a show. This has ensured our patrons can book tickets in advance without worry, knowing they can cancel their tickets online and get a refund whenever they want to.

Offers and schemes

We continually keep launching attractive offers and schemes for our patrons. Our deals include cash backs, discounts on F&B, special offers during milestone celebrations, coupons on movie tickets and flat discounts on specific days on ticket bookings among others to keep our viewers engaged.

SHOWS FOR ALL

At PVR, there is always something for everyone. As a player who caters to multiple geographies and customer segments, we have innovated varied offerings through diverse formats, all leading to different experiences in their own ways.

EVENTS

We screen exclusive premiers of various Bollywood and regional movies and through this platform, actors and directors also promote their films among audiences.

Alexa! Skill for hands-free ticket booking

Company launched an Alexa Skill to help customers book tickets, get instant information about the latest releases, show timings, and nearest cinema theatres, among other tasks.

Our employees OUR HUMAN CAPITAL

At PVR, we meticulously nurture a competent and engaged workforce that can shoulder the responsibilities of today and provide leadership for the future. We believe today's wow is tomorrow's ordinary.

Our focus is to build and sustain excellence at every step, across all facets of the business, driven by people with commitment and capability. We are focussed on attracting the right talent, upskilling our people, recognising and rewarding team efforts, and encouraging them to

embrace excellence in their professional and personal lives.

In FY 2018-19, we rolled out several employee engagement initiatives aimed at elevating their career paths at PVR, strengthening their capabilities, and deriving more value.

Our people are our most valuable assets. Our people are the ones who translate our strategy into action, our vision into reality and our aspirations into achievements.

Integrity is both a value as well as a character that is embedded in every PVR employee, manifesting itself in every thought and action, every day with everyone.

PVR has an ideal mix of youthful energy guided by mature leadership. Guided by core values and glued by a dynamic culture, we value diversity and respect excellence. As a learning organisation, we invest in upgrading and upskilling our people.

We endeavour to become a preferred employer offering not just a job, but a lasting and rewarding career.

Corporate social initiatives OUR SOCIAL CONNECT

At PVR, we seek to integrate ethical business values in our operations to fulfil our social responsibilities along with consolidating our business practices to create a positive impact on the society. For this, we have structured and framed our Corporate Social Responsibility policy to be in compliance with the applicable laws. Through our CSR arm, PVR NEST, we aim to provide support and address the issues which impact destitute children in urban societies; and also to develop community based programs that help them gain a holistic understanding of their circumstances, support their initiatives and provide a platform to voice their ideas. We seek to provide financial aid and volunteering services for vulnerable sections of the society, partnering with the Government and various other organisations.

Childscapes is a rehabilitation programme designed to identify, engage, educate and rehabilitate children at risks by providing them non-formal education. The larger purpose of this programme is to place these children into mainstream schooling and steer them towards the path of overall well-being and development.

Project Eklavya is another initiative aimed at installing an effective, sustainable model to enable increased access to Right to Education. The technology based campaign aims to achieve equitable opportunity for every child in the country by enabling them to have access to their legislative right of Right to Education. Through an engaging innovative app, it promotes the largest employee volunteering program at PVR Cinemas.

Fellowship programme to identify influencers
Started a fellowship programme to identify influencers and leaders with PPP (Public-Private Partnership) for persons with disabilities.

Verticals and initiatives of PVR NEST

Education of children of risk

- Providing non-formal education through Childscapes
- Provision of academic scholarship and facilitating admissions for deserving children with the Right to Education

Women, community and health

- Pink Toilets is a unique initiative to provide safe public rest rooms exclusively for women, adolescent girls and children. The toilets are equipped with sanitary napkin vending machines, incinerators and breast feeding area. This partnership aims to educate the communities about the possible hazards of open defecation and provide hygienic infrastructure to women. We have developed 3 such toilets in Delhi.
- Maitri Meals provides an alternate means of livelihood to the women living in difficult circumstances.
- Rehabilitation of women to address the issues of homeless women with mental illness.
- Shiksha Sehyogis to create sustainable livelihoods through Childscapes Sub – Center initiative
- Free Breast Prosthesis with Pocket Bra initiative provides scientifically designed & medically approved breast prosthesis and pocket bra to breast cancer survivor women for free.

Through another memorandum, PVR NEST has initiated the “Eco Grants- Incubating Youth Ideas” program which aims to develop an innovative and inclusive approach to foster environment sustainability through citizen action. In addition PVR NEST through ‘Pink Toilets’ has partnered with the National Commission for Protection of Child Rights, and the South Delhi Municipal corporation to provide safe public restrooms exclusively for women, adolescent girls and children.

Infrastructure

- Initiatives under this vertical include maintenance of Africa Avenue under flyover Park
- Aesthetic beautification of schools with safe drinking and sanitation facilities with play area.

ANNEXURE '1'

DIVIDEND DISTRIBUTION POLICY OF PVR LIMITED

PVR Limited (the "Company") has adopted the Dividend Distribution Policy (the "Policy") of the Company as required in terms of Regulation 43A of the SEBI (Listing Obligations and Disclosure Requirements) Regulations, 2015 (the "Listing Regulations") on February 3, 2017.

EFFECTIVE DATE

The Policy became effective from the date February 3, 2017.

PURPOSE, OBJECTIVES AND SCOPE

The Securities and Exchange Board of India ("SEBI") vide its Notification dated July 8, 2016 has amended the Listing Regulations by inserting Regulation 43A in order to make it mandatory to have a Dividend Distribution Policy in place by the top five hundred listed companies based on their market capitalisation calculated as on the day of March 31, of every year. Considering the provisions of the aforesaid Regulation 43A, the Board of Directors (the "Board") of the Company recognises the need to lay down a broad framework for considering decisions by the Board of the Company, with regard to distribution of dividend to its shareholders and/or retaining or plough back of its profits. The Policy also sets out the circumstances and different factors for consideration by the Board at the time of taking such decisions of distribution or of retention of profits, in the interest of providing transparency to the shareholders.

The Policy is not an alternative to the decision of the Board for recommending dividend, which is made every year after taking into consideration all the relevant circumstances enumerated hereunder or other factors as may be decided as relevant by the Board.

Declaration of dividend on the basis of parameters in addition to the elements of this Policy or resulting in amendment of any element or the Policy will be regarded as deviation. Any such deviation on elements of this Policy in extraordinary circumstances, when deemed necessary in the interests of the Company, along with the rationale will be disclosed in the Annual Report by the Board of Directors.

The Policy reflects the intent of the Company to reward its shareholders by sharing a portion of its profits after retaining sufficient funds for growth of the Company. The Company shall pursue this Policy, to pay progressive dividend, subject to the circumstances and factors enlisted hereon, which shall be preferably consistent with the performance of the Company over the years.

A. GENERAL POLICY OF THE COMPANY AS REGARDS DIVIDEND

The general considerations of the Company for taking decisions with regard to dividend payout or retention of profits shall be as following:

- Subject to the considerations as provided in the Policy, the Board shall determine the dividend payout in a particular year after taking into consideration the operating and financial performance of the Company, the advice of executive management including the CFO, and other relevant factors.

B. CONSIDERATIONS RELEVANT FOR DECISION OF DIVIDEND PAY-OUT

The Board shall consider the following, while taking decisions of a dividend payout during a particular year-

Statutory requirements

The Company shall observe the relevant statutory requirements including those with respect to mandatory transfer of a certain portion of profits to any specific reserve such as Debenture Redemption Reserve, Capital Redemption Reserve etc. as provided in the Companies Act, 2013, which may be applicable to the Company at the time of taking decision with regard to dividend declaration or retention of profit.

The Company's growth oriented decision to conserve cash in the Company for future expansion plan impacts shareholders expectation for the long run which shall have to consider by the Board before taking dividend decision.

Macroeconomic conditions

Considering the state of economy in the Country, the policy decisions that may be formulated by the Government and other similar conditions prevailing in the international market which may have a bearing on or affect the business of the Company, the management may consider retaining a larger part of the profits to have sufficient reserves to absorb unforeseen circumstances.

Internal Factors

Past performance/reputation of the Company

The trend of the performance/reputation of the Company that has been during the past years determine the expectation of the shareholders.

Working capital management in the Company

The current working capital management system within the Company also impacts the decision of dividend declaration.

Age of the Company and its product/market

The age of the Company and its business of Multiplex in which the Company operates will be one of the most significant determining factors to the profitability of the Company and dividend declaration or retention.

D. MANNER OF UTILISATION OF RETAINED EARNINGS

The Board may retain its earnings in order to make better use of the available funds and increase the value of the stakeholders in the long run. The decision of utilisation of the retained earnings of the Company shall be based on the following factors:

- Market expansion plan;
- Modernisation plan;
- Diversification of business;
- Long-term strategic plans;
- Other such criteria as the Board may deem fit from time to time.

E. PARAMETERS FOR VARIOUS CLASSES OF SHARES

- The factors and parameters for declaration of dividend to different class of shares of the Company shall be same as covered above.
- The payment of dividend shall be based on the respective rights attached to each class of shares as per their terms of issue.
- The dividends shall be paid out of the Company's distributable profits and/or general reserves, and shall be allocated among shareholders on a pro-rata basis according to the number of each type and class of shares held.
- Dividend when declared shall be first paid to the preference shareholders of the Company as per the terms and conditions of their issue.

AMENDMENT

To the extent any change/amendment is required in terms of any applicable law, the Managing Director, Chief Financial Officer or Company secretary of the Company shall be jointly/severally authorised to review and amend the Policy, to give effect to any such changes/amendments.

PVR uses three elements important for remuneration policy i.e.

1. Organisation Structure
2. Compensation
3. Performance Management

1. Organisation structure:

- The structure of the organisation has to be in-line with business needs and proposed/targeted growth of the organisation.
- The span of control has to be kept in mind while deciding the organisation structure (8-10). An attempt to have one level skips difference between supervisor and subordinate.
- Tooth to tail ratio to be kept in mind while deciding the organisation structure.

2. Compensation:

- The compensation of senior management is recommended to have “fixed and variable components” and is to be migrated from as of now state to desired state.
- Compensation will also vary on nature of responsibility/role (field/Non-Field).
- The committee considered it necessary to differentiate between performance and non-performance by giving differential compensation.
- “Cost To Company” to have following components:
 - Fixed CTC - (Monthly Salary Payouts)
 - Variable CTC (Incentives/Payout based on performance)
 - Long-term Wealth Creation (Stocks/ Phantom/ Cash/ Retention bonus)

3. Performance Management:

- The KRA and KPI are available for all senior management employees and the total number of KRA do not exceed 5 to 7.
- The objective setting is clear and should represent the key objectives of the organisation.
- The same is categorised into following business levels.
 - a) Financial
 - b) People
 - c) Customer
 - d) Process

CONSERVATION OF ENERGY, TECHNOLOGY ABSORPTION, FOREIGN EXCHANGE EARNINGS AND OUTGO

Particulars required under Section 134(3) (m) of the Companies Act, 2013, read with Rule 8 of the Companies (Accounts) Rules, 2014 are as mentioned herein below:

(i) Conservation of Energy

Energy conservation measures taken:

- Awareness of Staff towards benefits of reduction in energy wastage and how and what of energy conservation is being continuously done, by conducting trainings and knowledge sharing sessions.
- Incentivisation policy is implemented and contributors to the cause are appreciated and incentivised accordingly. Idea sharing and its successful implementation across all the sites is recognised and awarded.
- On board Certified Energy Auditor and Manager to supervise and implement energy conservation measures. Outside consultants have been appointed to provide energy saving measures over and above the existing system. They provide suggestions on optimising energy usage, lux level of various areas, design aspects of Electrical and HVAC systems etc. So that equipment efficiency can be maintained and energy conservation can be done.
- We have also audited equipments under mall catering to PVR and other tenants to identify inefficiencies and suggested operational and equipment change to reduce wastage of energy. Mall's have also come forward and approved Energy auditing by 3rd party to identify inefficiencies at their end though at the cost born by PVR.
- APFC's are being used to maintain power factor above 0.98 and thus ensure that the reactive power in the system remains as low as possible. As a result rebates from the power supply companies are being received in electrical bills.
- Load running is optimised by following switching On/Off procedure. Timers are being used to ensure equipment usage optimisation. Mechanical Timers on loads and areas with intermittent usage are implemented across sites and new sites are being equipped as and when they are added to the PVR fleet. This helps in safety against fire due to long unattended over usage and helps in energy conservation.
- Occupancy Sensors have been installed in washrooms to save energy by reducing the lighting load to minimum by switching off lights when washrooms are unoccupied. Implemented across PVR to conserving energy.
- Replacing major lighting by LED lights using retrofits in existing locations. Upcoming sites using LED mainly.
- New and Efficient Screw Chiller are installed at locations giving energy savings. Old and inefficient chillers are being phased out and being replaced with new technology- high efficiency chillers.
- We have installed one of the most energy efficient Chiller Plant. It is equipped with Danfoss Turbocor compressor the most advanced technology in medium size HVAC systems to deliver best part load efficiency.
- HVAC plants and sub systems under PVR are being closely monitored and regular PPM is being carried out to ensure less breakdown, increased guest comfort, reduced wear and tear resulting in energy conservation due to maintained efficiency of the complete system.
- Centralised monitoring of all water cooled chiller plants from corporate office.
- Centralised monitoring of Chilled & Condense water parameters implemented in 2018-19 on all sites having Chiller high side under PVR scope.
- Installed Electronic water softeners on cooling towers reducing the chemical dosing of cooling tower water to maintain chiller energy efficiency; monitoring from corporate office.
- Effective monitoring of energy consumption from corp. Office to ensure optimal utilization of energy.
- VFD's are installed on AHU's for energy savings while ensuring guest comfort by using a closed loop temperature feedback for the VFD's. All New/Upcoming Sites will also be equipped with VFD's in -2019-20.
- Water Conservation across PVR sites in India is facilitated by Installation of water flow restrictors in wash basin taps across PVR has help reduce tap water consumption by 60% thus reducing the energy consumed in pumping and helping in water conservation. Some of the mall have shown interest towards water conservation and have implemented the same taking help from PVR.
- State of art Energy Monitoring, Temperature Monitoring and Fire Hydrant pressure monitoring system has been implemented at 110 Locations 34 across North India in Phase I, and 48 Sites in west under Phase II, 28 sites in phase III in 2018-19 this system is a cloud based remote monitoring system, enabling us to become proactive rather than being reactive.
- Building Signage's with LED based technology to save energy and longer life span.

- Poster Windows having FTL's have been replaced with LED based lighting.
- AC discipline is being followed to avoid leakage of cooled air/infiltration of hot air.
- V3F Drive equipped Lifts are being used where ever we have them as our own.
- Automatic start stop for the escalators in PVR premises/ scope has been implemented to avoid idle running of the escalators and thus conserve energy.
- Solar Energy Utilization for energy conservation by using rooftop solar photovoltaic grid connected system will be -implemented in 2019-20 at sites available with space on roof.
- We have taken a proactive step towards Indoor air quality by introducing clean air auditoriums ("Audit-Air-lum") where we have implemented state of the art technology to curb Indoor air pollution by controlling PM2.5 and PM10 to provide cleanest possible air. We are maintaining AQI (Air Quality Index) levels below US standard of 50.
- Clean Air Auditoriums implemented at 4 locations and will be expanded to other locations in a phased manner.
- We have Implemented UVGI – Ultraviolet Germicidal Irradiation System implemented at 9 locations in 2019-20 and will be implemented across sites in a phased manner. It serves two fold benefit:
 - Provides Bacteria Free Air, improved air quality and odor elimination- will prevent patrons getting infected by communicable disease and
 - Energy Savings in air handling units by ensuring clean coils free from mould and fungus growth
 - We have been observing Earth Hour across cinemas every thursday during which all non-essential loads are being switched off or brought down to the lowest possible level of power consumption. For 1.5 hours.

2. Indian macroeconomic environment

The Indian economy continued its steady growth momentum and retained the tag of the fastest growing major economy in FY 2018-19. The country's GDP has been growing at a 6-year CAGR of 7.1% till FY 2017-18. According to CSO estimates, the estimated GDP growth in FY19 was 7.0%, driven by strong income and consumption trends and continued investment in infrastructure.

Controlled inflation, improving fiscal condition and foreign investment flows have contributed to making India the fastest emerging economy in the world. Moreover, during the last few years, the government has rolled out various reforms such as GST and the Insolvency and Bankruptcy Code, which will aid in sustainable development of the economy in the long-term.

3. Media and Entertainment (M&E)

Industry overview

The Indian M&E industry presents a myriad of opportunities to grow across multiple types of media. With over 850 TV channels and 17,000 newspapers, the nation is one of the most diverse media industries in the world. Emerging opportunities in India in wireless broadband connectivity and infrastructure, coupled with favourable economic growth and young demographics, are expected to present new growth prospects to the industry.

Source: FICCI Report, March 2019

As per the FICCI report of March 2019, India's M&E sector grew by 13.4% over 2017 to ₹ 1.67 trillion in 2018. Judging by the sector's growth trajectory, it is expected to further grow to ₹ 2.35 trillion by 2023. The sector continued to outgrow the nominal GDP, which grew by 10.24%, due to the continuous economic growth and rising per capita incomes.

Outlook

The M&E sector is expected to show great potential and grow robustly in the next three years. Growth is expected in retail advertisement as several players are entering the food and beverages segment, e-commerce is gaining more popularity and domestic companies are making a foray in the M&E sector. The rural region is also a potential profitable target for the sector. Growth in digital consumption and monetisation avenues will pave way for great innovation to cater to the demands of the new Indian customer segments. Investors interested in this space are expected to adopt multiple strategies to reach out to Indian consumers, thereby propelling growth in the sector.

4. Film industry

Industry overview

The Indian film industry is characterised by a high number of movie certifications and releases and has maintained a dominant position among peers, with the total number of movies certified amounting to more than 2,000 each year. Despite being a leader in terms of releases, Indian box-office lags behind countries such as the US and Canada due to cheap ticket prices and low screen count.

Performance and projections

The Indian film industry grew in 2018 at a rate of 12% to reach ₹ 174.5 billion.

Revenues (In ₹ billion)	2017	2018	2019E	2021E
Domestic theatricals	96.3	102.1	110.0	130.0

Domestic theatrical revenues crossed ₹ 100 billion and growth was driven by digital and Over-the-Top (OTT) movie rights. Domestic theatricals continued to remain a significant growth driver to the overall movie revenue and contributed ₹ 58.5% billion of the total film industry revenue.

The Net Box Office Collection (NBOC) for Hindi movies witnessed a record of ₹ 35.2 billion, with 13 movies joining the ₹ 1 billion club. The NBOC of Hollywood films in India was ₹ 9.21 billion. The regional film industry has gained prominence in recent years and contributed 40-45% to the total revenue. Among the regional films that were released in 2018, the maximum were in Kannada.

BOLLYWOOD AND HOLLYWOOD FILM COLLECTIONS INCREASED

Gross Box Office Collection (₹ billion)

Source: FICCI Report, March 2019

The Indian overseas theatrical market grew from ₹ 25 billion in 2017 to ₹ 30 billion in 2018. The highest number of Indian films was exported to the Gulf region, though China, the US and Canada generated the highest revenues. China became the largest international market for Indian films, with 10 Indian

films released in the nation in 2018, accounting for the highest collection in the overseas region at \$ 272.3 million.

Growth drivers

- **Regulatory tailwinds supporting growth:** The reduction in the GST rate from 18% to 12% on tickets costing upto ₹ 100 and from 28% to 18% on tickets costing more than ₹ 100 with effect from January 1, 2019 has provided an impetus to the Indian film industry. This is expected to make movie-watching an even more affordable form of entertainment and would support footfall growth.
- **Ease of filming in India:** The Indian government is playing an active role in highlighting India's film production capabilities to position it as an ideal filming destination in the global market. Initiatives such as single-window facilitation, clearance through the Film Facilitation Office (FFO), ease of obtaining film visas (F-Visa) and setting up of a single portal to view all filming-related information are all facilitators to this end.
- **Opportunities in film tourism:** Cinema has emerged as an influential tool to develop and promote destinations. As per the FICCI Report, March 2019, India has the potential to cater to up to a million film tourists, which could result in revenues of up to \$ 3 billion by 2022. This can emerge as a strong growth driver for the M&E industry.
- **Rise in small budget films:** 2018 saw numerous Indian filmmakers releasing small budget films on digital platforms such as Netflix and Amazon. With the wide reach and strong marketing of digital platforms across all age groups, especially the youth, digital releases ensure producers don't need to invest large amounts for film distribution and marketing.
- **Rise in unconventional movies:** 2018 was proof that unconventional and experimental movies packed with good content and powerful performances can also achieve success without the backing of big actors. The success of such films prove movie goers are looking for a fresh plot and rejecting mediocre content.
- **Sale of digital rights:** There is improvement of the economics of film producers due to increased digital rights. This is expected to remain a strong contributor in driving the industry's growth. The video-streaming service Amazon Prime is leading the race in buying digital rights for blockbuster Bollywood films.

Outlook

Global OTT platforms are expected to take Indian content (dubbed and subtitled) to a wider international audience. Until there is a consolidation in the OTT space, content production houses are expected to continue to benefit from the dual tailwinds of increased demand and higher rates. Strong demand from digital platforms and growing overseas revenues are expected to

drive the industry. With the rise in the number of movie-goers, the demand for multiplexes is also expected to rise to fulfil the needs of the growing movie-watching population.

5. Exhibition infrastructure

Industry overview

The Indian exhibition infrastructure is undergoing a steady change over the past few years and exercises influence on a large segment of the population. The experience of going to watch a movie in a movie theatre with family is still considered as one the most popular and affordable option for entertainment in India. The average spending per household on movies in India has grown from between ₹ 368-388 per household in FY 2014-15 to approximately between ₹ 433 - ₹ 453 per household in FY 2017-18. The average spending on movies is expected to reach between ₹ 589-609 per household in FY 2022-23.

The exhibition sector can be broadly divided into two segments, namely, single-screen cinemas and multiplex cinemas. Approximately 70% of the cinema screens in India are still single-screen owned by individual entrepreneurs, operating in a mostly unorganised market. In comparison, in most of the developed countries, multiplexes account for approximately 70-80% of the total screens. Multiplex cinemas are quickly gaining prominence and are changing the manner in which movies are viewed, particularly in big cities in India. Characterised by limited seating capacity of 250-400 seats per screen, better ambience, quality viewing with high-end sound systems, comfortable seating arrangements, good quality service as well as food and beverages, multiplexes have succeeded in attracting family audiences back to movie theatres. They are contributing around 55% of the domestic box office collections (as per FICCI Report, March 2019) even though they account for only 30% of the total screen count in the India.

NUMBER OF SCREENS

Screens grew to 9,601

Source: FICCI Report, March 2019

Growth drivers

The multiplex boom will have a direct impact on the Indian exhibition infrastructure space. The number of multiplexes in India is on the rise on the back of the following factors:

- **Regulatory tailwinds supporting growth:** The reduction in the rate of GST on ticket prices has provided an impetus to the Indian exhibition industry. Further, this reform has freed the exhibition industry from the shackles of inspector-raj under the erstwhile Entertainment Tax regime.
- **Rising incomes:** Growing incomes are fuelling discretionary spending, which is leading to increased spending on entertainment.
- **Convenience of ticket booking:** Rise in online platforms has made ticket booking very convenient, aiding growth in footfalls.
- **Offers and discounts:** Online platforms offer various schemes and discounts on specific days, for specific events and for unique bank account or card holders. Customers can avail attractive deals on ticket prices, which drives ticket sales.
- **Ticket cancellation:** To encourage customers to book more tickets online, multiplex chains and ticket aggregators are offering cancellation services with minimal cancellation fees. This is encouraging customers to book movie tickets without hesitation, knowing they can cancel them without having to worry losing money.
- **Revenue-earning potential:** Multiplex cinemas can shift movies across multiple screens depending on the audience's response to a particular movie. This can aid in earning the maximum revenue from a movie release by ensuring maximum possible footfalls.
- **Higher occupancy rates and better realisations:** Occupancy levels and revenue realisations are higher for multiplexes. The average occupancy of multiplexes is estimated to be between 25-30%, while that of single-screen cinemas is estimated to be between 20-25%.
- **Diversified revenue stream:** In a multiplex, the revenue stream is diversified across areas such as sale of tickets, food and beverages and advertising, sponsorship and renting out the retail space.

6. Business review

The year under review has witnessed robust growth driven by strong performance of content. Your Company has been able to maintain its position in the industry across all operating parameters due to the following characteristics:

- Pan-India presence
- Highest occupancy among all leading multiplexes in the country

- Highest Average Ticket Price (ATP) and Spend Per Head (SPH)
- Highest Revenue and EBITDA per screen
- Leader in terms of screen count, admission and operating revenues

Some of the key operational highlights are as follows:

- Your Company acquired 71.69% stake in SPI Cinemas, which is a leading multiplex chain in South India. For details on SPI Cinemas acquisition, please refer to the Director's Report and Financial Statements.
- Your Company has operationalised the following cinemas during FY 2018-19:

- Your Company introduced the world's first cinema LED 'Onyx' for Indian patrons at PVR Promenade, New Delhi.
- The financial year gone by was also historic as the long impending demand for reduction of GST on movie tickets was accepted by the GST council. With effect from January 1, 2019, GST was reduced on movie tickets from 28% to 18% for tickets priced more than ₹ 100 and from 18% to 12% for tickets priced upto ₹ 100. This we believe will have a catalysing effect on the cinema industry and will make the product accessible to a larger share of our population.
- Your Company continued on its path of revolutionising the cinema industry by introducing innovative customer engagement initiative such as:
 - **Ticket cancellation:** During the year, your Company introduced the 'Ticket cancellation' feature for its valued customers for a specified cancellation fee.
 - **Accessible Cinema Program (Movies4All):** Your Company rolled out its 'Accessible Cinema Programme' for people with mobility, hearing and visual impairment. It aims at making movie-going an inclusive experience for everyone.
 - **Tie-up with Alexa:** Your Company is the first Indian multiplex chain to tie-up with Alexa Skill to ensures a seamless pre-visit experience to the customer. With this digital initiative, the Company has enabled its customers to get information about the latest movies, show timings, locations, book tickets, etc. via Alexa.
- **Revamped app:** Your Company revamped the 'PVR Cinemas' app for Android, iPad, tablet and iPhone users. With this revamp, customers can book tickets with just a few taps on their mobiles. Through the app, users can choose desired seats from the available ones and even locate the closest cinema hall, in addition to availing exclusive deals and offers. Further, they can get information on the latest and upcoming releases, along with a movie synopsis, posters and even high-quality trailers.
- With effect from April 1, 2018, Your Company has adopted Ind AS 115, 'Revenue from contracts with customers'. There is no significant impact of the applicability of this Standard on the Company.
- PVR PRIVILEGE, our flagship loyalty programme continues to gain scale. As on March 31, 2019 we had over 46 Lakhs members since its launch, which is a significant jump from a base of 12 Lakhs as on March 31, 2018. Your Company would continue to invest behind this programme and will work towards making this programme the most admired loyalty programme in the country.
- Your Company received following awards during the year:
 - The Kotler Award of Excellence for Digital Transformation, World Marketing Summit (India)
 - Best CFO (Excellence in Mergers & Acquisitions) presented to Mr. Nitin Sood, CFO of the Company by ET Now
 - Best Tech Award Supporting Energy Efficiency by Future of Energy Management Summit & Awards 2018

9. Recent Accounting Pronouncements

The Ministry of Corporate Affairs ("MCA") has vide notification dated March 30, 2019 notified 'Ind AS 116 – Leases' and accordingly we are required to adopt IndAS 116 from April 1, 2019. Under new Accounting Standard, there will be significant increase in asset as Present value of future rental will be recognised in balance sheet ('Right to use') and corresponding liability ('lease liability') will reflect under liability side. Further, the 'Right to use' asset will be amortised on a straight-line basis over the lease period. Lease payments will be apportioned between finance charge and reduction of the lease liability. Earlier, the Company recognised operating lease expense on a straight-line basis over the term of the lease unless such payments are structured to increase in line with expected general inflation to compensate for the lessor's expected inflationary cost increase in accordance with Ind AS 17.

The impact of this standard is non-cash in nature and therefore, it will not affect the Company's cash flows.

The group plans to apply Ind AS 116 on April 1, 2019, using the modified retrospective approach. Therefore, the cumulative effect of adopting Ind AS 116 will be recognised as an adjustment to the opening balance of retained earnings as at April 1, 2019, with no restatement of comparative information. The group plans to apply the practical expedient to grandfather the definition of a lease on transition. This means that it will apply Ind AS 116 to all contracts entered into before April 1, 2019 and identified as leases in accordance with Ind AS 17.

The quantitative impact of adoption of Ind AS 116 on the consolidated financial statements in the period of initial application is not reasonably estimable as at present. However the impact on transition will be significant.

10. Internal control systems and their adequacy

The Company has in place adequate controls, procedures and policies, ensuring orderly and efficient conduct of its business, including adherence to the Company's policies, safeguarding of its assets, prevention and detection of frauds and errors, accuracy and completeness of accounting records, and timely preparation of reliable financial information. The Company's internal control system is commensurate with the size, scale and complexity of its operations. Further, the Audit Committee interacts with the statutory auditors, internal auditors and management in dealing with matters within its terms of reference. During the year, such controls were assessed and no reportable material weakness in the design or operations were observed.

The Company has appointed Ernst & Young LLP to oversee and carry out an internal audit of its activities. The audit is based on an internal audit plan, which is reviewed each year in consultation with the Audit Committee. The conduct of the internal audit is oriented toward the review of internal controls and risks in its operations, accounting and finance, procurement, employee engagement, travel, insurance, etc. The Audit Committee reviews reports submitted by internal and statutory auditors. Suggestions for improvement are considered and the Audit committee follows up for corrective action. The Audit Committee also meets the statutory auditors to ascertain, *inter alia*, their views on the adequacy of the internal control system and keeps the Board of Directors informed of its major observations periodically.

Based on its evaluation (as defined in Section 177 of Companies Act, 2013 and Clause 18 of SEBI Regulations 2015), our Audit Committee has concluded that as at March 31, 2019, our internal financial controls were adequate and operating effectively. The same is also confirmed by auditors through their report on Internal Financial Control.

11. Risk management

Listed below are our key risks with their anticipated impact on the Company and their mitigation strategies:

Key risk and uncertainty	Description	Mitigation strategy
Political and economic risk scenario	The Company derives its revenue from customer discretionary spending, which is linked to their earnings. Political disruption or volatile economic conditions may adversely affect that outlook, resulting in reduced spending that could restrict revenue growth opportunities.	<ul style="list-style-type: none"> The Company monitors political and economic environment closely. Through promotions, offers and other value propositions, the Company can mitigate this risk
Risk to reputation	In the consumer-focussed industry, brand is key. Bad customer experience could lead to negative publicity, resulting in boycotts and declining sales.	<ul style="list-style-type: none"> We believe that customer service is our core value and take stringent steps that adhere to our service policies such as enhancing the F&B menu, bringing global cinema technology for Indian customers such as IMAX and 4DX, customer care, employing trained manpower at our theatres, and offering attractive incentives and discounts for our patrons.
Business model changes	Rapidly evolving technologies are changing technology consumption patterns, giving rise to entirely new business models and therefore new kinds of competitors. This is resulting in increased demands on the Company's agility to keep pace with changing customer expectations. Failure to cope may result in loss of market share and impact business growth.	<ul style="list-style-type: none"> At PVR, we understand the dynamics of the evolving M&E sector and accordingly invest in innovations such as 4DX, Playhouse, IMAX Screens, Ticket cancellation, Alexa etc. We conduct regular market surveys to stay on top of the upcoming and current market trends. Adding to our expertise is our senior management team with an average rich experience of over 10 years in the sector.
Property	The Company could incur losses on account perils such as earthquake, fire, flood, terrorism, etc.	The Company has in place adequate insurance coverage to save against this risk.
Technological	The Company faces the risk of being unable to adapt to the evolving technologies.	<ul style="list-style-type: none"> All our cinema theatres are equipped with state-of-the-art technology and offer premium visual and sound experience in a luxurious ambience. We also offer other facilities such as QR code based paperless ticketing and ticket cancellations. Moreover, we will continue to adopt the latest technology to provide premium movie-watching experience to our customers.
Litigation risk	Given the scale of the Company's operations, litigation risks can arise from commercial disputes, employee-related matters and tax-related disputes. Our rising profile and scale also makes us a target to litigations without any legal merit. This risk is inherent to doing business and commensurate with the risk faced by other players similarly placed in the industry. In addition to incurring legal costs and distracting management, litigations garner negative media attention and pose reputation risk. Adverse rulings can result in substantive damages.	<ul style="list-style-type: none"> Internal processes and controls adequately ensure compliance with contractual obligations and the protection of intellectual property. They also ensure that potential disputes are promptly brought to the attention of the management and dealt with appropriately. The Company has a team of in-house counsels. Further, it also uses services of highly reputed law firms to advise on legal matter. There is a robust mechanism to track and respond to notices as well as defend the Company's position in all claims and litigations.
Non-compliance to complex and changing regulations	The Company has to comply with laws across India, where each state has its own local laws and compliances, which include taxation, No Objection Certificates, clearances, approvals, Health Safety and Environment regulations, anti-corruptions laws, data privacy, etc. Failure to comply could result in penalties and reputational damage.	<ul style="list-style-type: none"> Internal processes and controls adequately ensure compliance with tax and other regulations.

Report on Corporate Governance

Company's philosophy on Corporate Governance

PVR's philosophy on Corporate Governance is driven by its desire towards attainment of the highest levels of transparency, accountability and equity, in all the field of its operations, and in all its dealings with its stakeholders, from shareholders and employees to Government, Lenders etc. The Company believes that all its operations and actions must serve the goals of enhancing overall enterprise value and safeguarding the shareholder's trust.

SECTION E: PRINCIPLE-WISE PERFORMANCE

Principle 1: Ethics, Transparency & Accountability

- Does the policy relating to ethics, bribery and corruption cover only the company? Yes/No. Does it extend to the Group/ Joint Ventures/Suppliers/Contractors/NGOs Others?
The Company's policy on Ethics, Transparency and Accountability along with the Code of Conduct, is applicable to all individuals working in the Company including its Directors, senior management and employees. The Company encourages its business partners to follow the code by extending certain statutes in the contracts and MoUs that PVR signs with its various Contractors, suppliers, partners etc.

Principle 2: Products Lifecycle Sustainability

- List up to 3 of your products or services whose design has incorporated social or environmental concerns, risks and/ or opportunities.
 - Discontinued single-use Plastic Straws and replaced them with bio degradable ones;
 - Replaced approx. 35% of plastic food packaging and other usable with those made out of bio-degradable material;
 - Rolled out Phase 1 of Accessible Cinemas under #Cinema4All.

2. For each such product, provide the following details in respect of resource use (energy, water, raw material etc.) per unit of product (optional):

i. **Discontinued Single use Plastic straws and replaced them with PLA Straws:** During the year, we moved from plastic to paper and then to PLA straws. Polylactic acid or polylactide (PLA) is a biodegradable and bioactive thermoplastic aliphatic polyester derived from renewable biomass, typically from fermented plant starch such as from corn, cassava, sugarcane or sugar beet pulp. While typical petroleum-based plastics can take thousands of years to breakdown, plant-based PLA plastics can be broken down in a suitable composting facility within 45 to 90 days. ~10 lac straws are consumed per month in our cinemas. By eliminated Plastic straws Pan India, we have reduced plastic consumption by more than ~5,000 kg/year.

ii. **Bio degradable food packaging and cutlery and other usables:**

- Your Company is in the process moving away from plastic packaging for our F&B in a phased manner. In 7 States, we have eliminated plastic from our value-chain and moved to using containers made out of sugarcane bagasse. By doing so, we have reduced ~20,000 kg of plastic per year in Phase 1 of our Sustainable Packaging Programme.
- In 140 of our Cinemas, we have replaced plastic Garbage bags with biodegradable garbage bags (as certified by the Central Institute of Plastics, Engineering and Technology Under the Ministry of Chemicals and Fertilisers GoI). By doing so, we have succeeded in eliminating ~67,000 kg of plastic per annum from our operations.
- Use of plastic packing used for blankets replaced with fabric sleeves across all PVR Gold Cinemas. Plastic eliminated by doing so, is to the tune of ~1,000 kg per annum.
- Plastic covers for 3D glasses have been replaced by covers made from biodegradable corn starch. Our consumption of these in the last Financial Year was of ~2,500,000 glasses. By this initiative alone, we have been able to remove ~6,000 kg of plastic from 5 states in Phase 1 of this initiative.

iii. **Accessible Cinemas:** More than 5% of India’s population is differently-abled. In order to ensure Inclusive Entertainment under our Accessible Cinema program (#Movies4All); we have enabled in Phase 1:

- 50 Wheelchair-friendly cinemas in 25 cities and made them easily discoverable with wheelchair-friendly and companion seats.
- Subtitled shows of films that are released with subtitles are played and made discoverable for our Hearing Impaired Patrons.
- Entered a strategic MoU with a vendor for exclusive use of a mobile App that enables Visually Impaired Patrons to enjoy films.

In Phase 2, we are addressing existing cinemas that have more complex accessibility challenges as well as new and upcoming cinemas from layout stage itself. We will be announcing at least another 50 accessible cinemas in Phase 2. In addition, your Company is spear-heading Inclusive Entertainment in the country. Towards this, we have had a series of meetings with the concerned Ministries, Departments, State Government officials, NGOs, Producers and Distributors to encourage them to create

inclusive content in line with the Rights of People with Disabilities Act 2016.

3. Does the company have procedures in place for sustainable sourcing (including transportation)?

i. If yes, what percentage of your inputs was sourced sustainably? Also, provide details thereof, in about 50 words or so.

Owing to the nature of our business, PVR's vendor and supplier-base consists of various categories of Vendors & Suppliers that include:

- Cinema Equipment and Technology Providers;
- Film Producers & Distributors;
- Mall Developers;
- Contractors and Architects;
- F&B suppliers;
- Other suppliers and contracts

We are in the process of looking at our consumables through a sustainability lens and have during the year taken various steps to ensure sustainability in our supply chain. Some of the initiatives, particularly those on reducing the use of plastic and replacing it with bio degradable material have shown encouraging results during the year (as detailed Principle 2.)

In the coming years we will be looking at other aspects of our supply chain and moving more and more towards sustainable sourcing.

4. Has the company taken any steps to procure goods and services from local & small producers, including communities surrounding their place of work? If yes, what steps have been taken to improve their capacity and capability of local and small vendors?

We are consciously incorporating sustainable and local sourcing in our supply chain as far as possible. We are exploring various options of not just sourcing from local and small producers, but also developing entrepreneurial capabilities among the marginalised communities. In addition, we are also expanding our footprint to smaller cities; thereby creating employment opportunities in smaller towns and cities. For many of our sustainable initiatives, we are working with local Indian Startups.

5. Does the company have a mechanism to recycle products and waste? If yes what is the percentage of recycling of products and waste (separately as <5%, 5-10%, >10%). Also, provide details thereof, in about 50 words or so.

At the outset and as mentioned earlier with supporting data, we are minimising plastic waste from our operations and replacing it with bio degradable material. Because of this huge shift from Plastic/paper packaging to bio degradable materials, the nature of our waste is also changing drastically. With this perspective, we will relook afresh at the nature of being waste generated in this new scenario.

Principle 3: Employee's Well-Being

1. Employee data (Questions 1-4):

Sr. No.	Head	2018-19
1	Total number of employees	13,585
2	Total number of contractual employees	7,876 (Outsourced employees 5,136+ Activity Outsourced 2,950)
3a	Total number of women employees	2,503
3b	Total number of permanent women employees	776
4	Total number of employees with Disabilities	9

5. Do you have an employee association that is recognised by management?

No we do not have any employee association recognised by management.

6. What percentage of your permanent employees is members of this recognised employee association?

Not Applicable.

7. Please indicate the Number of complaints relating to child labour, forced labour, involuntary labour, and sexual harassment in the last financial year and pending, as on the end of the financial year.

Particulars	No of complaints filed during the FY	No of complaints pending as on end of the FY
Child labour/ forced labour/ involuntary labour	Nil	Nil
No. of Sexual Harassment complaints filed	21	Nil
Discriminatory Employment	Nil	Nil

8. What percentage of your under mentioned employees were given safety & skill upgradation training in the last year?

Particulars	Corporate	Cinemas
Permanent employees	77%	100%
Permanent women employees	65%	85%
Casual/ Temporary/ Contractual Employees	100%	100%
Employees with disabilities	100%	NA

Training: Nearly 90% of our total workforce works at the cinemas and they are the ones that deliver the "PVR Experience" to our patrons; therefore, training is of utmost importance at your Company. In order to make training available seamlessly – anytime, anywhere; your Company has launched an online Training Platform called PVR Springboard on which following training programmes are made available:

- Cinema Induction
- Handling difficult situations
- #Movies4All
- POSH
- Fire & Safety

Principle 4: Stakeholder Engagement:

1. Has the company mapped its internal and external stakeholders?

The Company recognizes existing and potential customers, employees, shareholders, investors and regulatory authorities, media, public at large as its stakeholders.

2. Out of the above, has the company identified the disadvantaged, vulnerable & marginalised stakeholders.

Yes, the Company has identified the following as disadvantaged, vulnerable and marginalised stakeholders:

1. Underprivileged communities (particularly Children at Risk) around its business locations; and
2. People with Disabilities.

3. Are there any special initiatives taken by the company to engage with the disadvantaged, vulnerable and marginalised stakeholders? If so, provide details thereof, in about 50 words or so.

PVR Nest: PVR Nest is a Trust set up by the Company to execute developmental projects under its Corporate Social Responsibility commitment. Established in 2006, and long before CSR became a mandate in India, PVR has been steadfast in its commitment to give back to society in which it operates in. A pioneering endeavor in the Indian entertainment industry, PVR NEST (PVR Network for Enablement & Social Transformation) works to rehabilitate 'Children at Risk' in addition to other related programmes in the vicinity of its cinemas. The Trust undertakes various programmes on rehabilitation, education, nutrition, healthcare and employability, additionally; through its infrastructure-business enterprise, PVR Cinemas; it fosters the largest film-based education programme - CineArt in the country and also undertakes Environment Conservation, health and sanitation programmes.

Cinema 4 All: Under its Inclusive Entertainment program # Cinema4All, PVR has put in place an elaborate plan to make its cinemas accessible to people with disabilities across mobility, hearing/speech and visual impairment that constitute more than 65% of India's total differently-abled population.

In Phase 1, rolled out on World Disability Day 2018 (December 03, 2018), PVR announced:

- 50 Wheelchair-friendly cinemas/230 screens across 30 cities

- Subtitled shows marked and made discoverable for hearing impaired for films that are released with sub-titles;
- An association for use of a mobile app that enables visually impaired patrons to enjoy movies with the help of Audio Description streamed through the App.

In addition, PVR is pushing for legislation that mandates creation of Inclusive Electronic Content as already mandated in Clause 42 of the Rights of People with Disabilities Act 2016.

In Phase 2, we are targeting to roll out:

- 45-50 Wheelchair friendly Cinemas with the help of Advanced Assistive equipment; and
- Technology support that supports enabling Hearing Impaired to also enjoy cinema.

Principle 5: Human Rights

1. Does the policy of the company on human rights cover only the company or extend to the Group/ Joint Ventures/ Suppliers/ Contractors/ NGOs/ Others?

PVR's policy on Human Rights is applicable to all employees in the Company including subsidiaries in India. For its International subsidiaries, the policy is applicable in line with the local requirements prevailing in the country of operation. The Company encourages its Business Partners to follow the policy. PVR discourages dealing with any supplier/contractor if it is in violation of human rights and also prohibits the use of forced or child labour at all of its own locations as well as its business associates.

2. How many stakeholder complaints have been received in the past financial year and what percent was satisfactorily resolved by the management?

There were no complaints reported on violation of any human rights during the financial year.

Principle 6: Environment

1. Does the policy related to Principle 6 cover only the company or extends to the Group/ Joint Ventures/ Suppliers/ Contractors/ NGOs/ others.

As far as its environment footprint is concerned, it is mainly concentrated to PVR's Core business which is Cinema Exhibition. We are gradually extending our focus on environment conservation across our value chain.

The Company's policy on environment outlines Resource consumption (Energy, Water, F&B Packaging), Safety and Security of our patrons as the most material Sustainability aspects. As of now, the policy does not cover suppliers and contractors. Nevertheless, we are taking the following initiatives to encourage our partners and suppliers to get sensitised to our requirements:

1. Mall authorities have followed PVR's example and sought advice and guidance from PVR on energy conservation initiatives;
2. The agreement with Developers now has an additional clause that ensures that the structure we take over is accessible by wheelchair at least one exit/ entry point for people with Mobility issues;
3. Harmonised Guidelines 2016 have been shared with the Designers, Architects and Contractors to ensure alignment

2. Does the company have strategies/initiatives to address global environmental issues such as climate change, global warming, etc.? Y/N. If yes, please give hyperlink for webpage etc.

Yes, the Company has been working on environment conservation issues by improving its process efficiency and taking initiatives in energy efficiency. Some of these initiatives include:

I. Sensitisation of employees at Cinemas: Since the bulk of our energy consumption is at the Cinema level, it is very critical that employees who manage operational day-to-day activities at the ground level are in tune with the Management's objectives. The following initiatives have been undertaken to create a culture that supports Technological interventions to conserve energy:

- Awareness and sensitization workshops for employees on benefits of energy conservation initiatives;
- Involvement of employees is encouraged through idea sharing and successful implementation of the selected ideas being recognised and awarded;
- A Certified Energy Auditor supervises and leads the implementation of energy conservation initiatives;
- Third-party Energy Audits are conducted periodically;
- In order to ensure that our equipment is operating at optimum efficiency levels and to curb wastage due to leakage and lack of maintenance of Plant and machinery, we actively engage with Mall Management on Energy Conservation initiatives and auditing by 3rd party to identify inefficiencies at their end as well;

II. Technology Absorption

- Efficient Screw Chillers installed at various locations giving energy savings;
- VFD controlled Screw Chillers installed for energy conservation;
- VFD installed on AHUs (Air Handling units) for energy savings while ensuring guest comfort;

- Electronic water softeners installed on cooling towers to reduce chemical dosing of cooling tower water in order to maintain chiller energy efficiency;
- Occupancy Sensors have been installed in washrooms to save energy;
- Major lighting is being done through LED lights;
- UVGI system has been installed in AHUs to ensure clean coil and provide bacteria-free air;
- Installation of EAC for air purification and energy savings by reducing the pressure drop to very low values;
- Installation of water flow restrictors in wash basin taps across all locations have reduced water consumption by 60%. This has inspired Mall authorities to replicate the same with help from PVR.
- V3F Drive equipped Lifts are being used where ever the lifts belong to PVR.
- Automatic start/stop for the escalators has been implemented in PVR premises/scope to avoid idle running of the escalators; thus conserving energy.
- Mechanical/programmable timers on loads and areas with intermittent usage. This insures safety against fire due to long unattended over usage and helps conserve energy;
- Laser Projection system implemented to reduce energy consumption in Projection by at least 40%.
- Installed ONYX LED screen, thus removing the Xenon lamp projection and conserving energy by 50%.

III. Technology Absorption Indoor Air Quality

We have taken some proactive steps towards improving Indoor air quality:

- Introduction of clean air auditoriums ("Audit-Air-lum"); where we have implemented state-of-the-art technology to curb Indoor air pollution by controlling PM2.5 and PM10 to provide the cleanest possible air to our patrons. We are maintaining AQI (Air Quality Index) levels below US standard of 50. Clean Air Auditoriums have been implemented at 4 locations and will be expanded to other locations in a phased manner;
- Ultraviolet Germicidal Irradiation System provides Bacteria-free Air, improved air quality and odor elimination that helps in preventing the spread of communicable disease. This has also resulted in energy savings by ensuring clean coils, free from mold and fungus. It has so far been implemented across 9 locations and will be expanded to other locations in a phased manner.

**IV. Monitoring Systems and touch points:**

- IOT-based remote monitoring system enables us to become proactive rather than being reactive.
- Energy, Temperature and Fire hydrant pressure monitoring systems have been implemented at 100 locations and is under implementation on the rest of the locations.

- Centralised monitoring is being done at all water cooled chiller plants.

V. Technical Points:

- Load running is optimised by following switching On/Off procedure. Timers are being used to ensure optimisation;
- AC discipline is being followed to avoid leakage of cooled air/ infiltration of hot air;
- HVAC plants and sub-systems under PVR are being closely monitored and regular PPM is being carried out to ensure less breakdown, increased guest comfort, reduced wear and tear resulting in energy conservation due to maintained efficiency of the complete system.

3. Does the company identify and assess potential environmental risks? Y/N

Your Company identifies and assesses potential environmental risks with respect to its business and takes appropriate measures to ensure we minimise our adverse impact on the environment across various functions and processes.

In addition to Environmental risks, the Company recognizes that our industry is extremely vulnerable to Safety and Security risks and we undertake numerous initiatives to ensure the safety and security of our patrons and employees. We conduct audits and safety checks on a regular basis to ensure smooth and safe running of our operations. Our staff too are given regular fire safety and emergency evacuation training to deal with any untoward incidence.

4. Does the Company have any project related to Clean Development Mechanism? If so, provide details thereof, in about 50 words or so. Also, if Yes, whether any environmental compliance report is filed?

No, the Company does not have any Clean Development Mechanism (CDM) projects.

5. Has the company undertaken any other initiatives on – clean technology, energy efficiency, renewable energy, etc. Y/N. If yes, please give hyperlink for web page etc.

Yes, In addition to the initiatives mentioned in the response to Question 3 above, we are exploring possibilities to Purchase Renewable power from private power producers under PPA (Power Purchase Agreement), contributing towards our green initiative. A certain percentage of our energy consumption will be subset by Solar Energy Utilisation by using rooftop solar photovoltaic grid connected system and will be piloted in 2019-20 at sites available with space on roof.

6. Are the Emissions/ Waste generated by the company within the permissible limits given by CPCB/SPCB for the financial year being reported?

Not applicable. We are a Film Exhibition Company and have no harmful emissions emitted during screening of films. Our waste comprises:

- F&B waste: Where we are moving towards more bio-degradable materials;
- E-waste: Disposed through SPCB/ CPCB Certified e-waste recyclers.

7. Number of show cause/ legal notices received from CPCB/SPCB which are pending (i.e. not resolved to satisfaction) as on end of Financial Year.

Nil

Principle 7: Policy Advocacy

1. Is your Company a member of any trade and chamber or association? If Yes, Name only those major ones that your business deals with:

Yes, the Company is a member inter alia of:

- Northern India Motion Pictures Association (NIMPA);
- National Association of Motion Pictures & Exhibitors (NAMPE);
- Federation of Karnataka Chambers of Commerce & Industry (FKCCI);
- FICCI Multiplex Association of India (FICCI-MIA);
- Retailers Association of India (RAI); and
- National Association of Theatre Owners.

2. Have you advocated/lobbied through above associations for the advancement or improvement of public good? Yes/No; if yes specify the broad areas (drop box: Governance and Administration, Economic Reforms, Inclusive Development Policies, Energy security, Water, Food Security, Sustainable Business Principles, Others)

Yes, The Company is part of various task forces and forums within the above listed industrial and trade bodies. We actively participate in these forums on issues and policy matters that impact the interest of our stakeholders. We prefer to be part of the broader policy development process and do not participate lobbying on any specific issue. In the past, we have participated in forums pertaining to:

- Corporate Governance;
- Consumer Interest; and
- Tackling Counterfeiting.

On the Business Responsibility side, PVR has been working diligently to make entertainment inclusive for all; irrespective of barriers created by lack of mobility, vision or hearing. PVR recognizes that more than 5% of India’s population is Differently-abled and is spearheading Accessible and Inclusive Cinema in the country. Towards this, the Company is working closely with concerned Government Departments, Ministries, State Government officials, NGOs, Producers and Distributors to implement Clause #42 of the Rights of People with Disabilities Act 2016 in letter and spirit in the Cinematograph Act, 1952. This will make it mandatory for all Indian films to be released with Captions and Audio Description, thereby enabling Visually Impaired and Hearing Impaired patrons to enjoy movies with the rest of us and their families and friends.

While PVR has the ability to exhibit films to an inclusive audience with the help of Closed Captioning, Audio Description, Assistive devices an equipment and infrastructural accommodations for people with Hearing, Vision and Mobility impairments, respectively; the electronic content available is not in accessible formats. This is a huge deterrent in PVRs efforts to provide inclusive entertainment to all.

Principle 8: Inclusive Growth

1. Does the company have specified programmes/ initiatives/projects in pursuit of the policy related to Principle 8? If yes, details thereof.

PVR Nest is a registered foundation set up by PVR limited to undertake its CSR initiatives. These initiatives is not only aligned to Schedule VII pertaining to Section 135 of the Companies Act 2013 but we have also drawn a linkage to the Sustainability Development Goals and the 2030 agenda. We have further identified Development indicators that we impact as defined by Niti Aayog under its development plans.

For details, refer to the CSR section of this Annual Report for activities and initiatives undertaken by PVR Nest.

2. Are the programmes/projects undertaken through in-house team/own foundation/external NGO/ government structures/ any other organisation?

PVR Nest, conducts various programmes through its partner NGOs. For some projects, we have also worked with local government bodies.

3. Have you done any impact assessment of your initiative?

Yes, we have impact measurement built into our projects.

4. What is your Company's direct contribution to community development projects (Amount in ₹ and the details of the projects undertaken)

During the year gone by, we have spent 360 Lakh that amounts to 2% of average net profit for immediately preceding three financial years. For details, refer to Annexure 6A and 6B of Corporate Governance Report forming part of this Annual Report.

5. Have you taken steps to ensure that this community development initiative is successfully adopted by the members of the community?

We ensure that most programmes are designed on a PPP Model thereby ensuring Sustainability. Some examples being:

- Our flagship program Childscapes, involves women of the community to help propagate the program; thereby ensuring community involvement to ensure sustainability.
- The Project Eco Grants by its very design has sustainability built into it.
- The Disability Project too has affected stake-holders involved who ensure the programme carries through.

Principle 9: Customer Value

1. What percentage of customer complaints/consumer cases are pending as on the end of financial year.

0.002% of the consumer complaints/cases are pending as on March 31, 2019.

2. Does the company display product information on the product label, over and above what is mandated as per local laws? Yes/No/N.A./remarks (additional information)

Yes, the Company displays product information on the packaging of its F&B products for the benefit of consumers, over and above what is mandated by local laws like Bureau of Indian Standards Act. The additional information is provided to enhance the value consumers can derive from the product and to ensure safe and appropriate use. The additional information on the product label relates to proven active ingredients contained, directions for use, safety, caution etc. and varies from product to product.

3. Is there any case filed by any stakeholder against the company regarding unfair trade practices, irresponsible advertising and/or anti-competitive behaviour during the last five years and pending as on end of financial year? If so, provide details thereof, in about 50 words or so.

There are few cases filed against PVR before different Hon'ble High Courts in India praying therein for allowing the outside foods inside the multiplexes amongst other matter. The Hon'ble Supreme Court has stayed the proceedings and pending for final hearing, Secondly, Unilazer Ventures Private Limited has filed a complaint before Competition commission of India against Multiplex chains including PVR that multiplex operators are misusing the dominant position against movie producers by charging Virtual print fees, Thirdly Vijay Gopal has filed a complaint against Book MyShow and PVR before Hyderabad District consumer forum alleging that Company is wrongfully charging Internet handling fees from customers along with some several other consumer complaints filed against the Company alleging unfair trade practice that PVR is charging exorbitantly on food and beverages which are pending for adjudication/hearing.

4. Did your Company carry out any consumer survey/ consumer satisfaction trends?

Till last year, we were carrying out offline surveys on customer satisfaction periodically. However, since our association with customers is short, we felt the need to get instant feedback so as to increase our proximity to their experience in order to serve them better. We have installed tabs at various touch points within the cinema to get instant feedback.

These tabs have been implemented in 39 cinemas. For the balance, currently, we are using offline through internal surveys and the mystery audit team, till such time that we are able to digitise all our cinemas. Customer satisfaction trends as per our new approach will be available once we deploy the digital system across our cinemas.

As a result of regular CSAT surveys, we have gathered in-depth insights into various areas where we can make further improvements to enhance the experience of our patrons. Some of these are:

- Making payments made much easier;
- Redesigned the PVR app;
- Method of cleaning and packing 3D Glasses was changed;
- New F&B items were introduced;
- Better readability/clarity of the Menu board;
- Enhanced focus on hygiene and cleanliness.

Independent Auditor's Report

To the Members of PVR Limited

Report on the Audit of the Standalone Financial Statements

Opinion

We have audited the standalone financial statements of PVR Limited ("the Company"), which comprise the Standalone Balance Sheet as at 31 March 2019, and the Standalone Statement of Profit and Loss (including other comprehensive income), Standalone Statement of Changes in Equity and Standalone Statement of Cash Flows for the year then ended, and notes to the standalone financial statements, including a summary of the significant accounting policies and other explanatory information.

In our opinion and to the best of our information and according to the explanations given to us, the aforesaid standalone financial statements give the information required by the Companies Act, 2013 ("Act") in the manner so required and give a true and fair view in conformity with the accounting principles generally accepted in India, of the state of affairs of the Company as at 31 March 2019, and its profit and other comprehensive income, changes in equity and its cash flows for the year ended on that date.

Description of Key Audit Matters

The key audit matter

1. Revenue Recognition

See accounting policies in Note 2.2 (j) to the Standalone Financial Statements

The Company principally derives its revenue from sale of movie tickets (Box office revenue), sale of food items, advertisement income and convenience fees.

Basis for Opinion

We conducted our audit in accordance with the Standards on Auditing (SAs) specified under section 143(10) of the Act. Our responsibilities under those SAs are further described in the Auditor's Responsibilities for the Audit of the Standalone Financial Statements section of our report. We are independent of the Company in accordance with the Code of Ethics issued by the Institute of Chartered Accountants of India together with the ethical requirements that are relevant to our audit of the standalone financial statements under the provisions of the Act and the Rules thereunder, and we have fulfilled our other ethical responsibilities in accordance with these requirements and the Code of Ethics. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion.

Key Audit Matters

Key audit matters are those matters that, in our professional judgment, were of most significance in our audit of the standalone financial statements of the current period. These matters were addressed in the context of our audit of the standalone financial statements as a whole, and in forming our opinion thereon, and we do not provide a separate opinion on these matters.

How the matter was addressed in our audit

In view of the significance of the matter we applied following audit procedures in this area, among others to obtain sufficient appropriate audit evidence

1. We assessed and tested the effectiveness of relevant controls, including automated controls, over revenue within each of the revenue streams.
2. We inspected the terms of significant revenue contracts and assessed whether they were consistent with the basis of revenue recognized by the Company.
3. We agreed the data underlying the calculation of admission revenue to sales records and other systems having assessed the relevant controls relating to the recording of that revenue.
4. We also considered the adequacy of the Company's disclosures and the accounting policies included in the standalone financial statements.

The key audit matter	How the matter was addressed in our audit
<p>2. Impairment assessment of goodwill, other intangible assets, and property, plant & equipment:</p> <p>See Note 4 and accounting policies in Note 2.2 (f) to the Standalone Financial Statements</p> <p>The Company assesses at each reporting date whether there is an indication that plant, property and equipment or an intangible asset (other than goodwill) may be impaired. If any indication exists for such assets, or when annual impairment testing for an asset is required (Goodwill), the Company performs the impairment computation and estimates the asset's recoverable amount.</p> <p>The annual impairment testing is considered to be a key audit matter due to the complexity of the accounting requirements and the significant judgment required in determining the assumptions to be used to estimate the recoverable amount. The recoverable amount of the Cash Generating Units (CGUs), which is based on the higher of the value in use or fair value less costs to sell, has been derived from discounted forecast cash flow models. These models use several key assumptions, including estimates of future sales volumes, and prices, operating costs, terminal value growth rates and the weighted-average cost of capital (discount rate).</p>	<p>In view of the significance of the matter we applied the following audit procedures in this area, among others to obtain sufficient appropriate audit evidence:</p> <ul style="list-style-type: none"> evaluating the appropriateness of the discount rates applied, which included comparing the weighted-average cost of capital with sector averages for the relevant markets in which the CGUs operate; evaluating the appropriateness of other assumptions applied to key inputs such as sales volumes and prices, operating costs, inflation and long-term growth rates, which included comparing these inputs with externally derived data, wherever applicable, as well as our own assessments based on our knowledge of the client and the industry; performing sensitivity analysis, which included assessing the effect of reasonably possible reductions in growth rates, forecasted cash flows and considering the market capitalization of the Company as at 31 March 2019, to evaluate the impact on the currently estimated headroom for the CGUs. evaluating the adequacy of the standalone financial statement disclosures, including disclosures of key assumptions, judgments and sensitivities.

Information Other than the Standalone Financial Statements and Auditor's Report Thereon

The Company's management and Board of Directors are responsible for the other information. The other information comprises the information included in the Company's annual report, but does not include the standalone financial statements and our auditors' report thereon.

Our opinion on the standalone financial statements does not cover the other information and we do not express any form of assurance conclusion thereon.

In connection with our audit of the standalone financial statements, our responsibility is to read the other information and, in doing so, consider whether the other information is materially inconsistent with the standalone financial statements or our knowledge obtained in the audit or otherwise appears to be materially misstated. If, based on the work we have performed, we conclude that there is a material misstatement of this other information, we are required to report that fact. We have nothing to report in this regard.

Management's Responsibility for the Standalone Financial Statements

The Company's management and Board of Directors are responsible for the matters stated in section 134(5) of the Act with respect to the preparation of these standalone financial statements that give a true and fair view of the state of affairs, profit/loss and other comprehensive income, changes in equity and cash flows of the Company in accordance with the accounting principles generally accepted in India, including the Indian Accounting Standards (Ind AS) specified under section 133 of the Act. This responsibility also includes maintenance of adequate accounting records in accordance with the provisions of the Act for safeguarding of the assets of the Company and for preventing and detecting frauds and other irregularities; selection and application of appropriate accounting policies; making judgments and estimates that are reasonable and prudent; and design, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring the accuracy and completeness of the accounting records, relevant to the preparation and presentation of the standalone financial statements that give a true and fair view and are free from material misstatement, whether due to fraud or error.

In preparing the standalone financial statements, management and Board of Directors are responsible for assessing the Company's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless management either intends to liquidate the Company or to cease operations, or has no realistic alternative but to do so.

Board of Directors is also responsible for overseeing the Company's financial reporting process.

Auditor's Responsibilities for the Audit of the Standalone Financial Statements

Our objectives are to obtain reasonable assurance about whether the standalone financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with SAs will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these standalone financial statements.

As part of an audit in accordance with SAs, we exercise professional judgment and maintain professional skepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the standalone financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances. Under section 143(3)(i) of the Act, we are also responsible for expressing our opinion on whether the Company has adequate internal financial controls with reference to financial statements in place and the operating effectiveness of such controls.
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by management.
- Conclude on the appropriateness of management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Company's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the standalone financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Company to cease to continue as a going concern.
- Evaluate the overall presentation, structure and content of the standalone financial statements, including the disclosures, and whether the standalone financial statements represent the

underlying transactions and events in a manner that achieves fair presentation.

We communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

We also provide those charged with governance with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, related safeguards.

From the matters communicated with those charged with governance, we determine those matters that were of most significance in the audit of the standalone financial statements of the current period and are therefore the key audit matters. We describe these matters in our auditor's report unless law or regulation precludes public disclosure about the matter or when, in extremely rare circumstances, we determine that a matter should not be communicated in our report because the adverse consequences of doing so would reasonably be expected to outweigh the public interest benefits of such communication.

Report on Other Legal and Regulatory Requirements

1. As required by the Companies (Auditor's Report) Order, 2016 ("the Order") issued by the Central Government in terms of section 143 (11) of the Act, we give in the "Annexure A" a statement on the matters specified in paragraphs 3 and 4 of the Order, to the extent applicable.
 - (A) As required by Section 143(3) of the Act, we report that:
 - a) We have sought and obtained all the information and explanations which to the best of our knowledge and belief were necessary for the purposes of our audit.
 - b) In our opinion, proper books of account as required by law have been kept by the Company so far as it appears from our examination of those books.
 - c) The standalone balance sheet, the standalone statement of profit and loss (including other comprehensive income), the standalone statement of changes in equity and the standalone statement of cash flows dealt with by this Report are in agreement with the books of account.
 - d) In our opinion, the aforesaid standalone financial statements comply with the Ind AS specified under section 133 of the Act.

- e) On the basis of the written representations received from the directors as on 31 March 2019 taken on record by the Board of Directors, none of the directors is disqualified as on 31 March 2019 from being appointed as a director in terms of Section 164(2) of the Act.
- f) With respect to the adequacy of the internal financial controls with reference to financial statements of the Company and the operating effectiveness of such controls, refer to our separate Report in "Annexure B".
- (B) With respect to the other matters to be included in the Auditor's Report in accordance with Rule 11 of the Companies (Audit and Auditors) Rules, 2014, in our opinion and to the best of our information and according to the explanations given to us:
- i. The Company has disclosed the impact of pending litigations as at 31 March 2019 on its financial position in its standalone financial statements - Refer Note 35 to the standalone financial statements;
 - ii. The Company did not have any long-term contracts including derivative contracts for which there were any material foreseeable losses.
 - iii. There has been no delay in transferring amounts, required to be transferred, to the Investor Education and Protection Fund by the Company.
 - iv. The disclosures in the standalone financial statements regarding holdings as well as dealings in specified bank notes during the period from 8 November 2016 to 30 December 2016 have not been made in these financial statements since they do not pertain to the financial year ended 31 March 2019.
- (C) With respect to the matter to be included in the Auditor's Report under section 197(16):
- In our opinion and according to the information and explanations given to us, the remuneration paid by the company to its directors during the current year is in accordance with the provisions of Section 197 of the Act. The remuneration paid to any director is not in excess of the limit laid down under Section 197 of the Act. The Ministry of Corporate Affairs has not prescribed other details under Section 197(16) which are required to be commented upon by us.

(Referred to in paragraph (1) (A) (f) under 'Report on Other Legal and Regulatory Requirements' section of our report of even date)

Opinion

We have audited the internal financial controls with reference to Standalone Financial Statements of PVR Limited ("the Company") as of 31 March 2019, in conjunction with our audit of the standalone Financial Statements of the Company for the year ended on that date.

In our opinion, the Company has, in all material respects, adequate internal financial controls with reference to Standalone Financial Statements and such internal financial controls were operating effectively as at 31 March 2019, based on the internal financial controls with reference to Standalone Financial Statements criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting issued by the Institute of Chartered Accountants of India (the "Guidance Note").

Management's Responsibility for Internal Financial Controls

The Company's management and the Board of Directors are responsible for establishing and maintaining internal financial controls based on the internal financial controls with reference to Standalone Financial Statements criteria established by the Company considering the essential components of internal control stated in the Guidance Note. These responsibilities include the design, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring the orderly and efficient conduct of its business, including adherence to company's policies, the safeguarding of its assets, the prevention and detection of frauds and errors, the accuracy and completeness of the accounting records, and the timely preparation of reliable financial information, as required under the Companies Act, 2013 (hereinafter referred to as "the Act").

Auditor's Responsibility

Our responsibility is to express an opinion on the Company's internal financial controls with reference to Standalone Financial Statements based on our audit. We conducted our audit in accordance with the Guidance Note and the Standards on Auditing, prescribed under section 143(10) of the Act, to the extent applicable to an audit of internal financial controls with reference to Standalone Financial Statements. Those Standards and the Guidance Note require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether adequate internal

financial controls with reference to Standalone Financial Statements were established and maintained and whether such controls operated effectively in all material respects.

Our audit involves performing procedures to obtain audit evidence about the adequacy of the internal financial controls with reference to Standalone Financial Statements and their operating effectiveness. Our audit of internal financial controls with reference to Standalone Financial Statements included obtaining an understanding of such internal financial controls, assessing the risk that a material weakness exists, and testing and evaluating the design and operating effectiveness of internal control based on the assessed risk. The procedures selected depend on the auditor's judgement, including the assessment of the risks of material misstatement of the Standalone Financial Statements, whether due to fraud or error.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the Company's internal financial controls with reference to Standalone Financial Statements.

Meaning of Internal Financial controls with Reference to Standalone Financial Statements

A company's internal financial controls with reference to Standalone Financial Statements is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of Standalone Financial Statements for external purposes in accordance with generally accepted accounting principles. A company's internal financial controls with reference to Standalone Financial Statements include those policies and procedures that (1) pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the company; (2) provide reasonable assurance that transactions are recorded as necessary to permit preparation of Standalone Financial Statements in accordance with generally accepted accounting principles, and that receipts and expenditures of the company are being made only in accordance with authorisations of management and directors of the company; and (3) provide reasonable assurance regarding prevention or timely detection of unauthorised acquisition, use, or disposition of the company's assets that could have a material effect on the Standalone Financial Statements.

Inherent Limitations of Internal Financial controls with Reference to Standalone Financial Statements

Because of the inherent limitations of internal financial controls with reference to Standalone Financial Statements, including the possibility of collusion or improper management override of controls, material misstatements due to error or fraud may occur and not be detected. Also, projections of any evaluation of the internal financial controls with reference to Standalone Financial Statements to future periods are subject to the risk that the internal financial controls with reference to

Standalone Financial Statements may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

Notes

to the Standalone Financial Statements for the year ended March 31, 2019

(Rupees in lakhs, except for per share data and if otherwise stated)

1 Reporting entity

PVR Limited ("the Company") is a public limited Company domiciled in India and incorporated under the provisions of the Indian Companies Act with its registered office located at "61, Basant lok, Vasant Vihar, New Delhi, India – 110 057". The Company's equity shares are listed on the Bombay Stock Exchange (BSE) and National Stock Exchange (NSE) in India.

The Company is in the business of movie exhibition & production and operates largest cinema circuit across India. The Company earns revenue from sale of movie tickets, in-cinema advertisements/product displays and sale of food and beverages and restaurant business.

2 Significant accounting policies

2.1 Basis of preparation

(a) Statement of compliance

These Standalone Financial Statements comply with Indian Accounting Standards ("Ind AS") as prescribed under Section 133 of the Companies Act, 2013 (the "Act"), read together with Rule 3 of the Companies (Indian Accounting Standards) Rules, 2015, relevant provisions of the Act and other accounting principles generally accepted in India.

These Standalone Financial Statements for the year ended March 31, 2019 are approved by the Audit Committee at its meeting held on May 9, 2019 and Board of Directors at its meeting held on May 10, 2019.

(b) Functional and presentation currency

These Standalone Financial Statements are presented in Indian Rupees (INR), which is also the Company's functional currency. All amounts have been rounded-off to the nearest lakhs, unless otherwise indicated.

(c) Basis of Measurement

These Standalone Financial Statements have been prepared on an accrual basis and under the historical cost convention, except for the following assets and liabilities which have been measured at fair value:

- Certain financial assets and liabilities measured at fair value (refer accounting policy regarding financial instruments, refer note 2.2(v))

(d) Critical accounting estimates and judgements

In preparing these Standalone Financial Statements, management has made judgements, estimates and assumptions that affect the application of accounting policies and the reported amounts of assets, liabilities, income and expenses. Actual results may differ from these estimates. Estimates and underlying assumptions are reviewed on an ongoing basis. Revisions to accounting estimates are recognised prospectively.

Information about significant areas of estimation and judgements in applying accounting policies that have the most significant effect on the Standalone Financial Statements are as follows:

- Note 2.2 (p) (iii) and 31 - measurement of defined benefit obligations: key actuarial assumptions;
- Note 2.2 (b),(c), (d), 3 and Note 4 - measurement of useful life and residual values of property, plant and equipment and intangible assets;
- Note 35 - Management judgement is required for estimating the possible outflow of resources, if any, in respect of contingencies/claim/ litigations against the Company as it is not possible to predict the outcome of pending matters with accuracy;
- Note 2.2 (u) - judgement required to determine ESOP assumptions;
- Note 2.2 (p) - judgement required to determine probability of recognition of current tax, deferred tax assets and MAT credit entitlement; and
- Note 2.2 (v)- fair value measurement of financial instruments.

There are no assumptions and estimation that have a significant risk resulting in a material adjustment within the next financial year.

2.2 Summary of Significant accounting policy

(a) Current and non-current classification

The Company presents assets and liabilities in the balance sheet based on current/non-current classification. An asset is treated as current when it satisfies any of the following criteria:

- Expected to be realised or intended to be sold or consumed in normal operating cycle;
- Held primarily for the purpose of trading;
- Expected to be realised within twelve months after the reporting period; or

All other assets are classified as non-current.

A liability is current when it satisfies any of the following criteria:

- It is expected to be settled in normal operating cycle;
- It is held primarily for the purpose of trading;
- It is due to be settled within twelve months after the reporting period; or
- There is no unconditional right to defer the settlement of the liability for at least twelve months after the reporting period

Notes

to the Standalone Financial Statements for the year ended March 31, 2019

(Rupees in lakhs, except for per share data and if otherwise stated)

The Company classifies all other liabilities as non-current.

Deferred tax assets and liabilities are classified as non-current assets and liabilities.

The operating cycle is the time between the acquisition of assets for processing and their realisation in cash and cash equivalents. The company has identified twelve months as its operating cycle for the purpose of classification of assets and liabilities as current and non-current.

(b) Property, plant and equipment (PPE)

(i) Recognition and Measurement:

PPE are stated at cost less accumulated depreciation and impairment losses, if any. Cost comprises the purchase price (net of trade discounts, rebates and refundable taxes) and any directly attributable cost of bringing the asset to its working condition for its intended use. Borrowing costs relating to acquisition or construction of PPE which take substantial period of time to get ready for its intended use are also included to the extent they relate to the period till such assets are ready for their intended use. Leasehold improvements represent expenses incurred towards civil works, interior furnishings, etc. on the leased premises at various cinema locations.

Expenditure directly relating to construction activity are capitalised. Indirect expenditure incurred during construction period is capitalised as part of the indirect construction cost to the extent expenditure is directly related to construction or is incidental thereto. Other indirect expenditure (including borrowing costs) incurred during the construction period, which is not related to the construction activity nor is incidental thereto is charged to the Statement of Profit and Loss. Expenses those are capitalised are considered as pre-operative expenses and are disclosed under capital work in progress until the project is capitalised.

An item of property, plant and equipment and any significant part initially recognised is de-recognised upon disposal. Any gain or loss arising on de-recognition of the asset (calculated as the difference between the net disposal proceeds and the carrying amount of the asset) is included in the Statement of Profit and Loss when the asset is derecognised.

The Company identifies any particular component embedded in the main asset having significant value to total cost of asset and also a different life as compared to the main asset.

The residual values, useful lives and methods of depreciation of PPE are reviewed at each financial year end and adjusted prospectively, if appropriate.

Amount paid towards the acquisition of property, plant and equipment outstanding as of each reporting date and the cost of property, plant and equipment not ready for intended use before such date are disclosed under Capital advances and Capital work-in-progress respectively.

(ii) Subsequent expenditure:

Subsequent expenditure on additions and betterment of operational properties are capitalised, only if, it is probable that the future economic benefits associated with the expenditure will flow to the Company and expenditures for maintenance and repairs are charged to Statement of Profit and Loss as incurred.

(c) Depreciation on Property, plant and equipment (PPE)

Depreciation is calculated on cost of items of PPE less their estimated residual values over their useful lives using Straight-line method and is generally recognised in the Statement of Profit and Loss. Estimated useful life of the assets are generally in line with the useful lives as prescribed under Part C of Schedule II to the Companies Act, 2013 except in the following cases, where the management based on technical and internal assessment considers life to be different than prescribed under Schedule II. The management believes that these estimated useful lives are realistic and reflect fair approximation of the period over which the assets are likely to be used.

Particulars	Useful life as per Schedule II (in years)	Management estimate of Useful life (in years)
Concession equipments	15	8
Gaming equipments	15	13.33
Projectors	13	10
Furniture & fixtures	8	5 to 10.53
Vehicles	8	5
LCD's	5	4

The Company has estimated the residual value @ 5% of original cost for all assets except for sound and projections equipment's which are taken @ 10% of original cost based on technical assessment done by management.

Leasehold improvements are amortised on a straight-line basis over the total period of lease including renewals or unexpired period of lease, whichever is shorter.

Assets under finance leases are depreciated over the shorter of the lease term and their useful lives unless it is reasonably certain that the Company will obtain ownership by the end of lease term.

Depreciation is not recorded on capital work-in-progress until construction and installation are complete and the asset is ready for its intended use.

Notes

to the Standalone Financial Statements for the year ended March 31, 2019

(Rupees in lakhs, except for per share data and if otherwise stated)

Depreciation on addition (disposal) is provided on a pro-rata basis i.e. from (upto) the date on which assets is ready for use (disposed off). Further, depreciation includes accelerated depreciation of ₹ 620 lakhs (March 31, 2018: ₹ 520 lakhs) on account of change in estimate of useful lives of property, plant and equipment resulting from cinema closure earlier than planned or due to renovation.

(d) Intangible assets

(i) Recognition and Measurement:

Intangible assets acquired separately are measured on initial recognition at cost. The cost of intangible assets acquired in a business combination is their fair value at the date of acquisition. Following initial recognition, intangible assets are carried at cost less any accumulated amortisation and accumulated impairment losses, if any.

(ii) Subsequent Expenditure:

Subsequent expenditure is capitalised only when it increase the future economic benefits embodied in the specific asset to which it relates. All other expenditure, including expenditure on internally generated goodwill and brands, is recognised in the statement of profit or loss as incurred.

(iii) The useful life and the basis of amortisation and impairment losses are as under:

a) Software

Cost relating to purchased software and software licenses are capitalised and amortised on a straight-line basis over their estimated useful lives of 6 years.

b) Goodwill

Goodwill on acquisitions is included in intangible assets. Goodwill is not amortised but it is tested for impairment annually, or more frequently if events or changes in circumstances indicate that it might be impaired, and is carried at cost less accumulated impairment losses if any. Goodwill is allocated to cash-generating units for the purpose of impairment testing. The allocation is made to those cash-generating units or groups of cash-generating units that are expected to benefit from the business combination in which the goodwill arose. The units or groups of units are identified at the lowest level at which goodwill is monitored for internal management purposes.

c) Film Right's

The intellectual property rights acquired/created in relation to films are capitalised as film rights. The amortisation policy is as below:

- (a) In respect of films which have been co-produced/co owned/acquired and

in which the Company holds rights for a period of 5 years and above as below:

- 60% to 80% of the cost of film rights on first domestic theatrical release of the film based on the management estimates. The said amortisation relates to domestic theatrical rights, international theatrical rights, television rights, music rights and video rights etc.

In case these rights are not exploited along with or prior to their first domestic theatrical release, proportionate cost of such right is carried forward to be written off as and when such right is commercially exploited or at the end of 1 year from the date of first domestic theatrical release, whichever occurs earlier.

- Balance 40% to 20% is amortised over the remaining license period based on an estimate of future revenue potential subject to a maximum period of 10 years.

- (b) In respect of films, where the Company holds rights for a limited period of 1 to 5 years, entire cost of movies rights acquired or produced by the Company is amortised on first theatrical release of the movie. The said amortisation relates to domestic theatrical rights, international theatrical rights, television rights, music rights and video rights and others.

In case these rights are not exploited along with or prior to the first domestic theatrical release, proportionate cost of such right is carried forward to be written off as and when such right is commercially exploited or at the end of 1 year from the date of first theatrical release, whichever occurs earlier.

Gains or losses arising from derecognition of an intangible asset are measured as the difference between the net disposal proceeds and the carrying amount of the asset and are recognised in the Statement of Profit and Loss when the asset is derecognised.

Amortisation method, useful lives and residual values are reviewed at the end of each financial year and adjusted if appropriate.

Notes

to the Standalone Financial Statements for the year ended March 31, 2019

(Rupees in lakhs, except for per share data and if otherwise stated)

(e) Borrowing Costs

Borrowing cost includes interest, amortisation of ancillary costs incurred in connection with the arrangement of borrowings. Borrowing costs directly attributable to the acquisition, construction or production of an asset that necessarily takes a substantial period of time to get ready for its intended use or sale are capitalised as part of the cost of the respective asset. All other borrowing costs are expensed in the Statement of Profit and Loss as incurred.

(f) Impairment of non-financial assets

The Company assesses at each reporting date whether there is an indication that an asset may be impaired. If any indication exists, or when annual impairment testing for an asset is required, the Company estimates the asset's recoverable amount. An asset's recoverable amount is the higher of an asset's net selling price and its value in use. The recoverable amount is determined for an individual asset, unless the asset does not generate cash inflows that are largely independent of those from other assets or Company's of assets. Where the carrying amount of an asset exceeds its recoverable amount, the asset is considered impaired and is written down to its recoverable amount.

In assessing value in use, the estimated future cash flows are discounted to their present value using a pre-tax discount rate that reflects current market assessments of the time value of money and the risks specific to the asset. In determining net selling price, recent market transactions are taken into account, if available. If no such transactions can be identified, an appropriate valuation model is used.

Impairment loss, if any is recognised in the Statement of Profit and Loss.

For assets excluding goodwill, an assessment is made at each reporting date to determine whether there is an indication that previously recognised impairment losses no longer exist or have decreased. If such indication exists, the Company estimates the asset's or CGU's recoverable amount. A previously recognised impairment loss is reversed only if there has been a change in the assumptions used to determine the asset's recoverable amount since the last impairment loss was recognised. The reversal is limited so that the carrying amount of the asset does not exceed its recoverable amount, nor exceed the carrying amount that would have been determined, net of depreciation, had no impairment loss been recognised for the asset in prior years. Such reversal is recognised in the statement of profit or loss unless the asset is carried at a revalued amount, in which case, the reversal is treated as a revaluation increase.

(g) Investment

Investment in subsidiaries are carried at cost less accumulated impairment, if any.

(h) Inventories

Inventories are valued as follows:

- (a) **Food and beverages**
Lower of cost and net realisable value. Cost is determined on weighted average basis.
- (b) **Stores and spares**
Lower of cost and net realisable value. Cost is determined on First In First Out (FIFO) basis.

Cost includes cost of purchase and other costs incurred in bringing the inventories to their present location and condition;

Net realisable value is the estimated selling price in the ordinary course of business, less estimated costs necessary to make the sale.

The comparison of cost and Net realisable value is made on an item-by-item basis.

(i) Leases

- (i) **Determining whether an arrangement contains a lease**
The determination of whether an arrangement is (or contains) a lease is based on the substance of the arrangement at the inception of the lease. The arrangement is, or contains, a lease if fulfilment of the arrangement is dependent on the use of a specific asset or assets and the arrangement conveys a right to use the asset or assets, even if that right is not explicitly specified in an arrangement.

At inception or on reassessment of the arrangement that contains a lease, the payments and other consideration required by such an arrangement are separated into those for the lease and those for other elements on the basis of their relative fair values. If it is concluded for a finance lease that it is impracticable to separate the payments reliably, then an asset and a liability are recognised at an amount equal to the fair value of the underlying asset. The liability is reduced as payments are made and an imputed finance cost on the liability is recognised using the incremental borrowing rate.

- (ii) **Assets held under lease**

A lease is classified at the inception date as a finance lease or an operating lease. A lease that transfers substantially all the risks and rewards incidental to ownership to the Company is classified as a finance lease.

Finance leases are capitalised at the commencement of the lease at the inception date fair value of the leased property or, if lower, at the present value of the minimum lease payments. Lease payments are apportioned between finance charges and reduction

Notes

to the Standalone Financial Statements for the year ended March 31, 2019

of the lease liability so as to achieve a constant rate of interest on the remaining balance of the liability. Finance charges are recognised in finance costs in the Statement of Profit and Loss, unless they are directly attributable to qualifying assets, in which case they are capitalised in accordance with the Company's general policy on the borrowing costs. Contingent rentals are recognised as expenses in the periods in which they are incurred.

(iii) Lease payments

Payments made under operating leases are generally recognised in the Statement of Profit and Loss on a straight line basis over the term of the lease unless such payments are structured to increase in line with expected general inflation to compensate for the lessor's expected inflationary cost increase.

Payments made under finance lease are allocated between the outstanding liability and finance cost. The finance cost is charged to the Statement of Profit and Loss over the lease period so as to produce a constant periodic rate of interest on the remaining balance of the liability for each period.

(j) Revenue recognition

Revenue is recognised to the extent that it is probable that the economic benefits will flow to the Company, and the revenue can be reliably measured regardless of when the payment is being made. Revenue excludes goods and service tax, sales tax and entertainment tax which are collected by the Company on behalf of the Government and deposited to the credit of respective Governments.

GST has been implemented with effect from July 1, 2017 which replaces Entertainment tax, Service tax and other indirect taxes like Sales tax and Value added taxes. As per the requirement of Ind AS 18, revenue is reported net of applicable taxes.

Effective April 01, 2018, the Company has adopted Ind AS 115 (Revenue from contracts with customers) which establishes a comprehensive framework for determining whether, how much and when revenue is recognised. Ind AS 115 "Revenue from contracts with customers" replaces Ind AS 18 "Revenue recognition and related interpretations". The Company has adopted Ind AS 115 "Revenue from contracts with customers" using the cumulative effect method, with the effect of initially applying this standard recognised at the date of initial application (i.e. April 01, 2018). Under this transition method, the comparative information is not restated –

i.e. the comparative information continues to be reported under Ind AS 18 "Revenue recognition and related interpretations". The adoption of the standard did not have any material impact on the Standalone Financial Statements of the Company. Following table depicts the amount of impact on Standalone Financial Statements:

(Rupees in lakhs, except for per share data and if otherwise stated)

Particulars	As reported at March 31, 2018	Adjustments due to adoption of Ind AS 115	Adjusted opening balance as at April 1, 2018
Retained earnings	42,718	20	42,738

The following specific recognition criteria must also be met before revenue is recognised:

i Income from sale of movie tickets (Box office revenue)

Revenue from sale of movie tickets is recognised as and when the film is exhibited.

ii Sale of Food and Beverages

Revenue from sale of food and beverages is recognised upon passage of title to customers, which coincides with their delivery to the customer.

iii Revenue from Gift vouchers and Breakage revenue

Non-refundable Gift cards and vouchers are sold to customers, that give customers the right to receive goods or services in the future. The prepayment amount received from the customer is recognised as unearned revenue liability. If a customer does not exercise their right, this amount is recognised as breakage revenue in proportion to the pattern of rights exercised by the customer as there is an expectation that the Company will be entitled to breakage revenue and that it is considered highly probable and a significant reversal will not occur in the future.

iv Income from Movie production

Revenues from film produced, co-produced/co-owned are accounted for based on the terms of the agreement.

v Advertisement Revenue

Advertisement revenue is recognised as and when advertisement are displayed at the cinema halls and in accordance with the term of the agreement.

vi Management Fee

Revenue is recognised on an accrual basis in accordance with the terms of the relevant agreements.

vii Convenience Fee

Convenience fee is recognised as and when the movie tickets are sold on digital platforms. Further, in case of fixed contracts with digital ticketing partners, revenue is recognised on accrual basis in accordance with the terms of the agreement.

viii Rental and Food court Income

Rental Income is recognised on accrual basis for the period the space in cinema and food court is let out under the operating lease arrangement.

Notes

to the Standalone Financial Statements for the year ended March 31, 2019

(Rupees in lakhs, except for per share data and if otherwise stated)

ix Gaming Income

Revenue from gaming is recognised as and when the games are played by customers.

x Virtual Print Fees Income

Revenue is recognised on an accrual basis in accordance with the terms of the relevant agreements.

xi Interest Income

For all debt instruments measured either at amortised cost or at fair value through other comprehensive income, interest income is recorded using the effective interest rate (EIR). EIR is the rate that exactly discounts the estimated future cash payments or receipts over the expected life of the financial instrument or a shorter period, where appropriate, to the gross carrying amount of the financial asset or to the amortised cost of a financial liability. When calculating the effective interest rate, the Company estimates the expected cash flows by considering all the contractual terms of the financial instrument (for example, prepayment, extension, call and similar options) but does not consider the expected credit losses. Interest income is included in finance income in the Statement of Profit and Loss.

xii Dividend Income

Dividend Income is recognised when the Company's right to receive dividend is established, which is generally when shareholders approve the dividend.

xiii Loyalty

The Company operates a loyalty programme "PVR PRIVILEGE" where a customer earn points as and when the customer transacts with the Company, these points can be redeemed in the future for goods and services. Under Ind AS 115, the loyalty programme gives rise to a separate performance obligation as it provides a material right to the customer. The Company allocates a portion of transaction price to the loyalty programme based on relative standalone selling price, instead of allocating using the fair value of points issued.

(k) Government Grant

Grants and subsidies from the government are recognised when there is reasonable assurance that the grant/subsidy will be received and all attaching conditions will be complied with. When the grant or subsidy relates to an expense item, it is recognised as income over the periods necessary to match them on a systematic basis to the costs, which it is intended to compensate. Similarly, where the grant relates to an asset, it is recognised as deferred income and released to income in equal instalments over the expected useful life of the related assets.

(l) Foreign currency transaction and translations

Transactions and balances

Transactions in foreign currencies are initially recorded in functional currency's spot rates at the date the transaction first qualifies for recognition.

Monetary assets and liabilities denominated in foreign currencies remaining unsettled are translated at the functional currency spot rates of exchange at the reporting date.

Exchange differences arising on settlement or translation of monetary items are recognised in statement of profit or loss.

Non-monetary items that are measured in terms of historical cost in a foreign currency are translated using the exchange rate at the date of the initial transactions. Non-monetary items measured at fair value in a foreign currency are translated using the exchange rates at the date when the fair value is determined. The gain or loss arising on translation of non-monetary items measured at fair value is treated in line with the recognition of the gain or loss on the change in fair value of the item (i.e., translation differences on items whose fair value gain or loss is recognised in OCI or profit or loss are also recognised in OCI or profit or loss, respectively).

(m) Business Combination and Goodwill

Business combinations are accounted for using the acquisition method. At the acquisition date, the identifiable assets acquired and the liabilities assumed are recognised at their acquisition date fair values. For this purpose, the liabilities assumed include contingent liabilities representing present obligation and they are measured at their acquisition fair values irrespective of the fact that outflow of resources embodying economic benefits is not probable. However, the following assets and liabilities acquired in a business combination are measured at the basis indicated below:

- Liabilities or equity instruments related to share based payment arrangements of the acquiree or share-based payments arrangements of the Company entered into to replace share-based payment arrangements of the acquiree are measured in accordance with Ind AS 102 Share-based Payments at the acquisition date;
- Assets (or disposal Company's) that are classified as held for sale in accordance with Ind AS 105 Non-current Assets Held for Sale and Discontinued Operations are measured in accordance with that standard; and
- Reacquired rights are measured at a value determined on the basis of the remaining contractual term of the related contract. Such valuation does not consider potential renewal of the reacquired right.

Notes

to the Standalone Financial Statements for the year ended March 31, 2019

When the Company acquires a business, it assesses the financial assets and liabilities assumed for appropriate classification and designation in accordance with the contractual terms, economic circumstances and pertinent conditions as at the acquisition date.

If the business combination is achieved in stages, any previously held equity interest is re-measured at its acquisition date fair value and any resulting gain or loss is recognised in profit or loss or Other comprehensive income, as appropriate.

Any contingent consideration to be transferred by the acquirer is recognised at fair value at the acquisition date. Contingent consideration classified as an asset or liability that is a financial instrument and within the scope of Ind AS 109 Financial Instruments, is measured at fair value with changes in fair value recognised in profit or loss. If the contingent consideration is not within the scope of Ind AS 109, it is measured in accordance with the appropriate Ind AS. Contingent consideration that is classified as equity is not re-measured at subsequent reporting dates and subsequent its settlement is accounted for within equity.

Goodwill is initially measured at cost, being the excess of the aggregate of the consideration transferred and the amount recognised for non-controlling interests, and any previous interest held, over the net identifiable assets acquired and liabilities assumed. If the fair value of the net assets acquired is in excess of the aggregate consideration transferred, the Company re-assesses whether it has correctly identified all of the assets acquired and all of the liabilities assumed and reviews the procedures used to measure the amounts to be recognised at the acquisition date. If the reassessment still results in an excess of the fair value of net assets acquired over the aggregate consideration transferred, then the gain is recognised in OCI and accumulated in equity as capital reserve. However, if there is no clear evidence of bargain purchase, the entity recognises the gain directly in equity as capital reserve, without routing the same through Other comprehensive income.

As a result from business combination the Company as whole has gained synergies relating to increase in revenue, decrease of certain operational cost and effective vendor negotiation. The Company as a whole is considered as a CGU, and there are no other CGU's identifiable to which Goodwill from business combinations is allocated.

A cash generating unit to which goodwill has been allocated is tested for impairment annually, or more frequently when there is an indication that the unit may be impaired. If the recoverable amount of the cash generating unit is less than its carrying amount, the impairment loss is allocated first to reduce the carrying amount of any goodwill allocated to the unit and then to the other assets of the unit pro rata based on the carrying amount of

(Rupees in lakhs, except for per share data and if otherwise stated)

each asset in the unit. Any impairment loss for goodwill is recognised in profit or loss. An impairment loss recognised for goodwill is not reversed in subsequent periods.

Where goodwill has been allocated to a cash-generating unit and part of the operation within that unit is disposed off, the goodwill associated with the disposed operation is included in the carrying amount of the operation when determining the gain or loss on disposal. Goodwill disposed in these circumstances is measured based on the relative values of the disposed operation and the portion of the cash-generating unit retained.

If the initial accounting for a business combination is incomplete by the end of the reporting period in which the combination occurs, the Company reports provisional amounts for the items for which the accounting is incomplete. Those provisional amounts are adjusted through goodwill during the measurement period, or additional assets or liabilities are recognised, to reflect new information obtained about facts and circumstances that existed at the acquisition date that, if known, would have affected the amounts recognised at that date. These adjustments are called as measurement period adjustments. The measurement period does not exceed one year from the acquisition date.

(n) Fair value measurement

Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The fair value measurement is based on the presumption that the transaction to sell the asset or transfer the liability takes place either:

- In the principal market for the asset or liability, or
- In the absence of a principal market, in the most advantageous market for the asset or liability

The principal or the most advantageous market must be accessible by the Company.

The fair value of an asset or a liability is measured using the assumptions that market participants would use when pricing the asset or liability, assuming that market participants act in their economic best interest.

A fair value measurement of a non-financial asset takes into account a market participant's ability to generate economic benefits by using the asset in its highest and best use or by selling it to another market participant that would use the asset in its highest and best use.

The Company uses valuation techniques that are appropriate in the circumstances and for which sufficient data are available to measure fair value, maximising the

Notes

to the Standalone Financial Statements for the year ended March 31, 2019

(Rupees in lakhs, except for per share data and if otherwise stated)

use of relevant observable inputs and minimising the use of unobservable inputs.

All assets and liabilities for which fair value is measured or disclosed in the Standalone Financial Statements are categorised within the fair value hierarchy, described as follows, based on the lowest level input that is significant to the fair value measurement as a whole:

- Level 1 — Quoted (unadjusted) market prices in active markets for identical assets or liabilities;
- Level 2 — Valuation techniques for which the lowest level input that is significant to the fair value measurement is directly or indirectly observable; and
- Level 3 — Valuation techniques for which the lowest level input that is significant to the fair value measurement is unobservable.

For assets and liabilities that are recognised in the Standalone Financial Statements on a recurring basis, the Company determines whether transfers have occurred between levels in the hierarchy by re-assessing categorisation (based on the lowest level input that is significant to the fair value measurement as a whole) at the end of each reporting period.

External valuer's are involved for valuation of significant assets, liabilities, such as ESOP, Gratuity etc.

For the purpose of fair value disclosures, the Company has determined classes of assets and liabilities on the basis of the nature, characteristics and risks of the asset or liability and the level of the fair value hierarchy as explained above.

This note summarises accounting policy for fair value. Other fair value related disclosures are given in the relevant notes.

- Financial instruments (including those carried at amortised cost) (note 2.2(v))

(o) Employee benefits

The Company participates in various employee benefit plans. Post-employment benefits are classified as either defined contribution plans or defined benefit plans.

The Company has the following employee benefit plans:

- i **Short-term employee benefits**
Short-term employee benefit obligations are measured on an undiscounted basis and are expensed as the related services is provided. A liability is recognised for the amount expected to be paid e.g. under short-term cash bonus, incentives, if the Company has a present legal or constructive obligation to pay this amount as a result of past

services provided by the employee, and the amount of obligation can be estimated reliably.

- ii **Defined contribution Plan**

Retirement benefit in the form of provident fund is a defined contribution scheme. The Company has no obligation, other than the contribution payable to the provident fund. The Company recognises contribution payable to the provident fund scheme as expenditure, when an employee renders service.

- iii **Defined Benefit Plan**

Gratuity is a defined benefit obligation. The Company has approved gratuity funds managed with ICICI Prudential Life Insurance Company Limited and Bajaj Allianz Life Insurance Company Limited for the payment of gratuity to the employees. The Company's obligation in respect of the gratuity plan, which is a defined benefit plan, is provided for based on actuarial valuation using the projected unit credit method. Actuarial gains or losses are recognised in other comprehensive income.

- iv **Other long-term Employee benefits**

The employees of the Company are entitled to compensated absences. The employees can carry forward a portion of the unutilised accumulating compensated absences and utilise it in future periods or receive cash at retirement or termination of employment. The Company records an obligation for compensated absences in the period in which the employee renders the services that increases this entitlement. The Company measures the expected cost of compensated absences as the additional amount that the Company expects to pay as a result of the unused entitlement that has accumulated at the end of the reporting period. The Company recognises accumulated compensated absences based on actuarial valuation. Non-accumulating compensated absences are recognised in the period in which the absences occur.

(p) Income taxes

Income Tax comprises current and deferred tax.

Current income-tax is measured at the amount expected to be paid to the tax authorities in accordance with the Income-tax Act, 1961 enacted in India and tax laws prevailing in the respective tax jurisdictions where the Company operates. The tax rates and tax laws used to compute the amount are those that are enacted or substantively enacted, at the reporting date. It is recognised in profit or loss except to the extent that it relates to a business combination or to an item recognised directly in equity or in OCI.

Current income tax relating to items recognised outside profit or loss is recognised outside profit or loss (either in other comprehensive income or in equity). Current tax items

Notes

to the Standalone Financial Statements for the year ended March 31, 2019

(Rupees in lakhs, except for per share data and if otherwise stated)

are recognised in correlation to the underlying transaction either in OCI or directly in equity. Management periodically evaluates positions taken in the tax returns with respect to situations in which applicable tax regulations are subject to interpretation and establishes provisions where appropriate.

Deferred tax assets are recognised for all deductible temporary differences, the carry forward of unused tax credits and any unused tax losses. Deferred tax assets are recognised to the extent that it is probable that taxable profit will be available against which the deductible temporary differences, and the carry forward of unused tax credits and unused tax losses can be utilised, except

- When the deferred tax asset relating to the deductible temporary difference arises from the initial recognition of an asset or liability in a transaction that is not a business combination and, at the time of the transaction, affects neither the accounting profit nor taxable profit or loss; and
- In respect of deductible temporary differences associated with investments in subsidiaries, associates and interests in joint ventures, deferred tax assets are recognised only to the extent that it is probable that the temporary differences will reverse in the foreseeable future and taxable profit will be available against which the temporary differences can be utilised

At each reporting date, the Company re-assesses unrecognised deferred tax assets. It recognises unrecognised deferred tax asset to the extent that it has become reasonably certain, that sufficient future taxable income will be available against which such deferred tax assets can be realised.

The carrying amount of deferred tax assets are reviewed at each reporting date. The Company writes-down the carrying amount of deferred tax asset to the extent that it is no longer reasonably certain or virtually certain, as the case may be, that sufficient future taxable income will be available against which deferred tax asset can be realised. Any such write-down is reversed to the extent that it becomes reasonably certain, as the case may be, that sufficient future taxable income will be available.

Deferred tax relating to items recognised outside profit or loss is recognised outside profit or loss (either in other comprehensive income or in equity). Deferred tax items are recognised in correlation to the underlying transaction either in OCI or directly in equity.

Minimum alternate tax (MAT) paid in a year is charged to the Statement of Profit and Loss as current tax. The Company recognises MAT credit entitlement as an asset only to the extent that there is convincing evidence

that the Company will pay normal income tax during the specified period, i.e. the period for which MAT credit is allowed to be carried forward. In the year in which the Company recognises MAT credit as an asset, the said asset is created by way of credit to the Statement of Profit and Loss and shown as "MAT Credit Entitlement." The Company reviews the "MAT credit entitlement" asset at each reporting date and writes down the asset to the extent the Company does not have convincing evidence that it will pay normal tax during the specified period.

(q) Earnings Per share

The Company presents basic and diluted earnings per share ("EPS") data for its ordinary shares. Basic EPS is calculated by dividing the profit or loss attributable to ordinary shareholders of the Company by the weighted average number of ordinary shares outstanding during the period. Diluted EPS is determined by adjusting the profit or loss attributable to ordinary shareholders and the weighted average number of ordinary shares outstanding for the effects of all dilutive potential ordinary shares (unless the effect is anti-dilutive), which includes all stock options granted to employees.

(r) Provisions

General

A provision is recognised when the Company has a present obligation (legal or constructive) as a result of past event and it is probable that an outflow of resources will be required to settle the obligation, in respect of which a reliable estimate can be made. Provisions are not discounted to their present value and are determined based on best management estimate required to settle the obligation at each Balance Sheet date. These are reviewed at each Balance Sheet date and are adjusted to reflect the current best management estimates.

Contingent liability

A contingent liability is a possible obligation that arises from past events whose existence will be confirmed by the occurrence or non-occurrence of one or more uncertain future events beyond the control of the Company or a present obligation that is not recognised because it is not probable that an outflow of resources will be required to settle the obligation. A contingent liability also arises in extremely rare cases where there is a liability that cannot be recognised because it cannot be measured reliably. The Company does not recognize a contingent liability but discloses its existence in the Standalone Financial Statements.

(s) Cash and Cash equivalents

Cash and cash equivalents comprise cash at bank, cash in hand and short-term investments with an original maturity of three months or less, which are subject to an insignificant risk of changes in value.

Notes

to the Standalone Financial Statements for the year ended March 31, 2019

(Rupees in lakhs, except for per share data and if otherwise stated)

For the purpose of the statement of cash flows, cash and cash equivalents consist of cash and short-term deposits, as defined above, net of outstanding bank overdrafts as they are considered an integral part of the Company's cash management.

(t) Share based payments

In accordance, with the Securities and exchange Board of India (Share Based Employee Benefits) Regulations, 2014 and Ind AS 102 Share-based Payments, the cost of equity-settled transactions is measured using the fair value method. The cumulative expense recognised for equity-settled transactions at each reporting date until the vesting date reflects the extent to which the vesting period has expired and the Company's best estimate of the number of equity instruments that will ultimately vest. The expense or credit recognised in the Statement of Profit and Loss for a period represents the movement in cumulative expense recognised as at the beginning and end of that period and is recognised in employee benefits expense, together with a corresponding increase in the "Employee Stock options outstanding account" in reserves. The cumulative expense recognised for equity-settled transactions at each reporting date until the vesting date reflects the extent to which the vesting period has expired and the Company's best estimate of the number of equity instruments that will ultimately vest.

(u) Dividend

The Company recognise a liability to make dividend distributions to equity holders when the distribution is approved by the shareholders.

(v) Financial instruments

A financial instrument is any contract that gives rise to a financial asset of one entity and a financial liability or equity instrument of another entity.

Financial assets

Initial recognition and measurement

All financial assets are recognised initially at fair value plus, in the case of financial assets not recorded at fair value through profit or loss, transaction costs that are attributable to the acquisition of the financial asset. Purchases or sales of financial assets that require delivery of assets within a time frame established by regulation or convention in the market place (regular way trades) are recognised on the trade date, i.e. the date that the Company commits to purchase or sell the asset.

Subsequent measurement

For purposes of subsequent measurement, financial assets are classified in four categories:

- Debt instruments at amortised cost
- Debt instruments at fair value through other comprehensive income (FVTOCI)

- Debt instruments, derivatives and equity instruments at fair value through profit or loss (FVTPL)
- Equity instruments measured at fair value through other comprehensive income (FVTOCI)

Debt instruments at amortised cost

A 'debt instrument' is measured at the amortised cost if both the following conditions are met:

- a) The asset is held within a business model whose objective is to hold assets for collecting contractual cash flows, and
- b) Contractual terms of the asset give rise on specified dates to cash flows that are solely payments of principal and interest (SPPI) on the principal amount outstanding.

This category is the most relevant to the Company. After initial measurement, such financial assets are subsequently measured at amortised cost using the effective interest rate (EIR) method. Amortised cost is calculated by taking into account any discount or premium on acquisition and fees or costs that are an integral part of the EIR. The EIR amortisation is included in finance income in the profit or loss. The losses arising from impairment are recognised in the profit or loss. This category generally applies to trade and other receivables.

Debt instrument at FVTOCI

A 'debt instrument' is classified as at the FVTOCI if both of the following criteria are met:

- a) The objective of the business model is achieved both by collecting contractual cash flows and selling the financial assets, and
- b) The asset's contractual cash flows represent SPPI

Debt instruments included within the FVTOCI category are measured initially as well as at each reporting date at fair value. Fair value movements are recognised in the other comprehensive income (OCI). However, the Company recognises interest income, impairment losses & reversals and foreign exchange gain or loss in the P&L. On derecognition of the asset, cumulative gain or loss previously recognised in OCI is reclassified from the equity to the Statement of Profit & Loss. Interest earned whilst holding FVTOCI debt instrument is reported as interest income using the EIR method.

Debt instrument at FVTPL

FVTPL is a residual category for debt instruments. Any debt instrument, which does not meet the criteria for categorisation as at amortised cost or as FVTOCI, is classified as at FVTPL.

In addition, the Company may elect to designate a debt instrument, which otherwise meets amortised cost or FVTOCI criteria, as at FVTPL. However, such election is allowed

Notes

to the Standalone Financial Statements for the year ended March 31, 2019

only if doing so reduces or eliminates a measurement or recognition inconsistency (referred to as 'accounting mismatch'). The Company has not designated any debt instrument as at FVTPL.

Debt instruments included within the FVTPL category are measured at fair value with all changes recognised in the Statement of Profit & Loss.

Derecognition

A financial asset (or, where applicable, a part of a financial asset or part of a Company of similar financial assets) is primarily derecognised (i.e. removed from the Company's balance sheet) when:

- The rights to receive cash flows from the asset have expired, or
- The Company has transferred its rights to receive cash flows from the asset or has assumed an obligation to pay the received cash flows in full without material delay to a third party under a 'pass-through' arrangement and either (a) the Company has transferred substantially all the risks and rewards of the asset, or (b) the Company has neither transferred nor retained substantially all the risks and rewards of the asset, but has transferred control of the asset.

When the Company has transferred its rights to receive cash flows from an asset or has entered into a pass-through arrangement, it evaluates if and to what extent it has retained the risks and rewards of ownership. When it has neither transferred nor retained substantially all of the risks and rewards of the asset, nor transferred control of the asset, the Company continues to recognise the transferred asset to the extent of the Company's continuing involvement. In that case, the Company also recognises an associated liability. The transferred asset and the associated liability are measured on a basis that reflects the rights and obligations that the Company has retained.

Continuing involvement that takes the form of a guarantee over the transferred asset is measured at the lower of the original carrying amount of the asset and the maximum amount of consideration that the Company could be required to repay.

Financial liabilities

Initial recognition and measurement

Financial liabilities are classified, at initial recognition, as financial liabilities at fair value through profit or loss, loans and borrowings, payables, or as derivatives designated as hedging instruments in an effective hedge, as appropriate.

All financial liabilities are recognised initially at fair value and, in the case of loans and borrowings and payables, net of directly attributable transaction costs.

(Rupees in lakhs, except for per share data and if otherwise stated)

The Company's financial liabilities include trade and other payables, loans and borrowings including bank overdrafts, financial guarantee contracts and derivative financial instruments.

Subsequent measurement

The measurement of financial liabilities depends on their classification, as described below:

Financial liabilities at fair value through profit or loss

Financial liabilities at fair value through profit or loss include financial liabilities held for trading and financial liabilities designated upon initial recognition as at fair value through profit or loss. Financial liabilities are classified as held for trading if they are incurred for the purpose of repurchasing in the near term. This category also includes derivative financial instruments entered into by the Company that are not designated as hedging instruments in hedge relationships as defined by Ind AS 109. Separated embedded derivatives are also classified as held for trading unless they are designated as effective hedging instruments.

Gains or losses on liabilities held for trading are recognised in the profit or loss.

Financial liabilities designated upon initial recognition at fair value through profit or loss are designated as such at the initial date of recognition, and only if the criteria in Ind AS 109 are satisfied. For liabilities designated as FVTPL, fair value gains/losses attributable to changes in own credit risk are recognised in OCI. These gains/loss are not subsequently transferred to P&L. However, the Company may transfer the cumulative gain or loss within equity. All other changes in fair value of such liability are recognised in the statement of profit or loss. The Company has not designated any financial liability as at fair value through profit and loss.

Loans and borrowings

After initial recognition, interest-bearing loans and borrowings are subsequently measured at amortised cost using the EIR method. Gains and losses are recognised in profit or loss when the liabilities are derecognised as well as through the EIR amortisation process.

Amortised cost is calculated by taking into account any discount or premium on acquisition and fees or costs that are an integral part of the EIR. The EIR amortisation is included as finance costs in the Statement of Profit and Loss. This category generally applies to borrowings.

Trade and other payable

These amounts represent liabilities for goods and services provided to the Company prior to the end of financial year which are unpaid. The amounts are generally unsecured. Trade and other payable are presented as current liabilities unless payment is not due within 12 months after the

Notes

to the Standalone Financial Statements for the year ended March 31, 2019

(Rupees in lakhs, except for per share data and if otherwise stated)

reporting period. They are recognised initially at their fair value and subsequently measured at amortised cost using effective interest method.

Derecognition

A financial liability is derecognised when the obligation under the liability is discharged or cancelled or expires. When an existing financial liability is replaced by another from the same lender on substantially different terms, or the terms of an existing liability are substantially modified, such an exchange or modification is treated as the derecognition of the original liability and the recognition of a new liability. The difference in the respective carrying amounts is recognised in the statement of profit or loss.

Impairment of financial assets

In accordance with Ind AS 109, the Company applies expected credit loss (ECL) model for measurement and recognition of impairment loss on the following financial assets and credit risk exposure:

- Financial assets that are debt instruments, and are measured at amortised cost e.g., loans, debt securities, deposits, trade receivables and bank balance;
- Trade receivables or any contractual right to receive cash or another financial asset that result from transactions that are within the scope of Ind AS 11 and Ind AS 18;

The Company impairs its trade receivables basis past experience and trend. Other financial asset, are impaired on case to case basis.

(w) Corporate Social Responsibility ("CSR") expenditure

CSR expenditure incurred by the Company is charged to the statement of the profit and loss.

(x) Recent accounting pronouncements

Ministry of Corporate Affairs ("MCA"), through Companies (Indian Accounting Standards) Amendment Rules, 2019 and Companies (Indian Accounting Standards) Second Amendment Rules, has notified the following new and amendments to Ind ASs which the Company has not applied as they are effective from 1 April 2019:

i Ind AS 116- 'Leases'

The Ministry of Corporate Affairs ("MCA") has vide notification dated March 30, 2019 notified 'Ind AS 116 – Leases' and we are required to adopt Ind AS 116 from April 1, 2019. Under new Accounting Standard, there will be significant increase in asset as Present value of future rental will be recognised in balance sheet ('Right to use') and corresponding liability ('lease liability') will reflect under liability side. Further, the 'Right to use' asset will be amortised on a straight-line basis over the lease period; Lease payments will be apportioned between finance charge and reduction of the lease liability.

Earlier, the Company recognised operating lease expense on a straight-line basis over the term of the lease unless such payments are structured to increase in line with expected general inflation to compensate for the lessor's expected inflationary cost increase in accordance with Ind AS 17.

In addition, the Company will no longer recognise provisions for operating leases that it assesses to be onerous. Instead, the Company will include the payments due under the lease in its lease liability and apply Ind AS 36, Impairment of Assets to determine whether the right-of-use asset is impaired and to account for any impairment.

The Company plans to apply Ind AS 116 initially on April 1, 2019, using the modified retrospective approach. Therefore, the cumulative effect of adopting Ind AS 116 will be recognised as an adjustment to the opening balance of retained earnings as at April 1, 2019, with no restatement of comparative information. The Company plans to apply the practical expedient to grandfather the definition of a lease on transition. This means that it will apply Ind AS 116 to all contracts entered into before April 1, 2019 and identified as leases in accordance with Ind AS 17.

The quantitative impact of adoption of Ind AS 116 on the standalone financial statements in the period of initial application is not reasonably estimable as at present. However the impact on transition will be significant.

ii Ind AS 19 – 'Employee benefits'

The amendments to Ind AS 19, clarify that if a plan amendment, curtailment or settlement occurs, it is mandatory that the current service cost and the net interest for the period after the re-measurement are determined using the assumptions used for the re-measurement. In addition, amendments have been included to clarify the effect of a plan amendment, curtailment or settlement on the requirements regarding the asset ceiling. The Company does not expect this amendment to have any significant impact on its Standalone Financial Statements.

iii Ind AS 12 - 'Income taxes'

"The amendment relating to income tax consequences of dividend clarify that an entity shall recognise the income tax consequences of dividends in profit or loss, other comprehensive income or equity according to where the entity originally recognised those past transactions or events. The Company does not expect any impact from this pronouncement. It is relevant to note that the amendment does not amend situations where the entity pays a tax on dividend which is effectively a portion of dividends paid to taxation authorities on behalf of shareholders. Such amount paid or payable to taxation authorities continues to be charged to equity as part of dividend, in accordance with Ind AS 12.

Notes

to the Standalone Financial Statements for the year ended March 31, 2019

(Rupees in lakhs, except for per share data and if otherwise stated)

The amendment to Appendix C of Ind AS 12 specifies that the amendment is to be applied to the determination of taxable profit (tax loss), tax bases, unused tax losses, unused tax credits and tax rates, when there is uncertainty over income tax treatments under Ind AS 12. It outlines the following: (1) the entity has to use judgement, to determine whether each tax treatment should be considered separately or whether some can be considered together. The decision should be based on the approach which provides better predictions of the resolution of the uncertainty (2) the entity is to assume that the

taxation authority will have full knowledge of all relevant information while examining any amount (3) entity has to consider the probability of the relevant taxation authority accepting the tax treatment and the determination of taxable profit (tax loss), tax bases, unused tax losses, unused tax credits and tax rates would depend upon the probability. The Company does not expect any significant impact of the above amendment on its Standalone Financial Statements.

Note: Impairment testing of Goodwill:

Goodwill represents excess of consideration paid over the net assets acquired. This is monitored by the management at the level of cash generating unit (CGU) and is tested annually for impairment. Cinemax India Limited and Cinema exhibition undertaking of DLF Utilities Limited acquired in financial year 2012- 13 and 2016-17 respectively is now completely integrated with the existing cinema business of the Company, and accordingly is monitored together as one CGU. The Company tested goodwill for impairment using a discounted cash flow methodology with a peer-based, risk-adjusted weighted average cost of capital, using the discount rate of 10% to 12.5% and terminal value growth rate of 5% to 10% from 2023-24. We believe use of a discounted cash flow approach is the most reliable indicator of the fair values of the businesses. Additionally the goodwill has been tested for impairment by reference to the quoted price of equity shares of PVR Limited ("PVR"), which carries total cinema exhibition business. As at March 31, 2019, total market capitalization of PVR is 768,452 lakhs significant part of which represents value of the cinema exhibition business which is higher than the carrying value of Goodwill.

No impairment of goodwill was identified as of March 31, 2019.

31 Gratuity plan:

The Company has a defined benefit gratuity plan. Every employee who has completed five years or more of service gets a gratuity on departure @15 days last drawn salary for each completed year of service, in terms of Payment of Gratuity Act, 1972. The scheme is funded with two insurance companies in the form of a qualifying insurance policies. The fund has the form of a trust and it is governed by the Board of Trustees. The Board of Trustees is responsible for the administration of the plan assets. Each year, the Board of Trustees reviews the level of funding in the India gratuity plan. This includes employing the use of annuities and longevity swaps to manage the risks. The Board of Trustees decides its contribution based on the results of this annual review. Generally, it aims to have a portfolio mix of equity instruments and debt instruments. The Board of Trustees aim to keep annual contributions relatively stable at a level such that no plan deficits (based on valuation performed) will arise.

37 Details of dues to Micro, Small and Medium Enterprises as per MSMED Act, 2006

Government of India has promulgated an Act namely The Micro, Small and Medium Enterprise Development Act, 2006 which comes into force with effect from October 2, 2006. As per the act, the Company is required to identify the Micro, Small and Medium Suppliers and pay them interest on overdue beyond the specified period irrespective of terms agreed with the suppliers. The Company has sent the confirmation letters to its suppliers at the year end, to identify the supplier registered with the act. As per the information available with the Company, none of the supplier has confirmed that they have registered with the Act. In view of this, the liability of interest has not been provided nor is required disclosure done.

38 The Company has established a comprehensive system of maintenance of information and documents as required by the transfer pricing legislation under Sections 92-92F of the Income-tax Act, 1961. Since the law requires such information and documentation to be contemporaneous in nature, the Company is in the process of updating the documentation of international transactions with the associated enterprises during the financial year and expects such records to be in existence latest by the due date of filing the return of income. The management is of the opinion that its international transactions are at arm's length so that the aforesaid legislation will not have any impact on the financial statements, particularly on the amount of tax expense and that of provision for taxation.

39 Corporate Social Responsibility

As per Section 135 of the Companies Act, 2013, a Company, meeting the applicability threshold, is required to spend at least 2% of its average net profit for the immediately preceding three financial years on corporate social responsibility (CSR) activities. The areas for CSR activities are eradication of hunger and malnutrition, promoting education, art and culture, healthcare, care for destitute women and rehabilitation of under privileged person, environment sustainability, disaster relief and rural development projects. A CSR committee has been formed by the Company as per the Act.

Other financial liabilities	20	-	7,219	-	-
Total			113,651	-	-

The management assessed that cash and cash equivalents, trade receivables, trade payables, bank overdrafts and other current liabilities approximate their carrying amounts largely due to the short-term maturities of these instruments.

The fair value of the financial assets and liabilities is included at the amount at which the instrument could be exchanged in a current transaction between willing parties, other than in a forced or liquidation sale.

- Long-term fixed-rate and variable-rate receivables/deposit are evaluated by the Company based on parameters such as interest rates, specific country risk factors, individual creditworthiness of the customer and the risk characteristics of the financed project. Based on this evaluation, allowances are taken into account for the expected credit losses of these receivables/deposits.
- The fair values of the quoted instruments are based on price quotations at the reporting date. The fair value of unquoted instruments, loans from banks and other financial liabilities, obligations under finance leases, as well as other non-current financial liabilities is estimated by discounting future cash flows using rates currently available for debt on similar terms, credit risk and remaining maturities.

43 Segment

45 Acquisition of SPI Cinemas Private Limited

The Board of Directors in its meeting held on August 12, 2018, approved the acquisition of SPI Cinemas Private Limited ("SPI") via Share Purchase Agreement (SPA) signed on August 12, 2018 by way of acquisition of 71.69% equity shares in SPI for a cash consideration of ₹ 63,560 lakhs and for the balance 28.31% stake, through issue of 1,599,974 equity shares of the Company to SPI shareholders in the ratio of 1: 18.19 equity shares in the Company, pursuant to the proposed scheme of amalgamation ("Scheme"). Consequent to above, on fulfilment of condition precedent in the said SPA, on August 17, 2018, the Company completed the acquisition of 71.69% shareholding in SPI. The proposed scheme of amalgamation has been approved by National Stock Exchange of India Limited & BSE Limited. Further, the scheme of amalgamation has also been approved by the members of the Company, secured and unsecured creditors of the Company and unsecured creditors of SPI in the NCLT meeting convened on April 24, 2019. The Company has filed an application with NCLT for final order in the matter. NCLT vide order dated May 8, 2019 has fixed July 10, 2019 as the next date of hearing of the Petition for the consideration of the approval of the Scheme of Amalgamation between the Petitioner Companies.

46 Financial risk Management objective and policies

The Company's principal financial liabilities comprise of loans and borrowings, trade and other payables. The main purpose of these financial liabilities is to finance the Company's operations and to provide guarantees to support its operations. The Company's principal financial assets include loans, trade and other receivables, and cash and cash equivalents that derive directly from its operations.

The Company is exposed to market risk, credit risk, legal, taxation and accounting risk and liquidity risk. Company's treasury team oversees the management of these risks supported by senior management.

(a) Market Risk

Market risk is the risk that the fair value of future cash flows of a financial instrument will fluctuate because of changes in market prices. Market risk comprises three types of risk: interest rate risk, currency risk and other price risk, such as equity price risk and commodity risk. Financial instruments affected by market risk include loans and borrowings, deposits, FVTOCI investments and derivative financial instruments.

(i) Interest rate risk

Interest rate risk is the risk that the fair value or future cash flows of a financial instrument will fluctuate because of changes in market interest rates. The Company's exposure to the risk of changes in market interest rates relates primarily to the long-term debt obligations with floating interest rates.

The Company manages its interest rate risk by having a balanced portfolio of fixed and variable rate loans and borrowings.

Notes

to the Standalone Financial Statements for the year ended March 31, 2019

(Rupees in lakhs, except for per share data and if otherwise stated)

Interest Rate sensitivity

The following table demonstrates the sensitivity to a reasonably possible change in interest rates on loans and borrowings. With all other variables held constant, the Company's profit before tax is affected through the impact on floating rate borrowings, as follows:

Particulars	Increase effect		Decrease effect	
	March 31, 2019	March 31, 2018	March 31, 2019	March 31, 2018
Effect of Increase/decrease in floating Interest rate by 100 basis points (1%) for term loans	367	177	(367)	(177)

(ii) Currency risk

Currency risk is the risk that the fair value of future cash flows of financial instruments will fluctuate because of the change in foreign currency exchange rates.

The Majority of the Company's revenue and expenses are in Indian Rupees, with the remainder denominated in US Dollars. Management considers currency risk to be low and does not hedge its currency risk. As variations in foreign currency exchange rates are not expected to have a significant impact on the results of operations, a sensitivity analysis is not presented.

(b) Legal, taxation and Accounting risk

The Company is presently involved into various judicial, administrative, regulatory and litigation proceedings concerning matters arising in the ordinary course of business operations including but not limited to personal injury claims, landlord-tenant disputes, commercials disputes, tax disputes (including entertainment tax subsidy and other direct and indirect tax matters like GST, Service tax, Sales tax etc.), employment disputes and other contractual disputes. Many of these proceedings seek an indeterminate amount of damages. In situations where management believes that a loss arising from a proceeding is probable and can reasonably be estimated, PVR records the amount of the probable loss. As additional information becomes available, any potential liability related to these proceedings is assessed and the estimates are revised, if necessary.

To mitigate these risks, the Company employs in-house counsel and uses third party tax & legal experts to assist in structuring significant transactions and contracts. PVR also has systems and controls that ensure the timely delivery of financial information in order to meet contractual and regulatory requirements and has implemented disclosure controls and Internal controls over financial reporting which are tested for effectiveness on an ongoing basis.

(c) Credit Risk

The maximum exposure to credit risks is represented by the total carrying amount of these financial assets in the Standalone Balance Sheet

Particulars	March 31, 2019	March 31, 2018
Trade receivables	14,990	13,650
Loans	23,326	20,434
Cash and cash equivalents	1,745	1,748
Other bank balances other than cash and cash equivalents	569	503
Other financial assets	4,113	4,267

Credit risk is the risk of financial loss to the Company if a customer or counterparty to a financial instrument fails to meet its contractual obligations.

Credit risk on cash and cash equivalents and bank deposits is limited as the Company generally invests in deposits with banks with high credit ratings assigned by domestic credit rating agencies. Loans primarily represents security deposits given to Mall Developers. Such deposit will be returned to the Company on expiry of lease entered with Mall Developer. The credit risk associated with such security deposits is relatively low.

Trade receivables are typically unsecured and are derived from revenue earned from customers located in India. Trade receivables also includes receivables from Debit/credit card companies and online movie ticketing partners which are realisable within a period 1 to 3 working days. The Company monitors the economic environment in which it operates. The Company manages its credit risk through establishing credit limits and continuously monitoring credit worthiness of customers to which the Company grants credit terms in the normal course of business.

Notes

to the Standalone Financial Statements for the year ended March 31, 2019

(Rupees in lakhs, except for per share data and if otherwise stated)

The Company uses expected credit loss model to assess the impairment loss or gain. The Company uses a provision matrix to compute the expected credit loss allowance for trade receivables. The provision matrix takes into account available internal credit risk factors such as the Company's historical experience for customers. Based on the business environment in which the Company operates, management considers that the trade receivables (other than Government dues) are in default/doubtful if the payment is outstanding for more than 270 days and more than 365 days in case of government dues. Basis above, for the year ended March 31, 2019, Company has impaired Trade receivables of ₹ 2,102 lakhs (March 31, 2018: ₹ 1,161 lakhs).

Majority of trade receivables are from domestic customers, which are fragmented and are not concentrated to individual customers.

Impairment loss recognised/(reversed)	941	288
Amount written off	-	-
Balance at the end of the year	2,102	1,161

(d) Liquidity risk

Liquidity risk is the risk that the Company will encounter difficulty in meeting the obligations associated with its financial liabilities that are settled by delivering cash or another financial assets. The Company's approach to manage liquidity is to have sufficient liquidity to meet its liabilities when they are due, under both normal and stressed circumstances, without incurring unacceptable losses or risking damage to the Company's reputation.

The Company's objective is to maintain a balance between continuity of funding and flexibility through the use of bank overdrafts, bank loans, debentures, finance leases and advance payment terms.

The Company's liquidity management process as monitored by management, includes the following:

- Day to Day funding, managed by monitoring future cash flows to ensure that requirements can be met.
- Maintaining rolling forecasts of the Company's liquidity position on the basis of expected cash flows.
- Maintaining diversified credit lines.

Particulars	Borrowings (including current maturities)*		Trade and other payables

47 Capital Management

For the purpose of the Company's capital management, capital includes issued equity capital, share premium and all other equity reserves attributable to the equity holders. The primary objective of the Company's capital management is to maximise the shareholder value.

The Company manages its capital structure and makes adjustments in light of changes in economic conditions and the requirements of the financial covenants. To maintain or adjust the capital structure, the Company may adjust the dividend payment to shareholders, return capital to shareholders or issue new shares. The Company monitors capital using a gearing ratio, which is long-term debts plus amount payable for purchase of fixed assets divided by total equity.

- 52** Under the erstwhile state entertainment tax laws, the Company enjoyed exemption on payment of entertainment tax to recoup the capital investments made in cinemas. However, post implementation of GST, the mechanism on how such exemptions/refunds will be made available has not been clarified by the authorities. The Company has submitted written representations to the various state governments directly and through multiplex associations, stating that since the Company has invested significant amounts on assurance that such exemptions will continue post GST, therefore, the authorities should crystallise the mechanism for extending such exemptions/refunds to the Company. As the matter is still pending for conclusion with various state authorities, the Company has not accounted for such incentives amounting to 1,398 lakhs from the period July 1, 2017 to March 31, 2019 in the financial statements.

Independent Auditor's Report

To the Members of PVR Limited

Report on the Audit of Consolidated Financial Statements

Opinion

We have audited the consolidated financial statements of PVR Limited (hereinafter referred to as the 'Holding Company') and its subsidiaries (Holding Company and its subsidiaries together referred to as "the Group"), and its joint ventures, which comprise the consolidated balance sheet as at 31 March 2019, and the consolidated statement of profit and loss (including other comprehensive income), consolidated statement of changes in equity and consolidated statement of cash flows for the year then ended, and notes to the consolidated financial statements, including a summary of significant accounting policies and other explanatory information (hereinafter referred to as "the consolidated financial statements").

In our opinion and to the best of our information and according to the explanations given to us, and based on the consideration of reports of other auditors on separate financial statements of such subsidiaries, and joint ventures as were audited by the other auditors, the aforesaid consolidated financial statements give the information required by the Companies Act, 2013 ("Act") in the manner so required and give a true and fair view in conformity with the accounting principles

generally accepted in India, of the consolidated state of affairs of the Group, and its joint ventures as at 31 March 2019, of its consolidated profit and other comprehensive income, consolidated changes in equity and consolidated cash flows for the year then ended.

Basis for Opinion

We conducted our audit in accordance with the Standards on Auditing (SAs) specified under section 143(10) of the Act. Our responsibilities under those SAs are further described in the Auditor's Responsibilities for the Audit of the Consolidated Financial Statements section of our report. We are independent of the Group in accordance with the Code of Ethics issued by the Institute of Chartered Accountants of India, and we have fulfilled our other ethical responsibilities in accordance with the provisions of the Act. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion.

Key Audit Matters

Key audit matters are those matters that, in our professional judgment, were of most significance in our audit of the consolidated financial statements of the current period. These matters were addressed in the context of our audit of the consolidated financial statements as a whole, and in forming our opinion thereon, and we do not provide a separate opinion on these matters.

Description of Key Audit Matters

The key audit matter	How the matter was addressed in our audit
<p>1. Revenue Recognition</p> <p>See accounting policies in Note 2.3 (i) to the Consolidated Financial Statements</p> <p>The Group derives its revenue from sale of movie tickets (Box office revenue), sale of food items and beverages, advertisement income, Income from movie production and distribution, convenience fee.</p>	<ol style="list-style-type: none"> 1. We assessed and tested the effectiveness of relevant controls over revenue within each of the revenue streams. 2. We inspected the terms of significant sales contracts and assessed whether they were consistent with the basis of revenue recognized by the Group. 3. We agreed the data underlying the calculation of admission revenue to sales records and other systems having assessed the relevant controls relating to the recording of that revenue.
<p>2. Accounting for Business Combination</p> <p>We refer to Note 42 to the Consolidated financial statements – During the year, the Group has acquired control of SPI Cinemas Private Limited ("SPI") by way of acquisition of 71.69% equity shares. The above has been accounted are accounted for using the acquisition method.</p> <p>The accounting of a business combination is complex and Indian accounting standard required the Group to identify all the assets and liabilities of the newly acquired entity and estimate the fair value of each of them.</p>	<ol style="list-style-type: none"> 1. We have assessed the appropriateness of the Group's accounting policies for such acquisition, in line with the applicable Indian Accounting Standards. 2. We have reviewed the underlying Share Purchase Agreement (SPA) for the acquisition of 71.69% equity shares in SPI and tested the fair value of identifiable assets and liabilities acquired by performing the below processes: <ol style="list-style-type: none"> a. We tested the identification of the assets acquired and liabilities assumed as part of the business combination as well as the appropriateness of key assumptions used in the determination of fair value of the assets and liabilities acquired and the methodology adopted by Group and the by the expert engaged by the Group. b. We involved our specialists to assess whether the methodology applied was in accordance with Indian Accounting Standards and evaluated key assumptions including terminal values, long term growth rates, discount rates, capital expenditure assumptions and working capital requirements applied in the determination of fair value. 3. We assessed the appropriateness of Group's disclosures in respect of acquisition of SPI.

The key audit matter**3. Impairment assessment of goodwill, other intangible assets, and property, plant & equipment:**

See Note 4 and accounting policies in Note 2.3 (f) to the Consolidated Financial Statements

The Group assesses at each reporting date whether there is an indication that plant, property and equipment or an intangible asset (other than goodwill) may be impaired. If any indication exists for such assets, or when annual impairment testing for an asset is required (Goodwill), the Group performs the impairment computation and estimates the asset's recoverable amount.

Assessing the appropriateness of the impairment testing relating to these assets was a key audit matter. This involved assessing the judgments inherent in the impairment calculations and testing key assumptions supporting the impairment models such as forecast business growth rates, discount rates, terminal values assumptions, etc

How the matter was addressed in our audit

1. We have assessed the appropriateness of the Group's impairment accounting policies, in line with the applicable Indian Accounting Standards.
2. We evaluated the Group's cash flow forecasts supporting the impairment assessments for goodwill, other intangible assets, plant and equipment, by performing the below processes:
 - a. We evaluated the appropriateness of the key assumptions in the forecasts and considered the historical reliability of the Group's cash flow forecasting process. We performed sensitivity analyses around the key assumptions to ascertain the extent of change in those assumptions that would either individually or collectively result in an impairment charge.
 - b. We involved our specialists to assess whether the methodology applied was in accordance with Indian Accounting Standards and evaluated key assumptions including terminal values, long term growth rates, discount rates, capital expenditure assumptions and working capital requirements applied in the impairment models.
3. We assessed the discount rates applied by comparing them to the cost of capital for the Group and we also performed market capitalization and earnings multiples cross checks in comparison with other comparable businesses, to corroborate the assumptions in the impairment testing models.

We were satisfied that the carrying value of goodwill was supported by the value in use calculations and that there are no reasonably possible changes in any of the assumptions included in the models that could cause the carrying amount of any Cash Generating Unit (CGU) to exceed its recoverable amount.

Information Other than the Consolidated Financial Statements and Auditor's Report Thereon

The Holding Company's management and Board of Directors are responsible for the other information. The other information comprises the information included in the Holding Company's annual report, but does not include the financial statements and our auditor's report thereon.

Our opinion on the consolidated financial statements does not cover the other information and we do not express any form of assurance conclusion thereon.

In connection with our audit of the consolidated financial statements, our responsibility is to read the other information and, in doing so, consider whether the other information is materially inconsistent with the consolidated financial statements or our knowledge obtained in the audit or otherwise appears to be materially misstated. If, based on the work we have performed and based on the work done/ audit report of other auditors, we conclude that there is a material misstatement of this other information, we are required to report that fact. We have nothing to report in this regard.

Responsibilities of Management and Those Charged with Governance for the Consolidated Financial Statements

The Holding Company's management and Board of Directors are responsible for the preparation and presentation of these consolidated financial statements in term of the requirements of the Act that give a true and fair view of the consolidated state of affairs, consolidated profit and other comprehensive income, consolidated statement of changes in equity and consolidated cash flows of the Group including its joint ventures in accordance with the accounting principles generally accepted in India, including the Indian Accounting Standards (Ind AS) specified under section 133 of the Act. The respective Board of Directors of the companies included in the Group and of its joint ventures are responsible for maintenance of adequate accounting records in accordance with the provisions of the Act for safeguarding the assets of each company. and for preventing and detecting frauds and other irregularities; the selection and application of appropriate accounting policies; making judgments and estimates that are reasonable and prudent; and the design, implementation and maintenance of adequate internal financial controls, that were operating effectively for ensuring accuracy and completeness of the accounting records, relevant to the preparation and presentation of the consolidated financial statements that give a true and fair view and are free from material misstatement, whether due to fraud or error, which have been used for the purpose of preparation of the consolidated financial statements by the Directors of the Holding Company, as aforesaid.

In preparing the consolidated financial statements, the respective management and Board of Directors of the companies included in the Group and of its joint ventures are responsible for assessing the ability of each company to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless management either intends to liquidate the Company or to cease operations, or has no realistic alternative but to do so.

The respective Board of Directors of the companies included in the Group and of its joint ventures is responsible for overseeing the financial reporting process of each company.

Auditor's Responsibilities for the Audit of the Consolidated Financial Statements

Our objectives are to obtain reasonable assurance about whether the consolidated financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with SAs will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these consolidated financial statements.

As part of an audit in accordance with SAs, we exercise professional judgement and maintain professional skepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the consolidated financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances. Under section 143(3)(i) of the Act, we are also responsible for expressing our opinion on whether the company has adequate internal financial controls with reference to financial statements in place and the operating effectiveness of such controls.
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by management.
- Conclude on the appropriateness of management's use of the going concern basis of accounting in preparation of consolidated financial statements and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions

that may cast significant doubt on the appropriateness of this assumption. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the consolidated financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Group (company and subsidiaries) as well as joint ventures to cease to continue as a going concern.

- Evaluate the overall presentation, structure and content of the consolidated financial statements, including the disclosures, and whether the consolidated financial statements represent the underlying transactions and events in a manner that achieves fair presentation.
- Obtain sufficient appropriate audit evidence regarding the financial information of such entities or business activities within the Group and its joint ventures to express an opinion on the consolidated financial statements, of which we are the independent auditors. We are responsible for the direction, supervision and performance of the audit of financial information of such entities. For the other entities included in the consolidated financial statements, which have been audited by other auditors, such other auditors remain responsible for the direction, supervision and performance of the audits carried out by them. We remain solely responsible for our audit opinion. Our responsibilities in this regard are further described in para (a) of the section titled 'Other Matters' in this audit report.

We believe that the audit evidence obtained by us along with the consideration of audit reports of the other auditors referred to in sub-paragraph (a) of the Other Matters paragraph below, is sufficient and appropriate to provide a basis for our audit opinion on the consolidated financial statements.

We communicate with those charged with governance of the Holding Company and such other entities included in the consolidated financial statements of which we are the independent auditors regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

We also provide those charged with governance with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, related safeguards.

From the matters communicated with those charged with governance, we determine those matters that were of most significance in the audit of the consolidated financial statements of the current period and are therefore the key audit matters. We describe these matters in our auditor's report unless law or regulation precludes public disclosure about the matter or when, in extremely rare circumstances, we determine that a

matter should not be communicated in our report because the adverse consequences of doing so would reasonably be expected to outweigh the public interest benefits of such communication.

Other Matters

(a) We did not audit the financial statements of 3 (three) subsidiaries, whose financial statements reflect total assets of ₹ 1,366 lakhs as at 31 March 2019, total revenues of ₹ Nil and net cash flows amounting to ₹ 157 lakhs for the year ended on that date, as considered in the consolidated financial statements. The consolidated financial statements also include the Group's share of net loss (and other comprehensive income) of ₹ 115 lakhs for the year ended 31 March 2019, in respect of two (2) joint ventures, whose financial statements/financial information have not been audited by us. These financial statements have been audited by other auditors whose reports have been furnished to us by the Management and our opinion on the consolidated financial statements, in so far as it relates to the amounts and disclosures included in respect of these subsidiaries, and joint ventures, and our report in terms of sub-section (3) of Section 143 of the Act, in so far as it relates to the aforesaid subsidiaries, and joint ventures is based solely on the audit reports of the other auditors.

Our opinion on the consolidated financial statements, and our report on Other Legal and Regulatory Requirements below, is not modified in respect of the above matters with respect to our reliance on the work done and the reports of the other auditors.

Report on Other Legal and Regulatory Requirements

A. As required by Section 143(3) of the Act, based on our audit and on the consideration of reports of the other auditors on separate financial statements of such subsidiaries, and joint ventures as were audited by other auditors, as noted in the 'Other Matters' paragraph, we report, to the extent applicable, that:

a) We have sought and obtained all the information and explanations which to the best of our knowledge and belief were necessary for the purposes of our audit of the aforesaid consolidated financial statements.

b) In our opinion, proper books of account as required by law relating to preparation of the aforesaid consolidated financial statements have been kept so far as it appears from our examination of those books and the reports of the other auditors.

c) The consolidated balance sheet, the consolidated statement of profit and loss (including other comprehensive income), the consolidated statement of changes in equity and the consolidated statement of cash flows dealt with by this

Report are in agreement with the relevant books of account maintained for the purpose of preparation of the consolidated financial statements.

d) In our opinion, the aforesaid consolidated financial statements comply with the Ind AS specified under section 133 of the Act.

e) On the basis of the written representations received from the directors of the Holding Company as on 31 March 2019 taken on record by the Board of Directors of the Holding Company and the reports of the statutory auditors of its subsidiary companies, joint ventures incorporated in India, none of the directors of the Group companies, its joint ventures incorporated in India is disqualified as on 31 March 2019 from being appointed as a director in terms of Section 164(2) of the Act.

f) With respect to the adequacy of the internal financial controls with reference to financial statements of the Holding Company, its subsidiary companies, and joint ventures incorporated in India and the operating effectiveness of such controls, refer to our separate Report in "Annexure A".

B. With respect to the other matters to be included in the Auditor's Report in accordance with Rule 11 of the Companies (Audit and Auditor's) Rules, 2014, in our opinion and to the best of our information and according to the explanations given to us and based on the consideration of the reports of the other auditors on separate financial statements of the subsidiaries, and joint ventures, as noted in the 'Other Matters' paragraph:

i. The consolidated financial statements disclose the impact of pending litigations as at 31 March 2019 on the consolidated financial position of the Group, and its joint ventures. Refer Note 36 to the consolidated financial statements.

ii. The Group, and its joint ventures did not have any material foreseeable losses on long-term contracts including derivative contracts during the year ended 31 March 2019.

iii. There has been no delay in transferring amounts to the Investor Education and Protection Fund by the Holding Company or its subsidiary companies, and joint ventures incorporated in India during the year ended 31 March 2019.

iv. The disclosures in the consolidated financial statements regarding holdings as well as dealings in specified bank notes during the period from 8 November 2016 to 30 December 2016 have not been made in the financial statements since they do not pertain to the financial year ended 31 March 2019.

C. With respect to the matter to be included in the Auditor's report under section 197(16):

In our opinion and according to the information and explanations given to us and based on the reports of the statutory auditors of such subsidiary companies, and joint ventures incorporated in India which were not audited by us, the remuneration paid during the current year by the Holding Company, its subsidiary companies, and joint ventures to its directors is in accordance with the provisions of Section 197 of the Act. The remuneration paid to any director by the Holding Company, its subsidiary companies, and joint ventures is not in excess of the limit laid down under Section 197 of the Act. The Ministry of Corporate Affairs has not prescribed other details under Section 197(16) which are required to be commented upon by us.

Annexure A to the Independent Auditor's report on the Consolidated Financial Statements of PVR Limited for the year ended 31 March 2019

Report on the internal financial controls with reference to the aforesaid Consolidated Financial Statements under Clause (i) of Sub-section 3 of Section 143 of the Companies Act, 2013

(Referred to in paragraph (A) (f) under 'Report on Other Legal and Regulatory Requirements' section of our report of even date)

Opinion

In conjunction with our audit of the consolidated financial statements of the Company as of and for the year ended 31 March 2019, we have audited the internal financial controls with reference to consolidated financial statements of PVR Limited (hereinafter referred to as "the Holding Company") and such companies incorporated in India under the Companies Act, 2013 which are its subsidiary companies, and its joint venture companies, as of that date.

In our opinion, the Holding Company and such companies incorporated in India which are its subsidiary companies, and joint venture companies, have, in all material respects, adequate internal financial controls with reference to consolidated financial statements and such internal financial controls were operating effectively as at 31 March 2019, based on the internal financial controls with reference to consolidated financial statements criteria established by such companies considering the essential components of such internal controls stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting issued by the Institute of Chartered Accountants of India (the "Guidance Note").

Management's Responsibility for Internal Financial Controls

The respective Company's management and the Board of Directors are responsible for establishing and maintaining internal financial controls with reference to consolidated financial statements based on the criteria established by the respective Company considering the essential components of internal control stated in the Guidance Note. These responsibilities include the design, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring the orderly and efficient conduct of its business, including adherence to the respective company's policies, the safeguarding of its assets, the prevention and detection of frauds and errors, the accuracy and completeness of the accounting records, and the timely preparation of reliable financial information, as required under the Companies Act, 2013 (hereinafter referred to as "the Act").

Auditor's Responsibility

Our responsibility is to express an opinion on the internal financial controls with reference to consolidated financial statements based on our audit. We conducted our audit in accordance with the Guidance Note

and the Standards on Auditing, prescribed under section 143(10) of the Act, to the extent applicable to an audit of internal financial controls with reference to consolidated financial statements. Those Standards and the Guidance Note require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether adequate internal financial controls with reference to consolidated financial statements were established and maintained and if such controls operated effectively in all material respects.

Our audit involves performing procedures to obtain audit evidence about the adequacy of the internal financial controls with reference to consolidated financial statements and their operating effectiveness. Our audit of internal financial controls with reference to consolidated financial statements included obtaining an understanding of internal financial controls with reference to consolidated financial statements, assessing the risk that a material weakness exists, and testing and evaluating the design and operating effectiveness of the internal controls based on the assessed risk. The procedures selected depend on the auditor's judgement, including the assessment of the risks of material misstatement of the consolidated financial statements, whether due to fraud or error.

We believe that the audit evidence we have obtained and the audit evidence obtained by the other auditors of the relevant subsidiary companies and joint venture companies in terms of their reports referred to in the Other Matters paragraph below, is sufficient and appropriate to provide a basis for our audit opinion on the internal financial controls with reference to consolidated financial statements.

Meaning of Internal Financial controls with Reference to Consolidated Financial Statements

A company's internal financial controls with reference to consolidated financial statements is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of financial statements for external purposes in accordance with generally accepted accounting principles. A company's internal financial controls with reference to consolidated financial statements includes those policies and procedures that (1) pertain to the maintenance of records that, in reasonable detail, accurately and fairly

reflect the transactions and dispositions of the assets of the company; (2) provide reasonable assurance that transactions are recorded as necessary to permit preparation of financial statements in accordance with generally accepted accounting principles, and that receipts and expenditures of the company are being made only in accordance with authorisations of management and directors of the company; and (3) provide reasonable assurance regarding prevention or timely detection of unauthorised acquisition, use, or disposition of the company's assets that could have a material effect on the financial statements.

Inherent Limitations of Internal Financial controls with Reference to consolidated Financial Statements

Because of the inherent limitations of internal financial controls with reference to consolidated financial statements, including the possibility of collusion or improper management override of controls, material misstatements due to error or fraud may occur and not be detected. Also, projections of any evaluation of the internal financial controls with reference to consolidated financial statements to future periods are subject to the risk that the internal financial controls with reference to consolidated financial statements may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

Other Matters

Our aforesaid reports under Section 143(3)(i) of the Act on the adequacy and operating effectiveness of the internal financial controls with reference to consolidated financial statements insofar as it relates to one subsidiary company and one joint venture company, which is a company incorporated in India, is based on the corresponding reports of the auditors of such companies incorporated in India.

The audited financial statements of the subsidiary companies and joint ventures which are included in the consolidation are drawn upto the same reporting date as that of the Company i.e. March 31, 2019.

2.1 Basis of preparation

(a) Statement of compliance

These Consolidated Financial Statements of Group have been prepared in accordance with Indian Accounting Standards (Ind AS) notified under the Companies (Indian Accounting Standards) Rules, 2015 notified under Section 133 of Companies Act, 2013, (the 'Act') and other relevant provisions of the Act.

These Consolidated Financial Statements for the year ended March 31, 2019 are approved by the Audit Committee at its meeting held on May 9, 2019 and Board of Directors at its meeting held on May 10, 2019.

(b) Functional and presentation currency

These Consolidated Financial Statements are presented in Indian Rupees (INR), which is also the Group's functional currency. All amounts have been rounded-off to the nearest lakhs, unless otherwise indicated.

(c) Basis of Measurement

These Consolidated Financial Statements have been prepared on an accrual basis and under the historical cost convention, except for the following assets and liabilities which have been measured at fair value:

- Certain financial assets and liabilities measured at fair value (refer accounting policy regarding financial instruments, refer note 2.3 (w)).

(d) Critical accounting estimates and judgements

In preparing these Consolidated Financial Statements, management has made judgements, estimates and assumptions that effect the application of accounting policies and the reported amounts of assets, liabilities, Income and expenses. Actual results may differ from these estimates.

Estimates and underlying assumptions are reviewed on an ongoing basis. Revision to accounting estimates are recognised prospectively.

Notes

to the Consolidated financial statements for the year ended March 31, 2019

(Rupees in lakhs, except for per share data and if otherwise stated)

Information about significant areas of estimation and judgements in applying accounting policies that have the most significant effect on the Consolidated Financial Statements are as follows:

- Note 2.3 (o) (iii) and 32 - measurement of defined benefit obligations: key actuarial assumptions;
- Note 2.3 (b), (c), (d), 3 and 4 - measurement of useful life and residual values of property, plant and equipment and useful life of intangible assets;
- Note 36 - Management judgement is required for estimating the possible outflow of resources, if any, in respect of contingencies/claim/litigations against the Group as it is not possible to predict the outcome of pending matters with accuracy;
- Note 2.3 (t) - judgement required to determine ESOP assumptions;
- Note 2.3 (p) - judgement required to determine probability of recognition of current tax, deferred tax assets and MAT credit entitlement; and
- Note 2.3 (w)- fair value measurement of financial instruments.

There are no assumptions and estimation that have a significant risk of resulting in a material adjustment within the next financial year.

2.2 Basis of consolidation

(i) Subsidiaries

Subsidiaries are entities controlled by the Group. The Group controls an entity when it is exposed to, or has rights to, variable returns from its involvement with the entity and has the ability to affect those returns through its power over the entity. The financial statements of subsidiaries are included in the Consolidated Financial Statements from the date on which control commences until the date on which control ceases.

(ii) Non-controlling interests (NCI)

NCI are measured at their proportionate share of the acquiree's net identifiable assets at the date of acquisition.

(iii) Loss of control

When the Group loses control over subsidiary, it derecognises the assets and liabilities of the subsidiary, and any related NCI and other components of equity. Any interest retained in the former subsidiary is measured at fair value at the date of control is lost. Any resulting gain or loss is recognised in the statement of profit or loss.

(iv) Equity accounted investees

The Group's interest in equity accounted investees comprise interests in joint ventures. A Joint venture is an arrangement in which the Group has joint control and has rights to the net assets of the arrangements, rather than rights to its assets and obligations for its liabilities.

Interest in Joint Venture is accounted for using the equity method. They are initially recognised at cost which includes transaction costs. Subsequent to initial recognition, the Consolidated Financial Statements include the Group's share of profit or loss and OCI of equity-accounted investees until the date on which significant influence or joint control ceases.

(v) Transactions eliminated on consolidation

Intra-group balances and transactions, and any unrealised income and expenses arising from intra-group transactions, are eliminated. Unrealised gains arising from transactions with equity accounted investees are eliminated against the investment to the extent of the Group's interest in the investees. Unrealised losses are eliminated in the same way as unrealised gains, but only to the extent that there is no evidence of impairment.

2.3 Summary of Significant accounting policy

(a) Current and non-current classification

The Group presents assets and liabilities in the balance sheet based on current/non-current classification. An asset is treated as current when it satisfies any of the following criteria:

- Expected to be realised or intended to be sold or consumed in normal operating cycle;
- Held primarily for the purpose of trading;
- Expected to be realised within twelve months after the reporting period;; or
- Cash or cash equivalent unless restricted from being exchanged or used to settle a liability for at least twelve months after the reporting period

Group classifies all other assets as non-current.

A liability is current when it satisfies any of the following criteria:

- It is expected to be settled in normal operating cycle;
- It is held primarily for the purpose of trading;
- It is due to be settled within twelve months after the reporting period;; or
- There is no unconditional right to defer the settlement of the liability for at least twelve months after the reporting period

Group classifies all other liabilities as non-current.

Deferred tax assets and liabilities are classified as non-current assets and liabilities.

The operating cycle is the time between the acquisition of assets for processing and their realisation in cash and cash equivalents. The Group has identified twelve months as its operating cycle for the purpose of classification of assets and liabilities as current and non-current.

Notes

to the Consolidated financial statements for the year ended March 31, 2019

(Rupees in lakhs, except for per share data and if otherwise stated)

(b) Property, plant and equipment (PPE)

(i) Recognition and Measurement:

PPE are stated at cost less accumulated depreciation and impairment losses, if any. Cost comprises the purchase price (net of CENVAT) and any directly attributable cost of bringing the asset to its working condition for its intended use. Borrowing costs relating to acquisition of PPE which take substantial period of time to get ready for its intended use are also included to the extent they relate to the period till such assets are ready to be put to use. Leasehold improvements represent expenses incurred towards civil works, interior furnishings, etc. on the leased premises at various cinema locations.

Expenditure directly relating to construction activity are capitalised. Indirect expenditure incurred during construction period is capitalised as part of the indirect construction cost to the extent expenditure is directly related to construction or is incidental thereto. Other indirect expenditure (including borrowing costs) incurred during the construction period, which is not related to the construction activity nor is incidental thereto is charged to the statement of profit and loss.

An item of property, plant and equipment and any significant part initially recognised is de-recognised upon disposal. Any gain or loss arising on de-recognition of the asset (calculated as the difference between the net disposal proceeds and the carrying amount of the asset) is included in the statement of profit and loss when the asset is derecognised.

The Group identifies any particular component embedded in the main asset having significant value to total cost of asset and also a different life as compared to the main asset.

The residual values, useful lives and methods of depreciation of property, plant and equipment are reviewed at each financial year end and adjusted prospectively, if appropriate.

Amount paid towards the acquisition of property, plant and equipment outstanding as of each reporting date and the cost of property, plant and equipment not ready for intended use before such date are disclosed under Capital advances and Capital work in progress respectively.

(ii) Subsequent expenditure:

Subsequent expenditure on additions and betterment of operational properties are capitalised only if it is probable that the future economic benefits associated with the expenditure will flow to the Group and expenditures for maintenance and repairs are charged to statement of profit & loss as incurred.

(c) Depreciation on Property, plant and equipment

Depreciation is calculated on cost of items of property, plant and equipment less their estimated residual values over their useful lives using Straight-line method. Estimated useful life of the assets are generally in line with the useful lives as prescribed under Part C of Schedule II to the Companies Act, 2013 except in the following cases, where the management based on technical and internal assessment considers life to be different than prescribed

under Schedule II. The management believes that these estimated useful lives are realistic and reflect fair approximation of the period over which the assets are likely to be used.

Particulars	Useful life as per Schedule II (in years)	Management estimate of Useful life (in years)
Concession equipments	15	8
Gaming equipments	15	13.33
Projectors	13	10
Furniture & fixtures	8	5 to 10.53
Vehicles	8	5
LCD's	5	4

Parent Company has estimated the residual value @ 5% of original cost for all assets except for sound and projections equipment's which are taken @ 10% of original cost based on technical assessment done by management.

Leasehold improvements are amortised on a straight-line basis over the total period of lease including renewals or unexpired period of lease, whichever is shorter.

Assets under finance leases are depreciated over the shorter of the lease term and their useful lives unless it is reasonably certain that the Parent Company will obtain ownership by the end of lease term.

Depreciation on addition (disposal) is provided on a pro-rata basis i.e. from (upto) the date on which assets is ready for use (disposed of). Further, depreciation includes accelerated depreciation of ₹ 620 Lakhs (March 31, 2018: ₹ 520) lakhs on account of change in estimate of useful lives of property, plant and equipment resulting from cinema closure earlier than planned or due to renovation.

(d) Intangible assets

(i) Recognition and Measurement:

Intangible assets acquired separately are measured on initial recognition at cost. The cost of intangible assets acquired in a business combination is their fair value at the date of acquisition. Following initial recognition, intangible assets are carried at cost less any accumulated amortisation and accumulated impairment losses, if any.

(ii) Subsequent Expenditure:

Subsequent expenditure is capitalised only when it increase the future economic benefits embodied in the specific asset to which it relates. All other expenditure, including expenditure on internally generated goodwill and brands, is recognised in the statement of profit or loss as incurred.

(iii) The useful life and the basis of amortisation and impairment losses are as under:

a) Software

Cost relating to purchased software and software licenses are capitalised and amortised on a straight-line basis over their estimated useful lives of 6 years.

Notes

to the Consolidated financial statements for the year ended March 31, 2019

(Rupees in lakhs, except for per share data and if otherwise stated)

b) Goodwill

Goodwill on acquisitions is included in intangible assets. Goodwill is not amortised but it is tested for impairment annually, or more frequently if events or changes in circumstances indicate that it might be impaired, and is carried at cost less accumulated impairment losses if any. Goodwill is allocated to cash-generating units for the purpose of impairment testing. The allocation is made to those cash-generating units or groups of cash-generating units that are expected to benefit from the business combination in which the goodwill arose. The units or groups of units are identified at the lowest level at which goodwill is monitored for internal management purposes.

c) Trademarks and copyrights

Trademark and copyrights for the brand name acquired and registered by the Group are capitalised and are amortised over an estimated life of five years.

d) Film Right's

The intellectual property rights acquired/created in relation to films are capitalised as film rights. The amortisation policy is as below:

(a) In respect of films which have been co-produced /co owned/ acquired and in which the Group holds rights for a period of 5 years and above as below:

- 60% to 80% of the cost of film rights on first domestic theatrical release of the film based on the management estimates. The said amortisation relates to domestic theatrical rights, international theatrical rights, television rights, music rights and video rights etc.

In case these rights are not exploited along with or prior to their first domestic theatrical release, proportionate cost of such right is carried forward to be written off as and when such right is commercially exploited or at the end of 1 year from the date of first domestic theatrical release, whichever occurs earlier.

- Balance 40% to 20% is amortised over the remaining license period based on an estimate of future revenue potential subject to a maximum period of 10 years.

(b) In respect of films, where the Group holds rights for a limited period of 1 to 5 years, entire cost of movies rights acquired or produced by the Group is amortised on first theatrical release of the movie. The said amortisation relates to domestic theatrical rights, international theatrical rights, television rights, music rights and video rights and others.

In case these rights are not exploited along with or prior to the first domestic theatrical release, proportionate cost of such right is carried forward to be written off as and when such right is commercially exploited or at the end of 1 year from the date of first theatrical release, whichever occurs earlier.

(c) In one of the subsidiary Company, PVR Pictures Limited, the film right cost (primarily for foreign films) is amortised over the period of useful lives, writing off more in year one which recognises initial income flows and then the balance over a period of nine years, or the remaining life of the content rights, whichever is less. The amortisation policy followed by the subsidiary company, PVR Pictures Limited is as below:

- 25% to 75% of the cost of film rights on first domestic theatrical release of the film based on the management estimates if the agreement is silent on allocation of rights. The said amortisation relates to Theatrical rights.
- In case these theatrical rights are not exploited proportionate cost of such right is written off as and when the management decides to commercially not exploit such right.
- Balance 75% to 25% is amortised over the remaining license period based on an estimate of future revenue potential if the agreement is silent on allocation of rights subject to a maximum period of 10 years.

e) Brands and Beneficial Lease Rights

Intangible assets resulting from acquisition of SPI Cinemas comprise of 'Beneficial Lease Rights' are amortised on straight-line basis over remaining lease period and 'Brands' are amortised on straight-line basis over a period of 20 years and tested for impairment annually.

(e) Borrowing Costs

Borrowing cost includes interest and amortisation of ancillary costs incurred in connection with the arrangement of borrowings. Borrowing costs directly attributable to the acquisition, construction or production of an asset that necessarily takes a substantial period of time to get ready for its intended use or sale are capitalised as part of the cost of the respective asset. All other borrowing costs are expensed in the period they are incurred.

(f) Impairment of non-financial assets

The Group assesses at each reporting date whether there is an indication that an asset may be impaired. If any indication exists, or when annual impairment testing for an asset is required, the Group estimates the asset's recoverable amount. An asset's recoverable amount is the higher of an asset's net selling price and its value in use. The recoverable amount is determined for an individual asset, unless the asset does not generate cash inflows that are largely independent of those from other assets or Group's of assets. Where the carrying amount of an asset exceeds its recoverable amount, the asset is considered impaired and is written down to its recoverable amount.

In assessing value in use, the estimated future cash flows are discounted to their present value using a pre-tax discount rate that reflects current market assessments of the time value of money and the risks specific to the asset. In determining net selling price, recent market transactions are taken into account, if available. If no such transactions can be identified, an appropriate valuation model is used.

Notes

to the Consolidated financial statements for the year ended March 31, 2019

(Rupees in lakhs, except for per share data and if otherwise stated)

Impairment losses, if any are recognised in the statement of profit and loss.

For assets excluding goodwill, an assessment is made at each reporting date to determine whether there is an indication that previously recognised impairment losses no longer exist or have decreased. If such indication exists, the Group estimates the asset's or CGU's recoverable amount. A previously recognised impairment loss is reversed only if there has been a change in the assumptions used to determine the asset's recoverable amount since the last impairment loss was recognised. The reversal is limited so that the carrying amount of the asset does not exceed its recoverable amount, nor exceed the carrying amount that would have been determined, net of depreciation, had no impairment loss been recognised for the asset in prior years. Such reversal is recognised in the statement of profit or loss unless the asset is carried at a revalued amount, in which case, the reversal is treated as a revaluation increase.

(g) Inventories

Inventories are valued as follows:

(a) Food and beverages

Lower of cost and net realisable value. Cost is determined on weighted average basis.

(b) Stores and spares

Lower of cost and net realisable value. Cost is determined on First In First Out (FIFO) basis.

Cost includes cost of purchase and other costs incurred in bringing the inventories to their present location and condition;

Net realisable value is the estimated selling price in the ordinary course of business, less estimated costs necessary to make the sale.

The comparison of cost and Net realisable value is made on an item-by-item basis.

(h) Leases

(i) Determining whether an arrangement contains a lease

The determination of whether an arrangement is (or contains) a lease is based on the substance of the arrangement at the inception of the lease. The arrangement is, or contains, a lease if fulfilment of the arrangement is dependent on the use of a specific asset or assets and the arrangement conveys a right to use the asset or assets, even if that right is not explicitly specified in an arrangement.

At inception or on reassessment of the arrangement that contains a lease, the payments and other consideration required by such an arrangement are separated into those for the lease and those for other elements on the basis of their relative fair values. If it is concluded for a finance lease that it is impracticable to separate the payments reliably, then an asset and a liability are recognised at an amount equal to the fair value of the underlying asset.

The liability is reduced as payments are made and an imputed finance cost on the liability is recognised using the incremental borrowing rate.

For arrangements entered into prior to April 01, 2015, the Group has determined whether the arrangement contains lease on the basis of facts and circumstances existing on the date of transition.

(ii) Assets held under lease

A lease is classified at the inception date as a finance lease or an operating lease. A lease that transfers substantially all the risks and rewards incidental to ownership to the Group is classified as a finance lease.

Finance leases are capitalised at the commencement of the lease at the inception date fair value of the leased property or, if lower, at the present value of the minimum lease payments. Lease payments are apportioned between finance charges and reduction of the lease liability so as to achieve a constant rate of interest on the remaining balance of the liability. Finance charges are recognised in finance costs in the statement of profit and loss, unless they are directly attributable to qualifying assets, in which case they are capitalised in accordance with the Group's general policy on the borrowing costs. Contingent rentals are recognised as expenses in the periods in which they are incurred.

(iii) Lease payments

Payments made under operating leases are generally recognised in the statement of profit and loss on a straight line basis over the term of the lease unless such payments are structured to increase in line with expected general inflation to compensate for the lessor's expected inflationary cost increase.

Payments made under finance lease are allocated between the outstanding liability and finance cost. The finance cost is charged to the statement of profit and loss over the lease period so as to produce a constant periodic rate of interest on the remaining balance of the liability for each period.

(i) Revenue recognition

Revenue is recognised to the extent that it is probable that the economic benefits will flow to the Group, and the revenue can be reliably measured regardless of when the payment is being made. Revenue excludes goods and service tax, sales tax and entertainment tax which are collected by the Group on behalf of the Government and deposited to the credit of respective Governments.

GST has been implemented with effect from July 1, 2017 which replaces Entertainment tax, Service tax and other indirect taxes like sales tax and value added taxes. As per the requirement of IndAS 18, revenue is reported net of applicable taxes.

Effective April 1, 2018, the Group has adopted Ind AS 115 (Revenue from contracts with customers) which establishes a comprehensive framework for determining whether, how much and when revenue is recognised. Ind AS 115 "Revenue from contracts with customers" replaces Ind AS 18 "Revenue

(Rupees in lakhs, except for per share data and if otherwise stated)

recognition and related interpretations". The Group has adopted Ind AS 115 "Revenue from contracts with customers" using the cumulative effect method, with the effect of initially applying this standard recognised at the date of initial application (i.e. April 01, 2018). Under this transition method, the comparative information is not restated – i.e. the comparative information continues to be reported under Ind AS 18 "Revenue recognition and related interpretations". The adoption of the standard did not have any material impact on the Consolidated Financial Statements of the Group. Following table depicts the amount of impact on Consolidated Financial Statements:

Particulars	As reported at March 31, 2018	Adjustments due to adoption of Ind AS 115	Adjusted opening balance as at April 1, 2018
Retained earnings	44,098	17	44,115

The following specific recognition criteria must also be met before revenue is recognised:

- i **Income from sale of movie tickets (Box office revenue)**
Revenue from sale of movie tickets is recognised as and when the film is exhibited.
- ii **Sale of food and beverages**
Revenue from sale of food and beverages is recognised upon passage of title to customers, which coincides with their delivery to the customer.
- iii **Revenue from Gift vouchers and Breakage revenue**
Non-reundable Gift cards and vouchers are sold to customers, that give customers the right to receive goods or services in the future. The prepayment amount received from the customer is recognised as unearned revenue liability. If a customer does not exercise their right, this amount is recognised as breakage revenue in proportion to the pattern of rights exercised by the customer as there is an expectation that the Group will be entitled to breakage revenue and that it is considered highly probably a significant reversal will not occur in the future.
- iv **Advertisement revenue**
Advertisement revenue is recognised as and when advertisement are displayed at the cinema halls and in accordance with the term of the agreement.
- v **Income from movie production and distribution**
Revenues from film produced, co –produced/co -owned are accounted for based on the terms of the agreement.
- vi **Convenience Fee**
Convenience fee is recognised as and when the movie tickets are sold on digital platforms. Further, in case of fixed contracts with digital ticketing partners, revenue is recognised on accrual basis in accordance with the terms of the agreement.
- vii **Virtual Print fees (VPF)**
Revenue is recognised on an accrual basis in accordance with the terms of the relevant agreements.

- viii **Gaming Income**
Revenue from bowling games is recognised as and when the games are played by patrons.
 - ix **Management fee**
Revenue is recognised on an accrual basis in accordance with the terms of the relevant agreements.
 - x **Rental and food court income**
Rental Income is recognised on accrual basis for the period the space in cinema and food court is let out under the operating lease arrangement.
 - xi **Interest income**
For all debt instruments measured either at amortised cost or at fair value through other comprehensive income, interest income is recorded using the effective interest rate (EIR). EIR is the rate that exactly discounts the estimated future cash payments or receipts over the expected life of the financial instrument or a shorter period, where appropriate, to the gross carrying amount of the financial asset or to the amortised cost of a financial liability. When calculating the effective interest rate, the Group estimates the expected cash flows by considering all the contractual terms of the financial instrument (for example, prepayment, extension, call and similar options) but does not consider the expected credit losses. Interest income is included in finance income in the statement of profit and loss.
 - xii **Dividend income**
Dividend Income is recognised when the Group's right to receive dividend is established by the reporting date, which is generally when shareholders approve the dividend.
 - xiii **Loyalty**
The Group operates a loyalty programme "PVR PRIVILEGE" where a customer earn points as and when the customer transacts with the Group, these points can be redeemed in the future for goods and services. Under Ind AS 115, the loyalty program gives rise to a separate performance obligation as it provides a material right to the customer. The Group allocates a portion of transaction price to the loyalty program based on relative standalone selling price, instead of allocating using the fair value of points issued.
- (j) **Government grants**
Grants and subsidies from the government are recognised when there is reasonable assurance that the grant/subsidy will be received and all attaching conditions will be complied with. When the grant or subsidy relates to an expense item, it is recognised as income over the periods necessary to match them on a systematic basis to the costs, which it is intended to compensate. Similarly, where the grant relates to an asset, it is recognised as deferred income and released to income in equal installments over the expected useful life of the related assets.
 - (k) **Cost Recognition**
Cost and expenses are recognised when incurred and have been classified according to their nature.

The costs of the Group are broadly categorised in Movie exhibition, distribution cost, consumption of food and beverages, Employee benefit expenses, depreciation and amortisation expenses, finance cost and other operating expenses. Other operating expense mainly includes, Rent, common area maintenance, Electricity, legal and professional fees, travel expenses, Repair and Maintenance and other expenses. Other expenses is an aggregation of costs which are individually not material.

(I) Business Combination and Goodwill

Business combinations are accounted for using the acquisition method. At the acquisition date, the identifiable assets acquired and the liabilities assumed are recognised at their acquisition date fair values. For this purpose, the liabilities assumed include contingent liabilities representing present obligation and they are measured at their acquisition fair values irrespective of the fact that outflow of resources embodying economic benefits is not probable. However, the following assets and liabilities acquired in a business combination are measured at the basis indicated below:

- Deferred tax assets or liabilities, and the assets or liabilities related to employee benefit arrangements are recognised and measured in accordance with Ind AS 12 Income Tax and Ind AS 19 Employee Benefits respectively;
- Liabilities or equity instruments related to share based payment arrangements of the acquiree or share – based payments arrangements of the Group entered into to replace share-based payment arrangements of the acquiree are measured in accordance with Ind AS 102 Share-based Payments at the acquisition date;
- Assets (or disposal Group's) that are classified as held for sale in accordance with Ind AS 105 Non-current Assets Held for Sale and Discontinued Operations are measured in accordance with that standard; and
- Reacquired rights are measured at a value determined on the basis of the remaining contractual term of the related contract. Such valuation does not consider potential renewal of the reacquired right.

When the Group acquires a business, it assesses the financial assets and liabilities assumed for appropriate classification and designation in accordance with the contractual terms, economic circumstances and pertinent conditions as at the acquisition date.

If the business combination is achieved in stages, any previously held equity interest is re-measured at its acquisition date fair value and any resulting gain or loss is recognised in profit or loss or Other comprehensive income, as appropriate.

Any contingent consideration to be transferred by the acquirer is recognised at fair value at the acquisition date. Contingent consideration classified as an asset or liability that is a financial instrument and within the scope of Ind AS 109 Financial

Instruments, is measured at fair value with changes in fair value recognised in profit or loss. If the contingent consideration is not within the scope of Ind AS 109, it is measured in accordance with the appropriate Ind AS. Contingent consideration that is classified as equity is not re-measured at subsequent reporting dates and subsequent its settlement is accounted for within equity.

Goodwill is initially measured at cost, being the excess of the aggregate of the consideration transferred and the amount recognised for non-controlling interests, and any previous interest held, over the net identifiable assets acquired and liabilities assumed. If the fair value of the net assets acquired is in excess of the aggregate consideration transferred, the Group re-assesses whether it has correctly identified all of the assets acquired and all of the liabilities assumed and reviews the procedures used to measure the amounts to be recognised at the acquisition date. If the reassessment still results in an excess of the fair value of net assets acquired over the aggregate consideration transferred, then the gain is recognised in OCI and accumulated in equity as capital reserve. However, if there is no clear evidence of bargain purchase, the entity recognises the gain directly in equity as capital reserve, without routing the same through Other comprehensive income.

As a result from business combination the Group as whole has gained synergies relating to increase in revenue, decrease of certain operational cost and effective vendor negotiation. The Group as a whole is considered as a CGU, and there are no other CGU's identifiable to which Goodwill from business combinations is allocated, unless mentioned separately.

A cash generating unit to which goodwill has been allocated is tested for impairment annually, or more frequently when there is an indication that the unit may be impaired. If the recoverable amount of the cash generating unit is less than its carrying amount, the impairment loss is allocated first to reduce the carrying amount of any goodwill allocated to the unit and then to the other assets of the unit pro rata based on the carrying amount of each asset in the unit. Any impairment loss for goodwill is recognised in profit or loss. An impairment loss recognised for goodwill is not reversed in subsequent periods.

Where goodwill has been allocated to a cash-generating unit and part of the operation within that unit is disposed of, the goodwill associated with the disposed operation is included in the carrying amount of the operation when determining the gain or loss on disposal. Goodwill disposed in these circumstances is measured based on the relative values of the disposed operation and the portion of the cash-generating unit retained.

If the initial accounting for a business combination is incomplete by the end of the reporting period in which the combination occurs, the Group reports provisional amounts for the items for which the accounting is incomplete. Those provisional amounts are adjusted through goodwill during the measurement period, or additional assets or liabilities are recognised, to reflect new information obtained about facts and circumstances that existed at the acquisition date that, if known, would have affected the

Notes

to the Consolidated financial statements for the year ended March 31, 2019

(Rupees in lakhs, except for per share data and if otherwise stated)

amounts recognised at that date. These adjustments are called as measurement period adjustments. The measurement period does not exceed one year from the acquisition date.

(m) Foreign currency

i Foreign currency transaction

Transactions in foreign currencies are translated into the respective functional currencies of Group Companies at the exchange rates at the dates of the transactions or an average rate if the average rate approximates the actual at the date of the transaction.

Monetary assets and liabilities denominated in foreign currencies are translated into the functional currency at the exchange rate at the reporting date. Non-monetary assets and liabilities that are measured at fair value in a foreign currency are translated into the functional currency at the exchange rate when the fair value was determined.

ii Foreign operations

The assets and liabilities of foreign operations (subsidiaries and joint ventures) including goodwill and fair value adjustments arising on acquisition, are translated into INR, the functional currency of the Company, at the exchange rates at the reporting date. The Income and expenses of foreign operations are translated into INR at the exchange rates at the dates of the transactions or an average rate approximates the actual rate at the date of the transaction.

(n) Fair value measurement

Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The fair value measurement is based on the presumption that the transaction to sell the asset or transfer the liability takes place either:

- In the principal market for the asset or liability, or
- In the absence of a principal market, in the most advantageous market for the asset or liability

The principal or the most advantageous market must be accessible by the Group.

The fair value of an asset or a liability is measured using the assumptions that market participants would use when pricing the asset or liability, assuming that market participants act in their economic best interest.

A fair value measurement of a non-financial asset takes into account a market participant's ability to generate economic benefits by using the asset in its highest and best use or by selling it to another market participant that would use the asset in its highest and best use.

The Company uses valuation techniques that are appropriate in the circumstances and for which sufficient data are available to measure fair value, maximising the use of relevant observable inputs and minimising the use of unobservable inputs.

All assets and liabilities for which fair value is measured or disclosed in the Consolidated Financial Statements are categorised within the fair value hierarchy, described as follows, based on the lowest level input that is significant to the fair value measurement as a whole:

- Level 1 — Quoted (unadjusted) market prices in active markets for identical assets or liabilities;
- Level 2 — Valuation techniques for which the lowest level input that is significant to the fair value measurement is directly or indirectly observable; and
- Level 3 — Valuation techniques for which the lowest level input that is significant to the fair value measurement is unobservable.

For assets and liabilities that are recognised in the Consolidated Financial Statements on a recurring basis, the Company determines whether transfers have occurred between levels in the hierarchy by re-assessing categorisation (based on the lowest level input that is significant to the fair value measurement as a whole) at the end of each reporting period.

External valuer's are involved for valuation of significant assets, liabilities, such as ESOP, Gratuity etc.

For the purpose of fair value disclosures, the Company has determined classes of assets and liabilities on the basis of the nature, characteristics and risks of the asset or liability and the level of the fair value hierarchy as explained above.

This note summarises accounting policy for fair value. Other fair value related disclosures are given in the relevant notes.

- Financial instruments (including those carried at amortised cost) (note 2.2(w))

(o) Employee benefits

The Company participates in various employee benefit plans. Post-employment benefits are classified as either defined contribution plans or defined benefit plans.

The Company has the following employee benefit plans:

i Short-term employee benefits

Short-term employee benefit obligations are measured on an undiscounted basis and are expensed as the related services are provided. A liability is recognised for the amount expected to be paid e.g. under short-term cash bonus, incentives, if the Company has a present legal or constructive obligation to pay this amount as a result of past services provided by the employee, and the amount of obligation can be estimated reliably.

ii Defined contribution Plan

Retirement benefit in the form of provident fund is a defined contribution scheme. The Company has no obligation, other than

Notes

to the Consolidated financial statements for the year ended March 31, 2019

(Rupees in lakhs, except for per share data and if otherwise stated)

the contribution payable to the provident fund. The Company recognises contribution payable to the provident fund scheme as expenditure, when an employee renders service.

iii Defined Benefit Plan

Gratuity is a defined benefit obligation. The Company has approved gratuity funds managed with ICICI Prudential Life Insurance Company Limited and Bajaj Allianz Life Insurance Company Limited for the payment of gratuity to the employees. The Company's obligation in respect of the gratuity plan, which is a defined benefit plan, is provided for based on actuarial valuation using the projected unit credit method. Actuarial gains or losses are recognised in other comprehensive income.

iv Other long-term Employee benefits

The employees of the Company are entitled to compensated absences. The employees can carry forward a portion of the unutilised accumulating compensated absences and utilise it in future periods or receive cash at retirement or termination of employment. The Company records an obligation for compensated absences in the period in which the employee renders the services that increases this entitlement. The Company measures the expected cost of compensated absences as the additional amount that the Company expects to pay as a result of the unused entitlement that has accumulated at the end of the reporting period. The Company recognises accumulated compensated absences based on actuarial valuation. Non-accumulating compensated absences are recognised in the period in which the absences occur. The Company recognises actuarial gains and losses immediately in the statement of profit and loss.

(p) Income taxes

Income Tax comprises current and deferred tax. Current income-tax is measured at the amount expected to be paid to the tax authorities in accordance with the Income-tax Act, 1961 enacted in India and tax laws prevailing in the respective tax jurisdictions where the Company operates. The tax rates and tax laws used to compute the amount are those that are enacted or substantively enacted, at the reporting date. It is recognised in profit or loss except to the extent that it relates to a business combination or to an item recognised directly in equity or in OCI.

Current income tax relating to items recognised outside profit or loss is recognised outside profit or loss (either in other comprehensive income or in equity). Current tax items are recognised in correlation to the underlying transaction either in OCI or directly in equity. Management periodically evaluates positions taken in the tax returns with respect to situations in which applicable tax regulations are subject to interpretation and establishes provisions where appropriate.

Deferred tax assets are recognised for all deductible temporary differences, the carry forward of unused tax credits and any unused tax losses. Deferred tax assets are recognised to the extent that it is probable that taxable profit will be available against which the deductible temporary differences, and the

carry forward of unused tax credits and unused tax losses can be utilised, except

- When the deferred tax asset relating to the deductible temporary difference arises from the initial recognition of an asset or liability in a transaction that is not a business combination and, at the time of the transaction, affects neither the accounting profit nor taxable profit or loss; and
- In respect of deductible temporary differences associated with investments in subsidiaries, associates and interests in joint ventures, deferred tax assets are recognised only to the extent that it is probable that the temporary differences will reverse in the foreseeable future and taxable profit will be available against which the temporary differences can be utilised

At each reporting date, the Company re-assesses unrecognised deferred tax assets. It recognises unrecognised deferred tax asset to the extent that it has become reasonably certain, that sufficient future taxable income will be available against which such deferred tax assets can be realised.

The carrying amount of deferred tax assets are reviewed at each reporting date. The Company writes-down the carrying amount of deferred tax asset to the extent that it is no longer reasonably certain or virtually certain, as the case may be, that sufficient future taxable income will be available against which deferred tax asset can be realised. Any such write-down is reversed to the extent that it becomes reasonably certain, as the case may be, that sufficient future taxable income will be available

Deferred tax relating to items recognised outside profit or loss is recognised outside profit or loss (either in other comprehensive income or in equity). Deferred tax items are recognised in correlation to the underlying transaction either in OCI or directly in equity.

Minimum alternate tax (MAT) paid in a year is charged to the statement of profit and loss as current tax. The Company recognises MAT credit entitlement as an asset only to the extent that there is convincing evidence that the Company will pay normal income tax during the specified period, i.e., the period for which MAT credit is allowed to be carried forward. In the year in which the Company recognises MAT credit as an asset, the said asset is created by way of credit to the statement of profit and loss and shown as "MAT Credit Entitlement." The Company reviews the "MAT credit entitlement" asset at each reporting date and writes down the asset to the extent the Company does not have convincing evidence that it will pay normal tax during the specified period.

(q) Earnings Per share

The Company presents basic and diluted earnings per share ("EPS") data for its ordinary shares. Basic EPS is calculated by dividing the profit or loss attributable to ordinary shareholders of the Company by the weighted average number of ordinary shares outstanding during the period. Diluted EPS is determined

Notes

to the Consolidated financial statements for the year ended March 31, 2019

(Rupees in lakhs, except for per share data and if otherwise stated)

by adjusting the profit or loss attributable to ordinary shareholders and the weighted average number of ordinary shares outstanding for the effects of all dilutive potential ordinary shares (unless the effect is anti-dilutive), which includes all stock options granted to employees.

(r) Provisions

General

A provision is recognised when the Company has a present obligation (legal or constructive) as a result of past event and it is probable that an outflow of resources will be required to settle the obligation, in respect of which a reliable estimate can be made. Provisions are not discounted to their present value and are determined based on best management estimate required to settle the obligation at each Balance Sheet date. These are reviewed at each Balance Sheet date and are adjusted to reflect the current best management estimates.

Contingent liability

A contingent liability is a possible obligation that arises from past events whose existence will be confirmed by the occurrence or non-occurrence of one or more uncertain future events beyond the control of the Company or a present obligation that is not recognised because it is not probable that an outflow of resources will be required to settle the obligation. A contingent liability also arises in extremely rare cases where there is a liability that cannot be recognised because it cannot be measured reliably. The Company does not recognize a contingent liability but discloses its existence in the Consolidated Financial Statements.

(s) Cash and Cash equivalents

Cash and cash equivalents comprise cash at bank, cash in hand and short-term investments with an original maturity of three months or less, which are subject to an insignificant risk of changes in value.

For the purpose of the statement of cash flows, cash and cash equivalents consist of cash and short-term deposits, as defined above, net of outstanding bank overdrafts as they are considered an integral part of the Company's cash management.

(t) Share based payments

In accordance with the Securities and Exchange Board of India (Share Based Employee Benefits) Regulations, 2014 and IndAS 102 Share-based Payments, the cost of equity-settled transactions is measured using the fair value method. The cumulative expense recognised for equity-settled transactions at each reporting date until the vesting date reflects the extent to which the vesting period has expired and the Company's best estimate of the number of equity instruments that will ultimately vest. The expense or credit recognised in the statement of profit and loss for a period represents the movement in cumulative expense recognised as at the beginning and end of that period and is recognised in employee benefits expense, together with a corresponding increase in the "Employee Stock options outstanding account" in reserves. The cumulative expense recognised for equity-settled transactions at each reporting date until the vesting date reflects the extent to which the vesting period has expired and the

Company's best estimate of the number of equity instruments that will ultimately vest.

(u) Dividend

The Company recognise a liability to make dividend distributions to equity holders when the distribution is approved by the shareholders.

(v) Segment Reporting

Operating segments are reported in a manner consistent with the internal reporting provided to the chief operating decision maker. The Chairman of the Company is responsible for allocating resources and assessing performance of the operating segments and accordingly identified as the chief operating decision maker. Revenues, expenses, assets and liabilities, which are common to the enterprise as a whole and are not allocable to segments on a reasonable basis, have been treated as "unallocated revenues/ expenses/ assets/ liabilities", as the case may be.

(w) Financial instruments

A financial instrument is any contract that gives rise to a financial asset of one entity and a financial liability or equity instrument of another entity.

Financial assets

Initial recognition and measurement

All financial assets are recognised initially at fair value plus, in the case of financial assets not recorded at fair value through profit or loss, transaction costs that are attributable to the acquisition of the financial asset. Purchases or sales of financial assets that require delivery of assets within a time frame established by regulation or convention in the market place (regular way trades) are recognised on the trade date, i.e., the date that the Company commits to purchase or sell the asset.

Subsequent measurement

For purposes of subsequent measurement, financial assets are classified in four categories:

- Debt instruments at amortised cost
- Debt instruments at fair value through other comprehensive income (FVTOCI)
- Debt instruments, derivatives and equity instruments at fair value through profit or loss (FVTPL)
- Equity instruments measured at fair value through other comprehensive income (FVTOCI)

Debt instruments at amortised cost

A 'debt instrument' is measured at the amortised cost if both the following conditions are met:

- a) The asset is held within a business model whose objective is to hold assets for collecting contractual cash flows, and

Notes

to the Consolidated financial statements for the year ended March 31, 2019

(Rupees in lakhs, except for per share data and if otherwise stated)

- b) Contractual terms of the asset give rise on specified dates to cash flows that are solely payments of principal and interest (SPPI) on the principal amount outstanding.

This category is the most relevant to the Company. After initial measurement, such financial assets are subsequently measured at amortised cost using the effective interest rate (EIR) method. Amortised cost is calculated by taking into account any discount or premium on acquisition and fees or costs that are an integral part of the EIR. The EIR amortisation is included in finance income in the profit or loss. The losses arising from impairment are recognised in the profit or loss. This category generally applies to trade and other receivables.

Debt instrument at FVTOCI

A 'debt instrument' is classified as at the FVTOCI if both of the following criteria are met:

- a) The objective of the business model is achieved both by collecting contractual cash flows and selling the financial assets, and
- b) The asset's contractual cash flows represent SPPI

Debt instruments included within the FVTOCI category are measured initially as well as at each reporting date at fair value. Fair value movements are recognised in the other comprehensive income (OCI). However, the Company recognises interest income, impairment losses & reversals and foreign exchange gain or loss in the P&L. On derecognition of the asset, cumulative gain or loss previously recognised in OCI is reclassified from the equity to Statement of Profit & Loss. Interest earned whilst holding FVTOCI debt instrument is reported as interest income using the EIR method.

Debt instrument at FVTPL

FVTPL is a residual category for debt instruments. Any debt instrument, which does not meet the criteria for categorisation as at amortised cost or as FVTOCI, is classified as at FVTPL.

In addition, the Company may elect to designate a debt instrument, which otherwise meets amortised cost or FVTOCI criteria, as at FVTPL. However, such election is allowed only if doing so reduces or eliminates a measurement or recognition inconsistency (referred to as 'accounting mismatch'). The Company has not designated any debt instrument as at FVTPL.

Debt instruments included within the FVTPL category are measured at fair value with all changes recognised in the Statement of Profit & Loss.

Derecognition

A financial asset (or, where applicable, a part of a financial asset or part of a Company of similar financial assets) is primarily derecognised (i.e. removed from the Company's balance sheet) when:

- The rights to receive cash flows from the asset have expired, or
- The Company has transferred its rights to receive cash flows from the asset or has assumed an obligation to pay the received cash flows in full without material delay to a third party under a 'pass-through' arrangement; and either (a) the Company has transferred substantially all the risks and rewards of the asset, or (b) the Company has neither transferred nor retained substantially all the risks and rewards of the asset, but has transferred control of the asset.

When the Company has transferred its rights to receive cash flows from an asset or has entered into a pass-through arrangement, it evaluates if and to what extent it has retained the risks and rewards of ownership. When it has neither transferred nor retained substantially all of the risks and rewards of the asset, nor transferred control of the asset, the Company continues to recognise the transferred asset to the extent of the Company's continuing involvement. In that case, the Company also recognises an associated liability. The transferred asset and the associated liability are measured on a basis that reflects the rights and obligations that the Company has retained.

Continuing involvement that takes the form of a guarantee over the transferred asset is measured at the lower of the original carrying amount of the asset and the maximum amount of consideration that the Company could be required to repay.

Financial liabilities

Initial recognition and measurement

Financial liabilities are classified, at initial recognition, as financial liabilities at fair value through profit or loss, loans and borrowings, payables, or as derivatives designated as hedging instruments in an effective hedge, as appropriate.

All financial liabilities are recognised initially at fair value and, in the case of loans and borrowings and payables, net of directly attributable transaction costs.

The Company's financial liabilities include trade and other payables, loans and borrowings including bank overdrafts, financial guarantee contracts and derivative financial instruments.

Subsequent measurement

The measurement of financial liabilities depends on their classification, as described below:

Financial liabilities at fair value through profit or loss

Financial liabilities at fair value through profit or loss include financial liabilities held for trading and financial liabilities designated upon initial recognition as at fair value through profit or loss. Financial liabilities are classified as held for trading if they are incurred for the purpose of repurchasing in the near term. This category also includes derivative financial instruments entered into by the Company that are not designated as hedging instruments in hedge relationships as defined by Ind AS 109. Separated embedded derivatives are also classified

Notes

to the Consolidated financial statements for the year ended March 31, 2019

(Rupees in lakhs, except for per share data and if otherwise stated)

as held for trading unless they are designated as effective hedging instruments.

Gains or losses on liabilities held for trading are recognised in the profit or loss.

Financial liabilities designated upon initial recognition at fair value through profit or loss are designated as such at the initial date of recognition, and only if the criteria in Ind AS 109 are satisfied. For liabilities designated as FVTPL, fair value gains/ losses attributable to changes in own credit risk are recognised in OCI. These gains/ loss are not subsequently transferred to P&L. However, the Company may transfer the cumulative gain or loss within equity. All other changes in fair value of such liability are recognised in the statement of profit or loss. The Company has not designated any financial liability as at fair value through profit and loss.

Loans and borrowings

After initial recognition, interest-bearing loans and borrowings are subsequently measured at amortised cost using the EIR method. Gains and losses are recognised in profit or loss when the liabilities are derecognised as well as through the EIR amortisation process.

Amortised cost is calculated by taking into account any discount or premium on acquisition and fees or costs that are an integral part of the EIR. The EIR amortisation is included as finance costs in the statement of profit and loss. This category generally applies to borrowings.

Trade and other payable

These amounts represent liabilities for goods and services provided to the Company prior to the end of financial year which are unpaid. The amounts are generally unsecured. Trade and other payable are presented as current liabilities unless payment is not due within 12 months after the reporting period. They are recognised initially at their fair value and subsequently measured at amortised cost using effective interest method.

Derecognition

A financial liability is derecognised when the obligation under the liability is discharged or cancelled or expires. When an existing financial liability is replaced by another from the same lender on substantially different terms, or the terms of an existing liability are substantially modified, such an exchange or modification is treated as the derecognition of the original liability and the recognition of a new liability. The difference in the respective carrying amounts is recognised in the statement of profit or loss.

Impairment of financial assets

In accordance with Ind AS 109, the Company applies expected credit loss (ECL) model for measurement and recognition of impairment loss on the following financial assets and credit risk exposure:

- Financial assets that are debt instruments, and are measured at amortised cost e.g. loans, debt securities, deposits, trade receivables and bank balance;
- Trade receivables or any contractual right to receive cash or another financial asset that result from transactions that are within the scope of Ind AS 11 and Ind AS 18;

The Company impairs its trade receivables basis past experience and trend. Other financial asset, are impaired on case to case basis.

(x) Recent accounting pronouncements

i. Ind AS 116- 'Leases'

The Ministry of Corporate Affairs ("MCA") has vide notification dated March 30, 2019 notified 'Ind AS 116 – Leases' and we are required to adopt IndAS 116 from April 1, 2019. Under new Accounting Standard, there will be significant increase in asset as Present value of future rental will be recognised in balance sheet ('Right to use') and corresponding liability ('lease liability') will reflect under liability side. Further, the 'Right to use' asset will be amortised on a straight-line basis over the lease period. Lease payments will be apportioned between finance charge and reduction of the lease liability. Earlier, the Company recognised operating lease expense on a straight-line basis over the term of the lease unless such payments are structured to increase in line with expected general inflation to compensate for the lessor's expected inflationary cost increase in accordance with Ind AS 17.

In addition, the group will no longer recognise provisions for operating leases that it assesses to be onerous. Instead, the Company will include the payments due under the lease in its lease liability and apply Ind AS 36, Impairment of Assets to determine whether the right-of-use asset is impaired and to account for any impairment.

The group plans to apply Ind AS 116 initially on April 1, 2019, using the modified retrospective approach. Therefore, the cumulative effect of adopting Ind AS 116 will be recognised as an adjustment to the opening balance of retained earnings as at April 1, 2019, with no restatement of comparative information. The group plans to apply the practical expedient to grandfather the definition of a lease on transition. This means that it will apply Ind AS 116 to all contracts entered into before April 1, 2019 and identified as leases in accordance with Ind AS 17.

The quantitative impact of adoption of Ind AS 116 on the consolidated financial statements in the period of initial application is not reasonably estimable as at present. However the impact on transition will be significant.

Notes

to the Consolidated financial statements for the year ended March 31, 2019

(Rupees in lakhs, except for per share data and if otherwise stated)

ii. **Ind AS 19 – ‘Employee benefits’**

The amendments to Ind AS 19, clarify that if a plan amendment, curtailment or settlement occurs, it is mandatory that the current service cost and the net interest for the period after the re-measurement are determined using the assumptions used for the re-measurement. In addition, amendments have been included to clarify the effect of a plan amendment, curtailment or settlement on the requirements regarding the asset ceiling. The group does not expect this amendment to have any significant impact on its Consolidated Financial Statements.

iii. **Ind AS 12 - ‘Income taxes’**

The amendment relating to income tax consequences of dividend clarify that an entity shall recognise the income tax consequences of dividends in profit or loss, other comprehensive income or equity according to where the entity originally recognised those past transactions or events. The group does not expect any impact from this pronouncement. It is relevant to note that the amendment does not amend situations where the entity pays a tax on dividend which is effectively a portion of dividends paid to taxation authorities on behalf of shareholders. Such amount paid or payable to taxation authorities continues to be charged to equity as part of dividend, in accordance with Ind AS 12.

The amendment to Appendix C of Ind AS 12 specifies that the amendment is to be applied to the determination of taxable profit (tax loss), tax bases, unused tax losses, unused tax credits and tax rates, when there is uncertainty over income tax treatments under Ind AS 12. It outlines the following: (1) the entity has to use judgement, to determine whether each tax treatment should be considered separately or whether some can be considered together. The decision should be based on the approach which provides better predictions of the resolution of the uncertainty (2) the entity is to assume that the taxation authority will have full knowledge of all relevant information while examining any amount (3) entity has to consider the probability of the relevant taxation authority accepting the tax treatment and the determination of taxable profit (tax loss), tax bases, unused tax losses, unused tax credits and tax rates would depend upon the probability.

The group does not expect any significant impact of the above amendment on its Consolidated Financial Statements.

*Includes Goodwill on consolidation amounting to ₹ 68,501 lakhs (March 31, 2018 : ₹ 787 lakhs).

Note:

Impairment testing of Goodwill:

Goodwill represents excess of consideration paid over the net assets acquired. This is monitored by the management at the level of cash generating unit (CGU) and is tested annually for impairment. Cinemax India Limited and Cinema exhibition undertaking of DLF Utilities Limited acquired in financial year 2012-13 and 2016-17 respectively is now completely integrated with the existing cinema business of the Company, and accordingly is monitored together as one CGU. The Company tested goodwill for impairment using a discounted cash flow methodology with a peer-based, risk-adjusted weighted average cost of capital using the discount rate of 10% to 12.5% and terminal value growth rate of 5% to 10% from 2023-24. We believe use of a discounted cash flow approach is the most reliable indicator of the fair values of the businesses. Additionally the goodwill has been tested for impairment by reference to the quoted price of equity shares of PVR Limited ("PVR"), which carries total cinema exhibition business. As at March 31, 2019, total market capitalization of PVR is 768,452 lakhs significant part of which represents value of the cinema exhibition business which is higher than the carrying value of Goodwill.

The goodwill that arose on acquisition of SPI Cinemas is tested for impairment separately as the Company is in the process of integration with the Cinema exhibition business of the Parent Company. The Company tested goodwill for impairment using a discounted cash flow methodology with a peer-based, risk-adjusted weighted average cost of capital using the discount rate of 10% to 12.5% and terminal value growth rate of 5% to 10% from 2023-24. We believe use of a discounted cash flow approach is the most reliable indicator of the fair values of the businesses.

32 Gratuity:

The Group has a defined benefit gratuity plan. Every employee who has completed five years or more of service gets a gratuity on departure @15 days last drawn salary for each completed year of service, in terms of Payment of Gratuity Act, 1972. The Parent Company Gratuity scheme is funded with two insurance companies in the form of a qualifying insurance policies. The fund has the form of a trust and it is governed by the Board of Trustees. The Board of Trustees is responsible for the administration of the plan assets. Each year, the Board of Trustees reviews the level of funding in the India gratuity plan. This includes employing the use of annuities and longevity swaps to manage the risks. The Board of Trustees decides its contribution based on the results of this annual review. Generally, it aims to have a portfolio mix of equity instruments and debt instruments. The Board of Trustees aim to keep annual contributions relatively stable at a level such that no plan deficits (based on valuation performed) will arise. Gratuity scheme of subsidiaries is unfunded.

As the plan assets include investments in quoted mutual funds, the Company has diversified the market risk.

The following tables summarise the components of net benefit expense recognised in the statement of profit and loss and the funded status and amounts recognised in the balance sheet for the gratuity plan.

Other payables	21	-	7,251	-	-
Total			115,413	-	-

The management assessed that cash and cash equivalents, trade receivables, trade payables, bank overdrafts and other current liabilities approximate their carrying amounts largely due to the short-term maturities of these instruments.

The fair value of the financial assets and liabilities is included at the amount at which the instrument could be exchanged in a current transaction between willing parties, other than in a forced or liquidation sale.

- Long-term fixed-rate and variable-rate receivables/deposit are evaluated by the Group based on parameters such as interest rates, specific country risk factors, individual creditworthiness of the customer and the risk characteristics of the financed project. Based on this evaluation, allowances are taken into account for the expected credit losses of these receivables/deposits.
- The fair values of the quoted notes and bonds are based on price quotations at the reporting date. The fair value of unquoted instruments, loans from banks and other financial liabilities, obligations under finance leases, as well as other non-current financial liabilities is estimated by discounting future cash flows using rates currently available for debt on similar terms, credit risk and remaining maturities.

42 Business Combinations

Acquisition of SPI Cinemas Private Limited: The Board of Directors in its meeting held on August 12, 2018, approved the acquisition of SPI Cinemas Private Limited ("SPI") via Share Purchase Agreement (SPA) signed on August 12, 2018 by way of acquisition of 71.69% equity shares in SPI for a cash consideration of ₹ 63,560 lakhs and for the balance 28.31% stake, through issue of 1,599,974 equity shares of the Company to SPI shareholders in the ratio of 1: 18.19 equity shares in the Company, pursuant to the proposed scheme of amalgamation ("Scheme"). Consequent to above, on fulfilment of condition precedent in the said SPA, on August 17, 2018, the Company completed the acquisition of 71.69% shareholding in SPI. The proposed scheme of amalgamation has been approved by National Stock Exchange of India Limited & BSE Limited. Further, the scheme of amalgamation has been approved by the members, secured and unsecured creditors of the Company and unsecured creditors of SPI in the NCLT convened meetings on April 24, 2019. The Company has filed an application with NCLT for final order in the matter. NCLT vide order dated May 8, 2019 has fixed July 10, 2019 as the next date of hearing of the Petition for the consideration of the approval of the Scheme of Amalgamation between the Petitioner Companies.

The acquisition of SPI is of significant strategic value for the Company and will further cement the Company's market leadership position in India. The acquisition will make the Company leader in the South Indian market and provide an attractive platform for us to expand in that geography, which currently is highly underpenetrated in terms of multiplexes. The Company expects to realise synergies and cost savings related to this acquisition as a result of purchasing and procurement economies of scale and general and administrative expense savings, particularly with respect to the consolidation of corporate related functions and elimination of redundancies.

Net profit after tax	2,301

If the acquisition had occurred on April 1, 2018, management estimates that the consolidated revenue from operations would have been ₹ 324,607 lakhs, and consolidated profit for the year would have been ₹ 19,420 lakhs. In determining these amounts, management has assumed that the fair value adjustments, determined provisionally, that arose on the date of acquisition would have been the same if the acquisition had occurred on April 1, 2018.

- G** Acquisition related costs amounting to ₹ 133 lakhs has been charged to Statement of profit and loss.
- H** As the acquisition being voluminous in nature, the management is in the process of finalising its fair valuation with regard to the assets acquired and liabilities assumed, accordingly, provisional fair values have been considered as at the year ended 31 March 2019. The same will be finalised when the information is obtained or within 1 year of acquisition as required under Ind AS 103 "Business Combination".

43 Financial risk Management objective and policies

The Group's financial liabilities comprise of loans and borrowings, trade and other payables. The main purpose of these financial liabilities is to finance the Company's operations and to provide guarantees to support its operations. Group's financial assets include loans, trade and other receivables, and cash and cash equivalents that derive directly from its operations.

Group is exposed to market risk, credit risk, legal, taxation and accounting risk and liquidity risk. Group's Treasury teams overseas the management of these risks supported by senior management.

(a) Market Risk

Market risk is the risk that the fair value of future cash flows of a financial instrument will fluctuate because of changes in market prices. Market risk comprises three types of risk: interest rate risk, currency risk and other price risk, such as equity price risk and commodity risk. Financial instruments affected by market risk include loans and borrowings, deposits, FVTOCI investments and derivative financial instruments.

(i) Interest rate risk

Interest rate risk is the risk that the fair value or future cash flows of a financial instrument will fluctuate because of changes in market interest rates. Group's exposure to the risk of changes in market interest rates relates primarily to the long-term debt obligations with floating interest rates.

Group manages its interest rate risk by having a balanced portfolio of fixed and variable rate loans and borrowings.

Interest Rate sensitivity

The following table demonstrates the sensitivity to a reasonably possible change in interest rates on that portion of loans and borrowings affected. With all other variables held constant, the Parent Company's profit before tax is affected through the impact on floating rate borrowings, as follows:

Particulars	Increase effect		Decrease effect	
	March 31, 2019	March 31, 2018	March 31, 2019	March 31, 2018
Effect of Increase/ decrease in floating Interest rate by 100 basis points (1%) for term loans	505	177	(505)	(177)

Notes

(Rupees in lakhs, except for per share data and if otherwise stated)

(ii) Currency risk

Currency risk is the risk that the fair value of future cash flows of financial instruments will fluctuate because of the change in foreign currency exchange rates.

The Majority of Group's revenue and expenses are in Indian Rupees, with the remainder denominated in US Dollars. Management considers currency risk to be low and does not hedge its currency risk. As variations in foreign currency exchange rates are not expected to have a significant impact on the results of operations, a sensitivity analysis is not presented.

(b) Legal, taxation and Accounting risk

Group is presently involved into various judicial, administrative, regulatory and litigation proceedings concerning matters arising in the ordinary course of business operations including but not limited to personal injury claims, landlord-tenant disputes, commercials disputes, tax disputes (including entertainment tax subsidy and other direct and indirect tax matters like GST, service tax, sales tax etc.), employment disputes and other contractual disputes. Many of these proceedings seek an indeterminate amount of damages. In situations where management believes that a loss arising from a proceeding is probable and can reasonably be estimated, Group records the amount of the probable loss. As additional information becomes available, any potential liability related to these proceedings is assessed and the estimates are revised, if necessary.

To mitigate these risks, Group employs in-house counsel and uses third party tax & legal experts to assist in structuring significant transactions and contracts. Group also has systems and controls that ensure the timely delivery of financial information in order to meet contractual and regulatory requirements and has implemented disclosure controls and Internal controls over financial reporting which are tested for effectiveness on an ongoing basis.

(c) Credit Risk

The maximum exposure to credit risks is represented by the total carrying amount of these financial assets in the Consolidated Balance Sheet

Particulars	March 31, 2019	March 31, 2018
Trade Receivables	18,386	15,561
Cash and cash equivalents	2,817	2,776
Other bank balances	597	503
Loans	1,183	1,275
Other financial assets	2,145	2,109

Credit risk is the risk of financial loss to Group if a customer or counterparty to a financial instrument fails to meet its contractual obligations.

Credit risk on cash and cash equivalents and bank deposits is limited as the Company generally invests in deposits with banks with high credit ratings assigned by domestic credit rating agencies. Other financial assets primarily represents security deposits given to Mall Developers. Such deposit will be returned to the Company on expiry of lease entered with Mall Developer. The credit risk associated with such security deposits is relatively low.

Trade receivables are typically unsecured and are derived from revenue earned from customers located in India. Trade receivables also includes receivables from Debit/credit card companies and online movie ticketing partners which are realisable within a period 1 to 3 working days. The Company monitors the economic environment in which it operates. The Company manages its credit risk through establishing credit limits and continuously monitoring credit worthiness of customers to which the Company grants credit terms in the normal course of business.

The Company uses expected credit loss model to assess the impairment loss or gain. The Company uses a provision matrix to compute the expected credit loss allowance for trade receivables. The provision matrix takes into account available internal credit risk factors such as the Company's historical experience for customers. Based on the business environment in which the Company operates, management considers that the trade receivables (other than Government dues) are in default/doubtful if the payment is outstanding for more than 270 days and more than 365 days in case of government dues. Basis above, for the year ended March 31, 2019, Company has impaired Trade receivables of ₹ 2,619 lakhs (March 31, 2018: ₹ 1,211 lakhs).

Majority of trade receivables are from domestic customers, which are fragmented and are not concentrated to individual customers.

(d) Liquidity risk

Liquidity risk is the risk that Group will encounter difficulty in meeting obligations associated with its financial liabilities. The Company monitors its risk of a shortage of funds using a liquidity planning tool.

The Group's objective is to maintain a balance between continuity of funding and flexibility through the use of bank overdrafts, bank loans, debentures, finance leases and advance payment terms.

The Company's liquidity management process as monitored by management, includes the following:

- Day to Day funding, managed by monitoring future cash flows to ensure that requirements can be met.
- Maintaining rolling forecasts of the Company's liquidity position on the basis of expected cash flows.
- Maintaining diversified credit lines.

*Borrowing includes Non-Convertible Debentures, Term loans, finance lease obligations, Bank overdraft and commercial papers excluding transaction cost.

The Group has also significant contractual obligations in the form of operating lease (Note no. 34(i)) and capital & other commitments (Note No.35).

44 Capital Management

For the purpose of Group's capital management, capital includes issued equity capital, share premium and all other equity reserves attributable to the equity holders. The primary objective of the Company's capital management is to maximise the shareholder value.

Group manages its capital structure and makes adjustments in light of changes in economic conditions and the requirements of the financial covenants. To maintain or adjust the capital structure, the Group may adjust the dividend payment to shareholders, return capital to shareholders or issue new shares. The Group monitors capital using a gearing ratio, which is long-term debts plus amount payable for purchase of fixed assets divided by total equity.

Particulars		March 31, 2019	March 31, 2018

49 Segment Information

Operating Segments:

Operating segments are reported in a manner consistent with the internal reporting provided to the chief operating decision maker. The Chairman of the Company has been identified as being the chief operating decision maker to assess the financial performance and position of the Group and make strategic decisions. The Group is engaged primarily in the business Movie exhibition and Others allied activities (includes Movie production, distribution & gaming etc.).

Chief operating decision maker does not review assets and liabilities at reportable segments level, hence segment disclosure relating to total assets and liabilities have not been provided. The Company prepares its segment information in conformity with the accounting policies adopted for preparing and presenting the financial statements of the Company as a whole. Movie exhibition is primarily the main segment and movie production, distribution & gaming etc. are less than 10% and hence aggregated under "Others".

Common allocable costs are allocated to each segment according to the relative contribution of each segment to the total common costs. Revenue, expenses, assets and liabilities which relate to the Company as a whole and not allocable to segments on reasonable basis have been included under 'unallocated revenue / expenses / assets / liabilities'.

Finance costs and fair value gains and losses on financial assets are not allocated to individual segments as the underlying instruments are managed on a Company basis.

Less: Assets transferred as a part of slump sale	(99)
Add: Liabilities transferred as a part of slump sale	25
Less: Reimbursement of expenses (net)	(62)
Profit on Slump Sale	114

- 54** During the year ended March 31, 2019 an additional capital was infused amounting to ₹ 1,269 lakhs (March 31, 2018: ₹ 137 lakhs) in P V R Lanka Limited (Subsidiary of Parent Company) through equity shares and ₹ 250 lakhs (March 31, 2018: ₹ 150 lakhs) in Zea Maize Private Limited (Subsidiary of the Parent Company) through Compulsory convertible preference shares.
- 55** Under the erstwhile state entertainment tax laws, the Parent Company enjoyed exemption on payment of entertainment tax to recoup the capital investments made in cinemas. However, post implementation of GST, the mechanism on how such exemptions/refunds will be made available has not been clarified by the authorities. The Parent Company has submitted written representations to the various state governments directly and through multiplex associations, stating that since the Company has invested significant amounts on assurance that such exemptions will continue post GST, therefore, the authorities should crystallise the mechanism for extending such exemptions/refunds to the Parent Company. As the matter is still pending for conclusion with various state authorities, the Parent Company has not accounted for such incentives amounting to 1,398 lakhs from the period July 1, 2017 to March 31, 2019 in the financial statements.
- 56** The Group has established a comprehensive system of maintenance of information and documents as required by the transfer pricing legislation under Sections 92-92F of the Income-tax Act, 1961. Since the law requires such information and documentation to be contemporaneous in nature, the Company is in the process of updating the documentation of international transactions with the associated enterprises during the financial year and expects such records to be in existence latest by the due date of filing the return of income. The management is of the opinion that its international transactions are at arm's length so that the aforesaid legislation will not have any impact on the financial statements, particularly on the amount of tax expense and that of provision for taxation.
